The Board of Directors has fixed the close of business on March 31, 2003 as the record date for determining the stockholders entitled to notice of and to vote at the Annual Meeting and any adjournment or postponement thereof. PLEASE NOTE THAT THE ENCLOSED ADMISSION TICKET WILL BE REQUIRED IN ORDER TO OBTAIN ADMISSION TO THE ANNUAL MEETING. ACCORDINGLY, THE ADMISSION TICKET SHOULD NOT BE RETURNED WITH YOUR PROXY. PROXY STATEMENT

General

This Proxy Statement is furnished to stockholders of Boyd Gaming Corporation, a Nevada corporation (the Company), in connection with the solicitation by the Board of Directors of the Company (the Board or the Board of Directors) of proxies in the enclosed form for use in voting at the Annual Meeting of Stockholders (the Annual Meeting) of the Company to be held on Thursday, May 15, 2003 at 11:00 a.m., local time, at Par-A-Dice Hotel Casino, 21 Blackjack Boulevard, East Peoria, Illinois 61611, and any adjournment or postponement thereof. The shares represented by the proxies received, properly marked, dated, executed and not revoked will be voted at the Annual Meeting.

These proxy solicitation materials are being mailed to stockholders on or about April 14, 2003.

Voting and Solicitation

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the Inspector of Elections. The Inspector of Elections will also determine whether or not a quorum is present. The presence, in person or by proxy, of the holders of a majority of the shares of the Company's Common Stock issued and outstanding is necessary to constitute a quorum at the meeting. Shares represented at the meeting in person or by proxy but not voted will nevertheless be counted for purposes of determining the presence of a quorum. Accordingly, abstentions and broker non-votes (shares as to which a broker or nominee has indicated that it does not have discretionary authority to vote) on a particular matter, including the election of directors, will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Under the rules of the New York Stock Exchange (the Exchange), certain matters submitted to a vote of stockholders are considered by the Exchange to be routine items upon which brokerage firms may vote in their discretion on behalf of their customers if such customers have not furnished voting instructions within a specified period of time prior to the meeting. On those matters which the Exchange determines to be non-routine, brokerage firms that have not received instructions from their customers would not have discretion to vote. Neither the Company's Restated Articles of Incorporation or Bylaws nor Nevada corporate statutes address the treatment and effect of abstentions and broker non-votes. In the election of directors, the three nominees for Class III directors who receive the greatest number of affirmative votes will be elected to the Board of Directors, without giving effect to abstentions and broker non-votes. Ratification of the appointment of Deloitte & Touche as the Company's independent auditors for the fiscal year ending December 31, 2003 requires the affirmative vote of a majority of the shares present or represented at the meeting, assuming that a quorum is present or represented at the meeting. An abstention will have the same effect as a vote cast against the resolution, but broker non-votes will not be counted as shares present or represented at the meeting for the purposes of the resolution.

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

Proxies in the accompanying form that are properly executed, duly returned to the Company and not revoked will be voted in accordance with the instructions therein. IF NO INSTRUCTION IS GIVEN WITH RESPECT TO ANY OR ALL PROPOSALS TO BE ACTED UPON, THE PROXY WILL BE VOTED FOR THE ELECTION OF ALL OF THE NOMINEES NAMED IN THIS PROXY STATEMENT AND IN FAVOR OF PROPOSAL 2. No matter currently is expected to be considered at the Annual Meeting other than the proposals set forth in the accompanying Notice of Annual Meeting, but if any other matters are properly brought before the Annual Meeting for action, it is intended that the persons named in the proxy and acting thereunder will vote in accordance with their discretion on such matters.

The presence at the meeting of a stockholder will not revoke his or her proxy. However, a proxy may be revoked at any time before it is voted by delivering to the Company (Attention: Brian A. Larson, Secretary, at the principal offices of the Company) a written notice of revocation or a duly executed proxy bearing a later date.

The solicitation of proxies will be conducted by mail, and the Company will bear all attendant costs. These costs will include the expense of preparing and mailing proxy solicitation materials for the Annual Meeting and reimbursements paid to brokerage firms and others for their expenses incurred in forwarding such materials to beneficial owners of the Company's Common Stock. The Company may conduct further solicitation personally, telephonically or by facsimile through its officers, directors and employees, none of whom will receive additional compensation for assisting with the solicitation.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

General

In accordance with the Company's Restated Articles of Incorporation, the Company's Board of Directors is divided into three classes, as nearly equal in number as the then-total number of directors at the time of initial election, with the term of office of one class expiring each year. At the Annual Meeting, the stockholders will elect three Class III directors of the Company to serve until the 2006 Annual Meeting or until their successors are duly elected and qualified, or until any such director's earlier resignation or removal. At each following Annual Meeting, the successors to the class of directors whose term is then expiring will be elected to hold office for a term expiring at the third succeeding Annual Meeting. Vacancies on the Board of Directors and newly created directorships will generally be filled by vote of a majority of the directors then in office, and any directors so chosen will hold office until the next election of the class for which such directors were chosen. The Board of Directors has no reason to believe that any of its nominees will be unable or unwilling to serve if elected to office and, to the knowledge of the Board of Directors, each of its nominees intends to serve the entire term for which election is sought. However, should any nominee of the Board of Directors become unable or unwilling to accept nomination or election as a director of the Company, the proxies solicited by management will be voted for such other person as the Board may determine.

