PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
To Be Held July 27, 2005

This proxy statement and the enclosed proxy card are intended to be sent or given to stockholders of inTEST Corporation on or about June 24, 2005, in connection with the solicitation of proxies on behalf of our Board of Directors for use at the 2005 Annual Meeting of Stockholders, to be held on Wednesday, July 27, 2005, at 11:00 A.M. Eastern Daylight Time, at our offices, 7 Esterbrook Lane, Cherry Hill, New Jersey.

The following questions and answers present important information pertaining to the meeting:

Q: Who is entitled to vote?

A: Stockholders of record as of the close of business on June 1, 2005 may vote at the annual meeting.

Q: How many shares can vote?

A: There were 9,076,408 shares issued and outstanding as of the close of business on June 1, 2005. Every stockholder may cast one vote for each share owned.

Q: What may I vote on?

A: You may vote on the following items:

- the election of eight directors who have been nominated to serve on our Board of Directors; and
- any other business that is properly presented at the meeting.

Q: Will any other business be presented for action by stock-holders at the meeting?

A: Management knows of no business that will be presented at the meeting other than that which is set forth in this proxy statement. If any other matter properly comes before the meeting, the persons named in the accompanying proxy card intend to vote the proxies (which confer discretionary authority to vote on such matters) in accordance with their best judgment.

Q: How does the Board recommend that I vote in the election of directors?

A: The Board recommends a vote **FOR** each director nominee.

Q: How do I vote my shares?

A: The answer depends on whether you own your inTEST shares directly (that is, you hold stock certificates that show your name as the registered stockholder) or if your shares are held in a brokerage account or by another nominee holder.

If you own inTEST shares directly:

your proxy is being solicited directly by us, and you can vote by paper, telephone or Internet, or you can vote in person if you attend the meeting.

If you vote by paper

, please do the following: (1) sign and date the enclosed proxy card, (2) mark the boxes indicating how you wish to vote, and (3) return the proxy card in the prepaid envelope provided. If you sign your proxy card but do not indicate how you wish to vote, the proxies will vote your shares FOR each of the nominees named on the proxy card and in their discretion on all other matters.

If you vote by telephone or over the Internet

, you will find instructions on the enclosed proxy card that you should follow. There may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by the stockholder.

If you hold your inTEST shares through a broker, bank or other nominee:

you will receive a voting instruction card directly from the nominee describing how to vote your shares. If you receive a voting instruction card, you can vote by completing and returning the voting instruction card. You may also be able to vote by telephone or via the Internet. Please refer to the instructions provided with your voting instruction card for information about voting in these ways.

If you hold your shares through a nominee and want to vote at the meeting:

you must obtain a "legal proxy" from the nominee recordholder authorizing you to vote at the meeting.

Q: What is the effect if I fail to give instructions to my broker?

A: Generally, banks, brokers and other nominees have discretionary authority to vote shares on matters that are deemed routine. The election of directors at this meeting is considered a routine matter. Therefore, brokers, banks and other nominees will have discretion to vote on the proposal without instructions from the stockholder, so if you fail to give instructions to your broker, your shares will be voted in favor of the election of the nominees for director.

Q: What if I want to change my vote or revoke my proxy?

A: A registered stockholder may change his or her vote or revoke his or her proxy, at any time before the meeting by notifying our corporate secretary, Hugh T. Regan, Jr., in writing, that you revoke your proxy. You may then vote in person at the meeting or submit a new proxy card. You may contact our Transfer Agent to get a new proxy card. We will count your vote in accordance with the last instructions we receive from you prior to the closing of the polls, whether they are received by Internet or telephone or by paper. If you hold your shares through a broker, bank or other nominee and wish to change your vote, you must follow the procedures required by your nominee.

Q: What is a quorum?

A: The presence at the meeting (in person or by proxy) of a majority of the shares entitled to vote at the meeting constitutes a quorum. A quorum must be present at the meeting in order to convene the meeting.

