### Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires Genesis' officers and directors and persons who beneficially own more than 10% of our common stock to file reports of ownership and changes in ownership with the SEC and Nasdaq. Reporting persons are required by SEC regulations to furnish Genesis with copies of all Section 16(a) forms they file. Based solely on a review of the copies of those forms received or written representations from persons subject to the reporting requirements of Section 16(a), we believe that, with respect to the fiscal year ended December 31, 2000, all reporting persons complied with all applicable filing requirements of Section 16(a), except for: Michael R. Fugler who filed a Form 3 late upon being appointed a director and which failed to reflect his ownership of shares of common stock and warrants to acquire common stock and Craig T. Dinkel who filed one Form 4 late that involved one transaction.

### Item 11. Executive Compensation

The following table sets forth the annual compensation paid to executive officers of Genesis for the fiscal years ended December 31, 2000, 1999 and 1998, the compensation of the chief executive officer and the only two other executive officers whose compensation exceeded \$100,000 during 2000, 1999 or 1998. Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options held by that person that are currently exercisable or become exercisable within 60 days following April 27, 2001 are deemed outstanding. Those shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person. Subject to community property laws where applicable, unless otherwise indicated in the table, the persons and entities named in the table have sole voting and sole investment power with respect to the shares set forth opposite the stockholder's name. As partial consideration for the loans made in April and June of 2000, Genesis agreed to amend a warrant granted to Ultimate in 1999 to purchase 700,000 shares by deleting from the warrant provisions that made the warrant exercisable only after 61 days' notice to Genesis of Ultimate's intent to exercise. The effect of the amendment was to make the warrant immediately exercisable. The August 2000 loan agreement provided that the amended warrant would be issued upon closing of that loan.

Each of the loans accrues interest at the rates provided above and is due and payable in full on the maturity date set forth above. The loans made in April and June 2000 are secured by security interests in substantially all of Genesis's assets. The remaining loans are unsecured obligations. The outstanding aggregate indebtedness to Ultimate under the above credit facilities at April 27, 2001 was approximately \$38 million.
