**PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS
ON FRIDAY, JULY 22, 2005**

The Annual Report to Shareholders for the fiscal year ended December 31, 2004 is mailed to shareholders together with these proxy materials on or about June 17, 2005. The proxy materials consist of this proxy statement and notice of annual meeting, the Annual Report, and the Audit Committee Certification.

This proxy statement is provided in connection with a solicitation of proxies by the board of directors of U.S. Energy Corp. for the annual meeting of shareholders (the "meeting") to be held on Friday, July 22, 2005 and at any adjournments of the meeting.

Who Can Vote

If you held any shares of common stock on the record date (May 31, 2005), then you will be entitled to vote at the meeting. If you held stock in your own name, you may vote directly. If you own stock beneficially but in the record name (street name) of an institution, you may instruct the record holder how to vote when the record holder contacts you about voting and gives you the proxy materials.

Common Stock Outstanding on the Record Date: 16,374,251 Shares

Quorum and Voting Rights

A quorum for the meeting will exist if a majority of the voting power of the shareholders is present at the meeting, in person or represented by properly executed proxy delivered to us prior to the meeting. Shares of common stock present at the meeting that abstain from voting, or that are the subject of broker non-votes, will be counted as present for determining a quorum. A broker non-vote occurs when a nominee holding stock in street name or otherwise for a beneficial owner does not vote on a particular matter because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

You are entitled to one vote for each share of U.S. Energy Corp. common stock you hold, except that in the election of directors you may cumulate your votes. Cumulative voting generally allows each holder of shares of common stock to multiply the number of shares owned by the number of directors being elected, and to distribute the resulting number of votes among nominees in any proportion that the holder chooses. Nominees in number equal to the seats to be filled, who receive a plurality of votes cast, are elected. If you abstain from voting, your shares will not be counted for or against any director.

Any other matter which properly comes before the meeting would be approved if the number of votes cast in favor exceed the number of votes opposed, unless Wyoming law requires a different approval ratio.

Abstentions and broker non-votes will have no effect on the election of directors. Abstentions as to all other matters which properly may come before the meeting will be counted as votes against those matters. Broker non-votes as to

all other matters will not be counted as votes for or against, and will not be included in calculating the number of votes necessary for approval of these matters.

How Your Proxy Will Be Voted; Recommendation of the Board

The board of directors is soliciting a proxy in the enclosed form to provide you with the opportunity to vote on all matters scheduled to come before the meeting, whether or not you attend in person.

The board of directors recommends you vote in favor of the nominees for directors, and in favor of ratifying management's re-appointment of the audit firm.

Granting Your Proxy

If you sign properly and return the enclosed form of proxy, your shares will be voted as you specify. If you make no specifications, your proxy will be voted in favor of all proposals.

We expect no matters to be presented for action at the meeting other than the items described in this proxy statement. However, as permitted by SEC rule 14a-4(c), the enclosed proxy will confer discretionary authority with respect to any other matter that may properly come before the meeting, including any matter of which we did not have notice at least 45 days before the date of mailing proxy materials for last year's meeting. The persons named as proxies intend to vote in accordance with their judgment on any matters that may properly come before the meeting.

Revoking Your Proxy

If you submit a proxy, you may revoke it later or submit a revised proxy at any time before it is voted. You also may attend the meeting in person and vote by ballot, which would cancel any proxy you previously submitted.

Proxy Solicitation

We will pay all expenses of soliciting proxies for the meeting. In addition to solicitations by mail, arrangements have been made for brokers and nominees to send proxy materials to their principals, and we will reimburse them for their reasonable expenses. We have not hired a solicitation firm for the meeting. Our employees and directors will solicit proxies by telephone or other means, if necessary; these people will not be paid for these services.

Requirement and Deadlines for Shareholders to Submit Proxy Proposals

Generally, we hold the annual meeting on the first Friday of each June. Under the rules of the SEC, if a shareholder wants us to include a proposal in our proxy statement and form of proxy for presentation at our Annual Meeting of Shareholders to be held in June 2006, the proposal must be received by us in writing at least 150 calendar days in advance of the meeting date (which would be approximately 120 days in advance of the mailing date), at U.S. Energy Corp., 877 North 8th West, Riverton, Wyoming 82501; Attention: Daniel P. Svilar, Secretary.

Corporate Governance, Audit Committee, Compensation Committee and Nominating Committee

Meetings of the Board. The board of directors, which held eight formal meetings and two unanimous consent meetings in 2004, has primary responsibility for directing management of the business. The board currently consists of seven members. All members attended at least eight of the meetings, except Mr. Feinstein who has attended all meetings since appointed to the board in October 2004 and Mr. Michael T. Anderson who missed four meetings. Mr. Anderson also is a member of the Audit Committee and the Compensation Committee. The board conferred informally on several other occasions during the fiscal year. From time to time the directors also approve various matters by consent minutes without conducting formal meetings.

Attendance by Directors at Annual Meetings. Although most of the directors attend annual meetings of shareholders, we do not require such attendance. All of the directors attended the 2004 annual meeting of shareholders either in person or on the telephone, and the regular meeting of the board of directors following the 2004 annual meeting of shareholders.

Communications from Security Holders to the Board of Directors. Security holders may send communications to the board of directors, by addressing their communications to Keith G. Larsen, President and a director, or John L. Larsen, Chief Executive Office and a director, at 877 N. 8th W., Riverton, Wyoming 82501. The independent directors have established a process for collecting and organizing communications from security holders. Pursuant to this process, Keith and John Larsen will determine which of the communications address matters of substance and which should be considered by all directors, and will send those communications to all the directors for their consideration.