Q: How will directors be elected?

A: A plurality of the votes cast at the meeting is required for the election of directors.

Q: Do the directors and officers of inTEST have an interest in the outcome of the election?

A: Our directors and officers will not receive any special benefit as a result of the outcome of the election, except that our non-employee directors will receive compensation for such service as described elsewhere in this proxy statement under the heading "Director Compensation."

Q: How many shares do the directors and officers of inTEST beneficially own, and how do they plan to vote their shares?

A: Directors and executive officers, who, as of June 1, 2005, had beneficial ownership (or had the right to acquire beneficial ownership within sixty days following June 1, 2005) of approximately 24% of our outstanding common stock, are expected to vote, or direct the voting of their shares, in favor of the election of the eight nominees for director.

Q: Who will count the votes?

A: Our Transfer Agent will count the votes cast by proxy. The Assistant Secretary of inTEST will count the votes cast in person at the meeting and will serve as the Inspector of Election.

Q: What is the effect if I withhold my vote?

A: Withheld votes will have no effect on the outcome of the election of directors.

Q: Who can attend the meeting?

A: All stockholders are invited to attend the meeting.

Q: Are there any expenses associated with collecting the stockholder votes?

A: We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and other materials to our stockholders. We do not anticipate hiring an agency to solicit votes from stockholders at this time. Officers and other employees of inTEST may solicit proxies in person or by telephone but will receive no special compensation for doing so.

VOTING SECURITIES AND PRINCIPAL STOCKHOLDERS

The following table sets forth certain information known to us regarding the beneficial ownership of our common stock as of June 1, 2005 (except where otherwise noted) by:

- ◆ each of our Named Executive Officers;
- ◆ each of our directors;
- ◆ all directors and executive officers as a group; and
- ◆ each stockholder known by inTEST to own beneficially more than 5% of our common stock.

Percentage ownership in the following table is based on 9,076,408 shares of common stock outstanding as of June 1, 2005. We have determined beneficial ownership in the table in accordance with the rules of the Securities and Exchange Commission ("SEC"). In computing the number of shares beneficially owned by any person and the percentage ownership of that person, we have deemed shares of common stock subject to options held by that person that are currently exercisable or will become exercisable by July 30, 2005 to be outstanding. However, we have not deemed these shares to be outstanding for computing the percentage ownership of any other person. To our knowledge, except as set forth in the footnotes below, each stockholder identified in the table possesses sole voting and investment power with respect to all shares of common stock shown as beneficially owned by such stockholder.

ELECTION OF DIRECTORS

Our bylaws provide that our Board of Directors shall consist of not less than five directors, as determined by the Board of Directors, and that each director shall hold office until the next Annual Meeting of Stockholders and until a successor shall be duly elected and qualified. The number of directors that presently constitute the entire Board is nine; however, the Board has been fixed at eight members following the Annual Meeting of Stockholders, as Daniel J. Graham will not stand for re-election. See "Nominating Procedures" for further discussion.

At the meeting, eight directors are to be elected to serve until the 2005 Annual Meeting of Stockholders and until their respective successors have been elected and qualified. Listed below are the eight nominees for director. The persons designated as proxies in the accompanying proxy card intend to vote "FOR" each such nominee, unless a contrary instruction is indicated on the proxy card. If for any reason any such nominee should become unavailable for election, the persons designated as proxies in the proxy card may vote the proxy for the election of a substitute designated by our management, unless a contrary instruction is given on the proxy card. We have no reason to believe that any of the nominees will be unable or unwilling to serve if elected, and all nominees have expressed their intention to serve the entire term for which election is sought.

Committees of the Board of Directors

Our Board of Directors has five standing Committees: an Executive Committee, an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and an Intellectual Property Committee. Copies of the charters of each of these committees are posted on our website: www.intest.com.

