Calculation of Registration Fee

Title of each class of securities to be registered	Amount to be registered	Proposed maximum offering price per unit(1)	Proposed maximum aggregate offering price(1)	Amount of registration fee(3)
Common stock, par value \$0.01 per share, preferred share purchase rights(2)	5,000,000	\$23.33	\$116,650,000	\$4,585

(1) This amount is an estimate made solely for the purpose of calculating the registration fee pursuant to the Rule 457(c) of the Securities Act of 1933, as amended, and is based on the average of the high and low prices of the registrant's common stock on the New York Stock Exchange on November 21, 2008.

(2) Each share of the registrant's common stock automatically includes one-half of a right to purchase one one-hundredth of a share of Series A Preferred Stock, par value \$0.01 per share, pursuant to the Amended and Restated Rights Agreement dated October 10, 2000 between the registrant and ChaseMellon Shareholder Services LLC, as Rights Agent.

(3) Pursuant to Rule 415(a)(6) under the Securities Act of 1933, \$4,585 of the filing fee related to 5,500,000 shares of common stock (the "Previously Registered Securities") that were registered under registration statement no. 333-127010 (the "Prior Registration Statement") filed on July 29, 2005 and that have not yet been issued and sold will be applied to the filing fee for this registration statement. In accordance with Rule 415(a)(6), the Prior Registration Statement will be deemed terminated upon effectiveness of this registration statement.

Common Stock

**AUTOMATIC DIVIDEND REINVESTMENT
AND STOCK PURCHASE PLAN**

This prospectus describes our automatic dividend reinvestment and stock purchase plan.

Our plan is designed to provide you with a convenient and economical way to purchase shares of our common stock, par value \$0.01 per share, and to reinvest all or a portion of the cash dividends paid on our common stock. Each share of common stock is accompanied by certain rights to purchase our Series A preferred stock pursuant to our Amended and Restated Rights Agreement dated October 10, 2000.

As a plan participant you may:

reinvest all or a portion of the cash dividends paid on our common stock registered in your name or common stock credited to your plan account in additional shares of common stock;

make an initial investment in our common stock with a cash payment of at least \$250 or, if you already are a holder of our common stock, you may increase your investment by making optional cash payments at any time of at least \$25 for any single investment, up to a maximum of \$100,000 per year. Investments greater than \$100,000 per year may be made only with our permission;

receive, upon written request, certificates for whole shares of common stock credited to your plan account;

deposit your common stock share certificates into the plan for safekeeping; and

sell shares of common stock credited to your plan account through the plan.

Shares of common stock will be purchased under the plan, at our option, from newly issued shares, shares held in our treasury or shares purchased in the open market. Any open market purchases will be made through an independent agent that we select. To the extent required by state securities laws in certain jurisdictions, offers under the plan to persons who are not currently shareowners must be only through a registered broker/ dealer. Our common stock is listed on the New York Stock Exchange and trades under the symbol "OGE." The closing price on November 25, 2008 on the New York Stock Exchange was \$25.15.

Except as described below, the purchase price of newly issued or treasury shares of common stock purchased under the plan will be the average of the high and low sales prices of the common stock reported on the New York Stock Exchange Composite Tape as published in *The Wall Street Journal* for that date. The price of shares of common stock purchased in the open market will be the weighted average price per share of the aggregate number of shares purchased in the open market for the relevant period. We will pay all trading fees relating to shares of common stock purchased in the open market. Common stock purchased directly from us pursuant to an optional investment of more than \$100,000 (with our permission) may be priced at a discount from recent market prices (as described in this prospectus) ranging from 0% to 3%. We may change or adjust any discount at any time in our sole discretion.

We are providing this prospectus both to current and prospective participants in the plan. If you currently participate in the plan, this prospectus (including the materials incorporated by reference) provides more current information concerning our company and the plan and is intended to replace our prospectus dated August 17, 2005.

Investing in our common stock involves risks. See "Risk Factors" on page 2.

FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference contain statements that are not historical fact and constitute "forward-looking statements." Such forward-looking statements are intended to be identified by the words "anticipate," "believe," "estimate," "expect," "intend," "objective," "plan," "possible," "potential," "project," "should" and similar expressions. Forward-looking statements are not guarantees of performance. They involve risks, uncertainties and assumptions. Our future results may differ materially from those expressed in these forward-looking statements. These statements are necessarily based upon various assumptions involving judgments with respect to the future and other risks, including, among others:

general economic conditions, including the availability of credit, access to existing lines of credit, actions of rating agencies and their impact on capital expenditures;

our ability and the ability of our subsidiaries to access the capital markets and obtain financing on favorable terms;

prices and availability of electricity, coal, natural gas and natural gas liquids, each on a stand-alone basis and in relation to each other;

business conditions in the energy and natural gas midstream industries;

competitive factors, including the extent and timing of the entry of additional competition in the markets we serve;

unusual weather;

availability and prices of raw materials for current and future construction projects;

federal or state legislation and regulatory decisions and initiatives that affect cost and investment recovery, have an impact on rate structures and affect the speed and degree to which competition enters our markets;

environmental laws and regulations that may impact our operations;

changes in accounting standards, rules or guidelines;

the discontinuance of regulated accounting principles under Financial Accounting Standards Board Statement of Financial Accounting Standard No. 71, "Accounting for the Effects of Certain Types of Regulation";

creditworthiness of suppliers, customers and other contractual parties;

the higher degree of risk associated with our nonregulated business compared with our regulated utility business;

the risk that the proposed joint venture with Energy Transfer Partners, L.P. will not be completed, or will not be completed on the terms currently contemplated; and

Edgar Filing: OGE ENERGY CORP. - Form S-3ASR

other factors listed from time to time in reports we file with the Securities and Exchange Commission, or the SEC.

In the light of these risks and uncertainties, there can be no assurance that the results and events contemplated by the forward-looking information contained or incorporated by reference in this prospectus will in fact transpire. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of their dates. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. These risks and uncertainties are discussed in more detail under "Business," "Risk Factors," "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Notes

to Consolidated Financial Statements" in our most recent Annual Report on Form 10-K and in our Quarterly Reports on Form 10-Q and other documents on file with the SEC. You may obtain copies of these documents as described under "Where You Can Find More Information."

RISK FACTORS

An investment in our shares of common stock involves risk. Prior to making a decision about investing in our shares of common stock, you should carefully consider the risk factors and cautionary statements under the heading "Risk Factors" in our most recently filed Annual Report on Form 10-K and Quarterly Reports on Form 10-Q filed subsequent thereto and other filings we make from time to time with the SEC. Such factors could affect actual results and cause results to differ materially from those expressed or implied in our forward-looking statements made by us or on our behalf. Additional risks and uncertainties not currently known to us or that we currently view as immaterial may also affect our business operations.

THE COMPANY

We are an energy and energy services provider offering physical delivery and related services for both electricity and natural gas primarily in the south central United States. We conduct these activities through four business segments: (i) electric utility, (ii) natural gas transportation and storage, (iii) natural gas gathering and processing and (iv) natural gas marketing.

Our electric utility segment generates, transmits, distributes and sells electric energy in Oklahoma and western Arkansas. These operations are conducted through our subsidiary, Oklahoma Gas and Electric Company ("OG&E") and are subject to regulation by the Oklahoma Corporation Commission, the Arkansas Public Service Commission and the Federal Energy Regulatory Commission.