Audit Committee. To provide effective direction and review of fiscal matters, the board has established an audit committee. The audit committee has the responsibility of reviewing our financial statements, exercising general oversight of the integrity and reliability of our accounting and financial reporting practices, and monitoring the effectiveness of our internal control systems. The audit committee also recommends selection of an auditing firm and exercises general oversight of the activities of our independent auditors, principal financial and accounting officers and employees and related matters. The members of the audit committee are Don Anderson, H. Russell Fraser, Michael Anderson, and Michael H. Feinstein, all of whom are independent directors under criteria established by rule 4200(a)(15) adopted by the National Association of Securities Dealers, Inc. ("NASD").

The board of directors has determined that Michael T. Anderson and Michael Feinstein both are audit committee financial experts as defined in rule 401(h) of the SEC's regulation S-K.

The audit committee has reviewed our financial statements for the twelve months ended December 31, 2004 and discussed them with management. The committee also discussed with the independent audit firm the various matters required to be so discussed in SAS 63 (Codification of Statements on Auditing Standards, AU 380). Based on the foregoing, the audit committee recommended to the board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the twelve months ended December 31, 2004, which was filed with the Securities and Exchange Commission on April 15, 2005.

The audit committee has adopted a written charter, a copy of which was included in the proxy statement for the June 2003 Annual Meeting (a copy will be next included with proxy materials for the 2006 Annual Meeting).

Compensation Committee. The Company has a compensation committee, whose members are Michael H. Feinstein and Russ Fraser, who are independent under criteria established by the NASD. This committee met formally on one occasion during the twelve months ended December 31, 2004, and discussed compensation matters informally several times throughout the fiscal year.

The compensation committee reviews and recommends to the board of directors compensation packages for the officers of U.S. Energy Corp. and subsidiaries (but not Crested Corp. which has its own compensation committee). The committee takes into account the need for different types of executives (administrative, financial, engineering, etc.), and the pay arrangements which corporations of similar size have adopted in our industry on both the national and local levels. Items considered include the experience of and contribution made (or to be made for new hires or promotions) by each person, and the methods of paying them (principally salary and stock options). In addition, the compensation committee reviews and recommends to the board of directors the granting of stock options to non-executive employees.

Compensation packages for the executive officers are approved by vote of the independent directors.

Executive Committee. The executive committee members are John L. Larsen, Keith G. Larsen, Harold F. Herron and H. Russell Fraser. This committee helps implement the board of directors' overall directives as necessary. This committee usually does not conduct formal meetings (none were held in 2004).

Nominating Committee and Nominating Process. When needed as determined by the board of directors, the nominating committee considers and recommends to the board of directors individuals who may be suitable to be nominated to serve as directors. H. Russell Fraser and Don Anderson are the nominating committee members; they are independent under criteria established by the NASD.

The nominating committee has adopted a written charter regarding the Company's director nomination process, a copy of which was included in the proxy statement for the June 2004 Annual Meeting (a copy will be next included with proxy materials for the 2007 Annual Meeting). This charter is not available on the company's website, but copies are available on request (without charge) addressed to Daniel P. Svilar, Secretary, U.S. Energy Corp., 877 North 8th West, Riverton, Wyoming 82501.

Pursuant to its charter, the nominating committee has adopted a policy for consideration of any director candidates recommended by security holders, and may (or may not) recommend to the board of directors that candidate(s) be put on an Annual Meeting election slate and identified in the Company's proxy statement, if:

- At least 150 calendar days before the meeting date, the security holder requests in writing that the nominating committee consider an individual for inclusion as a director nominee in the next proxy statement for an Annual Meeting. The security holder must identify the individual and provide background information about the individual sufficient for the committee to evaluate the suggested nominee's credentials. Such requests should be addressed to Keith G. Larsen, President, or John L. Larsen, Chief Executive Officer, who will forward the requests to the nominating committee.
- The candidate meets certain specific minimum qualifications: Substantial experience in top or mid-level management (or serving as a director) of public mineral exploration companies, with particular emphasis on understanding and evaluating mineral properties for either financing, exploration and development, or joint venturing with industry partners; contacts with mining or oil and gas industry companies to develop strategic partnerships or investments with the Company; and the ability to understand and analyze complex financial statements. A security holder-recommended candidate also will have to possess a good business and personal background, which the nominating committee will independently verify. These same categories of qualifications will be used by the nominating committee in considering any nominee candidate, whether recommended by a security holder, an officer, or another director.
- Although all security holder-recommended candidates, and all candidates recommended by another director or by an officer, will be evaluated by the nominating committee in good faith, the full board of directors, by majority vote, will make the final decision whether to include an individual on an Annual Meeting election slate and identified in the proxy statement for that Annual Meeting.
- For the 2005 Annual Meeting, or for the following Annual Meeting, the nominating committee has not received a request from any security holder for consideration of a nominee candidate.

All three of the director nominees for election at the 2005 Annual Meeting are incumbent directors standing for re-election, except for Michael H. Feinstein, who was appointed by the board of directors in September 2004.

Management Cost Apportionment Committee, established by USE and Crested in 1982, reviews the apportionment of costs between USE and Crested. John L. Larsen and Robert Scott Lorimer are members of this committee.

**Principal Holders of Voting Securities of the Company
And Ownership by Officers and Directors**

The following is a list of all record holders who, as of the record date for this Annual Meeting, beneficially owned more than 5% of the outstanding shares of common stock, and the outstanding common stock beneficially held by each director and nominee, and each officer, and by all officers and directors as a group, as reported in filings with the SEC, or as otherwise known to us. This list includes shares held by Mark J. Larsen, an officer and director of a subsidiary, but not an officer or director of the Company. Beneficial ownership includes the shares underlying presently exercisable options.

