## Edgar Filing: ARBOR ENTECH CORP - Form 10QSB

-----

We are a wood products company which has been in business since 1980. Our business has increased over the years. We are almost wholly dependent on sales to Home Depot.

### Results of operations

-----

QUARTER ENDED OCTOBER 31, 2002 COMPARED TO THE QUARTER ENDED OCTOBER 31, 2001.

Net sales for the quarter ended October 31, 2002 were approximately \$122,000, a decrease of \$340,000 or 74% as compared to net sales of approximately \$462,000 for the quarter ended October 31, 2001. Net sales decreased primarily due to less orders from Home Depot.

Cost of sales were approximately \$73,000 for the quarter ended October 31, 2002, a decrease of approximately \$158,000 or 68% over the comparable 2001 period cost of sales of approximately \$231,000. Cost of sales as a percentage of net sales was approximately 60% for the quarter ended October 31, 2002 compared to approximately 50% for the quarter ended October 31, 2001. This increase is primarily attributable to an increase in product costs during the current quarter that was not passed on to Home Depot.

Selling, general and administrative expenses were approximately \$135,000 for the quarter ended October 31, 2002, a decrease of approximately \$40,000 or 23% over selling, general and administrative expenses of approximately \$175,000 for the quarter ended October 31, 2001. This decrease was due primarily to a decrease in salaries and related costs of approximately \$30,000 along with reductions in other general expenses.

Interest income for the quarter ended October 31, 2002 was approximately \$400 compared to \$1,100 for the quarter ended October 31, 2001. The decrease in interest income is primarily attributable to lower average money market account balances in the current quarter coupled with lower interest rates.

Arbor's net loss was approximately \$85,000 for the quarter ended October 31, 2002 compared to net income of approximately \$58,000 for the quarter ended October 31, 2001.

SIX MONTHS ENDED OCTOBER 31, 2002 COMPARED TO THE SIX MONTHS ENDED OCTOBER 31, 2001.

Net sales for the six months ended October 31, 2002 were approximately \$369,000, a decrease of \$225,000 or 38% as compared to net sales of approximately \$594,000 for the six months ended October 31, 2001. Net sales decreased primarily due to less orders from Home Depot.

Cost of sales were approximately \$222,000 for the six months ended October 31, 2002, a decrease of approximately \$76,000 or 26% over the comparable 2001 period cost of sales of approximately \$298,000. Cost of sales as a percentage of net sales was approximately 60% for the six months ended October 31, 2002 compared to approximately 50% for the six months ended October 31, 2001. This increase is primarily attributable to an increase in product costs during the period that was not passed on to Home Depot.

## Edgar Filing: ARBOR ENTECH CORP - Form 10QSB

Selling, general and administrative expenses were approximately \$242,000 for the six months ended October 31, 2002, a decrease of approximately \$90,000 or 27% over selling, general and administrative expenses of approximately \$332,000 for the six months ended October 31, 2001. This decrease was due primarily to a decrease in salaries and related costs of approximately \$72,000 along with reductions in other general expenses.

Interest income for the six months ended October 31, 2002 was approximately \$900 compared to interest income of \$4,400 for the six months ended October 31, 2001. This decrease in interest income is primarily attributable to lower average money market account balances in the current period coupled with lower interest rates.

Arbor's net loss increased from approximately \$31,000 for the six months ended October 31, 2001 to approximately \$93,000 for the six months ended October 31, 2002. This was an increase of approximately \$62,000, or 200%.

### Liquidity and capital resources

-----

In the periods discussed above, Arbor's working capital requirements have been met primarily from sales of its wood products. At October 31, 2002 we had working capital of approximately \$627,000.

As at October 31, 2002, we had cash and cash equivalents of approximately \$299,000, which represented 42% of total assets. Arbor believes it has adequate working capital and will generate net revenues adequate to fund its operations for at least the next 12 months.

Net cash provided by operating activities was approximately \$20,000 for the six months ended October 31, 2002, as compared to net cash used in operating activities of approximately \$307,000 for the six months ended October 31, 2001. This increase of approximately \$327,000 is primarily attributable to the increase of net loss of approximately \$62,000 offset by a net change in operating assets and liabilities of approximately \$390,000.

Net cash provided by financing activities increased by approximately \$6,000, primarily attributable to net capital contributed in connection with related party loans.