Our natural gas transportation and storage and natural gas gathering and processing segment operations are conducted through our subsidiary, Enogex LLC and its subsidiaries ("Enogex") which is a provider of integrated natural gas midstream services. The vast majority of Enogex's natural gas gathering, processing, transportation and storage assets are strategically located primarily in the Arkoma and Anadarko basins of Oklahoma and the Texas Panhandle.

Our natural gas marketing segment operations are conducted through our subsidiary, OGE Energy Resources, Inc. ("OERI"). Enogex has historically utilized, and is expected to continue to utilize, OERI for natural gas marketing, hedging, risk management and other related activities.

In September 2008, we announced an agreement to form a joint venture with Energy Transfer Partners, L.P. ("ETP") pursuant to which we will contribute to the new joint venture 100% of our ownership interest in Enogex and ETP will contribute to the new joint venture 100% of its ownership interest in Transwestern Pipeline Company, LLC and 100% of its ownership interest in ETC Canyon Pipeline, LLC and its 50% interest in Midcontinent Express Pipeline, LLC. Completion of the formation of the joint venture is subject to obtaining satisfactory financing, customary regulatory approvals and various third party consents. Under the terms of the agreement, if we and ETP do not complete the financing pursuant to the specified financing plan and close the joint venture no later than March 31, 2009, either party can cancel the agreement. In today's market, it would be difficult for the joint venture to complete the financing plan under the agreed to terms, but we and ETP are working with our banking teams to monitor the market and evaluate the funding options. We cannot assure you that the joint venture will be successfully completed.

We were incorporated in Oklahoma on August 4, 1995 and became the holding company parent of OG&E and Enogex on December 31, 1996.

Our principal executive offices are located at 321 North Harvey, Post Office Box 321, Oklahoma City, Oklahoma 73101-0321. Our telephone number is (405) 553-3000.

USE OF PROCEEDS

If newly issued or treasury shares of common stock are purchased under the plan, the proceeds from these sales will be used for general corporate purposes, including, without limitation, to provide funds for the redemption, repayment or retirement of our outstanding indebtedness or the advance or contribution of funds to one or more of our subsidiaries to be used for general corporate purposes, including, without limitation, to fund the acquisition of additional generating facilities or for their construction programs or for the redemption, repayment or retirement of their indebtedness. We will not receive any proceeds when shares of common stock are purchased under the plan in the open market.

**OGE ENERGY CORP.
AUTOMATIC DIVIDEND REINVESTMENT AND STOCK PURCHASE PLAN**

The following questions and answers summarize the provisions of our automatic dividend reinvestment and stock purchase plan as in effect on the date of this prospectus.

**1.
What Is the Plan?**

The plan provides existing and potential investors in our company with a simple and convenient method of purchasing shares of our common stock without payment of any trading fees. The plan also provides you with a convenient way to reinvest all or a portion of your cash dividends in shares of our common stock.

**2.
What Is the Purpose of the Plan and What Are Some of Its Advantages and Disadvantages?**

Purpose The purpose of the plan is to provide existing and potential investors in our company with a convenient way to purchase shares of our common stock and to reinvest all or a portion of their cash dividends in shares of our common stock. Because new shares may be purchased directly from us, we may receive additional funds for general corporate purposes.

Advantages

If you are not currently a record holder of our common stock, you may become a participant in the plan by making an initial minimum cash investment of at least \$250 to purchase common stock through the plan.

If you are currently a record holder of our common stock, but are not participating in the plan, you can become a participant by: (1) electing to have dividend payments on all or a portion of your common stock reinvested in common stock; (2) depositing your common stock certificates into the plan for safekeeping; or (3) making a minimum cash investment of at least \$25 to purchase common stock through the plan.

In addition to having your dividend payments reinvested in common stock, you may invest additional funds in common stock through optional cash investments of at least \$25 for any single investment up to \$100,000 per year. Optional cash investments may be made by check or by individual or periodic electronic funds transfer from a pre-designated bank account. Optional cash investments may be made occasionally or at regular intervals, as you desire. In our discretion, we may permit investments of greater than \$100,000 per year. See Question 9 below for a discussion of Requests for Waiver.

Funds invested in the plan are fully invested in common stock through the purchase of whole shares and fractions of shares, and proportionate cash dividends on fractions of shares of common stock are used to purchase additional shares of common stock.

Edgar Filing: OGE ENERGY CORP. - Form S-3ASR

The plan offers a "safekeeping" service whereby you may deposit, free of any service charges, your common stock certificates into the plan. Shares of common stock deposited will be credited to your account. You can select this service without participating in any other feature of the plan.

You may direct us, at any time and at no cost to you, to transfer all or a portion of the shares of common stock credited to your account (including any shares of common stock deposited into the plan for safekeeping) to the account of another participant (or to set up an account for a new participant in connection with this transfer) or to send certificate(s) representing these shares to you or another designated person or entity.

Periodic statements will be mailed to you showing all transactions completed during the year to date, total shares of common stock credited to your account and other information related to your account.

You may direct that all, a portion or none of your dividend payments on shares of our common stock that you own, including shares of common stock purchased for you under the plan and shares of common stock deposited into the plan for safekeeping, be reinvested in shares of common stock. Dividend payments not reinvested will be paid to you in cash or directly deposited to a designated bank account.

You may sell, through the plan, shares of common stock credited to your account (including those shares of common stock deposited into the plan for safekeeping). A \$10.00 service fee, as well as applicable trading fees of \$0.12 per share, will be deducted from the sale proceeds for each such transaction (see the answer to Question 23).

Disadvantages

You have no control over the price, and in the case of shares of common stock purchased or sold in the open market by an independent agent, the time, at which common stock is purchased or sold, respectively, for your account.

Purchases in the open market generally will occur at least once each week. Funds not invested in common stock within 30 days after receipt will be promptly returned to you. Your sales under the plan will be made by an independent agent as soon as practicable after processing the sales request. Therefore, you bear the market risk associated with fluctuations in the price of the common stock. (See the answers to Questions 7, 8, 10, 14 and 18.)

No interest will be paid on funds held by the administrator of the plan pending investment under the plan.

You will be assessed service fees for certain transactions under the plan, including, among others, the sale of shares (see the answer to Question 23).

3. **Who Administers the Plan and What Are Some of the Functions Performed by the Administrator?**

Administration of the plan is conducted by the individual (who may be an employee of our company), bank, trust company or other entity (including our company) appointed from time to time by us to act as administrator of the plan. The Bank of New York Mellon is the current administrator. The administrator is responsible for administering the plan, receiving all your cash investments, maintaining records of account activities, issuing statements of account and performing other duties required by the plan. The number of shares credited to your account under the plan will be shown on your statement of account. Normally, certificates for shares purchased under the plan will not be issued to you, but will be held by the administrator and registered in the name of the administrator on your behalf. However, subject to the conditions described in the answers to Questions 11 and 12 regarding withdrawal of shares, certificates for any number of whole shares credited to your account under the

Edgar Filing: OGE ENERGY CORP. - Form S-3ASR

plan will be issued to you upon your written request to the administrator. Any remaining whole and fractional shares will continue to be credited to your account. Certificates for fractional shares will not be issued.

The administrator may receive administrative support from BNY Mellon Shareowner Services, a registered transfer agent and affiliate of The Bank of New York Mellon.

If we have decided that shares purchased under the plan are to be purchased in the open market, the administrator or another agent we select that is an "agent independent of the issuer," as that term is defined in the rules and regulations under the Exchange Act, will purchase shares of common stock in the open market. In this prospectus, we refer to the "agent independent of the issuer" as the "independent agent." The independent agent is responsible for purchasing and selling shares of common stock in the open market for participants' accounts in accordance with the provisions of the plan.