The Executive Committee is appointed by the Board of Directors to exercise all powers and authority of the Board of Directors in the management of our business and affairs during intervals between meetings of the Board of Directors, and to provide oversight of, and make recommendations to, the Board of Directors regarding corporate initiatives and strategies. Members of the Committee meet routinely to discuss ongoing initiatives, strategies and developments. The Committee consists of Alyn R. Holt, Chairman, Robert E. Matthiessen, Daniel J. Graham, Stuart F. Daniels and James W. Schwartz, Esq. The Committee held six meetings during 2004.

The Audit Committee is appointed by the Board of Directors to assist the Board of Directors in fulfilling its oversight responsibilities with respect to our financial management and controls. The Committee's primary oversight responsibilities relate to the integrity of our accounting and financial reporting processes, audits of our financial

statements, and systems of internal control over financial reporting and accounting matters, and the independence, qualifications, retention, and performance of our independent registered public accounting firm. During 2004, the Committee consisted of Richard O. Endres, Chairman, Gregory W. Slayton, James J. Greed, Jr., James W. Schwartz, Esq., and Joseph A. Savarese. Mr. Slayton resigned in March 2005, and Thomas J. Reilly joined the Committee in May 2005. The Compensation Committee is appointed by the Board of Directors to review, evaluate and make recommendations to the Board regarding salaries and incentive compensation for our executive officers and administers our 1997 Stock Plan with respect to key employees. During 2004, the Committee consisted of Stuart F. Daniels, Ph.D., Chairman, Richard O. Endres, Alyn R. Holt, Gregory W. Slayton, James J. Greed, Jr., James W. Schwartz, Esq. and Joseph A. Savarese. During 2004, the Committee consisted of James J. Greed, Jr., Chairman, Richard O. Endres, Gregory W. Slayton, James W. Schwartz, Esq. and Joseph A. Savarese. Mr. Slayton resigned in March 2005, and Thomas J. Reilly joined the Committee in May 2005. The Intellectual Property Committee is appointed by the Board of Directors to review, evaluate and make recommendations to the Board regarding the development, protection, and acquisition of intellectual property that is or may be used in our business. The Committee consists of Stuart F. Daniels, Ph.D., Chairman, Alyn R. Holt, Robert E. Matthiessen, and Daniel J. Graham. The Committee held ten meetings in 2004.

Meetings

During the year ended December 31, 2004, the Board of Directors held a total of six meetings. Each of our directors attended at least 75% of the aggregate number of meetings of the Board and meetings of any committee of which he was a member which were held during the time in which he was a director or a committee member, as applicable.

All members of the Board of Directors are encouraged, but not required, to attend our annual meetings of stockholders. Six of our directors attended the 2004 Annual Meeting held on July 28, 2004.

Security Holder Communications with the Board of Directors

Security holders who wish to communicate directly with the Board of Directors or with a particular director may send a letter addressed to our Secretary at 7 Esterbrook Lane, Cherry Hill, NJ 08003. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Security Holder Board Communication" or "Security Holder Director Communication." All such letters must identify the author as a security holder and clearly state whether the intended recipients are all members of the Board or just certain specified individual directors. The Secretary will make copies of all such letters and circulate them to the directors addressed. If a security holder wishes the communication to be confidential, such security holder must clearly indicate on the envelope that the communication is "confidential." The Secretary will then forward such communication, unopened, to the directors specified on the envelope, or if none,

the Chairman of the Board of Directors.

Director Compensation

In November 2004, in conjunction with our cost containment initiative, we instituted a 20% reduction in directors' fees. We currently pay non-employee directors an annual retainer fee of \$20,000. Non-employee members of the Executive Committee are paid an additional annual retainer of \$12,000. In recognition of their increased responsibility and service, the Chairmen of the Committees of the Board are paid an additional annual fee as follows: the Chairman of the Audit Committee is paid an additional annual fee of \$12,000; the Chairman of the Compensation Committee is paid an additional annual fee of \$8,000; the Chairman of the Intellectual Property Committee is paid an additional annual fee of \$60,000; and the Chairman of the Nominating and Corporate Governance Committee is paid an additional annual fee of \$8,000. In addition, we reimburse non-employee directors' travel expenses and other costs associated with attending board or committee meetings.

