PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

The accompanying proxy is being solicited by the Board of Directors of KapStone Paper and Packaging Corporation (the "Company") and contains information related to the Annual Meeting of Stockholders to be held on Thursday, May 29, 2008, at 11:00 a.m., Central Standard Time, or any adjournment or postponement thereof, for the purposes described in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at the Renaissance Hotel, 933 Skokie Boulevard, Northbrook, Illinois. This Proxy Statement was filed with the Securities and Exchange Commission (the "SEC") on April 28, 2008, and the approximate date on which the Proxy Statement and the accompanying form of proxy were first sent or given to stockholders was April 30, 2008.

The Company will bear the cost of soliciting proxies. We may solicit stockholder proxies by mail through our regular employees, and may request banks and brokers, and other custodians, nominees and fiduciaries, to solicit their customers who have our Common Stock registered in their names and will reimburse them for their reasonable, out-of-pocket costs. We may use the services of our officers, directors, and others to solicit proxies, personally or by telephone, without additional compensation.

ABOUT THE MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, stockholders will act upon the matters outlined in the Notice of Annual Meeting that is attached to this Proxy Statement. These matters include the election of directors, the approval of the Performance Incentive Plan of KapStone Paper and Packaging Corporation and the ratification of the reappointment of Ernst & Young LLP as our independent auditors. In addition, management will report on the Company's performance during 2007 and will respond to questions from our stockholders. The Annual Report for the year ended December 31, 2007 is enclosed with this Proxy Statement.

Who is entitled to vote at the meeting?

Only stockholders of record as of the close of business on the record date, April 23, 2008, will be entitled to vote the shares of the Company's Common Stock they held on the record date at the Annual Meeting. As of the close of business on the record date, there were 25,283,897 shares of Common Stock outstanding and entitled to vote.

Stockholders may vote in person or by proxy. Each holder of shares of the Company's Common Stock is entitled to one vote for each share of stock held on the proposals presented in this Proxy Statement. Our bylaws provide that a majority of all of the outstanding shares of stock entitled to vote, whether present in person or represented by proxy, constitutes a quorum for the transaction of business at the Annual Meeting.

How do I vote?

If you properly complete and sign the enclosed proxy card and return it as instructed on the proxy card, it will be voted as you direct. If you hold your shares in your name and you attend the meeting, you may deliver your completed proxy card in person. If you hold your shares in "street name" through a brokerage or other nominee, you will need to obtain a proxy card from the institution that holds your shares.

Edgar Filing: KAPSTONE PAPER & PACKAGING CORP - Form DEF 14A

All shares of Common Stock represented by a proxy will be voted, and where a stockholder specifies a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If you do not indicate a choice on the proxy card, the shares will be voted in favor of the election of the nominees for director contained in this Proxy Statement, in favor of the Performance Incentive Plan of KapStone Paper and Packaging Corporation, in favor of ratifying Ernst & Young LLP as independent auditors for the Company for 2008 and, in the discretion of the proxy holders, on any other matter that comes before the meeting.

Once you have given your proxy, you may revoke it at any time prior to the time it is voted, by delivering to the Secretary of the Company at the Company's principal offices either a written document revoking the proxy or a duly executed proxy with a later date, or by attending the meeting and voting in person. Merely attending the Annual Meeting will not, by itself, revoke a proxy.

Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum. "Broker non-votes" are shares held by brokers or nominees who are present in person or represented by proxy, but which are not voted on a particular matter because instructions have not been received from the beneficial owner. The effect of broker non-votes and abstentions on the specific items to be brought before the Annual Meeting is discussed under each item.

During the year ended December 31, 2007, the Board of Directors held six meetings. Each director serving on the Board of Directors in 2007 attended at least 75% of the meetings of the Board of Directors and the committees on which he served. The Board meets in Executive Session, without any members of management present, at each regularly scheduled meeting of the Board of Directors.

What is the Company's policy regarding attendance by the Board of Directors at the Annual Meeting of Stockholders?

Members of the Board are strongly encouraged to attend the 2008 Annual Meeting of Stockholders.

What committees has the Board of Directors established?

The Board of Directors has established an Audit Committee, a Compensation Committee, and a Nominating and Governance Committee. Each committee operates under a written charter approved by the Board of Directors. The Audit Committee consists of Messrs. Chapman, Doughan, Rahman and Stewart, and Mr. Stewart serves as the Chairman. The Compensation Committee consists of Messrs. Chapman, Furer, Shapiro and Stewart, and Mr. Furer serves as the Chairman. The Nominating and Governance Committee consists of Messrs. Doughan, Furer, Rahman and Stewart, and Mr. Doughan serves as the Chairman.

Audit Committee. The Audit Committee's function is to review, with our independent auditors and management, the annual financial statements and independent auditors' opinion, review and maintain direct oversight of the plan, scope and results of the audit by the independent auditors, review and approve all professional services performed and related fees charged by the independent auditors, be solely responsible for the retention or replacement of the independent auditors, and monitor the adequacy of the Company's accounting and financial policies, controls, and reporting systems. The Audit Committee held five meetings in 2007.

The Board of Directors and the Audit Committee believe that the Audit Committee's current member composition satisfies the rule of the National Association of Securities Dealers, Inc. ("NASD") that governs audit committee composition, including the requirement that audit committee members all be "independent directors" as that term is defined by NASD Rule 4200 (a)(15) and the definition of "independent" under the Sarbanes Oxley Act of 2002. Additionally, the Company certifies that it has, and will continue to have, at least one member of the Audit Committee that is defined as an "audit committee financial expert" in accordance with Section 407 of the Sarbanes Oxley Act with past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. Currently, the Board has determined that S. Jay Stewart and James Doughan are "audit committee financial experts."

Compensation Committee. The functions of the Compensation Committee include providing guidance to management and assisting the Board of Directors in matters relating to the compensation of the Chief Executive Officer and senior executives, the organizational structure of the Company, the Company's compensation and benefits programs, the Company's succession, retention and training programs, and such other matters that have a direct impact on the success of our human resources. The Compensation Committee held three meetings in 2007. The details of the process and procedures followed by the Compensation Committee are disclosed in the Compensation Discussion and Analysis and report of the Compensation Committee included in this Proxy Statement.

Nominating and Governance Committee. The functions of the Nominating and Governance Committee include leading any searches for new Board of Director candidates, reviewing and making recommendations to the Board regarding director compensation, and making recommendations to the Board regarding director nominees to be put forth by the Board at each annual meeting of stockholders. In addition, the area of corporate governance has taken on increasing importance in the creation and preservation of stockholder value. Therefore, the Nominating and Governance Committee focuses on core processes that the Board and its committees utilize to carry out their responsibilities, including fundamental issues such as how decisions are made. The Nominating and Governance Committee held two meetings in 2007.

Any stockholder who wishes to recommend for the Nominating and Governance Committee's consideration a prospective nominee to serve on the Board of Directors may do so by giving the candidate's name and qualifications in writing to the Company's Secretary at the following address: 1101 Skokie Boulevard, Suite 300, Northbrook, IL 60062.

