Edgar Filing: GMH Communities Trust - Form 10-K/A

The Company implemented the GMH Communities Trust Non-Qualified Deferred Compensation Plan on September 1, 2007. Under the plan, the Company registered up to \$64.0 million of deferred compensation obligations that may be offered to certain eligible employees of GMH Communities Company and its affiliates. The eligible employees will consist of certain management and highly compensated employees determined to be eligible under the plan by the plan's Administrative Committee.

The obligations are general unsecured obligations of the Company to pay deferred compensation in the future in accordance with the terms of the plan from the general assets of the Company and rank *pari passu* with other unsecured and unsubordinated indebtedness of the Company from time to time outstanding. The Company has established a "rabbi" Company to hold assets contributed under the plan. However, these assets remain general assets of the Company and rank *pari passu* with other unsecured and unsubordinated indebtedness of the Company from time to time outstanding.

Under the plan, participants may elect to defer a portion of their base salary, as well as incentive/bonus payments for Plan Year (generally from January 1 through December 31 of any year), provided that (i) in order to defer any base salary for a Plan Year, the participant must defer a minimum of \$2,000 of his or her base salary and may defer up to 15% of his or her base salary in a Plan Year, and (ii) in order to defer incentive/bonus payments for a Plan Year, the participant must defer a minimum of \$2,000 of his or her incentive/bonus payments and may defer up to a maximum of 50% of such incentive/bonus payments in a Plan Year. The amount of compensation deferred by each participant is determined in accordance with each participant's deferral election and the provisions of the Plan. Participants will be eligible to receive matching contributions into their deferral accounts from the Company if the participant makes the maximum permissible salary deferral under the Company's 401(k) plan in that Plan Year, with such annual matching contributions equal to 25% of the first 2% of the participant's base salary and incentive/bonus payments deferred for the Plan Year. Also, the Administrative Committee may, in its sole discretion, make an additional discretionary contribution on behalf of a Plan participant in any amount the committee desires. The plan provides for the investment of each participant's deferral account in such investments as are available under the terms of the plan and that such participant may elect. Participants are always 100% vested in their deferral amounts and any matching contributions from the Company, and will become vested in any discretionary contributions pursuant to a vesting schedule, if any, approved by the Administrative Committee or immediately upon the participant's death or disability. Upon the occurrence of a change in control (as defined in the plan), amounts from deferral accounts may be distributed to participants within 12 months following the change in control, if the Company determines to make such distribution and the distribution is permitted under applicable law. Participants cannot sell, assign, hypothecate, alienate, encumber or in any way transfer or convey in advance of receipt any obligations. All deferral accounts together with earnings thereon will be payable upon the termination of the deferral period, retirement, death, disability or separation of service in a single lump sum or in installments over a period of up to 15 years in accordance with the terms of the plan. The Administrative Committee may also approve of a distribution from deferred accounts upon an unforeseeable financial emergency with respect to a participant. The obligations are not convertible into any other security of the Company. The Obligations will not have the benefit of a negative pledge or any other affirmative or negative covenant of the Company.

Potential Payments Upon Termination or Change in Control

Pursuant to the Trust's employment agreements, Messrs. Holloway, Robinson, DeRiggi, O'Grady and Macchione, each of the executives is entitled to certain termination or change-in-control payments. The employment agreements provide that the executive officers agree to devote substantially all of their business time to the performance of their duties to us under their employment agreements (except as we otherwise agree). At the end of the initial three-year term, the employment agreements will

Edgar Filing: GMH Communities Trust - Form 10-K/A

automatically extend for two additional one-year periods (each, an "Extension Term"), unless either party terminates the agreement by providing prior written notice to the other party not later than 60 days prior to expiration thereof. These employment agreements permit us to terminate the executives' employment with appropriate notice for or without "cause." "Cause" is generally defined to mean:

conviction of, or the entry of a plea of guilty or nolo contendere to, a felony, excluding any felony relating to the negligent operation of a motor vehicle or a conviction, plea of guilty or nolo contendere arising under a statutory provision imposing per se criminal liability due to the position held by the executive with us, provided the act or omission of the executive or officer with respect to such matter was not taken or omitted to be taken in contravention of any applicable policy or directive of the Board of Trustees;

a willful breach of the executive's duty of loyalty which is materially detrimental to us; and

a willful failure to adhere to explicitly stated duties that are consistent with the executive's employment agreement, or the reasonable and customary guidelines of employment or reasonable and customary corporate governance guidelines or policies, including without limitation the business code of ethics adopted by our Board of Trustees, or the failure to follow the lawful directives of our Board of Trustees provided such directives are consistent with the terms of the executive's employment agreement, which continues for a period of 30 days after written notice to the executive.

