- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act

Section 8 Other Event

Item 8.01. Other Event

On July 10, 2006, U.S. Energy Corp. (“USEG”) and Crested Corp. (“Crested”, d/b/a the USECC Joint Venture (“USECC”)) signed an Exclusivity Agreement with sxr Uranium One Inc. (“Uranium One” or “SXR”), which is headquartered in Toronto, Canada with offices in South Africa and Australia (TSE and JSE “SXR”). Upon signing the Exclusivity Agreement, the Term Sheet (signed by Uranium One, and by USEG and Crested on June 22, 2006) became effective. The Term Sheet sets forth the indicative terms of a proposed sale of the majority of the USEG and Crested’s uranium assets to Uranium One.

Under the terms of the Exclusivity Agreement, Uranium One will pay to USECC US \$750,000 cash (nonrefundable, except for material breach of the Exclusivity Agreement) for the exclusive right to purchase the USECC uranium assets, including the Shootaring Canyon uranium mill in southeast Utah (and all geological libraries and other intellectual property related to the acquired assets and the mill), for a period of up to 270 days (an initial six month period, plus an optional three month extension). During this time, the parties will prepare definitive acquisition agreements. Subject to satisfactory results on Uranium One’s due diligence review and obtaining all required approvals associated with the sale and purchase of the assets, the definitive agreements would be signed and the sale closed as soon as possible.

In addition, USECC anticipates that it will continue exploratory and other work on some or all of the assets. The Exclusivity Agreement provides that when the assets acquisition is closed, Uranium One will reimburse USECC for those expenses which have been pre-approved by Uranium One.

Under the Term Sheet, Uranium One has the right to purchase the assets under the following terms:

- US \$49,250,000 in Uranium One common stock at a set price at closing (the set price is the volume weighted average price of Uranium One stock for the 10 days prior to signing the Exclusivity Agreement, which is US \$7.45 per share or Cdn \$8.32). This represents the \$50 million portion, less the cash paid for the Exclusivity Agreement.
- US \$20 million in cash upon the start of commercial operation of the Shootaring Canyon uranium mill.
- US \$7.5 million in cash upon the first delivery of mineralized material to a commercial uranium mill from any of the purchased properties that are subject to the Agreement.
- A cash royalty equivalent to 5% of the revenues derived from the sales value of any commodity produced from the Shootaring Canyon uranium mill, to a maximum royalty payment of US \$12.5 million.

USECC holds a 4% net profits interest on Rio Tinto’s Jackpot uranium property located on Green Mountain in Wyoming. This interest will not be included in the agreement to sell uranium assets to SXR. SXR has announced that it may acquire the Sweetwater mill and the Green Mountain properties from Rio Tinto, separate from the proposed transaction with USECC.

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

U.S. ENERGY CORP.