As described in the Audit Committee Charter, the Committee has oversight responsibilities to stockholders, potential stockholders, the investment community, and other stakeholders related to the:

- integrity of the Company's financial statements;
- financial reporting process;
- systems of internal accounting and financial controls;
- performance of the Company's internal audit function and independent auditors;
- independent auditor's qualifications and independence; and
- compliance with ethics policies and legal and regulatory requirements.

The Audit Committee is composed solely of independent directors as defined by the listing standards of National Association of Securities Dealers, Inc.

The Audit Committee has reviewed and discussed the consolidated financial statements with management and Ernst & Young LLP, the Company's independent auditors. Management is responsible for the preparation, presentation and integrity of KapStone's financial statements; accounting and financial reporting principles; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of disclosure controls and procedures; evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting. Ernst & Young LLP is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America, as well as expressing an opinion on the effectiveness of internal control over financial reporting.

The Audit Committee provided oversight and advice to management relating to management's assessment of the adequacy of KapStone's internal control over financial reporting in accordance with the requirements of the Sarbanes Oxley Act of 2002. The Audit Committee held private sessions with Ernst & Young LLP to discuss the annual audit. At the conclusion of the process, the Audit Committee reviewed a report from management on the effectiveness of the Company's internal control over financial reporting. The Committee also reviewed the report of management contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2007, filed with the SEC, as well as Ernst & Young LLP's Report of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K related to its audit of (i) the consolidated financial statements and financial statement schedule and (ii) the effectiveness of internal control over financial reporting.

The Audit Committee has discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees" and PCAOB Auditing Standard No. 2, "An Audit of Internal Control Over Financial Reporting Performed in Conjunction with an Audit of Financial Statements." In addition, Ernst & Young LLP has

provided the Audit Committee with the written disclosures and the letter required by the Independence Standards Board Standard No. 1, as amended, "Independence Discussions with Audit Committees," and the Audit Committee has discussed with Ernst & Young LLP their firm's independence. In addressing the quality of management's accounting judgments, the Audit Committee asked for management's representations and reviewed certifications prepared by the Chief Executive Officer and Chief Financial Officer that the audited consolidated financial statements of the Company fairly present, in all material respects, the financial condition and results of operations of the Company.

Based on the review of the consolidated financial statements and discussions with and representations from management and Ernst & Young LLP referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in KapStone's Annual Report on Form 10-K for the year ended December 31, 2007, for filing with the Securities and Exchange Commission.

In accordance with Audit Committee policy and the requirements of law, the Audit Committee pre-approves all non-audit services to be provided by KapStone's outside auditors, Ernst & Young LLP. In addition, the Audit Committee pre-approves all audit and audit related services provided by Ernst & Young LLP. A further discussion of the fees paid to Ernst & Young LLP for audit and non-audit expenses is included below under the heading "**INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.**" Although the Audit Committee has the sole authority to appoint independent auditors, the Audit Committee is recommending that the Board ask the stockholders to ratify the appointment at the Annual Meeting.

EXECUTIVE COMPENSATION***Compensation Discussion and Analysis***

Our compensation programs for executive officers are administered by the Compensation Committee, which is composed solely of independent directors as defined by NASDAQ rules. The Compensation Committee operates under a written charter adopted by the Board. The full text of the Compensation Committee charter is included in this Proxy Statement as Annex C. The Compensation

Committee charter is included on the Company's website at the following address: <http://kapstonepaper.com> and printed copies are available to any stockholder upon request.

The Compensation Committee has reviewed and approved the following discussion and analysis, which analyzes the objectives and results for 2007 of our compensation policies and procedures for: Roger W. Stone, the Company's Chief Executive Officer; Matthew Kaplan, the Company's President; Timothy Keneally, the Company's Vice President and General Manager; and Andrea K. Tarbox, the Company's Vice President and Chief Financial Officer (the "Named Executive Officers"). Our compensation programs have been adopted in order to implement the Compensation Committee's compensation philosophy, while taking into account the Company's financial performance. The Compensation Committee periodically reviews our compensation programs and practices in light of the Compensation Committee's compensation philosophy, changes in laws and regulations, and the Company's financial goals.

Compensation Policies and Objectives

We believe that compensation for executive officers should be determined according to a competitive framework, taking into account the financial performance of the Company, individual contributions and the external market in which we compete for executive talent. In determining the compensation of our executive officers, we seek to achieve the following objectives through a combination of fixed and variable compensation.

Pay Competitively

A total compensation package should be competitive. For executive officers, including the Company's Chief Executive Officer, the Compensation Committee considers the level of compensation paid to individuals in comparable executive positions in our peer group and at other paper and packaging companies with which we compete in order to recruit and retain executive talent.

Pay for Performance

Our compensation practices are designed to create a direct link between the aggregate compensation paid to each executive officer and the financial performance of the Company. In order to accomplish this, the Compensation Committee considers the individual performance of each executive officer by reviewing, among other factors, the achievement of pre-established corporate and individual performance objectives as well as the recommendations of the Chief Executive Officer. The amount of each component of an executive officer's compensation is based in part on the Compensation Committee's assessment of that individual's performance as well as the other factors discussed in this section.

Executives as Stockholders

Our compensation practices are also designed to link a portion of each executive officer's compensation opportunity directly to the value of the Common Stock through the use of stock-based awards.

Elements of Compensation

To accomplish its compensation objectives and philosophy, the Compensation Committee relies on the following elements of compensation, each of which is discussed in more detail below:

Base salary

Annual performance-based cash bonus awards

Long-term incentive compensation (in the form of stock options, restricted stock and restricted stock units)

When approving the compensation of our executive officers, the Compensation Committee reviews all of the elements of our executive compensation program, including through the use of "tally sheets" showing each component and relevant accrued benefits.

Each component of executive compensation is designed for a specific purpose. For example, salaries are the main component of cash-based annual compensation. Salaries are set to compensate each executive based on that executive's employment and salary history, position within the Company and comparable competitive salaries at other companies. With regard to the more variable components of the compensation package, annual bonuses are tied to the Company's short-term objectives, while equity-based compensation is directed towards successful results over a longer period. The purpose of the combination of salary, annual bonus and equity awards is to provide the appropriate level of total annual cash compensation and long term incentives, combined with an appropriate performance-based component. The Compensation Committee places the greatest emphasis on performance-based compensation through annual cash bonus awards and equity-based awards, which together comprise the largest portion of executive officer compensation. The Compensation Committee believes that our executive compensation package, consisting of these components, is comparable to the compensation provided in the market in which we compete for executive talent and is critical to accomplishing our recruitment and retention aims.

We do not have employment contracts with any Named Executive Officer. The Named Executive Officers do not have any severance arrangements or pension or retirement benefits other than the Company's 401(k) plan.

Overview of Compensation Program and Process

Role of Committee

The Compensation Committee is responsible for reviewing and recommending to the board of directors the base salaries and annual and long-term incentive awards for our executive officers. The Committee also approves and recommends to the Board of Directors employee compensation and benefit programs, as appropriate.

Role of Management

Management assists the Committee in fulfilling its responsibilities with respect to evaluating executive performance, proposing appropriate performance targets for the annual and long-term incentive plans and developing recommendations as to appropriate salary levels and award amounts.

Role of Consultants

In early 2007, management retained Ernst & Young to provide input for 2007 compensation decisions made by management, relative to whether total compensation levels were within competitive levels based on general industry data and based on a designated group of peer companies.