In addition, each executive has the right under his employment agreement to resign for "good reason" upon certain events that occur without such executive's written consent, provided the executive notifies us of his determination that "good reason" exists within 60 days of when the executive knows of the occurrence of the event upon which his determination is based. For these purposes, "good reason" means (i) any material reduction in duties, responsibilities or reporting requirements, or the assignment of any duties, responsibilities or reporting requirements that are inconsistent with his positions with us; (ii) a reduction in his annual base salary; (iii) the termination or material reduction of certain employee benefit plans, programs or material fringe benefits other than in connection with modifications to plans that are applicable to all similarly situated officers; (iv) relocation of our offices outside of a 35-mile radius of Newtown Square, Pennsylvania; (v) a failure by us to renew his employment agreement on at least comparable terms at the close of the initial term or of either extension term; or (vi) our material breach of his employment agreement which continues for a period of 30 days after written notice. In addition, with respect to Mr. Holloway, such "good reason" also includes his removal from the board, other than for "cause," or failure to be nominated or elected to the board, other than for "cause," absent his prior written consent.

In the event of a termination of the executive's employment by the executive or by us (or our successor) for any reason other than "cause" following a change of control, the executive will become fully vested in his options and restricted shares and shall have a two-year period from his or her date of termination to exercise his or her vested options. In general terms, a change of control occurs:

if a person, entity or affiliated group (with certain exceptions) acquires more than 50% of our then outstanding voting securities;

if we merge into another entity, unless the holders of our voting shares immediately prior to the merger have at least 50% of the combined voting power of the securities in the merged entity or its parent;

upon the liquidation, dissolution, sale or disposition of all or substantially all of our assets such that after that transaction the holders of our voting shares immediately prior to the transaction own less than 50% of the voting securities of the acquiror or its parent;

Edgar Filing: GMH Communities Trust - Form 10-K/A

if our board members are elected such that a majority of the board members have been members of the board for less than two years, unless the election or nomination for the election of each new board member who was not a board member at the beginning of such two year period was approved by at least two-thirds of the board members then still in office who were board members at the beginning of such period; or

if a majority of our board votes in favor of a resolution stating that a change of control has occurred.

With respect to Messrs. Holloway and Robinson, if payments become due as a result of a change of control and the excise tax imposed by Section 4999 of the Code applies, the terms of their employment agreements require us to gross up the executives for the amount of this excise tax plus the amount of income and other taxes due as a result of the gross up payment.

Each executive has agreed with the Trust that for a period after termination of his employment (18 months for Messrs. Holloway and Robinson, 24 months for Messrs. DeRiggi, O'Grady and Macchione), such executive will not compete with the Trust by working with or investing in, subject to certain limited exceptions noted below, any enterprise engaged in a business substantially similar to any primary segment of our business as conducted during the period of the executive's employment with the Trust. The executive will not be subject to these restrictions if the Trust commits a material breach of the executive's employment agreement. In addition, these restrictions will not preclude the executive from (i) making any investment in a public company or any entity in which he is the owner of 5% or less of the issued and outstanding voting securities, provided ownership does not result in his being obligated or required to devote a substantial amount of managerial efforts, (ii) engaging in charitable, academic or community activities, or in trade or professional organizations, or (iii) holding directorships in other companies consistent with our conflict of interest policies and corporate governance guidelines.

The employment agreements provide that, if the executive's employment ends due to termination by us without cause, or termination by the executive for good reason, we will be obligated to pay the following severance benefit: (i) a lump sum payment equal to (A) with respect to Mr. Holloway, three times base salary his average annual bonus determined at the superior level of both corporate and individual performance for the year in which the termination occurs, (B) with respect to Mr. Robinson, two times such amount if not in connection with a change of control and three times such amount if in connection with a change of control, and (C) with respect to Messrs. DeRiggi, O'Grady and Macchione, two times such amount, (ii) a prorated amount of the incentive bonus at the superior level for individual and corporate performance for the year in which the termination occurs, and (iii) an amount equal to accrued but unpaid base salary through the date of termination plus any other compensation then due and owing. The Trust will also permit the executive to continue to participate in, and will pay the premiums for, group health coverage for a period of three years following the executive's date of termination with respect to Messrs. Holloway and Robinson, and two years with respect to Messrs. DeRiggi, O'Grady and Macchione. Additionally, all of the options and restricted shares granted to the executive will become fully vested, and the executive will have a period of at least two years from the effective date of termination in which to exercise all vested options. If, however, any executive resigns for "good reason" upon notice of non-renewal by the Trust after the second Extension Term, the multiplier described in clause (i) above will be reduced to one times such amount. Assuming

Edgar Filing: GMH Communities Trust - Form 10-K/A

a triggering event for these severance benefits upon termination took place as of December 31, 2007, the following payments would have been due and payable to the executive officers:

Named Executive Officer With Employment Agreements	Estimated Aggregate Payment Upon Termination without Cause, or by Employee with Good Reason, as of December 31, 2007
Gary M. Holloway, Sr. Chairman, President & CEO	\$ 3,185,000
J. Patrick O'Grady Executive Vice President & CFO	\$ 1,419,000
Bruce F. Robinson President of Military Housing Business	\$ 1,595,000
John DeRiggi President of Student Housing Business & Chief Investment Officer	\$ 1,529,000
Joseph M. Macchione Executive Vice President, General Counsel & Secretary	\$ 1,346,000

