Director Fees and Compensation

Outside directors are paid \$2,500 for each meeting of the Board of Directors or committee meeting they attend in person, plus out of pocket expenses, and \$500 for each telephonic meeting or committee meeting in which they participate. These fees are determined by resolution of the Board of Directors. Directors also receive an annual stock award.

Report From the Compensation Committee Regarding Executive Compensation

The Compensation Committee of the Board of Directors consists of Messrs. Wood and von Meiss and Mr. Savoy until his resignation in July 2002.

The goal of the Compensation Committee is to develop compensation policies to attract and retain highly qualified officers, directors and middle managers whose skills are critical to the long-term success of the Company. Such policies are intended to reward and motivate individual and team performance with the common goal of maximizing total stockholder return.

The Executive Vice Presidents of the Company have entered into employment agreements with the Company. Details of these agreements are discussed below. Components of executive compensation include base salary, incentive bonus and stock options. Salary levels for executive officer positions reflect the duties and levels of responsibilities inherent in the position. Salaries of executive officers are reviewed annually and the primary criteria influencing salary adjustments are the individual's performance, experience, contribution to the Company and the competitive marketplace for executive talent.

In 2002, the Company implemented two bonus plans: the Management Incentive Bonus Plan in which all executive officers participate and the Executive Committee Annual Bonus Plan in which only the Chief Executive Officer and the Executive Vice Presidents participate. Amounts may be paid out of these plans in cash, stock or stock options.

Stock options are used by the Company as a long-term incentive and allow executives the opportunity to acquire and build an ownership interest in the Company.

As one of the factors in determining executive compensation, the Compensation Committee considers the anticipated tax treatment to the Company and to the executive officers of various types of compensation and benefits. From time to time, interpretations of and changes in the tax laws affect the deductibility of compensation. The Compensation Committee currently does not anticipate that compensation paid to the executive officers in 2002 will exceed the amounts specified as deductible pursuant to Section 162(m) of the Internal Revenue Code.

The compensation for the Chief Executive Officer is generally determined using the same evaluation criteria used for other officers and managers of the Company. The Chief Executive Officer has entered into an employment agreement with the Company discussed in detail below. In accordance with the agreement, the Chief Executive Officer received a base salary in 2002 of \$350,000. The Chief Executive Officer has met Board of Directors and Compensation Committee expectations with respect to the growth and development of the Company.

By the Compensation Committee:

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee of the Board of Directors of the Company was, during 2002, an officer or employee of the Company or any of its subsidiaries, or was formerly an officer of the Company or any of its subsidiaries or had any relationship requiring disclosure by the Company. During 2002, no executive officer of the Company served as (i) a member of the Compensation Committee (or other board committee performing equivalent functions) of another entity, one of whose executive officers served on the Compensation Committee of the Board of Directors, (ii) a Director of another entity, one of whose executive officers served on the Compensation Committee of the Board of Directors, or (iii) a member of the compensation committee (or other board committee performing equivalent functions) of another entity, one of whose executive officers served as a Director of the Company.

Employment Agreements

In August 2002, the employment agreements with Messrs. Barba, Elder and Jardine were amended and restated. In August 2003, the employment agreements with Messrs. Elder and Jardine were terminated as discussed below.

Mr. Barba is to serve as Chief Executive Officer and will receive \$350,000 per year as base salary. Mr. Barba also received a stock option grant to purchase 1,200,000 shares of the Company's common stock, which will vest in four equal installments beginning in December 2003, and the exercise price will equal the market price on the date of grant. Mr. Barba will participate in the Executive Committee Annual Bonus Plan and the Company's Management Incentive Bonus Plan, as well as the Company's benefit plans. Mr. Barba will be reimbursed for routine business and entertainment expenses and club membership costs. The agreement includes a covenant not to compete for 24 months after termination from the Company. In the event of termination due to death or disability, Mr. Barba, or his estate, would receive his salary and pro rata bonus for six months after his death or disability and all options would vest immediately and expire in one year. In the event of termination due to a change of control, as defined in the agreement, Mr. Barba would receive \$637,500 per year for a period of two years; all options would vest immediately and expire within 90 days of termination; and Mr. Barba would receive an additional bonus for any additional taxes the package would trigger. Any other termination, other than termination with cause, would result in Mr. Barba receiving salary and bonuses, as defined in the agreement for one year, paid over a two year period and being eligible to continue to participate in the Company benefit plan, if permitted, or being compensated for the fair value of benefits Mr. Barba would not be able to participate in. Mr. Barba's agreement expires on December 6, 2004.

