**PROXY STATEMENT
FOR
2003 ANNUAL MEETING OF SHAREHOLDERS**

To Be Held May 20, 2003

GENERAL INFORMATION

This proxy statement is being sent on April 10, 2003, to solicit proxies on behalf of the Board of Trustees (the Board) of ProLogis to be voted at the 2003 annual meeting of shareholders to be held on Tuesday, May 20, 2003, and to provide information concerning the use of the proxy and the business to be transacted at the annual meeting. If a shareholder specifies a choice with respect to any matter to be acted upon, the proxy holders will vote the shares represented by the proxy in accordance with the shareholder's specifications. If the shareholder returns an executed proxy without specifying choices, the proxy holders will vote the common shares of beneficial interest, \$.01 par value per share (the Common Shares), in accordance with the recommendations of the Board.

If you are a registered owner and plan to attend the meeting in person, please detach and retain the admission ticket which is attached to your proxy card. Beneficial owners whose ownership is registered under another party's name and who plan to attend the meeting in person may obtain admission tickets in advance by sending written requests, along with proof of ownership, such as a bank or brokerage firm account statement, to: Edward S. Nekritz, Secretary, ProLogis, 14100 East 35th Place, Aurora, Colorado 80011. Record owners and beneficial owners (including the holders of valid proxies therefrom) who do not present admission tickets at the meeting will be admitted upon verification of ownership at the admissions counter at the annual meeting.

Any shareholder giving a proxy has the right to revoke it at any time before it is voted by giving written notice to the Secretary of ProLogis, by delivering to the Secretary of ProLogis a duly executed proxy bearing a later date, or by attending and voting in person at the meeting. If you have previously given your proxy instructions by telephone or on the Internet, you may revoke those instructions by giving new proxy instructions by telephone or on the Internet.

The cost of soliciting proxies will be borne by ProLogis. In addition to solicitation by mail, proxies may be solicited personally, or by telephone or facsimile transmission, by agents of ProLogis or, without additional compensation for such services, by officers or employees of ProLogis. ProLogis will also request banking institutions, brokerage firms, custodians, trustees, nominees, fiduciaries and other like parties to forward the solicitation material to the beneficial owners of Common Shares held of record by such persons, and ProLogis will, upon request of such record holders, reimburse forwarding charges and expenses.

You now have the option to receive future shareholder communications (annual reports, proxy statements, quarterly reports, etc.) electronically via the Internet instead of printed materials through the mail. This service is being provided to you as a convenience while representing a cost savings for ProLogis. If you elect this option, you will be notified by email when materials are available electronically for your review. In the case of proxy materials, you will be provided a link to a designated website with instructions on how to give proxy instructions via the Internet. You can register for this program at www.proxyvote.com or www.investordelivery.com and following the instructions provided. To withdraw your participation in the program or to receive printed copies of any of the company's materials, please contact ProLogis Investor Relations at 1-800-820-0181 or via email at

shareholders sharing the same address, subject to certain conditions. ProLogis believes that these new householding rules will provide greater convenience for our shareholders, as well as cost savings for ProLogis by reducing the number of duplicate documents that you receive. Please read the attached notice regarding the delivery of security holder documents.

SHARES OUTSTANDING AND VOTE REQUIRED

At the close of business on April 2, 2003, the record date for determination of shareholders entitled to notice of, and to vote at, the meeting, approximately 178,657,970 Common Shares were outstanding. Each whole Common Share outstanding represents one vote, and each fractional Common Share represents its fraction of one vote. There is no right to cumulative voting. A majority of the outstanding Common Shares represented in person or by proxy will constitute a quorum at the meeting.

Assuming the presence of a quorum, the affirmative vote of the holders of a majority of the Common Shares entitled to vote and represented in person or by proxy at the meeting is required to elect each nominee for Trustee. Abstentions and broker non-votes will be counted as Common Shares represented at the meeting for purposes of determining a quorum. Abstentions and broker non-votes will have no effect with respect to the election of Trustees.

PRINCIPAL SHAREHOLDERS

The following table sets forth certain information regarding ownership of Common Shares as of April 2, 2003, by (i) each person known to ProLogis to have been the beneficial owner of more than five percent of the outstanding Common Shares on such date, (ii) each Trustee, (iii) the Chairman, the Vice Chairman and the four other most highly compensated executive officers for 2002 (the Named Executive Officers), and (iv) all Trustees and executive officers as a group. Unless otherwise indicated in the footnotes, all of such interests are owned directly and the indicated person or entity has sole voting and dispositive power. Fractional Common Shares have been rounded to the nearest whole Common Share in the table below and elsewhere in this Proxy Statement.

The Board has adopted a written charter that specifies the scope of the Audit Committee's responsibilities. The Audit Committee held three meetings in 2002.

The Investment Committee of the Board, comprised of Messrs. Feinberg (Chairman), Stensby and Zollars is responsible for approving material acquisitions, dispositions and other investment decisions between meetings of the full Board. Any decisions made by the Investment Committee are reported to the full Board at its next quarterly meeting. The Investment Committee held five meetings in 2002.

The Management Development and Compensation Committee (the Compensation Committee) of the Board, comprised of Messrs. Jacobs (Chairman), Feinberg and Zollars is responsible for reviewing and approving ProLogis compensation and benefits policies. The Compensation Committee also reviews and approves the amount and form of compensation and benefits for the senior executive officers. The

Compensation Committee is also responsible for overseeing the development of ProLogis' management. The Compensation Committee held three meetings in 2002.

The Board Governance and Nomination Committee (the Governance Committee) of the Board, comprised of Messrs. Feinberg (Chairman), Fotiades, Jacobs and Teixeira and Ms. Kroes is responsible for reviewing and making recommendations to the Board on board organization matters, evaluating the effectiveness of the Board and its committees, reviewing and making recommendations for committee appointments to the Board, proposing to the Board a slate of Trustees (including nominees recommended by holders of Common Shares) for election at the annual meeting of shareholders, and assessing and making recommendations to the Board on corporate governance matters. For a summary of the procedures to be followed by shareholders in submitting nominations, see Shareholder Proposals. The Governance Committee held four meetings in 2002.

Each Trustee attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings of all the committees on which he or she served.