In voting for directors, each stockholder is entitled to cast one vote for each candidate. Stockholders are not entitled to cumulate their votes for members of the Board of Directors. The three nominees for Class III directors who receive the greatest number of affirmative votes will be elected to the Board of Directors.

The nominees for election as Class III directors are:

Robert L. Boughner

Marianne Boyd Johnson

Billy G. McCoy

THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF THE ABOVE NAMED NOMINEES.

The Company's Board of Directors has adopted a written charter for the Audit Committee, a copy of which is attached as Appendix A to the Company's Proxy Statement for the 2001 Annual Meeting of Stockholders, filed with the Securities and Exchange Commission on April 12, 2001.

The current members of the Compensation and Stock Option Committee are Michael Maffie (Chairman), Billy McCoy and Frederick J. Schwab. The Compensation and Stock Option Committee held three (3) meetings during 2002. In October 2002, Philip Dion resigned from his position as director of the Company and as the Chairman of the Compensation and Stock Option Committee. To fill the vacancy created by Mr. Dion's resignation, the Board of Directors appointed Frederick J. Schwab to the Compensation and Stock Option Committee, and the Board appointed Mr. Maffie to serve as Chairman of the Compensation and Stock Option Committee. The Compensation and Stock Option Committee's functions include reviewing with management cash and other compensation policies for employees, making recommendations to the Board of Directors regarding compensation matters and determining compensation for the Chief Executive Officer. In addition, the Compensation and Stock Option Committee administers the Company's stock plans and, within the terms of the respective stock plan, determines the terms and conditions of issuances thereunder.

The Board of Directors held a total of six (6) meetings during 2002. During such period, each director attended over 75% of the meetings of the Board and the committees of the Board on which he served that were held during the period he served.

The 2000 Plan currently provides for a payment of cash at the end of a three-year period based on the Company's achievement of pre-established performance targets. If these performance targets are achieved, payments for awards granted in 2002 will be made shortly after the end of 2004.

Actual dollar amounts to be paid out at the end of this three-year period will be based on two components (each, a "Target"): (i) the Company's achieving a target earnings-per-share figure, and (ii) the Company's stock performance compared to a peer group of companies.
- (b) Threshold represents amounts payable upon achieving 80% of the Targets. Maximum represents amounts payable upon achieving 120% of the Targets. No payout will be made on either Target unless the Company achieves 80% of such Target for the period.

Report of the Compensation and Stock Option Committee on Executive Compensation

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate future filings, including this Proxy Statement, in whole or in part, the following report, the Stock Performance Graph and the Report of the Audit Committee which follow shall not be deemed to be incorporated by reference into any such filings.

The Compensation and Stock Option Committee (the Committee) reviews with management cash and other compensation policies for employees, makes recommendations to the Board of Directors regarding compensation matters and determines the compensation for the Chief Executive Officer. In addition, the Committee administers the Company's stock plans and, within the terms of the respective stock plan, determines the terms and conditions of issuances thereunder. The Chief Executive Officer establishes the compensation of the other executive officers of the Company, including the Named Executive Officers, after consultation with the Committee using the guidelines and ranges set by the Committee.

Compensation Policies

The Committee's executive compensation policies are designed to provide competitive levels of compensation that integrate pay with the Company's annual objectives and long-term goals, reward above-average corporate performance, recognize individual initiative and achievements and assist the Company in attracting and retaining qualified executives. Guidelines and ranges for the compensation of the executive officers and compensation of the Chief Executive Officer are generally set at levels that the Committee believes to be competitive with others in the Company's industry, based on public information with respect to compensation paid by leading casino hotel companies including, but not limited to, companies in the Peer Group in the Stock Performance Graph contained herein. Companies are selected for the purpose of comparing compensation practices on the basis of a number of factors relative to the Company, such as their size and complexity, the nature of their businesses, the regions in which they operate, the structure of their compensation programs and the availability of compensation information.

There are three primary elements in the Company's executive compensation program:

Base salary

Short and long-term bonuses

Stock options

The guidelines and ranges for the base salaries of the Company's executive officers are generally set at a level which the Committee believes to be competitive with base salaries paid by leading casino hotel companies including, but not limited to, companies in the Peer Group in the Stock Performance Graph contained herein. Individual base salaries are established based on an executive officer's historical contribution and future importance to the Company and other subjective factors, without assigning a specific weight to individual factors.