Except as provided in the answers to Questions 9 and 15, all communications regarding the plan should be made directly to the administrator through the following:

Internet

You can enroll, obtain information and perform certain transactions on your account online via Investor ServiceDirect® (ISD). New investors establish a Personal Identification Number (PIN) when setting up their account. For existing shareholders to gain access, use the 12-digit Investor Identification Number (IID) which can be found in a bolded box on your check stub, statement or advice to establish your PIN. In order to access your account through ISD, you will be required to complete an account activation process. This one-time authentication process will be used to validate your identity in addition to your 12-digit IID and self-assigned PIN.

To access Investor ServiceDirect® you should log on to the BNY Mellon Shareowner Services website at www.bnymellon.com/shareowner/isd.

Telephone

You can telephone Shareholder Customer Service toll-free within the United States and Canada by calling 1-888-216-8114. An automated voice response system is available 24 hours a day, 7 days a week. Customer service representatives are available from 9:00 a.m. to 7:00 p.m., Eastern time, Monday through Friday (except holidays).

International Telephone Inquiries: 1-201-680-6578
For the hearing impaired (TDD): 1-800-231-5469

In Writing

You may write to the administrator at the following address:

The Bank of New York Mellon
c/o BNY Mellon Shareowner Services
P.O. Box 358035
Pittsburgh, PA 15252-8035

You should be sure to include your name, address, daytime phone number, IID and a reference to OGE Energy on all correspondence.

4.

Am I Eligible to Participate in the Plan?

Whether or not you are a record holder of our common stock, you are eligible to participate in the plan, if: (1) you fulfill the conditions for participation described below in the third and fourth

paragraphs of the answer to Question 5; and (2) if you are a citizen or resident of a country other than the United States, its territories and possessions, your participation would not violate local laws applicable to our company, the plan and you.

5.

How Do I Participate?

If you are already a participant in the plan, you are not required to re-enroll. However, if you wish to change your participation in any way (for example, from partial to full reinvestment), you must submit instructions or a new enrollment form to that effect to the administrator.

After being furnished with a copy of this prospectus, you may join the plan at any time by enrolling on-line through Investor ServiceDirect at www.bnymellon.com/shareowner/isd, by telephone or by completing and signing an enrollment form in the manner set forth below. **All plan materials, including enrollment forms, as well as other plan forms and this prospectus, are available through Investor ServiceDirect or by contacting the administrator as indicated in the answer to Question 3 above.**

In order to become a participant in the plan, you can enroll on-line or submit an enrollment form to the administrator and either: (1) elect to have cash dividends paid on our common stock of which you are the record holder invested in common stock (see the answer to Question 10); (2) deposit share certificates into the plan for safekeeping (see the answer to Question 17); or (3) pay a \$3.00 enrollment fee (see the answer to Question 23) and make an initial cash investment (see the answer to Question 7).

If you are the beneficial owner of common stock registered in "street name" (for example, in the name of a bank, broker or trustee), you may participate in the plan by either: (1) transferring those securities into your own name and depositing those shares of common stock into the plan for safekeeping and/or electing to reinvest cash dividend payments on those shares in common stock (see the answer to Question 19); or (2) making arrangements with your record or registered holder (for example, your bank, broker or trustee, who will become the participant) to participate in the plan on your behalf.

You will become a participant after a properly completed enrollment form has been received and accepted by the administrator or after you enroll on-line. If you are a holder of common stock and your election is received by the administrator on or before the record date for payment of a cash dividend on common stock (dividend record dates for common stock normally are expected to be the tenth day of January, April, July and October), that cash dividend and all future cash dividends payable on your common stock will be used by the administrator to buy shares of common stock for your account under the plan to the extent you requested. See the answer to Question 10. If your election is not received on or before the record date for a cash dividend on common stock, the dividend will be paid to you in cash and the reinvestment of your dividends under the plan will begin with the next cash dividend payment on the common stock. Thus, for example, an October 30 cash dividend will be used to purchase shares of common stock under the plan only if your enrollment is received on or before October 10.

6.

What Securities are Eligible for Automatic Dividend Reinvestment Under the Plan?

In addition to our common stock, we may from time to time designate, in our sole discretion, other equity or debt securities of our company or OG&E as eligible securities by notifying the administrator in writing of the designation.

7.

How Do I Make Initial Cash Investments and Optional Cash Investments?

Initial Investments. Whether or not you are currently a record holder of our common stock, you may become a participant by making an investment through the plan as described below. **If you are not a record holder, you must authorize or include a minimum initial cash investment of at least \$250 and**

not more than \$100,000 with your completed enrollment. If you are a record holder and do not elect to have dividends reinvested and do not deposit common stock certificates in the plan for safekeeping, you must authorize or include a minimum initial cash investment of at least \$25 with your completed enrollment. A \$3.00 enrollment fee will be deducted from your initial cash investment (see the answer to Question 23). Such investments may be made electronically or by personal check payable to OGE/ BNY Mellon. Do not send cash.

Optional Cash Investments

General. You may make optional cash investments on-line through Investor ServiceDirect or by personal check or electronic funds transfer from a pre-designated bank account, as described below. Optional cash investments must be at least \$25 for any single investment. There is no obligation to make any optional cash investment and the amount and timing of your investments may vary from time to time.

Optional cash investments may not exceed \$100,000 in the aggregate per year. We refer to this limit on the dollar amount of optional cash investments as the "maximum amount." In determining whether the maximum amount has been reached, initial investments will be counted as optional cash investments.

Optional cash investments by a current participant of more than \$100,000 per year and any initial cash investment by a new investor in excess of \$100,000, may only be made pursuant to a Request for Waiver that has been granted by us as described in more detail in the answer to Question 9.

On-line Investments. You may authorize individual or ongoing automatic deductions of a specified amount (not less than \$25.00) from a designated U.S. bank account through Investor ServiceDirect at www.bnymellon.com/shareowner/isd. Please see the answer to Question 3 for information on how to access Investor ServiceDirect.

Check. You may make optional cash investments by delivering to the administrator: (1) a completed optional cash investment stub which will be attached to your statement of account or enrollment form; and (2) a personal check or money order payable to OGE/ BNY Mellon. Do not send cash.

Electronic Transfer from Bank Account. You may make monthly automatic investments of a specified amount (not less than \$25 or more than \$100,000 per year) by electronic funds transfer from a pre-designated U.S. bank account.

You can initiate monthly automatic deductions on-line through Investor ServiceDirect or you may complete and sign the appropriate section on the enrollment form and return it to the administrator together with a voided blank check for the account from which funds are to be drawn. Automatic deductions will be processed and will become effective as promptly as practicable.

Once a monthly automatic deduction is initiated, funds will be drawn from your designated bank account on the fifteenth day of each month (unless such date falls on a bank holiday or weekend, in which case funds will be deducted on the next business day) and will be invested in common stock as soon as practicable, generally within a week.

You may change or terminate automatic deduction by notifying the administrator. To be effective for a particular deduction date, however, notification must be received by the administrator at least five business days preceding such deduction date.

No interest will be paid on amounts held pending investment.

8. When Will My Initial and Optional Cash Investments Be Applied to the Purchase of Common Stock?

Optional and initial cash investments of \$100,000 or less per year will be invested in common stock at least once each week, except where and to the extent any applicable federal securities laws or other government or stock exchange regulations otherwise require. **No interest will be paid on funds held by the administrator pending investment.**

Upon your request, a cash investment not already invested in common stock will be returned to you. However, no refund of a check will be made until the funds from these instruments have been actually collected by the administrator. Accordingly, these refunds may be significantly delayed.

