Special Note Regarding Forward Looking Statements

Certain statements contained in this Annual Report on Form 10-K for the year ended December 31, 2013 (this "Annual Report") in Part II, Item 7., "Management's Discussion and Analysis of Financial Condition and Results of Operations," and elsewhere are "forward-looking statements" within the meaning of, and subject to the protections of, Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

Forward-looking statements include statements with respect to our beliefs, plans, objectives, goals, expectations, anticipations, assumptions, estimates, intentions and future performance and involve known and unknown risks, uncertainties and other factors, many of which may be beyond our control and which may cause the actual results, performance, or achievements of AdCare Health Systems, Inc. to be materially different from future results, performance or achievements expressed or implied by such forward-looking statements.

All statements other than statements of historical fact are statements that could be forward-looking statements. You can identify these forward-looking statements through our use of words such as "may," "will," "anticipate," "assume," "should," "indicate," "would," "believe," "contemplate," "expect," "estimate," "continue," "plan," "point to," "project," "predict," "could," "intend," "target," "potential" and other similar words and expressions. These forward-looking statements may not be realized due to a variety of factors, including, without limitation, those described in Part I, Item 1A., "Risk Factors," and elsewhere in this Annual Report and those described from time to time in our future reports filed with the Securities and Exchange Commission (the "SEC") under the Exchange Act.

All written or oral forward-looking statements that are made by or are attributable to us are expressly qualified in their entirety by this cautionary notice. Our forward-looking statements apply only as of the date of this Annual Report. We have no obligation and do not undertake to update, revise or correct any of the forward-looking statements after the date of this Annual Report, or after the respective dates on which such statements otherwise are made, whether as a result of new information, future events or otherwise.

PART I.

Item 1. Business

Overview

AdCare Health Systems, Inc. ("AdCare") through its subsidiaries (together, the "Company" or "we"), own and manage skilled nursing facilities and assisted living facilities in the states of Alabama, Arkansas, Georgia, Missouri, North Carolina, Ohio, Oklahoma, and South Carolina. The Company, through wholly owned separate operating subsidiaries, as of December 31, 2013, operates or manages 46 facilities comprised of 43 skilled nursing facilities, two assisted living facilities and one independent living/senior housing facility totaling approximately 4,700 beds. The Company's facilities provide a range of health care services to patients and residents, including, but not limited to, skilled nursing and assisted living services, social services, various therapy services, and other rehabilitative and healthcare services for both long-term residents and short-stay patients. As of December 31, 2013, of the total 46 facilities, the Company owned and operated 26 facilities, leased and operated nine facilities, and managed 11 facilities for third parties. The skilled nursing and assisted living facilities provide services to individuals needing long-term care in a nursing home or assisted living setting and provide management of those facilities. Through our subsidiaries, we provide a full complement of administrative services as well as consultative services that permit our local facility leadership teams to better focus on the delivery of healthcare services. We also provide these services to unaffiliated third party long-term care operators and/or owners with whom we enter into management contracts. We currently provide these services to two unaffiliated facility owners. Each of our facilities is led by highly dedicated individuals who are responsible for the key operational decisions at their facilities. Facility leaders and staff are trained and motivated to pursue superior clinical outcomes, high patient and family satisfaction, operating efficiencies and financial performance at their facilities. In addition, our facility leaders are enabled and motivated to share real-time operating data and otherwise benchmark clinical and operational performance against their peers in other facilities in order to improve clinical care, maximize patient satisfaction and augment operational efficiencies, promoting the sharing of best practices.

Much of our historical growth can be attributed to our expertise in acquiring under-performing facilities and transforming them into market leaders in clinical quality, staff competency, employee loyalty and financial performance. We intend to continue to grow our revenue and earnings by:

- focusing on efficiencies in our operations and internal growth;
- increasing the proportion of sub-acute patients within our skilled nursing facilities;
- expanding clinical programs within our existing facilities;
- continuing to acquire additional facilities in existing and new markets; and
- evaluating and potentially targeting the acquisition of complementary businesses which provide services to skilled nursing facilities.

Our principal executive offices are located at 1145 Hembree Road, Roswell, GA 30076, and our telephone number is (678) 869-5116. We maintain a website at www.adcarehealth.com.

Company History

AdCare is a Georgia corporation. We were incorporated in Ohio on August 14, 1991, under the name Passport Retirement, Inc. In 1995, we acquired substantially all of the assets and liabilities of AdCare Health Systems, Inc. and changed our name to AdCare Health Systems, Inc. On December 12, 2013, AdCare changed its state of incorporation from the State of Ohio to the State of Georgia.

Acquisitions and Dispositions

We have embarked on a strategy to grow our business through acquisitions and leases of senior care facilities and businesses providing services to those facilities. During the year ended December 31, 2013, the Company incurred acquisition costs totaling approximately \$0.6 million. Acquisition costs are recorded in "Other Income (Expense)" section of the Consolidated Statements of Operations included in Part II, Item 8., "Financial Statements and Supplementary Data." During the year ended December 31, 2013, the Company disposed of two skilled nursing facilities and one variable interest entity was held for sale at December 31, 2013 as described further below.

Table of Contents

Acquisitions

On February 15, 2013, the Company entered into a Purchase and Sale Agreement with Avalon Health Care, LLC ("Avalon") to acquire certain land, buildings, improvements, furniture, vehicles, contracts, fixtures and equipment comprising: (i) a 180-bed skilled nursing facility known as Bethany Health and Rehab; and (ii) a 240-bed skilled nursing facility known as Trevecca Health and Rehab, both located in Nashville, Tennessee. The Company deposited \$0.4 million of earnest money escrow deposits in February 2013. On June 1, 2013, the Purchase and Sale Agreement was terminated. On August 1, 2013, the Company entered into a settlement agreement regarding the return of the \$0.4 million previously deposited earnest money escrow deposits whereby \$0.3 million was distributed to the Company and \$0.1 million was distributed to Avalon.

The following tables provide summary information regarding our facility composition (excluding discontinued operations) for the periods indicated:

We are currently evaluating acquisition opportunities and continue to seek new opportunities to further implement our growth strategy. No assurances are made that we will be able to complete any such acquisitions on terms acceptable to us, if at all.

Dispositions

As part of the Company's strategy to focus on the growth of skilled nursing facilities, the Company decided in the fourth quarter of 2011 to exit the home health business. In the fourth quarter of 2012, the Company continued this strategy and entered into an agreement to sell six assisted living facilities located in Ohio. The Company also entered into a sublease arrangement in the fourth quarter of 2012 to exit the operations of a skilled nursing facility in Jeffersonville, Georgia. During the second quarter of 2013, the Company executed two sublease arrangements to exit the skilled nursing business in Tybee Island, Georgia. A sales listing agreement was executed for the 105-unit assisted living facility located in Hoover, Alabama, which is a consolidated variable interest entity, during the fourth quarter of 2013. The results of operations and cash flows for the six Ohio assisted living facilities, the Jeffersonville, Georgia skilled nursing facility, the two skilled nursing facilities in Tybee Island, Georgia, and the assisted living variable interest entity are reported as discontinued operations. Current assets and liabilities of the disposal groups are classified as such in the Consolidated Balance Sheets at December 31, 2013 and 2012 included in Part II, Item 8,

"Financial Statements and Supplementary Data."

Growth Strategy

Our objective is to be the provider of choice for health care and related services to the elderly in the communities in which we operate. We intend to grow our business through the initiatives discussed below. We expect to continue to increase occupancy rates and revenue per occupied unit at our facilities. We believe that our current operations serve as the foundation on which we can build a large fully-integrated senior living company. We will target attractive geographic markets by using our existing infrastructure and operating model, to provide a broad range of high quality care in a cost-efficient manner.

Organic Growth. We intend to focus on improving our operating margins within all of our facilities. We continually seek to maintain and improve by:

- increasing the proportion of higher revenue sub-acute health care services delivered at the Company's skilled nursing facilities;
- using data to identify providers in need of our services, understand their priorities and address their requirements;
- attracting new residents through on-site marketing programs focused on residents and family members;
- actively seeking referrals from professional community outreach sources, including area religious organizations, senior social service programs, civic and business networks, as well as the medical community; and
- continually refurbishing and renovating our facilities.

Pursue Strategic Acquisitions. We believe that our current infrastructure and extensive contacts within the industry will continue to provide us with the opportunity to evaluate numerous acquisition opportunities. We believe there is a significant opportunity for growth with a private to public arbitrage and opportunity to increase our operating margins by evaluating and potentially targeting the acquisition of complementary businesses which provide services to skilled nursing facilities.

Fragmentation in the Industry Provides Acquisition and Consolidation Opportunities. The senior living industry is highly fragmented and we believe that this provides significant acquisition and consolidation opportunities. We believe that the limited capital resources available to many small, private operators impedes their growth and exit prospects. We believe that we are well positioned to approach strategic small private operators and offer to them exit strategies which are not currently available as well as the ability to grow their business.

Emphasize Employee Training and Retention. We devote special attention to the hiring, screening, training, supervising and retention of our employees and caregivers. We have adopted comprehensive recruiting and screening programs for management positions that utilize corporate office team interviews and background and reference checks. We believe our commitment to, and emphasis on, quality hiring practices, employee training and retention differentiates us from many of our competitors.

Positioned for Growth. Our strategy typically begins with the acquisition of an independently owned, often times family operated, skilled nursing facility. We then utilize our proven clinical management and marketing programs to increase the proportion of more clinically complex sub-acute patients. These patients generate higher revenue per patient day. In many situations these patients are also more profitable. Additionally we are able to leverage our enhanced purchasing power and increase operating profit by providing more cost effective supplies and ancillary services. These management practices also assist in providing quality care to our patients and residents.

Operating Strategy

Our operating philosophy is to provide affordable, quality care to our patients and residents. We execute this strategy by empowering and supporting our local leadership teams at the facilities. These facility teams are supported by seasoned regional staff that provide consultative assistance from both a clinical and operations perspective.

Additionally, we provide centralized back office administrative services to the facilities such as accounting, payroll and accounts payable processing, purchasing, and IT support. Centralizing these non-patient centric activities is more efficient and cost effective and frees up facility staff to focus on patient care.

Increase Revenues and Profitability at Existing Facilities. Our strategy includes increasing facility revenues and profitability levels through increasing occupancy levels, increasing the percentage of sub-acute patients, maximizing reimbursement rates as appropriate, providing additional services to our current residents, and containing costs.

Ongoing initiatives to promote higher occupancy levels and appropriate payor and case mixes at our senior living facilities include corporate programs to promote specialized care and therapy services, as well as initiatives to improve

customer service and develop safety programs to improve worker compensation insurance rates.

Table of Contents

Offer Services Based on Level of Care. We are continually expanding our range of products and services to meet the evolving needs of our patients and residents. We have developed a variety of special clinical programs and care offerings in response to particular geographic markets.

Improve Operating Efficiencies. We actively monitor and manage our operating costs. By having an established portfolio of properties, we believe that we have a platform to achieve operating efficiencies through economies of scale in the purchase of bulk items, such as food, and in the spreading of fixed costs, such as corporate overhead, over a larger revenue base and the ability to provide more effective management supervision and financial controls.

Increase Occupancy Through Emphasis on Marketing Efforts. We emphasize strong corporate support for the marketing of our various local facilities. At a local level, our sales and marketing efforts are designed to promote higher occupancy levels and optimal payor mix. Management believes that the long-term care industry is fundamentally a local industry in which both patients and residents and the referral sources for them are based in the immediate local geographic area of the facility.

Improve Collaboration with Community Partners. Changes in healthcare have created the need for providers to create more efficient delivery models. We endeavor to work closely with our community partners to develop specific post-acute program tracts, care transition algorithms and programs to reduce hospital readmissions.

Promote an Internally-Developed Marketing Program. We focus on the identification and provision of services needed by the community. We assist each facility administrator in analysis of local demographics and competition with a view toward complementary service development. Our belief is that this locally based marketing approach, coupled with strong corporate monitoring and support, provides us an advantage over regional competitors.

Operate the Facility Based Management Model. We hire an administrator/manager and director of nursing for each of our skilled nursing facilities and provide them with autonomy, responsibility and accountability. We believe this allows us to attract and retain higher quality administrators and directors of nursing. This leadership team manages the day-to-day operations of each facility, including oversight of the quality of care, delivery of resident services, and monitoring of the financial performance and marketing functions. We actively recruit personnel to maintain adequate staffing levels at our existing facilities and provide financial and budgeting assistance for our administrators, directors of nursing and department managers.

Industry Trends

The skilled nursing industry has evolved to meet the growing demand for post-acute and custodial healthcare services generated by an aging population, increasing life expectancies and the trend toward shifting of patient care to lower cost settings. The growth of the senior population in the United States continues to increase healthcare costs, often faster than the available funding from government-sponsored healthcare programs. In response, federal and state governments have adopted cost-containment measures that encourage the treatment of patients in more cost-effective settings, such as skilled nursing facilities, for which the staffing requirements and associated costs are often significantly lower than acute care hospitals, inpatient rehabilitation facilities and other post-acute care settings. As a result, skilled nursing facilities are generally serving a larger population of higher acuity patients than in the past. The skilled nursing industry is large and highly fragmented, characterized predominantly by numerous local and regional providers. We believe this fragmentation provides significant acquisition and consolidation opportunities for us. Additionally, based on a decrease in the number of skilled nursing facilities over the past few years, we expect that the supply and demand balance in the skilled nursing industry will continue to improve due to the shift of patient care to lower cost settings, an aging population and increasing life expectancies.

We also anticipate that, as life expectancy continues to increase in the United States, the overall demand for skilled nursing services will increase. At present, the primary market demographic for skilled nursing services is primarily individuals age 75 and older. According to the 2010 U.S. Census, there were over 40 million people in the United States in 2010 that are over 65 years old. The 2010 U.S. Census estimates this group is one of the fastest growing segments of the United States population and is expected to more than double between 2000 and 2030.

We believe the skilled nursing industry has been and will continue to be impacted by several other trends. The use of long-term care insurance is increasing among seniors as a means of planning for the costs of skilled nursing services. In addition, as a result of increased mobility in society, reduction of average family size, and the increased number of two-wage earner couples, more seniors are looking for alternatives outside their own family for their care.

Medicaid and Medicare Reimbursement

Rising healthcare costs due to a variety of factors, including an aging population and increasing life expectancies, has generated growing demand for post-acute healthcare services in recent years. In an effort to mitigate the cost of providing

7

Table of Contents

healthcare benefits, third-party payors, including Medicaid, Medicare, managed care providers, insurance companies and others, have increasingly encouraged the treatment of patients in lower-cost care settings. As a result, in recent years skilled nursing facilities, which typically have significantly lower cost structures than acute care hospitals and certain other post-acute care settings, have generally been serving larger populations of higher-acuity patients than in the past. However, Medicaid and Medicare reimbursement rates are subject to change from time to time and reduction in rates could materially and adversely impact our revenue.

Revenue derived directly or indirectly from Medicare reimbursement has historically comprised a substantial portion of our consolidated revenue. Medicare reimburses our skilled nursing facilities under a prospective payment system (“PPS”) for certain inpatient covered services. Under the PPS, facilities are paid a predetermined amount per patient, per day, based on the anticipated costs of treating patients. The amount to be paid is determined by classifying each patient into a resource utilization group (“RUG”) category that is based upon each patient’s acuity level. In October 2010, the number of RUG categories was expanded from 53 to 66 as part of the implementation of the RUGs IV system and the introduction of a revised and substantially expanded patient assessment tool called the Minimum Data Set, version 3.0.

On July 29, 2011, the Centers for Medicare & Medicaid Services (“CMS”) issued a final rule providing for, among other things, a net 11.1% reduction in PPS payments to skilled nursing facilities for CMS’s fiscal year 2012 (which began October 1, 2011) as compared to PPS payments in CMS’s fiscal year 2011 (which ended September 30, 2011). The 11.1% reduction was on a net basis, after the application of a 2.7% market basket increase, and reduced by a 1.0% multi-factor productivity (“MFP”) adjustment required by the Patient Protection and Affordable Care Act of 2010 (“PPACA”). The final CMS rule also adjusted the method by which group therapy is counted for reimbursement purposes and changed the timing in which patients who are receiving therapy must be reassessed for purposes of determining their RUG category.

The Middle Class Tax Relief and Job Creation Act of 2012 was signed into law on February 22, 2012, extending the Medicare Part B outpatient therapy cap exceptions process through December 31, 2012. The statutory Medicare Part B outpatient therapy cap for occupational therapy (“OT”) was \$1,880 for 2012, and the combined cap for physical therapy (“PT”) and speech-language pathology services (“SLP”) was also \$1,880 for 2012. This is the annual per beneficiary therapy cap amount determined for each calendar year. Similar to the therapy cap, Congress established a threshold of \$3,700 for PT and SLP services combined and another threshold of \$3,700 for OT services. All therapy services rendered above the \$3,700 amount are subject to manual medical review and may be denied unless pre-approved by the provider’s Medicare Administrative Contractor. The law requires an exceptions process to the therapy cap that allows providers to receive payment from Medicare for medically necessary therapy services above the therapy cap amount. Beginning October 1, 2012, some therapy providers may submit requests for exceptions (pre-approval for up to 20 therapy treatment days for beneficiaries at or above the \$3,700 threshold) to avoid denial of claims for services above the threshold amount. The \$3,700 figure is the defined threshold that triggers the provision for an exception request. Prior to October 1, 2012, there was no provision for an exception request when the threshold was exceeded.

On July 27, 2012, CMS issued a final rule providing for, among other things, a net 1.8% increase in PPS payments to skilled nursing facilities for CMS’s fiscal year 2013 (which began on October 1, 2012) as compared to PPS payments to skilled nursing facilities in CMS’s fiscal year 2012 (which ended September 30, 2012). The 1.8% increase was on a net basis, reflecting the application of a 2.5% market basket increase, less a 0.7% MFP adjustment mandated by PPACA. This increase is offset by the 2% sequestration reduction, discussed below, which became effective April 1, 2013.

On January 1, 2013 the American Taxpayer Relief Act of 2012 (the “ATRA”) extended the therapy cap exception process for one year. The ATRA also made additional changes to the Multiple Procedure Payment Reduction previously implemented in 2010. The existing discount to multiple therapy procedures performed in an outpatient environment during a single day was 25%. Effective April 1, 2013, ATRA increased the discount rate by an additional 25% to 50%. The ATRA additionally delayed the sequestration reductions of 2% to all Medicare payments until April 1, 2013.

On July 31, 2013, CMS issued a final rule outlining fiscal year 2014 Medicare payment rates for skilled nursing facilities. CMS estimates that aggregate payments to skilled nursing facilities will increase by \$470 million, or 1.3% for fiscal year 2014, relative to payments in 2013. This estimated increase is attributable to a 2.3% market basket increase, reduced by the 0.5% forecast error correction and further reduced by a 0.5% MFP adjustment as required by PPACA. The forecast error correction is applied when the difference between the actual and projected market basket percentage change for the most recent available fiscal year exceeds the 0.5% threshold. For fiscal year 2012 (most recent available fiscal year), the projected market basket percentage change exceeds the actual market basket percentage change by 0.51%. The 2014 Medicare payment rates for skilled nursing facilities were effective on October 1, 2013.

Should future changes in PPS include further reduced rates or increased standards for reaching certain reimbursement levels (including as a result of automatic cuts tied to federal deficit cut efforts or otherwise), our Medicare revenues derived

Table of Contents

from our skilled nursing facilities could be reduced, with a corresponding adverse impact on our financial condition and results of operation.

We also derive a substantial portion of our consolidated revenue from Medicaid reimbursement, primarily through our skilled nursing business. Medicaid programs are administered by the applicable states and financed by both state and federal funds. Medicaid spending nationally has increased significantly in recent years, becoming an increasingly significant component of state budgets. This increase, combined with slower state revenue growth and other state budget demands, has led the federal government to institute measures aimed at controlling the growth of Medicaid spending (and in some instances reducing it).

Historically, adjustments to reimbursement under Medicaid and Medicare have had a significant effect on our revenue and results of operations. Recently enacted, pending and proposed legislation and administrative rulemaking at the federal and state levels could have similar effects on our business. Efforts to impose reduced reimbursement rates, greater discounts and more stringent cost controls by government and other payors are expected to continue for the foreseeable future and could adversely affect our business, financial condition and results of operations. Additionally, any delay or default by the federal or state governments in making Medicare and/or Medicaid reimbursement payments could materially and adversely affect our business, financial condition and results of operations.

Regulatory Matters. Laws and regulations governing Federal Medicare and state Medicaid programs are complex and subject to interpretation. Compliance with such laws and regulations can be subject to future governmental review and interpretation as well as significant regulatory action including fines, penalties, and exclusion from certain governmental programs. The Company believes that it is in compliance in all material respects with all applicable laws and regulations.

A significant portion of the Company's revenue is derived from Medicaid and Medicare, for which reimbursement rates are subject to regulatory changes and government funding restrictions. Any significant future change to reimbursement rates could have a material effect on the Company's operations.

Recently, the Office of Inspector General ("OIG") of the United States Department of Health and Human Services ("HHS") issued its Work Plan for Fiscal Year 2014 ("2014 Work Plan"). The 2014 Work Plan outlines the areas of special concern to the OIG and describes those enforcement initiatives the OIG will pursue in FY 2014 in connection with its oversight of the CMS and other agencies of HHS. A new focus for the Work Plan this year will be Medicare Part A billing by skilled nursing facilities. The OIG will examine the differences of skilled nursing facility billing practices between selected years. The OIG has found that more and more skilled nursing facilities billed the highest level of therapy while the general beneficiary characteristics have remained fairly constant. Additionally, the OIG found a \$1.5 billion error in inappropriate Medicare payments in 2009 due to the mistakes in the claims submitted by skilled nursing facilities. Another target the OIG will review relates to questionable billing patterns associated with nursing homes and Medicare providers for Part B services that are provided and not paid for under Part A (for example, stays during which benefits are exhausted or the 3-day prior-inpatient-stay requirement is not met). There will be a series of studies that will inspect various services across the board. The reason behind this investigation comes from the inquiry of Congress to examine Part B billing for fraud and abuse during residents' non-Part A stay.

Health Reform Legislation. Although the federal government has delayed the employer mandate provision of the PPACA, October 1, 2013 was the deadline for employers to provide a notice of health care coverage options to their employees. Generally, the notice informs the employee of the new health insurance marketplace, a description of services, how to contact the marketplace and other additional required information. Employers covered by the Fair Labor Standards Act ("FLSA") must distribute the required notice to all employees, regardless of plan enrollment status or whether the employees are full or part time. By October 1, 2013, all employers covered by the FLSA were required to provide current employees with the notice. Starting October 1, 2013, each new hire must also receive the notice within 14 days of the employee's start date.

On December 26, 2013, President Obama signed into law the Pathway for SGR (Medicare Sustainable Growth Rate) Reform Act of 2013. This new law prevents a scheduled payment reduction for physicians and other practitioners who treat Medicare patients from taking effect on January 1, 2014, as was scheduled, and provides for a 0.5 percent increase for services through March 31, 2014.

HIPAA. On January 25, 2013, the HHS promulgated new HIPAA privacy, security, and enforcement regulations, which increase significantly the penalties and enforcement practices of HHS regarding HIPAA violations. The new HIPAA regulations are effective as of March 26, 2013, and compliance was required by September 23, 2013.

Revenue Sources

Total Revenue by Payor Sources. We derive revenue primarily from the Medicaid and Medicare programs, private pay patients and managed care payors. Medicaid typically covers patients that require standard custodial services and provides

reimbursement rates that are generally lower than rates earned from other sources. We monitor our patient mix, which is the percentage of non-Medicaid revenue from each of our facilities, to measure the level received from each payor across each of our business units. We intend to continue our focus on enhanced care offerings for high acuity patients. Medicaid. Medicaid is a state-administered program financed by state funds and matching federal funds. Medicaid programs are administered by the states and their political subdivisions. Medicaid programs generally provide health benefits for qualifying individuals and may supplement Medicare benefits for financially needy persons aged 65 and older. Medicaid reimbursement formulas are established by each state with the approval of the federal government in accordance with federal guidelines. Seniors who enter skilled nursing facilities as private pay clients can become eligible for Medicaid once they have substantially depleted their assets. Medicaid is the largest source of funding for nursing home facilities.

Medicare. Medicare is a federal program that provides healthcare benefits to individuals who are 65 years of age or older or are disabled. To achieve and maintain Medicare certification, a skilled nursing facility must meet the CMS, "Conditions of Participation," on an ongoing basis, as determined in periodic facility inspections or surveys conducted primarily by the state licensing agency in the state where the facility is located. Medicare pays for inpatient skilled nursing facility healthcare services under the prospective payment system. The prospective payment for each beneficiary is based upon the medical condition of, and care needed by, the beneficiary. Medicare skilled nursing facility coverage is limited to 100 days per episode of illness for those beneficiaries who require daily care following discharge from an acute care hospital.

Managed Care and Private Insurance. Managed care patients consist of individuals who are insured by a third-party entity, typically a senior health maintenance organization ("HMO") plan, or who are Medicare beneficiaries who have assigned their Medicare benefits to a senior HMO plan. Another type of insurance, long-term care insurance, is also becoming more widely available to consumers, but is not expected to contribute significantly to industry revenues in the near term.

Private and Other Payors. Private and other payors consist primarily of individuals, family members or other third parties who directly pay for the services we provide.

Billing and Reimbursement. Our revenue from government payors, including Medicare and state Medicaid agencies, is subject to retroactive adjustments in the form of claimed overpayments and underpayments based on rate adjustments and asserted billing and reimbursement errors. We believe billing and reimbursement errors, disagreements, overpayments and underpayments are common in our industry, and we are regularly engaged with government payors and their fiscal intermediaries in reviews, audits and appeals of our claims for reimbursement due to the subjectivity inherent in the processes related to patient diagnosis and care, recordkeeping, claims processing and other aspects of the patient service and reimbursement processes, and the errors and disagreements those subjectivities can produce.

Management fees. Management fee revenue is received under various contractual agreements with both third-party and related party companies.

We employ accounting, reimbursement and compliance specialists who train, mentor and assist our clerical, clinical and rehabilitation staffs in the preparation of claims and supporting documentation, regularly monitor billing and reimbursement practices within our facilities, and assist with the appeal of overpayment and recoupment claims generated by governmental, fiscal intermediary and other auditors and reviewers. In addition, due to the potentially serious consequences that could arise from any impropriety in our billing and reimbursement processes, we investigate all allegations of impropriety or irregularity relative thereto.

Whether information about our billing and reimbursement processes is obtained from external sources or activities, such as Medicaid and Medicare audits or probe reviews, or our regular day-to-day monitoring and training activities, we collect and utilize such information to improve our billing and reimbursement functions and the various processes related thereto. We continually strive to improve the efficiency and accuracy of all of our operational and business functions, including our billing and reimbursement processes. The table below sets forth our annual revenue by payor source during the years ended December 31, 2013 and 2012.

Competition

Our ability to compete successfully varies from location to location and depends on a number of factors, including the number of competing facilities in the local market, the types of services available, our local reputation for quality care of patients, the commitment and expertise of our staff and physicians, our local service offerings and treatment programs, the cost of care in each locality, and the physical appearance, location, age and condition of our facilities. We are in a competitive, yet fragmented, industry. While there are several national and regional companies that provide skilled nursing services, we anticipate that our primary source of competition will be the smaller regional and local development and management companies. There is limited, if any, price competition with respect to Medicaid and Medicare patients, since revenues for services to such patients are strictly controlled and are based on fixed rates and cost reimbursement principles. Although the degree of success with which our facilities compete varies from location to location, management believes that its facilities generally compete effectively with respect to these factors. Our competitors include assisted living communities and other retirement facilities and communities, home health care agencies, nursing homes and convalescent centers, some of which operate on a not-for-profit or charitable basis. Our skilled nursing and assisted living facilities compete with both national and local competitors. We also compete with other health care companies for facility acquisitions and management contracts. We give no assurance that additional facilities or management contracts can be acquired on favorable terms.

We seek to compete effectively in each market by establishing a reputation within the local community for quality of care, attractive and comfortable facilities, and providing specialized healthcare with an ability to care for high-acuity patients. We believe that the average cost to a third-party payor for the treatment of our typical high-acuity patient is lower if that patient is treated in one of our skilled nursing facilities than if that same patient were to be treated in an inpatient rehabilitation facility or long-term acute care hospital. We face direct competition from alternative facilities in our markets for residents. The skilled nursing facilities operated by us compete with other facilities in their respective markets, including rehabilitation hospitals and other "skilled" and personal care residential facilities. Some of these providers are not-for-profit organizations with access to sources of funds not available to our centers. In addition, our facilities also face competition for employees.

Increased competition could limit our ability to expand our business. We believe that the most important competitive factors in the long-term care business are a nursing center's local reputation with the local community and other healthcare providers, such as acute care hospitals, physicians, religious groups, other community organizations, managed care organizations, and a patient's family and friends; physical plant condition; the ability to identify and meet particular care needs in the community; the availability of qualified personnel to provide the requisite care; and the rates charged for services.

Increased competition could limit our ability to attract and retain patients, maintain or increase rates or to expand our business. Many of our competitors have greater financial and other resources than we have, may have greater brand recognition and may be more established in their respective communities than we are. Competing companies may also offer newer facilities or different programs or services than we do and may as a result be more attractive to our current patients, to potential patients and to referral sources. Some of our competitors may accept lower profit margins than we do, which could present significant price competition, particularly for managed care and private pay patients.

Government Regulation

The health care industry is subject to numerous laws and regulations of federal, state and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for patient services, certificates of need, quality of patient care and Medicaid and Medicare fraud and abuse. Over the last several years, government activity has increased with respect to investigations and allegations concerning possible violations by health care providers of fraud and abuse statutes and regulations as well as laws and regulations governing quality of care issues in the skilled nursing profession in general. Violations of these laws and regulations could result in exclusion from government health care programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. Compliance with such laws and regulations is subject to ongoing government review and interpretation, as well as regulatory actions in which government agencies seek to impose fines and penalties.

Licensure and Certification. Certain states administer a certificate of need program, which applies to the incurrence of capital expenditures, the offering of certain new institutional health services, the cessation of certain services and the acquisition of major medical equipment. Such legislation also stipulates requirements for such programs, including that each program be consistent with the respective state health plan in effect pursuant to such legislation and provide for penalties to enforce program requirements. To the extent that certificates of need or other similar approvals are required for expansion of our operations, either through acquisitions, expansion or provision of new services or other changes, such expansion could be affected adversely by the failure or inability to obtain the necessary approvals, changes in the standards applicable to such approvals or possible delays and expenses associated with obtaining such approvals.

Table of Contents

Skilled nursing and assisted living facilities are required to be individually licensed or certified under applicable state law and as a condition of participation under the Medicare program. In addition, healthcare professionals and practitioners are required to be licensed in most states. We believe that our operating companies and personnel that provide these services have all required regulatory approvals necessary for our current operations. The failure to obtain, retain or renew any required license could adversely affect our operations, including our financial results.

Health Reform Legislation. In recent years, there have been numerous initiatives on the federal and state levels for comprehensive reforms affecting the payment for, the availability of and reimbursement for healthcare services in the United States. These initiatives have ranged from proposals to fundamentally change federal and state healthcare reimbursement programs, including the provision of comprehensive healthcare coverage to the public under governmental funded programs, to minor modifications to existing programs. PPACA, which was passed in 2010 and has implementation timing and costs and regulatory implications that are still uncertain in many respects, is among the most comprehensive and notable of these legislative efforts, and its full effects on us and others in our industry are still in many ways difficult to predict. The content or timing of any future health reform legislation, and its impact on us, is impossible to predict. If significant reforms are made to the U.S. healthcare system, those reforms may have an adverse effect on our business, financial condition and results of operations.

Although the federal government has delayed the employer mandate provision of the PPACA, October 1, 2013 was the deadline for employers to provide a notice of health care coverage options to their employees. Generally, the notice informs the employee of the new health insurance marketplace, a description of services, how to contact the marketplace and other additional required information. Employers covered by the Fair Labor Standards Act ("FLSA") must distribute the required notice to all employees, regardless of plan enrollment status or whether the employees are full or part time. By October 1, 2013, all employers covered by the FLSA were required to provide current employees with the notice. Starting October 1, 2013, each new hire must also receive the notice within 14 days of the employee's start date.

While many of the provisions of PPACA will not take effect for several years or are subject to further refinement through the promulgation of regulations, some key provisions of PPACA are presently effective:

Enhanced CMPs and Escrow Provisions. PPACA includes expanded civil monetary penalty ("CMP") and related provisions applicable to all Medicaid and Medicare providers. CMS rules adopted to implement applicable provisions of PPACA also provide that assessed CMPs may be collected and placed in whole or in part into an escrow account pending final disposition of the applicable administrative and judicial appeals process. To the extent our businesses are assessed large CMPs that are collected and placed into an escrow account pending lengthy appeals, such actions could adversely affect our business, financial condition and results of operations.

Nursing Home Transparency Requirements. In addition to expanded CMP provisions, PPACA imposes new transparency requirements for Medicare-participating nursing facilities. In addition to previously required disclosures regarding a facility's owners, management, and secured creditors, PPACA expanded the required disclosures to include information regarding the facility's organizational structure, additional information on officers, directors, trustees, and "managing employees" of the facility (including their names, titles, and start dates of services), and information regarding certain parties affiliated with the facility. The transparency provisions could result in the potential for greater government scrutiny and oversight of the ownership and investment structure for skilled nursing facilities, as well as more extensive disclosure of entities and individuals that comprise part of skilled nursing facilities' ownership and management structure.

Suspension of Payments During Pending Fraud Investigations. PPACA provides the federal government with expanded authority to suspend Medicaid and Medicare payments if a provider is investigated for allegations or issues of fraud. This suspension authority creates a new mechanism for the federal government to suspend both Medicaid and Medicare payments for allegations of fraud, independent of whether a state exercises its authority to suspend Medicaid payments pending a fraud investigation. To the extent the suspension of payment provision is applied to one of our businesses for allegations of fraud, such a suspension could adversely affect our business, financial condition and results of operations.

Overpayment Reporting and Repayment; Expanded False Claims Act Liability. PPACA enacted several important changes that expand potential liability under the federal False Claims Act. Overpayments related to services provided

to both Medicaid and Medicare beneficiaries must be reported and returned to the applicable payor within specified deadlines, or else they are considered obligations of the provider for purposes of the federal False Claims Act. This new provision substantially tightens the repayment and reporting requirements generally associated with the operations of health care providers to avoid False Claims Act exposure.

Home and Community Based Services. PPACA provides that states can provide home and community-based attendant services and support through the Community First Choice State plan option. States choosing to provide home and community-based services under this option must make them available to assist with activities of daily living, instrumental activities of daily living and health-related tasks under a plan of care agreed upon by the individual and his/her representative. For states that elect to make coverage of home and community-based services available through the community First Choice State plan option, the percentage of the state's Medicaid expenses paid by the federal government will increase by six percentage points. PPACA also includes additional measures related to the expansion of community and home-based services and authorizes states to expand coverage of community and home-based services to individuals who would not otherwise be eligible for them. The expansion of home and community-based services could reduce the demand for the facility-based services that we provide.

Health Care-Acquired Conditions. PPACA provides that the Secretary of Department of Health and Human Services ("DHHS") must prohibit payments to states for any amounts expended for providing medical assistance for certain medical conditions acquired during the patient's receipt of health care services. CMS adopted a final rule to implement this provision of PPACA in the third quarter of 2011. The rule prohibits states from making payments to providers under the Medicaid program for conditions that are deemed to be reasonably preventable. It uses Medicare's list of preventable conditions in inpatient hospital settings as the base (adjusted for the differences in the Medicaid and Medicare populations) and provides states the flexibility to identify additional preventable conditions and settings for which Medicaid payments will be denied.

Value-Based Purchasing. PPACA requires the DHHS to develop a plan to implement a value-based purchasing ("VBP") program for payments under the Medicare program for skilled nursing facilities and to submit a report containing the plan to Congress. The intent of the provision is to potentially reconfigure how Medicare pays for health care services, moving the program towards rewarding better value, outcomes, and innovations, instead of volume. According to the plan submitted to Congress in June 2012, the funding for the VBP program could come out of payment withholdings from poor-performing skilled nursing facilities or by holding back a portion of the base payment rate or the annual update for all skilled nursing facilities. If a VBP program is ultimately implemented, it is uncertain what effect it would have upon skilled nursing facilities, but its funding or other provisions could negatively affect them.

Anti-Kickback Statute Amendments. PPACA amended the Anti-Kickback Statute so that: (i) a claim that includes items or services violating the Anti-Kickback Statute also would constitute a false or fraudulent claim under the federal False Claims Act; and (ii) the intent required to violate the Anti-Kickback Statute is lowered such that a person need not have actual knowledge or specific intent to violate the Anti-Kickback Statute in order for a violation to be deemed to have occurred. These modifications of the Anti-Kickback Statute could expose us to greater risk of inadvertent violations of the statute and to related liability under the federal False Claims Act.

Accountable Care Organizations. PPACA authorized CMS to enter into contracts with Accountable Care Organizations ("ACO"). ACOs are entities of providers and suppliers organized to deliver services to Medicare beneficiaries and eligible to receive a share of any cost savings the entity can achieve by delivering services to those beneficiaries at a cost below a set baseline and with sufficient quality of care. CMS recently finalized regulations to implement the ACO initiative. The widespread adoption of ACO payment methodologies in the Medicare program, and in other programs and payors, could impact our operations and reimbursement for our services.

On June 28, 2012, the United States Supreme Court ruled that the enactment of PPACA did not violate the Constitution of the United States. This ruling permits the implementation of most of the provisions of PPACA to proceed. The provisions of PPACA discussed above are examples of recently enacted federal health reform provisions that we believe may have a material impact on the long-term care profession generally and on our business. However, the foregoing discussion is not intended to constitute, nor does it constitute, an exhaustive review and discussion of PPACA. It is possible that other provisions of PPACA may be interpreted, clarified, or applied to our businesses in ways that could have a material impact on our business, financial condition and results of operations. Similar federal and/or state legislation that may be adopted in the future could have similar effects.

In addition, we incur considerable administrative costs in monitoring the changes made within the various reimbursement programs in which we participate, determining the appropriate actions to be taken in response to those

changes, and implementing the required actions to meet the new requirements and minimize the repercussions of the changes to our organization, reimbursement rates and costs.

Medicaid and Medicare. Medicare is a federally-funded and administered health insurance program for the aged and for certain chronically disabled individuals. Part A of the Medicare program covers inpatient hospital services and certain services furnished by other institutional providers such as skilled nursing facilities. Part B of the Medicare program covers the services

Table of Contents

of doctors, suppliers of medical items, various types of outpatient services and certain ancillary services of the type provided by long-term and acute care facilities. Medicare payments under Part A and Part B are subject to certain caps and limitations, as provided in Medicare regulations. Medicare benefits are not available for intermediate and custodial levels of nursing center care or for assisted living center arrangements.

Medicaid is a medical assistance program for the indigent, operated by individual states with financial participation by the federal government. Criteria for medical indigence and available Medicaid benefits and rates of payment vary somewhat from state to state, subject to certain federal requirements. Basic long-term care services are provided to Medicaid beneficiaries, including nursing, dietary, housekeeping and laundry, restorative health care services, room and board and medications. Federal law requires that a state Medicaid program must provide for a public process for determination of Medicaid rates of payment for nursing center services. Under this process, proposed rates, the methodologies underlying the establishment of such rates and the justification for the proposed rates are published. This public process gives providers, beneficiaries and concerned state patients a reasonable opportunity for review and comment. Certain of the states in which we now operate are actively seeking ways to reduce Medicaid spending for nursing center care by such methods as capitated payments and substantial reductions in reimbursement rates.

As a component of CMS administration of the government's reimbursement programs, a new ratings system was implemented in December 2008 to assist the public in choosing a skilled care provider. The system is an attempt to simplify all the data for each nursing center to a "Star" ranking. The overall Star rating is determined by three components (three years survey results, quality measure calculations, and staffing data), with each of the components receiving star rankings as well. We will continue to strive to achieve high rankings for our facilities, as well as assuring that our rankings are correct and appropriately reflect our quality results.

Health Insurance Portability and Accountability Act of 1996 Compliance. There are numerous legislative and regulatory requirements at the federal and state levels addressing patient privacy and security of health information. The Health Insurance Portability and Accountability Act of 1996 ("HIPAA") contains provisions that require us to adopt and maintain business procedures designed to protect the privacy, security and integrity of patients' individual health information. States also have laws that apply to the privacy of healthcare information. We must comply with these state privacy laws to the extent that they are more protective of healthcare information or provide additional protections not afforded by HIPAA. HIPAA's security standards were designed to protect electronic information against reasonably anticipated threats or hazards to the security or integrity of the information and to protect the information against unauthorized use or disclosure. These standards have had and are expected to continue to have a significant impact on the health care industry because they impose extensive requirements and restrictions on the use and disclosure of identifiable patient information. In addition, HIPAA established uniform standards governing the conduct of certain electronic healthcare transactions and protecting the privacy and security of individually identifiable health information. The Health Information Technology for Clinical Health Act of 2009 expanded the requirements and noncompliance penalties under HIPAA and requires correspondingly intensive compliance efforts by companies such as ours, including self-disclosures of breaches of unsecured health information to affected patients, federal officials, and, in some cases, the media.

On January 25, 2013, the DHHS promulgated new HIPAA privacy, security, and enforcement regulations, which increase significantly the penalties and enforcement practices of the Department regarding HIPAA violations. We implemented or upgraded computer and information systems as we believe necessary to comply with the new regulations. We believe that we are in substantial compliance with applicable state and federal regulations relating to privacy and security of patient information. However, if we fail to comply with the applicable regulations, we could be subject to significant penalties.

On January 25, 2013, the DHHS promulgated new HIPAA privacy, security, and enforcement regulations, which increase significantly the penalties and enforcement practices of DHHS regarding HIPAA violations. The new HIPAA regulations are effective as of March 26, 2013, and compliance was required by September 23, 2013.

Employees

As of December 31, 2013, excluding discontinued operations, we had approximately 3,368 total employees of which 2,629 were full-time employees.

Item 1A. Risk Factors

The following are certain risk factors that could affect our business, operations and financial condition. These risk factors should be considered in connection with evaluating the forward-looking statements contained in this Annual Report because these factors could cause the actual results and conditions to differ materially from those projected in forward-looking statements. This section does not describe all risks applicable to our business, and we intend it only as a summary of certain

material factors. If any of the following risks actually occur, our business, financial condition or results of operations could be negatively affected. In that case, the trading price of our common stock and our Series A Preferred Stock could decline.

Health care reform may affect our profitability and may require us to change the way our business is conducted. Health care is an area of extensive and frequent regulatory change. The manner and the extent to which health care is regulated at the federal and state level is evolving. Changes in the laws or new interpretations of existing laws may have a significant effect on our methods and costs of doing business. Our success will depend partially on our ability to satisfy the applicable regulations and requirements and to procure and maintain required licenses. Our operations could also be adversely affected by, among other things, regulatory developments such as mandatory increases in the scope and quality of care given to the residents and revisions in licensing and certification standards. We are and will continue to be subject to varying degrees of regulation and licensing by health or social service agencies. We believe that our operations do not presently violate any existing federal or state laws, but we make no assurances that federal, state, or local laws or regulatory procedures which might adversely affect our business, financial condition, results of operations or prospects will not be expanded or imposed. A failure to comply with applicable requirements could cause us to be fined or could cause the cessation of our business, which would have a material adverse effect on our Company.

In March 2010, the PPACA and the Health Care and Education Reconciliation Act of 2010 were signed into law. Together, these two measures make the most sweeping changes to the U.S. health care system since the creation of Medicaid and Medicare. These new laws include a large number of health care related provisions scheduled to take effect over the next four years, including expanding Medicaid eligibility, requiring most individuals to have health insurance, establishing new regulations on health plans, establishing health insurance exchanges and modifying certain payment systems to encourage more cost-effective care and a reduction of inefficiencies and waste, including new tools to address fraud and abuse. As the implementation of, and rulemaking with respect to, these measures is ongoing, we are unable to accurately predict the effect these laws or any future legislation or regulation will have on us or our operations, including future reimbursement rates and occupancy in our inpatient facilities.