Trustee Compensation

ProLogis pays an annual retainer of \$25,000 to Trustees who are not officers of ProLogis (Outside Trustees). These fees are paid to the Outside Trustees in Common Shares (quarterly on each dividend payment date) based on the then current market price of the Common Shares determined in accordance with the pricing mechanism of ProLogis' 1999 Dividend Reinvestment and Share Purchase Plan (the DRPP). Outside Trustees also receive \$1,000 for each Board meeting attended, which is also paid in Common Shares. Members of the Investment Committee who are Outside Trustees receive an additional annual retainer of \$4,000 and members of the Audit, Compensation, and Governance Committees who are Outside Trustees receive an additional annual retainer of \$2,000, all of which retainers are paid in Common Shares. Unless payment is deferred at the option of the Outside Trustee, both the retainer and meeting fees payable to Outside Trustees are paid directly into the DRPP on behalf of the Outside Trustees as optional cash payments, and the Common Shares purchased remain in the DRPP. These Common Shares may not be sold or otherwise transferred so long as the Outside Trustee remains a Trustee. The Board may grant an individual Outside Trustee a waiver of the requirement that Outside Trustees' fees be used to purchase Common Shares or that such Common Shares be held so long as the Outside Trustee remains a Trustee.

Each Outside Trustee may defer the payment of fees from the date such fees were originally to be received for a minimum of two years or for so long as the Outside Trustee remains a Trustee. During the period of deferral, ProLogis credits the Outside Trustee with amounts equal to the fees designated for payment and with amounts equal to the dividends which would have been paid on the Common Shares previously credited as fees. However, no payment is actually made, nor are any Common Shares or funds actually set aside, until the deferral period concludes.

Outside Trustees are reimbursed for any out-of-town travel expenses incurred in connection with attendance at Board meetings.

Outside Trustees Plans

ProLogis has two option plans for the Outside Trustees. A total of 500,000 Common Shares are authorized for issuance under the ProLogis Share Option Plan for Outside Trustees and the ProLogis 2000 Share Option Plan for Outside Trustees (the Outside Trustee Plans). During 2002, ProLogis made awards to its Outside Trustees under the ProLogis 2000 Share Option Plan for Outside Trustees. On the date of each annual meeting of shareholders of ProLogis, each Outside Trustee is granted an option to purchase 5,000 Common Shares at an exercise price equal to the closing price of the Common Shares on the NYSE on the date of grant. The options vest at the rate of 25% per year on each anniversary of the date of the award for the four succeeding years after the award. In the event of

changes in the outstanding Common Shares, the administrator may make appropriate adjustments to the aggregate number of Common Shares available under the Outside Trustee Plans and the terms of the options for Common Shares subject to the Outside Trustee Plans. The Secretary of ProLogis administers the Outside Trustee Plans.

Table of Contents

Dividend equivalent units are granted with respect to options only as determined by the Board. In the event dividend equivalent units are granted, the Outside Trustee is credited with dividend equivalent units at the end of each calendar year in an amount equal to (i) the annual dividend for such calendar year, multiplied by (ii) the number of Common Shares underlying the outstanding option (reduced prorata to reflect Common Shares underlying options that were not outstanding on record dates) and divided by (iii) the average share price for such calendar year. Each dividend equivalent unit accumulates additional dividend equivalent units. All dividend equivalent units are paid in Common Shares at a rate of one Common Share per dividend equivalent unit. The dividend equivalent units are subject to the same vesting schedule as the underlying options. Dividend equivalent units are payable as of the last day of the calendar year in which the underlying option is exercised or the option expires, whichever is earlier.

This award is comprised of units which will settle 25% on each December 31, beginning December 31, 2005. This award does not receive dividend equivalent units under the 1997 Long-Term Incentive Plan. See Special Equity Agreement and 1997 Long-Term Incentive Plan . Prior to settlement of the restricted share units, dividends will be paid with respect to the restricted share units. The dollar amount shown is approximately equal to the number of shares earned multiplied by the closing price of Common Shares as reported by the NYSE on the date of grant (\$22.25 on December 31, 2000). 1997 Long-Term Incentive Plan

General

The number of Common Shares which may be awarded under the 1997 Long-Term Incentive Plan (the 1997 LTIP) may not exceed 22,600,000 Common Shares in the aggregate (190,000 of which are allocated to the 401(k) Plan) and no individual may be granted awards with respect to more than 500,000 Common Shares in any one-year period. Common Shares issued under the 1997 LTIP may be authorized and unissued shares, or treasury shares. In the event of certain transactions affecting the type or number of outstanding shares, the number of shares subject to the 1997 LTIP, the number or type of shares subject to outstanding awards and the exercise price thereof will be appropriately adjusted. The 1997 LTIP authorizes the establishment of one or more option programs and share purchase programs and authorizes the award of share grants (any of which may be subject to restrictions). All employees of ProLogis or any of its affiliates are eligible to participate in the 1997 LTIP. The Compensation Committee administers the 1997 LTIP.

Subject to the terms of the 1997 LTIP, the Compensation Committee determines which employees shall be eligible to receive awards under the 1997 LTIP, and the amount, price, timing and other terms and conditions applicable to such awards. Non-employee trustees of ProLogis are not eligible to participate in the 1997 LTIP. Options awarded under the 1997 LTIP may be either incentive share options, which are intended to satisfy the requirements of Section 422 of the Code, or non-qualified share options, which are not intended to satisfy Section 422 of the Code. Options become exercisable in accordance with the terms established by the Compensation Committee, which may include conditions relating to completion of a specified period of service, achievement of performance standards, or such other criteria as the Compensation Committee deems appropriate.

Options expire on the date determined by the Compensation Committee which shall not be later than the earliest to occur of (i) the tenth anniversary of the grant date, (ii) the first anniversary of the participant's termination of employment by reason of death, disability or retirement, (iii) the three month anniversary of the participant's termination of employment for reasons other than retirement, death, disability or cause or (iv) on the participant's date of termination for cause. Shares transferred to a participant pursuant to the exercise of an option may be subject to such additional restrictions or limitations as the Compensation Committee may determine. Dividend equivalent units shall not be earned on an option except to the extent provided by the Compensation Committee. Each participant will

be credited with dividend equivalent units at the end of each calendar year in an amount equal to (i) the annual dividend for such calendar year, multiplied by (ii) the number of Common Shares underlying the participant's outstanding options that were granted with dividend equivalent units (reduced prorata to reflect Common Shares underlying such options that were not outstanding on the record dates) and divided by (iii) the average Common Share price for the year. Each dividend equivalent unit also accumulates additional dividend equivalent units on an annual basis. In the case of dividend equivalent units granted after August 31, 2001, dividend equivalent units shall not be credited with respect to an option after it is fully vested, unless otherwise determined by the Compensation Committee. All

Table of Contents

dividend equivalent units are paid in the form of Common Shares at the rate of one Common Share per dividend equivalent unit. Generally, any such dividend equivalent units are subject to the same vesting schedule as the underlying options. Unless otherwise specified by the Compensation Committee, such dividend equivalent units will be payable when the underlying options are exercised or if earlier, January 1 of the year following the year in which the underlying option vests.