Optional and initial cash investments, pending investment pursuant to the plan, will be credited to your account and held in a trust account which will be separated from our other funds or monies. Cash investments not invested in common stock within 30 days of receipt will be promptly returned to you. All cash investments are subject to collection by the administrator of full face value in U.S. funds. The method of delivery of any cash investment is at your election and risk or that of an interested investor and will be deemed received when actually received by the administrator. If the delivery is by mail, it is recommended that you or the interested investor use properly insured registered mail with return receipt requested.

Cash dividends paid on shares of common stock credited to your account that were purchased through the plan with optional and initial cash investments will automatically be reinvested in shares of common stock unless you notify the administrator otherwise.

Funds payable to you as a result of a repurchase or tender of any of your shares of common stock may be invested in common stock through the plan at your request by delivering a properly completed enrollment form covering such securities to the administrator. Any amounts invested in common stock through the plan as described in the previous sentence will be treated as optional cash investments in determining whether the maximum amount has been reached.

9. How Do I Make Optional Cash Investments Over the Maximum Amount?

If you wish to make an optional cash investment in excess of \$100,000 per year and be eligible for a potential discount from the market price, you must obtain our prior written approval. If you are interested in obtaining such approval, you must submit a Request for Waiver. To make a Request for Waiver, you should obtain a "Request for Waiver" form by contacting the administrator at (201) 680-5300 or waivers@bnymellon.com. Completed Request for Waiver forms should be sent to the administrator at (201) 680-4652. The administrator will notify you as to whether your Request for Waiver has been granted or denied, either in whole or in part, within one business day of the receipt of your request. If your Request for Waiver is granted in part, the administrator will advise you of the maximum amount that will be accepted from you in connection with your purchase. If your request is approved, the administrator must receive the funds for your purchase prior to or on the applicable date specified by the administrator for the relevant pricing period (which typically will be one business day prior to the applicable pricing period). If you do not receive a response from the administrator in connection with your Request for Waiver, you should assume that we have denied your request.

We may alter, amend, supplement or waive, in our sole discretion, the time periods and/or other parameters relating to optional cash purchases in excess of \$100,000 made by one or more participants in the plan or new investors, at any time and from time to time, prior to the granting of any Request for Waiver. For more information regarding a particular pricing period (including applicable pricing period start dates), please contact the administrator at (201) 680-5300. Please see the answer to Question 15 for a discussion of the pricing applicable to any approved Request for Waivers.

Edgar Filing: OGE ENERGY CORP. - Form S-3ASR

We also may make the foregoing information available on the Investor Relations segment of our website at www.oge.com or on another website we may establish for this purpose from time to time.

We have the sole discretion whether to approve any request to make an optional cash investment in excess of the \$100,000 annual maximum. We may grant those requests for waiver in order of receipt or by any other method that we determine to be appropriate. We also may determine the amount that you may invest pursuant to a waiver. In deciding whether to approve your Request for Waiver, we may consider, among other things, the following factors:

whether, at the time of such request, the administrator is acquiring shares of common stock for the plan directly from us or in the open market or in privately negotiated transactions with third parties;

our need for additional funds;

our desire to obtain additional funds through the sale of common stock as compared to other sources of funds;

the purchase price likely to apply to any sale of common stock;

the extent and nature of your prior participation in the plan;

the number of shares of common stock you hold of record; and

the total amount of optional cash investments in excess of \$100,000 per year for which Requests for Waiver have been submitted.

We reserve the right to modify, suspend or terminate participation in the plan by otherwise eligible registered holders or beneficial owners of our common stock for any reason whatsoever including elimination of practices that are inconsistent with the purposes of the plan.

10.

How and When Are My Cash Dividends Reinvested?

You may elect to invest in common stock by reinvesting all or a portion of the cash dividends paid on all or a portion of the common stock registered in your name, common stock purchased through the plan and credited to your account and common stock deposited into the plan for safekeeping, by designating your election with the administrator. **If you do not make an election, cash dividends paid on shares of common stock credited to your account that were purchased through the plan or deposited into the plan for safekeeping will automatically be reinvested in shares of common stock.** If you elect partial reinvestment of cash dividends, you must designate the whole number of shares for which reinvestment is desired. Once you elect reinvestment, cash dividends on the designated shares of common stock will be reinvested in shares of common stock. **The amount reinvested will be reduced by any amount which is required to be withheld under any applicable tax or other statutes.** If you have specified partial reinvestment, that portion of cash dividends not designated for reinvestment will be sent to you by check in the usual manner or with regard to the partial reinvestment of cash dividends on common stock credited to your account, by electronic direct deposit, if you have elected the direct deposit option (see the answer to Question 13).

Dividends will be invested in common stock as soon as practicable following payment, however, purchases may be made over a number of days to meet the requirements of the plan. (See the answers to Questions 8 and 14.) Dividends not invested in common stock within 30 days of receipt will be promptly returned to you. Cash dividend reinvestment amounts, pending investment pursuant to the plan, will be credited to your account and held in a trust account which will be separated from our other funds or monies. **No interest will be paid on funds held by the administrator pending investment.**

11.

How Do I Change Participation in, or Withdraw Shares From, the Plan?

You may change your reinvestment options, including changing the reinvestment level (i.e., full, partial or none) of cash dividends on-line through Investor ServiceDirect, by telephone or by delivering written instructions or a new enrollment form to that effect to the administrator.

You may withdraw some or all of the common stock credited to your account from the plan at any time by delivering withdrawal instructions to the administrator by any of the options specified in the answer to Question 3. If you are submitting written instructions, we suggest that you use the stub portion of the statement of account to notify the administrator of your withdrawal instructions. In addition, if you will not be the record holder of the common stock after withdrawal, a stock assignment (stock power) and other necessary documentation must accompany the stub portion of the statement of account. Upon the administrator's receipt of the proper documentation, certificates representing the designated common stock will be sent to you, your broker or any other person that you have designated.

12.

When May I Change Participation in, or Withdraw Shares From, the Plan?

You may change participation in, or withdraw from, the plan at any time.

To be effective with respect to a particular cash dividend, any instructions to change reinvestment options must be received by the administrator at least five business days prior to the payment date relating to the cash dividend. If instructions are not received by the administrator at least five business days prior to the payment date, the instructions will not become effective until after such dividend is paid. The shares of common stock purchased with these funds will be credited to your account.

Except as described in the following sentence, if the properly completed withdrawal instructions with regard to shares of common stock credited to your account are received on or after an ex-dividend date, but before the related dividend payment date, the withdrawal will be processed as described above in the answer to Question 11 and a separate check for the dividends will be mailed to you following the dividend payment date. If the properly completed withdrawal instructions with regard to shares of common stock credited to your account on which cash dividends are being reinvested are not received by the administrator at least five business days prior to a dividend payment date, the dividends paid on the dividend payment date will be invested in common stock through the plan, and: (1) if your withdrawal instructions cover less than all of the shares of common stock credited to your account, the newly purchased shares will be credited to your account; or (2) if your withdrawal instructions cover all of the shares of common stock credited to your account, the withdrawal instructions will not be processed until after the dividends have been invested in common stock through the plan, at which time certificates representing all of the shares credited to your account, including the newly purchased shares, will be sent to you or another recipient that you designate. (See the answer to Question 20 for the reinvestment level of dividends on shares of common stock credited to your account after a withdrawal.)