In conjunction with the reduction of directors' cash fees, the non-employee directors were awarded shares of restricted stock under our 1997 Stock Plan during 2004. The awards were granted on November 23, 2004 and are subject to a four-year vesting period with 25% of the shares vesting each year beginning November 23, 2005. Specifically, Dr. Daniels received 12,000 shares, and Messrs. Endres, Greed, Savarese and Schwartz each received 5,000 shares.

As a result of their election to join the Board, on May 3, 2004, Messrs. Savarese and Schwartz were granted options to purchase 10,000 shares of our common stock, which became fully exercisable on November 3, 2004, six months after the date of grant. The exercise price of the options is \$5.66, the fair market value on the date of issuance.

As a result of his election to join the Board, on May 6, 2005, Mr. Reilly was granted options to purchase 10,000 shares of our common stock, which will become fully exercisable on November 6, 2005, six months after the date of grant. The exercise price of the options is \$3.25, the fair market value on the date of issuance. In addition, Mr. Reilly was awarded 5,000 shares of restricted stock under the Plan subject to a four-year vesting period with 25% of the shares vesting each year beginning on May 6, 2006.

We do not pay additional cash compensation to our officers for their service as directors.

Nominating Procedures

As described under "Committees of the Board of Directors," in 2004 our Board of Directors established a Nominating Committee that is responsible for the identification and evaluation of director nominees. During 2005, the responsibilities of the Committee were expanded to include oversight of corporate governance matters and the Committee was renamed the "Nominating and Corporate Governance Committee."

In order to identify and evaluate director nominees, the Committee begins by annually assessing the qualifications, expertise, performance and willingness to serve of each current director. If as a result of such assessment, or at any other time during the year, the Board of Directors determines a need to add a new director with specific qualifications or to fill a vacancy on the Board, a search will be initiated utilizing appropriate staff support, input from other directors, senior management, and outside contacts, consideration of nominees previously submitted by stockholders, and, if deemed necessary or appropriate, retention of a search firm. An initial slate of candidates satisfying the specific qualifications, if any, and otherwise qualifying for membership on the Board, will be identified and reviewed by the Committee and the Board. The candidates will be prioritized and determination made as to whether a member of the Committee, another director or member of senior management has a relationship with the preferred candidate and can initiate contacts. If not, contact would be initiated by a search firm. The Chairman and one or more members of the Committee or the Board will interview the prospective candidate. Evaluations and recommendations of the

interviewers will be shared with the Committee for final evaluation. The Committee will then meet to consider such recommendations and to determine which candidate (or candidates) it will recommend to the Board for approval. The Committee will evaluate all nominees for director, including nominees recommended by a stockholder, on the same basis.

During 2005, following the resignation of Mr. Slayton, the Board of Directors was not in compliance with Nasdaq's rule that a majority of the directors be independent as defined in Nasdaq Rule 4200. Mr. Reilly was identified by our counsel as a candidate with experience in public accounting and auditing such that he would qualify as an "audit committee financial expert." Mr. Holt and each of the members of the Board met with Mr. Reilly. Mr. Reilly was unanimously approved to be recommended for election to the Board by the members of the Committee (constituting all of the independent directors) and unanimously elected by the Board. As a result of Mr. Reilly's election to the Board, the Board of Directors is again in compliance with Nasdaq's majority independent rule. To ensure future compliance with this rule, the Board determined that it would reduce the number of employee directors on the Board. Consequently, Mr. Graham has agreed that he will not seek re-election to the Board, and the number of directors constituting the Board will be reduced to eight following the Annual Meeting. Each of the nominees for director included in this proxy statement were recommended by the Chairman and the non-employee directors who serve on the Committee and approved by all of the independent directors, the non-employee directors, and the management directors (including the Chairman, the Chief Executive Officer and the General Manager of the Manipulator and Docking Hardware Product Segment).