Our business depends on reimbursement under federal and state programs, and federal and state legislation or other changes to reimbursement and other aspects of Medicaid and Medicare may reduce or otherwise adversely affect reimbursement amounts.

A substantial portion of our revenue is derived from third-party payors, including Medicaid and Medicare programs. Our business, financial condition, results of operations and prospects would be adversely affected in the event that reimbursement rates under these programs are reduced or rise more slowly than the rate at which our costs increase or if there are changes in the way these programs pay for services. For example, services for which we are currently reimbursed by Medicaid and Medicare may not continue to be reimbursed at adequate levels or at all, or further limits on the scope of services being reimbursed, delays or reductions in reimbursement or changes in other aspects of reimbursement could occur, each of which could adversely impact our business, financial condition, results of operations and prospects.

The Medicaid and Medicare programs are subject to statutory and regulatory changes affecting, among other things, base rates or basis of payment, retroactive rate adjustments, annual caps that limit the amount that can be paid (including deductible and coinsurance amounts) for rehabilitation therapy services rendered to Medicare beneficiaries, administrative or executive orders and government funding restrictions, all of which may materially adversely affect the rates and frequency at which these programs reimburse us for our services.

For example, on July 29, 2011, CMS announced a final rule reducing Medicare skilled nursing facility PPS payments in fiscal year 2012 by \$3.87 billion, or 11.1% lower than payments for fiscal year 2011. Moreover, CMS effectively reduced our Medicare reimbursement rates by nearly 11.7% by reducing rates as well as implementing changes to the RUG classification system. Similarly, in July 2011, Ohio Medicaid implemented reductions to the reimbursement rates of 6%.

On August 2, 2011, President Obama signed into law the Budget Control Act of 2011, which requires the federal budget to include automatic spending reductions beginning in 2012, including reduction of not more than 2% to Medicare providers, but exempting reductions to certain Medicaid and Medicare benefits. With respect to Medicare, these automatic sequestration reductions went into effect on April 1, 2013. Also, on March 15, 2013, the Medicare

Payment Advisory Commission recommended that Congress eliminate the market basket update and revise the prospective payment system to result in 2014 in a 4% reduction in Medicare payments to skilled nursing facilities, with subsequent reductions to follow. We are unable to accurately predict the impact these automatic and potential reductions will have on our business, and those reductions could materially adversely affect our business, financial condition, results of operations and prospects.

Recent federal governmental proposals could limit the states' use of provider tax programs to generate revenue for their Medicaid expenditures, which could result in a reduction in our reimbursement rates under Medicaid. To generate funds to pay for the increasing costs of the Medicaid program, many states utilize financial arrangements commonly referred to as "provider

taxes." Under provider tax arrangements, states collect taxes from healthcare providers and then use the revenue to pay the providers as a Medicaid expenditure, which allows the states to then claim additional federal matching funds on the additional reimbursements. Current federal law provides for a cap on the maximum allowable provider tax as a percentage of the provider's total revenue. There is no assurance that federal law will continue to provide matching federal funds on state Medicaid expenditures funded through provider taxes, or that the current caps on provider taxes will not be reduced. Any discontinuance or reduction in federal matching of provider tax-related Medicaid expenditures could have a significant and adverse effect on states' Medicaid expenditures and, as a result, could have a material and adverse effect on our business, financial condition, results of operations and prospects.

We cannot currently estimate the magnitude of the potential Medicaid and Medicare rate or payment reductions, the impact of the failure of these programs to increase rates to match increasing expenses or the impact on us of potential Medicaid and Medicare policy changes, but they may be material to our operations and affect our future results of operations. We are unable to accurately predict whether future Medicaid and Medicare rates and payments will be sufficient to cover our costs. Future Medicaid and Medicare rate declines or a failure of these rates or payments to cover our costs could result in our experiencing materially lower earnings or losses.

We conduct business in a heavily regulated industry, and changes in, or violations of, regulations may result in increased costs or sanctions that reduce our revenue and profitability.

As a result of our participation in the Medicaid and Medicare programs, we are subject to, in the ordinary course of business, various governmental reviews, inquiries, investigations and audits by federal and state agencies to verify our compliance with these programs and laws and regulations applicable to the operation of, and reimbursement for, skilled nursing and assisted living facilities and our other operating areas. These regulations include those relating to licensure, conduct of operations, ownership of facilities, construction of new facilities and additions to existing facilities, allowable costs, services and prices for services.

Recently, the federal government has imposed extensive enforcement policies resulting in a significant increase in the number of inspections, citations of regulatory deficiencies and other regulatory sanctions, including terminations from the Medicaid and Medicare programs, denials of payment for new Medicaid and Medicare admissions and civil monetary penalties. If we fail to comply, or are perceived as failing to comply, with the extensive laws and regulations applicable to our industry, then we may become ineligible to receive government program reimbursement, be required to refund amounts received from Medicare, Medicaid or private payors, suffer civil or criminal penalties, suffer damage to our reputation or be required to significantly change the way we operate our business.

We operate in multiple states and the applicable regulatory provisions in each state are subject to changes over time. We continue to monitor state regulatory provisions applicable to our business to facilitate compliance with any revised or newly issued rules and policies.

Federal and state healthcare fraud and abuse laws regulate both the provision of services to government program beneficiaries and the methods and requirements for submitting claims for services rendered to such beneficiaries. Under these laws, individuals and organizations can be penalized for submitting claims for services that are not provided, that have been inadequately provided, billed in an incorrect manner or other than as actually provided, not medically necessary, provided by an improper person, accompanied by an illegal inducement to utilize or refrain from utilizing a service or product, or billed or coded in a manner that does not otherwise comply with applicable governmental requirements. Penalties also may be imposed for violation of anti-kickback and patient referral laws. Federal and state governments have a range of criminal, civil and administrative sanctions available to penalize and remediate healthcare fraud and abuse, including exclusion of the provider from participation in the Medicaid and Medicare programs, fines, criminal and civil monetary penalties and suspension of payments and, in the case of individuals, imprisonment. We also are subject to potential lawsuits under a federal whistleblower statute designed to combat fraud and abuse in the health care industry. These lawsuits can involve significant monetary awards to private plaintiffs who successfully bring these suits.

We believe that we maintain and follow policies and procedures that are sufficient to ensure that our facilities will operate in substantial compliance with these anti-fraud and abuse requirements and other Medicaid and Medicare program criteria. While we believe that our business practices are consistent with Medicaid and Medicare criteria, those criteria are often vague and subject to change and interpretation.

We are unable to accurately predict the future course of federal, state and local regulation or legislation, including Medicaid and Medicare statutes and regulations, or the intensity of federal and state enforcement actions. An adverse review, inquiry, investigation or audit could result in:

- an obligation to refund amounts previously paid to us pursuant to the Medicare or Medicaid programs or from private payors, in amounts that could be material to our business;
- state or federal agencies imposing fines, penalties and other sanctions on us;
- loss of our right to participate in the Medicare or Medicaid programs or one or more private payor networks;
- an increase in private litigation against us; and
- harm to our reputation in various markets.

An expanded federal program is underway to recover Medicare overpayments.

The Medicare Modernization Act of 2003 established a three year demonstration project to recover overpayments and identify underpayments on Medicare claims from hospitals, skilled nursing facilities and home health agencies through a review of claims previously paid by Medicare beginning in October, 2007. Medicare contracted nationwide with third parties known as Recovery Audit Contractors ("RAC") to conduct these reviews commonly referred to as RAC Audits. Due to the success of the program, the Tax Relief and Health Care Act of 2006 made the program permanent and mandated its expansion to all 50 states in 2010. We are also subject to other audits under various government programs, including Zone Program Integrity Contractors, Program Safeguard Contractors and Medicaid Integrity Contractors, in which third-party firms engaged by CMS conduct extensive reviews of claims data and medical and other records to identify potential improper government payments. We make no assurances that our claims will not be selected for any such audits in the future and, if they are selected for any such audit, the extent to which these audits may have a material adverse effect on our business, financial condition, results of operations and prospects.

We are subject to claims under the self-referral and anti-kickback legislation.

In the United States, various state and federal laws regulate the relationships between providers of health care services, physicians and other clinicians. In particular, various laws, including federal and state anti-kickback and anti-fraud statutes, prohibit certain business practices and relationships that might affect the provision and cost of health care services reimbursable under Medicaid and Medicare programs, including the payment or receipt of compensation for the referral of patients whose care will be paid by federal governmental programs. Sanctions for violating the anti-kickback and anti-fraud statutes include criminal penalties and civil sanctions, including fines and possible exclusion from governmental programs such as Medicaid and Medicare.

These laws and regulations are complex, and limited judicial or regulatory interpretation exists. While we make every effort to ensure compliance, we make no assurances that governmental officials charged with responsibility for enforcing the provisions of these laws and regulations will not assert that one or more of our arrangements are in violation of the provisions of such laws and regulations. Violations of these laws may result in substantial civil or criminal penalties for individuals or entities, including large civil monetary penalties and exclusion from participation in the Medicare or Medicaid programs. Such exclusion or penalties, if applied to us, could have a material adverse effect on our business, financial condition, results of operations and prospects.

We are required to comply with laws governing the transmission and privacy of health information.

HIPAA requires us to comply with standards for the exchange of health information within our Company and with third parties, such as payors, business associates and patients. These include standards for common health care transactions, such as claims information, plan eligibility, payment information and the use of electronic signatures, unique identifiers for providers, employers, health plans and individuals, and security, privacy and enforcement. If we are found to be in violation of the privacy or security rules under HIPAA or other federal or state laws protecting the confidentiality of patient health information, we could be subject to criminal penalties and civil sanctions, which could increase our liabilities, harm our reputation and have a material adverse effect on our business, financial condition, results of operations and prospects.

We rely on information technology in our operations, and any material failure, inadequacy, interruption or security failure of that technology could harm our business, financial condition, results of operations and prospects.

We rely on information technology networks and systems, including the Internet, to process, transmit and store electronic information, and manage or support a variety of business processes, including medical records, financial transactions and records, personal identifying information, payroll data and workforce scheduling information. We purchase some of our

17

information technology from vendors, on whom our systems depend. We rely on commercially available systems, software, tools and monitoring to provide security for processing, transmission and storage of confidential patient, resident and other customer information, such as individually identifiable information, including information relating to health protected by HIPAA. Although we have taken steps to protect the security of our information systems and the data maintained in those systems, it is possible that our safety and security measures will not prevent the systems' improper functioning or damage or the improper access or disclosure of personally identifiable information such as in the event of cyber-attacks. Security breaches, including physical or electronic break-ins, computer viruses, attacks by hackers and similar breaches can create system disruptions or shutdowns or the unauthorized disclosure of confidential information. If personal or otherwise protected information of our patients is improperly accessed, tampered with or distributed, we may incur significant costs to remediate possible injury to the affected patients and we may be subject to sanctions and civil or criminal penalties if we are found to be in violation of the privacy or security rules under HIPAA or other similar federal or state laws protecting confidential patient health information. Any failure to maintain proper functionality and security of our information systems could interrupt our operations, damage our reputation, subject us to liability claims or regulatory penalties and could have a material adverse effect on our business, financial condition, results of operations and prospects.

We intend to continue to expand our business through acquisitions.

Our business model calls for seeking to acquire existing cash flowing operations and to expand our operations by pursuing an acquisition growth strategy to acquire and lease long-term care facilities, primarily skilled nursing facilities. Our success will largely depend on our ability to finance the new acquisitions and implement and integrate the new acquisitions into our management systems. As a result, we expect to experience all of the risks that generally occur with rapid expansion such as:

- adapting our management systems and personnel into the new acquisition;
- integrating the new acquisition and businesses into our structure;
- acquiring and operating new acquisitions and businesses in geographic regions in which we have not historically operated;
- obtaining adequate financing under reasonable and acceptable terms;
- retaining key personnel, customers and vendors of the acquired business and the hiring of new personnel;
- obtaining all necessary state and federal regulatory approvals to authorize acquisitions;
- impairments of goodwill and other intangible assets; and
- contingent and latent risks associated with the past operations of, and other unanticipated costs and problems arising in, an acquired business.

If we are unable to successfully integrate the operations of an acquired property or business into our operations, we could be required to undertake unanticipated changes. These changes could increase our operating costs and have a material adverse effect on our business, financial condition, results of operations and prospects.

We continue to seek acquisitions and other strategic opportunities that may require a significant amount of management resources and costs.

We continue to seek acquisitions and other strategic opportunities. Accordingly, we are often engaged in evaluating potential transactions and other strategic alternatives. In addition, from time to time, we engage in preliminary discussions that may result in one or more transactions. Although there is uncertainty that any of these discussions will result in definitive agreements or the completion of any transaction, we may devote a significant amount of our management resources to such transactions, which could negatively impact our existing and continuing operations. In addition, we may incur significant costs in connection with exploring and targeting acquisitions, regardless of whether these acquisitions are completed. In the event that we consummate an acquisition or strategic alternative in the future, there is no assurance that we would complete the acquisition or fully realize the potential benefit of such a transaction even if it is completed.

We will require additional financing in order to fund future acquisitions.

The pursuit of our growth strategy and the acquisition of new skilled nursing facilities may involve significant cash expenditures, debt incurrence, capital expenditures, additional operating losses, amortization of the intangible assets of acquired companies, dilutive issuances of equity securities and other expenses that could have a material adverse effect on our business, financial condition, results of operations and prospects.

During 2014, we will need to obtain additional financing to implement our expansion strategy and fund our acquisitions. We are currently exploring several financing alternatives and may seek to raise additional capital through the sale of additional debt or equity securities. As of December 31, 2013, we had an accumulated deficit of \$39.9 million and a working capital deficit of approximately \$15.6 million. There is no assurance that we will succeed in obtaining financing or will be able to raise additional capital through the issuance of debt or equity securities on terms acceptable to us, or at all, or that any financing obtained will not contain restrictive covenants that limit our operating flexibility. If we are unable to secure such additional financing, then we may be required to delay or modify our expansion plans.

We may be unable to complete future facility or business acquisitions at attractive prices or at all, which may adversely affect our revenue and financial condition.

The profitability of our operations relies on acquiring existing cash flowing operations and expanding our operations by acquiring and leasing long-term care facilities, primarily skilled nursing facilities.

We face competition for the acquisition of these facilities and related businesses and expect this competition to increase. Based upon factors such as our ability to identify suitable acquisition candidates, the purchase price of the facilities, prevailing market conditions, the availability of leadership to manage new facilities and our willingness to take on new operations, the rate at which we have historically acquired facilities has fluctuated significantly. In the future, we anticipate the rate at which we may acquire facilities will continue to fluctuate, which may affect our revenue and financial condition.

In undertaking acquisitions, we may be adversely impacted by costs, liabilities and regulatory issues that may adversely affect our operations.

In acquiring new facilities, we may be adversely impacted by unforeseen liabilities attributable to prior providers who operated those facilities, against whom we may have little or no recourse. For example, when we acquire a facility, we may assume the facility's existing Medicare provider number for purposes of billing Medicare for services. If CMS later determined that the prior owner of the facility had received overpayments from Medicare for the period of time during which it operated the facility, or had incurred fines in connection with the operation of the facility, CMS could hold us liable for repayment of the overpayments or fines. If the prior operator is defunct or otherwise unable to reimburse us, we may be unable to recover these funds. These may include, without limitation, payment recoupment related to our predecessors' prior noncompliance, the imposition of fines, penalties, operational restrictions or special regulatory status.

Further, we may incur post-acquisition compliance risk due to the difficulty or impossibility of immediately or quickly bringing non-compliant facilities into full compliance. Diligence materials pertaining to acquisition targets, especially the underperforming facilities that often represent the greatest opportunity for return, are often inadequate, inaccurate or impossible to obtain, sometimes requiring us to make acquisition decisions with incomplete information. Despite our due diligence procedures, facilities that we have acquired or may acquire in the future may generate unexpectedly low returns, may cause us to incur substantial losses, may require unexpected levels of expenditures or other resources or may otherwise not meet a risk profile that our investors find acceptable.

We may be unable to improve every facility that we acquire. Even if we improve operations and patient care at facilities that we have acquired, we still may face post-acquisition regulatory issues related to pre-acquisition events. In addition, operation of these facilities may divert management time and attention from other operations and priorities, negatively impact cash flows, result in adverse or unanticipated accounting charges or otherwise damage other areas of our Company if they are not timely and adequately improved.

We may not be able to successfully integrate acquired facilities and businesses into our operations, and we may not achieve the benefits we expect from any of our facility acquisitions.

We may not be able to efficiently or effectively integrate newly acquired facilities with our existing operations, culture and systems. The process of integrating acquired facilities into our existing operations may result in unforeseen operating difficulties, divert management's attention from existing operations or require an unexpected commitment of staff, financial or other resources, and the integration process may ultimately be unsuccessful. We recognize the importance of maintaining adequate staffing and supervision in our facilities at all times to ensure a high quality of care for our patients and residents. The financial benefits we expect to realize from many of our acquisitions rely largely upon our ability to improve performance, overcome regulatory deficiencies, increase and maintain

occupancy and control costs. If we are unable to accomplish any of these objectives at facilities we acquire, we may not realize the expected benefits, which may have a material adverse effect on our business, financial condition, results of operations and prospects.

State efforts to regulate the construction or expansion of health care providers could impair our ability to expand our operations or make acquisitions.

Some states require health care providers (including skilled nursing facilities, hospices and assisted living facilities) to obtain prior approval, in the form of a Certificate of Need ("CON"), for the purchase, construction or expansion of health care facilities, capital expenditures exceeding a prescribed amount or changes in services or bed capacity. To the extent that we are unable to obtain any required CON or other similar approvals, our expansion could be materially adversely affected. Additionally, failure to obtain the necessary state approvals can also result in sanctions or adverse action on the facility's license and adverse reimbursement action. No assurances are given that we will be able to obtain a CON or other similar approval for any future projects requiring this approval or that such approvals will be timely.

Circumstances that adversely affect the ability of seniors, or their families, to pay for our services could have material adverse effects on our business, financial condition, results of operations and prospects.

Approximately 6% of our skilled nursing occupants and nearly all of the occupants of our assisted living facilities rely on their personal investments and wealth to pay for their stay in our facilities. We expect to continue to rely on the ability of our residents to pay for our services from their own financial resources. Inflation, continued high levels of unemployment, declines in market values of investments and home prices, or other circumstances that may adversely affect the ability of the elderly or their families to pay for our services could have a material adverse effect on our business, financial condition, results of operations and prospects.

We depend largely upon reimbursement from third-party payors, and our business, financial condition, results of operations and prospects could be adversely affected by any changes in the mix of patients in our facilities as well as payor mix and payment methodologies.

Our revenue is affected by the percentage of our patients who require a high level of skilled nursing and rehabilitative care, whom we refer to as high acuity patients, and by our mix of payment sources. Changes in our patient mix, as well as our payor mix among Medicaid, Medicare, private payors and managed care companies, may significantly affect our profitability because we generally receive higher reimbursement rates for certain patients, such as rehabilitation patients, and because the payors reimburse us at different rates. As a result, changes in the case mix of patients as well as the payor mix may significantly affect our profitability. Particularly, a significant increase in Medicaid patients will have a material adverse effect on our business, financial condition, results of operations and prospects, especially if states operating Medicaid programs continue to limit, or more aggressively seek limits on, reimbursement rates.

We operate in an industry that is highly competitive.

The long-term care industry is highly competitive and we believe that it will become even more competitive in the future. We face direct competition for patients, employees and the acquisition of facilities. Our skilled nursing and assisted living facilities face competition from skilled nursing, assisted living, independent living facilities, homecare services, community-based service programs, retirement communities and other operations that provide services comparable to those offered by us.

We compete with national companies with respect to both our skilled nursing and assisted living facilities.

Additionally, we also compete with local and regional based entities. Many of these competing companies have greater financial and other resources than we have. Failure to effectively compete with these companies may have a material adverse effect on our business, financial condition, results of operations and prospects.

Our ability to compete is based on several factors, including, without limitation, building age, appearance, reputation, availability of patients, survey history and CMS rankings. We make no assurances that increases in competition in the future will not adversely affect our business, financial condition, results of operations and prospects.

The cost to replace or retain qualified personnel may affect our business, financial condition, results of operations and prospects, and we may not be able to comply with the staffing requirements of certain states.

We could experience significant increases in our costs due to shortages in qualified nurses, health care professionals and other key personnel. We compete with other providers of home health care, nursing home care, and assisted living with respect to attracting and retaining qualified personnel, and the market is competitive. Because of the small markets in which we operate, shortages of nurses and trained personnel may require us to enhance our wage and benefit package in order to compete and attract qualified employees from more metropolitan areas. Further,

acquisitions of new facilities may require us to pay increased compensation or offer other incentives to retain key personnel and other employees in any newly acquired facilities. Increased competition in the future with respect to attracting and maintaining key personnel could limit our ability to attract and retain residents or to expand our business.

20

Certain states in which we currently operate, or may operate in the future, may have adopted minimum staffing standards, and additional states may also establish similar requirements in the future. Our ability to satisfy these requirements will depend upon our ability to attract and retain qualified, nurses, certified nurses' assistants and other personnel. Failure to comply with these requirements may result in the imposition of fines or other sanctions. If states do not appropriate sufficient additional funding, through Medicaid appropriations or otherwise, to pay for any additional operating costs resulting from minimum staffing requirements, then our business, financial condition, results of operations and prospects may be adversely affected.

To date, we have been able to adequately staff all of our operations and future operations following an acquisition. However, we make no assurances that the ability to adequately staff all of our operations will continue in the future. Additionally, increasing employee health and workers' compensation insurance costs may materially and negatively affect our profitability. We provide no assurances that our labor costs will not increase or that any increase will be matched by corresponding increases in rates we charge to facility residents. Our ability to control labor costs will significantly effect on our business, financial condition and results of operation in the future.

Successful union organization of our employees may adversely affect our business, financial condition, results of operations and prospects.

Periodically, labor unions attempt to organize our employees. Although we currently have no collective bargaining agreements with unions with respect to our employees or our facilities, there is no assurance that this will continue to be the case in the future. If future federal legislation makes it easier for employee groups to unionize, then groups of our employees may seek union representation. If more of our employees unionize, we could experience business interruptions, work stoppages, declines in service levels due to union specific rules or increased operating expenses that may adversely affect our business, financial condition, results of operations and prospects.

A petition has been filed by the Retail Wholesale and Department Store Union for a union election in our Attalla, Alabama facility. An election date of April 11, 2014 has been set.

If we lose our key management personnel, we may not be able to successfully manage our business or achieve our objectives, which could have a material adverse effect on our business, financial condition, results of operations and prospects.

We are dependent on our management team, and our future success depends largely upon the management experience, skill, and contacts of our management, and the loss of any of our key management team could harm our business. If we lose the services of any or all of our management team, we may not be able to replace them with similarly qualified personnel, which could have a material adverse effect on our business, financial condition, results of operations and prospects.

Termination of assisted living resident agreements and resident attrition could adversely affect our revenues and earnings.

State regulations governing assisted living facilities typically require a written resident agreement with each resident. Most of these regulations also require that each resident have the right to terminate our assisted living resident agreement for any reason on reasonable notice. Consistent with these regulations, most resident agreements allow residents to terminate their agreements on 30 days' notice. Unlike typical leasing relationships which require a commitment of one year or more, we cannot contract with our residents for longer periods of time.

Environmental compliance costs and liabilities associated with our facilities may have a material adverse effect on our business, financial condition, results of operations and prospects.

We are subject to various federal, state and local environmental and health and safety laws and regulations with respect to our facilities. These laws and regulations address various matters, including asbestos, fuel oil management, wastewater discharges, air emissions, medical wastes and hazardous wastes. The costs of complying with these laws and regulations and the penalties for non-compliance can be substantial. For example, with respect to our owned and leased property, we may be held liable for costs relating to the investigation and cleanup of any of our owned or leased properties from which there has been a release or threatened release of a regulated material as well as other properties affected by the release. In addition to these costs, which are typically not limited by law or regulation and could exceed the property's value, we could be liable for certain other costs, including, without limitation, governmental fines and injuries to persons, property or natural resources. Further, some environmental laws create a lien on the contaminated site in favor of the government for damages and the costs it incurs in connection with the

contamination. While we are not aware of any potential environmental problems, no assurances are made that such problems and the costs associated with them will not arise in the future. If any of our properties were found to violate environmental laws, we may be required to expend significant amounts of time and money to rehabilitate the property, and we may be subject to significant liability. Any environmental compliance costs and liabilities incurred may have a material adverse effect on our business, financial condition, results of operations and prospects.

Disasters and other adverse events may seriously harm our business.

Our facilities and residents may suffer harm as a result of natural or man-made disasters such as storms, earthquakes, hurricanes, tornadoes, floods, fires, terrorist attacks and other conditions. Such events may disrupt our operations, harm our patients and employees, severely damage or destroy one more of our facilities, harm our business, reputation and financial performance, or otherwise cause our business to suffer in ways that cannot currently be predicted.

The nature of business exposes us to certain litigation risks.

The provision of health care services entails an inherent risk of liability. In recent years, participants in the long-term care industry have become subject to an increasing number of lawsuits alleging malpractice, negligence or other related legal theories. In several well publicized instances, private litigation by residents of senior living facilities for alleged abuses has resulted in large damage awards against other operating companies. Certain lawyers and firms specialize in bringing litigation against companies such as ours. As a result of this litigation, our cost of liability insurance has increased during the past few years.

We currently maintain liability insurance. This insurance is intended to cover malpractice and other lawsuits.

Although we believe that it is in keeping with industry standards, no assurances are made that claims in excess of our limits will not arise. Any such successful claims could have a material adverse effect upon our business, financial condition, results of operations and prospects. Claims against us, regardless of their merit or eventual outcome, may also have a material adverse effect upon our ability to attract and retain patients and key personnel. In addition, our insurance policies must be renewed annually, and no assurances are made that we will be able to retain coverage in the future or, if coverage is available, that it will be available on acceptable terms.

We are subject to possible conflicts of interest; we have engaged in, and expect to continue to engage in, transactions with parties that may be considered related parties.

From time to time, we have engaged in various transactions with Christopher Brogdon, Vice Chairman of the Board of Directors, owner of greater than 5% of our outstanding common stock and former Chief Acquisition Officer of the Company. These transactions, along with other related party transactions, are described in Note 19 to our Consolidated Financial Statements included in Part II, Item 8., "Financial Statements and Supplementary Data," and Part III., Item 13., "Certain Relationships and Related Transactions, and Director Independence."

We believe that our affiliations with Mr. Brogdon, and other related parties have been, and will be, beneficial to us.

Although we do not believe the potential conflicts have adversely affected, or will adversely affect, our business, others may disagree with this position and litigation could ensue in the future. Our relationships with Mr. Brogdon and other related parties may give rise to litigation, nominations or proposals which could result in substantial costs to us and a diversion of our resources and our management's attention, whether or not any allegations made are substantiated.

The costs of being publicly owned may strain our resources and impact our business, financial condition, results of operations and prospects.

As a public company, we are subject to the reporting requirements of the Exchange Act and the Sarbanes-Oxley Act of 2002 ("Sarbanes-Oxley Act"). The Exchange Act requires that we file annual, quarterly and current reports with respect to our business and financial condition. The Sarbanes-Oxley Act requires that we maintain effective disclosure controls and procedures and internal controls for financial reporting. We are required to document and test our internal control procedures in order to satisfy the requirements of Section 404 of the Sarbanes-Oxley Act, which requires annual management assessments of the effectiveness of our internal controls over financial reporting.

These requirements may place a strain on our systems and resources and have required us, and may in the future require us, to hire additional accounting and financial resources with appropriate public company experience and technical accounting knowledge. In addition, failure to maintain such internal controls could result in us being unable to provide timely and reliable financial information which could potentially subject us to sanctions or investigations by the SEC or other regulatory authorities or cause us to be late in the filing of required reports or financial results. Any of the foregoing events could have an adverse effect on our business, financial condition, results of operations and prospects.

We have a history of operating losses and may incur losses in the future.

For the year ended December 31, 2013, for amounts attributable to the Company, we had a net loss of \$13.4 million compared to a net loss of \$6.9 million for the year ended December 31, 2012. We make no assurances that we will be

able to operate profitably. As of December 31, 2013, we have a working capital deficit of approximately \$15.6 million.

22

We intend to seek to improve our liquidity and profitability in future years by:

- refinancing debt where possible to obtain more favorable terms;
- increasing facility occupancy and the proportion of sub-acute patients within our skilled nursing facilities;
- continuing our cost optimization and efficiency strategies;
- acquiring additional long-term care facilities with existing cash flowing operations to expand our operations.

We believe the foregoing actions, if taken, will provide the opportunity for the Company to improve liquidity and achieve profitability. No assurances are made that such improvements or achievements will occur.

Our business requires us to make capital expenditures to maintain and improve our facilities.

Our facilities sometimes require capital expenditures to address ongoing required maintenance and to make them attractive to residents. Physical characteristics of senior living facilities and rehabilitation centers are mandated by various governmental authorities; and changes in these regulations may require us to make significant expenditures. In addition, we often are required to make significant capital expenditures when we acquire new facilities in pursuit of our growth strategy. Our available financial resources may be insufficient to fund these expenditures.

Our substantial debt could adversely affect our cash flow and impair our ability to raise additional capital.

As of December 31, 2013, we had approximately \$160.3 million in indebtedness, including current maturities and discontinued operations. We may also obtain additional short-term and long-term debt to meet future capital needs, including to fund acquisitions, subject to certain restrictions under our existing indebtedness, which would increase our total debt. Our substantial amount of debt could have negative consequences to our business. For example, it could:

- increase our vulnerability to general adverse economic and industry conditions;
- require us to dedicate a substantial portion of cash flows from operations to interest and principal payments on outstanding debt, thereby limiting the availability of cash flow to fund acquisitions, capital expenditures, working capital and other general corporate requirements;
- limit our flexibility in planning for, or reacting to, changes in our business and industry;
- place us at a competitive disadvantage compared with our competitors that have less debt; and
- limit our ability to borrow additional funds, even when necessary to maintain adequate liquidity.

In addition, our ability to borrow funds in the future will depend in part on the satisfaction of the covenants in our credit facilities and other debt agreements. If we are unable to satisfy the financial covenants contained in those agreements, or are unable to generate cash sufficient to make required debt payments, the lenders and other parties to those arrangements could accelerate the maturity of some or all of our outstanding indebtedness.

We may not have sufficient liquidity to meet our capital needs.

For the year ended and as of December 31, 2013, we had a net loss of \$13.4 million and negative working capital of \$15.6 million. At December 31, 2013, we had \$19.4 million in cash and cash equivalents and \$160.3 million in indebtedness, including current maturities and discontinued operations, of which \$32.2 million is current debt (including the Company's outstanding convertible promissory notes with a principal amount in the aggregate of \$4.5 million and \$6.9 million which mature March 31, 2014 and August 29, 2014, respectively, and approximately \$6.0 million of mortgage notes included in liabilities of variable interest entity held for sale).

Based on existing cash balances, anticipated cash flows for the year ending December 31, 2014, and new sources of capital, we believe there will be sufficient funds for our operations, scheduled debt service, and capital expenditures through the next 12 months. On a longer term basis, at December 31, 2013 we have approximately \$73.9 million of debt payments and maturities due between 2015 and 2017, excluding convertible promissory notes which are convertible into shares of common stock. We believe our long-term liquidity needs will be satisfied by these same sources, as well as borrowings as required to refinance indebtedness.

In order to satisfy these capital needs, we intend to: (i) improve our operating results by increasing facility occupancy, optimizing our payor mix by increasing the proportion of sub-acute patients within our skilled nursing facilities, continuing our cost optimization and efficiency strategies and acquiring additional long-term care facilities with existing operating cash flow; (ii) expand our borrowing arrangements with certain existing lenders; (iii) refinance current debt where possible to obtain more

favorable terms; and (iv) raise capital through the issuance of debt or equity securities. We anticipate that these actions, if successful, will provide the opportunity for us to maintain liquidity on a short and long term basis, thereby permitting us to meet our operating and financing obligations for the next 12 months and provide for the continuance of our acquisition strategy. However, there is no guarantee that such actions will be successful or that anticipated operating results will be achieved. We currently have limited borrowing availability under our existing revolving credit facilities. If the Company is unable to improve operating results, expand existing borrowing agreements, refinance current debt (including the \$6.4 million of bullet maturities due July 2014), the convertible promissory notes due August 29, 2014 are not converted into common stock and are required to be repaid by us in cash, or raise capital through the issuance of securities, then the Company may be required to restructure its outstanding indebtedness, implement further cost reduction initiatives, sell assets, or delay, modify, or abandon its expansion plans.

An increase in market interest rates could increase our interest costs on existing and future debt.

We have incurred and expect in the future to incur floating rate indebtedness in connection with our acquisition of new facilities, as well as for other purposes. Accordingly, increases in interest rates would increase the Company's interest costs. These increased costs could make the financing of any acquisition more costly and could limit our ability to refinance existing debt when it matures.

We do not currently pay cash dividends on our common stock and do not anticipate doing so in the future.

We have never declared or paid any cash dividends on our common stock. We intend to retain any future earnings after payment of dividends on our Series A Preferred Stock to fund our operations and, therefore, we currently do not anticipate paying any cash dividends on our common stock in the foreseeable future. In addition, no cash dividends may be declared or paid on our common stock unless full cumulative dividends on our Series A Preferred Stock have been, or contemporaneously are, declared and paid, or declared and a sum sufficient for the payment thereof is set apart for payment, for all past dividend periods.

We could be prevented from paying dividends on our Series A Preferred Stock and our common stock.

We are a holding company, and we have no significant operations. We rely primarily on dividends and other distributions from our subsidiaries to us so we may, among other things, pay dividends on our stock, if and to the extent declared by the Board of Directors. The ability of our subsidiaries to pay dividends and other distributions to us depends on their earnings and is restricted by the terms of certain agreements governing their indebtedness. If our subsidiaries are in default under such agreements, then they may not pay dividends or other distributions to us.

In addition, we may only pay dividends on our stock if we have funds legally available for the payment of dividends and such payment is not restricted or prohibited by law, the terms of any shares with higher priority with respect to dividends or any documents governing our indebtedness. Furthermore: (i) one of our mortgage loans prohibits the payment of dividends on our stock if we fail to comply with certain financial covenants or if a default or event of default under the loan agreement has occurred; and (ii) another one of our mortgage loans requires the consent of the lender and the guarantor prior to payment of dividends on our stock. As such, we could become unable, on a temporary or permanent basis, to pay dividends on our stock, including our Series A Preferred Stock. In addition, future debt, contractual covenants or arrangements we or our subsidiaries enter into may restrict or prevent future dividend payments.

The payment of any future dividends on our stock will be at the discretion of the Board of Directors and will depend, among other things, the earnings and results of operations of our subsidiaries, their ability to pay dividends and other distributions to AdCare under agreements governing their indebtedness, our financial condition and capital requirements, any debt service requirements and any other factors the Board of Directors deems relevant.

The price of our stock, in particular our common stock, has fluctuated, and a number of factors may cause the price of our stock to decline.

The market price of our stock has fluctuated and could fluctuate significantly in the future as a result of various factors and events, many of which are beyond our control. These factors may include:

- variations in our operating results;
- changes in our financial condition, performance and prospects;
- changes in general economic and market conditions;
- the departure of any of our key executive officers and directors;
- announcements by us or our competitors of significant acquisitions, strategic partnerships, or transactions;

press releases or negative publicity relating to us or our competitors or relating to trends in health care; government action or regulation, including changes in federal, state, and local health-care regulations to which we are subject;

the level and quality of securities analysts' coverage for our stock;

changes in financial estimates or recommendations by securities analysts with respect to us or our competitors; and

with respect to our common stock, future sales of our common stock.

In addition, the market price of our Series A Preferred Stock will also depend upon:

prevailing interest rates, increases in which may have an adverse effect on the market price of our Series A Preferred Stock;

trading prices of preferred equity securities issued by other companies in the industry;

the annual yield from distributions on our Series A Preferred Stock as compared to yields on other financial instruments; and

our issuance of additional preferred equity or debt securities.

Furthermore, the stock market in recent years has experienced sweeping price and volume fluctuations that often have been unrelated to the operating performance of affected companies. These market fluctuations may also cause the price of our stock to decline.

In the event of fluctuations in the price of our stock, shareholders may be unable to resell shares of our stock at or above the price at which they purchased such shares. Additionally, due to fluctuations in the price of our stock, comparing our operating results on a period-to-period basis may not be meaningful, and you should not rely on past results as an indication of future performance.

Our directors and officers substantially control all major decisions.

Our directors and officers beneficially own approximately 21.8% of our outstanding common stock. Therefore, our directors and officers will be able to influence major corporate actions required to be voted on by shareholders, such as the election of directors, the amendment of our charter documents and the approval of significant corporate transactions such as mergers, reorganizations, sales of substantially all of our assets and liquidation. Furthermore, our directors will be able to make decisions affecting our capital structure, including decisions to issue additional capital stock, implement stock repurchase programs and incur indebtedness. This control may have the effect of deterring hostile takeovers, delaying or preventing changes in control or changes in management, or limiting the ability of our other shareholders to approve transactions that they may deem to be in their best interest.

Takeover defense provisions in Georgia law and our charter documents may delay or prevent takeover attempts thereby preventing our shareholders from realizing a premium on their common stock.

Various provisions of Georgia corporation law and of our charter documents may inhibit changes in control not approved by our Board of Directors and may have the effect of depriving our investors of an opportunity to receive a premium over the prevailing market price of our common stock in the event of an attempted hostile takeover. In addition, the existence of these provisions may adversely affect the market price of our common stock. These provisions include:

a requirement that special meetings of shareholders be called by our Board of Directors, the Chairman, the President, or the holders of shares with voting power of at least 25%;

staggered terms among our directors with three classes of directors and only one class to be elected each year;

advance notice requirements for shareholder proposals and nominations; and

availability of "blank check" preferred stock.

Our Board of Directors can use these and other provisions to prevent, delay or discourage a change in control of the Company or a change in our management. Any such delay or prevention of a change in control or management could deter potential acquirers or prevent the completion of a takeover transaction pursuant to which our shareholders could receive a substantial premium over the current market price of our common stock, which in turn may limit the price investors might be willing to pay for our common stock.

Provisions in our charter documents provide for indemnification of officers and directors, which could require us to direct funds away from our business and future operations.

Our charter documents provide for the indemnification of our officers and directors. We may be required to advance costs incurred by an officer or director and to pay judgments, fines and expenses incurred by an officer or director, including reasonable attorneys' fees, as a result of actions or proceedings in which our officers and directors are involved by reason of being or having been an officer or director of our Company. Funds paid in satisfaction of judgments, fines and expenses may be funds we need for the operation and growth of our business.

Item 3. Legal Proceedings

We are party to various legal actions and administrative proceedings and are subject to various claims arising in the ordinary course of business, including claims that our services have resulted in injury or death to the residents of our facilities and claims related to employment, staffing requirements and commercial matters. Although we intend to vigorously defend ourselves in these matters, there is no assurance that the outcomes of these matters will not have a material adverse effect on our business, results of operations and financial condition.

We operate in an industry that is extremely regulated. As such, in the ordinary course of business, we are continuously subject to state and federal regulatory scrutiny, supervision and control. Such regulatory scrutiny often includes inquiries, investigations, examinations, audits, site visits and surveys, some of which are non-routine. In addition, we believe that there has been, and will continue to be, an increase in governmental investigations of long-term care providers, particularly in the area of Medicare/Medicaid false claims, as well as an increase in enforcement actions resulting from these investigations. Adverse determinations in legal proceedings or governmental investigations against or involving us, whether currently asserted or arising in the future, could have a material adverse effect on our business, results of operations and financial condition.

On June 24, 2013, South Star Services, Inc. ("SSSI"), Troy Clanton and Rose Rabon (collectively, the "Plaintiffs") filed a complaint in the District Court of Oklahoma County, State of Oklahoma against: (i) AdCare, certain of its wholly owned subsidiaries and AdCare's Chief Executive Officer (collectively, the "AdCare Defendants"); (ii) Christopher Brogdon (Vice Chairman of the Board of Directors, owner of greater than 5% of the outstanding common stock and former Chief Acquisition Officer of the Company,) and his wife; and (iii) five entities controlled by Mr. and Mrs. Brogdon, which entities own five skilled-nursing facilities located in Oklahoma (the "Oklahoma Facilities") that are managed by an AdCare subsidiary. The complaint alleges, with respect to the AdCare Defendants, that: (i) the AdCare Defendants tortuously interfered with contractual relations between the Plaintiffs and Mr. Brogdon, and with Plaintiffs' prospective economic advantage, relating to SSSI's right to manage the Oklahoma Facilities and seven other skilled-nursing facilities located in Oklahoma (collectively, the "Facilities"), respectively; (ii) the AdCare Defendants fraudulently induced the Plaintiffs to perform work and incur expenses with respect to the Facilities; and (iii) one of the AdCare subsidiaries which is an AdCare Defendant provided false and defamatory information to an Oklahoma regulatory authority regarding SSSI's management of one of the Oklahoma Facilities. The complaint seeks damages against the AdCare Defendants, including punitive damages, in an unspecified amount, as well as costs and expenses, including reasonable attorney fees. On March 7, 2014, the Plaintiffs filed an amended complaint in which they alleged additional facts regarding the alleged fraudulent inducement caused by Mr. and Mrs. Brogdon and the AdCare Defendants. The Company intends to file a response to the amended complaint in a timely manner, and the trial is scheduled to begin in January 2015. The Company believes that the complaint is without merit and intends to vigorously defend itself against the claims set forth therein.

On March 7, 2014 the Company responded to a letter received from the Ohio Attorney General ("OAG") dated February 25, 2014 demanding repayment of approximately \$1.0 million as settlement for alleged improper Medicaid payments related to seven Ohio facilities affiliated with the Company. The OAG alleged that the Company had submitted improper Medicaid claims for independent laboratory services for glucose blood tests and capillary blood draws. The Company intends to defend itself against the claims.

	Fourth Quarter	\$5.50	\$3.66

Based on information supplied from our transfer agent, there were approximately 500 shareholders of record of our common stock as of March 26, 2014.

We have never declared or paid any cash dividends with respect to our common stock. Our ability to pay dividends will depend upon our future earnings and net worth. We are restricted by Georgia law from paying dividends on the common stock if we are not able to pay our debts as they become due in the normal course of business or if our total assets would be less than the sum of our total liabilities plus the amount that would be needed to satisfy the preferential rights upon dissolution of the shareholders whose preferential rights are superior. In addition, no cash dividends may be declared or paid on our common stock unless full cumulative dividends on our Series A Preferred Stock have been, or contemporaneously are, declared and paid, or declared and a sum sufficient for the payment thereof is set apart for payments, for all past dividend periods. Furthermore: (i) one of our mortgage loans prohibits the payment of dividends on our stock if we fail to comply with certain financial covenants or if a default or event of default under the loan agreement has occurred; and (ii) another one of our mortgage loans requires the consent of the lender and the guarantor prior to payment of dividends on our stock.

Except for payment of dividends on our Series A Preferred Stock, we currently intend to retain any future earnings to fund the operation and growth of our business. We do not anticipate paying cash dividends on our common stock in the foreseeable future.

Equity Compensation Plan Information

The following table sets forth additional information as of December 31, 2013, concerning shares of our common stock that may be issued upon the exercise of options and other rights under our existing equity compensation plans and arrangements, divided between plans approved by our shareholders and plans or arrangements not submitted to the shareholders for approval. The information includes the number of shares covered by and the weighted average exercise price of, outstanding options and other rights and the number of shares remaining available for future grants excluding the shares to be issued upon exercise of outstanding options, warrants, and other rights.

