  - Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act
-

## **Section 8: Other Events**

### **Item 8.01. Other Events**

U.S. Energy Corp. reports that it has paid cash to completely retire the \$3 million loan it owed to Geddes and Company. Repayment of the loan brings to \$11.2 million the amount of debt retired or converted by USEG in 2005 as part of USEG's restructuring to benefit from the resurgent markets in uranium, vanadium, molybdenum and gold.

USEG repaid the Geddes loan with proceeds from the sale of its coal bed methane subsidiary, Rocky Mountain Gas, Inc. (RMG) to Enterra Energy Trust (TSX: ENT.UN, NASDAQ: EENC) on June 1. After an initial payment of \$500,000 at the Enterra closing, the \$2.5 million remaining principal and interest had been scheduled for repayment in ten monthly installments beginning in July 2005 and ending in April 2006. However, USEG repaid the entire outstanding balance with interest on August 1, 2005. Crested Corp. (a majority-owned subsidiary of USEG) participated in the sale of RMG. For more information on the sale of RMG, see the Form 8-K filed by USEG on June 7, 2005.

In the first quarter of 2005, USEG borrowed \$4,720,000 in face amount debentures, which included interest at 6%, from a group of seven accredited investors. Five payments of 20% in either cash or USEG restricted common stock were due every six months beginning Aug. 4, 2005. However, prior to the first payment, the investors exercised their option to convert the entire debentures to 1,942,387 shares of USEG restricted common stock. The first conversion was made on June 14, 2005 and the last conversion was made on July 15, 2005. Resale of these shares is covered by a Form S-3 registration statement.

The sale of RMG also resulted in the repayment by Enterra of approximately \$3,500,000 to Petrobridge Investment Management, a mezzanine credit facility. RMG's wholly owned subsidiary, RMG I, had used the Petrobridge loan to finance a portion of its purchase of Hi-Pro Production, a Gillette, Wyoming coal bed methane company. The Hi-Pro properties, along with RMG's other coal bed methane gas interests, were included in the sale of RMG to Enterra. RMG's equity stake in Pinnacle Gas Resources, Inc. (a private coal bed methane company) was not included in the sale to Enterra; that stake was assigned pro rata to USEG and CBAG.