We will consider director candidates recommended by our stockholders. Pursuant to policies adopted by the Board of Directors, recommendations with regard to nominees for election to the Board of Directors at future annual meetings of stockholders may be submitted in writing, received by the Secretary of inTEST at least 60 days prior to the date on which inTEST first mailed its proxy materials for the prior year's annual meeting of stockholders, or, if inTEST did not have an annual meeting of stockholders in the prior year, 90 days prior to the date of the Annual Meeting. Each notice of nomination must set forth (i) the name, age, business address and, if known, residence address of each nominee, (ii) the principal occupation or employment of each such nominee, (iii) the number of shares of common stock of inTEST which are beneficially owned by each such nominee, (iv) the qualifications of such nominee for service on the Board of Directors, (v) the name and residence address of the proposing stockholder(s), and (vi) the number of shares of common stock owned by the proposing stockholder(s).

Director candidates must meet certain minimum qualifications, including being at least 21 years old and possessing (1) the ability to read and understand corporate financial statements, (2) relevant business experience and professional skills, (3) high moral character and personal and professional integrity, and (4) the willingness to commit sufficient time to attend to his or her duties and responsibilities as a director of a public corporation. In addition, the Nominating and Corporate Governance Committee may consider a variety of other qualities and skills, including (i) expertise in finance, economics, technology or markets related to the business in which inTEST and its subsidiaries may engage, (ii) the ability to exercise independent decision-making, (iii) the absence of conflicts of interest, (iv) diversity of experience, and (v) the ability to work effectively with other directors in collectively serving the long-term interests of all stockholders. Nominees must also meet any applicable requirements of SEC regulations, state law, and inTEST's charter and bylaws.

Recommendation

The Board of Directors recommends a vote "FOR" the election of each of the nominees to the Board of Directors named above.

Compensation Committee Report on Executive Officer Compensation

The Compensation Committee is appointed by the Board of Directors to review, evaluate, and make recommendations to the Board of Directors regarding the compensation and benefit programs of our executive officers and to administer our equity-based compensation plan with respect to executive officers and other employees. During early 2004, the members of the Committee were Dr. Daniels and Messrs. Endres, Holt, Slayton and Greed. Messrs. Savarese and Schwartz joined the Compensation Committee in April 2004, and Mr. Reilly joined the Committee in May 2005. Mr. Slayton resigned from the Board effective May 1, 2005.

Charter. In April 2004, the Board of Directors adopted a charter pursuant to which the Compensation Committee operates. A copy of the charter is posted on our website: www.intest.com. Also in April 2004, the Committee adopted the practice of requiring the recommendation of a majority of the independent directors of the Board (all of whom serve on the Committee) before Committee action to recommend executive officer compensation to the full Board.

Compensation Philosophy and Objectives. The Committee is committed to the general principle that overall executive compensation should be commensurate with our performance and the performance of the individual executive officers, and that long-term incentives awarded to such executive officers should be aligned with the interests of our stockholders. The primary objectives of our executive compensation program are to attract and retain executive officers who will contribute to our long-term success, to reward the achievement of our desired goals, and to provide compensation opportunities that are linked to our performance and that directly link the interests of our executive officers with the interests of our stockholders.

Our executive compensation consists of three components: salary, bonus and long-term incentive compensation. In determining the compensation of our executive officers, including our CEO, the Committee considers a number of factors, including our performance, both separately and in relation to other companies within the semiconductor capital equipment industry, the individual performance of each executive officer, comparative analyses of compensation levels and stock grants at other companies (including, for example, the companies comprising our peer group as that term is used in our performance graph and other companies of comparable revenue level, industry segment and geographic location), our historical compensation levels and stock awards, the overall competitive environment for executive officers, the level of compensation necessary to attract and retain key executive officers, and cost-of-living in the several geographic areas in which our operations are located. Compensation of individual executive officers may be greater or less than the compensation of similarly designated officers of other companies within the semiconductor equipment industry based upon consideration of one or more of the foregoing factors.