Overview

We own and operate skilled nursing and assisted living facilities in the states of Alabama, Arkansas, Georgia, Missouri, North Carolina, Ohio, Oklahoma, and South Carolina. As of December 31, 2013, through our wholly owned separate operating subsidiaries, we operate 46 facilities consisting of 43 skilled nursing facilities, two assisted living facilities and one independent living/senior housing facility totaling approximately 4,700 beds. Our facilities provide a range of health care services to their patients and residents including, but not limited to, skilled nursing and assisted living services, social services, various therapy services, and other rehabilitative and healthcare services for both long-term residents and short-stay patients. As of December 31, 2013, of the total 46 facilities, we owned and operated 26 facilities, leased and operated nine facilities, and managed 11 facilities. As part of our strategy to focus on the growth of skilled nursing facilities, we decided in the fourth quarter of 2011 to exit the home health business; and accordingly, this business is reported as discontinued operations. We sold the assets of the home health business in 2012. Additionally, in the fourth quarter of 2012 we entered into an agreement to sell six assisted living facilities located in Ohio and executed a sublease arrangement to exit the skilled nursing business in Jeffersonville, Georgia. The six Ohio assisted living facilities and the Jeffersonville, Georgia skilled nursing facility have an aggregate of 313 units in service. These seven facilities are also reported as discontinued operations. We sold the assets of four of the six Ohio assisted living facilities in December 2012, one in February 2013, and the other in May 2013. During the second quarter of 2013, the Company executed two sublease arrangements to exit the skilled nursing business in Tybee Island, Georgia. The two skilled nursing facilities had an aggregate of 135 units in service. A sales listing agreement was executed for the 105-unit assisted living facility located in Hoover, Alabama, which is a consolidated variable interest entity, during the fourth quarter of 2013. The two skilled nursing facilities located in Tybee Island, Georgia and the assisted living facility located in Hoover, Alabama are reported as discontinued operations (see Note 10 - Discontinued Operations).

As further discussed in the footnotes to the Consolidated Financial Statements included in this Annual Report (see Note 14 and Note 19 to our Consolidated Financial Statements included in Part II, Item 8., "Financial Statements and Supplementary Data."), effective August 1, 2011 entities (the "Oklahoma Owners") controlled by Christopher Brogdon (Vice Chairman of the Board of Directors, owner of greater than 5% of the outstanding common stock and former Chief Acquisition Officer of the Company) and his spouse, Connie Brogdon (related parties to the Company), acquired five skilled nursing facilities located in Oklahoma (the "Oklahoma Facilities"). The Company entered into a Management Agreement with the Oklahoma Owners pursuant to which a wholly-owned subsidiary of the Company supervises the management of the Oklahoma Facilities for a monthly fee equal to 5% of the monthly gross revenues of the Oklahoma Facilities. Upon acquisition, the Company concluded it was the primary beneficiary of the Oklahoma Owners and pursuant to Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 810-10, Consolidation—Overall, consolidated the Oklahoma Owners in its 2011 consolidated financial statements.

During the process of finalizing the 2012 financial statements, the Company reassessed its prior conclusion that it should consolidate the Oklahoma Owners. In the reassessment process, the Company concluded that it should not have consolidated the Oklahoma Owners. The Company has deconsolidated the Oklahoma Owners effective January 1, 2012 and the balance sheet, operations and cash flows of the Oklahoma Owners are not included in the Company's consolidated financial statements subsequent to that date. The Company further concluded that including the Oklahoma Owners in its 2011 financial statements was not material to such consolidated financial statements and therefore no adjustments have been made to the previously issued 2011 financial statements. Note 14, Variable Interest Entities, in the Consolidated Financial Statements included in Part II, Item 8., "Financial Statements and Supplementary Data," includes summarized financial statements of the Oklahoma Owners for 2011 that are included in the Company's 2011 consolidated financial statements.

Liquidity

For the year ended and as of December 31, 2013, we had a net loss of \$13.4 million and negative working capital of \$15.6 million. At December 31, 2013, we had \$19.4 million in cash and cash equivalents and \$160.3 million in indebtedness, including current maturities and discontinued operations, of which \$32.2 million is current debt

(including the Company's outstanding convertible promissory notes with a principal amount in the aggregate of \$4.5 million and \$6.9 million, which mature March 31, 2014 and August 29, 2014, respectively, and approximately \$6.0 million of mortgage notes included in liabilities of variable interest entity held for sale). Our ability to achieve profitable operations is dependent on continued growth in revenue and controlling costs.

We anticipate that scheduled debt service (excluding approximately \$6.4 million of bullet maturities due July 2014 that the Company believes will be refinanced on a longer term basis and \$6.9 million in outstanding convertible promissory notes that mature August 29, 2014 but including principal and interest), will total approximately \$21.4 million and cash outlays for

Table of Contents

capital expenditures, dividends on our Series A Preferred Stock and income taxes will total approximately \$6.5 million for the year ending December 31, 2014. We routinely have ongoing discussions with existing and potential new lenders to refinance current debt on a longer term basis and, in recent periods, have refinanced shorter term acquisition debt, including seller notes, with traditional longer term mortgage notes, some of which have been executed under government guaranteed lending programs. We anticipate the conversion to common stock of \$4.0 million of the Company's outstanding convertible promissory notes that mature August 29, 2014, which excludes subordinated convertible promissory notes with a principal amount in the aggregate of \$2.9 million that were converted into shares of common stock of the Company in January 2014 (see Note 20 - Subsequent Events, of the Consolidated Financial Statements included in Part II, Item 8., "Financial Statements and Supplementary Data). These promissory notes are convertible into shares of common stock of the Company at \$3.73 per share. The closing price of the common stock exceeded \$4.00 per share from January 1, 2014 through March 21, 2014. As discussed further below, if we were unable to refinance the \$6.4 million of bullet maturities due July 2014 or were required to pay the \$4.0 million of outstanding convertible promissory notes in cash, then the Company may be required to restructure its outstanding indebtedness, implement further cost reduction initiatives, sell assets, or delay, modify, or abandon its expansion plans due to our limited liquidity in such an event.

We estimate that cash flow from operations and other working capital changes will be approximately \$15.4 million for the year ending December 31, 2014. During February and March 2014, the Company issued 693,761 shares of its common stock to holders of the Company's warrants dated September 30, 2010 upon conversion at an exercise price of \$3.57 per share. The Company received proceeds of approximately \$2.3 million, net of broker commissions of approximately \$0.1 million (see Note 20 - Subsequent Events, of the Consolidated Financial Statements included in Part II, Item 8., "Financial Statements and Supplementary Data).

Based on existing cash balances, anticipated cash flows for the year ending December 31, 2014, the anticipated refinancing of \$6.4 million of bullet maturities due July 2014, the expected conversion of \$4.0 million of convertible promissory notes due August 29, 2014 into shares of the Company's common stock, the net proceeds of approximately \$6.3 million from the issuance and sale of the Company's 10% subordinated convertible notes due April 30, 2015 that were received on March 28, 2014 (see Note 20 - Subsequent Events), and anticipated new sources of capital, we believe there will be sufficient funds for our operations, scheduled debt service, and capital expenditures at least through the next 12 months. On a longer term basis, at December 31, 2013 we have approximately \$73.9 million of debt payments and maturities due between 2015 and 2017, excluding convertible promissory notes which are convertible into shares of the Company's common stock. We have been successful in recent years in raising new equity capital and believe, based on recent discussions, that these markets will continue to be available to us for raising capital in 2014. We believe our long-term liquidity needs will be satisfied by these same sources, as well as borrowings as required to refinance indebtedness.

In order to satisfy our capital needs, we seek to: (i) improve our operating results by increasing facility occupancy, optimizing our payor mix by increasing the proportion of sub-acute patients within our skilled nursing facilities, continuing our cost optimization and efficiency strategies and acquiring additional long-term care facilities with existing operating cash flow; (ii) expand our borrowing arrangements with certain existing lenders; (iii) refinance current debt where possible to obtain more favorable terms; and (iv) raise capital through the issuance of debt or equity securities. We anticipate that these actions, if successful, will provide the opportunity for us to maintain liquidity on a short and long term basis, thereby permitting us to meet our operating and financing obligations for the next 12 months and provide for the continuance of our acquisition strategy. However, there is no guarantee that such actions will be successful or that anticipated operating results will be achieved. We currently have limited borrowing availability under our existing revolving credit facilities. If the Company is unable to improve operating results, expand existing borrowing agreements, refinance current debt (including the \$6.4 million of bullet maturities due July 2014), the convertible promissory notes due August 29, 2014 are not converted into shares of the Company's common stock and are required to be repaid by us in cash, or raise capital through the issuance of securities, then the Company may be required to restructure its outstanding indebtedness, implement further cost reduction initiatives, sell assets, or delay, modify, or abandon its expansion plans.

Acquisitions

We have embarked on a strategy to grow our business through acquisitions and leases of senior care facilities and businesses providing services to those facilities. During the year ended December 31, 2013, the Company incurred acquisition costs totaling approximately \$0.6 million. Acquisition costs are recorded in "Other Income (Expense)" section of the Consolidated Statements of Operations included in Part II, Item 8., "Financial Statements and Supplementary Data."

As noted above in Part I, Item 1 "Business," on February 15, 2013, the Company entered into a Purchase and Sale Agreement with Avalon to acquire certain land, buildings, improvements, furniture, vehicles, contracts, fixtures and equipment consisting of: (i) a 180-bed skilled nursing facility known as Bethany Health and Rehab; and (ii) a 240-bed skilled nursing facility known as Trevecca Health and Rehab, both located in Nashville, Tennessee. The Company deposited \$0.4 million of

earnest money escrow deposits in February 2013. On June 1, 2013, the Purchase and Sale Agreement was terminated due to the failure of the transaction to close by May 31, 2013. On August 1, 2013, the Company entered into a settlement agreement regarding the return of the \$0.4 million previously deposited earnest money escrow deposits. Pursuant to the agreement, the previously deposited earnest money escrow deposits were released and distributed, \$0.3 million to the Company and \$0.1 million to Avalon.

Divestitures

As part of the Company's strategy to focus on the growth of its skilled nursing segment, the Company decided in the fourth quarter of 2011 to exit the home health segment of the business and sold the assets of the home health business in 2012. In the fourth quarter of 2012, the Company continued this strategy and entered into an agreement to sell six assisted living facilities located in Ohio. The Company also entered into a sublease arrangement in the fourth quarter of 2012 to exit the operations of a skilled nursing facility in Jeffersonville, Georgia. On June 12, 2013, the Company executed two sublease agreements to exit the skilled nursing business in Tybee Island, Georgia effective June 30, 2013 relating to two facilities. A sales listing agreement was executed for the 105-unit assisted living facility located in Hoover, Alabama, which is a consolidated variable interest entity, during the fourth quarter of 2013.

The results of operations and cash flows for the home health business, the six Ohio assisted living facilities, the Jeffersonville, Georgia skilled nursing facility, the two facilities in Tybee Island, Georgia, and the assisted living facility located in Hoover, Alabama are reported as discontinued operations in 2013 and 2012.

The following table summarizes the activity of discontinued operations for the years ended December 31, 2013 and 2012:

(Amounts in 000's)	December 31, 2013	December 31, 2012
Total revenues from discontinued operations	\$5,559	\$21,768
Net (loss) income from discontinued operations	\$(2,248)) \$5,846
Interest expense, net from discontinued operations	\$591	\$1,183
Income tax (expense) benefit from discontinued operations	\$(33)) \$20
(Loss) gain on disposal of assets from discontinued operations	\$(467)) \$6,729

Segments

Consistent with our strategy to focus on the growth of our skilled nursing facilities and in light of our sale of the majority of our assisted living facilities (the completed sale of four of our assisted living facilities located in Ohio in fourth quarter of 2012), beginning in the fourth quarter of 2012, we only evaluate operating performance for our 43 skilled nursing facilities, our remaining two assisted living facilities and one independent living facility on a combined basis. Through the third quarter of 2012, we previously evaluated our operations under three segments: skilled nursing facilities ("SNF"), assisted living facilities ("ALF"), and Corporate & Other. Accordingly, management discussion and analysis on a segment basis is not included herein.

Primary Performance Indicators

We focus on two primary indicators in evaluating our financial performance. Those indicators are facility average occupancy and patient mix. Facility average occupancy is important as higher occupancy generally leads to higher revenues. In addition, concentrating on increasing the number of Medicare covered admissions ("the patient mix") helps in increasing revenues. We include commercial insurance covered admissions that are reimbursed at the same level as those covered by Medicare in our Medicare utilization percentages and analysis. We also evaluate "Same Facilities" and "Recently Acquired Facilities" results. Same Facilities represent those owned and leased facilities we began to operate prior to January 1, 2012. Recently Acquired Facilities results represents those owned and leased facilities we began to operate subsequent to January 1, 2012.

The tables below reflect our 2013 and 2012 patient care revenue key performance indicators for our skilled nursing facilities excluding discontinued operations. Excluding discontinued operations, our assisted living facilities represent approximately 1% of our total consolidated revenues in both 2013 and 2012. We continue our work towards maximizing the number of patients covered by Medicare where our operating margins are higher.

Medicare reimburses our skilled nursing facilities under a prospective payment system (“PPS”) for certain inpatient covered services. Under the PPS, facilities are paid a predetermined amount per patient, per day, based on the anticipated costs of treating patients. The amount to be paid is determined by classifying each patient into a resource utilization group (“RUG”) category that is based upon each patient’s acuity level. In October 2010, the number of RUG categories was expanded from 53 to 66 as part of the implementation of the RUGs IV system and the introduction of a revised and substantially expanded patient assessment tool called the Minimum Data Set, version 3.0.

On July 29, 2011, the Centers for Medicare & Medicaid Services (“CMS”) issued a final rule providing for, among other things, a net 11.1% reduction in PPS payments to skilled nursing facilities for CMS’s fiscal year 2012 (which began October 1, 2011) as compared to PPS payments in CMS’s fiscal year 2011 (which ended September 30, 2011). The 11.1% reduction is on a net basis, after the application of a 2.7% market basket increase, and reduced by a 1.0% multi-factor productivity (“MFP”) adjustment required by the Patient Protection and Affordable Care Act of 2010 (“PPACA”). The final CMS rule also adjusted the method by which group therapy is counted for reimbursement purposes, and changed the timing in which patients who are receiving therapy must be reassessed for purposes of determining their RUG category.

The Middle Class Tax Relief and Job Creation Act of 2012 was signed into law on February 22, 2012, extending the Medicare Part B outpatient therapy cap exceptions process through December 31, 2012. The statutory Medicare Part B outpatient therapy cap for occupational therapy (“OT”) was \$1,880 for 2012, and the combined cap for physical therapy (“PT”) and speech-language pathology services (“SLP”) was also \$1,880 for 2012. This is the annual per beneficiary therapy cap amount determined for each calendar year. Similar to the therapy cap, Congress established a threshold of \$3,700 for PT and SLP services combined and another threshold of \$3,700 for OT services. All therapy services rendered above the \$3,700 amount are subject to manual medical review and may be denied unless pre-approved by the provider’s Medicare Administrative Contractor. The law requires an exceptions process to the therapy cap that allows providers to receive payment from Medicare for medically necessary therapy services above the therapy cap amount. Beginning October 1, 2012, some therapy providers may submit requests for exceptions (pre-approval for up to 20 therapy treatment days for beneficiaries at or above the \$3,700 threshold) to avoid denial of claims for services above the threshold amount. The \$3,700 figure is the defined threshold that triggers the provision for an exception request. Prior to October 1, 2012, there was no provision for an exception request when the threshold was exceeded.

On July 27, 2012, CMS issued a final rule providing for, among other things, a net 1.8% increase in PPS payments to skilled nursing facilities for CMS's fiscal year 2013 (which began on October 1, 2012) as compared to PPS payments to skilled nursing facilities in CMS's fiscal year 2012 (which ended September 30, 2012). The 1.8% increase was on a net basis, reflecting the application of a 2.5% market basket increase, less a 0.7% MFP adjustment mandated by PPACA. This increase is offset by the 2% sequestration reduction, discussed below, which became effective April 1, 2013.

Table of Contents

On January 1, 2013 the American Taxpayer Relief Act of 2012 (the “ATRA”) extended the therapy cap exception process for one year. The ATRA also made additional changes to the Multiple Procedure Payment Reduction previously implemented in 2010. The existing discount to multiple therapy procedures performed in an outpatient environment during a single day was 25%. Effective April 1, 2013, ATRA increased the discount rate by an additional 25% to 50%. The ATRA additionally delayed the sequestration reductions of 2% to all Medicare payments until April 1, 2013.

On July 31, 2013, CMS issued its final rule outlining fiscal year 2014 Medicare payment rates for skilled nursing facilities. CMS estimates that aggregate payments to skilled nursing facilities will increase by \$470 million, or 1.3% for fiscal year 2014, relative to payments in 2013. This estimated increase is attributable to a 2.3% market basket increase, reduced by the 0.5% forecast error correction and further reduced by the 0.5% MFP adjustment as required by PPACA. The forecast error correction is applied when the difference between the actual and projected market basket percentage change for the most recent available fiscal year exceeds the 0.5% threshold. For fiscal year 2012 (most recent available fiscal year), the projected market basket percentage change exceeds the actual market basket percentage change by 0.51%. The 2014 Medicare payment rates for skilled nursing facilities were effective on October 1, 2013.

Should future changes in PPS include further reduced rates or increased standards for reaching certain reimbursement levels (including as a result of automatic cuts tied to federal deficit cut efforts or otherwise), our Medicare revenues derived from our skilled nursing facilities) could be reduced, with a corresponding adverse impact on our financial condition or results of operation.

We also derive a substantial portion of our consolidated revenue from Medicaid reimbursement, primarily through our skilled nursing business. Medicaid programs are administered by the applicable states and financed by both state and federal funds. Medicaid spending nationally has increased significantly in recent years, becoming an increasingly significant component of state budgets. This, combined with slower state revenue growth and other state budget demands, has led both the federal government to institute measures aimed at controlling the growth of Medicaid spending and, in some instances, reducing it.

Historically, adjustments to reimbursement under Medicare and Medicaid have had a significant effect on our revenue and results of operations. Recently enacted, pending and proposed legislation and administrative rulemaking at the federal and state levels could have similar effects on our business. Efforts to impose reduced reimbursement rates, greater discounts and more stringent cost controls by government and other payors are expected to continue for the foreseeable future and could adversely affect our business, financial condition and results of operations. Additionally, any delay or default by the federal or state governments in making Medicare and/or Medicaid reimbursement payments could materially and adversely affect our business, financial condition and results of operations.

Average occupancy and reimbursement rates at the Company’s skilled nursing facilities for the years ended December 31, 2013 and 2012 were as follows:

Critical Accounting Policies

We prepare our financial statements in accordance with accounting principles generally accepted in the United States ("GAAP"). The preparation of these financial statements requires us to make estimates and judgments that affect the reported amount of assets, liabilities, revenues and expenses. On an ongoing basis we review our judgments and estimates, including, but not limited to, those related to doubtful accounts, income taxes, stock compensation, intangible assets and loss contingencies. We base our estimates on historical experience, business knowledge and on various other assumptions that we believe to be reasonable under the circumstances at the time. Actual results may vary from our estimates. These estimates are evaluated by management and revised as circumstances change. We believe that the following represents our critical accounting policies:

Consolidation with Entities in Which We Have Determined to Have a Controlling Financial Interest

Arrangements with other business enterprises are evaluated, and those in which AdCare is determined to have controlling financial interest are consolidated. Guidance is provided by FASB ASC Topic 810-10, Consolidation—Overall, which addresses the consolidation of business enterprises to which the usual condition of consolidation (ownership of a majority voting interest) does not apply. This interpretation focuses on controlling financial interests that may be achieved through arrangements that do not involve voting interests. It concludes that, in absences of clear control through voting interests, a company's exposure (variable interest) to the economic risks and potential rewards from the variable interest entity's assets and activities are the best evidence of control. If an enterprise holds a majority of the variable interests of an entity, it would be considered the primary beneficiary. The primary beneficiary is required to consolidate the assets, liabilities and results of operations of the variable interest

entity in its financial statements.

Table of Contents

We have evaluated and concluded that as of December 31, 2013, we have one relationship with a variable interest entity in which we have determined that we are the primary beneficiary required to consolidate the entity. See Note 14 to our consolidated financial statements included in Part II, Item 8., "Financial Statements and Supplementary Data." As further discussed in Note 14 and Note 19 to the Consolidated Financial Statements included in Part II, Item 8., "Financial Statements and Supplementary Data," during the process of finalizing the 2012 financial statements, the Company re-assessed its prior conclusion that it should consolidate the Oklahoma Owners. In the reassessment process, the Company concluded that it should not have consolidated the Oklahoma Owners. The Company has deconsolidated the Oklahoma Owners effective January 1, 2012 and the balance sheet, operations and cash flows of the Oklahoma Owners are not included in the Company's consolidated financial statements. The Company further concluded that including the Oklahoma Owners in its 2011 financial statements was not material to such consolidated financial statements and therefore no adjustments have been made to the previously issued 2011 financial statements subsequent to that date.

Revenue Recognition

The Company recognizes revenue when the following four conditions have been met: (i) there is persuasive evidence that an arrangement exists; (ii) delivery has occurred or service has been rendered; (iii) the price is fixed or determinable; and (iv) collection is reasonably assured. The Company's revenue is derived primarily from providing healthcare services to residents and is recognized on the date services are provided at amounts billable to the individual. For reimbursement arrangements with third-party payors, including Medicaid, Medicare and private insurers, revenue is recorded based on contractually agreed-upon amounts on a per patient, daily basis.

Revenue from the Medicaid and Medicare programs accounted for 84% of our revenue for each of the years ended December 31, 2013 and 2012. The Company records revenue from these governmental and managed care programs as services are performed at their expected net realizable amounts under these programs. The Company's revenue from governmental and managed care programs is subject to audit and retroactive adjustment by governmental and third-party agencies. Consistent with healthcare industry accounting practices, any changes to these governmental revenue estimates are recorded in the period the change or adjustment becomes known based on final settlement. We recorded retroactive adjustments to revenue which were not material to our consolidated revenue for the years ended December 31, 2013 and 2012.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable consist primarily of amounts due from Medicaid and Medicare programs, other government programs, managed care health plans and private payor sources. Estimated provisions for doubtful accounts are recorded to the extent it is probable that a portion or all of a particular account will not be collected.

Accounts receivable are reported net of allowances for doubtful accounts. The administrators and managers of our facilities evaluate the collectibility of accounts; Corporate management reviews the adequacy of the allowance for doubtful accounts on a monthly basis, and adjustments are made if necessary.

Asset Impairment

The Company reviews the carrying value of long-lived assets that are held and used in our operations for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of these assets is determined based upon expected undiscounted future net cash flows from the operations to which the assets relate, utilizing management's best estimate, appropriate assumptions, and projections at the time. If the carrying value is determined to be unrecoverable from future operating cash flows, the asset is deemed impaired and an impairment loss would be recognized to the extent the carrying value exceeded the estimated fair value of the asset. We estimate the fair value of assets based on the estimated future discounted cash flows of the asset. Management has evaluated its long-lived assets and has not identified any asset impairment during the year ended December 31, 2013 and 2012.

The Company tests indefinite-lived intangible assets for impairment on an annual basis or more frequently if events or changes in circumstances indicate that the carrying amount of the intangible asset may not be recoverable.

Goodwill represents the excess of the purchase price over the fair value of identifiable net assets acquired in business combinations. Goodwill is subject to annual testing for impairment. In addition, goodwill is tested for impairment if events occur or circumstances change that would reduce the fair value of a facility below its carrying amount. The

Company performs its annual test for impairment during the fourth quarter of each year. During 2013, the Company recognized a goodwill impairment charge of approximately \$0.8 million on a facility located in Tulsa, Oklahoma acquired in 2012 which is reflected in loss from continuing operations. The impairment charge was a result of the required goodwill impairment test that requires

Table of Contents

the goodwill to be written down to the estimate of the implied fair value (see Note 6 to our Consolidated Financial Statements included in Part II, Item 8., "Financial Statements and Supplementary Data.").

The Company's asset impairment analysis is consistent with the fair value measurements described in ASC Topic 820, Fair Value Measurements and Disclosures. In 2012, the Company recognized impairment charges totaling \$0.5 million related to its former corporate office building in Springfield, Ohio and an administrative office building in Rogers, Arkansas. Both of these office buildings were held for sale at December 31, 2012. In 2013, the Company completed the sale of its former Springfield, Ohio corporate office building which was sold for the approximate net book value. During 2013, the Company recognized a \$0.5 million impairment charge to write down the carrying value of certain lease rights, equipment, and leasehold improvement values of a facility located in Thomasville, Georgia and an impairment charge of \$0.7 million to write down the carrying value of certain lease rights, equipment, and leasehold improvement values related to two facilities in Tybee Island, Georgia (see Note 10 to our Consolidated Financial Statements included in Part II, Item 8., "Financial Statements and Supplementary Data"). The impairment charge represents a change in fair value from the carrying value.

Self-Insurance Accruals

As of October 1, 2012, the Company is self-insured for employee medical claims (in all states except for Oklahoma, where the Company participates in the Oklahoma state subsidy program) and has a large deductible workers' compensation plan (in all states except for Ohio, where workers' compensation is covered under a premium-only policy provided by the Ohio Bureau of Worker's Compensation, a state funded program required by Ohio's monopolistic workers' compensation system). Determining reserves for healthcare losses and costs that we have incurred as of the end of a reporting period involves significant judgments based upon our experience and our expectations of future events, including projected settlements for pending claims, known incidents which we expect may result in claims, estimates of incurred but not yet reported claims, expected changes in premiums for insurance provided by insurers whose policies provide for retroactive adjustments, estimated litigation costs and other factors. Since these reserves are based on estimates, the actual expenses we incur may differ from the amount reserved. We regularly adjust these estimates to reflect changes in the foregoing factors, our actual claims experience, recommendations from our professional consultants, changes in market conditions and other factors; it is possible that such adjustments may be material.

Business Combinations

The Company follows ASC Topic 805, Business Combinations ("ASC 805"), which establishes principles and requirements for how an acquirer recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed, any non-controlling interest in the acquiree as well as the goodwill acquired or gain recognized in a bargain purchase. The guidance also establishes disclosure requirements to enable the evaluation of the nature and financial effects of the business combination. The Company incurred acquisition costs of approximately \$0.6 million and \$2.0 million during the years ended December 31, 2013 and 2012, respectively, as discussed in Note 9 - Acquisitions of the Consolidated Financial Statements included in Part II, Item 8., "Financial Statements and Supplementary Data." ASC 805 requires that we make certain valuations to determine the fair value of assets acquired and the liabilities assumed. Such valuations require us to make significant estimates, judgments and assumptions, including projections of future events and operating performance.

Stock-Based Compensation

The Company follows the provisions of FASB Accounting Standards Codification ("ASC") 718, "Compensation - Stock Compensation" (ASC 718), previously referred to as Statement of Financial Accounting Standards No. 123R - Share-based Payments which requires the measurement and recognition of compensation expense for all share-based payment awards either modified or granted to employees and directors based upon estimated fair values. The Black-Scholes-Merton option-pricing model, consistent with the provisions of ASC 718, was used to determine the fair value of each option granted. Option valuation models require the input of highly subjective assumptions, including the expected stock price volatility. The Company uses projected volatility rates, which are based upon historical volatility rates, trended into future years. Because the Company's stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a

reliable single measure of the fair value of our options.

Income Taxes

As required by ASC Topic 740, Income Taxes ("ASC 740"), the Company establishes deferred tax assets and liabilities for temporary differences between the financial reporting basis and the tax basis of our assets and liabilities at tax rates in effect when such temporary differences are expected to reverse. We generally expect to fully utilize our deferred tax assets; however,

Table of Contents

when necessary, we record a valuation allowance to reduce our net deferred tax assets to the amount that is more likely than not to be realized. At December 31, 2013, the Company has a valuation allowance of approximately \$11.5 million. In future periods, we will continue to assess the need for and adequacy of the remaining valuation allowance. We follow the relevant ASC 740 guidance when accounting for uncertainty in income taxes. The guidance provides information and procedures for financial statement recognition and measurement of tax positions taken, or expected to be taken, in tax returns.

In determining the need for a valuation allowance, the annual income tax rate, or the need for and magnitude of liabilities for uncertain tax positions, we make certain estimates and assumptions. These estimates and assumptions are based on, among other things, knowledge of operations, markets, historical trends and likely future changes and, when appropriate, the opinions of advisors with knowledge and expertise in certain fields. Due to certain risks associated with our estimates and assumptions, actual results could differ.

In early 2014, the Internal Revenue Service ("IRS") initiated an examination of the Company's income tax return for the 2011 income tax year. To date, the IRS has not proposed any adjustments. The Company is not currently under examination by any other major income tax jurisdiction.

Patient Care Revenues—Total patient care revenues increased by \$28.8 million, or 15%, to \$220.8 million for the year ended December 31, 2013, compared with \$191.9 million for the year ended December 31, 2012. The \$28.8 million increase is primarily due to an increase in skilled patient mix percentage from 14.2% to 14.4%, increases in average Medicare reimbursement rate per patient day from \$436.22 to \$442.62, or 1.5%, partially offset by the decrease in

facility occupancy rate of 79.3% to 76.9%, and reductions in average Medicaid reimbursement rates per patient day of \$161.82 to \$159.11, or (1.7)%, compared to 2012.

Table of Contents

Revenue generated by Same Facilities decreased approximately \$7.6 million, or 5%, for the year ended December 31, 2013 compared to the year ended December 31, 2012. This decrease was primarily due a decrease in occupancy percentage from 82.9% to 80.8%, a decrease in skilled patient mix from 14.3% to 13.7%, reductions in average Medicaid reimbursement rates per patient day from \$160.87 to \$156.91, or 2.5%, partially offset by increases in averaged Medicare reimbursement rates per patient day from \$440.20 to \$442.39, or 0.5%, compared to 2012.

Revenue generated by Recently Acquired Facilities increased approximately \$36.5 million, or 145%, for the year ended December 31, 2013 compared to the year ended December 31, 2012. This increase is primarily due to an increase in occupancy from 61.3% to 67.7%, increase in skilled patient mix percentage from 13.3% to 16.2%, increases in average Medicare reimbursement rates per patient day from \$407.87 to \$443.16, or 8.7%, partially offset by reductions in average Medicaid patient mix from \$167.86 to \$165.01, or (1.7)% compared to 2012 . Since January 1, 2012, the Company has acquired eleven skilled nursing facilities and one assisted living facility.

Management Revenues—Management revenues (net of eliminations) decreased by \$0.1 million, or 3%. The decrease was primarily due to the discontinuance of one management contract in February 2013.

Cost of Services (exclusive of facility rent and depreciation and amortization shown separately)—Cost of services increased by \$24.9 million, or 16%, in 2013 as compared to 2012. Of the \$24.9 million increase, Recently Acquired Facilities increased by \$29.5 million, or 121.7%, as the Company has acquired eleven skilled nursing facilities and one assisted living facility since January 1, 2012. The cost of services for Same Facilities decreased by \$4.6 million, or 3.4% due to lower occupancy and skilled patient mix. Cost of services as a percentage of patient care revenue increased from 83.7% at December 31, 2012 to 84.1% at December 31, 2013. The increase in cost of services as a percentage of patient care revenue is also a result of the Company limiting the ability for employees to accumulate earned but unused vacation beyond the current calendar year. As a result, the vacation time previously accumulated must be used by the employee by the end of the calendar year or it will be forfeited; therefore, the vacation accrual and expense were adjusted accordingly for 2012.

General and Administrative—General and administrative costs increased by \$2.0 million to \$19.0 million in 2013 from \$17.0 million in 2012. The increase is primarily due to the following: (i) increases in salaries, wage and employee benefits expense of approximately \$1.0 million due to the Company’s increased corporate overhead structure in response to the growth needs and the opening of an accounting service center located in Roswell, Georgia, (ii) increase of approximately \$0.6 million in accounting and auditing expense, (iii) increase of approximately \$0.3 million in expense due to a new data center agreement, (iv) increase of approximately \$0.2 million in contract services expense, (v) increase of approximately \$0.2 million in non-employee stock compensation amortization expense, (vi) approximately \$0.1 million in Georgia reincorporation expense, (vii) increase of approximately \$0.1 million in recruiting cost, partially offset by (viii) increase of approximately \$0.4 million in purchasing rebates, and a (ix) decrease of approximately \$0.1 million in investor relations expense. As a percentage of revenue, general and administrative costs declined to 8.5% in 2013 compared to 8.8% in 2012, reflecting increased leverage of our fixed costs over the scale of expanding operations from acquisitions.

Audit Committee Investigation Expense—As previously disclosed, the Audit Committee, in consultation with management, concluded that: (i) the Company’s previously issued financial statements for the quarters ended March 31, 2012, June 30, 2012 and September 30, 2012 (the “Relevant Financial Statements”) should no longer be relied upon due to errors in the Relevant Financial Statements identified in connection with the audit of the Company’s financial statements for the year ended December 31, 2012; and (ii) the Company would restate the Relevant Financial Statements. The Audit Committee initiated a further review of, and inquiry with respect to, the accounting and financial issues related to these and other potential errors and engaged counsel to assist the Audit Committee with such matters. The Audit Committee completed its inquiry and, in connection therewith, assisted in the correction of certain errors relating to accounting and financial matters and identified certain material weaknesses in the Company’s internal control over financial reporting, including weakness in the Company’s ability to appropriately account for complex or non-routine transactions and in the quality and sufficiency of the Company’s finance and accounting resources. On July 8, 2013, the Company restated the Relevant Financial Statements by filing with the SEC amendments to its Quarterly Reports on Form 10-Q/A for the quarters ended March 31, 2012, June 30, 2012 and September 30, 2012.

In connection with the restatement process and the Audit Committee's review and inquiry, the Company has incurred significant professional services costs and other expenses which have been recognized as a special charge of approximately \$2.4 million for the year ended December 31, 2013.

Facility Rent Expense—Facility rent expense was approximately \$7.0 million for both 2013 and 2012.

Depreciation and Amortization—Depreciation and amortization increased by \$1.4 million in 2013 compared to 2012.

The depreciation increase is directly related to the 2012 acquisition activity, the impairment charge of approximately \$1.2 million which related to the asset impairments for intangible lease rights, equipment, and leasehold improvements for a certain

Table of Contents

facility located in Thomasville, Georgia of approximately \$0.5 million and two facilities in Tybee Island, Georgia of approximately \$0.7 million primarily due to the amount by which the carrying values of the assets exceeded the estimated fair value. During 2012, we recognized impairment charges of \$0.4 million to write down the carrying value of an office building located in Rogers, Arkansas and \$0.1 million to reduce the net book value of the Company's former Springfield, Ohio office to net realizable value. We compared the estimated fair value of the assets to their carrying value and recorded an impairment charge for the excess of carrying value over estimated fair value. In addition, the 2012 acquisitions resulted in intangibles that are being amortized during both periods.

Salary Retirement and Continuation Costs—In 2013, we incurred certain retirement and salary continuation costs of approximately \$0.2 million related to separation agreements with prior officers of the Company. The costs include wage continuation and fringe benefits which are to be paid out to these former employees through December 2013. **Interest Expense, net**—Interest expense, net increased \$0.2 million, or 2% from 2012 to 2013. We have entered into numerous debt instruments in relation to our growth strategy for the acquisition of the facilities which began in the third quarter of 2010.

Acquisition Costs, net of Gains—For 2013, acquisition costs were \$0.6 million, compared to \$2.0 million for 2012. The decrease was a result of less acquisition activity during 2013 compared to 2012.

Derivative Gain (Loss)—For 2013, the derivative gain was \$3.0 million compared to a loss of \$1.7 million in 2012. The derivative is a product of a convertible debt instrument entered into during the third quarter of 2010. The expense associated with the derivative is subject to volatility based on a number of factors including increases or decreases in our stock price. Increases in our stock price generally result in increases in expense. Conversely, a decrease in our stock price generally results in the recognition of a gain in our statements of operations. The expense or gain recognized in a period is based on the fair value of the derivative instrument at the end of the year in comparison to the beginning of the year. The Company amended the debt instruments in October 2013 to eliminate the derivative feature, among other items. Consequently, the fair value of the derivative instrument was eliminated as of October 2013, compared to \$3.6 million at December 31, 2012.

(Loss) Gain on Debt Extinguishment—In 2012, a non-cash gain of \$0.5 million was recognized in connection with a litigation settlement.

Loss on Impairment—During the year ended December 31, 2013, the Company recognized a goodwill impairment of \$0.8 million related to a facility located in Tulsa, Oklahoma which was acquired in 2012. The impairment charge was a result of the required goodwill impairment test that requires the goodwill to be written down to the estimate of the implied fair value.

Other Expense—For 2013, other expense was \$0.3 million compared to \$0.1 million in 2012. In 2013, the Company incurred costs of \$0.3 million in restructuring the 2010 subordinated convertible notes and to extend the maturity date to August 2014.

Income Tax Expense—Income tax expense was approximately \$0.1 million for both 2013 and 2012. Income tax expense for the Company is related to state and local taxes. The Company's effective tax rate was (1.3)% for the year ended December 31, 2013 as compared to (1.0)% for the year ended December 31, 2012, primarily due to an increase in the Company's operating loss before income taxes in 2013.

Liquidity and Capital Resources

For the year ended and as of December 31, 2013, we had a net loss of \$13.4 million and negative working capital of \$15.6 million. At December 31, 2013, we had \$19.4 million in cash and cash equivalents and \$160.3 million in indebtedness, including current maturities and discontinued operations, of which \$32.2 million is current debt (including the Company's outstanding convertible promissory notes with a principal amount in the aggregate of \$4.5 million and \$6.9 million, which mature March 31, 2014 and August 29, 2014, respectively, and approximately \$6.0 million of mortgage notes included in liabilities of variable interest entity held for sale). Our ability to achieve profitable operations is dependent on continued growth in revenue and controlling costs.

We anticipate that scheduled debt service (excluding approximately \$6.4 million of bullet maturities due July 2014 that the Company believes will be refinanced on a longer term basis and \$6.9 million in outstanding convertible promissory notes that mature August 29, 2014 but including principal and interest), will total approximately \$21.4 million and cash outlays for capital expenditures, dividends on our Series A Preferred Stock and income taxes will

total approximately \$6.5 million for the year ending December 31, 2014. We routinely have ongoing discussions with existing and potential new lenders to refinance current debt on a longer term basis and, in recent periods, have refinanced shorter term acquisition debt, including seller notes, with traditional longer term mortgage notes, some of which have been executed under government guaranteed lending programs. We anticipate the conversion to common stock of \$4.0 million of the Company's outstanding convertible promissory

Table of Contents

notes that mature August 29, 2014, which excludes subordinated convertible promissory notes with a principal amount in the aggregate of \$2.9 million that were converted into shares of common stock of the Company in January 2014 (see Note 20 - Subsequent Events, of the Consolidated Financial Statements included in Part II, Item 8., "Financial Statements and Supplementary Data). These promissory notes are convertible into shares of common stock of the Company at \$3.73 per share. The closing price of the common stock exceeded \$4.00 per share from January 1, 2014 through March 21, 2014. As discussed further below, if we were unable to refinance the \$6.4 million of bullet maturities due July 2014 or were required to pay the \$4.0 million of outstanding convertible promissory notes in cash, then the Company may be required to restructure its outstanding indebtedness, implement further cost reduction initiatives, sell assets, or delay, modify, or abandon its expansion plans due to our limited liquidity in such an event. We estimate that cash flow from operations and other working capital changes will be approximately \$15.4 million for the year ending December 31, 2014. During February and March 2014, the Company issued 693,761 shares of its common stock to holders of the Company's warrants dated September 30, 2010 upon conversion at an exercise price of \$3.57 per share. The Company received proceeds of approximately \$2.3 million, net of broker commissions of approximately \$0.1 million (see Note 20 - Subsequent Events, of the Consolidated Financial Statements included in Part II, Item 8., "Financial Statements and Supplementary Data).

Based on existing cash balances, anticipated cash flows for the year ending December 31, 2014, the anticipated refinancing of \$6.4 million of bullet maturities due July 2014, the expected conversion of \$4.0 million of convertible promissory notes due August 29, 2014 into shares of the Company's common stock, the net proceeds of approximately \$6.3 million from the issuance and sale of the Company's 10% subordinated convertible notes due April 30, 2015 that were received on March 28, 2014 (see Note 20 - Subsequent Events), and anticipated new sources of capital, we believe there will be sufficient funds for our operations, scheduled debt service, and capital expenditures at least through the next 12 months. On a longer term basis, at December 31, 2013 we have approximately \$73.9 million of debt payments and maturities due between 2015 and 2017, excluding convertible promissory notes which are convertible into shares of the Company's common stock. We have been successful in recent years in raising new equity capital and believe, based on recent discussions, that these markets will continue to be available to us for raising capital in 2014. We believe our long-term liquidity needs will be satisfied by these same sources, as well as borrowings as required to refinance indebtedness.

In order to satisfy our capital needs, we seek to: (i) improve our operating results by increasing facility occupancy, optimizing our payor mix by increasing the proportion of sub-acute patients within our skilled nursing facilities, continuing our cost optimization and efficiency strategies and acquiring additional long-term care facilities with existing operating cash flow; (ii) expand our borrowing arrangements with certain existing lenders; (iii) refinance current debt where possible to obtain more favorable terms; and (iv) raise capital through the issuance of debt or equity securities. We anticipate that these actions, if successful, will provide the opportunity for us to maintain liquidity on a short and long term basis, thereby permitting us to meet our operating and financing obligations for the next 12 months and provide for the continuance of our acquisition strategy. However, there is no guarantee that such actions will be successful or that anticipated operating results will be achieved. We currently have limited borrowing availability under our existing revolving credit facilities. If the Company is unable to improve operating results, expand existing borrowing agreements, refinance current debt (including the \$6.4 million of bullet maturities due July 2014), the convertible promissory notes due August 29, 2014 are not converted into shares of the Company's common stock and are required to be repaid by us in cash, or raise capital through the issuance of securities, then the Company may be required to restructure its outstanding indebtedness, implement further cost reduction initiatives, sell assets, or delay, modify, or abandon its expansion plans.

Year Ended December 31, 2013

Net cash provided by operating activities—continuing operations for the year ended December 31, 2013, was approximately \$5.3 million consisting primarily of our income from operations less changes in working capital, and noncash charges (primarily depreciation and amortization, the derivative gain, share-based compensation, difference between straight-line rent and rent paid, and amortization of debt discounts and related deferred financing costs) all primarily the result of routine operating activity. Net cash used in operating activities—discontinued operations was approximately \$0.2 million.

Net cash used in investing activities—continuing operations for the year ended December 31, 2013, was approximately \$8.2 million. This is primarily the result of additional restricted cash deposits and capital expenditures throughout the facilities, offset by proceeds received from notes receivable. Net cash provided by investing activities—discontinued operations was approximately \$5.0 million related to proceeds from the sale of two additional Ohio assisted living facilities.

Net cash provided by financing activities—continuing operations was approximately \$7.1 million for the year ended December 31, 2013. This is primarily the result of cash proceeds received from preferred stock issuances, proceeds received from additional debt borrowings, partially offset by repayments of existing debt obligations and payments of preferred stock dividends. Net cash used in financing activities—discontinued operations was approximately \$5.6 million consisting of repayments of existing debt obligations.

Year Ended December 31, 2012

Net cash provided by operating activities—continuing operations for the year ended December 31, 2012, was \$1.7 million consisting primarily of our income from operations less changes in working capital, and noncash charges (primarily depreciation and amortization, the derivative loss, share-based compensation, difference between straight-line rent and rent paid, and amortization of debt discounts and related deferred financing costs) all primarily the result of routine operating activity. Net cash used in operating activities—discontinued operations was approximately \$0.2 million.

Net cash used in investing activities—continuing operations for the year ended December 31, 2012, was approximately \$70.8 million. This is primarily the result of funding our acquisitions, including making escrow deposits as well as capital expenditures throughout the facilities and new computer software. Net cash provided by investing activities—discontinued operations was approximately \$11.6 million for the year ended December 31, 2012 related to proceeds from the sale of four of the six Ohio assisted living facilities.

Net cash provided by financing activities—continuing operations was approximately \$72.6 million for the year ended December 31, 2012. This is primarily the result of proceeds from debt financings to fund our acquisitions and proceeds received from common and preferred stock issuances, partially offset by repayments of existing debt obligations. Net cash used in financing activities—discontinued operations was approximately \$6.2 million consisting of repayments of existing debt obligations.

Debt Covenant Compliance

As of December 31, 2013, the Company (including its consolidated variable interest entity) has approximately forty credit related instruments (credit facilities, mortgage notes, bonds and other credit obligations) outstanding that include various financial and administrative covenant requirements. Covenant requirements include, but are not limited to, fixed charge coverage ratios, debt service coverage ratios, minimum EBITDA or EBITDAR, current ratios and tangible net worth requirements. Certain financial covenant requirements are based on consolidated financial measurements whereas others are based on subsidiary level (i.e. facility, multiple facilities or a combination of subsidiaries comprising less than the Company's consolidated financial measurements). Some covenants are based on annual financial metric measurements whereas others are based on a quarterly financial metric measurements. The Company routinely tracks and monitors its compliance with its

Table of Contents

covenant requirements. In recent periods, including as of December 31, 2013, the Company has not been in compliance with certain financial and administrative covenants. For each instance of such non-compliance, the Company has obtained waivers or amendments to such requirements including as necessary modifications to future covenant requirements or the elimination of certain requirements in future periods.