In February 2008, the Committee determined that it would retain an independent consulting firm to assist it on executive compensation matters. The Committee solicited proposals from three separate compensation consultants and retained the services of Frederic W. Cook & Company, Inc. Cook has been charged with assisting the Compensation Committee in developing a peer group and generally advising the Compensation Committee on executive compensation matters relating to compensation strategy and program design. Cook reports directly to the Compensation Committee.

Role of Chief Executive Officer

For 2007, our Chief Executive Officer, Mr. Stone, provided to the Compensation Committee his recommendations with respect to potential compensation of the Named Executive Officers who report to him. The Compensation Committee reviewed and gave considerable weight to these recommendations because of Mr. Stone's direct knowledge of other executives' performance and contributions. The Compensation Committee ultimately used its collective judgment to determine the compensation levels, including base salary levels, annual incentive bonuses and equity award amounts for each of the Named Executive Officers other than the Chief Executive Officer. Mr. Stone also provided to the Compensation Committee his recommendations for his own salary, annual performance bonus and equity award grant. In this regard, Mr. Stone recommended that his compensation levels be identical to those of our President, Mr. Kaplan, due to the current and historical level of work and responsibilities shared by them. The Compensation Committee ultimately determined and approved Mr. Stone's compensation independently based on its collective judgment.

Continuing Process

While the Compensation Committee makes many of its compensation decisions during the first quarter of the year, the Committee continues to plan and review compensation matters throughout the year.

Benchmarking

The Compensation Committee reviews survey information of executive compensation, both with respect to target and actual compensation data available, payable by a designated peer group as well as the competitive median of total compensation of general industry groups. The purpose of this review is to ensure that our executive total compensation levels, including base salaries, annual bonus and equity awards, remain reasonable, competitive and appropriate. The Compensation Committee considers executive compensation paid at the peer companies when setting executive compensation levels at the Company, but we do not attempt to maintain a specified target percentile within this peer group to determine executive compensation. In light of the request by Mr. Stone that he and Mr. Kaplan receive the same level of compensation, the Compensation Committee does compare the aggregate compensation for Messrs. Stone and Kaplan against the aggregate compensation for the chief executive officer and chief operating officer of the peer group companies.

The Compensation Committee annually selects the peer companies, which are generally in the paper and packaging industry, based on a number of factors, such as:

- Their revenue size;
- Their market capitalization;
- The nature of their business; and
- The competition with us for talent.

We were a shell company until we acquired the Kraft Paper Business from International Paper on January 2, 2007. In light of our short history as an operating company, the Compensation Committee did not designate a specific peer group during 2007. The Compensation Committee did, however, review a survey of information of executive compensation paid at a select group of paper and packing companies from publicly available information.

In February 2008, the Compensation Committee, with the advice of Cook, selected the following peer companies: AEP Industries; AptarGroup; Bukeye Technologies, BWAY Holding; Caravstar Industries; Chesapeake; Constar International; Deltic Timber; Glutfelter; Impreso; Mercer International; Myers Industries; Nienah Paper; Packaging Corporation of America; Pope & Talbot; PVC Container; Schweitzer-Mauduit International; VFP Technologies; Vikase; and Wausau Papers. The Committee expects to reevaluate the composition of the designated peer group as the Company executes its strategy of organic and strategic growth.

Components of Executive Compensation

The following provides an analysis of each element of compensation, what each is designed to reward and why the Compensation Committee chose to include it as an element of the Company's executive compensation.

Base Salary

Base salaries are reviewed annually in the context of the Compensation Committee's consideration of the effect of base compensation on recruiting and retaining executive talent. Accordingly, the Compensation Committee considers the executive compensation of a broad group of companies in the paper and packaging industries. In establishing each executive officer's base salary, the Compensation Committee considers several factors, including individual job performance, salary history, competitive external market conditions for recruiting and retaining executive talent, the scope of the executive's position and level of experience and changes in responsibilities.

During 2007, the base salaries of executive officers were established in accordance with the foregoing practices. Consistent with our policy for all employees, salaries for executive officers and senior management, including the Named Executive Officers, are reviewed annually in March and increases, based on the compensation objectives discussed above, are generally effective on April 1 of each year. Of the Named Executive Officers, the Compensation Committee maintained the salaries of each of Mr. Stone and Mr. Kaplan at \$420,000. Although the Committee believed that an increase to the salaries of Messrs. Stone and Kaplan was appropriate, each of Mr. Stone and Mr. Kaplan requested that Committee maintain his salary at the 2007 level. The Committee increased the salary of Mr. Keneally from \$273,000 to \$305,000 and the salary of Ms. Tarbox from \$240,000 to \$275,000, in each case effective as of April 1, 2008. These salary increases reflected the Committee's view that the 2007 salaries for these executives were not competitive with the salaries of similarly-situated executives at peer companies.

Annual Performance-Based Cash Bonus Awards

The Compensation Committee ties a significant portion of each Named Executive Officer's total potential compensation to Company performance and individual performance. In setting financial and operating performance targets, which are established early in the year, the Compensation Committee considers our strategic and operating plans. The Compensation Committee also considers the budget for the next year and, after consultation with management, sets specific incentive targets that are directly linked to our financial performance.

In January 2007, the Compensation Committee set the 2007 annual bonus targets for the Named Executive Officers. Bonus potentials for Named Executive Officers were set at percentages of their base salaries deemed appropriate for their current positions. The bonus potential for each of Mr. Stone and Mr. Kaplan for 2007 was set at up to 130% of his base salary (or \$546,000). The bonus potential for each of Mr. Keneally and Ms. Tarbox was set at up to 90% of his or her salary (\$245,700 and \$216,000, respectively).

Edgar Filing: KAPSTONE PAPER & PACKAGING CORP - Form DEF 14A

The objective of the annual bonus element of compensation is to align the interest of the Named Executive Officers with the Company's financial goals for the year and also to encourage and reward the achievement of individual goals. To achieve this, the Compensation Committee established the following measures to determine bonus payouts for 2007: for each of Mr. Stone and Mr. Kaplan, bonus was weighted 100% on the achievement of the Company's EBITDA goals; and for each of Mr. Keneally and Ms. Tarbox, bonus was weighted 70% based on EBITDA performance and 30% based on individual performance goals. We have not disclosed the individual performance targets of Mr. Keneally or Ms. Tarbox because we believe such disclosure would result in competitive harm to us. Mr. Keneally's targets include the EBITDA, working capital, freight cost, sales and safety initiatives of business units; and Ms. Tarbox's targets relate to infrastructure development, regulatory and reporting functions, risk management, human resources and strategic support. We do not publicly disclose this information and, if disclosed, we believe such information would provide competitors and others with insights into our operational strengths and weaknesses that would be harmful to us.

With respect to the Company's EBTIDA goals for 2007, the Compensation Committee established the following target payout levels:

2007 Target Payout Levels			
	35%	50%	100%
EBITDA	\$ 38,500,000	\$ 55,000,000	\$ 71,500,000

EBITDA is defined as earnings excluding interest, income taxes, depreciation and amortization, extraordinary items and the cumulative effect of accounting changes. This non-GAAP EBITDA measure used is the same measure management uses internally to manage and to evaluate the business of the Company. The Compensation Committee believed that, based on the Company's budget, it would be difficult for executives to achieve payouts towards the high end of the EBITDA target payout levels. Nevertheless, in order to motivate the Named Executive Officers to significantly exceed budgeted performance, we provided an opportunity for them to share in the potential superior performance if we meet these higher goals.