Edgar Filing: BOYD GAMING CORP - Form DEF 14A

Bonuses are paid pursuant to (i) an executive bonus plan, in which certain management personnel at the individual properties and at the corporate level participate, and in which the Chief Executive Officer does not participate; and (ii) the 2000 Plan, under which certain management personnel, including the Chief Executive Officer, participate.

Bonus awards under the executive bonus plan are set as a percentage of base salary, with the specific percentage determined by the person's position within the Company so that highly compensated executives receive a relatively larger percentage of their total compensation in bonuses dependent on performance. The award of bonuses is dependent on the achievement of specified goals. The achievement of quantitative goals at the department, property and corporate levels is the primary factor in determining bonuses, and such goals are

tied to the achievement of specified earnings and other performance targets. In addition, the Chief Executive Officer has been given the authority by the Committee to make additional payments to executives under the executive bonus plan at his sole and absolute discretion. Under this plan in 2002, bonuses were paid to the Named Executive Officers, other than the Chief Executive Officer who does not participate in the executive bonus plan.

The 2000 Plan provides bonus awards to selected members of senior management, including the Chief Executive Officer, if certain long-term targets are achieved and to the Chief Executive Officer if certain annual targets are achieved. The 2000 Plan's long-term performance period has been established as a three-year period, with the first such three-year period ended on December 31, 2000 and subsequent three-year periods ending each year thereafter. For the three-year performance periods commencing on January 1, 2001, 2002 and 2003, there are seven individuals eligible for these awards, including the Named Executive Officers. For the prior three-year performance periods under the 2000 Plan, eleven individuals had been designated as being eligible for these awards, including, in each such performance period, the Named Executive Officers. For 2002, as in prior years, the performance criteria are achieving a target cumulative earnings per share and stock price performance relative to a specified peer group.

The Company believes that a significant component of the compensation paid to the Company's executives over the long-term should be derived from stock options. The Company strongly believes that stock price appreciation and stock ownership in the Company are a valuable incentive to executives and that the grant of stock options to them serves to align their interests with the interests of the stockholders as a whole and encourages them to manage the Company in its best long-term interests. The Committee determines whether to grant stock options, as well as the amount of the grants, based on a person's position within the Company.

Compensation of Chief Executive Officer

In establishing the Chief Executive Officer's overall compensation, the Committee considered a number of factors, including the record of leadership and service provided by the Chief Executive Officer since co-founding California Hotel and Casino, the Company's predecessor and now one of its subsidiaries, in 1973; the identification of the Company with the Chief Executive Officer by the Company's employees, the financial community and the general public; and the recognition by the Committee and others in the gaming industry of the importance of his leadership, creativity and other personal attributes to the Company's continued success. The Committee has not found it practicable to, and has not attempted to, assign relative weights to the specific factors considered in determining the Chief Executive Officer's compensation. Consistent with the Company's overall executive compensation program, the Chief Executive Officer's compensation is composed of base salary, short and long-term bonuses and stock options. The Chief Executive Officer did not receive an increase in base salary in 2002 as compared with 2001.

The Chief Executive Officer participates in the 2000 Plan, approved by the Company's stockholders in 2000, for both his annual and long-term bonus. The 2000 Plan, among other things, provides for annual incentive awards to certain of the Company's key executives who are covered employees within the meaning of Section 162(m) of the Internal Revenue Code and is administered by the Committee. In determining awards to be made under the 2000 Plan, the Committee may approve a formula based on one or more objective criteria to measure corporate performance. Performance criteria must include one or more of the following: the Company's pre- or after-tax earnings, revenue growth, operating income, operating cash flow, return on net assets, return on stockholders' equity, return on assets, return on capital, share price growth, stockholder returns, gross or net profit margin, earnings per share, price per share and market share, any of which may be measured either in absolute terms, or as compared to any incremental increase, or as compared to results of a peer group. The annual maximum amount of cash compensation payable to a participant under the 2000 Plan is \$2,000,000 per year for each of the annual and long-term bonus. With respect to Mr. Boyd's annual bonus, for the twelve months ended December 31, 2002, Mr. Boyd's performance criteria was pre-tax income for which he received a bonus of \$1,779,480 under the 2000 Plan.

The Chief Executive Officer was one of the participants in the long-term bonus program pursuant to the 2000 Plan. Under that Plan, his target award for the three-year period ended December 31, 2002 was \$500,000. There were two performance criteria for the measurement period: a cumulative target earnings per share for which the target award was \$300,000, and stock price performance relative to a specified peer group for which the target award was \$200,000. Mr. Boyd received no award for the first performance criterion and \$300,000 for the second performance criterion for a total long-term bonus award of \$300,000 pursuant to the 2000 Plan.