Share Purchase Program

The 1997 LTIP provides that the Compensation Committee may allow participants to purchase shares, the purchase and distribution of which are subject to the satisfaction of conditions established by the Compensation Committee. The number of shares and the conditions will be established by the Compensation Committee at the time the award is made.

Restricted Share Units

The Compensation Committee also may award restricted share units. Each restricted share unit awarded represents an interest in one Common Share as of the date of the award. Outstanding restricted share units are generally awarded dividend equivalent units at the end of each calendar year. Each recipient will be credited with dividend equivalent units at the end of each calendar year in an amount equal to (i) the annual dividend for such calendar year, multiplied by (ii) the number of Common Shares underlying the participant's outstanding options that were granted with dividend equivalent units (reduced prorata to reflect Common Shares underlying such options that were not outstanding on the record dates) and divided by (iii) the average Common Share price for the year. Each dividend equivalent unit also accumulates additional dividend equivalent units on an annual basis. All dividend equivalent units are paid in the form of Common Shares at the rate of one Common Share per dividend equivalent unit. Unless determined otherwise by the Compensation Committee, the restricted share units together with the applicable dividend equivalent units vest in equal portions on each of the first four anniversaries of the award of the restricted share units so long as the recipient remains an employee of ProLogis or one of its affiliates. See *Special Equity Agreement* for a discussion of restricted share units granted to Mr. Brooksher.

Share Awards

The 1997 LTIP provides that the Compensation Committee may award participants shares, the distribution of which is subject to achievement of conditions established by the Compensation Committee, such as performance objectives or continued employment. The number of shares and the conditions shall be established by the Compensation Committee at the time the award is made, provided that any performance period shall be at least one year. The Compensation Committee may, at its discretion, award dividend equivalent units with share awards.

Non-Qualified Options

Under the 1997 LTIP, the Named Executive Officers and certain other officers and employees of ProLogis have been granted non-qualified options to purchase Common Shares at the average of the highest and lowest sales price of Common Shares on the date such options were granted. All options expire no later than ten years after the date of grant. Generally, options awarded under the 1997 LTIP vest at the rate of 25% on the first anniversary of the grant date and an additional 25% per year, beginning on each of the second, third, and fourth anniversaries of the date of grant, except the options granted to U.S. participants based in The Netherlands, which vest 100% on the fourth anniversary of the date of grant. The participants have no rights as shareholders with respect to the shares subject to his or her options until the option is exercised. No income will be recognized by a participant at the time the options or the related dividend equivalent units are granted. The exercise of a non-qualified stock option is generally a taxable event that requires the participant to recognize, as ordinary income, the difference between the fair market value of the

shares at the time of exercise and the exercise price. Settlement of a dividend equivalent unit by the participant is generally a taxable event that requires the participant to recognize, as ordinary income, the fair market value of the shares at the time of receipt. ProLogis ordinarily will be entitled to claim a federal income tax deduction on account

Table of Contents

of the exercise of a non-qualified option and settlement of dividend equivalent units. The amount of the deduction is equal to the ordinary income recognized by a participant. ProLogis has adopted the disclosure provisions of Statement of Financial Accounting Standards No. 123 Accounting for Stock Based Compensation. Under the provisions of this statement, ProLogis will continue to account for its share options under the provisions of Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees and related interpretations.

- (1) None of the options granted to the Named Executive Officers in 2002 earn dividend equivalent units. See 1997 Long-Term Incentive Plan .
- (2) The amounts shown are based on the Black-Scholes option pricing model. The material assumptions incorporated in the Black-Scholes model to estimate the value of the options include the following: an expected option life of 6.25 years for the March 18, 2002 and September 26, 2002 options and 2.5 years for the November 27, 2002 options; a risk-free interest rate of 3.04% for the March 18, 2002 and September 26, 2002 options and 1.87% for the November 27, 2002 options; an expected dividend yield of 5.68%; and expected volatility of 20.55%. The actual value, if any, an optionee will realize upon exercise of an option will depend on the excess of the market value of the Common Shares over the exercise price on the date the option is exercised. There can be no assurance that the value realized by an optionee will be at or near the value estimated by using the Black-Scholes model. The valuation and assumptions referenced in the foregoing do not include the valuation of dividend equivalent units.
- (3) These special grants were options granted in 2002 to compensate the Named Executive Officers for subsequent taxation and loss of future dividends on the shares sold to ProLogis, the proceeds of which were used to pay down existing company loans. See Certain Relationships and Transactions Loans to Executive Officers .
- (4) The options granted to Mr. Schwartz on March 18, 2002, his date of rehire, September 26, 2002 and November 27, 2002 have an exercise price of \$22.98, \$24.755 and \$24.643 per share, respectively.
- (5) Options granted on March 18, 2002 expire on March 18, 2012 and the options granted on September 26, 2002 expire on September 26, 2012. The options granted on November 27, 2002 have an expiration date of September 8, 2007.

Performance-Based Long-Term Retention Awards

In 1999, ProLogis instituted a Performance-Based Long-Term Retention Program (the Performance Share Program) under the 1997 LTIP. The Performance Share Program rewards the Named Executive Officers and certain other officers of ProLogis with restricted Common Shares if specified goals are met. In the opinion of the Compensation Committee, it is critical to the long-term success of ProLogis that its executives be rewarded for outstanding performance with long-term incentives that foster employee retention and have ascertainable value.

The following table summarizes each award to the Named Executive Officers of restricted shares that are subject to performance-based conditions, in addition to the lapse of time and continued employment with ProLogis.

Name	Awards Granted in 2002 for the Performance Period Beginning January 1, 2003 and Ending December 31, 2003	
	Number of Shares, Units or Other Rights(1)	Performance or Other Period Until Maturation or Payout

- (1) Units awarded represent restricted Common Shares which will be issued to the executive if the performance criteria are met at the end of the performance period. A greater or lesser number of Common Shares may be awarded at the discretion of the Compensation Committee to the extent the executive exceeds or fails to meet the applicable performance criteria. Once restricted Common Shares are issued, such shares will not vest until the second anniversary of the end of the performance period, subject to accelerated vesting upon a change in control (as defined in the 1997 LTIP) of ProLogis. Such awards will be forfeited by the executive if the executive leaves the employ of ProLogis prior to vesting.