Under the annual incentive plan, EBITDA for 2007 was calculated at \$58.5 million. Based on the foregoing, each of the Named Executive Officers was entitled to receive a payout of 60.7% of his or her potential bonus that was tied to achievement of the Company's EBITDA. Accordingly, Mr. Stone and Mr. Kaplan were each entitled to receive a bonus under the annual incentive plan of \$331,422 (60.7% of \$546,000). However, at the request of Mr. Stone and Mr. Kaplan, the Compensation Committee did not award these bonuses to the executives. Although Mr. Stone and Mr. Kaplan were satisfied with the Company's performance during 2007, each believed that the Company's operating and financial performance could have been better in 2007. The Committee accepted the request of Mr. Stone and Mr. Kaplan even though the Committee believed that the 60.7% bonus payout was appropriate in light of the Company's financial performance.

The Compensation Committee, after consultation with Mr. Stone, determined that Mr. Keneally was entitled to receive 87.5% and Ms. Tarbox was entitled to receive 82.0% of the 30% of such executive's bonus potential tied to individual performance. Based on the foregoing and the 60.7% of the 70% bonus potential linked to EBITDA performance, the Compensation Committee awarded Mr. Keneally a bonus of \$168,910 and Ms. Tarbox a bonus of \$144,928.

After reviewing the results for 2007, upon the recommendation of management, the Compensation Committee set the bonus potential for each of Mr. Stone and Mr. Kaplan under the annual incentive plan for 2008 at up to 130% of his base salary based 100% on the achievement of the Company's EBITDA goals. The bonus potential for each of Mr. Keneally and Ms. Tarbox was set at 90% of base salary, with 70% based on the achievement of the Company's EBITDA goal and the remaining 30% based on individual performance goals.

Long-Term Incentive Compensation

The Compensation Committee determines the awards of long-term compensation through equity incentives (in the form of stock options, restricted stock and restricted stock units) granted to executive officers as well as other eligible employees. The Compensation Committee believes that including an equity component in executive compensation closely aligns the interests of the executives and the Company's stockholders and rewards executives in line with stockholder gains. The practice of the Compensation Committee is to consider annual equity grants to key employees, including the Named Executive Officers, at its regularly scheduled meeting in April. Option grants at other times depend upon circumstances such as promotions or new hires.

Equity awards are made under the Kapstone 2006 Stock Incentive Plan (the "2006 Plan"), which provides for the grant of non-qualified stock options, incentive stock options, restricted stock, restricted stock units and other stock-based awards. The Compensation Committee determined that it would be advisable to consider the award of restricted stock in combination with stock options in appropriate cases. This determination reflected the desire to maintain a strong long-term equity component in executive compensation, to reduce the number of equity units required to provide such component and to adjust compensation practices appropriately in light of Statement of Financial Accounting Standards No. 123R ("SFAS 123R"), which requires companies to recognize the compensation cost related to "share-based payment transactions," like stock options, in their financial statements. To date, only non-qualified stock options and restricted stock have been granted under the 2006 Plan.

Equity grants made during 2007 to executive officers and senior management, including the Named Executive Officers, were determined by the Compensation Committee based upon the compensation objectives of the Compensation Committee, as discussed above, and informed by the evolving nature of executive compensation practices. In determining the size of the equity grants for the Named Executive Officers, the Compensation Committee made an evaluation of a number of factors, including: competitive market practices; the level of responsibility of the individual; the individual's job performance and ability to influence corporate results; and the cost to the Company under SFAS 123R and the related effect of equity grants on earnings per share dilution. During 2007, restricted stock were awarded in a ratio of one restricted stock for each approximately three stock options awarded. This reflects the relationship between the value of restricted stock, which is based on the market value of the underlying Common Stock, and the SFAS 123R value of stock options (which is generally two or three to one), as well as the intent of delivering approximately the same economic value through the restricted stock component of the award as the stock option component.

Stock options produce value for executives and employees only if the Common Stock price increases over the exercise price, which is set at the market price of the Common Stock on the date of grant, calculated as the closing price on the date of grant. Also, through vesting and forfeiture provisions, stock options create incentives for executive officers and senior management to remain with the Company. Stock options granted in 2007 to executive officers and senior management, including the Named Executive Officers, vest 50% on the second anniversary of the grant date and the remaining 50% on the third anniversary of the grant date.

The restricted stock received by the Named Executive Officers and other members of senior management vest 100% on the third anniversary of the grant date.

The specific grants to the Named Executive Officers are set forth below in the "Grants of Plan-Based Awards" table, and information regarding the equity awards held by the Named Executive Officers as of the end of 2007 is set forth below in the "Outstanding Equity Awards at December 31, 2007" table.

Edgar Filing: KAPSTONE PAPER & PACKAGING CORP - Form DEF 14A

On April 10, 2008, the Compensation Committee granted the following equity awards under the 2006 Plan to the Named Executive Officers:

<u>Name</u>	<u>Stock Options</u>	<u>Restricted Stock Units</u>
Roger W. Stone	167,671	53,217
Matthew Kaplan	167,671	53,217
Timothy Keneally	60,548	19,217
Andrea K. Tarbox	60,548	19,217

Each of the stock options has an exercise price of \$6.90 per share (the closing stock price on the date of grant), has a ten year term and vests 50% on the second anniversary of the grant date and the remaining 50% at the third anniversary of the grant date. Each restricted stock unit vests 100% on the third anniversary of the grant date.

Severance and Change-in-Control Benefits

We generally do not agree in advance to provide post-termination or change-in-control benefits to executive officers in the event that they terminate employment with the Company. We reserve the right to provide severance benefits to executives when they terminate employment with the Company. None of the Named Executive Officers has an employment agreement that provides for termination, severance or change-in-control benefits.

We do have change-in control provisions in the 2006 Plan. The 2006 Plan provides the Compensation Committee with the discretion to adjust equity awards in the event of a change-in-control. This adjustment may include the acceleration and vesting of awards upon a change-in-control.

As described under Proposal 2, the Performance Incentive Plan provides that if a participant is terminated by the Company following a change-in-control but prior to the payment of an annual incentive award for a performance period thereunder, the participant will be entitled to such award only if the applicable performance goals are achieved, such award to be prorated for the actual number of months worked in the year.

The Compensation Committee believes that the provisions provided under both the 2006 Plan and the Performance Incentive Plan are appropriate since an employee's position could be adversely affected by a change of control even if he or she is not terminated.

Personal Benefits

In 2007, we provided the Named Executive Officers with personal benefits, or perquisites, that the Compensation Committee believes are reasonable and in the best interests of Kapstone and its stockholders. The Named Executive Officers were eligible to participate in the same broad based health care plan available to all employees. These personal benefits help us attract and retain the best talent and keep our executive compensation program competitive.

Pension Benefits or Supplemental Retirement Benefits

We do not provide any pension or retirement benefits to the Named Executive Officers other than the 401(k) plan with company matching contributions. The Compensation Committee does not believe that pension or other supplemental retirement benefits other than the 401(k) plan are necessary to further the objectives of our executive compensation program.