If an executive's employment ends due to death or permanent disability, the Trust will pay to the executive, or his estate or beneficiary, an amount equal to one times the executive's base salary and the executive's annual incentive bonus (determined at the superior level for both corporate and individual performance for the year in which the termination of employment occurs) within 10 days of the occurrence of the relevant event. Further, the executive will become vested in all options and restricted shares and the executive or the executive's personal representative will have one year from the date of the event to exercise all vested options. The Trust will pay to the executive or the executive's representative any base salary, annual bonus, expense reimbursement, and all other compensation related payments payable as of the date of the relevant event. In addition, the Trust will pay to the executive or the executive's representative a prorated amount of the incentive bonus at the target level for corporate and individual performance for the year in which the relevant event occurred. Assuming a triggering event for these severance benefits upon termination took place as of December 31, 2007, the following payments would have been due and payable to the executive officers:

Named Executive Officer With Employment Agreements	Estimated Aggregate Payment Upon Termination as a result of Death or Permanent Disability, as of December 31, 2007
Gary M. Holloway, Sr. Chairman, President & CEO	\$ 1,045,000
J. Patrick O'Grady Executive Vice President & CFO	\$ 693,000
Bruce F. Robinson President of Military Housing Business	\$ 781,000
John DeRiggi President of Student Housing Business & Chief Investment Officer	\$ 748,000
Joseph M. Macchione Executive Vice President, General Counsel & Secretary	\$ 660,000

Edgar Filing: GMH Communities Trust - Form 10-K/A

In the event of a termination of the executive's employment by the executive or by us (or our successor) for any reason other than "cause" following a change of control as described above, the executive will become fully vested in his options and restricted shares and shall have a two-year period from his or her date of termination to exercise his or her vested options.

With respect to Messrs. Holloway and Robinson, if payments become due as a result of a change of control and the excise tax imposed by Section 4999 of the Code applies, the terms of their employment agreements will require us to gross up the executives for the amount of this excise tax plus the amount of income and other taxes due as a result of the gross up payment. Effective as of July 27, 2006, the Trust entered into an amendment to its employment agreement with Bruce F. Robinson, President of the Military Housing division. Under the terms of the amendment, in the event of the occurrence of a change of control (as defined in the agreement), other than a change of control resulting from a transaction in which Gary M. Holloway, Sr. or Mr. Robinson is a majority owner or managing member of the Trust (or any successor) following the transaction, then Mr. Robinson and the Trust (or the buyer or acquirer in such change of control transaction) shall enter into good faith negotiations not later than 15 days following the closing of such transaction as to Mr. Robinson's position with, and role and compensation in the post-closing business. If the parties to such negotiation have not reached an agreement and have not executed an employment agreement with respect to Mr. Robinson's ongoing employment after the closing not later than 30 days following such closing, then Mr. Robinson shall have the right, not later than 15 days following the expiration of the 30-day period, to terminate employment with the Trust and have such termination deemed to constitute "good cause" pursuant to the agreement; provided, however, that such election shall not be available in the event (i) that Mr. Robinson has become entitled to severance under any other provision of the employment agreement prior to his termination of employment, or (ii) of his death, permanent disability or the occurrence of any event that would give the Trust valid reason to terminate for cause. Assuming a triggering event for these severance benefits upon termination took place as of December 31, 2006, the following payments would have been due and payable to the executive officers:

Named Executive Officer With Employment Agreements	Estimated Aggregate Payment Upon Termination For any reason other than Cause, as of December 31, 2007
Gary M. Holloway, Sr. Chairman, President & CEO	\$ 4,398,000
J. Patrick O'Grady Executive Vice President & CFO	\$ 1,419,000
Bruce F. Robinson President of Military Housing Business	\$ 3,224,000
John DeRiggi President of Student Housing Business & Chief Investment Officer	\$ 1,529,000
Joseph M. Macchione Executive Vice President, General Counsel & Secretary	\$ 1,346,000

The amounts in column (c) reflect the dollar amount recognized by the Trust as an expense for financial statement reporting purposes for the fiscal year ended December 31, 2007, in accordance with FAS 123R of awards pursuant to the Trust's Equity Incentive Plan. All trustees shown in the table received a grant of 2,064 restricted common shares on June 30, 2007 under the Trust's Equity Incentive Plan. The grant date fair values of the awards, also computed in accordance with FAS 123(R), with respect to the 2,064 restricted shares granted to each of the trustees on June 30, 2007 was \$20,000. The restricted shares all vest in three equal installments over a three-year period. Additional information relating to the annual grant of restricted shares to the Trust's non-employee trustees is provided in the narrative disclosure below this table. Both vested and un-vested restricted shares receive dividend distributions made by the Trust. As of the year ended December 31, 2007, each of the non-employee trustees held the following aggregate restricted share awards: Messrs. Buchholz, Kessler, Nayden, Silfen and Adm. Eastwood each held 3,568 restricted common shares; Mr. Fascitelli held 4,420 restricted common shares; and Mr. O'Leary held 3,598 restricted common shares.