Certificates representing whole shares of common stock withdrawn from the plan will be sent to you or your designated recipient by first class mail as soon as practicable following the administrator's receipt of the required documentation, subject to the provisions of the preceding paragraph. Alternatively, you may request in writing that the administrator sell all or a portion of your shares, both whole and fractional, that are held in your account under the plan. Subject to the conditions expressed herein regarding the processing of withdrawals, the sale is to be effected by the independent agent in accordance with the answer to Question 18 and will be subject to a service fee of \$10.00 and a trading fee of \$0.12 per share (see the answers to Questions 18 and 23). Withdrawal of shares of common stock does not affect reinvestment of cash dividends on the shares withdrawn unless: (1) you are no longer the record holder of the shares; (2) the reinvestment is specifically discontinued by you (see the answer to Question 11); or (3) you terminate participation in the plan (see the answer to Question 22).

13.

Can I Have a Portion of My Cash Dividends Deposited Directly Into My Bank Account?

If you elect not to reinvest all or any portion of cash dividends on shares of common stock credited to your account, you may receive these cash dividends by electronic deposit to your predesignated bank, savings, or credit union accounts. To receive a direct deposit of funds, you must complete and sign a direct deposit authorization form and return it to the administrator. Alternatively, you may authorize direct deposit of funds through Investor ServiceDirect. Direct deposit will become effective as promptly as practicable after receipt of a completed direct deposit authorization form. Changes in designated direct deposit accounts may be made by delivering a completed direct deposit authorization form to the administrator or on-line through Investor ServiceDirect.

Cash dividends on shares of common stock not designated for reinvestment and not directly deposited will be paid by check on the applicable dividend payment date.

14.

What Is the Source of Shares Purchased Under the Plan?

Shares of common stock purchased for participants under the plan will be either newly issued shares or shares held in our treasury or, at our option, shares of common stock purchased in the open market by an independent agent. The primary consideration in determining the source of shares is expected to be our need to increase equity capital. If we do not need to raise funds externally or if financing needs are satisfied using non-equity sources of funds to maintain our targeted capital structure, shares of common stock purchased for participants under the plan will be purchased in the open market, subject to the limitation discussed below for changing the source of shares of common stock. As of the date of this prospectus, shares of common stock purchased for participants under the plan are newly issued shares being purchased directly from us.

Except as described below in the answer to Question 15 relating to Requests for Waiver, purchases of shares of common stock directly from us, whether newly issued or treasury shares, will be made at least once each week at the average of the high and low sales prices of the common stock reported on the New York Stock Exchange Composite Tape as published in *The Wall Street Journal* for the date these shares are purchased. In the event no trading is reported for the trading day, the purchase price may be determined by us on the basis of market quotations we deem appropriate. No trading fees will be charged on shares acquired directly from us.

Purchases in the open market generally will occur at least once each week, except where and to the extent necessary under any applicable federal securities laws or any other governmental or stock exchange regulations. Funds not invested in common stock within 30 days of receipt will be promptly returned to you. The price of any shares of common stock purchased in the open market for initial and optional cash investments will be the weighted average price per share of the aggregate number of shares purchased on such date. The price of any shares of common stock purchased in the open market relating to the reinvestment of dividends will be the weighted average price per share of the aggregate number of shares purchased to satisfy the plan requirements with respect to the dividend. All brokerage costs and trading fees for shares acquired in the open market will be paid by us.

With regard to open market purchases of shares of common stock by an independent agent, we, the administrator (if it is not also the independent agent) and you will not have any authority or power to direct the time or price at which shares may be purchased, the markets on which the shares are to be purchased (including on any securities exchange, in the over-the-counter market or in negotiated transactions), or the selection of the broker or dealer (other than any independent agent) through or from whom purchases may be made. The independent agent may commingle your funds with those of other participants for the purpose of executing purchase transactions. Dividend and voting rights will commence upon settlement, whether shares are purchased from us or any other source.

15.

Once a "Request for Waiver" of Optional Cash Investments Over \$100,000 Has Been Granted (See Question 9), How Are Shares Priced and Purchased?

Shares purchased pursuant to a granted Request for Waiver will be purchased directly from us. Optional cash investments made pursuant to a Request for Waiver will be priced as follows:

Investments for which a Request for Waiver has been granted will be made subject to a "pricing period," which will generally consist of one (1) to twelve (12) separate days during which trading of our common stock is reported on the New York Stock Exchange. Each of these separate days will be an "investment date," and an equal proportion of the investment amount will be invested on each trading day during such pricing period, subject to the qualifications listed below. The purchase price for shares acquired on a particular investment date will be equal to 100% (subject to change as provided below) of the volume-weighted average price (less any applicable discount), rounded to four decimal places, of our common stock as reported by the New York Stock Exchange only, obtained from Bloomberg, LP for the trading hours from 9:30 a.m. to 4:00 p.m., Eastern Time (through and including the last trade on the New York Stock Exchange even if reported after 4:00 p.m.), for that investment date. For example, if a cash investment of \$10 million is made pursuant to an approved Request for Waiver and the pricing period is ten days, the number of shares will be calculated for each day of the pricing period by taking a pro rata portion of the total cash investment for each day of the pricing period, which would be \$1 million, and dividing it by the volume weighted average price obtained from Bloomberg, LP for the trading hours from 9:30 a.m. to 4:00 p.m., Eastern time (through and including the last trade on the New York Stock Exchange even if reported after 4:00 p.m.), less the discount. Funds for such investments must be received by the administrator not later than the business day before the first day of the pricing period.

We may establish a minimum, or "threshold," price for any pricing period that the volume-weighted average price, rounded to four decimal places, of our common stock must equal or exceed during each trading day of the pricing period for investments made pursuant to a Request for Waiver. If the threshold price is not satisfied for a trading day in the pricing period, then we will exclude from the pricing period such trading day and refund that day's proportional investment amount. For example, if the threshold price is not met for two (2) of the trading days in a ten-day pricing period, then we will return 20% of the funds you submitted in connection with your Request for Waiver, without interest, unless we have activated the pricing period extension feature for the pricing period, as described below. Neither we nor the administrator are required to notify you that a threshold price has been established for any pricing period. The establishment of the threshold price and the possible return of a portion of the payment applies only to optional cash investments exceeding \$100,000 per year made pursuant to a granted Request for Waiver. Setting a threshold price for a pricing period will not affect the setting of a threshold price for any other pricing period. We may waive our right to set a threshold price for any particular pricing period.

For each pricing period, we may establish a discount from the market price applicable to optional cash purchases and initial investments made pursuant to a Request for Waiver. This waiver discount, if any, will range from 0% to 3% of the purchase price and may vary for each pricing period. The waiver discount, if any, will be established at our sole discretion after a review of current market conditions, the level of participation in the plan, the attractiveness of obtaining additional funds through the sale of our common shares as compared to other sources of funds, and our need for additional funds. You may obtain information regarding the waiver discount, if any, by contacting the administrator at (201) 680-5300 or waivers@bnymellon.com. Setting a waiver discount for a particular pricing period will not affect the setting of a waiver discount for any subsequent pricing period. The waiver discount, if any, will apply only to optional cash purchases and initial investments in excess of \$100,000 made pursuant to a

Request for Waiver. The waiver discount, if any, however, will apply to the entire optional cash purchase or initial investment made pursuant to the Request for Waiver and not just the portion in excess of \$100,000.