Except as otherwise noted, each holder exercises the sole voting and dispositive powers over the shares listed opposite the holder's name, excluding shares subject to forfeiture and those held in ESOP accounts established for the employee's benefit. Dispositive powers over the forfeitable shares held by employees who are not officers, and by non-employee directors ("Forfeitable Shares") are shared by the Company's board of directors. Voting and dispositive powers over Forfeitable Shares held by the Company's five executive officers ("Officers' Forfeitable Shares") are shared by the Company's non-employee directors (Messrs. Anderson, Feinstein, Anderson, and Fraser). The ESOP Trustees (John L. Larsen and Harold F. Herron) exercise voting powers over non-allocated ESOP shares and dispositive powers over all ESOP shares. It should be noted that voting and dispositive powers over certain shares are shared by one or more of the listed holders. Such securities are reported opposite each holder having a shared interest therein.

All personnel of USECC and RMG are employees of USE, in order to utilize the Company's ESOP as an employee benefit mechanism. The Company charges USECC for the direct and indirect costs of its employees for time spent on USECC matters, and USECC charges one-half of that amount to Crested and the Company.

* For seven months June 1, 2002 to December 31, 2002

** Mr. Larsen became President of RMG on October 15, 2003. Compensation paid to Mr. Larsen as an employee of the Company (not an officer) before that date is not included in the table. Mr. Larsen ceased being an officer of RMG when that company was sold on June 1, 2005.

(1) Dollar values for ESOP contributions.

(2) Consists of a bonus paid at the successful conclusion of the purchase of the Hi-Pro properties by RMG. The amount paid to each individual in the table was: John L. Larsen \$10,000, Keith Larsen \$20,000, Daniel P. Svilar \$10,000, Harold F. Herron \$10,000, R. Scott Lorimer \$12,500 and Mark Larsen \$20,000. An annual Christmas bonus is also included in this amount.

(3) Consists of a bonus granted to officers and employees after the conclusion of the formation of Pinnacle Gas and an additional bonus granted to officers and employees after the successful release of a portion of the cash bond for reclamation of the Shootaring Canyon uranium mill and a Christmas bonus. Mr. Herron was instrumental in growing The Brunton Company to the level that it could be sold to a third party. For his efforts the Company granted Mr. Herron a bonus which is paid out over several years, ending in August 2004. See note (8) for data on payments prior to 2003.

(4) Consists of Christmas bonus amounts granted to employees during the seven month period ended December 31, 2002.

(5) Consists of \$10,000 bonus granted to officers and employees after the conclusion of a coalbed methane gas transaction, and a Christmas bonus granted to employees. The Christmas bonus amounts granted for John L. Larsen, Keith G. Larsen, Daniel P. Svilar, Harold F. Herron and Robert Scott Lorimer during the fiscal year ended May 31, 2002 were \$8,000, \$7,700, \$7,400, \$6,700 and \$7,000, respectively.

(6) Consists of 10,000 shares issued to each Officer pursuant to the Company's 2001 Stock Compensation Plan. Under the terms of the plan, each Officer is to receive 10,000 shares of the Company's common stock or some other portion as approved by the compensation committee. The Company has agreed under the terms of the plan to pay all taxes due. The officer has agreed not to sell these shares to the market or pledge them on obligations until after his (i) retirement; (ii) total disability or (iii) in the case of the death of the officer, his estate may sell the shares of stock.

(7) Consists 20,000 shares issued to each Officer pursuant to the Company's 2001 Stock Compensation Plan. Under the terms of the plan each Officer is to receive 10,000 shares of the Company's common stock or some other portion as approved by the compensation committee. There were no issuances of shares under the plan during the years ended May 31, 2001 and 2002 or the seven months ended December 31, 2002. The issuance of these shares to the officers was therefore retroactive for the funding of the shares due each officer for 2002 and 2003. The Company has agreed under the terms of the plan to pay all taxes due. The officer has agreed not to sell these shares to the market or pledge them on obligations until after his (i) retirement; (ii) total disability or (iii) in the case of the death of the officer his estate may sell the shares of stock. Also includes shares issued under the 1996 stock award program multiplied by \$3.50 (the closing market price on the issue date for the year ending December 31, 2003). These shares are subject to forfeiture on termination of employment, except for retirement, death or disability. If the Company were to pay a stock dividend, dividends would be paid on these shares. The shares issued to each officer were 15,774, 11,830, 7887 and 7887 shares to John L. Larsen, Daniel P. Svilar, Harold F. Herron and Robert Scott Lorimer, respectively. This is the final funding under the Company's 2001 Stock Compensation Plan.

(8) Consists of shares issued under the 1996 stock award program multiplied by \$5.35 and \$3.90 (the closing market price on the issue dates for former fiscal years 2001 and 2002 respectively). These shares are subject to forfeiture on termination of employment, except for retirement, death or disability. If the Company were to pay a stock dividend, dividends would be paid on these shares. The following table lists the number of shares issued to each executive each year.

| Name | Number of Shares | |
|------------------|------------------|--------|
| | 2001 | 2002 |
| John L. Larsen | 20,000 | 20,000 |
| Keith G. Larsen | -0- | -0- |
| Daniel P. Svilar | 15,000 | 15,000 |
| Harold F. Herron | 10,000 | 10,000 |
| R. Scott Lorimer | 10,000 | 10,000 |

⁽⁹⁾ Mr. Herron was instrumental in growing The Brunton Company to the level that it could be sold to a third party. For his efforts the Company granted Mr. Herron a bonus which is paid out over several years, ending in August 2004. The amount of the bonus paid was \$21,200 and \$36,900 for the seven months ended December 31, 2002, and the fiscal year ended May 31, 2002, respectively. The total bonus paid to Mr. Herron also includes a bonus of \$6,600 for the seven months ended December 31, 2002, and \$6,700 for fiscal year ended May 31, 2002, respectively, and a \$10,000 bonus paid in 2002 to officers and employees after the conclusion of a coalbed methane gas transaction.