Revolving Credit Facilities and Lines of Credit

Gemino Credit Facility

On September 20, 2012, AdCare terminated and paid off all amounts outstanding under that certain Credit Agreement, dated October 29, 2010, between Gemino Healthcare Finance, LLC ("Gemino") and AdCare (the "Gemino Credit Facility"). The Gemino Credit Facility was a secured credit facility for borrowings up to \$7.5 million, which was to mature on October 29, 2013. As of September 20, 2012, the outstanding principal balance was approximately \$4.2 million which was paid from funds made available to AdCare from a new credit facility entered into with The PrivateBank and Trust Company ("PrivateBank"). Interest accrued on the principal balance outstanding of the Gemino Credit Facility at an annual rate equal to LIBOR rate plus the applicable margin of 4.75% to 5.00%, depending on the principal amount outstanding. The Gemino Credit Facility contained various financial covenants and other restrictions, including a fixed charge cover ratio and maximum loan turn days, as well as borrowing base restrictions. No material early termination penalties were incurred by AdCare as a result of the termination of the Gemino Credit Facility.

Gemino Northwest Credit Facility

On May 30, 2013, NW 61st Nursing, LLC ("Northwest"), a wholly-owned subsidiary of the Company, entered into a Credit Agreement (the "Northwest Credit Facility") with Gemino. The Northwest Credit Facility provides for a \$1.0 million principal amount senior-secured revolving credit facility.

The Northwest Credit Facility matures on January 31, 2015 and interest accrues on the principal balance thereof at an annual rate of 4.75% plus the current LIBOR rate. Northwest also pays to Gemino: (i) a collateral monitoring fee equal to 1.0% per annum of the daily outstanding balance of the Northwest Credit Facility; and (ii) a fee equal to 0.5% per annum of the unused portion of the Northwest Credit Facility. In the event the Northwest Credit Facility is terminated prior to January 31, 2015, Northwest shall also be required to pay a fee to Gemino in an amount equal to 1.0% of the Northwest Credit Facility. The Northwest Credit Facility is secured by a security interest in the accounts receivable and the collections and proceeds thereof relating to the Company's skilled nursing facility located in Oklahoma City, Oklahoma known as the Northwest Nursing Center. The Company has unconditionally guaranteed all amounts owing under the Northwest Credit Facility.

The Northwest Credit Facility contains customary events of default, including material breach of representations and warranties, failure to make required payments, failure to comply with certain agreements or covenants and certain events of bankruptcy and insolvency. Upon the occurrence of an event of default, Gemino may terminate the Northwest Credit Facility.

In connection with entering into the Northwest Credit Facility, certain affiliates of the Company and Northwest, as applicable, also entered into an intercreditor and subordination agreement, governmental depository agreement and subordination of management fee agreement, each containing customary terms and conditions.

On June 25, 2013, Northwest entered into a First Amendment to the Credit Agreement which amended the Northwest Credit Facility. The amendment, among other things: (i) amends certain financial covenants regarding fixed charge coverage ratio and minimum EBITDA; and (ii) amends the credit facility to include the Bonterra Credit Facility (discussed below) as an affiliated credit agreement in determining whether certain financial covenants are being met.

On June 28, 2013, two wholly-owned subsidiaries of the Company, entered into a Joinder Agreement, Second Amendment and Supplement to Credit Agreement with Northwest and Gemino pursuant to which such subsidiaries became additional borrowers under the Northwest Credit Facility. Pursuant to the joinder, the borrowers granted a

continuing security interest in, among other things, their accounts receivables, payment intangibles, chattel paper, general intangibles, collateral relating to any accounts or payment intangibles, commercial lockboxes and cash, as additional collateral under the Northwest Credit Facility. In connection with the execution of the joinder, the borrowers issued an amended and restated revolving promissory note in favor of Gemino in the amount of \$1.5 million.

As of December 31, 2013, \$1.3 million was outstanding of the maximum borrowing amount of \$1.5 million under the Northwest Credit Facility.

Gemino-Bonterra Amendment

On September 20, 2012, ADK Bonterra/Parkview, LLC, a wholly owned subsidiary of the Company ("Bonterra") entered into a Second Amendment to the Credit Agreement with Gemino ("Gemino-Bonterra Credit Facility"), which amended the original Credit Agreement dated April 27, 2011 between Bonterra and Gemino. The Gemino-Bonterra Credit Facility is a secured credit facility for borrowings up to \$2.0 million. The amendment extended the term of the Gemino-Bonterra Credit Facility from October 29, 2013 to January 31, 2014 and amended certain financial covenants regarding Bonterra's fixed charge coverage ratio, maximum loan turn days and applicable margin. Interest accrues on the principal balance outstanding at an annual rate equal to the LIBOR rate plus the applicable margin of 4.75% to 5.00%, which fluctuates depending upon the principal amount outstanding.

On December 20, 2012, Bonterra entered into a Third Amendment to the Gemino-Bonterra Credit Facility, which altered the financial covenant in the original credit agreement to exclude the Oklahoma Owners under another credit agreement with Gemino from the covenant calculation of maximum loan turn days and acknowledged that Bonterra shall not be obligated, directly or indirectly, for any indebtedness or obligations of the Oklahoma Owners to Gemino. On May 30, 2013, Bonterra, entered into a Fourth Amendment to Credit Agreement with Gemino, which among other things: (i) extends the term of the Gemino-Bonterra Credit Facility from January 31, 2014 to January 31, 2015; (ii) amended certain financial covenants regarding Bonterra's fixed charge coverage ratio and maximum loan turn days; and (iii) amended the Gemino-Bonterra Credit Facility to include the Northwest Credit Facility as an affiliated credit agreement in determining whether certain financial covenants are being met. As of December 31, 2013, \$1.3 million was outstanding under the Gemino-Bonterra Credit Facility.

PrivateBank Credit Facility

On September 20, 2012, in connection with the payoff of the Gemino Credit Agreement noted above, the Company entered into a Loan and Security Agreement with PrivateBank ("PrivateBank Credit Facility"). Under the terms of the PrivateBank Credit Facility, PrivateBank provides a \$10.6 million senior secured revolving credit facility for a three-year period with the borrowings thereunder being subject to a borrowing base and are offset by a \$0.7 million standby letter of credit at December 31, 2012, increasing to \$2.5 million at July 31, 2013.

The PrivateBank Credit Facility matures on September 20, 2015. Interest is accrued on the principal balance at an annual rate of the greater of (i) 1% plus the prime interest rate per annum, or (ii) 5% per annum. Payments for the interest are due monthly and commenced on October 1, 2012. In addition, there is a non-utilization fee of 0.5% on the unused portion of the available credit. The PrivateBank Credit Facility may be prepaid at any time without premium or penalty, provided that such prepayment is accompanied by a simultaneous payment of all accrued and unpaid interest, through the date of prepayment. The PrivateBank Credit Facility is secured by a first priority security interest in the real property and improvements constituting nursing facilities owned and operated by AdCare. AdCare has unconditionally guaranteed all amounts owed to PrivateBank under the PrivateBank Credit Facility.

Proceeds from the PrivateBank Credit Facility were used to pay off all amounts outstanding under a separate \$2.0 million credit facility with PrivateBank under which certain subsidiaries of AdCare were borrowers, and the Gemino Credit Facility.

On October 26, 2012, the Company and certain of its wholly owned subsidiaries, on the one hand, and PrivateBank entered into a Modification Agreement which amends the PrivateBank Credit Facility, dated as of September 20, 2012, between certain of the Company's wholly owned subsidiaries and PrivateBank. The Modification Agreement amended the loan agreement to: (i) allow PrivateBank to issue additional letters of credit for the account of the borrowers under the loan agreement; and (ii) change the total amount that may be issued under any letters of credit to \$2.5 million. The modification agreement did not change the maximum amount that may be borrowed under the loan agreement by the borrowers, which remains at \$10.6 million.

On January 25, 2013, the Company entered into a Memorandum of Agreement with PrivateBank pursuant to which three of the Company's subsidiaries and their assets that collateralized the loan, which consist of the three skilled nursing facilities located in Arkansas known as the Aviv facilities, were released from liability under the PrivateBank Credit Facility. In exchange for the release from liability under the loan agreement, the Company made a payment in the amount of \$0.7 million on December 28, 2012. The memorandum did not change the maximum amount that may be borrowed under the loan agreement by the Company, which remains \$10.6 million.

On September 30, 2013, certain wholly-owned subsidiaries of the Company entered into a Third Modification Agreement with PrivateBank, pursuant to which: (i) a wholly-owned subsidiary of the Company was added as a borrower to the PrivateBank Credit Facility; and (ii) three of the subsidiaries and their assets that collateralized the loan were released from their obligations under the PrivateBank Credit Facility because such entities no longer operate skilled nursing facilities.

In March 2012, AdCare issued an unsecured promissory note to Cantone Asset Management LLC in the amount of \$3.5 million. In April 2012, AdCare issued another promissory note to Cantone Asset Management LLC in the amount of \$1.5 million. In July 2012, these two promissory notes were refinanced through the issuance to Cantone Asset Management LLC of an 8% subordinated convertible note in the principal amount of \$5.0 million.

The \$5.0 million of promissory notes issued to Cantone Asset Management LLC was refinanced as part of the \$7.5 million in subordinated convertible notes issued in July 2012 discussed below.

Strome Note

In April 2012, AdCare issued an unsecured promissory note in the amount of \$5.0 million to Strome Alpha Offshore Ltd. The promissory note matured in November 2012, and the Company paid off the promissory note on December 28, 2012, using the proceeds from the KeyBank Credit Facility discussed earlier in section "Senior Debt—Other Mortgage Indebtedness - Northridge, Woodland Hills and Abington."

Sumter Valley Promissory Note

In connection with the acquisition of the facility known as Sumter Valley Nursing and Rehab in December 2012, a subsidiary of AdCare issued a promissory note to the seller of the facility in the amount of \$0.3 million. Interest on the note accrues at a rate of 6% per annum. Principal and interest payments on the note shall be due and payable monthly, beginning on February 1, 2013, with a final payment due on the earlier of December 31, 2014, or the date upon which the Company refinances its loan relating to the Sumter facility. AdCare has unconditionally guaranteed all amounts owed under the note. The note was paid in full by the Company in December 2013 with funds received from the refinance with Metro City.

Georgetown Promissory Note

In connection with the acquisition of the facility known as Georgetown Healthcare and Rehab in December 2012, a subsidiary of AdCare issued a secured subordinated promissory note to the seller of the Georgetown facility in the amount of \$1.9 million. Interest on the note accrues at a rate of 7% per annum. Interest payments on the note shall be due and payable monthly, beginning on February 1, 2013, with a final payment due on the earlier of December 31, 2013; or the date upon which the Company refinances its loan with Metro City Bank relating to the Georgetown Healthcare and Rehab Facility. AdCare has unconditionally guaranteed all amounts owing under the note. The note was paid in full by the Company in December 2013 with funds received from the Metro City refinance.

Pinnacle Healthcare Promissory Notes

The Company previously issued promissory notes in the aggregate principal amount of \$2.4 million. The notes mature March 1, 2014, and bear interest at 7% payable quarterly in arrears the first day of each December, March, June and September beginning December 1, 2011. The notes are subject to mandatory prepayment in the aggregate principal amount of \$250,000 on each of March 1, 2013, June 1, 2013, September 1, 2013 and December 1, 2013 and a final payment of \$150,000 on March 1, 2014. The notes may also be prepaid without penalty at any time. At December 31, 2013, \$0.2 million remained outstanding.

Mountain Trace Promissory Notes

Mountain Trace ADK, LLC, a wholly owned subsidiary of AdCare, previously issued promissory notes in the aggregate principal amount of \$1.0 million. The notes mature April 1, 2013, and bear interest at 11% payable quarterly in arrears the first day of each January, April, July and October beginning July 1, 2011. The notes may also be prepaid without penalty by providing fifteen days prior notice. The Company received proceeds of \$0.9 million net of legal and other financing costs. These notes were paid in full by the Company on April 1, 2013.

Convertible Debt

Subordinated Convertible Notes Issued in 2010 (the "2010 Notes")

On October 26, 2010, the Company entered into a Securities Purchase Agreement with certain accredited investors to sell and issue to them an aggregate of \$11.1 million in principal amount of the Company's subordinated convertible notes, bearing 10% interest per annum payable quarterly in cash in arrears beginning December 31, 2010.

On October 29, 2010, the Company entered into an amendment and joinder agreement to effectuate the sale of an additional \$0.8 million in principal amount of the 2010 Notes. The initial sale of \$11.1 million in principal amount of the 2010 Notes occurred on October 26, 2010, and the subsequent sale of \$0.8 million in principal amount of the 2010 Notes occurred on October 29, 2010. The 2010 Notes had an original maturity date of October 26, 2013.

The 2010 Notes were convertible at the option of the holder into shares of common stock of the Company at a current conversion price of \$3.73 (adjusted for a 5% stock dividends paid on October 14, 2011 and October 22, 2012, as further discussed in Note 12 of the Consolidated Financial Statements included in Part II, Item 8., "Financial Statements and Supplementary Data", and subject to adjustment for stock dividends, stock splits, combination of shares, recapitalization and other similar events) that were subject to future reductions if the Company issued equity instruments at a lower price. Since there was no minimum conversion price resulting in an indeterminate number of shares to be issued in the future, the Company determined an embedded derivative existed that was required to be bifurcated from the Notes and accounted for separately as a derivative liability recorded at fair value (see Note 15 of the Consolidated Financial Statements included in Part II, Item 8., "Financial Statements and Supplementary Data"). At the time of initial measurement, the derivative had an estimated fair value of \$2.6 million resulting in a discount on the Notes. The discount was amortized over the term of the Notes.

Effective October 26, 2013, the Company entered into a Waiver, Amendment and Forbearance with holders of the 2010 Notes, pursuant to which the Company and the holders amended: (i) the requirement to adjust the conversion price of the 2010 Notes for dilutive equity issuances (i.e., the "full ratchet and anti-dilution" provision); (ii) extended the maturity date to August 29, 2014; and (iii) adjusted the interest rate to 12.0% per annum. Accordingly, a minimum conversion price of \$3.73 was set and a determinate number of shares was established, the result of which was that the embedded derivative ceased to exist. The Company adjusted the carrying value of the derivative to zero as of October 26, 2013.

As of December 31, 2013, \$6.9 million was outstanding under the Notes.

Subordinated Convertible Notes Issued in 2011 (the "2011 Notes")

On March 31, 2011, the Company entered into a Securities Purchase Agreement with certain accredited investors to sell and issue to them an aggregate of \$2.1 million in principal amount of the Company's subordinated convertible notes. On April 29, 2011, the Company issued an additional \$1.8 million in principal amount of the 2011 Notes. On May 6, 2011, the Company issued an additional \$600,000.0 in principal amount of the 2011 Notes. As of December 31, 2013, the total outstanding principal amount of the 2011 Notes is \$4.5 million. Approximately \$1.4 million of the proceeds obtained were used to repay the short-term promissory note that was issued March 31, 2011 and related accrued interest.

The 2011 Notes bear a 10% interest per annum and are payable quarterly in cash in arrears beginning June 30, 2011. The 2011 Notes mature on March 31, 2014. Debt issuance costs of \$0.6 million are being amortized over the life of the 2011 Notes.

The 2011 Notes are convertible at the option of the holder into shares of common stock of the Company at a conversion price of \$4.80 (adjusted for a 5% stock dividends paid on October 14, 2011 and October 22, 2012, as further discussed in Note 12 of the Consolidated Financial Statements included in Part II, Item 8., "Financial Statements and Supplementary Data", and subject to adjustment for stock dividends, stock splits, combination of shares, recapitalization and other similar events). The initial conversion price is subject to adjustment for any stock dividend, stock split, combination of shares, reorganization, recapitalization, reclassification or other similar events. The 2011 Notes are unsecured and subordinated in right of payment to existing and future senior indebtedness.

Subordinated Convertible Notes Issued in 2012 (the "2012 Notes")

On June 28, 2012, the Company entered into a Securities Purchase Agreement, dated as of June 28, 2012, with certain accredited investors pursuant to which the Company issued and sold to them on July 2, 2012 an aggregate of \$7.5 million in principal amount of the Company's 8.0% subordinated convertible notes. The 2012 Notes bear interest at 8% per annum and such interest is payable quarterly in cash in arrears beginning on September 30, 2012. The 2012 Notes mature on July 31, 2015. The 2012 Notes are unsecured and subordinated in right of payment to existing and future senior indebtedness of the Company. The \$7.5 million principal amount of the 2012 Notes includes a refinancing of existing indebtedness of \$5.0 million of promissory notes issued to Cantone Asset Management LLC.

At any time on or after the six-month anniversary of the date of issuance of the 2012 Notes, the 2012 Notes are convertible at the option of the holder into shares of the Company's common stock at a conversion price equal to \$3.97 per

share (adjusted for a 5% stock dividend paid on October 22, 2012, as further discussed in Note 12 to our Consolidated Financial Statements included in this Annual Report, and subject to adjustment for stock dividends, stock splits, combination of shares, recapitalization and other similar events).

If at any time on or after the six-month anniversary date, the weighted average price of the common stock for any 20 trading days within a period of 30 days consecutive trading days equals or exceeds 200% of the conversion price and the average daily trading volume of the common stock during such 20 days exceeds 50,000 shares, then the Company may, subject to the satisfaction of certain other conditions, redeem the notes in cash at a redemption price equal to the sum of 100% of the principal amount being redeemed plus any accrued and unpaid interest on such principal.

In addition, the holders of a majority of the aggregate principal amount of 2012 Notes then outstanding may require the Company to redeem all or any portion of the notes upon a change of control transaction, at a redemption price in cash equal to 110% of the redemption amount. As of December 31, 2013, the outstanding principal amount of the 2012 Notes is \$7.5 million.

Approximately \$18.9 million of the scheduled maturities in 2014 and 2015, relate to the subordinated convertible notes issued in 2010, 2011 and 2012. While management cannot predict with certainty, we anticipate that some holders of the subordinated convertible notes will elect to convert their subordinated convertible notes into shares of common stock provided the common stock continues to trade above the applicable conversion price for such notes. The conversion prices are \$3.73, \$4.80 and \$3.97 for the subordinated convertible notes issued in 2010, 2011 and 2012, respectively. If all of the subordinated convertible notes had been converted to common stock at December 31, 2013, then the Company would have been required to issue approximately 5.9 million shares of common stock.

Debt Covenant Compliance

As of December 31, 2013, the Company (including its consolidated variable interest entity) has approximately forty different credit facilities (credit facilities, mortgage notes, bonds and other credit obligations) outstanding that include various financial and administrative covenant requirements. Covenant requirements include, but are not limited to, fixed charge coverage ratios, debt service coverage ratios, minimum EBITDA or EBITDAR, current ratios and tangible net worth requirements. Certain financial covenant requirements are based on consolidated financial measurements whereas others are based on subsidiary level (i.e. facility, multiple facilities or a combination of subsidiaries comprising less than the Company's consolidated financial measurements). Some covenants are based on annual financial metric measurements whereas others are based on quarterly financial metric measurements. The Company routinely tracks and monitors its compliance with its covenant requirements. In recent periods, including as of December 31, 2013, the Company has not been in compliance with certain financial and administrative covenants. For each instance of such non-compliance, the Company has obtained waivers or amendments to such requirements including as necessary modifications to future covenant requirements or the elimination of certain requirements in future periods.

The following table includes financial covenant requirements as of the last measurement date as of or prior to December 31, 2013 where the Company was not in compliance with the financial covenant or it achieved compliance with the covenant requirement by a margin of 10% or less. The table also identifies the related credit facility, outstanding balance at December 31, 2013 and the next applicable future financial covenant requirement inclusive of adjustments to covenant requirements resulting from amendments executed subsequent to December 31, 2013.

Receivables

Our operations could be adversely affected if we experience significant delays in reimbursement from Medicare, Medicaid and other third-party revenue sources. Our future liquidity will continue to be dependent upon the relative amounts of current assets (principally cash and patient accounts receivable and current liabilities (principally accounts payable and accrued expenses). In that regard, accounts receivable can have a significant impact on our liquidity. Continued efforts by governmental and third-party payors to contain or reduce the acceleration of costs by monitoring reimbursement rates, by increasing medical

Table of Contents

review of bills for services, or by negotiating reduced contract rates, as well as any delay by the staff at our facilities in the processing of our invoices, could adversely affect our liquidity and results of operations.

Accounts receivable attributable to patient services totaled \$23.6 million at December 31, 2013, compared to \$26.8 million at December 31, 2012, representing approximately 43 and 45 days revenue in accounts receivable as of December 31, 2013 and 2012. The decrease in accounts receivable is primarily the result of increased efforts in collections in 2013.

The allowance for bad debt was \$5.0 million and \$3.7 million at December 31, 2013 and 2012, respectively. We continually evaluate the adequacy of our bad debt reserves based on patient mix trends, aging of older balances, payment terms and delays with regard to third-party payors, as well as other factors. We continue to evaluate and implement additional processes to strengthen our collection efforts and reduce the incidence of uncollectible accounts.

Inflation

We have historically derived a substantial portion of our revenue from the Medicare program. We also derive revenue from state Medicaid and similar reimbursement programs. Payments under these programs generally provide for reimbursement levels that are adjusted for inflation annually based upon the state's fiscal year for the Medicaid programs and in each October for the Medicare program. These adjustments may not continue in the future, and even if received, such adjustments may not reflect the actual increase in our costs for providing healthcare services.

Labor and supply expenses make up a substantial portion of our cost of services. Those expenses can be subject to increase in periods of rising inflation and when labor shortages occur in the marketplace. To date, we have generally been able to implement cost control measures or obtain increases in reimbursement sufficient to offset increases in these expenses. We may not be successful in offsetting future cost increases.

Off-Balance Sheet Arrangements

There were \$2.8 million and \$0.7 million of outstanding letters of credit of December 31, 2013 and 2012, respectively, that are pledged as collateral of borrowing capacity on the PrivateBank revolver.

Operating Leases

The Company leases certain office space and nine skilled nursing facilities under non-cancelable operating leases, most of which have initial lease terms of ten to twelve years with rent escalation clauses and provisions for payments by the Company of real estate taxes, insurance and maintenance costs. For the years ended December 31, 2013 and 2012, facility rent expense under the operating lease totaled \$7.0 million and \$7.1 million, respectively.

Five of the Company's facilities are operated under a single master lease arrangement. The lease has a term of ten years into 2020. Under the master lease, a breach at a single facility could subject one or more of the other facilities covered by the same master lease to the same default risk. Failure to comply with regulations or governmental authorities, such as Medicaid and Medicare provider requirements, is a default under the Company's master lease agreement. In addition, other potential defaults related to an individual facility may cause a default of the entire master lease agreement. With an indivisible lease, it is difficult to restructure the composition of the portfolio or economic terms of the lease without the consent of the landlord. The Company is not aware of any defaults as of December 31, 2013.

Two of the Company's facilities are operated under a separate lease agreement. The lease is a single indivisible lease; therefore, a breach at a single facility could subject the second facility to the same default risk. The lease has a term of 12 years into 2022 and includes covenants and restrictions. The Company is required to make a minimum capital expenditures of \$375 per licensed bed per lease year at each facility which amounts to \$0.1 million per year for both facilities. As of December 31, 2013, the Company is in compliance with all financial and administrative covenants of this lease agreement.

Table of Contents

Future minimum lease payments for each of the next five years ending December 31 are as follows:

	(Amounts in 000's)
2014	\$6,347
2015	6,190
2016	6,066
2017	5,971
2018	5,918
Thereafter	12,489
Total	\$42,981

The Company has also entered into lease agreements for various equipment used in the facilities. These leases are included in future minimum lease payments above.

Adjusted EBITDA from continuing operations and Adjusted EBITDAR from continuing operations

Due to the material amount of non-cash related items included in the Company's results of operations, the Company has developed an Adjusted Earnings Before Interest, Taxes, Depreciation, and Amortization ("Adjusted EBITDA from continuing operations") metric which provides management with a clearer view of operational use of cash (see the table below). The Adjusted EBITDA from continuing operations for the years ended December 31, 2013 and 2012 was \$12.4 million and \$10.3 million, respectively. The Company has also developed an Adjusted Earnings Before Interest, Taxes, Depreciation, Amortization and Rent ("Adjusted EBITDAR from continuing operations") metric that is used primarily in some debt covenants of the Company's loans.

"Adjusted EBITDA from continuing operations" and "Adjusted EBITDAR from continuing operations" are measures of operating performance that are not calculated in accordance with GAAP. The Company defines: (i) "Adjusted EBITDA from continuing operations" as net income (loss) from continuing operations before interest expense, income tax expense, depreciation and amortization (including amortization of non-cash stock-based compensation), acquisition costs (net of gains), loss on extinguishment of debt, derivative loss or gain, and other non-routine adjustments; and (ii) "Adjusted EBITDAR from continuing operations" as net income (loss) from continuing operations before interest expense, income tax expense, depreciation and amortization (including amortization of non-cash stock-based compensation), acquisition costs (net of gains), loss on extinguishment of debt, derivative loss, rent, and other non-routine adjustments. The Company has provided below for your reference, supplemental financial disclosure for these measures, including the most directly comparable GAAP measure (Net Loss) and an associated reconciliation.

Table of Contents

The following table provides reconciliation of reported Net Loss on a GAAP basis to Adjusted EBITDA from continuing operations and Adjusted EBITDAR from continuing operations for the years ended December 31, 2013 and 2012:

Adjusted EBITDA from continuing operations	12,363	10,301
Facility rent expense	7,028	7,068
Adjusted EBITDAR from continuing operations	\$19,391	\$17,369

Adjusted EBITDA from continuing operations and Adjusted EBITDAR from continuing operations should not be considered in isolation or as a substitute for net income, income from operations or cash flows provided by, or used in, operations as determined in accordance with GAAP. Adjusted EBITDA from continuing operations and Adjusted EBITDAR from continuing operations are used by management to focus on operating performance and management without mixing in items of income and expense that relate to the financing and capitalization of the business, fixed rent or lease payments of facilities, derivative loss or gain, certain acquisition related charges and other non-routine adjustments.

The Company believes these measures are useful to investors in evaluating the Company's performance, results of operations and financial position for the following reasons:

- They are helpful in identifying trends in the Company's day-to-day performance because the items excluded have little or no significance to the Company's day-to-day operations;
- They provide an assessment of controllable expenses and afford management the ability to make decisions which are expected to facilitate meeting current financial goals as well as achieve optimal financial performance; and
- They provide data that assists management determine whether or not adjustments to current spending decisions are needed.

AdCare believes that the use of the measures provides a meaningful and consistent comparison of the Company's underlying business between periods by eliminating certain items required by GAAP, which have little or no significance in the Company's day-to-day operations.

REPORT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders

AdCare Health Systems, Inc.

We have audited the accompanying consolidated balance sheets of AdCare Health Systems, Inc. and subsidiaries (the Company) as of December 31, 2013 and 2012, and the related consolidated statements of operations, stockholders' equity, and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of AdCare Health Systems, Inc. and subsidiaries as of December 31, 2013 and 2012 and the results of their operations and their cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business

AdCare Health Systems, Inc. ("AdCare") through its subsidiaries (together, the "Company" or "we"), owns and manages skilled nursing and, assisted living facilities in the states of Alabama, Arkansas, Georgia, Missouri, North Carolina, Ohio, Oklahoma and South Carolina. The Company, through wholly owned separate operating subsidiaries, as of December 31, 2013, operates or manages 46 facilities consisting of 43 skilled nursing facilities, two assisted living facilities and one independent living/senior housing facility totaling approximately 4,700 beds. The Company's facilities provide a range of health care services to their patients and residents including, but not limited to, skilled nursing and assisted living services, social services, various therapy services, and other rehabilitative and healthcare services for both long-term residents and short-stay patients. As of December 31, 2013, of the total 46 facilities, the Company owned and operated 26 facilities, leased and operated nine facilities, and managed 11 facilities for third parties. As part of the Company's strategy to focus on the growth of skilled nursing facilities, the Company decided in the fourth quarter of 2011 to exit the home health business; therefore, this business is reported as discontinued operations (see Note 10 - Discontinued Operations). The Company sold the assets of the home health business in 2012. Additionally, in the fourth quarter of 2012, the Company entered into an agreement to sell six assisted living facilities located in Ohio and executed a sublease arrangement to exit the skilled nursing business in Jeffersonville, Georgia. The six Ohio assisted living facilities and the Jeffersonville, Georgia skilled nursing facility have an aggregate of 313 units in service. These seven facilities are also reported as discontinued operations (see Note 10 - Discontinued Operations). The Company sold the assets of four of the six Ohio assisted living facilities in December 2012, one in February 2013, and one in May, 2013. During the second quarter of 2013, the Company executed two sublease arrangements to exit the skilled nursing business in Tybee Island, Georgia. The two skilled nursing facilities had an aggregate of 135 units in service. A sales listing agreement was executed for the 105-unit assisted living facility located in Hoover, Alabama, which is a consolidated variable interest entity, during the fourth quarter of 2013. The two skilled nursing facilities located in Tybee Island, Georgia and the assisted living facility located in Hoover, Alabama are reported as discontinued operations (see Note 10 - Discontinued Operations).

Basis of Presentation

The accompanying consolidated financial statements are prepared in conformity with U.S. generally accepted accounting principles ("GAAP") in accordance with the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC").

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported results of operations during the reporting period. Examples of significant estimates include allowance for doubtful accounts, contractual allowances for Medicaid, Medicare, and managed care reimbursements, deferred tax valuation allowance, fair value of derivative instruments, fair value of employee and nonemployee stock based awards, fair value estimation methods used to determine the assigned fair value of assets and liabilities acquired in acquisitions, and valuation of goodwill and other long-lived assets. Actual results could differ materially from those estimates.

Principles of Consolidation

The consolidated financial statements include the Company's majority owned and controlled subsidiaries. "VIEs" in which the Company has a variable interest have been consolidated as controlled subsidiaries when the Company is identified as the primary beneficiary. All intercompany transactions and balances have been eliminated through consolidation. For subsidiaries that are not wholly owned by the Company, the portions not controlled by the Company are presented as non-controlling interests in the consolidated financial statements.

As further discussed in Note 14, Variable Interest Entities, and Note 19, Related Party Transactions, effective August 1, 2011, certain entities (the "Oklahoma Owners") controlled by Christopher Brogdon and his spouse, Connie Brogdon (related parties to the Company) acquired five skilled nursing facilities located in Oklahoma (the "Oklahoma

Facilities"). The Company entered into a Management Agreement with the Oklahoma Owners pursuant to which a wholly-owned subsidiary of the Company supervises the management of the Oklahoma Facilities for a monthly fee equal to 5% of the monthly gross revenues

Table of Contents

of the Oklahoma Facilities. Upon acquisition, the Company concluded it was the primary beneficiary of the Oklahoma Owners and pursuant to FASB ASC Topic 810-10, Consolidation—Overall, consolidated the Oklahoma Owners in its 2011 consolidated financial statements.

During the process of finalizing the 2012 consolidated financial statements, the Company reassessed its prior conclusion that it should consolidate the Oklahoma Owners. In the reassessment process, the Company concluded that it should not have consolidated the Oklahoma Owners. In the accompanying consolidated financial statements, the Company has deconsolidated the Oklahoma Owners effective January 1, 2012 and the balance sheet, operations and cash flows of the Oklahoma Owners are not included in the Company's 2013 or 2012 consolidated financial statements.

Reclassifications

Certain reclassifications have been made to the 2012 financial information to conform to the 2013 presentation. The Company reclassified immaterial patient credits remaining in accounts receivable in 2012 to accounts payable.

Acquisition Policy

The Company periodically enters into agreements to acquire assets and/or businesses. The consideration involved in each of these agreements may include cash, financing, stock, and/or long-term lease arrangements for real properties. The Company evaluates each transaction to determine whether the acquired interests are assets or businesses. A business is defined as a self-sustaining integrated set of activities and assets conducted and managed for the purpose of providing a return to investors. A business consists of (a) inputs, (b) processes applied to those inputs, and (c) resulting outputs that are used to generate revenues. In order for an acquired set of activities and assets to be a business, it must contain all of the inputs and processes necessary for it to continue to conduct normal operations after the acquired entity is separated from the seller, including the ability to sustain revenue streams by providing its outputs to customers. An acquired set of activities and assets fails the definition of a business if it excludes one or more of the above items making it impossible to continue normal operations and sustain a revenue stream by providing its products and/or services to customers.

The Company currently operates its skilled nursing facilities in states that are subject to certificate of need ("CON") programs. The CON programs govern the establishment, construction, renovation and transferability of the rights to operate skilled nursing facilities ("SNFs"). In certain states, specifically Ohio, CON programs permit the transferability and sale of bed licenses separately from the facility. In other states, bed licenses are non-transferable separately and apart from the underlying licensed facility. Through acquisitions completed in 2011 and 2012, the Company now operates in a number of states, including Alabama, Arkansas, Georgia, Missouri, North Carolina, Oklahoma, and South Carolina, where the bed licenses are not transferable separately from the facility.

The CON/bed license arises from contractual rights and is an identifiable intangible asset to which the Company assigns a fair value in transactions accounted for as business combinations. In states where the CON/bed licenses are transferable separately from the facility, the intangible asset has been determined to have an indefinite life. Because the intangible asset is separable from the facility and has separate stand-alone value, for financial reporting purposes, the fair value assigned to the CON/license is classified as a separate intangible asset in the accompanying consolidated balance sheets.

In states where the CON/bed license is non-transferable separately from the facility, the CON/bed license and building are complimentary assets and therefore, the intangible asset is assigned a definite life and amortized over the estimated remaining useful life of the related building. As complimentary assets, the intangible asset has no value separate from the building and the estimated remaining useful lives of the intangible asset and building are equal. Therefore, the intangible asset and the building are classified together as "buildings" and are included in property and equipment in the consolidated balance sheets. As of December 31, 2013 and 2012, the value of such CON bed licenses, net of amortization, was \$35.8 million and \$37.0 million, respectively.

Cash and Cash Equivalents

The Company considers all unrestricted short-term investments with original maturities less than three months, which are readily convertible into cash, to be cash equivalents. Certain cash, cash equivalents and investment amounts are restricted for specific purposes such as mortgage escrow requirements and reserves for capital expenditures on U.S. Department of Housing and Urban Development ("HUD") insured facilities and other restricted investments are held

as collateral for other debt obligations.

Investments

The Company has certain restricted investments that are limited as to use by certain debt obligations. These investments are classified as held-to-maturity investments because the Company has the positive intent and ability to hold the securities

70

Table of Contents

until maturity. Held-to-maturity investments are carried at cost. These restricted investments are classified as noncurrent assets due to their maturity dates and the related restrictions required by the long-term debt obligations.

Revenue Recognition and Patient Care Receivables

The Company recognizes revenue when the following four conditions have been met: (i) there is persuasive evidence that an arrangement exists; (ii) delivery has occurred or service has been rendered; (iii) the price is fixed or determinable; and (iv) collection is reasonably assured. The Company's revenue is derived primarily from providing healthcare services to residents and is recognized on the date services are provided at amounts billable to the individual. For reimbursement arrangements with third-party payors, including Medicaid, Medicare and private insurers, revenue is recorded based on contractually agreed-upon amounts on a per patient, daily basis.

Revenue from the Medicaid and Medicare programs accounted for 83.7% and 84.2% of the Company's revenue for the years ended December 31, 2013 and 2012, respectively. The Company records revenue from these governmental and managed care programs as services are performed at their expected net realizable amounts under these programs. The Company's revenue from governmental and managed care programs is subject to audit and retroactive adjustment by governmental and third-party agencies. Consistent with healthcare industry accounting practices, any changes to these governmental revenue estimates are recorded in the period the change or adjustment becomes known based on final settlement. The Company recorded retroactive adjustments to revenue which were not material to the Company's consolidated revenue for the years ended December 31, 2013 and 2012.

Potentially uncollectible patient accounts are provided for on the allowance method based upon management's evaluation of outstanding accounts receivable at period-end and historical experience. Uncollected accounts that are written off are charged against allowance. As of December 31, 2013 and 2012, management recorded an allowance for uncollectible accounts of \$5.0 million and \$3.7 million, respectively.

Management Fee Receivables and Revenue

Management fee receivables and revenue are recorded in the month that services are provided. As of December 31, 2013 and 2012, the Company evaluated collectibility of management fees and determined that no allowance was required.

Third-party Reimbursement

Payments for Medicaid resident services are calculated and made under a prospective reimbursement system. Payment rates are based on actual cost, limited by certain ceilings, adjusted by a resident service needs factor and updated for inflation. The direct care portion of the rate can be adjusted prospectively for changes in residents' service needs.

While interim rates are subject to reconsideration and appeal, once this process is completed, they are not subject to subsequent retroactive adjustment. However, the states in which the Company operates have the opportunity to audit the cost report used to establish the prospective rate. If the state departments discover non-allowable or misclassified costs that resulted in overpayments to the Company, the funds may be recovered by the state departments through the final rate recalculation process. For the years ended December 31, 2013 and 2012, management believes that adequate provisions have been made for potential adjustments.

Payments for Medicare resident services are made under a prospective payment system. There is no retroactive adjustment to allowable cost. The Company is paid one of several prospectively set rates that vary depending on the resident's service needs. Payment rates are established on a federal basis by the Centers for Medicare & Medicaid Services ("CMS"). The final settlement process is primarily a reconciliation of services provided and rates paid. As a result, no material settlement estimates are expected.

Laws and regulations governing the Medicaid and Medicare programs are complex and subject to interpretation. The Company believes that it is materially in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigation involving allegations of potential wrongdoing except as disclosed in Note 16, Commitments and Contingencies and Note 20, Subsequent Events. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action including fines, penalties and exclusion from the Medicaid and Medicare programs.

Concentrations of Credit Risk

Financial instruments which potentially expose the Company to concentrations of credit risk consist primarily of cash and cash equivalents, restricted cash, restricted investments, and accounts receivable. Cash and cash equivalents, restricted cash and restricted investments are held with various financial institutions. From time to time, these balances exceed the federally insured limits. These balances are maintained with high quality financial institutions which management believes limits the risk.

71

Table of Contents

Accounts receivable are recorded at net realizable value. The Company performs ongoing evaluations of its residents and significant third-party payors with which they contract, and generally does not require collateral. Management believes that credit risk with respect to accounts receivable from residents is limited based on the stature and diversity of the third-party payors with which they contract. The Company maintains an allowance for doubtful accounts which management believes is sufficient to cover potential losses. Delinquent accounts receivable are charged against the allowance for doubtful accounts once likelihood of collection has been determined. Accounts receivable are considered to be past due and placed on delinquent status based upon contractual terms, how frequently payments are received, and on an individual account basis.

Market Concentration Risk

The Company's operations are concentrated in the long-term care market, which is a heavily regulated environment. The operations of the Company are subject to the administrative directives, rules and regulations of federal and state regulatory agencies, including, but not limited to, CMS, and the Department of Health and Aging in all states in which the Company operates. Such administrative directives, rules and regulations, including budgetary reimbursement funding, are subject to change by an act of Congress, the passage of laws by the General Assembly or an administrative change mandated by one of the executive branch agencies. Such changes may occur with little notice or inadequate funding to pay for the related costs, including the additional administrative burden, to comply with a change.

Given the significant concentration of revenue from third-party payors, including Medicaid and Medicare programs, along with recent healthcare reform and budgetary constraints of governmental agencies, there is potential for reimbursement rate reductions in the near term that could materially and adversely impact the Company's revenue and profitability.

The Company has 97% of its 3,669 skilled nursing facility beds that it owns or leases certified under the Medicaid and Medicare programs. The following is a summary of receivables and revenues by payor source:

For the Years Ended	Percent of Long-Term Care Receivables	Percent of Patient Care Revenue	
Medicaid			
December 31, 2013	38	% 53	%
December 31, 2012	39	% 54	%
Medicare			
December 31, 2013	27	% 31	%
December 31, 2012	30	% 30	%
Other Payers			
December 31, 2013	35	% 16	%
December 31, 2012	31	% 16	%

Property and Equipment

Property and equipment are stated at cost. Expenditures for major improvements are capitalized. Depreciation commences when the assets are placed in service. Maintenance and repairs which do not improve or extend the life of the respective assets are charged to expense as incurred. Upon disposal of assets, the cost and related accumulated depreciation are removed from the accounts and any gain or loss is recorded. Depreciation is recorded on a straight-line basis over the estimated useful lives of the respective assets. Property and equipment also includes bed license intangibles for states other than Ohio (where the building and bed license are deemed complimentary assets) and are amortized over the life of the building. The Company reviews property and equipment for potential impairment whenever events or changes in circumstances indicate that the carrying amounts of assets may not be recoverable.

In 2012, the Company recognized a \$0.4 million impairment charge to write down the carrying value of an office building located in Rogers, Arkansas. The office building was acquired as part of a 2011 acquisition. The purchase price allocation for that acquisition was deemed finalized as of December 31, 2011. Subsequent to December 31,

2011, it was determined that the acquired office building would not be utilized and the building was not in use and was made available for sale as of March 31, 2012. The impairment charge represents a change in the fair value of the building from the fair value utilized in the 2011 purchase price allocation to the estimated net realizable value, less cost to sell, as of December 31, 2012. The impairment charge is classified as depreciation expense in the consolidated statements of operations.

An impairment charge of \$0.1 million was also recognized in 2012 to reduce the net book value of the Company's former Springfield, Ohio corporate office to net realizable value. In 2012, the Company completed the transition of its corporate office

Table of Contents

from Springfield, Ohio, to Roswell, Georgia. The impairment charge is classified as depreciation expense in the consolidated statements of operations.

The Rogers, Arkansas and Springfield, Ohio office buildings are classified as assets of disposal group held for sale in the accompanying December 31, 2012 consolidated balance sheet. Subsequent to December 31, 2012, the Springfield, Ohio office building was sold for the approximate net book value and the Rogers, Arkansas office building remains for sale.

Leases and Leasehold Improvements

At the inception of each lease, the Company performs an evaluation to determine whether the lease should be classified as an operating lease or capital lease. As of December 31, 2013, all of the Company's leased facilities are accounted for as operating leases. For operating leases that contain scheduled rent increases, the Company records rent expense on a straight-line basis over the term of the lease. The accumulated difference between the straight-line expense recognition and the actual cash rent paid is reflected in Other Liabilities in the Consolidated Balance Sheet and was \$1.6 million and \$1.4 million as of December 31, 2013 and 2012, respectively. The lease term is also used to provide the basis for establishing depreciable lives for buildings subject to lease and leasehold improvements.

Intangible Assets and Goodwill

Intangible assets consist of finite lived and indefinite lived intangibles. The Company's finite lived intangibles include lease rights and certain CON/bed licenses that are not separable from the associated buildings. Finite lived intangibles are amortized over their estimated useful lives. For the Company's lease related intangibles, the estimated useful life is based on the terms of the underlying facility leases, currently averaging approximately ten years. For the Company's CON/bed licenses that are not separable from the buildings, the estimated useful life is based on the building life when acquired with an average estimated useful life of approximately 31 years. The Company evaluates the recoverability of the finite lived intangibles whenever an impairment indicator is present.

The Company's indefinite lived intangibles consist primarily of values assigned to CON/bed licenses that are separable from the buildings. The Company does not amortize goodwill or indefinite lived intangibles. On an annual basis, the Company evaluates the recoverability of the indefinite lived intangibles and goodwill by performing an impairment test. The Company performs its annual test for impairment during the fourth quarter of each year. For the year ended December 31, 2013, the Company determined that an impairment adjustment was required for the goodwill recorded when the Company acquired the land, building, improvements, furniture, fixtures and equipment of Tulsa Christian Care, Inc. (also known as "Companions Specialized Care Center" or "Companions") on August 17, 2012. Accordingly, the Company recorded a goodwill impairment charge of \$0.8 million in the fourth quarter of 2013, which is included in Loss on impairment. During 2013, the Company recognized a \$0.5 million impairment charge to write down the carrying value of certain lease rights, equipment, and leasehold improvement values of a facility located in Thomasville, Georgia and an impairment charge of \$0.7 million related to two facilities in Tybee Island, Georgia. The impairment charge represents a change in fair value from the carrying value. There were no required impairment charges to intangible assets or goodwill during the year ended December 31, 2012.