We may elect to activate for any particular pricing period a pricing period extension feature that will provide that the initial pricing period be extended by the number of days that the threshold price is not satisfied, subject to a maximum of five (5) trading days. If we elect to activate the pricing period extension feature and the threshold price is satisfied for any additional day that has been added to the initial pricing period, that day will be included as one of the trading days for the pricing period instead of the day on which the threshold price was not met. For example, if the determined pricing period is ten (10) days, and the threshold price is not satisfied for three (3) out of those ten (10) days in the initial pricing period, and we had previously announced in the Request for Waiver form that the pricing period extension feature was activated, then the pricing period will be automatically extended, and if the threshold price is satisfied on the next three (3) trading days (or a subset thereof), then those three (3) days (or subset thereof) will become investment dates in lieu of the three (3) days on which the threshold price was not met. As a result, because there were ten (10) trading days during the initial and extended pricing period on which the threshold price was satisfied, all of the funds that you include with your Request for Waiver will be invested.

Newly issued shares purchased pursuant to a Request for Waiver will be posted to participants' accounts within three (3) business days following the end of the applicable pricing period, or, if we elect to activate the continuous settlement feature, within three (3) business days of each separate investment date beginning on the first investment date in the relevant pricing period and ending on the final investment date in the relevant pricing period, with an equal amount being invested on each day, subject to the qualifications set forth above. During any month when we are proposing to grant Request for Waiver for one or more investments, we may elect to activate the continuous settlement feature for such investments by announcing in the Request for Waiver form that we will be doing so. For each pricing period (assuming the threshold price is met on each trading day of that pricing period), we would have a separate settlement of each investment dates' purchases, each based on the volume-weighted average price for the trading day relating to each of the investment dates during the pricing period.

Request for Waiver forms and information regarding the establishment of a threshold price, if any, and discount, if any, may be obtained by contacting the administrator at (201) 680-5300 or waivers@bnymellon.com.

16.

How Many Shares Will Be Purchased for My Account?

The number of shares (including any fraction of a share rounded to four decimal places) of common stock credited to your account for a particular purchase will be determined by dividing the total amount of cash dividends, optional cash investments and/or initial cash investments to be invested for you by the relevant purchase price per share as determined in the answer to Question 14 or 15 above, as applicable.

17.

Can I Deposit Shares With the Administrator for Safekeeping?

At the time of enrollment, or at any later time, you may take advantage of the plan's cost-free safekeeping services. Common stock held in certificate form by you may be deposited into the plan, to be held in book-entry form by the administrator, by delivering a completed enrollment form and such certificates to the administrator. These certificates should not be endorsed. We strongly recommend that certificates be sent by registered or certified mail, with adequate insurance. However, the method used to submit certificates to the administrator is at your option and risk.

The shares of common stock deposited will be credited to your account. Thereafter, the shares of common stock will be treated in the same manner as shares of common stock purchased under the plan and credited to your account. References in this prospectus to shares of common stock credited to your account will include shares of common stock deposited into the plan for safekeeping unless otherwise indicated. **Cash dividends paid on shares of common stock credited to your account that were deposited into the plan for safekeeping will automatically be reinvested in shares of common stock unless you notify the administrator otherwise.**

18.

Can I Sell Shares of Common Stock Credited to My Account?

You may request, at any time, that all or a portion of the shares of common stock credited to your account be sold by delivering sale instructions to the administrator on-line through Investor ServiceDirect, by telephone or in writing. If you are submitting written instructions, we suggest that you use the stub portion of the statement of account to notify the administrator of the sale instructions. The administrator will forward the sale instructions to an independent agent within five business days of receipt (except as described in the following paragraph). After processing the request, an independent agent will sell the shares as soon as practicable, generally at least once each week, and will transmit to you the proceeds of the sale, less a \$10.00 service fee and the trading fee of \$0.12 per share (see the answer to Question 23). Sale requests may be accumulated, but sales transactions generally are made at least once a week in the open market at prevailing market prices. The applicable sales price will be the average price of all shares sold by the independent agent on that day. Proceeds of shares of common stock sold through the plan will be paid to you by check.

Except as described in the following sentence, if instructions for the sale of shares of common stock are received by the administrator on or after an ex-dividend date but before the related dividend payment date, the sale will be processed as described above and a separate check for the dividends will be mailed to you following the dividend payment date. If instructions for the sale of shares of common stock on which cash dividends are being reinvested are not received by the administrator at least five business days prior to a dividend payment date, the dividends paid on that dividend payment date will be invested in common stock through the plan, and: (1) if your sale instructions cover less than all of the shares of common stock credited to your account, the newly purchased shares will be credited to your account; or (2) if your sale instructions cover all of the shares of common stock credited to your account, the sale instructions will not be processed until after the dividends have been invested in common stock through the plan at which time all of the shares credited to your account, including the newly purchased shares, will be sold and the proceeds transmitted to you.

19.

How Do I Transfer Shares of Common Stock?

From a Broker If you own shares of our common stock beneficially in "street name," you may participate in the plan by either: (1) transferring those shares which you wish to be subject to the plan into your own name and depositing the shares of common stock into the plan for safekeeping and/or electing to reinvest cash dividends on the shares in common stock; or (2) making arrangements with the record or registered holder (for example, your bank, broker or trustee, who will become the participant) of the securities to participate in the plan on your behalf. In order to transfer the securities under clause (1), you must instruct the "street name" holder to transfer the shares of common stock to yourself or in the case of common stock to be deposited into the plan for safekeeping, to the administrator for credit to your account. If you are already a participant, the shares of common stock must be transferred to you in the same name in which your account is registered. If you do not have an account, participation in the plan will commence when the shares of common stock are registered in your name and a properly completed enrollment form is received by the administrator.

To a Broker If you wish to transfer all or any part of the shares of common stock credited to your account to a brokerage account, you may do so by delivering to the administrator transfer instructions and a stock assignment (stock power) and other necessary documents, acceptable to the administrator.

The transfer instructions must specify the whole number of shares of common stock, if less than all of such shares credited to your account, and the name and address of the brokerage firm to which the shares are to be transferred, including the name of the specific broker handling the account and the broker's telephone number. We suggest that you use the stub portion of the statement of account to provide transfer instructions. The transfer will be handled as a withdrawal as described in the answers to Questions 11 and 12.

Gift or Transfer of Shares of Common Stock Within the Plan If you wish to transfer, whether by gift, private sale or otherwise, ownership of all or a part of the shares of common stock credited to your account to the account of another participant or to establish by the transfer an account for a person or entity not already a participant, you may do so by delivering to the administrator transfer instructions and a stock assignment (stock power) and other necessary documents. The transfer will be handled as a withdrawal as described in the answers to Questions 11 and 12. We suggest that you use the stub portion of the statement of account to provide the transfer instructions. The transfer will be effected as soon as practicable following the administrator's receipt of the required documentation, subject to the provisions of the second paragraph under the answer to Question 11. No fraction of a share of common stock credited to your account may be transferred unless your entire account is transferred. Requests for interaccount transfers are subject to the same requirements as for the transfer of securities generally, including the requirement of a guarantee of signature on the stock assignment. Stock power forms are available at local banks, brokerage firms and from the administrator. (See the answer to Question 20 for the reinvestment level of dividends on shares of common stock credited to a participant's account after a transfer.)