Regulatory Considerations

Section 162(m) of the Internal Revenue Code generally denies a publicly traded company a Federal income tax deduction for compensation in excess of \$1 million paid to certain of its executive officers, unless the amount of such excess is payable based solely upon the attainment of objective performance criteria. The Company has undertaken to qualify substantial components of the incentive compensation it makes available to its executive officers for the performance exception to non-deductibility. Most equity-based awards available for grant under the Company's equity compensation plans, and all of the equity-based awards actually granted to executive officers, are intended to so qualify. Amounts payable under the Performance Incentive Plan, if approved by stockholders, is also intended to be exempt from the application of Section 162(m) as performance-based compensation. However, in appropriate circumstances, the Compensation Committee may deem it appropriate to pay compensation or make incentive or retentive awards that do not meet the performance based criteria and therefore may not be deductible by reason of Section 162(m).

Stock Ownership Guidelines

In light of the significant ownership of Common Stock by our executives, we have not adopted a formal stock ownership guideline for executives. Our executives are encouraged to maintain a significant ownership interest in the Company in order to align their interests with the interests of the stockholders.

Report of the Compensation Committee of the Board of Directors

The Compensation Committee reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of SEC Regulation S-K with management. Based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the registrant's Proxy Statement on Schedule 14A.

Our Chief Executive Officer, Mr. Stone, served on the Compensation Committee of Prairie Packaging during 2007 until its sale.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

As discussed in our Compensation Discussion and Analysis, we generally do not agree in advance to provide post-termination or change-in-control benefit to our executive officers in the event that they terminate employment with us. None of our Named Executive Officers has an employment agreement that provides for termination, severance or change-in-control benefits.

As also discussed in our Compensation Discussion and Analysis, the Compensation Committee has the authority to vest all equity awards made under the 2006 Plan upon a change-in-control.

NOMINATING AND GOVERNANCE COMMITTEE

Who are the nominees for election at the 2008 Annual Meeting of Stockholders?

The Nominating and Governance Committee recommended John M. Chapman, Matthew Kaplan and Earl Shapiro to be nominated by the Board of Directors for election to Class B of the Board at the Annual Meeting of Stockholders.

In selecting non-incumbent candidates and reviewing the qualifications of incumbent candidates for the Board of Directors, the Nominating and Governance Committee considers the Company's corporate governance principles, which include the following:

Directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the stockholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. They must be actively engaged in the pursuit of information relevant to the Company's business and must constructively engage their fellow Board members, the CEO, and other members of management in dialogue and decision making. The Board of Directors will represent diverse experience at policy-making levels in business and technology in areas that are relevant to the Company's activities.

Directors must be willing to devote sufficient time to carrying out their duties and responsibilities effectively, and should be committed to serve on the Board of Directors for an extended period of time. Directors should offer their resignation in the event of any significant change in their personal circumstances, including a change in their principal job responsibilities.

At least a majority of the directors will be independent directors as defined in the NASD rules for companies listed on the NASDAQ. Directors who do not meet the NASD Manual's independence standards also make valuable contributions to the Board of Directors and to the Company through their experience and wisdom.

In general, to be considered independent under the NASD Manual rules, the Board must determine, among other things, that a director does not have any relationships that, in the Board's opinion, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board will make an affirmative finding with respect to the independence of directors not less frequently than annually. The Board has determined that other than Mr. Stone, the Company's Chief Executive Officer, and Mr. Kaplan, the Company's President, each of the current members of the Board, including the nominees for Class B director, is an independent director.

In addition to the policy that at least a majority of the Board members satisfy the independence standards discussed in the section above, members of the Audit Committee must also satisfy additional NASD independence requirements. Specifically, they may not directly or indirectly receive any compensation from the Company other than their directors' compensation, must not have participated in preparing the financial statements of the Company or its subsidiary during the past three years, and must not be affiliated with the Company except through their membership on the Board and its committees.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

The Board recognizes that Related Person Transactions (as defined below) can present potential or actual conflicts of interest and create the appearance that company decisions are based on considerations other than the best interests of the company and its stockholders. In March 2008, the Board delegated authority to the Nominating and Governance Committee to review and approve Related Person Transactions, and the Committee has adopted the procedures set forth below for the review, approval, or ratification of Related Person Transactions. A "Related Person Transaction" is any transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness), or any series of similar transactions, arrangements or relationships, in which (a) the aggregate amount involved will or may be expected to exceed \$120,000 in any fiscal year, (b) the Company is a participant, and (c) any Related Person has or will have a direct or indirect interest (other than solely as a result of being a director or trustee (or any similar position) or a less than 10 percent beneficial owner of another entity). A "Related Person" is any (a) person who is an executive officer, director or nominee for election as a director of the company, (b) greater than 5 percent beneficial owner of the company's outstanding common stock, or (c) Immediate Family Member of any of the foregoing. An "Immediate Family Member" is any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law and any person (other than a tenant or employee) sharing the household of a person. The Committee shall review all of the relevant facts and circumstances of all Related Person Transactions that require the Committee's approval and either approve or disapprove of the entry into the Related Person Transaction, subject to the exceptions described herein. In determining whether to approve or ratify a Related Person Transaction, the Committee will take into account, among other factors it deems appropriate, whether the Related Person Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the Related Person's interest in the transaction.

Edgar Filing: KAPSTONE PAPER & PACKAGING CORP - Form DEF 14A

From time to time, the Company retains the services of White Oak Aviation, an aviation services company owned by Messrs. Stone and Kaplan, for the use of an airplane to transport the Company's executive officers and directors, as well as consultants and advisors retained by the Company traveling with them, on business matters. During the year ended December 31, 2007, the Company paid White Oak Aviation an aggregate of approximately \$170,000. White Oak Aviation invoices the Company using hourly rates and fuel charges and associated costs that are equal to or less than the market prices that it charges its third party customers. These payments were not designed to be, nor did they amount to, compensation to Messrs. Stone and Kaplan.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers, directors and persons who beneficially own more than 10% of the Company's Common Stock to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission ("SEC"). SEC regulations require these individuals to give us copies of all Section 16(a) forms they file.

Based solely on our review of forms that were furnished to us and written representations from reporting persons, we believe that the executive officers, directors and more than 10% stockholders complied with all filing requirements related to Section 16(a).

CODE OF ETHICS

The Company adopted a Code of Conduct and Ethics applicable to all directors, executive officers and employees of the Company including its principal executive officer and principal financial officer.

ITEMS FOR STOCKHOLDER CONSIDERATION

PROPOSAL 1

Election of Directors

The Company has a classified Board of Directors currently consisting of two Class A directors (Muhit U. Rahman and S. Jay Stewart) who will serve until the Annual Meeting of Stockholders to be held in 2010, three Class B directors (John M. Chapman, Matthew Kaplan and Earl Shapiro) who will serve until this Annual Meeting of Stockholders, and three Class C directors (James Doughan, Jonathan R. Furer and Roger W. Stone) who will serve until the Annual Meeting of Stockholders to be held in 2009, and in each case until their respective successors are duly elected and qualified. Directors in a class are elected for a term of three years to succeed the directors in such class whose terms expire at such annual meeting, or a shorter term to fill a vacancy in another class of directors.