As compensation for serving on our Board, each of our non-employee trustees will receive an annual fee of \$40,000, of which \$20,000 will be paid in the form of restricted shares and \$20,000 will be paid in cash. The cash portion of this annual fee is paid on a quarterly pro-rata basis, and the restricted share portion of this annual fee is paid on June 30th of each fiscal year. These restricted shares generally vest in three equal annual installments, are considered outstanding common shares for purposes of voting along with our common shareholders, and receive dividend-equivalent cash payments along with our common shareholders. Beginning with the restricted common share grant to occur as of June 30, 2007, the vesting terms of the restricted shares will be modified to permit for accelerated vesting at such time as a non-employee's number of years of service on the Board plus his age equals at least 65. In addition, as of January 1, 2007, each non-employee trustee receives \$1,000 for each Board or committee meeting attended in-person or telephonically. Committee chairmen will

receive an additional annual fee with the lead independent trustee receiving an additional \$5,000 per year, the Audit Committee chairman receiving an additional \$7,500 per year, and the Compensation Committee chairman and the Nominating and Corporate Governance Committee chairman each receiving an additional \$5,000 per year.

Trustees who also are officers or employees of our company receive no additional compensation as trustees. In addition, we reimburse our trustees for their reasonable out-of-pocket expenses incurred in attending Board and committee meetings. Upon joining our Board, each non-employee trustee receives 3,500 restricted common shares that vest in the same manner as described above. Our Board may change the compensation of our non-employee trustees in its discretion, and has delegated this authority to the Nominating and Corporate Governance Committee.

Compensation Discussion and Analysis

Overview of Compensation Program

The Compensation Committee (for purposes of this analysis, the "Committee") of the Board has been appointed to discharge the Board's responsibilities relating to the compensation of the Trust's executive officers. The Committee has the overall responsibility for approving and evaluating the Trust's executive officer compensation plans, policies and programs. The Committee's primary objectives include serving as an independent and objective party to review these compensation plans, policies and programs.

Throughout this discussion, the individuals who served as the Trust's chief executive officer and chief financial officer during fiscal 2007, as well as the other individuals included in the Summary Compensation Table presented above, are sometimes referred to in this discussion as the "named executive officers."

Compensation Philosophy and Objectives

The Compensation Committee believes that a well-designed compensation program should align the goals of the shareholders with the goals of the chief executive officer, and that a significant part of the executive's compensation, over the long term, should be dependent upon the value created for shareholders. In addition, all executives should be held accountable through their compensation for the Trust's performance, and compensation levels should also reflect the executive's individual performance during the period in an effort to encourage increased individual contributions to the Trust's performance. The compensation philosophy, as reflected in the Trust's employment agreements with its executives, is designed to motivate executives to focus on operating results and create long-term shareholder value by:

establishing a plan that attracts, retains and motivates executives through compensation that is competitive with a peer group of other publicly-traded real estate investment trusts, or REITs;

linking a portion of executives' compensation to the achievement of the Trust's business plan by using measurements of the Trust's operating results and shareholder return; and

building a pay-for-performance system that encourages and rewards successful initiatives within a team environment.

The Compensation Committee believes that each of the above factors is important when determining compensation levels. Initially, the Committee reviews and approves annually the chief executive officer's proposed corporate and individual performance goals and objectives relevant to executive officers and subsequently evaluates performance of the executive officers in light of those goals and objectives. The Committee considers the Trust's performance, relative shareholder return, the total compensation provided to comparable officers at similarly-situated companies, and compensation

given to executive officers in prior years. To that end, the Committee believes executive compensation packages provided by the Trust to its executive officers should include both base salaries and annual bonus awards that reward corporate and individual performance, as well as incentivize those executives to meet or exceed established goals.

Role of Executive Officers in Compensation Decisions

The Committee makes all final compensation decisions for the Trust's executive officers. The chief executive officer annually reviews the performance of the executive officers other than himself (his performance is reviewed solely by the Committee), and then presents his conclusions and recommendations to the Committee with respect to base salary adjustments and annual cash bonus award amounts. The Committee then has the ability to exercise its own discretion in modifying any recommended adjustments or awards to the executives (subject where relevant to applicable terms under employment agreement), but does consider the recommendations from the chief executive officer, as well as any self-evaluations prepared by executive officers in light of any individual performance goals that have been pre-approved by the Committee.

Role of Equity-Based Compensation in Compensation Analysis

Historically, the Committee has approved only annual base salary adjustments and cash bonus awards for executive officers, and has not established any program pursuant to which executive officers receive equity-based awards under the Trust's Equity Incentive Plan. To date, the only named executive officer to whom equity-based compensation has been awarded is Mr. O'Grady, the Trust's current chief financial officer. The grant to Mr. O'Grady was part of his initial employment package under an employment agreement that became effective on July 1, 2006. The grant to Mr. O'Grady consisted of 40,000 restricted common shares as called for by the employment agreement, which shares vest over a three-year period (10,000 shares upon the first anniversary of employment, and 15,000 shares for each of the second and third anniversaries of employment).

No other equity-based awards have been granted to executive officers or other Trust employees since inception of the Trust's Equity Incentive Plan. To the extent that the Committee considers the adoption of an equity-based award program for executive officers in the future, the Committee views any such program as a form of long-term compensation, and would expect to structure the program to include the grant of restricted common shares with vesting restrictions over one or more years of employment in order to promote the Trust's goal of retaining key employees, and align the key employee's interests with those of the Trust's shareholders from a long-term perspective. The Committee also would engage an independent compensation consultant in structuring the terms of any such equity-based compensation program, and to review the terms of similar programs utilized by other peer group companies.