Shares of common stock transferred will be credited to the transferee's account. Unless a transferee who is already a participant otherwise directs the administrator in writing by completion of an enrollment form, the reinvestment of cash dividends on the transferred shares will be made in proportion to the reinvestment level (i.e., full, partial or none) of the other shares of common stock credited to the transferee's account. If the transferee is not already a participant, an account will be opened in the transferee's name and the transferee may make elections with regard to reinvestment of cash dividends on the transferred shares and other services provided by the plan on the enrollment form that is provided. If the transferee does not make a reinvestment election, all dividends on the transferred shares will be reinvested to purchase shares of common stock. Unless otherwise requested by the transferor, transferees will be sent a statement of account showing the transfer of the shares into their accounts. The transferor may request that the statement of account be returned to the transferor for personal delivery.

20.

Following the Withdrawal, Sale or Transfer of My Shares Under the Plan, How Will Dividends on Any Remaining Shares Credited to My Account Be Reinvested?

If you are reinvesting cash dividends paid on only a portion of the shares of common stock credited to your account through the plan and you elect to sell, withdraw or transfer a portion of the shares, cash dividends on the remainder of the shares credited to your account, up to the number of shares designated for reinvestment prior to the sale, withdrawal or transfer, will continue to be reinvested through the plan, except where you give specific instructions to the contrary in connection with the sale, withdrawal or transfer. For example, if you elected to have cash dividends reinvested through the plan on 50 shares of a total of 100 shares of common stock credited to your account and you elected to sell, withdraw or transfer 25 shares, cash dividends on 50 shares of the remaining 75 shares credited to your account would be reinvested through the plan. If instead you elected to sell, withdraw or transfer 75 shares, cash dividends on the remaining 25 shares credited to the account would be reinvested through the plan.

21.

What Reports Will Be Sent to Me?

You will receive a statement of account following each transaction in your account under the plan. This statement of account will show all transactions for your account during the current calendar year, the number of shares of common stock credited to your account and other information for your account. **You should retain these statements of account in order to establish the cost basis, for tax purposes, for shares of common stock acquired under the plan.**

You will receive copies of all communications sent to holders of common stock. This may include annual reports to shareowners, proxy material, consent solicitation material and Internal Revenue Service ("IRS") information, if appropriate, for reporting dividend income. All notices, statements of account and other communications from the administrator to you will be addressed to the latest address of record; therefore, it is important that you promptly notify the administrator of any change of address.

22.

How Do I Terminate Participation in the Plan?

You may discontinue the reinvestment of dividends at any time by notifying the administrator. The administrator will continue to hold your plan shares unless you indicate otherwise. A request to terminate participation may be treated as a withdrawal as described in the answers to Questions 11 and 12. Upon the administrator's receipt of this notification, you will receive: (1) a certificate for all of the whole shares of common stock credited to your account; (2) any dividends and cash investments credited to your account; and (3) a check representing the proceeds of the sale of any fraction of a share of common stock credited to your account.

Alternatively, you may terminate participation and request that all of the shares of common stock credited to your account be sold by the administrator. This request may be made through Investor ServiceDirect or may be indicated on the stub portion of the statement of account. A request to terminate participation and sell the shares will be treated as a sale as described in the answer to Question 18, and, accordingly, a \$10.00 service charge and a trading fee of \$0.12 per share will be deducted from the sale proceeds (see the answer to Question 23).

23.

Who Pays the Costs for Administering the Plan?

You pay the following service fees for participation in the plan:

Service Fee	Amount
Enrollment fee for participants not already shareowners	\$3.00
Sale of shares (all or a portion)	\$10.00 per sale plus trading fee
Trading fee	\$0.12 per share
Duplicate statement/1099 for prior year	No charge

The administrator will deduct the applicable fees from proceeds due from a sale, funds received for investment or the payment of dividends.

We will pay all other administrative costs and expenses associated with the plan and will pay all trading fees for shares purchased in the open market. There will be no trading fees for shares of common stock purchased directly from us.

24. What Happens if OGE Energy Issues a Stock Dividend, Declares a Stock Split, or Has a Rights Offering?

Any shares distributed by us as a stock dividend on shares (including fractional shares) credited to your account under the plan, or upon any split of such shares, will be credited to your account. Stock dividends or splits distributed on all other shares held by you and registered in your own name will be mailed directly to you. In a rights offering, your entitlement will be based upon your total holdings, including those credited to your account under the plan. Rights applicable to shares credited to your account under the plan will be sold by the independent agent and the proceeds will be credited to your account under the plan and applied as an optional cash payment to the purchase of shares. If you wish to exercise, transfer or sell the rights applicable to the shares credited to your account under the plan you must request, prior to the record date for the issuance of any of these rights, that the whole shares credited to your account be transferred from your account and registered in your name.

25. How Will My Shares Held Under the Plan Be Voted at Meetings of Shareowners?

The shares credited to your account under the plan will be voted in accordance with your instructions given on a proxy which will be furnished to you or, if you desire to vote in person at the meeting, you may attend the meeting and vote in person. A proxy for shares credited to your account under the plan may be obtained upon written request received by the administrator at least 15 days before the meeting. If a properly signed proxy card is returned without instructions, all of your shares credited to your account under the plan will be voted in accordance with the recommendations of our board of directors in the same manner as for non-participating shareowners who return signed proxies and do not provide instructions. If the proxy card is not returned, or is returned unsigned, none of your plan shares will be voted.

26. What Is the Responsibility of OGE Energy and the Administrator Under the Plan?

In taking action in connection with the plan, neither our company, the administrator, any independent agent nor any agent is liable for any act done in good faith, or for any omission to act in good faith, including, without limitation, any claim of liability arising out of failure to terminate your account upon your death prior to the receipt of notice in writing of such death. You should recognize that neither our company nor the administrator can assure you of a profit or protect you against a loss on shares purchased by you under the plan.

27. May the Plan Be Amended or Discontinued?

We have the unqualified right to suspend, amend or terminate the plan at any time. This right enables us to make any change to the plan that we deem appropriate. We will announce any suspension, amendment or termination of the plan to all participants in the plan.

28. Who Interprets and Regulates the Plan?

Our officers are authorized to take such actions to carry out the plan as may be consistent with the plan's terms and conditions. We reserve the right to interpret and regulate the plan as we deem desirable or necessary in connection with the plan's operations.

29. Can OGE Energy Terminate My Participation in the Plan?

We reserve the right to terminate any participant's participation in the plan after written notice mailed in advance to the participant at the address appearing on the administrator's records. A participant whose participation has been terminated will receive: (1) a certificate for all of the whole shares of common stock credited to the participant's account; (2) any dividends and cash investments credited to the participant's account; and (3) a check representing the proceeds of the sale of any fraction of a share of common stock credited to the participant's account.

FEDERAL INCOME TAX CONSEQUENCES

The following is a brief summary of the federal income tax consequences of participation in the plan. It is based on provisions of the federal income tax laws as in effect on the date of this prospectus, which are subject to change, possibly with retroactive effect. The following discussion applies to reinvested dividends and optional cash payments that are applied on or after January 1, 1986, to purchase OG&E common stock pursuant to the OG&E plan or common stock pursuant to this plan. For transactions pursuant to the OG&E plan prior to January 1, 1986 (including the sale of any OG&E common stock acquired pursuant to the OG&E plan prior to January 1, 1986), you are urged to consult the prospectus for the OG&E plan, dated December 7, 1983. This summary does not purport to address all of the tax consequences that may be relevant to you in light of your particular circumstances or if you are subject to special rules, such as tax-exempt entities (e.g., pension funds and IRAs) and foreign shareowners. This summary is not binding on the IRS and no ruling has been or will be sought from the IRS regarding the tax consequences of participation in the plan. You are urged to consult your own tax advisors with respect to the federal, state, local and foreign tax consequences of participation in the plan.