⁽¹⁰⁾ Stock options granted pursuant to the Company's 2001 Incentive Stock Option Plan. See details of the options under "Grants to Executive Officers (Qualified and Nonqualified)" below.

Executive Compensation Plans and Employment Agreements

The Company has adopted a plan to pay the dependents of Messrs. J. Larsen and Svilar amounts equivalent to the salaries they are receiving at the time of their death, for a period of one year after death, and reduced amounts for up to five years thereafter. The amounts to be paid in such subsequent years have not yet been established, but would be established by the boards of directors of the Company and Crested.

Mr. Svilar has an employment agreement with the Company and Crested, which provides for an annual salary in excess of \$100,000, with the condition that Mr. Svilar pay an unspecified amount of expenses incurred by him on behalf of the Company and its affiliates. In the event Mr. Svilar's employment is involuntarily terminated, he is to receive an amount equal to the salary he was being paid at termination, for a year. If he should voluntarily terminate his employment, the Company and Crested will pay him that salary for nine months thereafter. The foregoing is in addition to Mr. Svilar's Executive Severance and Non-Compete Agreement with the Company (see below).

In fiscal 1992, the Company signed Executive Severance and Non-Compete Agreements with Messrs. John L. Larsen, Svilar and Lorimer, providing for payment to such person upon termination of his employment with the Company, occurring within three years after a change in control of the Company, of an amount equal to (i) severance pay in an amount equal to three times the average annual compensation over the prior five taxable years ending before change in control, (ii) legal fees and expenses incurred by such persons as a result of termination, and (iii) the difference between market value of securities issuable on exercise of vested options to purchase securities in USE, and the options' exercise price. These Agreements also provide that for the three years following termination, the terminated individual will not compete with USE in most of the western United States in regards to exploration and development activities for uranium, molybdenum, silver or gold. During fiscal 2001, the Company signed similar Agreements with Keith Larsen, Mark Larsen, Richard Larsen (an employee of USE but not an officer or director of USE or its affiliates), and Harold Herron. For such non-compete covenant, such persons will be paid monthly over a three year period an agreed amount for the value of such covenants. These Agreements are intended to benefit the Company's shareholders, by enabling such persons to negotiate with a hostile takeover offer and assist the board of directors concerning the fairness of a takeover, without the distraction of possible tenure insecurity following a change in control. As of this proxy statement, the Company is unaware of any proposed hostile takeover.

The Company and Crested provide all of their employees with certain forms of insurance coverage, including life and health insurance, with the exception of Messrs. John L. Larsen and Daniel P. Svilar. The Company and Crested reimburse Messrs. John Larsen and Svilar for their Medicare supplement premiums. The health insurance plan does not discriminate in favor of executive employees; life insurance of \$200,000 is provided to each member of upper management (which includes all persons in the compensation table except Messrs. John L. Larsen and Mr. Svilar), \$100,000 of such coverage is provided to middle-management employees, and \$90,000 of such coverage is provided to other employees.

Employee Stock Ownership Plan ("ESOP"). An ESOP has been adopted to encourage ownership of the common stock by employees, and to provide a source of retirement income to them. The ESOP is a combination stock bonus plan and money purchase pension plan. It is expected that the ESOP will continue to invest primarily in the common stock. Messrs. John L. Larsen and Harold F. Herron are the trustees of the ESOP.

Contributions to the stock bonus plan portion of the ESOP are discretionary and are limited to a maximum of 15% of the covered employees' compensation for each accounting year. Contributions to the money purchase pension portion of the ESOP are mandatory (fixed at ten percent of the compensation of covered employees for each year), are not dependent upon profits or the presence of accumulated earnings, and may be made in cash or shares of company's common stock.

The Company made a contribution of 70,439 shares to the ESOP for the twelve months ended December 31, 2004, all of which were contributed under the money purchase pension plan. At the time the shares were contributed, the market price was \$2.96 per share, for a total contribution with a market value of \$208,500 (which has been funded by the Company). The Company and Crested each are responsible for one-half of that amount. 38,843 of the shares were allocated to the ESOP accounts of the executive officers of the Company and the (now former) president of Rocky Mountain Gas, Inc. Additionally, 6,058 shares were allocated to the ESOP accounts of these same individuals from ESOP shares forfeited by terminated employees who were not fully vested.

Employee interests in the ESOP are earned pursuant to a seven year vesting schedule; after three years of service, the employee is vested to 20% of the ESOP account, and thereafter at 20% per year. Any portion which is not vested is forfeited upon termination of employment, other than by retirement, disability, or death.

The maximum loan outstanding during the twelve months ended December 31, 2004 under a loan arrangement between the Company and the ESOP was \$927,013 at December 31, 2004. Interest owed by the ESOP was not booked by the Company. Crested pays one-half of the amounts contributed to the ESOP by the Company. Because the loans are expected to be repaid by contributions to the ESOP, Crested may be considered to indirectly owe one-half of the loan amounts to the Company.

401(k) Plan. In first quarter 2004, the Company established a traditional qualified 401(k) plan for employees, by which the Company will match \$0.50 for each \$1.00 contributed by participating employees, up to an annual \$3,000 per employee maximum contribution by the Company. During the twelve months ended December 31, 2004, the Company has contributed \$36,900 to this plan. Plan eligibility and vesting rules are uniform for all employees, including executive officers of the Company.