Role of Employment Agreements in Determining Executive Compensation

Each of the Trust's currently employed executive officers, other than Marina Dikos, is a party to an employment agreement. Ms. Dikos was appointed as Chief Accounting Officer of the Trust in September 2007, at which time her prior compensation terms were determined to remain in place through the remainder of the year. At the time of the Trust's initial public offering in October 2004, the Trust executed employment agreements with three of its then top executive officers: the chief executive officer and the presidents of the Trust's student housing and military housing divisions. Then, in July 2006, the Trust executed employment agreements with the Trust's chief financial officer, J. Patrick O'Grady, as well as with the Trust's new president of the student housing division, John DeRiggi, and the Trust's general counsel, Joseph M. Macchione. The Committee has structured the compensation terms under these other employment agreements to motivate executives to achieve the

business objectives set by the Trust and reward the executives for achieving such objectives, as well as to promote the Trust's goal of retaining key employees.

Annual Base Salaries

Base salaries are paid for ongoing performance throughout the year. In order to compete for and retain talented executives who are critical to the Trust's long-term success, the Committee has determined that the base salaries of executive officers should be generally in line with the average of those of executives of other equity REITs that compete with the Trust for employees, investors and business, while also taking into account the executive officer's individual performance and tenure and the Trust's performance relative to its peer companies within the REIT sector.

The initial terms under the employment agreements are each for three years, and provide for two automatic one-year renewals terms unless one of the parties provides notice of non-renewal at least 60-days prior to the end of the then current term. As of November 2, 2007, the initial three-year term under the employment agreements for Messrs. Holloway and Robinson ended, and a one-year automatic renewal term commenced. Each of the employment agreements provide for initial base salaries, with future increases to be determined and approved by the Committee. The initial base salaries for Messrs. Holloway and Robinson were reviewed and recommended by The Schonbraun McCann Group LLC, an independent consulting firm engaged prior to completion of the Trust's initial public offering in November 2004, and the initial base salaries for Messrs. O'Grady, DeRiggi and Macchione were evaluated by the Committee on the basis of a peer group report compiled by the Committee's compensation consultant, which provided an analysis of salary and bonus amounts paid to similarly-situated employees at several comparably-sized companies. Prior to the date of effectiveness of the employment agreements for Messrs. DeRiggi and Macchione on July 1, 2006, their annual base salaries had been similarly evaluated by the Committee in conjunction with its review of the independent compensation consultant's peer group report. In its most recent report to the Compensation Committee for purposes of approving base salary adjustments, the Committee's compensation consultant included the following companies as part of the Trust's peer group in comparing compensation of executives: American Campus Communities, American Financial Realty Trust, Brandywine Realty Trust, Colonial Properties, Education Realty Trust, Essex Property Trust, Inc., Hersha Hospitality Trust, Home Properties, Inc., Mid America Apartment Communities Inc., Pennsylvania Real Estate Investment Trust, Liberty Property Trust and UDR, Inc. In evaluating the compensation provided within peer groups, the Committee considers differences between the relevant peer group company and the Trust, such as location, market presence, size, type of real estate holdings, market capitalization, and other pertinent factors. The Committee, together with its compensation consultant, will periodically review and update the Trust's list of peer group companies to ensure that it is comprised of those companies that compete for similar talent and investors.

Under the terms of the executive officers' employment agreements, the base salaries are to be increased annually effective January 1 of each year during the term of the employment agreement, and such increases will be a minimum positive amount equal at least to the percentage increase in the Consumer Price Index. During the first quarter of 2007, the Committee met to consider the appropriate level of increases for each of the executives 2007 base salaries. As part of its analysis, the Committee acknowledged the need to properly incentivize the executive officers to exceed beyond performance expectations for 2007, but also recognized that successful execution of management's 2007 business strategy (which included the placement of a new credit facility, as well as completion of the refinancing and sale/joint venture of certain student housing properties) would be highly determinative of the executive's performance for 2007. Accordingly, the Committee concluded that a 3% increase in the executive officers' base salaries was warranted at the time, but agreed to reassess the possibility of a larger increase after the first half of 2007, at which time the Committee could review the level of financial and operational improvement of the Trust, specifically with regard to the student housing

segment. During the second half of 2007, the Committee met again to reassess additional increases to the executive officers' base salaries, and in light of the successful completion of the Trust's 2007 business strategy, approved additional increases each of the executive officers' base salaries, to be applied retroactively to January 1, 2007. As referenced above, the Committee used a peer group compensation report provided by its compensation consultant in evaluating any increases in the base salaries of the executives under their employment agreements, and sought to ensure that the base salaries would be near the average to slightly above average of the base salaries received by similarly-situated employees at the peer group companies referred to above.