Reinvested Cash Dividends. Dividends, even though reinvested and not actually received by a participant, are nonetheless taxable. You will generally be treated for federal income tax purposes as having received a distribution equal to the fair market value, as of the dividend date, of the common stock purchased with the reinvested dividends. With respect to reinvested dividends used to purchase shares in the open market, you will also be treated for federal income tax purposes as having received a distribution in an amount equal to your proportionate share of any trading fees paid by us to obtain those shares in the open market. These distributions will generally be treated as a dividend, subject to tax as ordinary income, to the extent of our current or accumulated earnings and profits. Shares acquired with reinvested dividends will have a tax basis equal to the amount paid for the shares, increased by any trading fees treated as dividend income to you. The holding period for shares acquired with reinvested dividends will generally begin on the date following the date on which such shares are credited to your account.

Optional Cash Investments. The purchase of common stock pursuant to the plan with optional cash payments will generally not result in taxable income to you except to the extent of any trading fees paid by us. With respect to optional cash payments used to purchase shares in the open market, you will be treated for federal income tax purposes as having received a distribution in an amount equal to your proportionate share of any trading fees paid by us to obtain those shares in the open market. The tax basis of such shares will generally be the amount of the optional cash payment, increased by any trading fees treated as dividend income to you, and the holding period for such shares will generally begin on the date following the date on which such shares are credited to your account.

However, to the extent the fair market value of the shares acquired on the investment date exceeds the amount of your optional cash investment (which would result if the fair market value on the investment date exceeds the purchase price for the applicable pricing period), you will be treated as having received a distribution in the amount of such excess (and your tax basis in the shares acquired will include such excess). Furthermore, if you make an optional cash investment that is subject to a waiver discount, you may be treated as having received a distribution equal to the amount of the discount.

Receipt of Certificates. You will not realize any taxable income as a result of the receipt of certificates for whole shares of common stock credited to your account, either upon your request for those shares or upon withdrawal from participation in, or termination of, the plan.

Sale of Shares. You will generally recognize gain or loss when shares acquired under the plan (including fractions of a share) are sold at your request through the administrator or are sold after withdrawal from or termination of the plan. The amount of such gain or loss will be the difference

between: (1) the amount which you receive for the shares (or fraction of a share); and (2) the tax basis thereof.

Backup Withholding. If you are subject to backup withholding, dividends reinvested will reflect a reduction for the amount of tax required to be withheld.

PLAN OF DISTRIBUTION

The common stock being offered by this prospectus is offered pursuant to the plan, the terms of which provide for the purchase of shares of common stock, either newly issued shares or shares held in the treasury of our company, directly from us, or, at our option, by an independent agent in the open market. As of the date of this prospectus, shares of common stock purchased for participants under the plan are purchased directly from us. The primary consideration in determining the source of shares of common stock to be used for purchases under the plan is expected to be our need to increase equity capital. If we do not need to raise funds externally or if financing needs are satisfied using non-equity sources of funds to maintain our targeted capital structure, shares of common stock purchased for participants under the plan will be purchased in the open market.

Subject to the discussion below, if we distribute newly issued shares of our common stock sold under the plan, there will be no brokerage commissions or service charges allocated to participants in the plan in connection with their purchases of such newly issued shares of common stock.

In connection with the administration of the plan, we may be requested to approve investments made pursuant to Requests for Waiver by or on behalf of participants or other investors who may be engaged in the securities business.

Persons who acquire shares of our common stock through the plan and resell them shortly after acquiring them, including coverage of short positions, under certain circumstances, may be participating in a distribution of securities that would require compliance with Regulation M under the Exchange Act, and may be considered to be underwriters within the meaning of the Securities Act. We will not extend to any such person any rights or privileges other than those to which it would be entitled as a participant, nor will we enter into any agreement with any such person regarding the resale or distribution by any such person of the shares of our common stock so purchased. We may, however, accept investments made pursuant to Requests for Waiver by such persons.

From time to time, financing intermediaries, including brokers and dealers, and other persons may engage in positioning transactions in order to benefit from any waiver discounts applicable to investments made pursuant to Requests for Waiver under the plan. Those transactions may cause fluctuations in the trading volume of our common stock. Financial intermediaries and such other persons who engage in positioning transactions may be deemed to be underwriters. We have no arrangements or understandings, formal or informal, with any person relating to the sale of shares of our common stock to be received under the plan. We reserve the right to modify, suspend or terminate participation in the plan by otherwise eligible persons to eliminate practices that are inconsistent with the purpose of the plan.

We will pay any and all brokerage commissions and related expenses incurred in connection with purchases of our common stock under the plan. Upon withdrawal by a participant from the plan by the sale of shares of our common stock held under the plan, the participant will receive the proceeds of that sale less a transaction fee and any required tax withholdings or transfer taxes.

You will not incur fees, commissions or expenses in connection with purchases made under the plan. If you direct the administrator to sell shares of common stock credited to your account, however, the administrator will deduct from the sales proceeds (1) any applicable service fee (currently \$10.00 per sale transaction), plus (2) the trading fee of \$0.12 per share.

DESCRIPTION OF COMMON STOCK

Our authorized capital stock includes 125 million shares of common stock. Each share of common stock offered by this prospectus includes one-half of an associated preferred stock purchase right. The shares of our Series A preferred stock have been initially reserved for issuance upon exercise of the associated preferred stock purchase rights. The description of the common stock and the associated preferred stock purchase rights contained in our filings with the SEC are incorporated by reference into this prospectus. See "Where You Can Find More Information" for information on how to obtain a copy of these descriptions. As of October 31, 2008, there were 92,942,930 shares of our common stock issued and outstanding.

LEGAL OPINIONS

Certain legal matters in connection with the common stock offered by this prospectus have been passed upon for us by Rainey, Ross, Rice & Binns, P.L.L.C.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Section 1031 of the Oklahoma General Corporation Act provides that we may, and in some circumstances must, indemnify our directors and officers against liabilities and expenses incurred by them as a result of serving in that capacity, subject to some limitations and conditions set forth in the statute. Substantially similar provisions that require indemnification are contained in our Restated Certificate of Incorporation, which is filed as Exhibit 3.01 to our Form 10-K for the year ended December 31, 1996, and incorporated herein by this reference. Our Restated Certificate of Incorporation also contains provisions limiting the liability of our directors and officers in some instances. We have an insurance policy covering our directors and officers against specified personal liability, which may include liabilities under the Securities Act of 1933, as amended. We would expect that any underwriting, purchase or similar agreement would include provisions requiring the underwriters, purchasers or agents to indemnify our directors and officers in some circumstances.

II-1

ITEM 17. UNDERTAKINGS.

The undersigned registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - i. To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
 - ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
 - iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided however, That:

A. Paragraphs (a)(1)(i) and (a)(1)(ii) of this section do not apply if the registration statement is on Form S-8, and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement; and

B. Paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the registration statement is on Form S-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

Edgar Filing: OGE ENERGY CORP. - Form S-3ASR

4. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

i. If the registrant is relying on Rule 430B:

A. Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

B. Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

ii. If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

5. That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

i. Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

ii. Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

Edgar Filing: OGE ENERGY CORP. - Form S-3ASR

- iii. The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- iv. Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all the requirements for filing on Form S-3 and has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Oklahoma City and State of Oklahoma on the 26th day of November, 2008.