Deferred Financing Costs

The Company records deferred financing costs associated with debt obligations. Costs are amortized over the term of the related debt using the straight-line method and are reflected as interest expense. The straight-line method yields results substantially similar to those that would be produced under the effective interest rate method.

Income Taxes and Uncertain Tax Positions

Deferred tax assets or liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective income tax basis. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the period that included the enactment date. Deferred tax assets are also recognized for the future tax benefits from net operating loss and other carry forwards. Valuation allowances are recorded for deferred tax assets when the recoverability of such assets is not deemed more likely than not.

Judgment is required in evaluating uncertain tax positions. The Company determines whether it is more likely than not that a tax position will be sustained upon examination. If a tax position meets the more-likely-than-not recognition threshold it is measured to determine the amount of benefit to recognize in the financial statements. The Company classifies unrecognized tax benefits that are not expected to result in payment or receipt of cash within one year as non-current liabilities in the Consolidated Balance Sheets. The Company is subject to income taxes in the U.S. and numerous state and local jurisdictions.

Table of Contents

In general, the Company's tax returns filed for the 1997 through 2013 tax years are still subject to potential examination by taxing authorities.

In early 2014, the Internal Revenue Service ("IRS") initiated an examination of the Company's income tax return for the 2011 income tax year. To date, the IRS has not proposed any adjustments. The Company is not currently under examination by any other major income tax jurisdiction

Advertising

Advertising costs are expensed as incurred. Advertising costs for the years ended December 31, 2013 and 2012 were approximately \$0.5 million and \$0.4 million, respectively.

Stock Based Compensation

The Company follows the provisions of ASC topic 718 "Compensation - Stock compensation", which requires the use of the fair-value based method to determine compensation for all arrangements under which employees and others receive shares of stock or equity instruments (options, warrants or restricted shares). All awards are amortized on a straight-line basis over their vesting terms.

Fair Value Measurements and Financial Instruments

Accounting guidance establishes a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels are defined as follows:

Level 1— Quoted market prices in active markets for identical assets or liabilities

Level 2— Other observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3— Significant unobservable inputs

The respective carrying value of certain financial instruments of the Company approximates their fair value. These instruments include cash and cash equivalents, restricted cash and investments, accounts receivable, notes receivable, notes payable and other debt, and accounts payable. Fair values were assumed to approximate carrying values for these financial instruments since they are short-term in nature and their carrying amounts approximate fair values, they are receivable or payable on demand, or the interest rates earned and/or paid approximate current market rates.

Derivative Instruments

The Company generally does not use derivative instruments to hedge exposures to certain risks. However, the Company entered into a securities purchase agreement with respect to the issuance of subordinated convertible notes in October 2010 which includes a conversion feature that is not afforded equity classification and embodies risks that are not clearly and closely related to the host debt agreement. As such, this conversion feature was an embedded derivative instrument that was required to be bifurcated from the debt instrument and reported separately as a derivative liability at fair value.

The Company estimates the fair value of the conversion feature derivative instrument by using the Black-Scholes-Merton option-pricing model because it embodies the requisite assumptions necessary to estimate the fair value of this instrument. Changes in fair value of this derivative instrument are reported in the consolidated statement of operations.

The Company adjusted the carrying value of the derivative to zero as of October 26, 2013, in conjunction with a Waiver, Amendment and Forbearance with holders of the 2010 convertible notes (see Note 15 - Fair Value Measurements).

Self-Insurance

The Company is self-insured for employee medical claims (in all states except for Oklahoma, where the Company participates in the Oklahoma state subsidy program) and has a large deductible workers' compensation plan (in all states except for Ohio, where workers' compensation is covered under a premium-only policy provided by the Ohio Bureau of Worker's Compensation, a state funded program required by Ohio's monopolistic workers' compensation system). Additionally, the Company maintains insurance programs, including general and professional liability, property, casualty, directors' and officers' liability, crime, automobile, employment practices liability and earthquake and flood. The Company believes that its insurance programs are adequate and where there has been a direct transfer of risk to the insurance carrier, the Company does not recognize a liability in the consolidated financial statements.

Table of Contents

The Company's services subject it to certain liability risks which may result in malpractice claims being asserted against the Company if its services are alleged to have resulted in patient injury or other adverse effects. The Company carries policies to protect against such claims.

As of December 31, 2013, claims incurred but not reported or unsettled claims for the self-insured employee medical plan and the large deductible workers' compensation plan are recognized as a liability in the consolidated financial statements. Prior to October 1, 2012, these plans were provided on an insured basis.

Recently Issued Accounting Pronouncements

Except for rules and interpretive releases of the Securities and Exchange Commission ("SEC") under authority of federal securities laws and a limited number of grandfathered standards, the FASB ASC is the sole source of authoritative GAAP literature recognized by the FASB and applicable to the Company. The Company has reviewed the FASB issued Accounting Standards Update ("ASU") accounting pronouncements and interpretations thereof that have effectiveness dates during the periods reported and in future periods. The Company has carefully considered the new pronouncements that alter previous generally accepted accounting principles and does not believe that any new or modified principles will have a material impact on the Company's reported financial position or operations in the near term. The applicability of any standard is subject to the formal review of the Company's financial management.

NOTE 2. EARNINGS PER SHARE

Basic earnings per share is computed by dividing net income or loss by the weighted-average number of shares of common stock outstanding during the period. Diluted earnings per share is similar to basic earnings per share except net income or loss is adjusted by the impact of the assumed issuance of convertible shares and the weighted-average number of common shares outstanding and includes potentially dilutive securities, such as options, warrants, non-vested shares, and additional shares issuable under convertible notes outstanding during the period when such potentially dilutive securities are not anti-dilutive. Potentially dilutive securities from option, warrants and unvested restricted shares are calculated in accordance with the treasury stock method, which assumes that proceeds from the exercise of all options and warrants with exercise prices exceeding the average market value are used to repurchase common stock at market value. The incremental shares remaining after the proceeds are exhausted represent the potentially dilutive effect of the securities. Potentially dilutive securities from convertible promissory notes are calculated based on the assumed issuance at the beginning of the period, as well as any adjustment to income that would result from their assumed issuance. For 2013 and 2012, potentially dilutive securities of 11.3 million and 12.3 million, respectively, were excluded from the diluted loss per share calculation because including them would have been anti-dilutive in both periods.

Table of Contents

For the years ended December 31, 2013 and 2012, no potentially dilutive securities were included in the diluted earnings per share calculation because to do so would be anti-dilutive. The following table provides a reconciliation of net income (loss) for continuing and discontinued operations and the number of common shares used in the computation of both basic and diluted earnings per share:

(Amounts in 000's, except per share data)	Year Ended December 31, 2013			2012

⁽¹⁾ Securities outstanding that were excluded from the computation, prior to the use of the treasury stock method, because they would have been anti-dilutive are as follows:

(Amounts in 000's)	December 31,	
	2013	2012
Outstanding Stock Options	1,804	1,351
Outstanding Common Stock Warrants - employee	1,876	1,806

^(a) The number of shares issuable upon conversion of convertible promissory notes reflected in the tables above is 120% of the aggregate principal amount of the convertible promissory notes divided by the current conversion price, which is the number of shares required to be reserved for issuance by the Company under the applicable registration rights agreement.

NOTE 3. LIQUIDITY AND PROFITABILITY

For the year ended and as of December 31, 2013, we had a net loss of \$13.4 million and negative working capital of \$15.6 million. At December 31, 2013, we had \$19.4 million in cash and cash equivalents and 160.3 million in indebtedness, including current maturities and discontinued operations, of which \$32.2 million is current debt (including the Company's outstanding convertible promissory notes with a principal amount in the aggregate of \$4.5 million and \$6.9 million, which mature March 31, 2014 and August 29, 2014, respectively, and approximately \$6.0 million of mortgage notes included in liabilities of variable interest entity held for sale). Our ability to achieve profitable operations is dependent on continued growth in revenue and controlling costs.

Table of Contents

We anticipate that scheduled debt service (excluding approximately \$6.4 million of bullet maturities due July 2014 that the Company believes will be refinanced on a longer term basis and \$6.9 million in outstanding convertible promissory notes that mature August 29, 2014 but including principal and interest), will total approximately \$21.4 million and cash outlays for capital expenditures, dividends on our Series A Preferred Stock and income taxes will total approximately \$6.5 million for the year ending December 31, 2014. We routinely have ongoing discussions with existing and potential new lenders to refinance current debt on a longer term basis and, in recent periods, have refinanced shorter term acquisition debt, including seller notes, with traditional longer term mortgage notes, some of which have been executed under government guaranteed lending programs. We anticipate the conversion to common stock of \$4.0 million of the Company's outstanding convertible promissory notes that mature August 29, 2014, which excludes subordinated convertible promissory notes with a principal amount in the aggregate of \$2.9 million that were converted into shares of common stock of the Company in January 2014 (see Note 20 - Subsequent Events). These promissory notes are convertible into shares of common stock of the Company at \$3.73 per share. The closing price of the common stock exceeded \$4.00 per share from January 1, 2014 through March 21, 2014. As discussed further below, if we were unable to refinance the \$6.4 million of bullet maturities due July 2014 or were required to pay the \$4.0 million of outstanding convertible promissory notes in cash, then the Company may be required to restructure its outstanding indebtedness, implement further cost reduction initiatives, sell assets, or delay, modify, or abandon its expansion plans due to our limited liquidity in such an event.

We estimate that cash flow from operations and other working capital changes will be approximately \$15.4 million for the year ending December 31, 2014. During February and March 2014, the Company issued 693,761 shares of its common stock to holders of the Company's warrants dated September 30, 2010 upon conversion at an exercise price of \$3.57 per share. The Company received proceeds of approximately \$2.3 million, net of broker commissions of approximately \$0.1 million (see Note 20 - Subsequent Events).

Based on existing cash balances, anticipated cash flows for the year ending December 31, 2014, the anticipated refinancing of \$6.4 million of bullet maturities due July 2014, the expected conversion of \$4.0 million of convertible promissory notes due August 29, 2014 into shares of the Company's common stock, the net proceeds of approximately \$6.3 million from the issuance and sale of the Company's 10% subordinated convertible notes due April 30, 2015 that were received on March 28, 2014 (see Note 20 - Subsequent Events), and anticipated new sources of capital, we believe there will be sufficient funds for our operations, scheduled debt service, and capital expenditures at least through the next 12 months. On a longer term basis, at December 31, 2013 we have approximately \$73.9 million of debt payments and maturities due between 2015 and 2017, excluding convertible promissory notes which are convertible into shares of the Company's common stock. We have been successful in recent years in raising new equity capital and believe, based on recent discussions, that these markets will continue to be available to us for raising capital in 2014. We believe our long-term liquidity needs will be satisfied by these same sources, as well as borrowings as required to refinance indebtedness.

In order to satisfy our capital needs, we seek to: (i) improve our operating results by increasing facility occupancy, optimizing our payor mix by increasing the proportion of sub-acute patients within our skilled nursing facilities, continuing our cost optimization and efficiency strategies and acquiring additional long-term care facilities with existing operating cash flow; (ii) expand our borrowing arrangements with certain existing lenders; (iii) refinance current debt where possible to obtain more favorable terms; and (iv) raise capital through the issuance of debt or equity securities. We anticipate that these actions, if successful, will provide the opportunity for us to maintain liquidity on a short and long term basis, thereby permitting us to meet our operating and financing obligations for the next 12 months and provide for the continuance of our acquisition strategy. However, there is no guarantee that such actions will be successful or that anticipated operating results will be achieved. We currently have limited borrowing availability under our existing revolving credit facilities. If the Company is unable to improve operating results, expand existing borrowing agreements, refinance current debt (including the \$6.4 million of bullet maturities due July 2014), the convertible promissory notes due August 29, 2014 are not converted into shares of the Company's common stock and are required to be repaid by us in cash, or raise capital through the issuance of securities, then the Company may be required to restructure its outstanding indebtedness, implement further cost reduction initiatives, sell assets, or delay, modify, or abandon its expansion plans.

Restricted investments for other debt obligations	9,724	5,241
Total noncurrent portion	11,606	7,215
Total restricted cash and investments	\$15,407	\$8,957

HUD escrow deposits—The Regulatory Agreements we have entered into in connection with the financing secured through HUD for facilities requiring monthly escrow deposits for taxes and insurance.

Defeased bonds escrow—In September 2013, a wholly owned subsidiary of the Company deposited the outstanding principal and accrued interest to the prepayment date on the outstanding bonds which pursuant to the loan agreement will be prepaid on March 1, 2014 (see Note 8 - Notes Payable and Other Debt).

Lender's collection account—Several of the Company's credit facilities require several wholly owned subsidiaries of the Company to deposit certain collections and proceeds of their accounts receivable into a special collection account pursuant to the depository agreements. These funds are disbursed in priority order in accordance to certain credit agreement (See Note 8 - Notes Payable and Other Debt).

Principal and interest escrow—One facility had a requirement to have funds set aside for principal and interest payments.

Collateral certificates of deposit—In 2012, a mortgage obtained by the Company required a certificate of deposit to be held as collateral. This cash collateral was released to the Company in November 2013 and was used as a partial payment on the outstanding principal of the mortgage..

Property tax escrow—Several facilities are required to have funds set aside for real estate taxes.

HUD replacement reserve—The Regulatory Agreements entered into in connection with the financing secured through HUD requires monthly escrow deposits for replacement and improvement of the HUD project assets.

Repair and remediation/replacement reserves—One facility is required to have funds set aside for repairs, remediation and replacements expenses.

Reserves for capital improvements—Several facilities are required to have funds set aside for capital improvements.

Restricted investments for other debt obligations—Two mortgages obtained in 2010 required two five-year certificates of deposit to be held as collateral. The certificates of deposit are required to be held to maturity through October 2015 and will automatically renew if the lender continues to require them as collateral. One of the Company's loan agreements includes a requirement to fund additional cash collateral if the borrower fails to achieve certain debt service ratio requirements.

NOTE 5. PROPERTY AND EQUIPMENT

Property and Equipment consist of the following:

(Amounts in 000's)	Estimated Useful Lives (Years)	December 31, 2013	December 31, 2012
Buildings and improvements	5 - 40	\$135,379	\$137,804

Less: accumulated depreciation and amortization expense		15,159	8,862
Property and equipment, net		\$143,368	\$151,007

For the twelve months ended December 31, 2013 and 2012, total depreciation and amortization expense was \$7.9 million and \$6.5 million, respectively. Total depreciation expense and amortization expense excludes \$1.0 million and \$1.4 million in 2013 and 2012, respectively, that is recognized in net income (loss) from discontinued operations.

During the quarter ended March 31, 2012, the Company recognized a \$0.4 million impairment charge to write down the carrying value of an office building located in Rogers, Arkansas. The office building was acquired in 2011. The purchase price allocation for that acquisition was deemed to be final as of December 31, 2011. Subsequent to December 31, 2011, it was determined that the acquired office building would not be utilized and the building was not in use as of March 31, 2012. The impairment charge represents a change in fair value from value recognized in the purchase price allocation. The impairment charge is classified as depreciation expense in the consolidated statement of operations.

During December 2013, the Company recognized a \$0.5 million impairment charge to write down the carrying value of certain lease rights, equipment, and leasehold improvement values of a facility located in Thomasville, Georgia. The impairment charge represents a change in fair value from the carrying value.

Amortization expense for bed licenses included in property and equipment is included in property and equipment depreciation and amortization expense (See Note 5 - Property and Equipment). During 2013, the Company recognized an impairment loss of \$0.7 million related to two facilities in Tybee Island, Georgia (see Note 10 - Discontinued Operations).

Amortization expense for lease rights was \$1.2 million and \$1.6 million for the years ended December 31, 2013 and 2012, respectively. Estimated amortization expense for all definite lived intangibles for each of the future years ending December 31 is as follows:

Amounts in (000's)	Bed Licenses	Lease Rights

Debt Covenant Compliance

As of December 31, 2013, the Company (including its consolidated variable interest entity) has approximately forty credit related instruments (credit facilities, mortgage notes, bonds and other credit obligations) outstanding that include various financial and administrative covenant requirements. Covenant requirements include, but are not limited to, fixed charge coverage ratios, debt service coverage ratios, minimum EBITDA or EBITDAR, current ratios and tangible net worth requirements. Certain financial covenant requirements are based on consolidated financial measurements whereas others are based on subsidiary level (i.e. facility, multiple facilities or a combination of subsidiaries comprising less than the Company's consolidated financial measurements). Some covenants are based on annual financial metric measurements whereas others are based on quarterly financial metric measurements. The Company routinely tracks and monitors its compliance with its covenant requirements. In recent periods, including as of December 31, 2013, the Company has not been in compliance with certain financial and administrative covenants. For each instance of such non-compliance, the Company has obtained waivers or amendments to such requirements including as necessary modifications to future covenant requirements or the elimination of certain requirements in future periods.

Revolving Credit Facilities and Lines of Credit

Gemino Credit Facility

On September 20, 2012, AdCare terminated and paid off all amounts outstanding under that certain Credit Agreement, dated October 29, 2010, between Gemino Healthcare Finance, LLC ("Gemino") and AdCare (the "Gemino Credit Facility"). The Gemino Credit Facility was a secured credit facility for borrowings up to \$7.5 million, which was to mature on October 29, 2013. As of September 20, 2012, the outstanding principal balance was approximately \$4.2 million which was paid from funds made available to AdCare from a new credit facility entered into with The PrivateBank and Trust Company ("PrivateBank"). Interest accrued on the principal balance outstanding of the Gemino Credit Facility at an annual rate equal to LIBOR rate plus the applicable margin of 4.75% to 5.00%, depending on the principal amount outstanding. The Gemino Credit Facility contained various financial covenants and other restrictions, including a fixed charge cover ratio and maximum loan turn days, as well as borrowing base restrictions. No material early termination penalties were incurred by AdCare as a result of the termination of the Gemino Credit Facility.

Gemino Northwest Credit Facility

On May 30, 2013, NW 61st Nursing, LLC ("Northwest"), a wholly-owned subsidiary of the Company, entered into a Credit Agreement (the "Northwest Credit Facility") with Gemino. The Northwest Credit Facility provides for a \$1.0 million principal amount senior-secured revolving credit facility.

The Northwest Credit Facility matures on January 31, 2015 and interest accrues on the principal balance thereof at an annual rate of 4.75% plus the current LIBOR rate. Northwest also pays to Gemino: (i) a collateral monitoring fee equal to 1.0% per annum of the daily outstanding balance of the Northwest Credit Facility; and (ii) a fee equal to 0.5% per annum of the unused portion of the Northwest Credit Facility. In the event the Northwest Credit Facility is terminated prior to January 31, 2015, Northwest shall also be required to pay a fee to Gemino in an amount equal to 1.0% of the Northwest Credit Facility. The Northwest Credit Facility is secured by a security interest in the accounts receivable and the collections and proceeds thereof relating to the Company's skilled nursing facility located in Oklahoma City, Oklahoma known as the Northwest Nursing Center. The Company has unconditionally guaranteed all amounts owing under the Northwest Credit Facility.

The Northwest Credit Facility contains customary events of default, including material breach of representations and warranties, failure to make required payments, failure to comply with certain agreements or covenants and certain events of bankruptcy and insolvency. Upon the occurrence of an event of default, Gemino may terminate the Northwest Credit Facility.

In connection with entering into the Northwest Credit Facility, certain affiliates of the Company and Northwest, as applicable, also entered into an intercreditor and subordination agreement, governmental depository agreement and

subordination of management fee agreement, each containing customary terms and conditions.

On June 25, 2013, Northwest entered into a First Amendment to the Credit Agreement which amended the Northwest Credit Facility. The amendment, among other things: (i) amends certain financial covenants regarding fixed charge coverage ratio and minimum EBITDA; and (ii) amends the credit facility to include the Bonterra Credit Facility (discussed below) as an affiliated credit agreement in determining whether certain financial covenants are being met.

On June 28, 2013, two wholly-owned subsidiaries of the Company, entered into a Joinder Agreement, Second Amendment and Supplement to Credit Agreement with Northwest and Gemino pursuant to which such subsidiaries became additional borrowers under the Northwest Credit Facility. Pursuant to the joinder, the borrowers granted a continuing security

interest in, among other things, their accounts receivables, payment intangibles, chattel paper, general intangibles, collateral relating to any accounts or payment intangibles, commercial lockboxes and cash, as additional collateral under the Northwest Credit Facility. In connection with the execution of the joinder, the borrowers issued an amended and restated revolving promissory note in favor of Gemino in the amount of \$1.5 million.

As of December 31, 2013, \$1.3 million was outstanding of the maximum borrowing amount of \$1.5 million under the Northwest Credit Facility.

Gemino-Bonterra Amendment

On September 20, 2012, ADK Bonterra/Parkview, LLC, a wholly owned subsidiary of the Company ("Bonterra") entered into a Second Amendment to the Credit Agreement with Gemino ("Gemino-Bonterra Credit Facility"), which amended the original Credit Agreement dated April 27, 2011 between Bonterra and Gemino. The Gemino-Bonterra Credit Facility is a secured credit facility for borrowings up to \$2.0 million. The amendment extended the term of the Gemino-Bonterra Credit Facility from October 29, 2013 to January 31, 2014 and amended certain financial covenants regarding Bonterra's fixed charge coverage ratio, maximum loan turn days and applicable margin. Interest accrues on the principal balance outstanding at an annual rate equal to the LIBOR rate plus the applicable margin of 4.75% to 5.00%, which fluctuates depending upon the principal amount outstanding.

On December 20, 2012, Bonterra entered into a Third Amendment to the Gemino-Bonterra Credit Facility, which altered the financial covenant in the original credit agreement to exclude the Oklahoma Owners under another credit agreement with Gemino from the covenant calculation of maximum loan turn days and acknowledged that Bonterra shall not be obligated, directly or indirectly, for any indebtedness or obligations of the Oklahoma Owners to Gemino. On May 30, 2013, Bonterra, entered into a Fourth Amendment to Credit Agreement with Gemino, which among other things: (i) extends the term of the Gemino-Bonterra Credit Facility from January 31, 2014 to January 31, 2015; (ii) amended certain financial covenants regarding Bonterra's fixed charge coverage ratio and maximum loan turn days; and (iii) amended the Gemino-Bonterra Credit Facility to include the Northwest Credit Facility as an affiliated credit agreement in determining whether certain financial covenants are being met. As of December 31, 2013, \$1.3 million was outstanding under the Gemino-Bonterra Credit Facility.

PrivateBank Credit Facility

On September 20, 2012, in connection with the payoff of the Gemino Credit Agreement noted above, the Company entered into a Loan and Security Agreement with PrivateBank ("PrivateBank Credit Facility"). Under the terms of the PrivateBank Credit Facility, PrivateBank provides a \$10.6 million senior secured revolving credit facility for a three-year period with the borrowings thereunder being subject to a borrowing base and are offset by a \$0.7 million standby letter of credit at December 31, 2012, increasing to \$2.5 million at July 31, 2013.

The PrivateBank Credit Facility matures on September 20, 2015. Interest is accrued on the principal balance at an annual rate of the greater of (i) 1% plus the prime interest rate per annum, or (ii) 5% per annum. Payments for the interest are due monthly and commenced on October 1, 2012. In addition, there is a non-utilization fee of 0.5% on the unused portion of the available credit. The PrivateBank Credit Facility may be prepaid at any time without premium or penalty, provided that such prepayment is accompanied by a simultaneous payment of all accrued and unpaid interest, through the date of prepayment. The PrivateBank Credit Facility is secured by a first priority security interest in the real property and improvements constituting nursing facilities owned and operated by AdCare. AdCare has unconditionally guaranteed all amounts owed to PrivateBank under the PrivateBank Credit Facility.

Proceeds from the PrivateBank Credit Facility were used to pay off all amounts outstanding under a separate \$2.0 million credit facility with PrivateBank under which certain subsidiaries of AdCare were borrowers, and the Gemino Credit Facility.

On October 26, 2012, the Company and certain of its wholly owned subsidiaries, on the one hand, and PrivateBank entered into a Modification Agreement which amends the PrivateBank Credit Facility, dated as of September 20, 2012, between certain of the Company's wholly owned subsidiaries and PrivateBank. The Modification Agreement amended the loan agreement to: (i) allow PrivateBank to issue additional letters of credit for the account of the borrowers under the loan agreement; and (ii) change the total amount that may be issued under any letters of credit to \$2.5 million. The modification agreement did not change the maximum amount that may be borrowed under the loan

agreement by the borrowers, which remains at \$10.6 million.

On January 25, 2013, the Company entered into a Memorandum of Agreement with PrivateBank pursuant to which three of the Company's subsidiaries and their assets that collateralized the loan, which consist of the three skilled nursing facilities located in Arkansas known as the Aviv facilities, were released from liability under the PrivateBank Credit Facility. In

exchange for the release from liability under the loan agreement, the Company made a payment in the amount of \$0.7 million on December 28, 2012. The memorandum did not change the maximum amount that may be borrowed under the loan agreement by the Company, which remains \$10.6 million.

On September 30, 2013, certain wholly-owned subsidiaries of the Company entered into a Third Modification Agreement with PrivateBank pursuant to which: (i) a wholly-owned subsidiary of the Company was added as a borrower to the PrivateBank Credit Facility; and (ii) three of the subsidiaries and their assets that collateralized the loan were released from their obligations under the PrivateBank Credit Facility because such entities no longer operate skilled nursing facilities.

On November 26, 2013, certain wholly-owned subsidiaries of the Company entered into a Fourth Modification Agreement with PrivateBank which modified that certain Loan Agreement, dated September 20, 2012, as amended, the PrivateBank Credit Facility. The modification, among other things: (i) increases the letter of credit amount available under the PrivateBank Credit Facility from \$2.5 million to \$3.5 million.

As of December 31, 2013, \$5.8 million was outstanding of the maximum borrowing amount of \$10.6 million under the PrivateBank Credit Facility, subject to borrowing base limitations. As of December 31, 2013, the Company has \$2.8 million of outstanding letters of credit relating to this credit facility.

Contemporary Healthcare Senior

On August 17, 2012 in conjunction with the acquisition of Companions, a wholly owned subsidiary of the Company entered into a Loan Agreement with Contemporary Healthcare Capital LLC ("Contemporary") and issued a promissory note in favor of Contemporary with a principal amount of \$0.6 million ("Contemporary \$0.6 million Loan"). The Contemporary \$0.6 million Loan matures on August 20, 2015 and interest accrues on the principal balance at an annual rate of 9.0%. Payments for the interest and a portion of the principal in excess of the borrowing base are payable monthly, commencing on September 20, 2012. As of December 31, 2013, \$0.2 million was outstanding under the Contemporary \$0.6 million Loan.

Senior Debt—Guaranteed by HUD**Hearth and Home of Vandalia**

In connection with the Company's January 2012 refinancing of the assisted living facility known as Hearth and Home of Vandalia, owned by a wholly owned subsidiary of AdCare, the Company obtained a term loan, insured by U.S. Department of Housing and Urban Development ("HUD"), with a financial institution for a total amount of \$3.7 million that matures in 2041. The HUD term loan requires monthly principal and interest payments with a fixed interest rate of 3.74%. Deferred financing costs incurred on the term loan amounted to \$0.2 million and are being amortized to interest expense over the life of the loan. The HUD term loan has a prepayment penalty of 8% starting in 2014 declining by 1% each year through 2022. This loan note was assumed by the buyer in the closing of the sale of this facility that occurred in May 2013 pursuant to the terms of the sale agreement related to the sale of six of the Company's assisted living facilities located in Ohio (see Note 10 - Discontinued Operations).

Other Senior Debt—Guaranteed by HUD

For two facilities, the Company has term loans insured by HUD with a financial institution that totaled approximately \$4.1 million at December 31, 2013. The combined HUD term loans require monthly principal and interest payments of approximately \$31,000 with fixed interest rates ranging from 5.95% to 7.25%. The term loans mature at various dates starting in 2027 through 2038. Deferred financing costs incurred on these loans amounted to approximately \$0.3 million and are being amortized to interest expense over the life of the loans. The loans have prepayment penalties of 3.5% to 6% through 2013 declining by 1% each year through 2022. The loans have certain restrictive covenants and HUD regulatory compliance requirements including maintenance of certain restricted escrow deposits and reserves for replacement. The Company has \$0.5 million of restricted assets related to these loans.

Sale of Ohio ALFs

On December 28, 2012, AdCare sold four of its assisted living facilities located in Ohio and used a portion of the proceeds to pay off the principal balance of their HUD loans in the amount of \$6.4 million. On February 28, 2013, AdCare completed the sale of one additional assisted living facility and used the proceeds to repay the principal balance of the HUD loan with respect to the facility in the amount of \$1.9 million (see Note 10 - Discontinued Operations).

Senior Debt—Guaranteed by USDA

For five facilities, the Company has term loans insured 70% to 80% by the United States Department of Agriculture ("USDA") with financial institutions that totaled approximately \$27.8 million at December 31, 2013. The Company has \$2.0

million of restricted assets related to these loans. The combined USDA loans require monthly principal and interest payments of approximately \$0.2 million adjusted quarterly with a variable interest rate of prime plus 1% to 1.75% with a floor of 5.50% to 6.00%. The loans mature at various dates starting in 2035 through 2036. Deferred financing costs incurred on these loans amounted to approximately \$0.8 million and are being amortized to interest expense over the life of the notes. In addition, the loans have an annual renewal fee for the USDA guarantee of 0.25% of the guaranteed portion. The loans have prepayment penalties of 8% to 9% through 2013 declining by 1% each year capped at 1% for the remainder of the term.

Senior Debt—Guaranteed by SBA

Stone County

In June 2012, Mt. V Property Holdings, LLC ("Stone County"), a wholly owned subsidiary of AdCare, entered into a loan agreement with the Economic Development Corporation of Fulton County (the "CDC"), an economic development corporation working with the SBA, in the amount of \$1.3 million. The funding from the CDC loan of \$1.3 million was used to satisfy a \$1.3 million loan from Metro City Bank that was used to acquire the assets of a skilled nursing facility located in Arkansas known as the Stone County Nursing and Rehabilitation facility.

The CDC loan matures in July 2032 and accrues interest at a rate of 2.42% per annum. The CDC loan is payable in equal monthly installments of principal and interest based on a twenty (20) year amortization schedule. The CDC loan may be prepaid, subject to prepayment premiums, during the first ten years. There are also annual fees associated with the CDC loan, including an SBA guarantee fee. The CDC loan is secured by a second in priority security deed on the Stone County Nursing and Rehabilitation facility and guarantees from AdCare, the SBA and a wholly owned subsidiary of AdCare. As of December 31, 2013, \$1.2 million was outstanding under the CDC loan.

Other Senior Debt—Guaranteed by SBA

For three facilities, the Company has term loans insured 75% by the SBA with a financial institution that totaled approximately \$4.7 million at December 31, 2013. The combined SBA mortgage notes require monthly principal and interest payments of approximately \$28,000 with an interest rate of 2.42% to 5.5%. The notes mature at various dates starting in 2031 through 2036. Deferred financing costs incurred on these loans amounted to approximately \$0.2 million and are being amortized to interest expense over the life of the note. In addition, the loans have an annual renewal fee for the SBA guarantee of 0.13% to 0.25% of the guaranteed portion. The loans have prepayment penalties ranging from 2.48% to 3.0% declining each year until year ten.

The KeyBank Credit Facility may be prepaid at any time without premium or penalty, provided that the KeyBank Borrowers pay any costs of KeyBank in re-employing such prepaid funds. AdCare Health Systems, Inc., AdCare Property Holdings, LLC, and AdCare Operations, LLC have unconditionally guaranteed all amounts owing under the KeyBank Credit Facility.

Proceeds from the KeyBank Credit Facility were used to pay off all amounts outstanding under an unsecured promissory note, dated April 1, 2012, issued by the Company in favor of Strome Alpha Offshore Ltd. in the amount of \$5.0 million; payoff of an existing credit facility with Metro City Bank with respect to the Abington facility in the amount of \$3.4 million; and payoff of the portion of the PrivateBank Credit Facility which relates to the Northridge and Woodland Hills in the amount of \$8.1 million. The Company has \$5.6 million of restricted assets related to this loan. As of December 31, 2013, \$15.4 million was outstanding under the KeyBank Credit Facility.

Sumter Valley and Georgetown

In connection with the closing of the Sumter and Georgetown facilities acquisition, two wholly owned subsidiaries of AdCare Sumter Valley Property Holdings, LLC and Georgetown HC&R Property Holdings, LLC entered into a Loan Agreement with Metro City Bank, dated December 31, 2012 in which Metro City Bank issued a promissory note for an aggregate principal amount of \$7.0 million. Interest on the loan accrues on the principal balance thereof at an annual rate of 1.5% per annum plus the prime interest rate, to be adjusted quarterly (but in no event shall the total interest be less than 5.50% per annum), and payments for the interest are payable monthly, commencing on February 1, 2013. The entire outstanding principal balance of the loan, together with all accrued but unpaid interest thereon, is payable on February 1, 2014. AdCare and certain of its subsidiaries have unconditionally guaranteed all amounts owing under the loan.

In December 2013, the Company entered into a Note, Mortgage and Loan Agreement Modification Agreement with Metro City Bank which modified the loan agreement dated December 31, 2012, which: (i) extended the maturity date from February 1, 2014 to February 1, 2015; (ii) increased the total amount available from \$6.9 million to \$9.0 million; (iii) established monthly deposits of \$14,000 as cash collateral which the Company will make through the maturity date; (iv) required the Company to pay deferred financing fees of \$0.2 million. As of December 31, 2013, \$9.0 million

was outstanding under the loan, and the total restricted assets related to this loan are \$0.6 million.

Northwest

In connection with the acquisition of the Northwest Nursing Center facility, a wholly owned subsidiary of AdCare issued a note pursuant to a Loan Agreement with First Commercial Bank, dated December 31, 2012, for a principal amount of \$1.5

million. The note matures on December 31, 2017. Interest on the note accrues on the principal balance thereof at an annual rate equal to the prime interest rate (but in no event shall the interest rate be less than 5.00% per annum), and payments for the interest are payable monthly, commencing on January 31, 2013. The entire outstanding principal balance of the note, together with all accrued but unpaid interest thereon, is payable on December 31, 2017. AdCare and certain subsidiaries of the Company have unconditionally guaranteed all amounts owing under the note. As of December 31, 2013, \$1.4 million was outstanding under the loan.

Hembree Road Building

In November 2012, in connection with the acquisition of AdCare's corporate offices at Hembree Road, Roswell, Georgia, a wholly owned subsidiary of AdCare issued a promissory note in favor of Fidelity Bank for a principal amount of \$1.1 million. The note matures in December 2017. Interest on the note accrues on the principal balance thereof at a fixed rate of 5.5% per annum and payments for the interest and principal are due monthly, commencing in December 2012. The entire outstanding principal balance of the note, together with all accrued but unpaid interest thereon, is payable on December 31, 2017. As of December 31, 2013, \$1.0 million was outstanding under the loan.

Other Mortgage Indebtedness

For five facilities the Company has obtained various term loans that totaled approximately \$16.9 million at December 31, 2013. The combined mortgage notes require monthly principal and interest payments of approximately \$0.1 million with interest rates of 6.00% to 6.25%. The notes mature at various dates starting in 2016 through 2031. Deferred financing costs incurred on these loans amounted to approximately \$0.5 million and are being amortized to interest expense over the life of the notes.

The remaining mortgage note balance is related to the financing on the Company's former corporate headquarters in Springfield, Ohio with a balance of approximately \$0.2 million at December 31, 2012. The mortgage requires fixed monthly payments of approximately \$3,000 plus interest at LIBOR plus 3.0% maturing in 2017. The building was sold in June 2013 and the mortgage was paid.

Other Debt

Eaglewood Village Promissory Note

In January 2012, two wholly owned subsidiaries of AdCare issued a promissory note to the seller of the facility in the amount of \$0.5 million in connection with the January 2012 acquisition of the assisted living facility located in Springfield, Ohio. The note matures in January 2014 and requires a final payment of \$0.5 million. The note bears interest at 6.5% per annum payable monthly beginning in February 2012. The note requires monthly principal and interest payment. The note may be prepaid without penalty at any time. As of December 31, 2013, \$0.5 million was outstanding under the note.

Cantone Promissory Notes

In March 2012, AdCare issued an unsecured promissory note to Cantone Asset Management LLC in the amount of \$3.5 million. In April 2012, AdCare issued another promissory note to Cantone Asset Management LLC in the amount of \$1.5 million. In July 2012, these two promissory notes were refinanced through the issuance to Cantone Asset Management LLC of an 8% subordinated convertible note in the principal amount of \$5.0 million.

The \$5.0 million of promissory notes issued to Cantone Asset Management LLC was refinanced as part of the \$7.5 million in subordinated convertible notes issued in July 2012 discussed below.

Strome Note

In April 2012, AdCare issued an unsecured promissory note in the amount of \$5.0 million to Strome Alpha Offshore Ltd. The promissory note matured in November 2012, and the Company paid off the promissory note on December 28, 2012, using the proceeds from the KeyBank Credit Facility discussed in this Note 8. Interest accrued on the promissory note at a fixed rate of 10% per annum.

Sumter Valley Promissory Note

In connection with the acquisition of the facility known as Sumter Valley Nursing and Rehab in December 2012, a subsidiary of AdCare issued a promissory note to the seller of the facility in the amount of \$0.3 million. Interest on the note accrues at a rate of 6% per annum. Principal and interest payments on the note shall be due and payable monthly, beginning on February 1, 2013, with a final payment due on the earlier of December 31, 2014, or the date upon which the Company refinances its loan relating to the Sumter facility. AdCare has unconditionally guaranteed all amounts

owed under the note. The

note was paid in full by the Company in December 2013 with funds received from the refinance with Metro City discussed under the heading Senior Debt—Other Mortgage Indebtedness - Sumter Valley and Georgetown in this Note 8.

Georgetown Promissory Note

In connection with the acquisition of the facility known as Georgetown Healthcare and Rehab in December 2012, a subsidiary of AdCare issued a secured subordinated promissory note to the seller of the Georgetown facility in the amount of \$1.9 million. Interest on the note accrues at a rate of 7% per annum. Interest payments on the note shall be due and payable monthly, beginning on February 1, 2013, with a final payment due on the earlier of December 31, 2013; or the date upon which the Company refinances its loan with Metro City Bank relating to the Georgetown Healthcare and Rehab Facility. AdCare has unconditionally guaranteed all amounts owing under the note. The note was paid in full by the Company in December 2013 with funds received from the Metro City refinance discussed under the heading Senior Debt—Other Mortgage Indebtedness - Sumter Valley and Georgetown in this Note 8.

Pinnacle Healthcare Promissory Notes

The Company previously issued promissory notes in the aggregate principal amount of \$2.4 million. The notes mature March 1, 2014, and bear interest at 7% payable quarterly in arrears the first day of each December, March, June and September beginning December 1, 2011. The notes are subject to mandatory prepayment in the aggregate principal amount of \$250,000 on each of March 1, 2013, June 1, 2013, September 1, 2013 and December 1, 2013 and a final payment of \$150,000 on March 1, 2014. The notes may also be prepaid without penalty at any time. At December 31, 2013, \$0.2 million remained outstanding.

Mountain Trace Promissory Notes

Mountain Trace ADK, LLC, a wholly owned subsidiary of AdCare, previously issued promissory notes in the aggregate principal amount of \$1.0 million. The notes mature April 1, 2013, and bear interest at 11% payable quarterly in arrears the first day of each January, April, July and October beginning July 1, 2011. The notes may also be prepaid without penalty by providing fifteen days prior notice. The Company received proceeds of \$0.9 million net of legal and other financing costs. These notes were paid in full by the Company on April 1, 2013.

Convertible DebtSubordinated Convertible Notes Issued in 2010 (the "2010 Notes")

On October 26, 2010, the Company entered into a Securities Purchase Agreement with certain accredited investors to sell and issue to them an aggregate of \$11.1 million in principal amount of the Company's subordinated convertible notes, bearing 10% interest per annum payable quarterly in cash in arrears beginning December 31, 2010.

On October 29, 2010, the Company entered into an amendment and joinder agreement to effectuate the sale of an additional \$0.8 million in principal amount of 2010 Notes. The initial sale of \$11.1 million in principal amount of the 2010 Notes occurred on October 26, 2010, and the subsequent sale of \$0.8 million in principal amount of the 2010 Notes occurred on October 29, 2010. The 2010 Notes had an original maturity date of October 26, 2013.

The 2010 Notes were convertible at the option of the holder into shares of common stock of the Company at a current conversion price of \$3.73 (adjusted for a 5% stock dividends paid on October 14, 2011 and October 22, 2012, as further discussed in Note 12 to our Consolidated Financial Statements included in this Annual Report, and subject to adjustment for stock dividends, stock splits, combination of shares, recapitalization and other similar events) that were subject to future reductions if the Company issued equity instruments at a lower price. Since there was no minimum conversion price resulting in an indeterminate number of shares to be issued in the future, the Company determined an embedded derivative existed that was required to be bifurcated from the Notes and accounted for separately as a derivative liability recorded at fair value (see Note 15 - Fair Value Measurements). At the time of initial measurement, the derivative had an estimated fair value of \$2.6 million resulting in a discount on the 2010 Notes. The discount was amortized over the term of the 2010 Notes.

Effective October 26, 2013, the Company entered into a Waiver, Amendment and Forbearance with holders of the 2010 convertible notes, pursuant to which the Company and the holders amended: (i) the requirement to adjust the conversion price of the 2010 Notes for dilutive equity issuances (i.e., the "full ratchet and anti-dilution" provision); (ii) extended the maturity date to August 29, 2014; and (iii) adjusted the interest rate to 12.0% per annum. Accordingly, a minimum conversion price of \$3.73 was set and a determinate number of shares was established, the result of which

was that the embedded derivative ceased to exist. The Company adjusted the carrying value of the derivative to zero as of October 26, 2013.

Subordinated Convertible Notes Issued in 2011 (the "2011 Notes")

On March 31, 2011, the Company entered into a Securities Purchase Agreement with certain accredited investors to sell and issue to them an aggregate of \$2.1 million in principal amount of the Company's subordinated convertible notes. On April 29, 2011, the Company issued an additional \$1.8 million in principal amount of the 2011 Notes. On May 6, 2011, the Company issued an additional \$0.6 million in principal amount of the 2011 Notes. As of December 31, 2013, the total outstanding principal amount of the 2011 Notes is \$4.5 million. Approximately \$1.4 million of the proceeds obtained were used to repay the short-term promissory note that was issued March 31, 2011 and related accrued interest.

The 2011 Notes bear interest at 10% per annum and are payable quarterly in cash in arrears beginning June 30, 2011. The 2011 Notes mature on March 31, 2014. Debt issuance costs of \$0.6 million are being amortized over the life of the 2011 Notes.

The 2011 Notes are convertible at the option of the holder into shares of common stock of the Company at a conversion price of \$4.80 per share (adjusted for a 5% stock dividends paid on October 14, 2011 and October 22, 2012, as further discussed in Note 12 - Stockholders' Equity, and subject to adjustment for stock dividends, stock splits, combination of shares, recapitalization and other similar events). The initial conversion price is subject to adjustment for any stock dividend, stock split, combination of shares, reorganization, recapitalization, reclassification or other similar events. The 2011 Notes are unsecured and subordinated in right of payment to existing and future senior indebtedness.

Subordinated Convertible Notes Issued in 2012 (the "2012 Notes")

On June 28, 2012, the Company entered into a Securities Purchase Agreement, dated as of June 28, 2012, with certain accredited investors pursuant to which the Company issued and sold to them on July 2, 2012 an aggregate of \$7.5 million in principal amount of the Company's 8.0% subordinated convertible notes. The 2012 Notes bear interest at 8% per annum and such interest is payable quarterly in cash in arrears beginning on September 30, 2012. The 2012 Notes mature on July 31, 2015. The 2012 Notes are unsecured and subordinated in right of payment to existing and future senior indebtedness of the Company. The \$7.5 million principal amount of the 2012 Notes includes a refinancing of existing indebtedness of \$5.0 million of promissory notes issued to Cantone Asset Management LLC. At any time on or after the six-month anniversary of the date of issuance of the notes, the notes are convertible at the option of the holder into shares of the Company's common stock at a conversion price equal to \$3.97 per share

(adjusted for a 5% stock dividend paid on October 22, 2012, as further discussed in Note 12 - Stockholders' Equity , and subject to adjustment for stock dividends, stock splits, combination of shares, recapitalization and other similar events).