Policy Regarding Deductibility of Compensation

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to public companies for compensation over \$1 million paid to the Company's Chief Executive Officer or any of the other four most highly compensated executive officers. The 2000 Plan, which is a qualified performance-based compensation plan, will not be subject to the deduction limit if certain requirements are met. The Company has structured certain other performance-based portions of its executive officers' compensation in a manner that is designed to comply with the exceptions to the deductibility limitations of Section 162(m).

Report of the Audit Committee

To the Board of Directors:

We have reviewed and discussed with management the Company's audited financial statements as of and for the fiscal year ended December 31, 2002.

We have discussed with Deloitte & Touche, the Company's independent accountants, the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

We have received and reviewed the written disclosures and the letter from Deloitte & Touche required by Independence Standard No. 1, *Independence Discussions with Audit Committees*, as amended, by the Independence Standards Board, and have discussed with the auditors their independence.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2002.

We have also considered whether the provision of services by Deloitte & Touche, other than services related to the audit of the financial statements referred to above and the review of interim financial statements included in the Company's quarterly reports on Form 10-Q for the most recent fiscal year, is compatible with maintaining the independence of Deloitte & Touche.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, certain of the Company's officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file an initial report of ownership on Form 3 and changes in ownership on Form 4 or 5 with the Securities and Exchange Commission (the Commission). Such officers, directors and 10% stockholders are also required by the Commission rules to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no Forms 5 were required for such persons, the Company believes that during 2002, all Section 16(a) filing requirements applicable to such officers, directors and 10% stockholders were complied with. However, in March 2003, each of William S. Boyd and Marianne Boyd Johnson amended a Form 4 filed in March 1998 to report a gift of 3,160 shares of Common Stock that was inadvertently omitted from their originally filed reports and not timely filed on a Form 5 in that year.

Certain Relationships and Related Transactions

The Company, through BAC, its wholly owned subsidiary, and a wholly owned subsidiary of MGM MIRAGE have entered into a limited liability company operating agreement to construct, own and operate Borgata. The Company, through BAC, owns a fifty percent interest in MDDC, the operating company created pursuant to the agreement. Pursuant to the terms of the agreement, MDDC reimbursed the Company for Mr. Boughner's 2002 base salary as well as a substantial portion of his 2002 annual bonus, as shown in the Summary Compensation Table. Mr. Boughner, a member of the Company's Board of Directors, is also the Chief Executive Officer of MDDC.

Stock Performance Graph

The performance graph below compares the cumulative total stockholder return of the Company with the cumulative total return of a peer group (the Peer Group) consisting of Argosy Gaming Company, Inc., Aztar Corporation, Mandalay Resort Group, Harrah's Entertainment, Inc., Isle of Capri Casinos, Inc. and Station Casinos, Inc., and the cumulative total returns of the Russell 2000 Stock Index (Russell 2000). The performance graph assumes that on December 31, 1997 \$100 was invested in the Company's stock, in common stock of the Peer Group and in the Russell 2000. In accordance with guidelines of the Commission, the stockholder return for each company in the Peer Group indexes has been weighted on the basis of market capitalization as of the beginning of the period. The stock price performance shown in this graph is neither necessarily indicative of, nor intended to suggest, future stock price performance.

In the event that stockholder ratification of this selection of auditors is not approved by a majority of the shares of Common Stock voting at the Annual Meeting in person or by proxy, the Audit Committee will review its future selection of auditors. A representative of Deloitte & Touche is expected to be present at the Annual Meeting and will have an opportunity to make a statement and will be able to respond to appropriate questions.

The Audit Committee considered whether Deloitte & Touche's provision of any professional services, other than its audit of the Company's annual financial statements and reviews of quarterly financial statements, is compatible with maintaining the auditor's independence.

Audit Fees. Deloitte & Touche billed or expects to bill the Company an aggregate of \$500,000 for professional services rendered for the audit of the Company's annual financial statements for the most recent fiscal year and the reviews of the financial statements included in the Company's Forms 10-Q for that fiscal year.

Financial Information Systems Design and Implementation Fees. During the most recent fiscal year, Deloitte & Touche did not bill the Company any fees for services related to financial information systems design and implementation, as defined in Paragraph(c)(4)(ii) of Rule 2-01 of Regulation S-X.

All Other Fees. Deloitte & Touche billed or expects to bill the Company an aggregate of \$255,000 for professional services rendered, other than services described above under Audit Fees or Financial Information Systems Design and Implementation Fees, during the most recent fiscal year, including audit related services of approximately \$203,000 and non-audit services of approximately \$52,000. Audit related services include fees relating to the offering and registration of the Company's \$250 million 8.75% senior subordinated notes due 2012 and the Company's \$300 million 7.75% senior subordinated notes due 2012, audit of the Company's 401(k) plan and other required regulatory audits.