Annual Incentive Bonus Awards

In addition to the provisions for base salaries under the terms of the Trust's employment agreements, each executive is entitled to receive an annual cash bonus for each calendar year during the term of the agreement, based on the achievement of individual and corporate performance goals set by the Committee. The Committee establishes achievement thresholds for the bonuses to be paid with respect to the achievement of these goals, as follows: (a) for Mr. Holloway, threshold, target, superior and outperformance levels equal to 40%, 80%, 120%, and 200%, respectively, of his base salary; (b) for Mr. Robinson, threshold, target, superior and outperformance levels equal to 40%, 80%, 120%, and 175%, respectively, of his base salary; and (c) for Messrs. DeRiggi, O'Grady and Macchione, threshold, target and superior levels equal to 40%, 80% and 120%, respectively, of their respective base salaries.

Under the terms of the employment agreements, the Board or the Committee is required to meet during the first 90 days of each calendar year (120 days solely with respect to the 2006 calendar year for Messrs. DeRiggi, O'Grady and Macchione) to determine the relevant individual and corporate performance goals for each executive officer for the then-current year. At the end of that year, an assessment of individual and corporate performance against these goals is used to determine the cash incentive bonuses to be awarded in accordance with the following formula set forth under the employment agreements:

total annual incentive bonus = individual performance bonus + corporate performance bonus

where:

individual performance bonus = individual performance level achieved (threshold, target, superior or outperformance percentage, as applicable) × individual goals allocation × base salary

corporate performance bonus = corporate performance level achieved (threshold, target, superior or outperformance percentage, as applicable) × corporate goals allocation percentage × base salary

With respect to the allocation of individual and corporate goals, the applicable percentages under the employment agreements are 20% and 80%, respectively, for Messrs. Holloway, Robinson and DeRiggi, and 40% and 60%, respectively, for Messrs. O'Grady and Macchione. In setting individual performance goals, the Committee obtains a list of such goals from each of the executive officers, which generally include personal objectives of the individual for the coming year that relate to their management, and the general performance, of their respective department (or the Trust as a whole, as it relates to the chief executive officer). With respect to corporate goals, management as a whole submits its recommendations to the Committee as to various Trust performance objectives for the coming year, which generally are divided into goals for each of the student housing and military housing segments, as well as the Trust's overall performance on the basis of funds from operations, or FFO. These corporate performance goals are further broken down into threshold, target, superior or (where applicable) outperformance levels. For 2007, the corporate performance goals relating to

Edgar Filing: GMH Communities Trust - Form 10-K/A

student housing were based on the financial and operational performance of the Trust's student housing segment, including successful completion of the Trust's 2007 business strategy; and goals covering military housing were based on the number of military housing end-state housing units awarded under military housing privatization projects during the fiscal year. With respect to FFO, the Committee historically has reviewed analyst consensus for projected fiscal year FFO of the Trust in setting the target level of performance. In addition to these purely quantitative factors, the Committee also performs a qualitative analysis with respect to the Trust's and each business segment's performance for the fiscal year. The Committee reviews the recommendations submitted by management for both individual and corporate performance goals, and uses its discretion in making appropriate adjustments to the recommendations before finally approving them. With regard to corporate performance goals for 2007, the Committee approved the following performance levels: superior level for FFO, in light of the fact that the Trust had exceeded management's FFO target for 2007 (eliminating one-time charges associated with settlement of the Trust's class action); outperformance level for Messrs. Holloway and Robinson relating to military housing units awarded, and superior level for Messrs. O'Grady, DeRiggi and Macchione, as a result of the award of military housing units awarded in 2007; a blend of superior and target (totaling 100%) for student housing segment performance, based on successful implementation of strategic initiatives; and a slightly above target level (90%) for other corporate goals, accounting for placement of a new credit facility, implementation of more thorough data management and financial reporting tools, and enhanced compliance with Sarbanes-Oxley requirements.

In terms of evaluating the appropriate individual performance levels to assign to each of the executive officers for 2007, the Committee considered recommendations provided by Mr. Holloway, as well as its own assessment of the work that had been performed by the executives throughout the year. With respect to Mr. Holloway, whose individual and corporate performance goals are aligned, the Committee noted each of the corporate goals described above and the successful completion of management's 2007 business strategy. In evaluating 2007 individual performance for Mr. O'Grady, the Committee awarded a blend of target and superior levels at 100%, and acknowledged the successful placement of the Trust's new line of credit and continued implementation of successful measures designed to ensure accurate and timely reporting of the Trust's results of operations, compliance with internal controls and capital expenditure management. With respect to Mr. DeRiggi, the Committee awarded a slightly above target performance level at 90%, noting that the student housing division had implemented several strategic initiatives designed to improve operating performance within the student housing segment; and as to Mr. Macchione, the Committee noted his coordination of, and assistance with, settlement of the Trust's class action litigation and awarded a superior level of individual performance at 120%. With respect to Mr. Robinson's 2007 performance, the Committee awarded an outperformance rating at 175%, acknowledging that the Trust's military housing division had performed well above management's expectations with regard to the number of military housing units awarded during 2007.

As noted above, Ms. Dikos was appointed as the Trust's Chief Accounting Officer in September 2007, at which time the terms of her compensation in place prior to her appointment as an executive officer continued through the remainder of 2007, and received a bonus equal to 32.7% of her base salary.