Table of Contents

The performance criteria with respect to each Named Executive Officer is established by the Compensation Committee and is based on ProLogis' performance in relation to two weighted performance measures. The first measure, weighted 75%, consists of specified levels of funds from operations (FFO) per share and return on invested capital attained by ProLogis during 2003. The second measure, weighted 25%, generally consists of various objective and subjective criteria applicable to the executive's area of responsibility.

Option Exercises in 2002 and Year-End Option Values

None of the Named Executive Officers exercised options for Common Shares in 2002. The following table sets forth certain information as to the year-end value of unexercised options owned by those executive officers.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

ProLogis has no employment contracts with any Named Executive Officer and, except as described below, no plans or arrangements by which any Named Executive Officer will be compensated as a result of his resignation or retirement or any other termination of his employment with ProLogis or in connection with a change in control of ProLogis, except that in the event a Change in Control occurs, as such term is defined in either the 1997 LTIP or the Outside Trustees Plans, options to purchase Common Shares granted under either of the plans become immediately exercisable and restrictions on purchased Common Shares lapse.

ProLogis has entered into agreements with 10 of its officers. The agreements provide that if a change in control (as described below) occurs and the officer is thereafter terminated, other than for cause, or as a result of the officer's death or disability, or if the officer resigns as the result of, among other matters, a material adverse change in the nature or scope of the officer's duties, authority or compensation and such termination or action is taken within a period of twenty-four months, then the officer will be entitled to receive a lump-sum payment depending upon the officer's level of responsibility with ProLogis. A change in control is defined as the happening of any of the following:

The consummation of a transaction, approved by the shareholders of ProLogis, to merge ProLogis into or consolidate ProLogis with another entity, sell or otherwise dispose of all or substantially all of its assets or adopt a plan of liquidation, provided, however, that a change in control does not be deemed to have occurred by reason of a transaction, or a substantially concurrent or otherwise related series of transactions, upon the completion of

which 50% or more of the beneficial ownership of the voting power of ProLogis, the surviving corporation or corporation directly or indirectly controlling ProLogis or the surviving corporation, as the case may be, is held by the same persons (although not necessarily in the same proportion) as held the beneficial ownership of the voting power of ProLogis immediately prior to the transaction or the substantially concurrent or otherwise related series of transactions, except that upon the completion thereof, employees or employee benefit plans of ProLogis may be a new holder of such beneficial ownership.

Table of Contents

The beneficial ownership (as defined in Rule 13d-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act)) of securities representing 50% or more of the combined voting power of ProLogis is acquired, other than from ProLogis, by any person as defined in Sections 13(d) and 14(d) of the Exchange Act (other than any trustee or other fiduciary holding securities under an employee benefit or other similar stock plan of ProLogis).

At any time during any period of two consecutive years, individuals who at the beginning of such period were members of the Board of Trustees of ProLogis cease for any reason to constitute at least a majority thereof (unless the election, or the nomination for election by ProLogis shareholders, of each new trustee was approved by a vote of at least two-thirds of the trustees still in office at the time of such election or nomination who were trustees at the beginning of such period).

For the two most senior Named Executive Officers, the severance payment would be equal to three times the sum of the officer's base salary and target bonus. For the other Named Executive Officers, the severance payment would be equal to two times the sum of the officer's base salary and target bonus and for the remaining four officers, the severance payment would be equal to the sum of the officer's base salary and target bonus.

The officers will also be entitled to continue to receive medical insurance and life insurance coverage for 36 months (in the case of Messrs. Brooksher and Lyons), 24 months (in the case of Messrs. Rakowich, Seiple, Watson and Schwartz) or 12 months (in the case of the other officers) after the date of termination.

Each officer will also receive an amount equal to the officer's pro-rated salary and target bonus for the year of termination and if Messrs. Brooksher, Lyons, Rakowich, Seiple, Watson or Schwartz is subject to the federal excise tax on excess parachute payments, he will receive a payment sufficient to make him whole for that tax.

Special Equity Agreements

In December 2000, ProLogis and Mr. Brooksher entered into a Special Equity Agreement. The Special Equity Agreement was Amended and Restated in March 2003. Pursuant to the agreement, as amended, the parties agreed that Mr. Brooksher would continue his employment with ProLogis through December 31, 2004. In connection with the agreement, as amended, ProLogis agreed that the expiration date of each existing option held by Mr. Brooksher under the 1997 LTIP shall be no earlier than the fifth anniversary of the first to occur of Mr. Brooksher's retirement, disability or death but in no event later than the tenth anniversary of the date on which the option was granted. ProLogis further agreed that the expiration date of each option granted in the future to Mr. Brooksher under the 1997 LTIP shall be no earlier than the fifth anniversary of the first to occur of Mr. Brooksher's retirement, disability, or death but in no event later than the tenth anniversary of the date on which the option was granted. Notwithstanding the foregoing, any dividend equivalent units granted with respect to options granted to or held by Mr. Brooksher will continue to be credited after Mr. Brooksher's retirement, disability or death until the fifth anniversary of such retirement, disability or death.

Pursuant to the Special Equity Agreement, ProLogis also granted Mr. Brooksher on December 31, 2000, 167,500 restricted share units under the 1997 LTIP. The restricted share units granted to Mr. Brooksher will settle in equal installments on December 31, 2005, 2006, 2007, and 2008. Prior to settlement of the restricted share units, dividends payments will be paid with respect to the restricted share units equal to ProLogis' quarterly dividend multiplied by the number of outstanding restricted share units on each applicable record date for the applicable dividend. The restricted share units will be settled in Common Shares. Mr. Brooksher agreed that, until December 31, 2009, he would not serve on the board of directors or be an officer or employee of any public REIT or be employed by or otherwise provide services to any competitor of ProLogis if, among other things, the services provided by Mr. Brooksher are substantially similar to any of the services that he provided to ProLogis in the 24 months prior to his termination of employment with ProLogis. Further, Mr. Brooksher agreed that until December 31, 2009, he would not own, directly

or indirectly any equity or profits interest in any competitor of ProLogis, other than the ownership of 5% or less of the stock of any publicly traded company.