Table of Contents

If at any time on or after the six-month anniversary date, the weighted average price of the common stock for any 20 trading days within a period of 30 days consecutive trading days equals or exceeds 200% of the conversion price and the average daily trading volume of the common stock during such 20 days exceeds 50,000 shares, then the Company may, subject to the satisfaction of certain other conditions, redeem the notes in cash at a redemption price equal to the sum of 100% of the principal amount being redeemed plus any accrued and unpaid interest on such principal.

In addition, the holders of a majority of the aggregate principal amount of notes then outstanding may require the Company to redeem all or any portion of the notes upon a change of control transaction, at a redemption price in cash equal to 110% of the redemption amount. As of December 31, 2013, the outstanding principal amount of the 2012 Notes is \$7.5 million.

Approximately \$18.9 million of the scheduled maturities in 2014 and 2015, relate to the subordinated convertible notes issued in 2010, 2011 and 2012. While management cannot predict with certainty, we anticipate that some holders of the subordinated convertible notes will elect to convert their subordinated convertible notes into shares of common stock provided the common stock continues to trade above the applicable conversion price for such notes. The conversion prices are \$3.73, \$4.80 and \$3.97 for the subordinated convertible notes issued in 2010, 2011 and 2012, respectively. If all of the subordinated convertible notes had been converted to common stock at December 31, 2013, then the Company would have been required to issue approximately 5.9 million shares of common stock.

NOTE 9. ACQUISITIONS

On February 15, 2013, the Company entered into a Purchase and Sale Agreement with Avalon Health Care, LLC (“Avalon”) to acquire certain land, buildings, improvements, furniture, vehicles, contracts, fixtures and equipment comprising: (i) a 180-bed skilled nursing facility known as Bethany Health and Rehab; and (ii) a 240-bed skilled nursing facility known as Trevecca Health and Rehab, both located in Nashville, Tennessee. The Company deposited \$0.4 million of earnest money escrow deposits in February 2013. On June 1, 2013, the Purchase and Sale Agreement was terminated due to the failure of the transaction to close by May 31, 2013. In connection with the termination of the Purchase and Sale Agreement, the Company was seeking the return of \$0.4 million previously deposited earnest money escrow deposits. On August 1, 2013, the Company entered into a settlement agreement regarding the return of the \$0.4 million previously deposited earnest money escrow deposits. Pursuant to the agreement, the previously deposited earnest money escrow deposits were released and distributed, \$0.3 million to the Company and \$0.1 million to Avalon, respectively.

The Company incurred acquisition costs of approximately \$0.6 million and \$2.0 million during the years ended December 31, 2013 and 2012. Acquisition costs are recorded in “Other Income (Expense)” section of the Consolidated Statements of Operations.

Summary of 2012 Acquisitions

During the year ended December 31, 2012, the Company acquired a total of 11 skilled nursing facilities and one assisted living facility described further below. The total purchase price for each acquisition is after final closing adjustments.

Unaudited Pro forma Financial Information

The above acquisitions have been included in the consolidated financial statements since the dates of the acquisition. Combined revenue for all 2012 acquisitions since date of acquisition through December 31, 2012 was \$35.1 million and resulted in loss from operations of \$0.3 million for the year ended December 31, 2012.

The following table represents pro forma results of consolidated operations as if all of the 2012 acquisitions had occurred at the beginning of the earliest fiscal year being presented, after giving effect to certain adjustments.

(Amounts in 000's)	December 31, 2012
Pro forma revenue	\$220,745
Pro forma operating expenses	\$216,673
Pro forma income from operations	\$4,072

The foregoing pro forma information is not indicative of what the results of operations would have been if the acquisitions had actually occurred at the beginning of the periods presented and is not intended as a projection of future results or trends.

NOTE 10. DISCONTINUED OPERATIONS

As part of the Company's strategy to focus on the growth of its skilled nursing segment, the Company decided in the fourth quarter of 2011 to exit the home health segment of the business. The Company sold the assets of the home health business in 2012. In the fourth quarter of 2012, the Company continued this strategy and entered into an agreement to sell six assisted living facilities located in Ohio. The Company also entered into a sublease arrangement in the fourth quarter of 2012 to exit the operations of a skilled nursing facility in Jeffersonville, Georgia. On June 12, 2013, the Company executed two sublease agreements to exit the skilled nursing business in Tybee Island, Georgia effective June 30, 2013 relating to two facilities. A sales listing agreement was executed for the 104-unit assisted living facility located in Hoover, Alabama, which is a consolidated variable interest entity, during the fourth quarter of 2013. The results of operations and cash flows for the home health business, the six Ohio assisted living facilities, the Jeffersonville, Georgia skilled nursing facility, the two facilities in Tybee Island, Georgia, and the assisted living facility located in Hoover, Alabama are reported as discontinued operations in 2013 and 2012.

On February 28, 2013, the Company completed the sale of the facility known as Lincoln Lodge Retirement Residence and used the proceeds to pay the principal balance of the HUD mortgage note with respect to the facility of \$1.9 million. The Company recognized a gain on the sale of approximately \$0.1 million and cash proceeds, net of costs and debt payoff, of \$0.6

million.

On May 6, 2013, Hearth & Home of Vandalia, Inc. (the “Vandalia Seller”), a wholly owned subsidiary of the Company, sold to H & H of Vandalia LLC (the “Vandalia Purchaser”), pursuant to that certain Agreement of Sale, dated October 11, 2012 and amended December 28, 2012 (as amended, the “Ohio Sale Agreement”), between the Company and certain of its subsidiaries, including the Vandalia Seller (together, the “Ohio ALF Sellers”), on the one hand, and CHP Acquisition Company, LLC (“CHP”) on the other hand, certain land, buildings, improvements, furniture, fixtures and equipment comprising the Vandalia facility located in Vandalia, Ohio. CHP had previously assigned its rights in the Ohio Sale Agreement with respect to the Vandalia facility to the Vandalia Purchaser.

The sale price for the Vandalia facility consisted of, among other items: (i) an assumption, by the Vandalia Purchaser, of a mortgage in an aggregate amount of \$3.6 million (the “Vandalia Mortgage”) that secures the Vandalia facility; and (ii) a release of the Vandalia Seller from its obligations to Red Mortgage Capital, LLC (the “Vandalia Mortgagee”) and HUD with respect to the Vandalia Mortgage, pursuant to a release and assumption agreement entered into among the Vandalia Purchaser, the Vandalia Seller, HUD and the Vandalia Mortgagee. In connection with the sale of the Vandalia facility, the Vandalia Seller and Vandalia Purchaser also entered into an assignment and assumption agreement of trust funds and service contracts, containing customary terms and conditions.

In June 2013, the Company entered into a Release Agreement with CHP amending the terms of the \$3.6 million Seller Note issued in the connection with the sale of four of the six Ohio assisted living facilities sold to CHP in the fourth quarter of 2012. In exchange for a reduction in the Vandalia purchase price by \$0.4 million, CHP agreed to immediately payoff the Seller Note resulting in a net payment of \$3.2 million. Proceeds from the \$3.2 million payment were used to fund a \$2.0 million increase in collateralized restricted cash required by one of the Company’s lenders and \$1.2 million was received by the Company for working capital purposes. The Company recognized a loss on the sale of Vandalia of \$0.4 million.

On June 11, 2013, the Company completed the sale of its former Springfield, Ohio corporate office building which was sold for the approximate net book value. The Company used the proceeds to pay off the principal balance of the mortgage note with respect to the building of approximately \$0.1 million.

The two remaining Ohio assisted living facilities held for sale at December 31, 2012 are Lincoln Lodge Retirement Residence (known as Lincoln Lodge) and Hearth & Home of Vandalia (known as Vandalia). The assets of Lincoln Lodge and Vandalia sold and the Vandalia HUD mortgage note of \$3.7 million assumed by the buyer are reflected as assets and liabilities of a disposal group held for sale at December 31, 2012. The Lincoln Lodge HUD mortgage note of \$1.9 million at December 31, 2012 is reflected in the current portion of notes payable and other debt and was paid off from the proceeds of the Lincoln Lodge sale that occurred on February 28, 2013. The sale of Vandalia closed on May 6, 2013. Pursuant to the purchase and sale agreement, the combined purchase price for the sale of Vandalia and Lincoln Lodge is \$6.0 million (\$2.3 million net of assumed debt).

NOTE 11. PREFERRED STOCK

Preferred Stock Offerings

On October 28, 2013, the Company sold 500,000 shares of its Series A Preferred Stock at \$25 per share in a registered public offering. The Company received proceeds from the offering of \$11.3 million after deducting underwriting discounts and other offering-related expenses of \$1.2 million. The liquidation preference of the Series A Preferred Stock is \$25 per share. Cumulative dividends accrue and are paid in the amount of \$2.72 per share each year, which is equivalent to 10.875% of the \$25.00 liquidation preference per share. The dividend rate may increase under certain circumstances.

On November 7, 2012, the Company sold 450,000 shares of its Series A Preferred Stock offered at \$23 per share in a registered public offering. The Company received proceeds from the offering of \$9.2 million after deducting underwriting discounts and other offering-related expenses of \$1.2 million. The liquidation preference of the Series A Preferred Stock is \$25 per share. Cumulative dividends accrue and are paid in the amount of \$2.72 per share each year, which is equivalent to 10.875% of the \$25.00 liquidation preference per share. The dividend rate may increase under certain circumstances.

Holders of the Series A Preferred Stock generally have no voting rights but have limited voting rights under certain circumstances. The Company may not redeem the Series A Preferred Stock before December 1, 2017, except the

Company is

required to redeem the Series A Preferred Stock following a "Change of Control," as defined in the Company's Articles of Incorporation. On and after December 1, 2017, the Company may, at its option, redeem the Series A Preferred Stock, in whole or in part, by paying \$25.00 per share, plus any accrued and unpaid dividends to the redemption date.

The change-in-control provision requires the preferred stock to be classified as temporary equity because, although deemed a remote possibility, a purchaser could acquire a majority of the voting power of the outstanding common stock without company approval, thereby triggering redemption. FASB ASC Topic 480-10-S99-3A, SEC Staff Announcement: Classification and Measurement of Redeemable Securities, requires classification outside of permanent equity for redeemable instruments for which the redemption triggers are outside of the issuer's control. The assessment of whether the redemption of an equity security could occur outside of the issuer's control is required to be made without regard to the probability of the event or events that may result in the instrument becoming redeemable.

NOTE 12. STOCKHOLDERS' EQUITY**Shares Authorized and Reserved**

At December 31, 2013, the Company had reserved approximately 11.7 million shares of its authorized but unissued common stock for possible future issuance in connection with the following outstanding items:

	Shares (000's)
Options outstanding and authorized for future grants in approved plans for stock options	2,184
Common stock warrants outstanding — employees	1,876
Common stock warrants outstanding — nonemployees	1,989
Convertible shares issuable under debt agreements (including additional 20% required under agreements)	5,611
Total authorized shares reserved	11,660

Stock Dividends

On September 6, 2012, the Company's Board of Directors declared a 5% stock dividend issued on October 22, 2012 to holders of the common stock as of October 8, 2012. As a result of the stock dividend, the number of outstanding shares of common stock increased by 0.7 million shares in 2012.

All references to the number of common shares and per-share amounts included in these consolidated financial statements are restated based on the increased number of shares giving retroactive effect to the stock dividend to prior year amounts.

2012 Public Common Stock Offering

In March 2012, the Company sold 1.1 million shares of common stock at \$3.75 per share in a registered public offering. The Company also granted the underwriter in the offering an option for 45 days to purchase up to an additional 165,000 shares of common stock to cover over-allotments, if any. In connection with the underwriter's partial exercise of this option, the Company issued an additional 65,000 shares of common stock at an offering price to the public of \$3.75 per share on May 22, 2012. The Company received net proceeds of \$3.8 million after deducting underwriting discounts and other offering-related expenses of \$0.6 million.

NOTE 13. STOCK BASED COMPENSATION

The following table summarizes employee and nonemployee stock based compensation for the years ended December 31, 2013 and 2012:

Amounts in (000's)	December 31,

Total stock-based compensation	\$1,097	\$891

The Company uses the Black-Scholes-Merton option-pricing model for estimating the fair values of employee share options, employee and nonemployee warrants and similar instruments with the following key assumptions:

Expected Dividend Yield: The Company has not historically paid cash dividends on its common stock, and does not expect to pay cash dividends on its common stock in the near future. Accordingly, our expected dividend yield is zero.

Expected Volatility: The Company estimates the expected volatility factor using the Company's historical stock price volatility.

Risk-Free Interest Rate: The Company bases the risk-free interest rate on the U.S. Treasury yield curve in effect at the time of grant or warrant for the period of the expected term as described.

Expected Term: The Company currently uses a simplified method for calculating the expected term based on the historical exercises of employee options and warrants and contractual expiration dates. For nonemployee warrants awarded to certain service providers or financing partners, the Company uses the contractual life of the warrants as the expected term, as the Company does not have sufficient experience with the service providers or financing partners to determine when they could be expected to exercise their warrants.

The assumptions used in calculating the fair value of employee stock options and warrants using the Black-Scholes-Merton option-pricing model are set forth in the following table:

	2013	2012		
Dividend Yield	—	% —		%
Expected Volatility	43.3% - 63.2%	40.0% - 46.1%		
Risk-Free Interest Rate	0.12% - 0.88%	0.25% - 1.05%		
Expected Term	5.2 years	4.0 - 6.5 years		

The assumptions used in calculating the fair value of nonemployee stock options and warrants using the Black-Scholes-Merton option-pricing model are set forth in the following table:

	2013	2012		
Dividend Yield	—	% —		%
Expected Volatility	46.9% - 50.3%	38.5% - 47.8%		
Risk-Free Interest Rate	0.07% - 0.32%	0.25% - 0.72%		
Expected Term	2 - 10 years	3 - 10 years

Employee Stock Options

The Company has three active employee stock option plans.

The 2004 Stock Incentive Plan expires March 31, 2014 and provides for a maximum of 347,288 shares of common stock to be issued.

The 2005 Stock Incentive Plan expires September 30, 2015 and provides for a maximum of 578,812 shares of common stock to be issued.

The 2011 Stock Incentive Plan expires March 28, 2021 and provides for a maximum of 2,152,500 shares of common stock to be issued.

All three plans permit the granting of incentive or nonqualified stock options. The 2011 Stock Incentive Plan also permits the granting of restricted stock. The plans are administered by the Board of Directors which has the authority to determine the employees to whom awards will be made, the amounts of the awards, and the other terms and conditions of the awards. The Company intends to use only the 2011 Stock Incentive Plan to make future grants.

The following summarizes the Company's employee stock option activity for the years ended December 31, 2013 and 2012:

Employee Common Stock Warrants

In addition to the Company's stock option plans, the Company grants stock warrants to officers, directors, employees and certain consultants to the Company from time to time as determined by the Board of Directors. The Board of Directors administers the granting of warrants, determines the persons to whom awards will be made, the amount of the awards, and the other terms and conditions of the awards.

The following summarizes the Company's employee common stock warrant activity for the years ended December 31, 2013 and 2012:

Restricted Stock

In December 2013, the Company approved issuing, pursuant to the 2011 Plan, 30,000 shares of common stock with a three-year restriction to its Chief Financial Officer. The restricted stock has all the rights of a shareholder from the date of grant, including, without limitation the right to receive dividends and the right to vote. The Company determined the fair value of the restricted stock at date of grant to be equal to the grant date closing stock price of \$4.34. The related compensation expense is being recognized over the three-year restricted period. The compensation expense for year ended December 31, 2013 was \$0.001 million with unrecognized compensation expense of \$0.1 million remaining at December 31, 2013.

On July 2, 2012, in connection with the issuance of the \$7.5 million principal amount of 8% subordinated convertible notes, the Company granted 50,000 shares of restricted common stock with a one-year restriction on transferability to the placement agent as partial consideration for its service on the offering. The Company determined the fair value of the restricted stock to be equal to the grant date closing stock price of \$3.50. The related compensation expense is included in deferred loan costs and is being amortized as interest expense over the term of the 8% subordinated convertible notes. The expense for the year ended December 31, 2013 was \$0.1 million with unrecognized expense of 0.1 million remaining at December 31, 2013.

In June 2012, the Company approved issuing, pursuant to the 2011 Stock Incentive Plan, 270,000 shares of common stock with a three-year restriction on transfer to its nine directors. The restricted stock has all the rights of a shareholder from the date of grant, including, without limitation the right to receive dividends and the right to vote. The Company determined the fair value of the restricted stock at date of grant to be equal to the grant date closing stock price of \$3.20. The related compensation expense is being recognized over the three-year restricted period. The compensation expense for year ended December 31, 2013 was \$0.3 million with unrecognized compensation expense of \$0.4 million remaining at December 31, 2013.

The following summarizes the Company's restricted stock activity for the year ended December 31, 2013 and 2012:

(a) Includes forfeiture adjusted unvested shares.

During the years ended December 31, 2013 and 2012, the Company granted warrants to nonemployees with a weighted-average grant date fair value of \$1.14 and \$0.99. The warrants have contractual terms between two and ten years. The majority vested immediately on the date of grant. The total intrinsic value of nonemployee common stock warrants exercised during the years ended December 31, 2013 and 2012, was \$0.1 million and \$0.1 million, respectively.

NOTE 14. VARIABLE INTEREST ENTITIES

The Company has certain variable interest entities that are required to be consolidated because AdCare is their primary beneficiary. A "primary beneficiary" is the party in a VIE that has both of the following characteristics: (a) The power to direct the activities of the VIE that most significantly impact the VIE's economic performance and (b) the obligation to absorb losses of the VIE that could potentially be significant to the VIE or the right to receive benefits from the VIE that could potentially be significant to the VIE. For a further description of the VIEs, see Note 19 - Related Party Transactions - "Riverchase" and "Oklahoma Owners".

In 2011, the Company concluded it was the primary beneficiary of the Oklahoma Owners and pursuant to FASB ASC Topic 810-10, Consolidation-Overall, consolidated the Oklahoma Owners in its 2011 consolidated financial statements. During the process of finalizing the 2012 financial statements, the Company re-assessed its prior conclusion that it should consolidate the Oklahoma Owners. In the reassessment process, the Company concluded that it should not have consolidated the Oklahoma Owners. In the accompanying consolidated financial statements the Company has deconsolidated the Oklahoma Owners effective January 1, 2012 and the balance sheet, operations and cash flows of the Oklahoma Owners are not included in the Company's 2012 consolidated financial statements. The Company further concluded that including the Oklahoma Owners in its 2011 financial statements was not material to such consolidated financial statements and therefore no adjustments have been made to the previously issued 2011 financial statements.

On June 22, 2013, the Company and Riverchase, our consolidated variable interest entity which is owned and controlled by Christopher Brogdon (the Company's Vice Chairman and a greater than 5% beneficial owner of the common stock), agreed to mutually terminate the five year management agreement, dated June 22, 2010. Riverchase owns Riverchase Village, a 105-bed assisted living facility located in Hoover, Alabama. Pursuant to the management agreement, a subsidiary of the Company

106

supervised the management of the Riverchase Village facility for a monthly fee equal to 5% of the monthly gross revenues of the Riverchase Village facility.

On June 22, 2013, a wholly owned subsidiary of the Company and Mr. Brogdon amended the Option Agreement, dated June 22, 2010, pursuant to which the Company has the exclusive and irrevocable right to acquire from Mr. Brogdon all of the issued and outstanding membership interests in Riverchase, which owns the Riverchase Village facility. The amendment extended the option provided for thereby from June 22, 2013 to June 22, 2014. The following summarizes the assets and liabilities of the variable interest entities included in the consolidated balance sheets (See Note 20—Subsequent Events for discussion of recent events):

NOTE 15. FAIR VALUE MEASUREMENTS

Recurring Fair Value Measurements

The following are the major categories of assets and liabilities measured at fair value on a recurring basis during the years ended December 31, 2013 and 2012, using quoted prices in active markets for identical assets (Level 1); significant other observable inputs (Level 2); and significant unobservable inputs (Level 3).

Amounts in (000's)	Level 1:	Level 2:	Level 3:	Total
Derivative Liability—2013	\$—	\$—	\$—	\$—
Derivative Liability—2012	\$—	\$—	\$3,630	\$3,630

Set forth below is a reconciliation of the beginning and ending balances for the derivative liability measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the year ended December 31, 2013:

Amounts in (000's)	Derivative Liability
Beginning Balance	\$3,630
Debt extinguishment	\$(624
Derivative gain) \$(3,006
Ending Balance) \$—

Table of Contents

The derivative liability is the result of the Company issuing subordinated convertible notes in 2010. The notes are convertible into shares of common stock of the Company at a current conversion price of \$3.73 (adjusted for various stock dividends) that is subject to future reductions if the Company issues equity instruments at a lower price. Because there is no minimum conversion price, an indeterminate number of shares may be issued in the future. Accordingly, the Company determined an embedded derivative existed that was required to be bifurcated from the subordinated convertible notes and accounted for separately as a derivative liability recorded at fair value. The Company estimates the fair value of the derivative liability using the Black-Scholes-Merton option-pricing model with changes in fair value being reported in the consolidated statement of operations. This model requires certain key inputs that are significant unobservable inputs (Level 3).

Effective October 26, 2013, the Company entered into a Waiver, Amendment and Forbearance with holders of the 2010 convertible notes, pursuant to which the Company and the holders amended, among other items, to extend the maturity date until August 29, 2014 and to delete the requirement to adjust the conversion price of the Notes for dilutive equity issuances (i.e., the "full ratchet and anti-dilution" provision). Accordingly, a minimum conversion price of \$3.73 was set and a determinate number of shares was established, the result of which was that the embedded derivative ceased to exist. The Company adjusted the carrying value of the derivative to zero as of October 26, 2013.

Nonrecurring Fair Value Measurements

During 2013, the Company recorded a goodwill impairment charge of approximately \$0.8 million which is reflected in loss from continuing operations. The impairment charge was a result of the required goodwill impairment test that requires the goodwill to be written down to the estimate of the implied fair value. The goodwill was measured using primarily an income approach with significant unobservable inputs (Level 3).

NOTE 16. COMMITMENTS AND CONTINGENCIES

Regulatory Matters

Laws and regulations governing Federal Medicare and State Medicaid programs are complex and subject to interpretation. Compliance with such laws and regulations can be subject to future governmental review and interpretation as well as significant regulatory action including fines, penalties, and exclusion from certain governmental programs. The Company believes that it is in compliance in all material respects with all applicable laws and regulations.

A significant portion of the Company's revenue is derived from Medicaid and Medicare, for which reimbursement rates are subject to regulatory changes and government funding restrictions. Any significant future change to reimbursement rates could have a material effect on the Company's operations.

Operating Leases

The Company leases certain office space and nine skilled nursing facilities under non-cancelable operating leases, most of which have initial lease terms of 10 to 12 years with rent escalation clauses and provisions for payments by the Company of real estate taxes, insurance and maintenance costs. For the years ended December 31, 2013 and 2012, facility rent expense totaled \$7.0 million and \$7.1 million, respectively.

Five of the Company's facilities are operated under a single master lease arrangement. The lease has a term of ten years into 2020. Under the master lease, a breach at a single facility could subject one or more of the other facilities covered by the same master lease to the same default risk. Failure to comply with regulations or governmental authorities, such as Medicaid and Medicare provider requirements, is a default under the Company's master lease agreement. In addition, other potential defaults related to an individual facility may cause a default of the entire master lease agreement. With an indivisible lease, it is difficult to restructure the composition of the portfolio or economic terms of the lease without the consent of the landlord. The Company is not aware of any defaults as of December 31, 2013.

Two of the Company's facilities are operated under a separate lease agreement. The lease is a single indivisible lease; therefore, a breach at a single facility could subject the second facility to the same default risk. The lease has a term of 12 years into 2022 and includes covenants and restrictions. The Company is required to make a minimum capital expenditures of \$375 per licensed bed per lease year at each facility which amounts to \$0.1 million per year for both

facilities. As of December 31, 2013, the Company is in compliance with all financial and administrative covenants of this lease agreement.

Table of Contents

Future minimum lease payments for each of the next five years ending December 31 are as follows:

	(Amounts in 000's)
2014	\$6,347
2015	6,190
2016	6,066
2017	5,971
2018	5,918
Thereafter	12,489
Total	42,981

The Company has also entered into lease agreements for various equipment used in the facilities. These leases are included in future minimum lease payments above.

Legal Matters

The skilled nursing business involves a significant risk of liability due to the age and health of the Company's patients and residents and the services the Company provides. The Company and others in the industry are subject to an increasing number of claims and lawsuits, including professional liability claims, which may allege that services have resulted in personal injury, elder abuse, wrongful death or other related claims. The defense of these lawsuits may result in significant legal costs, regardless of the outcome, and can result in large settlement amounts or damage awards.

In addition to the potential lawsuits and claims described above, the Company is also subject to potential lawsuits under the Federal False Claims Act and comparable state laws alleging submission of fraudulent claims for services to any healthcare program (such as Medicare) or payer. A violation may provide the basis for exclusion from federally funded healthcare programs. As of December 31, 2013 and 2012, the Company does not have any material loss contingencies recorded or requiring disclosure based upon the evaluation of the probability of loss from known claims, except as disclosed below.

In 2012, the Company was named as a defendant in two related lawsuits asserting breach of contract claims arising out of consulting agreements executed in 2010 in connection with the Company's becoming the operator of certain leased facilities that were previously operated by a third-party. The same transaction was already the subject of litigation commenced by the Company in 2011 against several entities which had previously operated the leased facilities. After becoming the operator of the leased facilities, the Company incurred certain losses for pre-closing activities for which the Company was entitled to indemnification. The Company sought to enforce its rights to indemnity by filing a lawsuit against the former operators of the leased facilities for breach of contract and related tort claims, and the Company proceeded to set off its losses against payment due under the consulting agreements referenced above. The defendants filed counterclaims against the Company. In the third quarter of 2012, a settlement was reached with respect to the three lawsuits that permitted the Company to eliminate a previously accrued liability in light of the lower than expected settlement amount of \$1.0 million resulting in a non-cash settlement gain of \$0.4 million recognized in the third quarter of 2012. During the third quarter of 2012, \$0.3 million of the settlement was paid. During 2013, the remaining settlement of \$0.2 million was paid.

On June 24, 2013, South Star Services, Inc. ("SSSI"), Troy Clanton and Rose Rabon (collectively, the "Plaintiffs") filed a complaint in the District Court of Oklahoma County, State of Oklahoma against: (i) AdCare, certain of its wholly owned subsidiaries and AdCare's Chief Executive Officer (collectively, the "AdCare Defendants"); (ii) Christopher Brogdon (Vice Chairman of the Board of Directors, owner of greater than 5% of the outstanding common stock and former Chief Acquisition Officer of the Company) and his wife; and (iii) five entities controlled by Mr. and Mrs. Brogdon, which entities own five skilled-nursing facilities located in Oklahoma (the "Oklahoma Facilities") that are managed by an AdCare subsidiary. The complaint alleges, with respect to the AdCare Defendants, that: (i) the AdCare Defendants tortuously interfered with contractual relations between the Plaintiffs and Mr. Brogdon, and with Plaintiffs' prospective economic advantage, relating to SSSI's right to manage the Oklahoma Facilities and seven other skilled-nursing facilities located in Oklahoma (collectively, the "Facilities"), respectively; (ii) the AdCare Defendants fraudulently induced the Plaintiffs to perform work and incur expenses with respect to the Facilities; and (iii) one of

the AdCare subsidiaries which is an AdCare Defendant provided false and defamatory information to an Oklahoma regulatory authority regarding SSSI's management of one of the Oklahoma Facilities. The complaint seeks damages against the AdCare Defendants, including punitive damages, in an unspecified amount, as well as costs and expenses, including reasonable attorney fees. On March 7, 2014, the Plaintiffs filed an amended complaint in which they alleged additional facts regarding the alleged fraudulent inducement caused by Mr. and Mrs. Brogdon and the AdCare Defendants. The Company intends to file a response to the amended complaint in a timely manner, and the trial is scheduled to begin in January 2015. The Company believes that the complaint is without merit and intends to vigorously defend itself

Table of Contents

against the claims set forth therein.

On October 2, 2013, the Company responded to certain letters received from Georgia Department of Community Health in September 2013 requesting payment of past due provider fees totaling \$1.2 million for certain nursing facilities for periods prior to the Company's operation of the facilities. The Company does not believe it is responsible for payment of these past due provider fees and has requested a final determination from Georgia Department of Community Health confirming that it is not responsible for paying the fees described in the letters.

On March 7, 2014 the Company responded to a letter received from the Ohio Attorney General ("OAG") dated February 25, 2014 demanding repayment of approximately \$1.0 million as settlement for alleged improper Medicaid payments related to seven Ohio facilities affiliated with the Company. The OAG alleged that the Company had submitted improper Medicaid claims for independent laboratory services for glucose blood tests and capillary blood draws. The Company intends to defend itself against the claims.

Income Tax Examinations

In early 2014, the Internal Revenue Service ("IRS") initiated an examination of the Company's income tax return for the 2011 income tax year. To date, the IRS has not proposed any adjustments. The Company is not currently under examination by any other major income tax jurisdiction. See Note 17 - Income Taxes.

Commitments**Special Termination Benefits**

In 2011, the Company incurred certain salary retirement and continuation costs of \$1.5 million related to separation agreements with certain of the Company's former officers. The benefits include wage continuation and fringe benefits which are to be paid out to these former employees over various future periods ranging from a six-month period to a 24-month period. These costs were paid in full during the year ended December 31, 2013.

Commitment to Future Lease Payments

A leased skilled nursing facility has signed a security agreement associated with the lessor, Covington Realty, LLC, in conjunction with the lessor's refinancing of the project through HUD. The commitment gives the lender the right to pursue the facility for unpaid lease payments to the lessor.

NOTE 17. INCOME TAXES

The provision for income taxes attributable to continuing operations for the years ended December 31, 2013 and 2012 are presented below.

At December 31, 2013 and 2012, the tax effect of significant temporary differences representing deferred tax assets and liabilities are as follows:

(Amounts in 000's)	December 31,	
	2013	2012
Net current deferred tax asset:		
Allowance for doubtful accounts	\$1,638	\$1,265
Accrued expenses	48	464

The items accounting for the differences between income taxes computed at the federal statutory rate and the provision for income taxes are as follows:

	December 31,	
	2013	2012
Federal income tax at statutory rate	34.0	% 34.0
State and local taxes	(0.5))% (0.8
Consolidated VIE LLC's	(2.0))% (3.0
Nondeductible expenses	(4.8))% (1.5
Other	(1.7))% (3.6
Change in valuation allowance	(26.3))% (26.1
Effective tax rate	(1.3))% (1.0

As of December 31, 2013 AdCare had consolidated federal net operating loss ("NOL") carry forwards of \$25.8 million. These NOLs begin to expire in 2018 through 2033 and currently are offset by a full valuation allowance. Given the Company's historical net operating losses, a full valuation allowance has been established on the Company's net deferred tax assets. The Company has generated additional deferred tax liabilities related to its tax amortization of certain acquired indefinite lived intangible assets because these assets are not amortized for book purposes. The tax amortization in current and future years gives rise to a deferred tax liability which will only reverse at the time of ultimate sale or book impairment. Due to the uncertain timing of this reversal, the temporary differences associated with indefinite lived intangibles cannot be considered a source of future taxable income for purposes of determining a valuation allowance. As such, the deferred tax liability cannot be used to support an equal amount of the deferred tax asset related to the NOL carry forward ("naked credit"). This resulted in recognizing deferred Federal tax expense of \$0.09 million and 104,000 for the years ended

Table of Contents

December 31, 2013 and 2012, respectively, and a deferred tax liability of \$0.2 million and \$0.1 million for the years ended December 31, 2013 and 2012, respectively.

In early 2014, the Internal Revenue Service ("IRS") initiated an examination of the Company's income tax return for the 2011 income tax year. To date, the IRS has not proposed any adjustments. The Company is not currently under examination by any other major income tax jurisdiction.

NOTE 18. BENEFIT PLANS

The Company sponsors a 401(k) plan, which provides retirement benefits to eligible employees. All employees are eligible once they reach age 21 years and complete one year of eligible service. The Company's plan allowed eligible employees to contribute up to 20% of their eligible compensation, subject to applicable annual Internal Revenue Code limits. The Company provides 50% matching on employee contributions, up to 2% of the employee's salary. Total matching contributions during the years ended December 31, 2013 and 2012 were approximately \$0.1 million and \$0.2 million, respectively.

The Company pursued remedial actions under the Voluntary Correction Programs ("VCP") of the Employee Compliance Resolution System contained in Internal Revenue Service ("IRS") Revenue Procedure 2008-50 to conform the 401(k) plan's terms to the plan's administration. The Company received notice on November 21, 2013 that the IRS accepted the Company's proposed correction without any assessment of fees or penalties.

NOTE 19. RELATED PARTY TRANSACTIONS

Riverchase

On April 9, 2010, Riverchase, then a wholly owned subsidiary of the Company, entered into a Purchase Agreement with an Oklahoma limited liability company controlled by a bank ("Riverchase Seller") to acquire the assets of Riverchase Village, a 105-bed assisted living facility located in Hoover, Alabama, for a purchase price of approximately \$5.0 million. On June 22, 2010, the Company assigned to Christopher Brogdon 100% of the membership interests in Riverchase. On June 25, 2010, Riverchase, then owned by Mr. Brogdon, purchased Riverchase Village pursuant to the terms of the Purchase Agreement.

In connection with financing of the acquisition of Riverchase Village, Riverchase borrowed from the Medical Clinic Board of the City of Hoover the proceeds from the issuance of \$5.9 million First Mortgage Healthcare Facility Revenue Bonds (Series 2010 A) and \$0.5 million First Mortgage Revenue Bonds (Series B), which proceeds were used to acquire Riverchase Village, pay the cost of certain repairs and improvements to Riverchase Village, fund certain services and pay the cost of the issuance of the bonds. As part of the financing, AdCare guaranteed Riverchase's obligations under the bonds. In June 2010, Riverchase Seller refunded to AdCare the \$250,000 of earnest money it had deposited in connection with the Riverchase Village transaction.

As consideration for the assignment of 100% of the membership interests in Riverchase to Mr. Brogdon and AdCare's guaranteeing the bonds, Mr. Brogdon granted to Hearth & Home of Ohio, Inc. ("Hearth & Home"), a wholly owned subsidiary of AdCare, an exclusive and irrevocable option pursuant to an Option Agreement to acquire Riverchase (the "Riverchase Option") through June 22, 2012 for an exercise price of \$100,000 and otherwise under the same terms and conditions set forth in the Purchase Agreement. In addition, a wholly owned subsidiary of AdCare entered into a five-year year Management Agreement with Riverchase pursuant to which such subsidiary supervised the management of the Riverchase Village facility for a monthly fee equal to 5% of the monthly gross revenues of the Riverchase Village facility. On June 22, 2013, the Management Agreement was mutually terminated by Riverchase and the Company.

On July 26, 2012, Hearth & Home and Mr. Brogdon amended the Option Agreement to extend the last date on which the Riverchase Option may be exercised through June 22, 2013. On June 22, 2013, Hearth & Home and Mr. Brogdon further amended the Option Agreement to extend the last date on which the Riverchase Option may be exercised through June 22, 2014. On March 3, 2014, Hearth & Home and Mr. Brogdon further amended the Option Agreement to: (i) extend the last date on which the Riverchase Option may be exercised through June 22, 2015; and (ii) reduce the purchase price for the Riverchase Option to \$1.00. See Note 20. - Subsequent Events - 2014 Brogdon Agreement.

Office Subleases and Purchase

Roswell Office Space. From April 2011 through November 2012, the Company subletted from JRT Group Properties, LLC ("JRT") on a month-to-month basis Building 1145 of the Offices at Hembree, a condominium used

by the Company as its service center and administrative offices, located in Roswell, Georgia (the "Hembree Facility"). Mr. Brogdon's son is a one-third owner of JRT. Pursuant to this sublease, the Company paid to JRT on a monthly basis base rent of approximately \$10,458. The Company paid an aggregate of \$115,035 in rent under this sublease in 2012. The Company also

112

paid to unrelated third parties amounts for utilities, property taxes and building association dues with respect to the Hembree Facility.

On June 4, 2012, ADK Hembree Road Property, LLC ("ADK Hembree"), wholly owned subsidiary of the Company, entered into a Purchase Agreement with JRT to acquire the Hembree Facility. On November 30, 2012, ADK Hembree acquired the Hembree Facility from JRT pursuant to the Purchase Agreement for an aggregate purchase price of \$1,083,781 and, in connection therewith, ADK Hembree issued a promissory note in favor of Fidelity Bank for a principal amount of \$1,050,000.

Edwards Redeemer and Whispering Pines

In May 2011, First Commercial Bank and Brogdon Family, LLC, an entity owned and controlled by Mr. Brogdon, entered into a Purchase and Sale Agreement pursuant to which Brogdon Family, LLC has the right to acquire six skilled nursing facilities located in Oklahoma for an aggregate purchase price of \$16.0 million. These facilities were Edwards Redeemer Nursing Center, Harrah Nursing Center, Northwest Nursing Center, Whispering Pines Nursing Center, McLoud Nursing Center and Meeker Nursing Center. In October 2011, Brogdon Family, LLC assigned all of its rights under the Purchase and Sale Agreement to AdCare Property Holdings, LLC, a wholly owned subsidiary of the Company, ("AdCare Holdings"). In May 2013, AdCare Holdings assigned all of its rights under the Purchase and Sale Agreement with respect to the Harrah Nursing Center, McLoud Nursing Center and Meeker Nursing Center back to Brogdon Family, LLC.

In October 2012, AdCare Holdings assigned to Edwards Redeemer Property Holdings, LLC ("Edwards Redeemer") and ER Nursing, LLC ("ER Nursing") (then both wholly owned subsidiaries of AdCare and, collectively, the "Edwards Assignees") all of its right under that certain Purchase and Sale Agreement to purchase the Edwards Redeemer Nursing Center. The Edwards Assignees agreed to assume all obligations of AdCare Holdings under the Purchase and Sale Agreement with respect to the Edwards Redeemer Nursing Center, including reimbursement for out-of-pocket costs. In connection therewith: (i) AdCare Holdings (as the owner of all of the issued and outstanding membership interests of Edward Redeemer) assigned all of its interest in Edwards Redeemer to Mr. Brogdon; and (ii) AdCare Holdings assigned to WP Nursing, LLC, an entity owned and controlled by Mr. Brogdon, all of AdCare Holding's right under the Purchase and Sale Agreement to purchase the Whispering Pines Nursing Center. WP Oklahoma Nursing, LLC agreed to assume all obligations of the Company under the Purchase and Sale Agreement with respect to the Whispering Pines Nursing Center. In connection with the assignment with respect to the Whispering Pines Nursing Center, the Company has recorded a receivable of less than \$0.1 million.

In December 2012, ER Nursing (still a wholly owned subsidiary of AdCare and the licensed operator of the Edwards Redeemer Nursing Center) entered into a Facility Lease with Edwards Redeemer (now owned and controlled by Mr. Brogdon) pursuant to which ER Nursing leases to Edwards Redeemer the operations of the Edwards Redeemer Nursing Center. In connection with entering into the Facility Lease, ER Nursing also entered into a Management Agreement with New Beginnings Care, LLC ("New Beginnings") pursuant to which New Beginnings agreed to manage the Edwards Redeemer Nursing Center for a monthly fee equal to five percent (5%) of the aggregate gross revenues of the Edwards Redeemer Nursing Center. The Management Agreement terminates upon the date the Oklahoma State Department of Health approves the application for the appropriate permits and licenses to allow New Beginnings to become the licensed operator of the Edwards Redeemer Nursing Center (the "Approval Date"), and ER Nursing may terminate the Management Agreement at any time. ER Nursing also entered into an Operations and Indemnification Agreement with New Beginnings, ER Property, Edwards Redeemer Healthcare & Rehab, LLC and Mr. Brogdon (collectively, the "Indemnitors"), pursuant to which the Indemnitors have agreed to indemnify the Company for any of its losses: (x) arising out of the Management Agreement; or (y) resulting from any services provided by New Beginnings at or for the benefit of the Edwards Redeemer Nursing Center.

Pursuant to the Lease, ER Nursing pays Edwards Redeemer monthly rent in an amount equal to 120% of the monthly payment of principal and interest due to the lender holding a first priority mortgage on the Edwards Redeemer Nursing Center; provided, however, that pursuant to the Operations and Indemnification Agreement, the Indemnitors will indemnify the Company for any rent expenses arising out of the lease. The lease terminates upon the Approval

Date.

Harrah, McLoud and Meeker-Management Agreement

On July 26, 2013, a wholly-owned subsidiary of the Company entered into management agreements with entities owned and controlled by Mr. Brogdon, which entities own the skilled-nursing facilities located in Oklahoma known as Harrah Nursing Center, McLoud Nursing Center and Mecker Nursing Center. Pursuant to the management agreements, the AdCare subsidiary has agreed to manage the operations of these facilities. The management agreements have initial terms of five years and shall renew automatically for one-year terms thereafter. Pursuant to the management agreements, the entities owned and controlled by Mr. Brogdon which own the facilities shall pay to the AdCare subsidiary a fee equal to 5% of the monthly gross revenues of the facilities.

113

Table of Contents

Effective March 1, 2014, the Company terminated the management agreements with respect to Harrah Nursing Center, McCloud Nursing Center and Mecker Nursing Center. See "Note 20 - Subsequent Events - 2014 Brogdon Agreement."

Oklahoma Owners

Effective August 1, 2011, the Oklahoma Owners, who are controlled by Mr. Brogdon and his spouse, acquired the Oklahoma Facilities. In connection with the closing of this acquisition: (i) the Company paid closing costs on behalf of the Oklahoma Owners in the amount of \$56,894 (which amount was refunded to the Company in February 2012); and (ii) AdCare Oklahoma Management, LLC, a wholly-owned subsidiary of the Company ("AdCare Oklahoma"), entered into a five-year Management Agreement with the Oklahoma Owners pursuant to which AdCare Oklahoma supervised the management of the Oklahoma facilities for a monthly fee equal to 5% of the monthly gross revenues of the Oklahoma Facilities.

In December 2012: (i) the Oklahoma Owners entered into a \$1.0 million senior secured credit agreement with Gemino; and (ii) AdCare Oklahoma entered into a Management Fee Subordination Agreement pursuant to which AdCare Oklahoma agreed to subordinate its right to payment of all management fees owed to AdCare Oklahoma by the Oklahoma Owners to such credit agreement with Gemino. However, AdCare Oklahoma could continue to accept such management fees owed to it under the Management Agreements, so long as no event of default has occurred under the credit agreement entered into among the third-party lender and the Oklahoma Owners.

Effective as of March 1, 2014, the Company terminated the Management Agreements with respect to the Oklahoma Facilities. On March 3, 2014, the Company, Mr. Brogdon and entities controlled by Mr. Brogdon entered into an agreement to provide for the orderly transition of the management of the Oklahoma Facilities from the Company to a third-party. See Note 20. - Subsequent Events - 2014 Brogdon Agreement.

Red Rose Facility

In October 2011, pursuant to the terms of an Assignment of Lease and Landlord's Consent, Rose Missouri Nursing, LLC, a wholly owned subsidiary of the Company, became the tenant and operator of the Red Rose facility, a 90-bed skilled nursing facility located in Cassville, Missouri. In connection with this transaction, Mr. Brogdon and his spouse, each guaranteed the performance of the Company's obligations, including payment obligations, under the Lease. In consideration of these guaranties, the Company paid to Mr. Brogdon the amount of \$25,000 as a guaranty fee.