The nominees for election at the 2008 Annual Meeting of Stockholders to fill three Class B positions on the Board of Directors are John M. Chapman, Matthew Kaplan and Earl Shapiro. If elected, the nominees for the Class B positions will serve as directors until the Annual Meeting of Stockholders in 2011, and in each case until their successors are elected and qualified.

If a nominee declines to serve or becomes unavailable for any reason, or if a vacancy occurs before the election, the proxies may be voted for such substitute nominee as the proxy holders may designate.

Vote Required and Board of Directors Recommendation

If a quorum is present, either in person or by proxy, the nominees for Class B who receive the greatest number of votes cast will be elected as Class B directors. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum. Neither abstentions nor broker non-votes will have any effect upon the outcome of voting with respect to the election of directors.

**The Board Of Directors Recommends a Vote "For"
the Nominees Named Above.**

PROPOSAL 2

Approval of the Performance Incentive Plan Of the Kapstone Paper and Packaging Corporation

We are asking for your approval of the Performance Incentive Plan. While the Performance Incentive Plan itself does not require approval by stockholders, the approval of the Performance Incentive Plan, including the performance criteria described in the Performance Incentive Plan, would give the Company the benefit of a U.S. income tax deduction under Section 162(m) of the Code for certain covered employees. If the Performance Incentive Plan is approved by stockholders, the Compensation Committee expects that annual incentive targets and bonus payments relating to fiscal years commencing in 2009 will be made in accordance with the Performance Incentive Plan. We may also pay discretionary bonuses, or other types of compensation, outside the Performance Incentive Plan which may or may not be deductible.

The Performance Incentive Plan provides for annual incentive awards to officers and other participating employees. The purpose of the Performance Incentive Plan is to promote the interests of the Company and its stockholders by providing an incentive for participating employees to meet specified performance goals. The Performance Incentive Plan rewards outstanding performance by those individuals whose decisions and actions affect the sustainable growth, profitability and efficient operation of the Company. The performance criteria set forth in the Performance Incentive Plan are intended to align the interests of participating employees with the interests of stockholders.

Tax Issues

Section 162(m) of the Code limits the deductibility of compensation of "covered employees" to \$1 million per year unless the compensation qualifies as "performance-based." Cash incentive compensation can be deductible if four conditions set forth by the Internal Revenue Service are met. These conditions are:

the compensation is payable on the attainment of one or more pre-established, objective performance criteria;

the performance criteria are established by a committee that is comprised solely of two or more outside directors;

the material terms of the compensation and performance criteria are disclosed to and approved by stockholders before payment; and

the committee that established the performance criteria certifies that the performance criteria have been satisfied before payment.

We are requesting shareowner approval in order to meet the third requirement listed above.

Summary of the Performance Incentive Plan

The following summary of the Performance Incentive Plan is qualified in its entirety by the text of the Performance Incentive Plan, attached hereto as *Annex A*. The Performance Incentive Plan is administered by the Compensation Committee, at least two members of which are "outside directors" under Section 162(m) of the Code. The Compensation Committee selects participants, sets the performance criteria and targets, and makes all decisions with respect to employees.

The major provisions of the Performance Incentive Plan are as follows:

Eligibility. The Compensation Committee decides which employees or categories of employees are eligible for participation in the Performance Incentive Plan. The Compensation Committee expects that the four Named Executive Officers will participate in the Performance Incentive Plan. The Compensation Committee selects eligible participants no later than 90 days after the beginning of the year.

Limitation of Benefits. Under the Performance Incentive Plan, no participant may receive an award greater than \$10,000,000 for any year. This limitation is unchanged from the prior plans.

Determination of Performance Criteria and Performance Goals. No later than 90 days after the beginning of the year, the Compensation Committee will determine the target award for each participant or category of participant. This is typically specified as a percentage of salary. In addition, the Compensation Committee will choose one or more performance criteria to be applied and set the performance goals for each of the criteria. When the Compensation Committee sets the performance goals, the Compensation Committee may take into account any extraordinary or one-time or other non-recurring items or any events, transactions or other circumstances that the Compensation Committee deems relevant in light of the nature of the performance goals set or the assumptions made by the Committee regarding such goals.

Edgar Filing: KAPSTONE PAPER & PACKAGING CORP - Form DEF 14A

The Compensation Committee may choose one or more of the following performance criteria:

- increase in stockholder value
- earnings growth or earnings per share
- net income
- return on or net assets
- cash flow or cash flow per share
- return on stockholders' equity
- operating profit or operating margins
- gross or net revenue growth of the Company
- operating expenses
- economic profit
- return on capital
- return on invested capital
- earnings before interest, taxes, depreciation and amortization
- goals relating to acquisitions or divestitures
- operating income
- gross or net revenue
- gross or net profit before or after tax
- free cash flow
- total stockholder return
- economic value added
- price-to-earnings growth
- strategic business criteria

Determination and Payment of Awards. After the end of the year, the Compensation Committee will review the performance against the pre-established performance goals. The Compensation Committee will certify the extent, if any, to which the performance measures have been met. The Compensation Committee will also review the individual's performance. The ultimate award may be reduced or increased based on individual performance. If, however, the award is increased to a level in excess of the amount that would be paid solely on account of objectively measurable criteria, the incremental amount would not be tax deductible for covered employees.

Awards are payable in cash. The awards are paid on or about March 15 of the year following the year for which the performance is measured. In rare situations, the Compensation Committee, in its sole discretion, may pay awards through the grant of stock options, restricted stock or restricted stock units under the Company's stock option plans.

Edgar Filing: KAPSTONE PAPER & PACKAGING CORP - Form DEF 14A

Termination of Employment. Generally, a participant must be employed by the Company on the date of payment of an award. If a participant retires or dies during a year, the participant or the participant's estate is entitled to a prorated award. Any prorated amount would not be paid until the performance period has ended and the Compensation Committee has certified the award.

Change-in-Control. If there is a change-in-control after awards have been granted and a participant is terminated following such change-in-control but prior to the payment of the applicable award, the participant will be eligible to receive a pro rata share of such award based on the number of months the participant is employed during the year only if the applicable performance goals are achieved. The payment is made in cash after the end of the year.

Estimate of Benefits. The amount of incentive compensation to be paid to the Company's Chief Executive Officer and the other Named Executive Officers of the Company depends on Company performance, individual performance and the discretion of the Compensation Committee. If the Performance Incentive Plan is approved by stockholders, the Compensation Committee expects that annual incentive targets and bonus payments relating to fiscal years commencing in 2009 will be made in accordance with the Performance Incentive Plan. The amount for 2009 is not currently determinable. The target incentive award for the Chief Executive Officer and the other Named Executive Officers under the Company's 2008 annual incentive plan is as follows:

Name	Target Incentive Amount
Roger W. Stone	\$ 436,800
Matthew Kaplan	\$ 436,800
Tim Keneally	\$ 236,070
Andrea K. Tarbox	\$ 212,850

The annual incentive payable for 2007 under annual incentive plan is set forth in the 2007 Summary Compensation Table on page 25.

No amounts are payable to directors of the Company who are not also officers.