Messrs. Elder and Jardine are to serve as Executive Vice Presidents, effective August 30, 2002, and will each receive \$250,000 per year as base salary. Messrs. Elder and Jardine also each received a stock option grant to purchase 300,000 shares of the Company's stock, which will vest in four equal installments beginning in December 2003, and the exercise price was \$0.18 per share. Messrs. Elder and Jardine each will receive a one-time cash payment of \$100,000 on January 1, 2003 and will receive quarterly bonus payments of \$25,000 cash to be paid on April 1, 2003, July 1, 2003, October 1, 2003 and January 1, 2004. Messrs. Elder and Jardine will participate in the Company benefit plans and will be reimbursed for routine business and entertainment expenses and club membership costs. The agreement includes a covenant not to compete for 24 months after termination from the Company. In the event of termination due to death or disability, Messrs. Elder and Jardine, or his estate, would

receive his salary and pro rata bonus for six months after his death or disability, all options would vest immediately and expire in one year and the balance remaining on the Merger Transition Award would be paid in full within three months. In the event of termination due to a change of control, as defined in the agreement, Messrs. Elder and Jardine would receive \$637,500 per year for a period of two years; all options would vest immediately and expire with 90 days of termination; an additional bonus for any additional taxes the package would trigger. Any other termination, other than termination with cause, would result in Messrs. Elder and Jardine receiving salary and bonuses, as defined in the agreement for one year, paid over a two year period and being eligible to continue to participate in the Company benefit plan, if permitted, or being compensated for the fair value of benefits Messrs. Elder and Jardine would not be able to participate.

In August 2003, Messrs. Elder and Jardine entered into Termination Agreements, which terminated the Employment Agreements discussed above. Pursuant to the Termination Agreements, Messrs. Elder and Jardine resigned from all positions they held with the Company. They will each receive severance pay totaling \$273,850 to be paid out over the next 9½ months and \$24,750 as payment for all of their outstanding options that are vested in-the-money at the date of termination.

Certain Relationships and Related Transactions

In the past, as part of the normal course of business, some members of the Board of Directors have proposed business alliances between the Company and companies with which they are associated. In the opinion of management, each of these transactions or arrangements was entered into on terms as favorable to the Company as could have been obtained in transactions or arrangements with unaffiliated third parties. However, at this time no such arrangements or alliances exist.

Audit Committee Report

The Audit Committee of the Board of Directors consists of Messrs. von Meiss and Wood. The duties and responsibilities of the Audit Committee are set forth in a written charter the Board of Directors has adopted. Each of the members of the Audit Committee is independent, as defined in Rule 4200(a)(15) of the NASD listing standards.

Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants (auditors) are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. It is the Audit Committee's responsibility to monitor these processes.

In this context, the Audit Committee has reviewed and discussed with the Company's auditors the overall scope and plans for the independent audit. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. Discussions about the Company's audited financial statements included the auditors' judgments about the quality, not just the acceptability of the application of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also discussed with the auditors other matters required by Statement on Auditing Standards ("SAS") No. 61, *Communication with Audit Committees*, as amended by SAS No. 90, *Audit Committee Communications*.

Edgar Filing: INVESTOOLS INC - Form DEF 14A

The Company's auditors provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed the auditor's independence with management and the auditors. In addition, the Audit Committee considered whether the other non-audit consulting services provided by the auditor's firm could impair the auditor's independence and concluded that such services have not impaired the auditor's independence.

Based on the Audit Committee's discussion with management and the auditors and the Audit Committee's review of the representations of management and the report of the auditors to the Audit Committee, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002 filed with the SEC.

By the Audit Committee:

Hans von Meiss, Chairman

Stephen C. Wood