1998 Incentive Stock Option Plan. The Company's 1998 Incentive Stock Option Plan ("1998 ISOP") reserved an aggregate of 3,250,000 shares of common stock for issuance upon exercise of options granted thereunder.

Options expire no later than ten years from the date of grant, and upon termination of employment for cause. Subject to the ten year maximum period, upon termination, unless terminated for cause, options are exercisable for three months or in the case of retirement, disability or death, for one year.

At December 31, 2004 there were 1,464,646 options outstanding. No more options will be issued under the 1998 ISOP.

2001 Incentive Stock Option Plan ("2001 ISOP"). The 2001 ISOP was approved at the 2001 Annual Meeting of Shareholders meeting, and provides for the issuance of options to purchase up to three million (3,000,000) shares of common stock. The 2001 ISOP was amended in 2004 to provide that the number of shares available for issuance always shall equal 20% of the total shares issued and outstanding at any point in time. The options are intended to qualify under section 422 of the Internal Revenue Code. Options are issued at exercise prices equal to (or for holders of 10% or more of the outstanding stock at the time, 110% of) market price on grant dates, and would vest (become exercisable) at various times as determined by the executive committee and approved by the board of directors. All options are exercisable for cash, or through other means as determined by the executive committee and approved by the board of directors, in accordance with similar plans of public companies.

For information about options, please see the consolidated Financial Statements in the Annual Report for the twelve months ended December 31, 2004. In 2004, options were granted, 12,000 options were cancelled and no previously granted options were exercised. At December 31, 2004, there were 2,659,000 option outstanding under the 2001 ISOP.

⁽²⁾ The Black-Scholes option-pricing model was used to determine the grant date present value of the stock options that were granted to the named officer. The following facts and assumptions were used: An exercise price of \$2.46 which was equal to the market value of the stock on the grant date (July 1, 2004); a zero dividend yield; expected volatility of 50.8%, risk-free interest rate of 4.82%, and an expected life of 10 years.

1996 Stock Award Program. The Company had an annual incentive compensation arrangement for the issuance of up to 67,000 shares of common stock each year (from 1997 through 2002) to executive officers of the Company, in amounts determined each year based on earnings of the Company for the prior fiscal. A total of 392,536 shares were issued under this plan. The compensation committee did not award any shares under this plan during the seven months ended December 31, 2002; 43,378 shares were issued in 2003 to close out the program. One-half of the compensation expense under the Program was the responsibility of Crested.

Each allocation of shares was determined by the compensation committee; the shares were issued in the name of the officer, and is being earned out (vested) over 5 years, at the rate of 20% as of May 31 of each year following the date of issue. However, none of the vested shares become available to or come under the control of the officer until termination of employment by retirement, death or disability. Upon termination, the share certificates will be released to the officer; until termination, the certificates are held by the Treasurer of the Company. Voting rights are exercised over the shares by the non-employee directors of the Company; dividends or other distributions with respect to the shares will be held by the Treasurer for the benefit of the officers.

The number of shares awarded each year out of such 67,000 shares aggregate limit was determined by the compensation committee.

2001 Stock Compensation Plan. The shareholders approved the 2001 Stock Compensation Plan (the "plan") at the 2001 Annual Shareholders Meeting.

The plan has an initial term of seven years, with up to 10,000 shares of common stock to be issued in January of each year to six individuals (five officers of U.S. Energy Corp: John L. Larsen, Keith G. Larsen, Robert Scott Lorimer, Harold F. Herron, Daniel P. Svilar, and Mark J. Larsen, formerly President and a director of Rocky Mountain Gas, Inc. and now President of U.S. Moly Corp.). The number of shares to be issued in any year is determined by the compensation committee and approved by the independent directors, taking into account our public stock prices at the date of grant and during the prior calendar year, the Company's financial condition and business prospects, and other factors deemed appropriate. The Company pays the income taxes owed by recipients as a result of receipt of the stock.

The stock recipients have agreed not to sell or transfer such shares during their employment with the Company. As of December 31, 2004, 150,000 shares had been granted under the Plan (30,000 shares each to John L. Larsen, Keith G. Larsen, Robert Scott Lorimer, Harold F. Herron, and Daniel P. Svilar). No shares were issued under the Plan in 2001 or 2002. 20,000 shares were issued to each of the five officers during the twelve months ended December 31, 2003 and 10,000 shares to each during the twelve months ended December 31, 2004. Mark J. Larsen will be first eligible to receive shares under the Plan in 2005.

The 2001 Stock Compensation Plan is now the sole mechanism for compensating management with stock, however options may be granted to management and others under the 2001 ISOP. This plan is designed to reward executives with equity, and encourage them to increase their ownership of the Company and not sell their shares in the market.

Directors' Fees and Other Compensation

The Company pays non-employee directors a fee of \$150 per meeting attended. All directors are reimbursed for expenses incurred with attending meetings.

In addition, non-employee directors are compensated for services at \$400 per month, payable each year by the issue of shares of USE common stock based on the closing stock market price as of January 15. In 2005, the Company issued 11,475 shares to the non-employee directors (3,104 shares each to Don Anderson, H. Russell Fraser, and Michael T. Anderson, 2,386 to Nick Bebout and 476 shares to Mike Feinstein at an average price of \$3.10). This compensation was for services during 2003 and 2004.