Amendment and Termination of the Performance Incentive Plan. The Compensation Committee may amend, modify, suspend, reinstate or terminate the Performance Incentive Plan in whole or in part at any time or from time to time; provided, however, that no such action will adversely affect any right or obligation with respect to any existing award. The Compensation Committee may deviate from the provisions of the Performance Incentive Plan to the extent such committee deems appropriate to conform to local laws and practices.

Federal Income Tax Consequences. Under present federal income tax laws, participants will realize ordinary income in the year of receipt. The Company will receive a deduction for the amount constituting ordinary income to the participant, provided that the Performance Incentive Plan and the award satisfy the requirements of Section 162(m) of the Code. It is the Company's intention that the Performance Incentive Plan be constructed and administered in a manner which maximizes the deductibility of compensation for the Company under Section 162(m) of the Code. Tax consequences in countries other than the United States will vary based on the laws of the foreign jurisdiction, but generally are similar to the United States.

Vote Required and Board of Directors Recommendation.

The affirmative vote of the holders of a majority of the shares of Common Stock cast at the meeting is required for approval of the Performance Incentive Plan. Abstentions and broker non-votes

will be counted for purposes of determining the presence or absence of a quorum. Neither abstentions nor broker non-votes will have any effect upon the outcome of voting with respect to the approval of the Performance Incentive Plan.

ADDITIONAL INFORMATION

Our bylaws contain procedures governing how stockholders can propose other business to be considered at a stockholder meeting. The SEC has also adopted regulations (Rule 14a-8 under the Exchange Act) that govern the inclusion of stockholder proposals in our annual proxy materials.

Notice Requirements. A stockholder must provide a brief description of the other business, along with the text of the proposal. The stockholder also must set forth the reasons for conducting such business at the meeting, and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made. Such notice must also contain information specified in our bylaws as to the proposal of other business, information about the stockholder making the proposal and the beneficial owner, if any, on whose behalf the proposal is made, including name and address, class and number of shares owned, and representations regarding the intention to make such a proposal and to solicit proxies in support of it.

Notice Deadlines. Stockholder proposals for inclusion in our proxy materials relating to our 2009 Annual Meeting must be received by January 1, 2009.

Alternatively, under our bylaws, if a stockholder wants to submit a proposal for the 2009 Annual Meeting but does not want to include it in our proxy materials, written notice of such stockholder

proposal of other business must be delivered to our Corporate Secretary not less than 90 nor more than 120 days prior to the date on which we first mailed our proxy materials for the prior year's annual meeting. However, if our annual meeting is advanced or delayed by more than 30 days from the anniversary of the previous year's meeting, a stockholder's written notice will be timely if it is delivered by the later of the 90th day prior to such annual meeting or the 10th day following the announcement of the date of the meeting.

For next year's 2009 Annual Meeting for stockholder proposals not proposed to be included in our proxy materials, our bylaws therefore require that such stockholder proposals must be delivered between January 1, 2009 and January 31, 2009, unless our 2009 Annual Meeting takes place before April 30, 2009, or after June 2, 2009, in which case stockholder proposals must be delivered before the later of 90 days before the date of the 2009 Annual Meeting or the 10th day following the announcement of the date of the 2009 Annual Meeting.

If stockholders do not comply with these bylaw notice deadlines, we reserve the right not to submit the stockholder proposals to a vote at our annual meetings. If we are not notified of a stockholder proposal by January 31, 2009, then the management personnel who have been appointed as proxies may have the discretion to vote for or against such stockholder proposal, even though such proposal is not discussed in the proxy statement.

Where to Send Notice. Stockholder proposals must be addressed to the Company at our principal executive offices at 1101 Skokie Boulevard, Suite 300, Northbrook, IL 60062, Attn: Corporate Secretary.

At a special meeting of stockholders, only such business shall be conducted as shall have been brought before the meeting pursuant to our notice of meeting.

Stockholders should carefully review our bylaws and Rule 14a-8 under the Exchange Act to ensure that they have satisfied all of the requirements necessary either to propose other business at a stockholder meeting or to include a stockholder proposal in our annual proxy materials.

ARTICLE III Administration

3.1. *Authority of Committee.* The Plan will be administered by the Committee. No person, other than members of the Committee, shall have any discretion concerning decisions regarding the Plan. The Committee, in its sole discretion, will determine which of the Participants to whom, and the time or times at which, Awards will be granted under the Plan, and the other conditions of the grant of the Awards. The provisions and conditions of the grants of Awards need not be the same with respect to each Participant or with respect to each Award.

The Committee will, subject to the provisions of the Plan, establish such rules and regulations as it deems necessary or advisable for the proper administration of the Plan, and will make determinations and will take such other action in connection with or in relation to accomplishing the objectives of the Plan as it deems necessary or advisable.

3.2. *Effect of Determinations.* Each determination or other action made or taken by the Committee pursuant to the Plan, including interpretation of the Plan and the specific conditions and provisions of the Awards granted hereunder will be final, conclusive and binding for all purposes and upon all persons including, but without limitation, the Company, any Related Company, the Committee, the Board, officers, the Employees, and any Participant or former Participant under the Plan, as well as their respective successors in interest.

ARTICLE IV Eligibility and Participation

4.1. *Eligibility.* Eligibility for participation in the Plan is limited to those Employees who are officers and other management of the Company or a Related Company who can make an appreciable contribution to the attainment of overall business objectives as determined in the sole discretion of the Committee.

The fact that an Employee is eligible to participate in the Plan for one Performance Period does not guarantee that the Employee will be eligible to participate in any subsequent Performance Period. The payment of an Award for any Performance Period does not guarantee any person eligibility for or payment of an Award for any other Performance Period. The Committee will determine an Employee's eligibility for participation in the Plan from time to time prior to each Performance Period.

ARTICLE V Awards

5.1. *Grant of Awards.* In connection with the grant of each Award, the Committee shall (i) establish the Performance Goal(s) and the Performance Period applicable to such Award, (ii) establish the formula for determining the amounts payable based on achievement of the applicable Performance Goal, (iii) determine the consequences for the Award of the Participant's termination of employment for various reasons or the Participant's demotion or promotion during the Performance

Period, (iv) specify the consequences for the Award of the occurrence of a Change-in-Control of the Company during a Performance Period, and (v) establish such other terms and conditions for the Award as the Committee deems appropriate. For Awards intended to qualify for the Section 162(m) Exemption, the foregoing shall be accomplished within the time period required to qualify for the Section 162(m) Exemption.

5.2. *Certification of Awards.* The Committee shall, promptly after the date on which the necessary financial, individual or other information for a particular Performance Period becomes available, and in any event prior to the payment of any Award intended to qualify for the Section 162(m) Exemption to a Covered Employee, determine and certify the degree to which each of the Performance Goals have been attained.

