Westpac launches hybrid capital transaction

Westpac Banking Corporation today announced the launch of a Tier 1 hybrid capital transaction, to be known as Westpac FIRsTS, to raise a minimum of A\$600 million.

The offer is for the issue of a minimum of six million Westpac FIRsTS by a subsidiary of Westpac, at an issue price of A\$100 each. While the issue is intended to raise A\$600 million, provision has been made to accept additional applications for a further A\$100 million.

Westpac's Chief Financial Officer, Mr Phil Chronican, said: "We have been considering an additional issue of Tier 1 capital for some time to further improve the diversity and efficiency of our capital resources. This issue ensures we have the right capital mix."

Edgar Filing: WESTPAC BANKING CORP - Form 6-K

The Westpac FIRsTS offer will be made via a Product Disclosure Statement. A copy of the statement will be lodged today with the Australian Securities and Investments Commission.

The offer is expected to open on 25 November 2002 and close on 13 December 2002. Westpac Institutional Bank and Salomon Smith Barney have been appointed as joint lead managers to the offer.

Application will be made to have Westpac FIRsTS quoted on the Australian Stock Exchange, allowing holders to buy and sell Westpac FIRsTS at the prevailing market price after completion of the offer.

Mr Chronican said the Westpac FIRsTS are expected to pay fixed quarterly income distributions until 31 December 2007 when certain features, including the distribution rate, can be changed. At that time, investors can request an exchange of their Westpac FIRsTS.

"The expected annual distribution rate of Westpac FIRsTS will be determined on or around 19 December 2002 by reference to a margin over the prevailing five-year swap rate. The margin will be set following an institutional book build process, likely to be concluded by 20 November 2002," he said.