Table of Contents

In March 2003, ProLogis and Mr. Lyons entered into a Special Equity Agreement. Pursuant to the agreement, the parties agreed that Mr. Lyons would continue his employment with ProLogis through December 31, 2004. In connection with the agreement, ProLogis agreed that the expiration date of each existing option held by Mr. Lyons under the 1997 LTIP shall be no earlier than the fifth anniversary of the first to occur of Mr. Lyons' retirement, disability or death but in no event later than the tenth anniversary of the date on which the option was granted. ProLogis further agreed that the expiration date of each option granted in the future to Mr. Lyons under the 1997 LTIP shall be no earlier than the fifth anniversary of the first to occur of Mr. Lyons' retirement, disability, or death but in no event later than the tenth anniversary of the date on which the option was granted. For purposes of the foregoing and for applying the provisions of the 1997 LTIP to the options granted to Mr. Lyons (including existing options), Mr. Lyons shall be treated as though he has attained age 60 as of December 31, 2004 without regard to whether he has actually attained age 60 as of that date. Notwithstanding the foregoing, any dividend equivalent units granted with respect to options granted to or held by Mr. Lyons will continue to be credited after Mr. Lyons' retirement, disability or death until the fifth anniversary of such retirement, disability or death. Mr. Lyons agreed that, until December 31, 2009, he would not serve on the board of directors or be an officer or employee of any public REIT or be employed by or otherwise provide services to any competitor of ProLogis (other than with respect to specified properties owned by King & Lyons, L.P.) if, among other things, the services provided by Mr. Lyons are substantially similar to any of the services that he provided to ProLogis in the 24 months prior to his termination of employment with ProLogis. Further, Mr. Lyons agreed that until December 31, 2009, he would not own, directly or indirectly any equity or profits interest in any competitor of ProLogis, other than with respect to specified properties owned by King & Lyons, L.P. and other than the ownership of 5% or less of the stock of any publicly traded company.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Notwithstanding anything to the contrary set forth in any of ProLogis' previous or future filings under the Securities Exchange Act of 1933 or the Securities Exchange Act of 1934 that might incorporate this proxy statement or future filings with the SEC, in whole or part, the following report shall not be deemed to be incorporated by reference into any such filing.

The Compensation Committee is responsible for acting on behalf of the Board or making recommendations to the Board with respect to (i) general compensation and benefit practices of ProLogis, (ii) review and recommend approval of salaries and other compensation actions for ProLogis' Chief Executive Officer, other Named Executive Officers and other senior executive officers, and (iii) adopting, administering and approving awards under annual and long-term incentive compensation plans. None of the members of the Compensation Committee are officers or employees of ProLogis.

Compensation Philosophy

The Compensation Committee believes in a compensation philosophy which rewards employees on the basis of ProLogis' success in attaining ProLogis' financial objectives, as well as on the basis of the employees' success in attaining individual performance objectives. ProLogis' compensation program is designed to:

Attract, reward and retain highly qualified executives.

Align shareholder and employee interests.

Reward long-term career contributions to ProLogis.

Emphasize the variable portion of total compensation (cash and shares) as an individual's level of responsibility increases.

Provide fully competitive compensation opportunities consistent with performance.

Encourage teamwork.

Table of Contents

During 2002, the Compensation Committee conducted a full review of ProLogis' executive compensation programs. This review included a comprehensive report from an independent compensation consultant assessing the program and relative competitiveness versus identified comparable companies of similar size and business characteristics to ProLogis. This group of comparable companies included real estate companies representing the most likely competitors for executive talent. Key findings from this review were discussed extensively with senior management and the Compensation Committee. Their impact on compensation philosophy and practices for 2003 are outlined below by element.

Key Elements of Compensation

The key elements of ProLogis' executive compensation program consist of base salary, annual bonus and long-term incentives. As an executive's level of responsibility increases, a greater portion of total compensation is based on annual and long-term performance-based incentive compensation and less on salary and employee benefits, creating the potential for greater variability in the individual's compensation level from year to year. The mix, level and structure of performance-based incentive elements reflect market industry practices as well as the position's role and relative impact on business results consistent with ProLogis' variable pay for performance philosophy.

Base Salary

Currently, base salaries for senior executives are based on an overall assessment of the executive's responsibilities and contribution to ProLogis and are reviewed every year. Compensation review showed that salaries were at comparable market benchmarks for certain Named Executive Officers. Base salaries effective for 2003 will be positioned at mid-market levels consistent with the overall responsibilities of the position and performance and experience of the individual. The Compensation Committee may adjust salaries on an individual basis at anytime.

Annual Bonus

ProLogis' senior executives are eligible for annual cash bonus awards based on the performance of ProLogis overall, the executive's business unit and the executive's individual performance during the prior year. Historically, individual bonus awards have been paid in amounts which achieve a targeted level of competitive total cash compensation (base salary and annual bonus) consistent with performance.

Annual performance goals are established by the Compensation Committee at the beginning of each fiscal year for the Named Executive Officers. Specifically, the Compensation Committee considers performance based on financial measures such as FFO, total shareholder returns and return on invested capital, all of which are absolute and relative to comparable companies, as well as non-financial measures for each individual.

Performance together with these criteria, determines individual awards. Awards for performance below and above a targeted level of achievement are at the discretion of the Compensation Committee. Additionally, awards earned under the program may be further adjusted up or down at the discretion of the Compensation Committee based on the quality of the results, extraordinary circumstances, and other factors that the Compensation Committee deems relevant.

Long-Term Share Incentives

Long-term share incentives are designed to foster significant ownership of Common Shares, promote a close identity of interests between ProLogis senior executives and shareholders, and motivate and reward long-term strategic management and enhancement of shareholder value.

Non-qualified share options have been the primary long-term incentive form and constitute a major component of senior executive compensation. Option awards generally reflect the executive's level of responsibility and impact on the long-term success of ProLogis. Additionally, consideration is given to an executive's potential for future responsibility and impact. The number of shares covered by annual grants

Table of Contents

generally reflects competitive industry practices. Share options awarded in 2002 were granted with an exercise price equal to the average of the highest and lowest sale price of Common Shares on the date of grant and vest ratably over four years. These awards do not earn dividend equivalent units. (See Executive Compensation 1997 Long-Term Incentive Plan).

In 1999, ProLogis instituted the Performance Share Program under the 1997 LTIP. The Performance Share Program rewards key officers of ProLogis with restricted Common Shares if specified goals are met. (See Executive Compensation Performance-Based Long-Term Retention Awards). In the opinion of the Compensation Committee, it is critical to the long-term success of ProLogis that its executives be rewarded for outstanding performance with long-term incentives that foster employee retention and have ascertainable value.

It was determined in the course of the 2002 compensation review that ProLogis long-term incentive programs are generally competitive with market practices for most senior executives.

Chief Executive Officer Compensation

The Compensation Committee meets annually without the Chief Executive Officer present to evaluate the Chief Executive Officer's performance and to determine the Chief Executive Officer's compensation. In considering Mr. Brooksher's compensation, the Compensation Committee considers his principal responsibilities, which include providing overall vision and strategic direction for ProLogis, attracting and retaining highly qualified employees and developing and maintaining key customer and capital relationships for ProLogis.