Golden Years Manor

In January 2012, a wholly owned subsidiary of the AdCare entered into a Purchase and Sale Agreement with Gyman Properties, LLC to acquire a 141-bed skilled nursing facility located in Lonoke, Arkansas, known as Golden Years Manor, for an aggregate purchase price of \$6.5 million. Pursuant to the Purchase and Sale Agreement, the Company deposited approximately \$0.3 million into escrow to be held as earnest money. In May 2012, the Company decided not to pursue the acquisition of Golden Years Manor because it determined that the facility no longer met its investment criteria. At the time of such determination, the Company was not entitled to reimbursement of its deposit under the Purchase and Sale Agreement. Subsequently, the Company assigned all of its rights under the Purchase and Sale Agreement to GL Nursing, LLC, an entity affiliated with Mr. Brogdon. In connection with such assignment, GL Nursing, LLC agreed to reimburse to the Company the deposit and all of its out-of-pocket costs relating to Golden Years Manor upon the closing of the acquisition, which occurred on May 31, 2012. The assignment provided the Company with an opportunity to recoup the deposit and out-of-pocket costs which would otherwise have been forfeited if the assignment had not occurred. As of December 31, 2013, the Company has recorded a receivable of \$0.2 million in connection with the assignment. See Note 20. - Subsequent Events - 2014 Brogdon Agreement.

Airplane

Between May 2012 and August 2013, the Company had access to an airplane on a month-to-month basis from JRT. Mr. Brogdon's son is a one-third owner of JRT. Pursuant to this arrangement, the Company paid to JRT on a monthly basis base rent of \$7,000. The Company paid an aggregate of \$42,000 and \$56,000 in rent in 2012 and 2013, respectively. The Company had the right to use the airplane with no limit on hours of usage and is responsible for all maintenance and operating costs such as inspections, fuel, pilot costs, and hanger rental. Effective August 31, 2013,

this arrangement was terminated.

Consulting Agreements

In December 2012, the Company entered into a Consulting Agreement with Mr. Brogdon pursuant to which Mr. Brogdon will be compensated by the Company for providing consulting services related to the acquisition and financing of skilled nursing facilities. The Consulting Agreement terminates on December 31, 2015 and, if it is not terminated prior to December 31, 2015, will renew automatically for successive one-year terms until terminated. As compensation for his services under the Consulting Agreement, Mr. Brogdon shall receive: (i) \$10,000 per month in year one; (ii) \$15,000 per month in year

Table of Contents

two; and (iii) \$20,000 per month in year three of the Consulting Agreement. In addition, Mr. Brogdon shall receive a success fee of \$20,000 for each completed transaction; provided, however, unless approved by a majority vote of the Board of Directors of the Company, such success fees on a one-year basis shall not exceed \$80,000 in year one, \$120,000 in year two and \$160,000 in year three of the Consulting Agreement. In addition, no success fee shall be paid for transactions involving leased facilities or transactions in which the overall consideration is less than \$2,500,000. In the event the Consulting Agreement is terminated by the Company without cause, the Company shall provide severance pay to Mr. Brogdon in an amount equal to 18 months of Mr. Brogdon's maximum total compensation (including success fees). No success fee was paid to Mr. Brogdon pursuant to the Consulting Agreement in the year ended December 31, 2013.

In December 2012, the Company entered into agreements to indemnify Mr. Brogdon with respect to certain personal guarantees Mr. Brogdon previously made with respect to loans on the Hembree Facility and the Red Rose facility. The Company has agreed to reimburse Mr. Brogdon for any costs, losses, damages, claims and expenses under the guarantees so long they are not due to Mr. Brogdon's gross negligence, fraud, intentional misrepresentation, willful misconduct, bad faith or criminal act.

Cantone

In March 2012, the Company issued an unsecured promissory note to Cantone Asset Management LLC in the principle amount of \$3.5 million. In connection with the issuance of the promissory note to Cantone Asset Management LLC, the Company also issued to Cantone Asset Management LLC a warrant to purchase 300,000 shares of common stock. In April 2012, the Company issued an unsecured promissory note to Cantone Asset Management LLC in the principle amount of \$1.5 million. In July 2012, the Company and Cantone Asset Management LLC refinanced these two promissory notes. The promissory notes were canceled and terminated in exchange for the issuance by the Company to Cantone Asset Management LLC of an 8% convertible subordinated note in a principle amount of \$5.0 million.

In connection with the issuance of the promissory notes to Cantone Asset Management LLC in March and April of 2012, Cantone Research, Inc. agreed to provide the Company with certain consulting services for a monthly fee if the Company and Cantone Asset Management LLC (or an affiliated entity) did not agree to the terms of an additional financing arrangement pursuant to which it (or affiliated entity) would loan to the Company at least \$4.0 million for a four-year term. In July 2012, the consulting agreement was revised so as to provide for a certain monthly fee payable to Cantone Research, Inc. regardless of whether the Company and Cantone Asset Management LLC agreed to an additional financing arrangement. Furthermore, under the terms of the revised consulting agreement, the Company issued to Cantone Research, Inc. 50,000 shares of common stock and a warrant to purchase 100,000 shares of common stock. The Company paid to Cantone Research, Inc. \$30,000 and \$40,000 during 2013 and 2012, respectively, in fees pursuant to the consulting agreement.

In July 2012 and March 2011, the Company issued and sold to certain accredited investors an aggregate of \$7.5 million and \$4.5 million in principle amount of subordinated convertible promissory notes, respectively. In connection with the offerings, Cantone Research, Inc. acted as the exclusive agent with respect to the private placement of the notes. The Company paid to Cantone Research, Inc. \$42,500 and \$60,000 to act as the placement agent pursuant to the July 2012 and March 2011 offerings, respectively.

Other than the items discussed above, there are no other material undisclosed related party transactions. For purposes of the disclosure in this Note 19, note that (i) Mr. Brogdon is Vice Chairman of the Board of Directors, holds greater than 5% of the outstanding common stock and, during 2012, served as the Company's Chief Acquisition Officer ; and (ii) Cantone Asset Management LLC and Cantone Research, Inc. are affiliates of Anthony J. Cantone, who filed with the SEC in July 2013 a Form 4 reporting that he beneficially owned greater than 10% of the outstanding common stock.

NOTE 20. SUBSEQUENT EVENTS

The Company has evaluated all subsequent events through the date the consolidated financial statements were issued and filed with the SEC. The following is a summary of the material subsequent events.

Debt Modifications

On February 10, 2014, certain wholly-owned subsidiaries of the Company entered into a letter agreement with Gemino which modified the: (i) Northwest Credit Facility; and (ii) Gemino-Bonterra Credit Facility. The Waiver and Amendment, among other things, adjusted the required: (a) minimum fixed charge coverage ratio; (b) maximum loan turn days; (c) minimum earnings before interest, taxes, depreciation and amortization; and (d) waived certain specified defaults in existence as of the date of the Waiver and Amendment.

Table of Contents

On March 28, 2014, the Company entered into a Fourth Amendment to Secured Loan Agreement and Payment Guaranty with KeyBank, which amended the KeyBank Credit Facility. Pursuant to the amendment, among other things: (i) KeyBank waives the failure of certain financial covenants of such subsidiaries regarding fixed charge coverage ratio, implied debt service coverage, and compliance of making a certain sinking fund payment due on March 1, 2014 such that no default or events of default under the KeyBank Credit Facility occurred due to such failure; (ii) modified and amended certain financial covenants regarding the Company's fixed charge ratio and implied debt service coverage, and (iii) paid down \$3.4 million of loan principal from the release of \$3.4 million from a certain collateral account.

2014 Brogdon Agreement

On March 3, 2014, AdCare and certain of its subsidiaries entered into a letter agreement, dated as of February 28, 2014, with (i) the Oklahoma Owners, (ii) the entities owned and controlled by Mr. Brogdon which own Harrah Nursing Center, McCloud Nursing Center and Mecker Nursing Center (the "Brogdon Entities"), (iii) Christopher F. Brogdon, (iv) GL Nursing, LLC, an entity affiliated with Mr. Brogdon, and (v) Marsh Pointe Management, LLC. On December 31, 2013, the Company notified the Brogdon Entities of its intent to terminate: (i) that certain Management Agreement, dated September 19, 2011, by and between the Company and the Oklahoma Owners with respect to the management of the Oklahoma Facilities; and (ii) those certain Management Agreements, each dated July 26, 2013, by and between the Company and each of the Brogdon Entities with respect to the management of Harrah Nursing Center, McCloud Nursing Center and Mecker Nursing Center. Pursuant to the agreement: (i) the parties agreed that the termination of the Management Agreements shall be effective as of March 1, 2014 and that the Company will no longer provide any ongoing services to the facilities; and (ii) Mr. Brogdon executed a promissory note in favor of the Company in principal amount of \$523,663 which represents amounts owed as of March 1, 2014: (a) by the Oklahoma Owners and the Brogdon Entities to the Company pursuant to the Management Agreements and (b) by GL Nursing, LLC to the Company in connection with the Company's assignment in May 2012 of its rights to acquire Golden Years Manor. The note does not bear interest and is payable in five (5) equal monthly installments commencing on September 1, 2014 and ending on December 31, 2014.

In addition, the letter agreement amends that certain Option Agreement, entered into by Mr. Brogdon and Hearth & Home, dated as of June 22, 2010 and as amended to date, to: (i) extend the Riverchase Option until June 22, 2015; and (ii) reduce the purchase price for the exercise of the Riverchase Option to \$1.00. Furthermore, the letter agreement provides that, upon the closing of the sale of the Riverchase facility to an arms-length third party purchaser, regardless of whether Hearth & Home has exercised the Riverchase Option, the net sales proceeds from such sale shall be distributed as follows: (a) one-half of the net sales proceeds shall be paid to the Company; (b) the remaining net sales proceeds shall be paid to the Company to satisfy the outstanding principal balance and interest (if any) then due under the note, with such payment to be applied in the order of scheduled amortization under the note; and (c) the balance of net sales proceeds shall be paid to the Company.

Conversion of Convertible Notes to Common Stock

Between January 2, 2014 and January 15, 2014, the Company issued to holders of the Company's subordinated convertible promissory notes dated October 31, 2010, shares of common stock upon conversion of \$2.9 million of the principal amount of the notes. The conversion price was \$3.73 per share for 788,828 shares.

Exercise of Warrants

Between February 19, 2014 and March 13, 2014, the Company issued to holders of the Company's warrants dated September 30, 2010, shares of common stock upon conversion of 693,761 warrants at an exercise price of \$3.57 per share. The Company received proceeds of approximately \$2.3 million, net of broker commissions of approximately \$0.1 million.

Quail Creek - Bonds

On March 3, 2014, a certain wholly-owned subsidiary of the Company, pursuant to a certain loan agreement, repaid the outstanding bonds at par plus accrued interest in the amount of \$3.1 million from funds that were deposited into a restricted defeased bonds escrow account.

Ohio Medicaid Billing

On March 7, 2014, the Company responded to a letter received from the Ohio Attorney General ("OAG") dated February 25, 2014 demanding repayment of approximately \$1.0 million as settlement for alleged improper Medicaid payments related to seven Ohio facilities affiliated with the Company. The OAG alleged that the Company had submitted improper Medicaid claims for independent laboratory services for glucose blood tests and capillary blood draws. The Company intends to defend itself against the claims.

Preferred Stock Dividends

On March 10, 2014, the Company declared a quarterly dividend of \$0.68 per share on the Series A Preferred Stock. The dividend payment is equivalent to an annualized 10.875% per share, based on the \$25.00 per share stated liquidation preference, accruing from January 1, 2013. The dividend will be paid on March 31, 2014 to holders of the Series A Preferred Stock of record on March 21, 2014.

Subordinated Convertible Notes Issued in 2014 (the “2014 Notes”)

The Company entered into Subscription Agreements with certain accredited investors pursuant to which the Company issued and sold, on March 28, 2014 an aggregate of \$6,500,000 in principal amount of the Company’s subordinated convertible promissory notes (the “2014 Notes”). The 2014 Notes bear interest at 10.0% per annum and such interest is payable quarterly in cash in arrears beginning on June 30, 2014. The 2014 Notes mature on April 30, 2015. The 2014 Notes are unsecured and subordinated in right of payment to existing and future senior indebtedness of the Company. At any time on or after the date of issuance of the 2014 Notes, the 2014 Notes are convertible at the option of the holder into shares of the common stock at an initial conversion price equal to \$4.50 per share, subject to adjustment for stock dividends, stock splits, combination of shares, recapitalization and other similar events.

The Company may prepay at any time, without penalty, upon 60 days prior notice, any portion of the outstanding principal amount and accrued and unpaid interest thereon with respect to any 2014 Note; provided, however, that: (i) the shares of common stock issuable upon conversion of any 2014 Note which is to be so prepaid must be: (a) registered for resale under the Securities Act; or (b) otherwise sellable under Rule 144 of the Securities Act without volume limitations thereunder; and (ii) at any time after the issue date of the 2014 Notes, the volume-weighted average price of the common stock for ten consecutive trading days has equaled or exceeded 105% of the then-current conversion price.

In addition, the holders holding a majority of the outstanding principal amount with respect to all the 2014 Notes may require the Company to redeem all or any portion of the 2014 Notes upon a change of control at a redemption price equal to the outstanding principal amount to be redeemed plus all accrued and unpaid interest thereon. Furthermore, upon a change of control, the Company may redeem all or any portion of the 2014 Notes for a redemption price equal to the outstanding principal amount to be redeemed plus all accrued and unpaid interest thereon.

Park City Capital Offshore Master, Ltd. (“Park City Offshore”), an affiliate of Michael J. Fox, entered into a Subscription Agreement with the Company pursuant to which the Company issued \$1,000,000 in principal amount of the 2014 Notes. Mr. Fox is a director of Park City Offshore and a director of the Company and beneficial owner of greater than 5% of the outstanding common stock. The 2014 Note was offered to and sold to Park City Offshore on the same terms and conditions as all other buyers in the offering. For more information regarding the 2014 Note offering, see Part II, Item 9B. “Other Information - 2014 Subordinated Convertible Note Offering.” For a description of certain arrangements between the Company and Mr. Fox regarding his service as a director, see Part III, Item 10. “Directors Executive Officers and Corporate Governance. - Arrangements with Directors Regarding Election/Appointment”.

None.

Item 9A. Controls and Procedures
Audit Committee Review and Inquiry

As previously disclosed, the Audit Committee, in consultation with management, concluded in March 2013 that: (i) the Relevant Financial Statements (i.e., the Company's previously issued financial statements for the quarters ended March 31, 2012, June 30, 2012 and September 30, 2012) should no longer be relied upon due to errors in the Relevant Financial Statements identified in connection with the audit of the Company's consolidated financial statements for the year ended December 31, 2012; and (ii) the Company would restate the Relevant Financial Statements.

The Audit Committee initiated a further review of, and inquiry with respect to, the accounting and financial issues related to these and other potential errors and engaged counsel to assist the Audit Committee with such matters. The Audit Committee completed its inquiry and, in connection therewith, assisted in the correction of certain errors relating to accounting and financial matters and identified certain material weaknesses in the Company's internal control over financial reporting, including weakness in the Company's ability to appropriately account for complex or non-routine transactions and in the quality and sufficiency of the Company's finance and accounting resources.

On July 8, 2013, the Company restated the Relevant Financial Statements by filing with the SEC amendments to its Quarterly Reports on Form 10-Q/A for the quarters ended March 31, 2012, June 30, 2012 and September 30, 2012.
Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed pursuant to the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this Annual Report (the "Evaluation Date"). Based on such evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of the Evaluation Date, our disclosure controls and procedures are effective.

Changes in Internal Control over Financial Reporting and Remediation

In response to the material weaknesses in the Company's internal control over financial reporting identified by the Audit Committee's review and inquiry discussed above and based in part on recommendations made by the Audit Committee to the Board of Directors following the completion of the Audit Committee's review and inquiry, we implemented the changes to our internal control over financial reporting discussed below.

We hired Ronald W. Fleming to serve as Chief Financial Officer of the Company effective May 15, 2013.

• Mr. Fleming has relevant industry experience as well as experience with generally accepted accounting principles and SEC reporting and compliance.

• We have empowered Mr. Fleming to hire additional accounting and finance staff to ensure adequate internal control over financial reporting and operations.

• We hired a Vice President, Controller and Chief Accounting Officer effective July 16, 2013.

We have expanded the scope of our annual internal audit plan to include quarterly internal audit procedures with emphasis on the review of journal entries and non-recurring transactions.

Since January 2013, the Company has hired 12 new finance and accounting personnel, including a Vice President of Facility Accounting Operations. Our new finance and accounting leadership continue to evaluate the qualifications and

118

sufficiency of our accounting and finance department. An expanded internal audit scope was commenced and was completed prior to the Company filing its Quarterly Reports on Form 10-Q for each of the quarters ended March 31, 2013, June 30, 2013 and September 30, 2013.

There have not been any changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fourth fiscal quarter of 2013 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting other than the remediation of the material weakness described above.

Management's Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. Our internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Our internal control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of our assets;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with U.S. GAAP, and that our receipts and expenditures are being made only in accordance with the authorization of our management and directors; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. A control system, no matter how well designed and operated, can provide only reasonable, but not absolute, assurance that the control system's objectives will be met. The design of a control system must reflect the fact that there are resource constraints, and the benefit of controls must be considered relative to their costs.

Management evaluated the effectiveness of our internal control over financial reporting as of December 31, 2013. In making this evaluation, management used the framework and criteria set forth in the report entitled *Internal Control—Integrated Framework (1992)* issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO"). The COSO framework summarizes each of the components of a company's internal control system, including: (i) the control environment, (ii) risk assessment, (iii) control activities, (iv) information and communication and (v) monitoring. Based on this evaluation, management concluded that the Company maintained effective internal control over financial reporting as of December 31, 2013.

This Annual Report does not include an attestation report of our independent registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our independent registered public accounting firm pursuant to the rules of the SEC that permit us to provide only management's report in this Annual Report.

Item 9B. Other Information

Exercise of Warrants

Between February 19, 2014 and March 13, 2014, the Company issued to holders of its warrants dated September 30, 2010, 693,761 shares of common stock upon exercise of such warrants at an exercise price of \$3.57 per share. The shares of common stock issuable upon exercise of the warrants were issued pursuant to the exemption from the registration requirements of the Securities Act afforded by Section 4(a)(2) thereof. The Company relied upon such

exemption based upon the private nature of the transaction, the lack of general solicitation and representations made by each such holder regarding, among other things, the holder's sophistication and access to information about the Company.

The Company received proceeds of approximately \$2.3 million, net of broker commissions of approximately \$0.1 million.

Bylaw Amendment

On March 27, 2014, the Board of Directors amended the Company's Bylaws to add a new Section 2.15 which sets forth procedures which shareholders must follow in order to submit a proposal of business for a shareholder vote or to nominate a person for election to the Board of Directors at an annual or special meeting of shareholders. A summary of these procedures is set forth below and is qualified in its entirety by reference to Amendment No. 1 to the Bylaws of AdCare Health Systems, Inc., which is set forth as Exhibit 3.7 to this Annual Report.

Shareholder Proposals (Excluding Director Nominations)

Section 2.15(a) of the Bylaws provides that no proposal for a shareholder vote (other than director nominations which are described below) shall be submitted by a shareholder (a "Shareholder Proposal") to the Company's shareholders unless the shareholder submitting such proposal (the "Proponent") shall have filed a written notice which includes, among other things:

- (i) the name and business address of the Proponent (including each beneficial owner, if any, on whose behalf the Shareholder Proposal is being made) and all Persons (as defined in Section 2.15(a) of the Bylaws) acting in concert with the Proponent (or such beneficial owner), and the name and address of all of the foregoing as they appear on the Company's books (if they so appear);
- (ii) the class and number of shares of the Company that are owned beneficially and of record by the Proponent (including each beneficial owner, if any, on whose behalf the Shareholder Proposal is being made) and the other Persons identified in clause (i);
- (iii) a description of the Shareholder Proposal containing all material information relating thereto, including the information identified in Section 2.15(a) of the Bylaws;
- (iv) a description of any agreement, arrangement or understanding with respect to the Shareholder Proposal between or among the Proponent and each beneficial owner, if any, on whose behalf the Shareholder Proposal is being made, any of their respective affiliates or associates, and any others acting in concert with any of the foregoing;
- (v) a description of any agreement, arrangement or understanding (including any derivative or short positions, profit interests, options, warrants, convertible securities, stock appreciation or similar rights, hedging transactions, and borrowed or loaned shares) that has been entered into as of the date of such written notice by, or on behalf of, the Proponent and each beneficial owner, if any, on whose behalf the Shareholder Proposal is being made, the effect or intent of which is to mitigate loss to, manage risk or benefit of share price changes for, or increase or decrease the voting power of, the Proponent or such beneficial owner, with respect to the Company's securities;
- (vi) a representation that the Proponent is a holder of record of the capital stock of the Company entitled to vote at the meeting, will so remain at the time of the meeting, and intends to appear in person or by proxy at the meeting to propose such business;
- (vii) a representation whether the Proponent or any beneficial owner on whose behalf the Shareholder Proposal is being made intends or is part of a group which intends (a) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's outstanding capital stock required to approve or adopt the Shareholder Proposal or (b) otherwise to solicit proxies from shareholders in support of such Shareholder Proposal; and
- (viii) any other information relating to the Proponent and such beneficial owner, if any, required to be disclosed in a proxy statement or other filing in connection with solicitations of proxies for the Shareholder Proposal under Section 14(a) of the Exchange Act.

The notice shall also include such other information as the Board of Directors reasonably determines is necessary or appropriate to enable it and the shareholders of the Company to consider the Shareholder Proposal. The information required by clauses (ii), (iv) and (v) above must be updated by the Proponent and each beneficial owner, if any, on whose behalf the Shareholder Proposal is being submitted not later than ten days following the record date for the meeting to disclose such information as of the record date.

Director Nominations

Section 2.15(b) of the Bylaws provides that only persons who are selected and recommended by the Board of Directors or the committee of the Board of Directors designated to make nominations, or who are nominated by shareholders in accordance with the procedures set forth such section, shall be eligible for election as directors. Nominations of individuals for election to the Board of Directors at any annual meeting or any special meeting of shareholders at which directors are to be elected may be made by any shareholder of the Company entitled to vote for the election of directors at that meeting by compliance with the procedures set forth in Section 2.15(b) of the Bylaws. Nominations by shareholders shall be made by written notice (a "Nomination Notice"), which, as to each individual nominated, shall set forth, among other things: (i) the name, age, business address and residence address of such individual, (ii) the educational background and the business experience during the past five (5) years of such nominee, including the information identified in Section 2.15(b) of the Bylaws, (iii) whether the nominee is or has ever been at any time a director, officer or owner of five percent (5%) or more of any class of capital stock, partnership interests or other equity interest of any corporation, partnership or other entity, (iv) any directorships held by such nominee in any public reporting company or any company registered as an investment company under the Investment Company Act of 1940, (v) whether such nominee has ever been convicted in a criminal proceeding or has ever been subject to a judgment, order, finding or decree in the proceedings described in Section 2.15(b) of the Bylaws, (vi) information regarding whether such nominee is subject to any disqualifications described in Rule 506(d)(1)(i) to (vii) under the Securities Act; (vii) any other information relating to such nominee that is required to be disclosed in solicitations of proxies for election of directors in an election contest pursuant to Section 14(a) of the Exchange Act, (viii) a written statement from the shareholder making the recommendation stating why such recommended candidate meets the criteria and would be able to fulfill the duties of a director, and (ix) a written representation and agreement that (a) such nominee is not and will not become a party to (1) any agreement, arrangement or understanding with any person or entity as to how such nominee, if elected as a director of the Company, will act or vote on any issue or question (a "Voting Commitment") that has not been disclosed to the Company or (2) any Voting Commitment that could limit or interfere with such nominee's ability to comply, if elected as a director of the Company, with such nominee's fiduciary duties under applicable law, (b) such nominee is not and will not become a party to any agreement, arrangement or understanding with any person or entity other than the Company with respect to any direct or indirect compensation, reimbursement or indemnification in connection with service or action as a director that has not been disclosed therein, and (c) such nominee, in such nominee's individual capacity and on behalf of any person or entity on whose behalf the nomination is being made, would be in compliance, if elected as a director of the Company, and will comply, with all applicable corporate governance, conflict of interest, confidentiality and stock ownership and trading policies and guidelines of the Company.

In addition, the Nomination Notice shall set forth, as to the Person submitting the Nomination Notice, each beneficial owner, if any, on whose behalf the nomination is made and any Person acting in concert with such Persons, among other things: (i) the name and business address of such Person, (ii) the name and address of each such Person as they appear on the Company's books (if they so appear), (iii) the class and number of shares of the Company that are owned beneficially and of record by each such Person, (iv) a description of any agreement, arrangement or understanding with respect to the nomination between or among such Persons, any of their respective affiliates or associates, and any others acting in concert with any of the foregoing, (v) a description of any agreement, arrangement or understanding (including any derivative or short positions, profit interests, options, warrants, convertible securities, stock appreciation or similar rights, hedging transactions, and borrowed or loaned shares) that has been entered into as of the date of such written notice by, or on behalf of, each such Person, the effect or intent of which is to mitigate loss to, manage risk or benefit of share price changes for, or increase or decrease the voting power of, each such Person, with respect to securities of the Company, (vi) a representation that the Person submitting the Nomination Notice is a holder of record of stock of the Company entitled to vote at such meeting, will so remain at the time of such meeting, and intends to appear in person or by proxy at the meeting to make such nomination, (vii) a representation whether any such Person intends or is part of a group which intends (a) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's outstanding capital stock required to elect each nominee or (b) otherwise to solicit proxies from shareholders in support of such nomination, and (viii) any other information relating

to such shareholder and such beneficial owner, if any, required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for the election of directors in an election contest pursuant to Section 14(a) of the Exchange Act.

The information required by clauses (iii), (iv) and (v) above shall be updated by the Person delivering such Nomination Notice and each beneficial owner, if any, on whose behalf the Nomination Notice is being submitted not later than ten days after the record date for the meeting to disclose such information as of the record date. The Company may require any proposed nominee to furnish such other information as it may reasonably require to determine the eligibility or qualification of such proposed nominee to serve as a director of the Company. A written consent to being named in a proxy statement as a nominee, and to serve as a director if elected, signed by each nominee, shall be filed with any Nomination Notice.

Table of Contents

Deadlines for Nomination Notices and Shareholder Proposals

Nomination Notices and Shareholder Proposals in connection with an annual meeting shall be delivered to the Company's Secretary at the Company's principal executive office not less than 90 nor more than 120 calendar days before the first anniversary of the date of the Company's notice of annual meeting sent to shareholders in connection with the previous year's annual meeting; provided that if no annual meeting was held in the previous year, or the date of the annual meeting has been established to be more than 30 calendar days earlier than, or 60 calendar days after, the anniversary of the previous year's annual meeting, notice by a shareholder, to be timely, must be so received not later than (i) the 90th day prior to the annual meeting or (ii) if later, the close of business on the 10th day following the day on which public announcement is first made of the date of the annual meeting. Nomination Notices in connection with a special meeting at which directors are to be elected shall be delivered to the Company's Secretary at the Company's principal executive office not later than the close of business on (i) the 90th prior to such special meeting or (ii) if later, the 10th day following the day on which public announcement is first made of the date of the special meeting and of the fact that directors are to be elected at such meeting. Shareholder Proposals in connection with a special meeting called by the Proponent in accordance with Section 2.02 of the Bylaws shall be included in the written requests delivered pursuant to such section. In no event shall the public announcement of an adjournment or postponement of an annual or special meeting commence a new time period (or extend any time period) for the giving of a shareholder's notice as described above.

2014 Subordinated Convertible Note Offering

The Company entered into Subscription Agreements with certain accredited investors pursuant to which the Company issued and sold, on March 28, 2014, an aggregate of \$6,500,000 in principal amount of the Company's subordinated convertible notes. The 2014 Notes bear interest at 10.0% per annum and such interest is payable quarterly in cash in arrears beginning on June 30, 2014. The 2014 Notes mature on April 30, 2015. The 2014 Notes are unsecured and subordinated in right of payment to existing and future senior indebtedness of the Company.

At any time on or after the date of issuance of the 2014 Notes, the 2014 Notes are convertible at the option of the holder into shares of common stock at an initial conversion price equal to \$4.50 per share, subject to adjustment for stock dividends, stock splits, combination of shares, recapitalization and other similar events.

The Company may prepay at any time, without penalty, upon 60 days prior notice, any portion of the outstanding principal amount and accrued and unpaid interest thereon with respect to any 2014 Note; provided, however, that: (i) the shares of common stock issuable upon conversion of any 2014 Note which is to be so prepaid must be: (a) registered for resale under the Securities Act; or (b) otherwise sellable under Rule 144 of the Securities Act without volume limitations thereunder; and (ii) at any time after the issue date of the 2014 Notes, the volume-weighted average price of the common stock for ten consecutive trading days has equaled or exceeded 105% of the then-current conversion price.

The holders holding a majority of the outstanding principal amount with respect to all the 2014 Notes may require the Company to redeem all or any portion of the 2014 Notes upon a change of control for a redemption price equal to the outstanding principal amount to be redeemed plus all accrued and unpaid interest thereon. In addition, upon a change of control, the Company may redeem all or any portion of the 2014 Notes for a redemption price equal to the outstanding principal amount to be redeemed plus all accrued and unpaid interest thereon.

During the existence and continuance of an event of default under a 2014 Note, the outstanding principal amount of such 2014 Note shall incur interest at a rate of 14% per annum, and the holder of such 2014 Note may require the Company to redeem all or any portion of such 2014 Note at a redemption price in cash equal to the outstanding principal amount to be redeemed plus all accrued and unpaid interest thereon. An "event of default," with respect to a 2014 Note includes: (i) the Company's failure to pay to the holder of such 2014 Note any amount of principal or interest by the 7th business day following the date when due under such 2014 Note; and (ii) specific events of bankruptcy, insolvency, reorganization or liquidation.

In connection with the issuance of the 2014 Notes, the Company entered into a Registration Rights Agreement with the holders thereof pursuant to which the Company has agreed to file, within 75 days after the issuance of the 2014 Notes, a registration statement with the SEC to register the resale of the shares of common stock issuable upon conversion of the 2014 Notes and to use commercially reasonable efforts to cause such registration statement to

become effective as soon as practicable after filing.

The 2014 Notes were issued without registration under the Securities Act in reliance upon the exemption from registration set forth in Rule 506(b) of Regulation D promulgated pursuant to Section 4(a)(2) of the Securities Act. The Company based such reliance upon representations made by each buyer to the Company regarding lack of general solicitation and such buyer's investment intent, sophistication and status as an "accredited investor," as defined in Regulation D, among other things.

122

Table of Contents

In connection with the offer and sale of the 2014 Notes, the Company will issue to the placement agent as partial consideration for its services in the offering a five-year warrant to purchase 53,333 shares of common stock at an exercise price per share equal to \$4.50 per share. The warrant issuable to the placement agent will be issued without registration under the Securities Act in reliance upon the exemption from registration set forth in Rule 506(b) of Regulation D promulgated pursuant to Section 4(a)(2) of the Securities Act. The Company is basing such reliance upon representations made by the placement agent to the Company regarding lack of general solicitation and the placement agent's investment intent, sophistication and status as an "accredited investor," as defined in Regulation D, among other things.

Directors are elected at the annual meeting of shareholders and hold office for a term of three (3) years or until their successors have been duly elected and qualified. All executive officers serve at the discretion of the Board of Directors, subject to applicable employment agreements. See Part III, "Item 11. Executive Compensation—Employment Agreements."

Biographical information with respect to each of our directors and executive officers is set forth below.

David A. Tenwick. Mr. Tenwick is our founder and has served as our Chairman and as a director since our organization was founded in August 1991. Prior to founding our Company, Mr. Tenwick was an independent business consultant from 1982 to 1990. In this capacity, he has served as a director and an officer of several businesses, including Douglass Financial Corporation, a surety company, and AmeriCare Health & Retirement, Inc., a long-term care management company. From 1967 until 1982, Mr. Tenwick was a director and an officer of Nucorp Energy, Inc., a company which he co-founded. Nucorp Energy was a public company that invested in oil and gas properties and commercial and residential real estate. Prior to founding Nucorp Energy, Mr. Tenwick was an enforcement attorney for the SEC. Mr. Tenwick is a member of the Ohio State Bar Association and was a founding member of the Ohio Assisted Living Association, an association that promotes high quality assisted living throughout the State of Ohio. Mr. Tenwick earned his Bachelor of Business Administration and Juris Doctor (J.D.) degrees from the University of Cincinnati in 1960 and 1962, respectively. Mr. Tenwick's tenure with the Company and legal and business background provide experience the Board of Directors considers valuable.

Christopher Brogdon. Mr. Brogdon has served as a director since September 2009. Mr. Brogdon currently serves as the Company's Vice-Chairman. Previously, Mr. Brogdon served as the Company's Chief Acquisitions Officer from September 2009 through December 2012. Mr. Brogdon has been primarily responsible for directing the Company's acquisition strategy. Mr. Brogdon brings to AdCare more than 20 years of experience in the nursing home, assisted living and retirement community. Mr. Brogdon currently also serves as a director and President of Global Healthcare REIT, Inc., which owns skilled nursing facilities which are leased to third party operators and which is a reporting

company under the Exchange Act. Since 1998, Mr. Brogdon has owned and operated Brogdon Family LLC which owns and operates nursing homes, assisted living facilities and restaurants. Mr. Brogdon previously served as Chairman of the Board of NYSE-listed Retirement Care Associates and Chairman of the Board of NASDAQ-listed Contour Medical. Mr. Brogdon's extensive background with public companies and his experience in nursing home development, acquisitions and mergers as well as his experience in financing those activities provides experience the Board of Directors considers valuable.

Boyd P. Gentry. Mr. Gentry was appointed as a director by existing members of the Board of Directors in December 2009 and became Co-Chief Executive Officer of the Company in January 2011 and President and Chief Executive Officer in June 2011. Mr. Gentry was employed by Mariner Health Care, Inc., a former NYSE publicly held long-term health care provider, from 1995 to 2007, and promoted to Chief Financial Officer subsequent to its 2004 going private transaction sponsored by National Senior Care. He transitioned to an ongoing consulting role for Mariner in September 2007 when he was recruited to Millennium Pharmacy Systems, Inc. to serve as Chief Financial Officer. He remained with Millennium until 2009 and rejoined Mariner Health Care, Inc. as its President in April of 2010. From 1982 until 1995, Mr. Gentry was employed with Bank of America and its predecessors with various financial responsibilities as Senior Vice President. Mr. Gentry received his Bachelor of Arts (BA) in Economics from Knox College in Galesburg, Illinois and his Master of Business Administration (MBA) in Finance and Accounting from Southern Methodist University in Dallas, Texas. Mr. Gentry's expertise and background in the healthcare industry provides experience the Board of Directors considers valuable, especially as the Company expands its operations and adds to the number of nursing home beds that it owns or leases.

Michael J. Fox. Mr. Fox has served as a director since October 2013. Mr. Fox is the Chief Executive Officer of Park City Capital, LLC ("Park City"), an equity hedge fund he founded in June 2008. From 2000 to 2008, Mr. Fox worked at J.P. Morgan Securities, where he served as a Senior Analyst and Vice President. In this position, Mr. Fox served as the head of JPMorgan's Business Services Equity Research Group that covered 16 companies, including commercial real estate services, construction services, uniform rental services and staffing services. Mr. Fox received his Bachelor of Business Administration (BBA) degree from Texas Christian University. Mr. Fox's expertise and background in the financial and equity markets and his involvement in researching the commercial real estate industry provide experience that the Board of Directors considers valuable.

Peter J. Hackett. Mr. Hackett has served as a director since May 2005. Mr. Hackett is a certified public accountant who received his B.A. degree from the University of Notre Dame and his M.A. degree from The Ohio State University in 1959 and 1965, respectively. Mr. Hackett worked as an auditor and was a stockholder in the accounting firm of Clark, Schaefer, & Hackett & Co. from 1962 to 2003. Mr. Hackett served as the Chief Executive Officer of Clark, Schaefer, & Hackett & Co. from 1991 to 1999 and was Chairman from 1999 to 2003. Since 2003 until present, Mr. Hackett has acted as a consultant for Clark, Schaefer, & Hackett & Co. Mr. Hackett is a member of the American Institute of Certified Public Accountants and the Ohio Society of Certified Public Accountants. Mr. Hackett was a member of the board of directors of Mercy Medical Center from 1972 to 1995. Mr. Hackett is also involved in numerous civic and charitable affiliations in the Springfield, Ohio area. Mr. Hackett's extensive financial and auditing background provides experience the Board of Directors considers valuable.

Philip S. Radcliffe. Mr. Radcliffe has served as a director since our organization was founded in August 1991. Mr. Radcliffe has spent his career in the industrial computer industry. Through the 1960s, Mr. Radcliffe was employed by IBM and then The Westinghouse Electric Company in their Computer and Instruments Division. Mr. Radcliffe next became an entrepreneur and participated in the startup of an industrial systems integration supplier. Mr. Radcliffe served as the Chief Financial Officer of this company and led the effort in the company becoming public and directed all SEC reporting requirements. In 1980, Mr. Radcliffe started his own virtual company in the Washington, DC area providing turnkey data acquisition and control systems to industry and the government. Since 1992, Mr. Radcliffe has assisted several early-stage high-tech companies in developing their business plan, locating funds and providing oversight and mentoring. Since 1970, Mr. Radcliffe has served on the boards of directors of several private and public companies. Mr. Radcliffe has served as a mentor for the Dingman School of Entrepreneurship, affiliated with the University of Maryland School of Business. Mr. Radcliffe received his Bachelor's Degree from Baldwin Wallace College in 1959. Mr. Radcliffe's expertise and background in founding and advising start-up companies and helping them transition to public SEC reporting companies provides experience the Board of Directors considers valuable. In addition, his expertise in information technology is valuable as the Company continues to acquire long-term care facilities.

Laurence E. Sturtz. Mr. Sturtz has served as a director since June 2005. Mr. Sturtz is a retired attorney at law. He received his B.A. degree in Economics and his J.D. degree from The Ohio State University in 1964 and 1967, respectively. Mr. Sturtz was a prominent trial lawyer in Columbus, Ohio and also specialized in representing

companies of all sizes until his retirement in 2002. Mr. Sturtz left the private practice of law for six years, from 1982 to 1988, during which time he served as Vice President and General Counsel, and then President and Chief Executive Officer, of Strata Corporation, a public company based in Columbus, Ohio. In 1988, Mr. Sturtz returned to the private practice of law and became the senior litigator with the firm of Carlile Patchen & Murphy LLP. Mr. Sturtz was admitted to practice before the United States Supreme Court and had five cases before the Court during the course of his career. Mr. Sturtz has served as a director of Advanced Biological Marketing, Inc. since 2005, and was Chairman of the Board of The Language Access Network from March 2006 until December 2007. Mr. Sturtz currently works as a mediator and arbitrator in Florida and Ohio. Mr. Sturtz's extensive legal experience, management background and experience with public companies provides experience the Board of Directors considers valuable.

Ronald W. Fleming. Mr. Fleming has more than 26 years of experience in finance and was appointed to serve as the Company's Senior Vice President and Chief Financial Officer in May 2013. From 2001 until May 2013, Mr. Fleming served as Chief Financial Officer of Georgia Cancer Specialists I, P.C., where he was responsible for the financial reporting and oversight of the privately-held healthcare services company. Mr. Fleming was employed by Mariner Post-Acute Network, Inc., a publicly held long-term health care services provider from 1989 to 2000 and served as its Vice President, Controller and Chief Accounting Officer from 1996-2000. Mr. Fleming holds a B.S. in Accounting from Ball State University and is a Certified Public Accountant.

David Rubenstein. Mr. Rubenstein has more than 24 years of experience in long-term care facility management and was appointed to serve as the Company's Executive Vice President and Chief Operating Officer in December 2011. From March 2010 until December 2011, Mr. Rubenstein served as Chief Executive Officer of LaVie Management Services, where he was responsible for the management of operations of the skilled nursing facility company. From January 2009 to March 2010, Mr. Rubenstein was the Chief Executive Officer of Coastal Administrative Services as well as the Executive Vice President of Strategy and Support for Genoa Healthcare, where he was responsible for oversight of information technology, accounting and reimbursement issues for the skilled nursing facility companies. From January 2006 to December 2008, Mr. Rubenstein served as the Chief Development Officer for Genoa Healthcare Consulting, where he oversaw the acquisition and divestiture of skilled nursing facilities. Mr. Rubenstein holds a B.S. in Accounting from the University of Rhode Island.

Arrangements with Directors Regarding Election/Appointment

On October 1, 2013, we entered into a letter agreement (the "Fox Agreement") with Park City and Mr. Fox. Pursuant to the Fox Agreement, effective October 1, 2013, the Board of Directors increased the size of the Board of Directors from nine to ten members and appointed Mr. Fox as a director of the Company to fill the vacancy created thereby for a term that expired at the 2013 Annual Meeting of Shareholders. We also agreed: (i) to include Mr. Fox in our slate of nominees for election as a Class I director at the 2013 Annual Meeting of Shareholders held on December 12, 2013 to hold office until the 2014 Annual Meeting of Shareholders; and (ii) to use our reasonable best efforts to cause the re-election of Mr. Fox to the Board of Directors as a Class I director at the 2013 Annual Meeting of Shareholders. Pursuant to the Fox Agreement, for so long as Mr. Fox serves on the Board of Directors as a nominee of the Board of Directors, Park City shall take such action as may be required so that all of the capital stock of the Company which is entitled to vote generally in the election of directors (the "Voting Securities") and is beneficially owned by Park City, or any person who, within the meaning of Rule 12b-2 under the Exchange Act, is "controlling," "controlled by" or "under common control with" Park City (the "Park City Group"), is voted in favor of each of the Board of Directors' nominees to the Board of Directors at any and all meetings of our shareholders or at any adjournment or postponement thereof or in any other circumstance in connection with which a vote, consent or other approval of holders of Voting Securities is sought with respect to the election of any nominee to the Board of Directors.

In addition, for so long as Mr. Fox serves on the Board of Directors as a nominee of the Board of Directors, Park City will not do or agree or commit to do (or encourage any other person to do or agree or commit to do) and will not permit any member of the Park City Group or any affiliate or associate thereof to do or agree or commit to do (or encourage any other person to do or agree or commit to do) any of the following:

- (i) solicit proxies or written consents of shareholders with respect to any Voting Securities, or make, or in any way participate in, any solicitation of any proxy to vote any Voting Securities (other than as conducted by us), or become a participant in any election contest with respect to us;
- (ii) seek to call, or request the call of, a special meeting of shareholders or seek to make, or make, any shareholder proposal at any meeting of shareholders that has not first been approved in writing by the Board of Directors;
- (iii) make any request or seek to obtain, in any fashion that would require public disclosure by us, Park City or their respective affiliates, any waiver or amendment of any provision of the Fox Agreement or take any action restricted thereby; and
- (vi) except as permitted by the Fox Agreement, make or cause to be made any statement or announcement that constitutes an ad hominem attack on us or our officers or directors in any document or report filed with or furnished to the SEC or any other governmental agency or in any press release or other publicly available format.

Furthermore, pursuant to the Fox Agreement, for so long as Mr. Fox serves on the Board of Directors as a nominee of the Board of Directors, Mr. Fox agrees to comply with all applicable policies and guidelines of the Company and, consistent with his fiduciary duties and his obligations of confidentiality as a member of the Board of Directors, to refrain from communicating to anyone any nonpublic information about us that he learns in his capacity as a member of the Board of Directors (which agreement shall remain in effect after Mr. Fox leaves the Board of Directors). Notwithstanding the foregoing, Mr. Fox may communicate such information to any member of the Park City Group who agrees to be bound by the same confidentiality

restrictions applicable to Mr. Fox, provided that Mr. Fox shall be liable for any breach of such confidentiality by any such member. In addition, Mr. Fox has confirmed that each of the other members of the Park City Group has agreed not to trade in any of our securities while in possession of any nonpublic material information about us if and to the extent doing so would be in violation of applicable law or, without the prior written approval of the Board of Directors, to trade in any of our securities during any blackout period imposed by us.

Audit Committee of the Board of Directors

The Company has a separately designated Audit Committee which was established in accordance with Section 3(e)(58)(A) of the Exchange Act. The Audit Committee has the responsibility of reviewing our financial statements, evaluating internal accounting controls, reviewing reports of regulatory authorities and determining that all audits and examinations required by law are performed. The Audit Committee also approves the appointment of the independent registered public accounting firm for the next fiscal year, approves the services to be provided by such firm and the fees for such services, reviews and approves the audit plans, reviews and reports upon various matters affecting the independence of the independent registered public accounting firm and reviews with it the results of the audit and management's responses.