In addition to its determination of the executive's individual performance levels for 2007, the Committee also compared the executive's total compensation for 2007 to that of similarly-situated personnel under the Trust's peer group analysis provided by the Committee's independent compensation consultant. The Committee noted that the 2007 total compensation to be awarded to these executives was within the average to slightly above average range of combined total compensation for similarly-situated positions under the applicable peer group analysis.

Equity-Based Compensation

The employment agreements also provide that the executives are eligible for grants of stock options and restricted common shares under the Trust's Equity Incentive Plan, pursuant to the terms and conditions as determined by the Committee. With respect to restricted share grants, the employment agreements provide that the shares will have voting and dividend rights, and following the applicable restriction period as determined by the Committee, will be fully transferable to the executive. As stated above, the Committee has not granted any equity-based compensation to the Trust's executive officers to date, other than the restricted common shares awarded to Mr. O'Grady as part of his initial employment package.

Perquisites and Other Personal Benefits

The Trust's employment agreements provide the executive officers with perquisites and other personal benefits that the Trust and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Trust to attract and retain superior employees for key positions. The Committee periodically reviews the levels of perquisites and other personal benefits provided to the executive officers.

The executive officers are provided the following benefits under the terms of their employment agreements: an allotted number of paid vacation weeks; eligibility for the executive and his spouse and dependents in all Trust sponsored employee benefits plans, including 401(k) plan, group health, accident, disability insurance, group life insurance and supplemental life insurance, on such terms no less favorable than applicable to any other executive; eligibility for participation in any Trust sponsored deferred compensation plans (of which there are currently none that are utilized); an annual physical medical examination at the Trust's cost; a monthly car allowance; reimbursement for costs associated with tax and financial planning assistance; coverage under a Trust-paid director and officer insurance plan on terms no less favorable than coverage provided to any other then current officer or trustee; and, supplemental renewable long-term disability insurance, at the Trust's cost, as agreed to by the Trust and the executive. Attributed costs of the personal benefits described above for the named executive officers for the fiscal year ended December 31, 2007, are included in column (i) of the "Summary Compensation Table" provided below in this report.

In addition, the executives' employment agreements each contain provisions relating to payments upon change in control events and severance upon termination for events other than without cause or good reason (as defined under the terms of the employment agreements). These change in control and severance terms are designed to promote stability and continuity of senior management. Information regarding applicable potential payments under these provisions for the named executive officers is provided under the heading "Potential Payments Upon Termination or Change in Control" presented below in this report.

Federal Tax Regulations

Section 162(m) of the Code limits the deductibility on the Trust's income tax return to compensation of \$1.0 million for certain executive officers unless, in general, the compensation is paid pursuant to a plan that is performance-based, nondiscretionary and has been approved by the Trust's shareholders. The Compensation Committee's policy with respect to Section 162(m) since the Trust's initial public offering is to make reasonable efforts to ensure that compensation is deductible to the extent permitted, while simultaneously providing the Trust's executives with appropriate rewards for their performance.

Compensation Committee Report

The Compensation Committee of the Trust has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Trustees of the Trust that the Compensation Discussion and Analysis be included in this proxy statement.

Compensation Committee Interlocks and Insider Participation

All of the members of the Compensation Committee of the Trust's Board have been determined to be independent trustees in accordance with the listing standards and corporate governance rules of the NYSE and the terms of the Trust's Corporate Governance Guidelines. None of these trustees, or any of our executive officers, serves as a member of a board or any compensation committee of any entity that has one or more executive officers serving as a member of the Board of Trustees.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.

The following table sets forth the beneficial ownership of common shares, as of April 15, 2008, by (i) each of the Company's trustees, (ii) each of the Company's executive officers, (iii) all of the Company's trustees and executive officers as a group and (iv) any shareholders known to the Company to be the beneficial owner of more than 5% of our common shares (based solely on information provided in Schedule 13D or 13G filings made by such beneficial owners with the SEC). The SEC has defined "beneficial" ownership of a security to mean the possession, directly or indirectly, of voting power and/or investment power. A shareholder is also deemed to be, as of any date, the beneficial owner of all securities that such shareholder has the right to acquire within 60 days after that date through (a) the exercise of any option, warrant or right, (b) the conversion of a security, (c) the power to revoke a trust, discretionary account or similar arrangement or (d) the automatic termination of a trust, discretionary account or similar arrangement.

Under the terms of the Company's Declaration of Trust, shareholders generally may not have "beneficial" or "constructive" ownership (as those terms are defined in the Declaration of Trust) of more than 7.1% of the outstanding common shares of the Company at any time. Common shares indicated as beneficially owned in the following table may not be deemed to be "beneficially" and/or constructively owned by the shareholder under the Declaration of Trust. The Declaration of Trust provides that the Board may approve exceptions to this limitation of ownership, provided that the ownership exception would not threaten the Company's ability to qualify as a real estate investment trust under the Internal Revenue Code of 1986, as amended (the "Code"), and currently provides the following exceptions: (i) Mr. Holloway and persons whose share ownership would be attributed to him under the Declaration of Trust's constructive ownership provisions may own no more than 20% of the outstanding shares of the Company; (ii) Steven Roth, the chief executive officer of Vornado Realty Trust, and persons whose share ownership would be attributed to him under the Declaration of Trust's constructive ownership rules may own no more than 8.5% of the outstanding shares of the Company, and (iii) Vornado Realty, L.P., Vornado Realty Trust, and designated affiliates or permitted transferees of Vornado Realty, L.P. under the terms of a warrant issued by the Company, generally have no

restriction on ownership levels in the Company (except that any person who is treated as an "individual" for purposes of the Code may not benefit from this unlimited ownership exception).