Mr. Brooksher's base salary was \$675,000 in 2002. In determining Mr. Brooksher's 2002 annual bonus and long-term incentive award, the Compensation Committee considered both Mr. Brooksher's individual performance as well as that of the company overall. The Compensation Committee noted several significant achievements including without limitation, increasing the total return to shareholders, completing the sale of CS Integrated LLC, Frigoscandia Nordic and Frigoscandia Spain, forming the \$1 billion ProLogis Japan Fund, increasing return on invested capital and return on equity, and formation of Macquarie ProLogis Trust, a company listed on the Australian Stock Exchange.

In view of these accomplishments, the Compensation Committee awarded Mr. Brooksher an annual bonus award of \$800,000 for 2002. Additionally, the Compensation Committee granted Mr. Brooksher share options to acquire 285,000 Common Shares. Mr. Brooksher's grant for 2002 reflected the fact that he does not earn dividend equivalent units on this award. Mr. Brooksher was given the ability to earn 60,000 Common Shares under the Performance Share Program in 2003. Mr. Brooksher also earned 62,800 Common Shares in December 2002 under the Performance Share Program. (See Executive Compensation Performance-Based Long-Term Retention Awards). Mr. Brooksher was paid dividend equivalents with a value of \$247,298 pursuant to the restricted share unit award he was granted in 2000 (See Executive Compensation Special Equity Agreement). The Compensation Committee has determined that the combination of the annual bonus award and stock grants, in addition to base salary, would place Mr. Brooksher's total compensation at approximate median levels versus comparable companies.

Section 162(m)

The Compensation Committee is aware of the limitations imposed by Section 162(m) of the Code, on the deductibility of compensation paid to certain senior executives to the extent it exceeds \$1 million per executive. The law exempts compensation paid under plans that relate compensation to performance. Although ProLogis plans are generally designed to relate compensation to performance, certain elements of the plans may not meet the tax law's requirements because they allow the Compensation Committee to exercise discretion in setting compensation. The Compensation Committee believes the cost impact of any lost deductibility for compensation payments in 2002 are generally immaterial to ProLogis. The Compensation Committee is of the opinion that it is better to retain discretion

in determining executive compensation. However, the Compensation Committee will continue to monitor the requirements of the Code to determine what actions, if any, should be taken with respect to the Section 162(m).

This report is submitted by the members of the Compensation Committee: Messrs. Jacobs (Chairman), Feinberg and Zollars.

REPORT OF THE AUDIT COMMITTEE

Notwithstanding anything to the contrary set forth in any of ProLogis' previous or future filings under the Securities Exchange Act of 1933 or the Securities Exchange Act of 1934 that might incorporate this proxy statement or future filings with the Securities and Exchange Commission, in whole or part, the following report shall not be deemed to be incorporated by reference into any such filing.

The Audit Committee consists of four members of the Board. Each member of the Audit Committee is independent of ProLogis and its management, as defined by the NYSE listing standards.

On March 16, 2000, the Board adopted a written charter. The charter specifies the scope of the Audit Committee's responsibilities and how it carries out those responsibilities.

The Audit Committee has reviewed and discussed ProLogis' unaudited financial statements for the quarters ended March 31, June 30, and September 30, 2002, and its December 31, 2002, audited financial statements with management and with KPMG LLP, ProLogis' independent accountants.

ProLogis has also discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended. This included (i) the auditor's judgment about the quality, not just the acceptability, of ProLogis' accounting principles as applied in its financial reporting, (ii) methods used to account for significant unusual transactions, (iii) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus, (iv) the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditor's conclusions regarding the reasonableness of those estimates and (v) disagreements with management over the application of accounting principles, the basis for management's accounting estimates and disclosures in the financial statements.

The Audit Committee has also received from KPMG LLP the written disclosures required by Independence Standards Board Standard No. 1 regarding their independence, and has discussed with KPMG LLP their independence, including whether the provision of the services described below under Independent Public Accountants' Financial Information Systems Design and Implementation Fees and All Other Fees is compatible with maintaining KPMG LLP's independence.

Based on the advice of management, internal auditors and independent accountants and the review and discussions referred to above, the Audit Committee recommended to the Board that the December 31, 2002 audited consolidated financial statements and notes thereto be included in ProLogis Annual Report on Form 10-K.

CERTAIN RELATIONSHIPS AND TRANSACTIONS

Special Equity Agreements

In March 2003, each of Mr. Brooksher and Mr. Lyons amended or entered into a Special Equity Agreement with ProLogis providing for the payment of equity based awards in exchange for the continued employment of those individuals. See Executive Compensation Special Equity Agreements above for a description of the agreements.

Amended and Restated Investor Agreement

Prior to May 14, 2002, Security Capital owned 28.1% of ProLogis Common Shares and was ProLogis largest shareholder. On that date, Security Capital became an indirect wholly owned subsidiary of GE Capital. Under the terms of the merger agreement between GE Capital and Security Capital, a portion of the ProLogis Common Shares owned by Security Capital were part of the merger consideration paid to Security Capital's shareholders. At December 31, 2002, GE Capital, through its ownership of Security Capital, owned approximately 8.8% of the total outstanding Common Shares of ProLogis. Security Capital had certain rights under an investor agreement, dated September 9, 1997 including, but not limited to, the right to nominate persons to serve as Trustees of ProLogis. As provided in the agreement, these rights terminated as a result of the applicable ownership interest falling below 10%. The two members of the Board who were nominees of Security Capital resigned from the Board in May 2002.

Administrative Services Agreement

ProLogis and Security Capital were parties to an administrative services agreement (the ASA) under which Security Capital provided ProLogis with certain administrative and other services as determined by ProLogis. ProLogis paid fees to Security Capital under the ASA of \$0.4 million for 2002, respectively. All of the services originally provided under the ASA have been transferred to ProLogis and the ASA is no longer in effect.

Financial Advisory Fees

Macquarie Capital Partners LLC (formerly Security Capital Markets Group Incorporated), an affiliate of Security Capital, has provided ProLogis with financial advisory and investment banking services. In 2002, ProLogis paid financial advisory fees to Macquarie Capital Partners LLC for transactions in which Macquarie Capital Partners provided financial advisory and investment banking services in connection with the formation of a joint venture in which ProLogis has an ownership interest. Macquarie Capital Partners LLC received fees of \$4,300,000 in connection with these transactions.