Certain Relationships and Related Transactions

Debt Owed by a Director. In the early 1990s, Harold F. Herron, an officer and director, had been living in and caring for a house owned by the Company. In fiscal 1995, Mr. Herron purchased the home for \$260,000 (equal to appraised value), and was reimbursed by the Company for \$22,830 of leasehold improvements he had made to the property. The Company accepted a promissory note for \$112,170 of the purchase price, with 7% annual interest; a payment schedule was entered into and Mr. Herron is current in his payments on the note. This note was a nonrecourse note secured by 30,000 shares of the Company's common stock owned by Mr. Herron. At December 31, 2003, he owed \$90,300 on the note. During 2004 he gave up 5,000 shares of the collateral to reduce the debt. Mr. Herron also gave up 5,000 shares of the collateral to reduce the debt in January of 2005. The collateral now consists of 5,000 shares of the Company common stock. The balance under the note at the record date was \$30,600.

Family Employment. Three of John L. Larsen's sons, one former son-in-law (Harold F. Herron), and one grandson are employed by the Company or subsidiaries. Collectively, Mr. Larsen and these family members received \$844,700 in total compensation for services during the twelve months ended December 31, 2004, including benefits.

Transactions Involving USECC and Crested. The Company and Crested conduct most activities through their equally-owned joint venture USECC. From time to time the Company and Crested advance funds to or make payments on behalf of USECC, which create intercompany debt. The party extending funds is subsequently reimbursed by the other venturer. Crested owed the Company \$9,650,900 at December 31, 2004.

Participation by Officers, Directors and Employees in Stock Ownership of Subsidiaries. Historically, our business strategy has been, and will continue to be, acquiring grass roots and/or developed mineral properties when commodity prices are low (such as they have been, in the past, in natural gas, gold, uranium and molybdenum), then operating, selling, leasing or joint venturing the properties, or selling the companies we set up to hold and explore or develop the properties to other companies in the mineral sector when prices are moving upward.

Typically, projects initially are acquired, financed and operated by USE and Crested in their joint venture. From time to time, some of the projects are later transferred to separate companies organized for that purpose, with the objective of raising capital from an outside source for further development and/or joint venturing with other companies. Examples of this corporate strategy are, for gold properties, Sutter Gold Mining Inc. (formerly Globemin Resources Inc., a publicly traded British Columbia company, which acquired Sutter Gold Mining Company, and then changed its name to Sutter Gold Mining Inc.); and Rocky Mountain Gas, Inc. for coalbed methane gas. Additional subsidiaries have been organized but are not yet active: U.S. Uranium Ltd. for uranium, and U.S. Moly Corp. for molybdenum.

Initial ownership of these subsidiaries is by USE and Crested, with additional stock (plus options) issued by the subsidiary company's board of directors to the officers, certain of the directors, and employees of USE. Additional stock and/or options may be issued to other persons with experience specifically related to the subsidiary company's projects. The stock, and the options, will be forfeited if the individual's employment is terminated for any reason except retirement. The subsidiary stock is issued to officers, directors and employees for nominal cash consideration. The subsidiary ownership percentages will vary, but in general, officers, directors and employees of USE would own not more than 10% (on an initial fully diluted basis, including options), and USE and Crested would own 90%. USE' and Crested's participation in that 90% will depend on the properties and funding which each contributes to the subsidiary at inception. Subsequent investments by third parties would dilute the stock ownership of all the initial owners.

On the disposition of a subsidiary company through a merger, sale of assets, or other transaction, the equity positions in subsidiary companies held by officers, directors and employees of USE will be entitled to receive the same consideration (pro rata) as the equity positions of USE, Crested and third party investors; no preferential terms will be accorded to the officers, directors and employees, although in certain instances, some of the individuals might be employed by the acquiring company. If a subsidiary becomes a public company through an underwritten initial public offering, some or all of the equity held by USE, Crested and the individuals might be subject to lock up restrictions for a period of time following the offering. Typically, those lock up restrictions would apply equally (have the same duration) for USE and Crested, and for the officers and directors, although equity held by non-management employees might not be locked up.

The profitability (if any) of the stock in the subsidiaries owned USE, Crested, and the individuals, will not be known until a disposition or a successful public offering occurs. A subsidiary company may be merged, its assets sold, or otherwise disposed of without the transaction being subject to a vote by the shareholders of USE and Crested, in which event the shareholders of USE and Crested would be relying on the judgment of the directors of USE and Crested who do not own stock or hold options to buy stock in the subsidiary.

As of the date of this proxy statement, USE and Crested, and their officers, certain of their directors, and their employees, own stock and options to buy stock in the subsidiaries shown below. Information about subsidiaries, which are not now active or expected to become active in 2005, is not shown.

· As of April 11, 2005, U.S. Energy Corp. ("USE"), its majority-owned subsidiary Crested Corp. ("Crested"), and their joint-majority-owned subsidiary Rocky Mountain Gas, Inc. ("RMG," a privately-held Wyoming corporation), entered into a binding agreement with Enterra Energy Trust ("Enterra") for the acquisition of RMG by Enterra in consideration of \$20,000,000, payable pro rata to the RMG shareholders in the amounts of \$6,000,000 in cash and \$14,000,000 in exchangeable shares of one of the subsidiary companies of Enterra. Enterra (Calgary, Alberta) is an open ended unincorporated investment trust; units of Enterra are traded on the Toronto Stock Exchange (the "TSX") and Nasdaq. The purchase price was subject to a minor adjustment of \$266,000 if certain overriding royalty interests were purchased.

On May 20, 2005, the agreement with Enterra was amended to provide for payment of the \$6,000,000 component with \$500,000 cash and \$5,500,000 with Enterra units, subject to the minor adjustment.