5.3. *Permitted Adjustments.* Except as permitted under Section 5.4, Awards shall be paid solely in accordance with the applicable formula for the Performance Period, based upon the level of achievement of Performance Goals. Performance Goals shall, to the extent applicable, be based upon generally accepted accounting principles, but shall be adjusted by the Committee to take into account the effect of the following: changes in accounting standards that may be required by the Financial Accounting Standards Board after the Performance Goal is established; realized investment gains and/or losses; extraordinary, unusual, non-recurring or infrequent items; currency fluctuations; acquisitions; divestitures; litigation losses; financing activities; expenses for restructuring or productivity initiatives; other non-operating items; new laws, cases or regulatory developments that result in unanticipated items of gain, loss, income or expense; executive severance arrangements; investment returns relating to investment vehicles which are unaffiliated with a Company or divisional operating strategy; bonus expense; the impact on pre-tax income of interest expense attributable to the repurchase of Company stock; extraordinary dividends or stock dividends; the effect of corporate reorganizations or restructuring, spinoff, or a sale of a business unit; and other items as the Committee determines to be required so that the operating results of the Company, division, or a Related Company shall be computed on a comparative basis from Performance Period to Performance Period; in each case as those terms are defined under generally accepted accounting principles and provided in each case that such excluded items are objectively determinable by reference to the Company's financial statements, notes to the Company's financial statements, and/or management's discussion and analysis in the Company's financial statements. Determination by the Committee or its designee shall be final and conclusive on all parties, but shall be based on relevant objective information or financial data.

5.4. *Committee Discretion.* The Committee shall have the discretion to reduce, eliminate, or increase any Award for any Participant, to reflect individual performance and/or unanticipated factors, or any other factors the Committee deems appropriate. Notwithstanding the foregoing, and subject to the following sentence, with respect to the Awards of Potential Covered Employees intended to qualify for the Section 162(m) Exemption, the Committee shall not increase such Awards above the amount determined under the applicable formula for the Performance Period, or waive the achievement of applicable Performance Goals. In the event a Potential Covered Employee is determined at the end of the Performance Period not to be a Covered Employee, and to the extent it would not cause the Potential Covered Employee to become a Covered Employee, the Committee may exercise its discretion to increase the amount of such Potential Covered Employee's Award above the amount generated under the applicable formula for the Performance Period.

5.5. *Change in Employment Status.* Subject to Article X, an Employee who is selected as a Participant after the beginning of a Performance Period or a Participant who retires or who dies prior to the end of such Performance Period will be eligible to receive a pro rata share of an Award based on the number of months of participation during any portion of such Performance Period only if the applicable Performance Goals are achieved and such Award is paid at the time Awards for such Performance Period are paid to other Participants in accordance with Article VI. Except as provided in

this Section or in Article X, a Participant whose employment is otherwise terminated prior to the end of such Performance Period will not be eligible for payment of any Award.

ARTICLE VI
Payment of Awards

Awards will be paid by the Company no later than two and one-half months after the end of the calendar year in which the applicable Performance Period ends provided the Performance Goals have been met and certified in accordance with Section 5.2. Except with regard to Participants who retire or die during a Performance Period or are involuntarily terminated as provided in Article X, to be eligible for payment of any Award, the Participant must be employed by the Company or a Related Company on the date of payment of the Award.

ARTICLE VII
Method of Payment of Awards

7.1. *Payment of Awards.* Except as otherwise provided in this Plan, Awards will be paid in cash and paid at the time described in Article VI unless the Committee specifies in writing a different medium of payment before the beginning of the Performance Period to which such Award pertains. The Committee may specify the medium of payment on a case-by-case basis in its sole discretion and may include conditions or additional time vesting requirements in addition to the satisfaction of applicable Performance Goals. In no event will the maximum potential value of any Award to a Participant for any Performance Period exceed the amount of \$10,000,000 on the date the Award is granted.

Alternative mediums of payment the Committee may specify in its sole discretion are one of, or any combination of cash and, the following:

(i) *Stock Options.* The Committee may, in its sole discretion, pay any Award through the grant of stock options under KapStone Paper and Packaging Corporation 2006 Stock Incentive Plan, as amended, or any successor equity plan approved by stockholders (the "Stock Incentive Plan"). The grant date is the date the Award would otherwise be paid in cash, unless the Committee provides otherwise in its discretion. Any Award issued in the form of stock options shall be subject to the terms and conditions of the Stock Incentive Plan and related grant agreement.

(ii) *Restricted Stock or Restricted Stock Units.* The Committee may, in its sole discretion, pay any Award by issuing to a Participant restricted stock or restricted stock units under the Stock Incentive Plan. Any Award issued in the form of restricted stock or restricted stock units shall be subject to the terms and conditions of the Stock Incentive Plan and related grant agreement.

7.2. *Withholding for Taxes.* The Company will have the right to deduct from any and all payments made under the Plan, any federal, state, local or foreign taxes required by law to be withheld with respect to such payments. The Participant shall be solely responsible for the satisfaction of any federal, state, local or foreign taxes on payments under the Plan. The Company and any Related Company (i) make no representations or undertaking regarding the treatment of any taxes in connection with any Award; and (ii) do not commit to structure the terms of the Award to reduce or eliminate the Participant's liability for taxes.

7.3. *Payments to Estates.* Awards and interest thereon, if any, which are due to a Participant pursuant to the provisions hereof and which remain unpaid at the time of his or her death will be paid in full to the Participant's estate.

7.4. *Offset for Monies Owed.* Any payments made under this Plan may be offset for any monies that the Committee determines are owed to the Company or any Related Company.

ARTICLE VIII
Amendment and Termination

The Committee may amend, modify, suspend or terminate this Plan in whole or in part at any time or from time to time without the approval of the stockholders of the Company, except as otherwise provided in this Article; provided, however, that no such action will adversely affect any right or obligation with respect to any Award theretofore made. Any amendment to the Plan that changes the Performance Goals, Performance Measures or increases the maximum dollar amount that may be paid to a Participant for a Performance Period shall not be effective with respect to Awards to Covered Employees intended to qualify for the Section 162(m) Exemption unless the amendment is approved by stockholders before the Award is paid.

ARTICLE IX
Miscellaneous

9.1. *No Funding.* Cash Awards shall be paid solely from the general assets of the Company. To the extent any person acquires a right to receive payments from the Company under the Plan, the right is no greater than the right of any other unsecured general creditor. No absolute right to any Award shall be considered as having accrued to any Participant prior to the payment of the Award.

9.2. *Governing Law.* The Plan and all rights to an Award hereunder shall be construed in accordance with and governed by the laws of the State of Illinois, except that any matters relating to the internal governance of the Company shall be governed by the General Corporation Law of the State of Delaware.

9.3. *Awards Not Transferable.* Subject to Section 7.3, a Participant's rights and interest under the Plan may not be assigned or transferred. Any attempted assignment or transfer shall be null and void and shall extinguish, in the Committee's sole discretion, the Company's obligation under the Plan to pay Awards with respect to the Participant.

9.4. *Employment.* Neither the adoption of the Plan nor its operation shall in any way affect the rights and power of the Company or any Related Company to dismiss or discharge any Participants. The Plan is not a contract between the Company or any Related Company and any Employee or Participant.

ARTICLE X
Change-in-Control

If there is a Change-in-Control after Awards have been granted under the Plan but before completion of the applicable Performance Period, a Participant who is terminated by the Company, a Related Company or a successor thereto following a Change-in-Control if such termination occurs prior to payment of the applicable Award in accordance with Article VI, will be eligible to receive a pro rata share of an Award based on the number of months of participation during any portion of such Performance Period only if the applicable Performance Goals are achieved. Such pro rata portion of an Award will be paid at the time Awards for such Performance Period are paid to other Participants in accordance with Article VI.