Partnership Affiliations

As part of its acquisition program of industrial distribution facilities, ProLogis has consummated certain transactions pursuant to which it contributed cash, and third party partnerships contributed a portfolio of facilities, to ProLogis Limited Partnership I. Irving F. Lyons, III, Vice Chairman, Chief Investment Officer and Trustee of ProLogis, is a partner in ProLogis Limited Partnership I, holding an indirect 3.3% limited partnership interest valued at \$12,072,000 based on the December 31, 2002 closing price of Common Shares. In addition, Mr. Lyons owns minority interests in a substantial amount of undeveloped industrial land near ProLogis industrial distribution parks in the San Francisco Bay Area. The options and rights of first refusal previously acquired by ProLogis relative to this property were terminated in September 2002. The transactions in which Mr. Lyons acquired his ownership interest were negotiated at arm's length prior to Mr. Lyons' affiliation with ProLogis.

Additionally, Jeffrey H. Schwartz, President and Chief Operating Officer for Asia and President of International Operations, of ProLogis, is a partner in ProLogis Limited Partnership III and ProLogis Limited Partnership IV, holding an indirect 4.57% limited partnership interest in ProLogis Limited Partnership III valued at \$1,979,057 and an indirect 1.09% limited partnership interest in ProLogis Limited

Table of Contents

Partnership IV valued at \$1,246,807, based on the December 31, 2002 closing price of Common Shares. The transactions in which Mr. Schwartz acquired his ownership interests were negotiated at arm's length prior to Mr. Schwartz's affiliation with ProLogis.

Preferred Stock Subsidiaries

ProLogis invested in the non-voting preferred stock of certain entities that have ownership interests in companies that produce income that is not REIT qualifying income (i.e., rental income and mortgage interest income) under the Code. Third parties including entities in which Security Capital, previously ProLogis' largest shareholder, held non-voting ownership interests held the voting ownership common stock of these companies. The Code, as amended in 2001, allowed ProLogis to have a voting ownership interest in these types of entities. ProLogis began negotiations to acquire the voting ownership interests in these entities in 2000. Before the acquisitions were completed it was determined that the state income tax laws governing REITs would not be changed to coincide with the amendments to the Code. Therefore, CSI/ Frigo LLC and Kingspark LLC limited liability companies in which K. Dane Brooksher, ProLogis' chairman and chief executive officer owned the voting membership interests, acquired the voting ownership interests in Frigoscandia S.A., ProLogis Logistics and Kingspark S.A. from the third parties and Security Capital.

At December 31, 2002, Mr. Brooksher had a voting ownership interest in CSI/ Frigo LLC, which has a voting ownership interest in Frigoscandia S.A. CSI/ Frigo LLC had a voting ownership interest in ProLogis Logistics through October 23, 2002. Through July 1, 2002, Mr. Brooksher had a voting ownership interest in Kingspark LLC. This interest was sold to ProLogis. At December 31, 2002, Mr. Brooksher's only remaining ownership interest is in Frigoscandia S.A., which entitles him to an effective interest in the earnings of Frigoscandia S.A. of 0.25%.

Further information on Mr. Brooksher's ownership interests follows:

CSI/ Frigo LLC, a limited liability company formed on January 5, 2001, acquired 100% of the voting common stock of both Frigoscandia S.A. and ProLogis Logistics (both entities in which ProLogis owned 100% of the non-voting preferred stock) for an aggregate purchase price of \$3.3 million. ProLogis made a loan to CSI/ Frigo LLC in the amount of \$2.9 million. This loan is due January 5, 2011 and bears interest at an annual rate of 8.0%. ProLogis also made a capital contribution to CSI/ Frigo LLC of \$404,545 and Mr. Brooksher made a capital contribution to CSI/ Frigo LLC of \$50,000. Mr. Brooksher's membership interests (after considering the terms of the participating note from CSI/ Frigo LLC to ProLogis) entitle him to receive dividends equal to 5% of the net cash flow of CSI/ Frigo LLC, as defined, if any. Mr. Brooksher is the managing member of CSI/ Frigo LLC and he may transfer his membership interests, subject to certain conditions, including the approval of ProLogis. There are no provisions that give ProLogis the right to acquire Mr. Brooksher's membership interests. Mr. Brooksher does not receive compensation in connection with being the managing member. CSI/ Frigo LLC sold the voting common stock of ProLogis Logistics to ProLogis on October 23, 2002 for \$2.6 million. Therefore, as of December 31, 2002, CSI/ Frigo LLC's only remaining ownership interest is in the voting common stock of Frigoscandia S.A.

Kingspark LLC, a limited liability company formed on January 5, 2001, acquired the voting common stock of Kingspark S.A. (an entity in which ProLogis owned 100% of the non-voting preferred stock) for \$8.1 million. ProLogis made a loan to Kingspark LLC in the amount of \$7.3 million. This loan is due January 5, 2006 and bears interest at an annual rate of 8.0%. ProLogis made a direct capital contribution to Kingspark LLC in the amount of \$770,973. ProLogis made a loan to Mr. Brooksher in the amount of \$40,557, all of which was used by Mr. Brooksher to make his capital contribution to Kingspark LLC. Therefore, ProLogis effectively funded the entire purchase price either directly or through loans to Kingspark LLC and Mr. Brooksher. The recourse loan to Mr. Brooksher from ProLogis was payable on January 5, 2006 and provided for interest at an annual rate of 8.0%. Mr. Brooksher's membership interests entitled him to receive dividends equal to 5% of the net cash flow of

Kingspark LLC, as defined, if any. Mr. Brooksher was the managing member of Kingspark LLC and he was able to transfer his membership interests, subject to certain conditions, including the

approval of ProLogis. There were no provisions that give ProLogis the right to acquire Mr. Brooksher's membership interests. Mr. Brooksher did not receive compensation in connection with being the managing member. On July 1, 2002, Mr. Brooksher sold his voting membership interests in Kingspark LLC to ProLogis for \$45,000, representing the \$40,557 principal balance of Mr. Brooksher's note to ProLogis plus accrued interest on the note since its origination.

Leasing Transactions

GE Capital, through its ownership of Security Capital, is ProLogis' largest shareholder. ProLogis leases distribution space to GE Capital and its affiliates on market terms that management believes are no less favorable to ProLogis than those that could be obtained with unaffiliated third parties. These leases provided base rental income of \$2.9 million to ProLogis for the year ended December 31, 2002. At December 31, 2002, 627,000 square feet were leased to GE Capital and its affiliates with annualized base rental revenues of \$3.3 million. ProLogis earned base rental income from leases with Security Capital and certain of its affiliates of \$0.5 million and \$0.8 million for the years ended December 31, 2001 and 2000, respectively.