On June 1, 2005, the agreement, as amended, was closed: Enterra US Acquisitions Inc. (a privately-held Washington corporation organized by Enterra for purposes of the RMG acquisition, hereafter "Acquisitions") acquired all the outstanding stock of RMG, for which Enterra paid \$500,000 cash and issued \$5,234,000 of Enterra units (the "Enterra Initial Units"), net of the \$266,000 adjustment for the purchase of overriding royalty interests (effected May 1, 2005); and Acquisitions issued \$14,000,000 of class D shares of Acquisitions. The Enterra Initial Units and the class D shares were issued pro rata to the RMG shareholders, with certain adjustments (see below). USE's and Crested's participation in the consideration received was approximately \$17,841,700. USE's consolidated subsidiary, Yellowstone Fuels, Inc. ("YSFI") also received approximately \$296,700.

RMG was acquired with approximately \$3,500,000 of debt (at December 31, 2004) owed by its subsidiary (RMG I, LLC) to its mezzanine lenders, USE will no longer carry this debt on its consolidated balance sheet. As a result of the RMG disposition, USE and Crested no longer directly hold coalbed methane properties, although with their holdings in securities of Enterra (and Acquisitions), and Pinnacle Gas Resources, Inc. ("Pinnacle") (a private coalbed methane company in which USE and Crested hold an equity interest), both companies will continue with investments in the oil and gas sector.

The Enterra Initial Units presently are tradeable on the TSX. On June 1, 2006, the class D shares of Acquisitions (not traded anywhere) will be exchangeable, on a one-for-one basis, for additional Enterra units (the "Enterra Additional Units"); the Enterra Additional Units will be tradeable on the TSX at that time. For purposes of the Securities Act of 1933, the class D shares of Acquisitions and the Enterra Initial Units have been issued (and the Enterra Additional Units will be issued on June 1, 2006) as restricted securities under rule 144. The Enterra Initial Units will not be tradeable on Nasdaq until June 1, 2006, and the Enterra Additional Units will not be tradeable on Nasdaq until June 1, 2007, in both instances subject to compliance with rule 144. Proceeds from liquidation over time of the Enterra Initial Units and the to-be-received Enterra Additional Units will fund exploration and development work on other mineral properties held by USE and Crested, and to retire USE debt (see "Restructuring of USE Debt" below).

RMG's minority equity ownership of Pinnacle was not included in the disposition of RMG, but was assigned to USE and Crested in proportion to their ownership of RMG. Enterra is entitled to be paid by USE an amount of up to (but not more than) \$2,000,000, if proceeds from a future disposition by USE and Crested to a third party of the minority equity interest in Pinnacle exceed \$10,000,000. Currently, we have no information about whether or when Pinnacle might become a public company or might be purchased by third parties. The value of the minority equity position upon a future disposition could be more or less than \$10,000,000. The boards of directors of USE and Crested determined that the value of RMG's minority equity interest in Pinnacle is approximately \$6,250,000; based upon Pinnacle's recent sales of equity to its shareholders (RMG did not participate in those sales). To compensate the minority shareholders of RMG (including officers, directors and employees of USE and Crested, Mark J. Larsen (former president and a former director of RMG), Yellowstone Fuels, Inc. ("YSFI") and Tom Swank (a former director of RMG) for their pro rata beneficially-owned 5.9% (\$370,916) of the \$6,250,000 value of the minority Pinnacle interest transferred to USE and Crested, restricted shares of common stock of USE will be issued to the former minority shareholders of RMG, pro rata for their May 31, 2005 percentage beneficial ownership in Pinnacle (through their former ownership in RMG). These USE shares will be valued at the Nasdaq Official Close Price at a date to be selected, anticipated being in the third quarter of 2005.

On May 10, 2005, RMG issued 3,893,584 shares of common stock to USE and 502,130 shares of common stock to Crested, in consideration of the cancellation by USE and Crested of approximately \$6,268,700 and \$808,400 owed to USE and Crested, for USE issuing USE stock on conversion of RMG common and preferred stock purchased by third party investors, payment of RMG's general and administrative overhead, and RMG's operating deficits. As a result of this transaction, prior to closing of the Enterra agreement, RMG had issued and outstanding 16,851,453 shares of common stock, of which USE owned 10,228,527 shares (60.7%), Crested owned 5,620,464 shares (33.4%), and Yellowstone Fuels Corp. (an affiliate of USE) owned 250,000 shares (1.5%). Individuals owned 4.4% of RMG (including 2.5% which was owned by certain of the officers and directors of USE, Crested, and RMG). The holders of all these RMG shares received their pro rata share of the Enterra Initial Units and the class D shares of Acquisitions, with the following exceptions:

- USE's and Crested's portions of Enterra Initial Units was reduced by 16,983 and 9,331 Enterra Initial Units (for their portions of the \$500,000 cash component); and by another 9,035 and 4,965 Enterra Initial Units (for their portions of \$266,000 of the total amount paid to buy out and cancel overriding royalty interests held by mezzanine lenders on certain gas properties owned by RMG, which buy out was required by the agreement with Enterra). USE issued to the mezzanine lenders warrants to purchase a total of 50,000 shares of common stock of USE; the exercise price will be valued at the Nasdaq Official Close Price at a date to be selected, anticipated to be in the third quarter of 2005.
- USE's portion of the class D shares of Acquisitions was reduced by 10,664 class D shares which were issued to a secured lender of USE.

Those officers and directors of USE and Crested who owned stock in RMG, Mark J. Larsen (president and a director of RMG until June 1, 2005), Tom Swank (a director of RMG until June 1, 2005), and Richard Larsen (an employee of USE) received the following amounts (the value of the Enterra Initial Units, and the Enterra Additional Units when issued in exchange for the class D shares of Acquisitions, and the value of the USE shares to be issued for their minority beneficial ownership of Pinnacle), in proportion to their percentage ownership of RMG stock: John L. Larsen (\$122,989); Keith G. Larsen (\$171,255); Harold F. Herron (\$80,956); Don Anderson (\$7,786); H. Russell Fraser

(\$15,568); Robert Scott Lorimer (\$93,411); Daniel P. Svilar (\$98,081); Mark J. Larsen (\$71,616); Richard Larsen (\$71,616) and Tom Swank (\$15,568). These amounts will vary depending on the market value of the Enterra Trust Units, and the USE shares, when sold; the Units are valued, only for purposes of the foregoing disclosures, at \$19.00 per Unit.

