Such statements reflect the current view of Registrant with respect to future events and are subject to risks, uncertainties, assumptions and other factors relating to Registrant's industry, Registrant's operations and results of operations, and any businesses that may be acquired by Registrant. Should one or more of these risks or uncertainties materialize, or should the underlying assumptions prove incorrect, actual results may differ significantly from those anticipated, believed, estimated, expected, intended, or planned.

### ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On March 21, 2007 (the "Execution Date"), the Registrant entered into a common stock purchase agreement (the "Purchase Agreement") with Fusion Capital Fund II, LLC, an Illinois limited liability company ("Fusion Capital") for the purchase of shares of the Registrant's common stock valued, in the aggregate, at up to \$8,400,000 (the "Shares").

Pursuant to the Purchase Agreement, the Registrant has agreed to sell to Fusion Capital \$400,000 of the Shares (the "Initial Shares") within ten (10) business days of the Execution Date. During such period, pursuant to the terms of a registration rights agreement entered into by the Registrant and Fusion Capital (the "Registration Rights Agreement"), the Registrant agreed to file a registration statement covering the Shares (the "Registration Statement") with the SEC (the date of such filing, the "Filing Date"). The Initial Shares shall carry a per share purchase price equal to the lesser of: i) \$0.30, ii) the lowest sale price of the Registrant's common stock on the Filing Date, and iii) the average of the three (3) lowest closing sale prices of the Registrant's common stock during the twelve (12) business days immediately preceding the Filing Date.

Subsequent sales of the Shares to Fusion Capital may commence after the SEC declares the Registration Statement effective, for a term of 25 months after the Execution Date. The Registrant shall have the right, but not the obligation, to direct Fusion Capital to purchase from time to time between \$32,000 to \$1,000,000 of the Shares, depending on certain conditions, at a per share purchase price equal to the lesser of: i) the lowest sale price of the Registrant's common stock on the date of purchase, and ii) the average of the three (3) lowest closing sale prices of the Registrant's common stock during the twelve (12) business days immediately preceding the date of purchase (the "Purchase Price"). If the Purchase Price is below \$0.25, Fusion Capital's obligation to purchase Shares shall be automatically suspended.

2

The Registrant may terminate the Purchase Agreement at any time and for any reason, effective one (1) business day prior written notice to Fusion Capital. Fusion Capital may terminate the Purchase Agreement only in the event that an event of default exists. An "event of default" shall exist if: (i) the Registrant's common stock ceases to be eligible for trading on the NASDAQ OTC Bulletin Board, the Registrant's principal market or exchange, and is not immediately thereafter trading on the NYSE, the AMEX, the NASDAQ Global Market, or the NASDAQ Capital Market; (ii) the Registrant's common stock is suspended from trading for three (3) consecutive trading days; (iii) the Registration Statement is not available for the sale of the Shares for ten (10) consecutive

trading days or for a total of thirty (30) trading days out of the preceding 365 days; (iv) a breach exists with respect to the representations and warranties or covenants contained in any related agreements with Fusion Capital which has or which could have a material adverse effect on the Registrant, Fusion Capital, or the value of the Registrant's common stock subject to any applicable cure periods; or (v) the Registrant's insolvency or the Registrant's participation or threatened participation in insolvency or bankruptcy proceedings by or against the Registrant.

In connection with the sale of the Shares, the Registrant agreed to issue to Fusion Capital 1,050,000 shares of its common stock, representing an amount equal to 5% of the Shares valued at \$0.40 per share, as a commitment fee for entering into the Purchase Agreement.

The securities issued in the private placement have not been registered under the Securities Act of 1933, as amended, and until so registered the securities may not be offered or sold in the United States absent registration or availability of an applicable exemption from registration.

This announcement is not an offer to sell securities of Aethlon Medical, Inc. and any opportunity to participate in the private placement was available only to Fusion Capital.