Johnson 3d, Chairman of FMR LLC, are the predominant owners, directly or through trusts, of Series B voting common shares of FMR LLC, representing 49% of the voting power of FMR LLC. The Johnson family group and all other Series B shareholders have entered into a shareholders' voting agreement under which all Series B voting common shares will be voted in accordance with the majority vote of Series B voting common shares. Accordingly, through their ownership of voting common shares and the execution of the shareholders' voting agreement, members of the Johnson family may be deemed, under the Investment Company Act of 1940, to form a controlling group with respect to FMR LLC. Neither FMR LLC nor Edward C. Johnson 3d, Chairman of FMR LLC, has the sole power to vote or direct the voting of the shares owned directly by the Fidelity Funds, which power resides with the Funds' Boards of Trustees. Fidelity carries out the voting of the shares under written guidelines established by the Funds' Boards of Trustees. Partnerships controlled predominantly by members of the family of Edward C. Johnson 3d, Chairman of FMR LLC and FIL, or trusts for their benefit, own shares of FIL voting stock with the right to cast approximately 47% of the total votes which may be cast by all holders of FIL voting stock. FMR LLC and FIL are separate and independent corporate entities, and their Boards of Directors are generally composed of different individuals. FMR LLC and FIL are of the view that they are not acting as a "group" for purposes of Section 13(d) under the Securities Exchange Act of 1934 (the "1934" Act) and that they are not otherwise required to attribute to each other the "beneficial ownership" of securities "beneficially owned" by the other corporation within the meaning of Rule 13d-3 promulgated under the 1934 Act. Therefore, they are of the view that the shares held by the other corporation need not be aggregated for purposes of Section 13(d). However, FMR LLC is making this filing on a voluntary basis as if all of the shares are beneficially owned by FMR LLC and FIL on a joint basis.

Related Party Management and Other Services

Subsequent to the completion of the Company's initial public offering on November 2, 2004, common costs for human resources, information technology, office equipment and furniture, and certain management personnel were allocated to the various entities owned or controlled by Mr. Holloway using assumptions based on headcount that management believes are reasonable. The allocation of such costs to other entities owned or controlled by Mr. Holloway during the year ended December 31, 2007 totaled \$230,000.

The Company leases space in its corporate headquarters to entities wholly-owned by Mr. Holloway. During the year ended December 31, 2007, rental income from these entities totaled \$156,000.

The Company is reimbursed by the joint ventures relating to certain of its military housing projects and student housing properties in which the Company has an ownership interest for the cost of certain employees engaged in the daily operation of those military housing projects and student housing properties. During the year ended December 31, 2007, such expense reimbursements relating to these military housing projects and student housing properties totaled \$86.6 million.

Mr. Holloway owns Bryn Mawr Abstract, Inc., an entity that provides title abstract services to third party title insurance companies, from which we have purchased title insurance with respect to certain student housing properties and military housing projects that we have acquired or refinanced. In connection with the purchase of title insurance for these student housing properties and military housing projects, premiums were paid to other title insurance companies, which fees in some cases are fixed according to statute. From these premiums, the other title insurance companies paid to Bryn Mawr Abstract, Inc. \$0.3 million during the year ended December 31, 2007, for providing title abstract services.

Mr. Holloway owns GMH Capital Partners Commercial Realty LP, an entity that provides real estate consulting and brokerage services for real estate transactions. In connection with the Company's Navy Northeast Region project, GMH Capital Partners Commercial Realty LP received brokerage service fees of \$1.2 million during the year ended December 31, 2007, in connection with the sale of land parcels by the Navy that was formerly part of the Company's Navy Northeast Region project.

In February 2005, the Company transferred its interest in Corporate Flight Services, LLC, including the corporate aircraft and associated debt initially contributed to the Operating Partnership at the time of the initial public offering, to Mr. Holloway. Corporate Flight Services, LLC had a net deficit of \$171,000, net of \$180,000 tax expense related to the taxable gain upon the transfer to Mr. Holloway, on the date it was transferred to Mr. Holloway. This transfer was accounted for as a capital contribution to additional paid-in capital. During the year ended December 31, 2007, the Company paid Corporate Flight Services, LLC, an entity wholly-owned by Mr. Holloway, \$1.2 million for use of an aircraft.

In light of the pending sale of the Company, currently expected to be completed during the second quarter of 2008, the Audit Committee pre-approved of the audit and non-audit services to be provided by its independent auditors through the first quarter, and will reassess the need to pre-approve services for any future quarters to the extent it becomes necessary. In connection with the pre-approval process, the independent auditors provided the Audit Committee with a list that described in reasonable detail the services expected to be performed by the independent auditor during the relevant period(s). Any request for services not contemplated by this list must be submitted to the Audit Committee for specific pre-approval and the provision of such services cannot commence until such approval has been granted.