Salary. Prior to 2004, the base salaries of our executive officers (including our CEO) had been subject to a salary freeze, following salary reductions ranging from 20% to 30% taken during 2001 and 2002 affecting all of our executive officers.

In April 2004, based upon our operating performance and forecast of our 2004 operating results, we increased the salaries of all of our executive officers (other than our Chairman who declined an increase), implementing a 10% increase to their 2001 pre-reduction base salaries. Later in the year, after the state of the industry reversed, we implemented an organizational restructuring and salary reduction program. In connection with this program, we reduced the salaries of our Chief Executive Officer ("CEO") and certain other executive officers by 20%. The salaries of our CFO and Chairman were further adjusted in early 2005, to reflect a competitive compensation level appropriate

for a CFO of a public company. To offset this increase to the CFO's base salary, and to preserve cash as we restructured our operations, we approved the Chairman's proposal of an equal salary reduction for himself.

Long-Term Incentive Compensation. The Committee periodically considers whether to grant awards of stock options or restricted stock under our stock plan to specific executive officers based on factors including: the executive officer's position; his or her performance and responsibilities; the extent to which he or she already holds our equity; equity participation levels of comparable executive officers and key employees at other similar companies; the extent to which cash compensation reflects competitive inducement; and the executive officer's individual contribution to our overall performance. The stock plan does not provide any formula for weighing these factors, and a decision to grant an award is primarily based upon a subjective evaluation of the past as well as the future anticipated performance and responsibilities of the executive officer in question.

In November 2004, we awarded shares of restricted stock under the stock plan to our CEO and other executive officers (other than our Chairman). With respect to the CEO and certain other executive officers, such awards partially offset the effect of their salary reductions. In addition, such awards also recognized the contributions of such officers to our performance. Such shares of restricted stock will vest in increments of 25% per year commencing in November 2005 and continuing through November 2008.

Bonus. During 2005, we paid bonuses to our CEO, CFO and former Chief Technology Officer ("CTO") based upon our operating performance in 2004. The bonuses paid to the CEO and former CTO were based upon a percentage of our pre-tax profits, according to their respective responsibilities. The bonus paid to our CFO was based upon the recommendation of the CEO within the pre-established range set by the Committee.

Summary. In summary, it is the opinion of the Committee that the executive compensation program provides the necessary total remuneration package to properly align our performance and the interests of our stockholders with competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long-term.

Mr. Reilly does not appear as signatory to this Committee's Report because he was not a member of the Committee at the time any of the matters described in the Report were acted upon.

Change of Control Agreements

On April 17, 2001, we entered into Change of Control Agreements with Messrs. Matthiessen and Regan. These Change of Control Agreements provide that, upon termination of their employment with us without cause (as defined in the agreements) within two years following a change of control (as defined in the agreements), or termination by the executive officer for good reason (as defined in the agreements) within two years following a change of control, each is entitled to the following for a period of one year following termination:

- a. payment of base salary on the same basis paid immediately prior to termination;

- b. payment of any bonus the executive officer would otherwise be eligible to receive for the year in which the termination occurs and for that portion of the following year which falls within a period of one year following termination; and
- c. continuation of all fringe benefits the executive officer was receiving immediately prior to the termination.

Notwithstanding the above, the benefits under the Change of Control Agreements will be reduced to the extent that the payments would not be deductible by us (in whole or in part) under Section 280G of the Internal Revenue Code.

On November 23, 2004, certain of our Named Executive Officers were granted awards of restricted stock, as described in Footnote 2 to the Summary Compensation Table. Pursuant to the applicable Restricted Stock Award Agreements, these awards of restricted stock are subject to full vesting upon a change of control (as defined in such agreements).