ProLogis and General Electric Company, an affiliate of GE Capital, have entered into an agreement for ProLogis to build a 1.0 million square foot distribution facility in the Baltimore market area that General Electric Company will lease from ProLogis for a ten year term. The total expected cost of the facility at completion is \$27.5 million. The base annual rental income at the inception of the agreement is \$2.4 million.

ProLogis Equipment Services

On or about August 30, 2002, ProLogis Equipment Services, LLC, an unconsolidated investee of ProLogis, sold substantially all of its material handling assets to General Electric Corporation, an affiliate of GE Capital for approximately \$10 million.

Loans to Executive Officers

In 1997, ProLogis made loans to the Named Executive Officers for 95% of the purchase price of Common Shares pursuant to the share purchase program. On November 27, 2002, ProLogis repurchased the Common Shares held by the Named Executive Officers under the share purchase program for which the Named Executive Officer had an outstanding loan. Each Named Executive Officer received a cash payment based on the closing price of Common Shares on November 27, 2002, the proceeds of which were used to repay the loan secured by the Common Shares. On the same date, each Named Executive Officer was granted options to purchase common shares equal to the number of shares sold multiplied by 1.35 to compensate the Named Executive Officers for the subsequent taxation and loss of future dividends on the shares sold. A total of 269,515 shares were repurchased from the Named Executive Officers at a price of \$24.643 per share in exchange for a total cash payment of \$6,641,658. The Named Executive Officers were granted options to purchase an aggregate of 418,627 shares. Pursuant to the transaction, Mr. Brooksher received a cash payment of \$819,457 in exchange for 33,253 shares (Mr. Brooksher made a cash payment of his own in the amount of \$1 million dollars), Mr. Lyons received a cash payment of \$1,819,457 in exchange for 73,832 shares, Mr. Rakowich received a cash payment of \$909,728 in exchange for 36,916 shares, Mr. Schwartz received a cash payment of \$1,091,662 in exchange for 44,299 shares, Mr. Seiple received a cash payment of \$909,728 in exchange for 36,916 shares and Mr. Watson received a cash payment of \$1,091,662 in exchange for 44,299 shares.

In 2001, ProLogis entered into a loan with K. Dane Brooksher. The proceeds of the loan were used by Mr. Brooksher to repay a loan from Security Capital which was made by Security Capital while Mr. Brooksher was an employee of Security Capital. Under the terms of the promissory note, ProLogis lent Mr. Brooksher \$474,997.50, which amount was due on January 31, 2002. A payment of \$237,500 on the principal amount was paid to ProLogis in January 2001 from the proceeds of Mr. Brooksher's target bonus for 2000. The balance was repaid by Mr. Brooksher

from the proceeds of Mr. Brooksher's target bonus for 2001 in January 2002.

In 2001, ProLogis entered into a loan with Robert J. Watson. The proceeds of the loan were used by Mr. Watson to repay a loan from Security Capital which was made by Security Capital while Mr. Watson was an employee of Security Capital. Under the terms of the promissory note, ProLogis lent Mr. Watson \$90,000, which amount was repaid by Mr. Watson from the proceeds of Mr. Watson's target bonus for 2002 in January 2003.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires ProLogis' Trustees and officers and beneficial owners of more than ten percent of the outstanding Common Shares to file reports of ownership and changes in ownership of the Common Shares with the Securities Exchange Commission and to send copies of those reports to ProLogis. Based solely on a review of those reports and amendments thereto furnished to ProLogis and on written representations of certain of such persons that they were not required to file certain of those reports, ProLogis believes that no such person failed to file any such report on a timely basis during 2002.

INDEPENDENT PUBLIC ACCOUNTANTS

On April 23, 2002, ProLogis dismissed Arthur Andersen LLP as ProLogis' independent auditors and engaged KPMG LLP to serve as ProLogis' independent auditors for 2002. This determination was approved by the Board of Trustees upon the recommendation of the Audit Committee.

During the years ended December 31, 2002 and 2001, there were no disagreements with Arthur Andersen LLP or KPMG LLP during such time that they served as ProLogis' independent auditors on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen LLP's or KPMG LLP's satisfaction, would have caused them to make reference to the subject matter of the disagreement in connection with their reports.

The audit reports of Arthur Andersen LLP and KPMG LLP on ProLogis' consolidated financial statements as of and for the fiscal years ended December 31, 2002 and 2001 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

None of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred within ProLogis' two most recent fiscal years and through the date of this proxy statement.

ProLogis provided Arthur Andersen LLP and KPMG LLP with a copy of the foregoing disclosures. Arthur Andersen LLP and KPMG LLP have stated that they are in agreement with such disclosures.

Prior to engaging KPMG LLP, ProLogis did not consult KPMG LLP regarding any matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

A representative of KPMG LLP is expected to be present at the annual meeting, and will be given an opportunity to make a statement if that representative desires to do so and will be available to respond to appropriate questions.

Audit Fees

The aggregate fees billed by KPMG LLP for professional services rendered for the audit of ProLogis' annual financial statements for the year ended December 31, 2002 and the reviews of the financial statements included in ProLogis' quarterly reports on Form 10-Q during 2002 were approximately \$440,000.

Financial Information Systems and Design Implementation Fees

There were no fees billed by KPMG LLP during 2002 for professional services related to financial information systems design and implementation.

All Other Fees

The aggregate fees billed by KPMG LLP for professional services rendered during 2002, other than the fees described above, were approximately \$195,000.

SHAREHOLDER PROPOSALS

Any proposal by a shareholder of ProLogis intended to be presented at the 2004 annual meeting of shareholders must be received by ProLogis at its principal executive offices not later than December 12, 2003, for inclusion in ProLogis proxy statement and form of proxy relating to that meeting.

In addition, shareholders of record may present proposals which are proper subjects for consideration at an annual meeting, including nominees for Trustee, even if the proposal is not submitted by the deadline for inclusion in the proxy statement. To do so, the shareholder must comply with the procedures specified by ProLogis Bylaws. The Bylaws require that all shareholders who intend to make proposals at an annual shareholders meeting submit their proposals, including any required supporting information, to ProLogis during the period from 90 to 120 days before the anniversary date of the previous year's annual meeting. To be eligible for consideration at the 2004 annual meeting, proposals which have not been submitted by the deadline for inclusion in the proxy statement must be received by ProLogis between January 21, and February 20, 2004.

OTHER MATTERS

ProLogis is not aware of any business or matter other than those indicated above which may properly be presented at the meeting. If, however, any other matter properly comes before the meeting, the proxy holders will, in their discretion, vote thereon in accordance with their best judgment.