The employees of RMG, and the officers and directors, of USE and Crested held options to purchase 3,712,500 shares of RMG, at \$3.00 per share. However, as one of the conditions to closing the Enterra agreement, all of these options were cancelled.

For information about RMG, see USE' Form 10-K for the year ended December 31, 2005. For more information about the closing of the Enterra agreement, see USE' Form 8-K filed June 7, 2005.

- U.S. Uranium Ltd. ("USUL") has issued options to purchase a total of 3,080,000 shares of common stock, at an exercise price of \$0.25 per share, to officers, directors and employees of USE and Crested. All these warrants have a 10 year life and vest at the rate of 20% for 5 years. USUL will issue stock to these individuals in 2005 for nominal cash consideration, and will issue stock to USE and Crested for certain uranium properties to be transferred into USUL in 2005. The percentage ownership of USE and Crested is expected to be approximately 90% on a combined basis, after the properties are transferred. USUL has not yet commenced operations and the uranium properties to be transferred into USUL have not yet been identified.
 - U.S. Moly Corp. ("Moly") has issued options to purchase a total of 3,080,000 shares of common stock, at an exercise price of \$0.25 per share, to officers, directors and employees of USE and Crested. All these warrants have a 10 year life and vest at the rate of 20% for 5 years. Moly will issue stock to these individuals in 2005 for nominal cash consideration, and will issue stock to USE and Crested for certain molybdenum properties located in Colorado, to be transferred into Moly in 2005, along with other rights and obligations associated with those properties. The percentage ownership of USE and Crested is expected to be approximately 90% on a combined basis, after the properties are transferred. Moly has not yet commenced operations.
 - Sutter Gold Mining Inc. ("SGMI") is owned 64.2% by USE; 1.5% by Crested; and 4% by officers and some of the directors of USE and Crested, and by Mark J. Larsen, former president and a director of RMG, president and a director of Moly, and a director of USUL. Options to purchase 710,000 shares are held by officers and directors of USE and Crested, and by Mark J. Larsen. SGMI has agreed to cancel all of these options, subject to officer and director consent. SGMI has resumed exploration activities on its gold property in California. More information about SGMI is contained in USE' Annual Report on Form 10-K for the year ended December 31, 2005.

Proposal 2 Ratification of the Appointment of Independent Auditors

The board of directors seeks shareholder ratification of the board's appointment of Epstein, Weber & Conover, PLC, Scottsdale, Arizona, certified public accountants, to act as the auditors of our financial statements for the year ending December 31, 2005. The audit committee has recommended that the board retain this auditing firm for 2005, which audited our financial statements for the year ended December 31, 2004. The board has not determined what action, if any, would be taken should the appointment of Epstein, Weber & Conover, PLC not be ratified at the meeting.

Grant Thornton (“GT”) audited our financial statements for the year ended December 31, 2003, the (former) fiscal year ended May 31, 2002 and the seven month period ended December 31, 2002. On December 17, 2004, the Company dismissed GT and engaged Epstein, Weber & Conover, PLC to audit the financial statements for the year ended December 31, 2004.

GT’s audit report on the financial statements for the year ended December 31, 2003, the seven months ended December 31, 2002, and the (former) fiscal year ended May 31, 2002, contained a qualification of uncertainty as to whether the Company would continue as a going concern. The audit report did not contain an adverse opinion or a disclaimer of opinion, and was not otherwise qualified or modified as to audit scope or accounting principles. Epstein, Weber & Conover, PLC’s audit report on the financial statements for the year ended December 31, 2004, also contained a qualification of uncertainty as to whether the Company will continue as a going concern.

The decision to change GT as the audit firms was recommended by the Company’s audit committee, and approved by that committee and the board of directors.

There has not been, during the two most recent fiscal years, or during any subsequent interim period preceding the change of audit firms, any disagreement with GT on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement, if not resolved to the satisfaction of GT, would have caused it to make reference to the subject matter of the disagreement in connection with its report.

In addition, during the two most recent fiscal years, there were no disagreements between the Company and GT which constituted “reportable events” under item 304(a)(1)(v) of Regulation S-K. Disclosure of such “reportable events” would be required even if the Company and GT did not express a difference of opinion regarding the event.

The audit committee approves the terms of engagement before we engage the audit firm for audit and non-audit services, except as to engagements for services outside the scope of the original terms, in which instances the services have been provided pursuant to pre-approval policies and procedures, established by the audit committee. These pre-approval policies and procedures are detailed as to the category of service and the audit committee is kept informed of each service provided. These policies and procedures, and the work performed pursuant thereto, do not include delegation any delegation to management of the audit committee's responsibilities under the Securities Exchange Act of 1934.

This approval process was used with respect to the engagement of Grant Thornton for the 2002 and 2003, and with respect for the appointment of the new audit firm Epsetin Weber & Conover for the audit of the 2004 financial statements and related services.

The percentage of services provided for Audit-Related Fees, Tax Fees and All Other Fees for 2004 (and 2003), all provided pursuant to the audit committee's pre-approval policies and procedures, were: Audit-Related Fees 66% (74%); Tax Fees 16% (14%); and All Other Fees 18% (12%).