Compensation Committee Interlocks and Insider Participation

During 2004, the Compensation Committee consisted of Dr. Daniels, Chairman, and Messrs. Endres, Holt, Slayton, Greed, Savarese and Schwartz. Mr. Holt is one of our executive officers. Mr. Slayton resigned from the Board effective as of the close of business on March 1, 2005, and Mr. Reilly joined the Committee on May 3, 2005. INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

KPMG LLP has been our independent registered public accounting firm ("IRPA Firm") since our incorporation in 1981. KPMG LLP audited our consolidated financial statements for the fiscal year ended December 31, 2004. A representative of KPMG LLP is expected to be present at the meeting. The representative will be given an opportunity to make a statement if desired and will be available to respond to appropriate questions by stockholders.

Our Audit Committee has not yet appointed an IRPA Firm for the fiscal year ending December 31, 2005. While we have been satisfied with the services of KPMG LLP, as part of our cost-containment initiatives, we are scrutinizing all costs, including those of our IRPA Firm. Consequently, our Audit Committee is in the process of evaluating IRPA Firms and has solicited proposals from KPMG LLP and several other IRPA Firms. We intend to appoint an IRPA Firm before the end of the second quarter.

The following table sets forth the aggregate fees billed by KPMG LLP for audit services rendered in connection with the consolidated financial statements and reports for fiscal years 2004 and 2003 and for other services billed during fiscal years 2004 and 2003.

In accordance with the Sarbanes-Oxley Act of 2002, the Audit Committee's policy is to pre-approve all audit and non-audit services provided by our IRPA Firm. On an ongoing basis, management defines and communicates specific projects and categories of service for which the advance approval of the Audit Committee is requested. The Audit Committee reviews these requests and advises management if the Audit Committee approves the engagement of our IRPA Firm for such services. The Audit Committee has also delegated authority to Mr. Endres, the Chairman of the Audit Committee, and if Mr. Endres is unavailable, to Mr. Greed, to pre-approve specific permitted services. Any such approval must be reported to the Audit Committee at its next meeting. The Audit Committee did not approve any services pursuant to the de minimis exception of Rule 2-01(c)(7)(i)(C) of Regulation S-X during 2004.

Audit Committee Report

During early 2004, the Committee consisted of the following members of our Board of Directors: Richard O. Endres, Chairman, Gregory W. Slayton, and James J. Greed, Jr. Messrs. Savarese and Schwartz joined the Committee in April 2004. Mr. Slayton resigned in March 2005, and Mr. Reilly joined the Audit Committee in May 2005. The Board of Directors has determined that Mr. Reilly is an audit committee financial expert as that term is defined in Item 401 of Regulation S-K. The Committee operates pursuant to a written charter adopted by our Board of Directors which is available on our website: www.intest.com.

The Committee has reviewed and discussed our audited consolidated financial statements with management. The Committee has discussed the matters required to be discussed by SAS 61 (Communication with Audit Committees) with KPMG LLP, our independent registered public accounting firm ("IRPA Firm") for the year ended December 31, 2004. The Committee has received written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1 (which relates to the IRPA Firm's independence from us and our subsidiaries) and has discussed with KPMG LLP their independence from us and our related entities.

Based on the review and discussions referenced above, the Committee recommended to our Board of Directors that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2004.

Mr. Reilly does not appear as a signatory to this Committee's Report because he was not a member of the Committee at the time any of the matters described in this Committee Report were acted upon.

Based solely on review of the copies of such forms furnished to us, or written representations that no Forms 5 were required, we believe that, during 2004, all Section 16(a) filing requirements applicable to these officers, directors and greater than ten-percent beneficial owners were timely met except that the initial holdings of Mr. Pelrin and Mr. Christman and a subsequent transaction for each of Mr. Pelrin and Mr. Christman were reported late.