The Audit Committee was established in 1995, and its charter was adopted in December 2005. The Audit Committee is comprised of Messrs. Hackett, Radcliffe and Sturtz, each of whom is considered "independent," as independence for Audit Committee members is defined in the applicable rules of the NYSE MKT listing standards and the rules of the SEC. The Board of Directors has designated Peter J. Hackett as Chairman of the Audit Committee and has determined that Mr. Hackett is an "audit committee financial expert" as defined by Item 407 of Regulation S-K of the Exchange Act.

Shareholder Nominations

On March 27, 2014, the Board of Directors adopted an amendment to the Company's Bylaws to include procedures which shareholders must follow in order to submit a proposal of business for a shareholder vote or nominate a person for election to the Board of Directors at an annual or special meeting of shareholders. See "Bylaw Amendment" in Part II, Item 9B., "Other Information" of this Annual Report for a description of these procedures.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires executive officers and directors and persons who beneficially own more than 10% of our common stock (the "Reporting Persons") to file initial reports of ownership and reports of changes in ownership with the SEC. Reporting Persons are required by SEC rules to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the copies of such forms furnished to the Company and written representations from the executive officers and directors, the Company believes that the Reporting Persons complied with all Section 16(a) filing requirements during fiscal 2013 except that: (i) Mr. Fleming filed one late report with one late transaction; and (ii) Mr. Fox filed one Form 3 late.

Code of Ethics

We have adopted a written code of conduct, our Code of Business Conduct and Ethics, which is applicable to all directors, officers and employees of AdCare (including our principal executive officer, principal financial officer, principal accounting officer or controller, and any person performing similar functions). Our Code of Business Conduct and Ethics is available in the corporate governance subsection of the investors section of our website, www.adcarehealth.com, and is also available in print upon written request to our Corporate Secretary, AdCare Health Systems, Inc., 1145 Hembree Road, Roswell, Georgia 30076.

Employment Agreements

We have entered into employment agreements with each of Messrs. Gentry, Rubenstein and Fleming. In addition, each of Messrs. Gentry, Rubenstein and Fleming have agreed to participate in the Cash Compensation Reduction Program (as described in "-Directors Compensation"). Pursuant to the Cash Compensation Reduction Program, Messrs. Gentry, Rubenstein and Fleming have agreed to accept options to purchase common stock granted pursuant to the 2011 Stock Incentive Plan in lieu

Table of Contents

of cash compensation otherwise payable to them under their employment agreements in the amounts of \$50,000, \$25,000 and \$20,000, respectively. Similar to the options granted to directors in the Cash Compensation Reduction Program, the options granted to Messrs. Gentry, Rubenstein and Fleming: (i) will be granted on November 12th of each year in respect of compensation for the following calendar year; (ii) will have an exercise price equal to the fair market value (as defined in the 2011 Stock Incentive Plan) of the common stock on the date of grant; (iii) will vest with respect to 1/12 of the underlying shares of common stock on the last day of each month of the following calendar year, with vesting to be accelerated upon a change of control (as defined in the 2011 Stock Incentive Plan) as provided for in the 2011 Stock Incentive Plan; and (iv) will have a value equal to the amount of cash compensation such option is intended to replace in respect of compensation for the following calendar year, with such value to be determined as of the date of grant and in accordance with the Black-Scholes-Merton option-pricing model. The participation of Messrs. Gentry, Rubenstein and Fleming in the Cash Compensation Reduction Program will cease upon a change of control (as defined in their respective employment agreements). Their participation in the Cash Compensation Reduction Program does not reduce or increase their salary for purposes of calculating any post-termination, change in control or severance payments, or any other payments or benefits calculated based upon salary, otherwise payable to them pursuant to their respective employment agreement. The Cash Compensation Reduction Program is applicable commencing with compensation payable in respect of the year ending December 31, 2014.

Boyd P. Gentry. We have entered into an Employment Agreement with Mr. Gentry (the "Gentry Agreement"). The terms of the Gentry Agreement provide for an initial annual salary of \$300,000 per year, subject to annual review by the Compensation Committee thereafter. Pursuant to such review: (i) from January 1, 2012 through July 1, 2012, Mr. Gentry received an annual salary of \$330,000; (ii) from July 1, 2012 through December 31, 2012, Mr. Gentry received an annual salary of \$400,000; and (iii) effective January 1, 2013, Mr. Gentry receives an annual salary of \$450,000. Pursuant to the Cash Compensation Reduction Program and commencing with compensation payable in respect of the year ending December 31, 2014, Mr. Gentry has agreed to accept \$50,000 of his salary payable in options to purchase common stock pursuant to the 2011 Stock Incentive Plan in lieu of cash compensation otherwise payable to him as discussed above. The Gentry Agreement also includes an annual performance bonus of up to 100% of the annual salary based on standards to be established by the Compensation Committee.

Pursuant to the Gentry Agreement, Mr. Gentry also received equity compensation in the form of a warrant to purchase 250,000 shares of common stock, with an exercise price equal to \$4.13 per share. As a result of certain anti-dilution adjustments, the warrant currently represents the right to purchase 275,626 shares of common stock at an exercise price of \$3.75. The warrant vested as to one-third of the underlying shares on each of January 10, 2011, January 9, 2012 and January 9, 2013. If Mr. Gentry resigns his employment for "good reason" or the Company terminates Mr. Gentry's employment without "cause," then Mr. Gentry shall be entitled to severance pay in an amount equal to two (2) times the sum of his annual salary plus target bonus, payable in substantially equal installments at least monthly for a period of twenty-four (24) months after his termination date (the "Gentry Initial Severance Period"), plus if such termination occurs within three (3) months before or twenty-four (24) months after the occurrence of a change in control, then Mr. Gentry is entitled to an additional payment equal to the sum of his annual salary plus target bonus, payable at least monthly in substantially equal installments over a period not to exceed twelve (12) months, which period shall begin immediately after the expiration of the Gentry Initial Severance Period. Notwithstanding the foregoing, if Mr. Gentry resigns his employment for any reason upon or within three (3) months after the occurrence of a "change in control," Mr. Gentry shall be entitled to receive severance pay (in lieu of the severance pay described in the immediately preceding sentence) in an amount equal to three (3) times the sum of annual salary plus target bonus, payable in substantially equal installments at least monthly for thirty-six (36) months after the termination date. For the period for which severance pay is paid (the "Gentry Severance Period"), Mr. Gentry and his family are entitled to continue to be covered under all employee benefit plans of the Company under which executive officers of the Company are covered and at the same cost and under the same terms and conditions as apply to executive officers; provided, however, if the Company is prohibited by applicable law or its insurer from covering Mr. Gentry under any such plan, then the Company is required to pay Mr. Gentry an amount each month during the Gentry Severance Period equal to the Company's cost of coverage for similarly situated executive officers. For definitions of "cause," "good reason" and "change of control" see "-Employment Agreements-Applicable Terms."

David Rubenstein. We have entered into an Employment Agreement with Mr. Rubenstein (the “Rubenstein Agreement”). The terms of the Rubenstein Agreement include an annual salary of \$300,000 per year which increased to \$325,000 effective June 30, 2012, an annual performance bonus of up to 75% of the annual salary based on standards to be established by the Compensation Committee and a one-time signing bonus of \$150,000. Pursuant to the Cash Compensation Reduction Program and commencing with compensation payable in respect of the year ending December 31, 2014, Mr. Rubenstein has agreed to accept \$25,000 of his annual salary payable in options to purchase common stock pursuant to the 2011 Stock Incentive Plan in lieu of cash compensation otherwise payable to him as described above. Pursuant to the Rubenstein Agreement, on December 19, 2011, Mr. Rubenstein received equity compensation in the form of: (i) a warrant to purchase 100,000 shares of common stock, with an exercise price equal to \$4.13 per share, which warrant vests as to one-third of the underlying shares on each of the three subsequent anniversaries of the grant date; and (ii) a warrant to purchase 100,000 shares of common stock, with an

Table of Contents

exercise price equal to \$4.97 per share, which warrant vests as to one-third of the underlying shares on each of the second, third and fourth anniversaries of the grant date. As a result of such anti-dilution adjustments, the warrants now represent the right to purchase: (i) 105,000 shares at an exercise price of \$3.93 per share; and (ii) 105,000 shares at an exercise price of \$4.58 per share. In the event Mr. Rubenstein resigns for a “good reason” or a “change in control” occurs while Mr. Rubenstein is employed by the Company, the warrants immediately become 100% vested.

If, after a minimum of six (6) months of continuous employment with the Company Mr. Rubenstein resigns his employment for “good reason” or the Company terminates Mr. Rubenstein’s employment without “cause” (other than due to his disability), then Mr. Rubenstein shall receive the severance pay and benefits hereafter provided. The severance pay shall be an amount equal to one (1) times the sum of his annual salary payable in substantially equal installments at least monthly for a period of twelve (12) months after his termination date (the “Rubenstein Initial Severance Period”), plus if such termination occurs within three (3) months before or twenty-four (24) months after the occurrence of a change in control of the Company, then Mr. Rubenstein is entitled to an additional one-half (½) times the sum of his annual salary and target bonus, payable in substantially equal installments at least monthly for a period six (6) months, which period shall begin immediately after the expiration of the Rubenstein Initial Severance Period. For the period for which severance pay is paid (the “Rubenstein Severance Period”), Mr. Rubenstein and his family are entitled to continue to be covered under all employee benefit plans of the Company under which executive officers of the Company are covered and at the same cost and under the same terms and conditions as apply to executive officers; provided, however, if the Company is prohibited by applicable law or its insurer from covering Mr. Rubenstein under any such plan, then the Company shall pay to Mr. Rubenstein an amount each month during the Rubenstein Severance Period equal to the Company’s cost of coverage for similarly situated executive officers. For definitions of “cause,” “good reason” and “change of control” see “-Employment Agreements-Applicable Terms.”

Ronald W. Fleming. We have entered into an Employment Agreement with Mr. Fleming, effective May 15, 2013 and amended as of December 11, 2013 (the “Fleming Agreement”). The terms of the Fleming Agreement include an annual base salary of \$270,000 per year, to be subject to review on an annual basis thereafter, and an annual bonus with a target amount equal to at least 75% of the annual salary (provided, however, that the bonus paid for 2013 will be based on the salary actually paid during 2013 and shall not be less than \$80,000), based on reasonably expected performance. Pursuant to the Cash Compensation Reduction Program and commencing with compensation payable in respect of the year ending December 31, 2014, Mr. Fleming has agreed to accept \$20,000 of his salary payable in options to purchase common stock pursuant to the 2011 Stock Incentive Plan in lieu of cash compensation otherwise payable to him as described above. Pursuant to the Fleming Agreement: (i) on May 15, 2013, Mr. Fleming received equity compensation in the form of a warrant to purchase 70,000 shares of common stock, with an exercise price equal to \$5.90 per share, which vests as to one-third of the underlying shares on each of the three subsequent anniversaries of the grant date; and (ii) on December 23, 2013, Mr. Fleming received 30,000 shares of restricted common stock, which vest as to one-third of the shares on each of May 15, 2014, May 15, 2015 and May 15, 2016.

In the event Mr. Fleming resigns for “good reason” or a “change in control” occurs while Mr. Fleming is employed by the Company, the warrants and the restricted stock immediately become 100% vested. If, after a minimum of six (6) months of continuous employment with the Company Mr. Fleming resigns his employment for “good reason” or the Company terminates Mr. Fleming’s employment without “cause” (other than due to his disability), then Mr. Fleming shall receive severance pay in the form of salary continuation, payable in substantially equal installments at least monthly for a period of twelve (12) months after his termination, plus if such termination occurs within three (3) months before or twenty-four (24) months after the occurrence of a change in control of the Company, then Mr. Fleming is entitled to severance pay in the form of salary continuation, payable in substantially equal installments at least monthly for a period of eighteen (18) months after his termination date, plus an additional sum equal to one-half (½) his target bonus, payable in substantially equal installments at least monthly for a period six (6) months, which period shall begin twelve (12) months following his termination date. For the period for which severance pay is paid (the “Fleming Severance Period”), Mr. Fleming and his family are entitled to continue to be covered under all employee benefit plans of the Company under which executive officers of the Company are covered and at the same cost and under the same terms and conditions as apply to executive officers; provided, however, if the Company is prohibited by applicable law or its insurer from covering Mr. Fleming under any such plan, then the Company shall pay to Mr.

Fleming an amount each month during the Fleming Severance Period equal to the Company's cost of coverage for similarly situated executive officers. For definitions of "cause," "good reason" and "change of control" see "-Employment Agreements-Applicable Terms."

Applicable Terms. For purposes of each of the Gentry Agreement, Rubenstein Agreement and Fleming Agreement the term resignation for "good reason" means the officer's resignation within ninety (90) days following the Company's failure to cure a material breach of the agreement within thirty (30) days after the officer gives the Company written notice of such breach within ninety (90) days of the occurrence of such breach. For the purposes of each of the Gentry Agreement, the Rubenstein Agreement, the Fleming Agreement and the Consulting Agreement with Mr. Brogdon (See "- Director Compensation - Brogdon Consulting Agreement"), the term "cause" means the officer's fraud, dishonesty, willful misconduct, or gross negligence in his performance of his duties, or the individual's conviction for a crime of moral turpitude, or material

breach by the individual of the agreement which the individual fails to cure within thirty (30) days after the Company gives the officer written notice of such breach. For purposes of each of the Gentry Agreement, the Rubenstein Agreement, the Fleming Agreement and the Consulting Agreement with Mr. Brogdon, the term “change in control” means one or more sales or dispositions, within a twelve (12) month period, of assets representing a majority of the value of the assets of the Company or the acquisition (whether by purchase or through a merger or otherwise) of common stock of the Company immediately following which the holders of common stock of the Company immediately prior to such acquisition cease to own directly or indirectly common stock of the Company or its legal successor representing more than 50% of the voting power of the common stock of the Company or its legal successor.

Stock Incentive Plans

At our 2011 Annual Meeting of Shareholders held on June 3, 2011, the shareholders adopted the 2011 Stock Incentive Plan. The 2011 Stock Incentive Plan is intended to further the growth and profitability of our Company by providing increased incentives to encourage share ownership on the part of key employees, officers, directors, consultants and advisors who render services to us and any future parent or subsidiary of ours, including our named executive officers. The 2011 Stock Incentive Plan permits the granting of stock options and restricted stock awards (collectively, “Awards”) to eligible participants. At our 2012 Annual Meeting of Shareholders held on June 1, 2012, the shareholders adopted an amendment to the 2011 Stock Incentive Plan that increased the maximum number of shares of Company stock that may be granted under the 2011 Stock Incentive Plan from 1,000,000 to an aggregate of 2,000,000 shares. Subject to the terms of the 2011 Stock Incentive Plan, the Compensation Committee has the sole discretion to determine the persons who will be granted Awards under the 2011 Stock Incentive Plan and the terms and conditions of such Awards, and to construe and interpret the 2011 Stock Incentive Plan. The Compensation Committee is also responsible for making adjustments in outstanding Awards, the shares available for Awards, and the numerical limitations for Awards to reflect transactions such as stock splits and dividends. The Compensation Committee may delegate its authority to one or more directors or officers; provided, however, that the Committee may not delegate its authority and powers: (i) with respect to Section 16 reporting persons; or (ii) in any way which would jeopardize the 2011 Stock Incentive Plan’s qualifying under Section 162(m) of the Internal Revenue Code of 1986 or Rule 16b-3 promulgated under the Exchange Act. The 2011 Stock Incentive Plan allows for the exercise of options through cash, or with the consent of the Compensation Committee: (1) by tendering previously acquired shares; (2) by tendering a full recourse promissory note of the optionee; (3) through a cashless exercise without the payment of cash by reducing the number of shares of common stock that would be obtainable upon the exercise of the option; (4) through a brokerage transaction; or (5) through any combination of the foregoing. The 2011 Stock Incentive Plan provides the issuance of both incentive stock options and nonqualified stock options.

Retirement Programs

Our retirement programs are designed to facilitate the retirement of employees, including our named executive officers, who have performed for us over the long term. We currently maintain a 401(k) plan with a match of 50% of the first 2% of an employee’s contribution as well as non-qualified employee stock purchase program. The terms of these plans are essentially the same for all employees. Our named executive officers participate in the plans on the same basis as all other employees. We do not provide our named executive officers any special retirement benefits.

Director Compensation

Director Compensation and Reimbursement Arrangements

Effective July 1, 2012, our independent directors are paid \$6,000 per month plus an additional (i) \$1,500 per month if serving as a chairperson of one of the committees of the Board of Directors; and (ii) \$500 per month if serving on more than one committee.

On November 12, 2013, the Compensation Committee adopted a program, which was also approved by the entire Board of Directors, to replace certain cash compensation otherwise payable to our directors with equity compensation, thereby reducing the amount of cash compensation payable by us (the “Cash Compensation Reduction Program”). The Cash Compensation Reduction Program provides that: (i) director fees otherwise payable in cash to our independent directors for service on the Board of Directors will be paid 50% in cash and 50% in options to purchase common stock granted pursuant to the 2011 Stock Incentive Plan; and (ii) \$50,000 of the compensation otherwise payable in cash to Mr. Tenwick for his service as Chairman of the Board of Directors will be paid in options to purchase common stock granted pursuant to the 2011 Stock Incentive Plan. The options will be granted on November 12th of each year in respect of compensation for the following calendar year and will have an exercise price equal to the fair market value (as defined in the 2011 Stock Incentive Plan) of the common stock on the date of grant. The options will vest with respect to 1/12 of the underlying shares of common stock on the last day of each month of the following calendar year, with vesting to be accelerated upon a change of control (as defined in the

Table of Contents

2011 Stock Incentive Plan) as provided for in the 2011 Stock Incentive Plan and each option will have a value equal to the amount of cash compensation such option is intended to replace in respect of compensation for the following calendar year, with such value to be determined as of the date of grant and in accordance with the Black-Scholes-Merton option-pricing model. The Cash Compensation Reduction Program is applicable commencing with compensation payable in respect of the year ending December 31, 2014.

Non-employee directors are reimbursed for travel and other out-of-pocket expenses for travel in connection with their duties as directors.

Director Compensation Table

The following table sets forth information regarding compensation paid to our non-employee directors for the year ended December 31, 2013. Directors who are employed by us do not receive any compensation for their activities related to serving on the Board of Directors.

Brogdon Consulting Agreement

Mr. Brogdon served as our Chief Acquisition Officer from September 2009 through December 2012, although we did not enter into an employment agreement with him. We entered into a three-year Consulting Agreement with Mr. Brogdon, dated December 31, 2012. If the Consulting Agreement is not terminated prior to December 31, 2015, then it will renew automatically for successive one-year terms until it is terminated. As compensation for his services under the Consulting Agreement, Mr. Brogdon shall receive: (i) \$10,000 per month in year one; (ii) \$15,000 per month in year two; and (iii) \$20,000 per month in year three of the Consulting Agreement. In addition, Mr. Brogdon shall receive a success fee of \$20,000 for each completed transaction; provided, however, that barring a majority vote of the Board of Directors, such success fees shall not exceed \$80,000 in year one, \$120,000 in year two and \$160,000 in year three of the Consulting Agreement. In addition, no success fee shall be paid for transactions involving leased facilities or transactions in which the overall consideration is less than \$2,500,000. The Consulting Agreement may be

terminated by us at any time without “cause” upon: (1) a vote of the majority of the Board of Directors; and (2) thirty (30) days written notice to Mr. Brogdon; provided, however, that we shall provide severance pay to Mr. Brogdon in an amount equal to eighteen (18) months of Mr. Brogdon’s maximum total compensation (including success fees). If after the “change in control” of the Company occurs, and Mr. Brogdon: (x) resigns for any reason; (y) is terminated by the Company without cause within six (6) months of the occurrence of the change in control; or (z) is terminated by the entity acquiring a controlling interest in the Company without cause, then the Company shall

134

provide severance pay to Mr. Brogdon in an amount equal to three (3) years of his maximum total compensation (including success fees). For definitions of "cause," "good reason" and "change of control" see "-Employment Agreements-Applicable Terms."

Deferred Compensation Plan

The Company maintains a non-qualified deferred compensation plan previously available to a select group of management or highly compensated employees. Contributions to the plan were made by the participants. The Company does not provide any matching contributions. The benefits of the plan are payable upon the employee's separation of employment with the Company. Mr. Tenwick and Mr. Wade participated in the plan in 2012 and, pursuant to the plan: received in 2012 \$179,970 and \$43,856, respectively. These amounts were earned by Messrs. Tenwick and Wade prior to 2012 and reported as earned by them in the Company's proxy statements filed with the SEC in prior years. Accordingly, these amounts are not included in the Director Compensation Table.

Purpose of the Compensation Committee of the Board of Directors

The Compensation Committee advises the Board of Directors with respect to the compensation of each senior executive and each member of the Board of Directors. The Compensation Committee is also charged with the oversight of compensation plans and practices for all employees of the Company. The Compensation Committee relies upon data made available for the purpose of providing information on organizations of similar or larger scale engaged in similar activities. The purpose of the Compensation Committee's activity is to assure that the Company's resources are used appropriately to recruit and maintain competent and talented executives and employees able to operate and grow the Company successfully.

Related Party Transactions

Riverchase

On April 9, 2010, Riverchase, then a wholly owned subsidiary of the Company, entered into a Purchase Agreement with the Riverchase Seller to acquire the assets of Riverchase Village, a 105-bed assisted living facility located in Hoover, Alabama, for a purchase price of approximately \$5,000,000. On June 22, 2010, the Company assigned to

Mr. Brogdon 100% of the membership interests in Riverchase. On June 25, 2010, Riverchase, then owned by Mr. Brogdon, purchased the Riverchase Village facility pursuant to the terms of the Purchase Agreement.

137

Table of Contents

In connection with financing of the acquisition of Riverchase Village facility, Riverchase borrowed from the Medical Clinic Board of the City of Hoover the proceeds from the issuance of \$5,845,000 First Mortgage Healthcare Facility Revenue Bonds (Series 2010 A) and \$520,000 First Mortgage Revenue Bonds (Series B), which proceeds were used to acquire Riverchase Village, pay the cost of certain repairs and improvements to Riverchase Village, fund certain services and pay the cost of the issuance of the bonds. As part of the financing, each of AdCare and Mr. Brogdon guaranteed Riverchase's obligations under the bonds. In June 2010, Riverchase Seller refunded to AdCare the \$250,000 of earnest money it had deposited in connection with the Riverchase Village transaction.

As consideration for the assignment of 100% of the membership interests in Riverchase to Mr. Brogdon and AdCare's guaranteeing the bonds, Mr. Brogdon granted to Hearth & Home, a wholly owned subsidiary of AdCare, the Riverchase Option (an exclusive and irrevocable option pursuant to the Riverchase for an exercise price of \$100,000 and otherwise under the same terms and conditions set forth in the Purchase Agreement). In addition, a wholly owned subsidiary of AdCare entered into a five-year year Management Agreement with Riverchase pursuant to which such subsidiary supervised the management of the Riverchase Village facility for a monthly fee equal to 5% of the monthly gross revenues of the Riverchase Village facility. On June 22, 2013, the Management Agreement was terminated. On July 26, 2012, Hearth & Home and Mr. Brogdon amended the Option Agreement to extend the last date on which the Riverchase Option may be exercised through June 22, 2013. On June 22, 2013, Hearth & Home and Mr. Brogdon further amended the Option Agreement to extend the last date on which the Riverchase Option may be exercised through June 22, 2014. On March 3, 2014, Hearth & Home and Mr. Brogdon further amended the Option Agreement to: (i) extend the last date on which the Riverchase Option may be exercised through June 22, 2015; and (ii) reduce the purchase price for the Riverchase Option to \$1.00. See "Certain Relationships and Related Transactions and Director Independence - Related Party Transactions - 2014 Brogdon Agreement."

Mountain Trace

Effective January 1, 2011, pursuant to a purchase and sale agreement and operations transfer agreement, the Company acquired the options and selected assets of Mountain Trace, a 106-bed skilled nursing facility located in Sylva, North Carolina. To complete the acquisition, the Company issued a secured promissory note in the amount of \$5,000,000. The promissory note was secured by the Mountain Trace facility and was guaranteed by each of Mr. Brogdon and his spouse.

Office Subleases and Purchase

From April 2011 through November 2012, the Company subletted from JRT on a month-to-month basis the Hembree Facility. Mr. Brogdon's son is a one-third owner of JRT. Pursuant to this sublease, the Company paid to JRT on a monthly basis base rent of approximately \$10,458. The Company paid an aggregate of \$115,035 in rent under this sublease in 2012. The Company also paid to unrelated third parties amounts for utilities, property taxes and building association dues with respect to the Hembree Facility.

On June 4, 2012, ADK Hembree, a wholly owned subsidiary of the Company, entered into a Purchase Agreement with JRT to acquire the Hembree Facility. On November 30, 2012, ADK Hembree acquired the Hembree Facility from JRT pursuant to the Purchase Agreement for an aggregate purchase price of \$1,083,781 and, in connection therewith, ADK Hembree issued a promissory note in favor of Fidelity Bank for a principal amount of \$1,050,000.

Edwards Redeemer and Whispering Pines

In May 2011, First Commercial Bank and Brogdon Family, LLC, an entity owned and controlled by Mr. Brogdon, entered into a Purchase and Sale Agreement pursuant to which Brogdon Family, LLC had the right to acquire six skilled nursing facilities located in Oklahoma for an aggregate purchase price of \$16.0 million. These facilities were Edwards Redeemer Nursing Center, Harrah Nursing Center, Northwest Nursing Center, Whispering Pines Nursing Center, McLoud Nursing Center and Meeker Nursing Center. In October 2011, Brogdon Family, LLC, assigned all of its rights under the Purchase and Sale Agreement to AdCare Holdings, a wholly owned subsidiary of the Company. In May 2013, AdCare Holdings assigned all of its rights under the Purchase and Sale Agreement with respect to the Harrah Nursing Center, McLoud Nursing Center and Meeker Nursing Center to Brogdon Family, LLC.

In October 2012, AdCare Holdings assigned to the Edwards Redeemer and ER Nursing (then wholly owned subsidiaries of the Company) all of its right under that certain Purchase and Sale Agreement to purchase the Edwards Redeemer Nursing Center. Edwards Redeemer and ER Nursing agreed to assume all obligations of AdCare Holdings

under the Purchase and Sale Agreement with respect to the Edwards Redeemer Nursing Center, including reimbursement for out-of-pocket costs. In connection therewith: (i) AdCare Holdings (as the owner of all of the issued and outstanding membership interests of Edward Redeemer) assigned all of its interest in Edwards Redeemer to Mr. Brogdon; and (ii) AdCare Holdings assigned to WP Nursing, LLC, an entity owned and controlled by Mr. Brogdon, all of AdCare Holding's right under the Purchase and Sale

Agreement to purchase the Whispering Pines Nursing Center. WP Oklahoma Nursing, LLC has agreed to assume all obligations of the Company under the Purchase and Sale Agreement with respect to the Whispering Pines Nursing Center. In connection with the assignment with respect to the Whispering Pines Nursing Center, the Company has recorded a receivable of less than \$0.1 million.

In December 2012, ER Nursing (still a wholly owned subsidiary of AdCare and the licensed operator of the Edwards Redeemer Nursing Center) entered into a Facility Lease with Edwards Redeemer (now owned and controlled by Mr. Brogdon) pursuant to which ER Nursing leases to Edwards Redeemer the operations of the Edwards Redeemer Nursing Center. In connection with entering into the Facility Lease, ER Nursing also entered into a Management Agreement with New Beginnings Care, LLC pursuant to which New Beginnings agreed to manage the Edwards Redeemer Nursing Center for a monthly fee equal to five percent (5%) of the aggregate gross revenues of the Edwards Redeemer Nursing Center. The Management Agreement terminates upon the Approval Date., and ER Nursing may terminate the Management Agreement at any time. ER Nursing also entered into an Operations and Indemnification Agreement with the Indemnitors pursuant to which the Indemnitors have agreed to indemnify the Company for any of its losses: (x) arising out of the Management Agreement; or (y) resulting from any services provided by New Beginnings at or for the benefit of the Edwards Redeemer Nursing Center.

Pursuant to the Lease, ER Nursing pays Edwards Redeemer monthly rent in an amount equal to one hundred-twenty percent (120%) of the monthly payment of principal and interest due to the lender holding a first priority mortgage on the Edwards Redeemer Nursing Center; provided, however, that pursuant to the Operations and Indemnification Agreement, the Indemnitors will indemnify the Company for any rent expenses arising out of the lease. The lease terminates upon the Approval Date.

Harrah, McCloud and Mecker - Management Agreement

On July 26, 2013, a wholly-owned subsidiary of the Company entered into management agreements with entities owned and controlled by Mr. Brogdon, which entities own the skilled-nursing facilities located in Oklahoma known as Harrah Nursing enter, McCloud Nursing Center and Mecker Nursing Center. Pursuant to the management agreements, the AdCare subsidiary has agreed to manage the operations of these facilities. The management agreements have initial terms of five years and shall renew automatically for one-year terms thereafter. Pursuant to the management agreements, the entities owned and controlled by Mr. Brogdon which own the facilities shall pay to the AdCare subsidiary a fee equal to 5% of the monthly gross revenues of the facilities.

Effective March 1, 2014, the Company terminated the management agreements with respect to Harrah Nursing Center, McCloud Nursing Center and Mecker Nursing Center. See “Certain Relationships and Related Transactions and Director Independence - Related Party Transactions - 2014 Brogdon Agreement.”

Oklahoma Owners

Effective August 1, 2011, the Oklahoma Owners (entities controlled by Mr. Brogdon and his spouse) acquired the Oklahoma Facilities. In connection with the closing of this acquisition: (i) the Company paid closing costs on behalf of the Oklahoma Owners in the amount of \$56,894 (which amount was refunded to the Company in February 2012); and (ii) AdCare Oklahoma, a wholly owned subsidiary of the Company, entered into five-year year Management Agreements with the Oklahoma Owners pursuant to which AdCare Oklahoma supervised the management of the Oklahoma Facilities for a monthly fee equal to 5% of the monthly gross revenues of the Oklahoma Facilities.

In December 2012: (i) the Oklahoma Owners entered into a \$1.0 million senior secured credit agreement with Gemino; and (ii) AdCare Oklahoma entered into a Management Fee Subordination Agreement pursuant to which AdCare Oklahoma agreed to subordinate its right to payment of all management fees owed to AdCare Oklahoma by the Oklahoma Owners to such credit agreement with Gemino. However, AdCare Oklahoma could continue to accept such management fees owed to it under the Management Agreements, so long as no event of default has occurred under the credit agreement entered into among the third-party lender and the Oklahoma Owners.

Effective as of March 1, 2014, the Company terminated the Management Agreements with respect to the Oklahoma Facilities. On March 3, 2014, the Company, Mr. Brogdon and entities controlled by Mr. Brogdon entered into an agreement to provide for the orderly transition of the management of the Oklahoma Facilities from the Company to a third-party. See “Certain Relationships and Related Transactions and Director Independence - Related Party

Transactions - 2014 Brogdon Agreement.”

Red Rose Facility

In October 2011, pursuant to the terms of an Assignment of Lease and Landlord's Consent, Rose Missouri Nursing, LLC, a wholly owned subsidiary of the Company, became the tenant and operator of the Red Rose facility, a 90-bed skilled nursing facility located in Cassville, Missouri. In connection with this transaction, Mr. Brogdon and his spouse, each guaranteed the performance of the Company's obligations, including payment obligations, under the Lease. In consideration of these guaranties, the Company paid to Mr. Brogdon in 2011 the amount of \$25,000 as a guaranty fee.

Golden Years Manor

In January 2012, a wholly owned subsidiary of AdCare entered into a Purchase and Sale Agreement with Gyman Properties, LLC, to acquire a 141-bed skilled nursing facility located in Lonoke, Arkansas, known as Golden Years Manor, for an aggregate purchase price of \$6.5 million. Pursuant to the Purchase and Sale Agreement, the Company deposited approximately \$0.3 million into escrow to be held as earnest money. In May 2013, the Company decided not to pursue the acquisition of Golden Years Manor because it determined that the facility no longer met its investment criteria. At the time of such determination, the Company was not entitled to reimbursement of its deposit under the Purchase and Sale Agreement. Subsequently, on May 9, 2012, the Company assigned all of its rights under the Purchase and Sale Agreement to GL Nursing, LLC, an entity affiliated with Mr. Brogdon. In connection with such assignment, GL Nursing, LLC agreed to reimburse to the Company the deposit and all of its out-of-pocket costs relating to Golden Years Manor upon the closing of the acquisition, which occurred on May 31, 2012. The assignment provided the Company with an opportunity to recoup the deposit and out-of-pocket costs which would otherwise have been forfeited if the assignment had not occurred. As of December 31, 2013, the Company has recorded a receivable of \$0.2 million in connection with the assignment. See "Certain Relationships and Related Transactions, and Director Independence - Related Party Transactions - 2014 Brogdon Agreement."

Airplane

Between May 2012 and August 2013, the Company had access to an airplane on a month-to-month basis from JRT. Mr. Brogdon's son is a one-third owner of JRT. Pursuant to this arrangement, the Company paid to JRT on a monthly basis base rent of \$7,000. The Company paid an aggregate of \$42,000 and \$56,000 in rent during 2013 and 2012, respectively. The Company had the right to use the airplane with no limitation on hours of usage and is responsible for all costs associated with maintenance such as inspections, fuel, pilot costs and hangar rental. Effective August 31, 2013, this arrangement was terminated.

Consulting Agreement

In December 2012, the Company entered into a Consulting Agreement with Mr. Brogdon pursuant to which Mr. Brogdon will be compensated by the Company for providing consulting services related to the acquisition and financing of skilled nursing facilities. The Consulting Agreement terminates on December 31, 2015 and, if it is not terminated prior to December 31, 2015, will renew automatically for successive one-year terms until terminated. As compensation for his services under the Consulting Agreement, Mr. Brogdon shall receive: (i) \$10,000 per month in year one; (ii) \$15,000 per month in year two; and (iii) \$20,000 per month in year three of the Consulting Agreement. In addition, Mr. Brogdon shall receive a success fee of \$20,000 for each completed transaction; provided, however, that barring a majority vote of the Board of Directors of the Company, such success fees on a one-year basis shall not exceed \$80,000 in year one, \$120,000 in year two and \$160,000 in year three of the Consulting Agreement. In addition, no success fee shall be paid for transactions involving leased facilities or transactions in which the overall consideration is less than \$2,500,000. In the event the Consulting Agreement is terminated by the Company without cause, the Company shall provide severance pay to Mr. Brogdon in an amount equal to eighteen (18) months of Mr. Brogdon's maximum total compensation (including success fees). No success fee was paid to Mr. Brogdon pursuant to the Consulting Agreement in the year ended December 31, 2013.

In December 2012, the Company entered into agreements to indemnify Mr. Brogdon with respect to certain personal guaranties Mr. Brogdon previously made with respect to loans on the Hembree Facility and the Red Rose facility. The Company has agreed to reimburse Mr. Brogdon for any costs, losses, damages, claims and expenses under the guaranties so long they are not due to Mr. Brogdon's gross negligence, fraud, intentional misrepresentation, willful misconduct, bad faith or criminal act.

Cantone

In March 2012, the Company issued an unsecured promissory note to Cantone Asset Management LLC in the principle amount of \$3,500,000. In connection with the issuance of the promissory note to Cantone Asset Management LLC, the Company also issued to Cantone Asset Management LLC a warrant to purchase 300,000 shares of common stock. In April 2012, the Company issued an unsecured promissory note to Cantone Asset Management LLC in the principle amount of \$1,500,000. In July 2012, the Company and Cantone Asset Management LLC refinanced these two promissory notes. The

140

Table of Contents

promissory notes were canceled and terminated in exchange for the issuance by the Company to Cantone Asset Management LLC of an 8% convertible subordinated note in a principle amount of \$5,000,000.

In connection with the issuance of the promissory notes to Cantone Asset Management LLC in March and April of 2012, Cantone Research, Inc. agreed to provide the Company with certain consulting services for a monthly fee if the Company and Cantone Asset Management LLC (or an affiliated entity) did not agree to the terms of an additional financing arrangement pursuant to which it (or affiliated entity) would loan to the Company at least \$4,000,000 for a four-year term. In July 2012, the consulting agreement was revised so as to provide for a certain monthly fee payable to Cantone Research, Inc. regardless of whether the Company and Cantone Asset Management LLC agreed to an additional financing arrangement. Furthermore, under the terms of the revised consulting agreement, the Company issued to Cantone Research, Inc. 50,000 shares of common stock and a warrant to purchase 100,000 shares of common stock. The Company paid to Cantone Research, Inc. \$30,000 and \$40,000 during 2013 and 2012, respectively, in fees pursuant to the consulting agreement.

In July 2012 and March 2011, the Company issued and sold to certain accredited investors an aggregate of \$7,500,000 and \$4,508,700 in principle amount of subordinated convertible notes, respectively. In connection with the offerings, Cantone Research, Inc. acted as the exclusive agent with respect to the private placement of the notes. The Company paid to Cantone Research, Inc. \$42,500 and \$60,000 to act as the placement agent pursuant to the July 2012 and March 2011 offerings, respectively.

Cantone Asset Management LLC and Cantone Research, Inc. are affiliates of Anthony J. Cantone, who filed with the SEC in July 2012 a Form 4 reporting that he beneficially owned greater than 10% of the outstanding common stock.

2014 Brogdon Agreement

On March 3, 2014, AdCare and certain of its subsidiaries entered into a letter agreement, dated as of February 28, 2014, with (i) the Oklahoma Owners, (ii) the Brogdon Entities (entities owned and controlled by Mr. Brogdon which own Harrah Nursing Center, McCloud Nursing Center and Mecker Nursing Center), (iii) Christopher F. Brogdon, (iv) GL Nursing, LLC, an entity affiliated with Mr. Brogdon, and (v) Marsh Pointe Management, LLC.

On December 31, 2013, the Company notified the Brogdon Entities of its intent to terminate: (i) that certain Management Agreement, dated September 19, 2011, by and between the Company and the Oklahoma Owners with respect to the management of the Oklahoma Facilities; and (ii) those certain Management Agreements, each dated July 26, 2013, by and between the Company and each of the Brogdon Entities, with respect to the management of Harrah Nursing Center, McCloud Nursing Center and Mecker Nursing Center. Pursuant to the agreement: (i) the parties agreed that the termination of the Management Agreements shall be effective as of March 1, 2014 and that the Company will no longer provide any ongoing services to the facilities; and (ii) Mr. Brogdon executed a promissory note in favor of the Company in principal amount of \$523,663 which represents amounts owed as of March 1, 2014: (a) by the Oklahoma Owners and the Brogdon Entities to the Company pursuant to the Management Agreements and (b) by GL Nursing, LLC to the Company in connection with the Company's assignment in May 2012 of its rights to acquire Golden Years Manor. The note does not bear interest and is payable in five (5) equal monthly installments commencing on September 1, 2014 and ending on December 31, 2014.

In addition, the letter agreement amends that certain Option Agreement, entered into by Mr. Brogdon and Hearth & Home, dated as of June 22, 2010 and as amended to date, to: (i) extend the Riverchase Option until June 22, 2015; and (ii) reduce the purchase price for the exercise of the Riverchase Option to \$1.00. Furthermore, the letter agreement provides that, upon the closing of the sale of the Riverchase facility to an arms-length third party purchaser, regardless of whether Hearth & Home has exercised the Riverchase Option, the net sales proceeds from such sale shall be distributed as follows: (a) one-half of the net sales proceeds shall be paid to the Company; (b) the remaining net sales proceeds shall be paid to the Company to satisfy the outstanding principal balance and interest (if any) then due under the note, with such payment to be applied in the order of scheduled amortization under the note; and (c) the balance of net sales proceeds shall be paid to the Company.

Other Transactions

In 2007, Mr. Tenwick advanced \$155,000 to the Company as a loan from his retirement plan. This loan currently accrues interest at the rate of 8% per annum, with total payments made to Mr. Tenwick in 2011 of interest in the amount of \$7,270. The principal amount of this loan was repaid by the Company in full in January of 2012.

Other than the items above, the Company does not believe there are any other material undisclosed related party transactions. For purposes of the disclosure in this Item 13, note that Mr. Brogdon is Vice Chairman of the Board of Directors, holds in excess of 10% of the outstanding common stock and, during 2012, served as the Company's Chief Acquisition Officer.

2014 Note Offering

On March 27, 2014, Park City Capital Offshore Master, Ltd. ("Park City Offshore"), an affiliate of Michael J. Fox, entered into a Subscription Agreement with the Company pursuant to which the Company issued \$1,000,000 in principal amount of the 2014 Notes. Mr. Fox is a director of Park City Offshore and a director of the Company and a beneficial owner 5% of the outstanding common stock. The 2014 Note was offered to and sold to Park City Offshore on the same terms and conditions as all other buyers in the offering. For more information regarding the 2014 Note offering, see Part II, Item 9B. "Other Information - 2014 Subordinated Convertible Note Offering." For a description of certain arrangements between the Company and Mr. Fox regarding his service as a director, see Part III, Item 10. "Directors Executive Officers and Corporate Governance. - Arrangements with Directors Regarding Election/Appointment."

Approval of Related Party Transactions

Each of the foregoing transactions was approved by the independent members of the Board of Directors of the Company without the related party having input with respect to the discussion of such approval. In addition, the Board of Directors believes that each of the foregoing transactions were necessary for the Company's business and are on terms no less favorable to the Company than could be obtained from independent third parties.

Director Independence

In 2013, six out of ten of our directors, Messrs. Fox, Hackett, Levine, McClellan, Radcliffe, and Sturtz, were independent as determined utilizing the standards for director "independence" set forth in the applicable rules of the NYSE MKT listing standards. Effective January 1, 2014, Messrs. Levine, McClellan and Wade resigned from the Board of Directors. Since January 1, 2014, four out of seven of our directors, Messrs. Fox, Hackett, Radcliffe and Sturtz were independent as determined utilizing the standards for director "independence" set forth in the applicable rules of the NYSE MKT listing standards. Since January 1, 2012, all of the members of the Audit Committee were considered "independent," as independence for Audit Committee members is defined in the applicable rules of the NYSE MKT listing standards and the rules of the SEC.

Item 14. Principal Accountant Fees and Services

Fees

Pursuant to appointment by the Audit Committee, KPMG LLP ("KPMG") has audited the financial statements of the Company and its subsidiaries for the years ended December 31, 2013 and 2012.

The following table sets forth the aggregate fees that KPMG billed to the Company for the years ended December 31, 2013 and 2012, respectively. All of the fees were approved by the Audit Committee in accordance with its policies and procedures.

(a)(2) Financial Statement Schedules. Financial statement schedules are omitted because they are not required, are not material, are not applicable, or the required information is shown in the financial statements or notes thereto.

(a)(3) Exhibits. A list of the Exhibits required by Item 601 of Regulation S-K to be filed as a part of this Annual Report is shown on the "Exhibit Index" filed herewith and incorporated herein by this reference.

In reviewing the agreements included as exhibits to this Annual Report, investors are reminded that they are included to provide information regarding their terms and are not intended to provide any other factual or disclosure information about AdCare or the other parties to the agreements. Some of the agreements contain representations and warranties by each of the parties to the applicable agreement. These representations and warranties have been made solely for the benefit of the other parties to the applicable agreement and:

- Should not in all instances be treated as categorical statements of fact, but rather as a way of allocating the risk to one of the parties if those statements prove to be inaccurate;
- Have been qualified by the disclosures that were made to the other party in connection with the negotiation of the applicable agreement, which disclosures are not necessarily reflected in the agreement;
- May apply standards of materiality in a way that is different from what may be viewed as material to you or other investors, and
- Were made only as of the date of the applicable agreement or such other date or dates may be specified in the agreement and are subject to more recent developments.

Accordingly, the representations and warranties may not describe the actual state of affairs as of the date they were made or at any other time. Additional information about us may be found elsewhere in this Annual Report and our other public filings with the SEC, which are available without charge on our website at www.adcarehealth.com.
