White Mountains Insurance Group, Ltd. (the "Company," "Registrant" or "WTM") is an exempted Bermuda limited liability company whose principal businesses are conducted through its property and casualty insurance and reinsurance subsidiaries and affiliates. Within this proxy statement, the term "White Mountains" is used to refer to one or more entities within the consolidated organization, as the context requires.

White Mountains' property and casualty insurance and reinsurance operations principally include: (1) OneBeacon Insurance Group, Ltd. ("OneBeacon" or "OB"), a 75%-owned Bermuda-based company which, through its U.S.-based subsidiaries, offers a wide range of specialty, commercial and personal insurance products and services sold primarily through select independent agents and brokers; (2) White Mountains Re Ltd. ("White Mountains Re" or "WMRe"), a wholly-owned Bermuda-based company which, through its principal reinsurance subsidiaries, White Mountains Reinsurance Company of America, Sirius International Insurance Corporation ("WMRe Sirius") and White Mountains Re Bermuda Ltd. ("WMRe BDA"), offers reinsurance capacity for property, liability, accident & health, agriculture, aviation and space, and certain other exposures on a worldwide basis, and; (3) Esurance Holdings, Inc. and Answer Financial, Inc. (collectively "Esurance"), which sell personal auto insurance directly to customers online and through select online agents. White Mountains' invested assets are managed by White Mountains Advisors LLC ("WM Advisors"), the Company's wholly-owned investment management subsidiary.

The 2009 Annual General Meeting will be confined to a Member vote on the proposals set forth in this Proxy Statement and on such other matters properly brought before the meeting.

PROXY STATEMENT

This Proxy Statement is being furnished in connection with the solicitation of proxies on behalf of the Company's Board of Directors (the "Board") for the 2009 Annual General Meeting of Members (the "2009 Annual Meeting"), to be held on Thursday, June 4, 2009 at the Fairmont Hamilton Princess Hotel, Hamilton, Bermuda. The solicitation of proxies will be made primarily by mail, and the Proxy Statement and related proxy materials will be distributed to registered Members on or about April 17, 2009.

Holders of the Company's common shares ("Members"), par value \$1.00 per share, as of the close of business on Monday, April 6, 2009, the record date, are entitled to vote at the meeting.

You can ensure that your common shares are properly voted at the meeting by completing, signing, dating, and returning the enclosed proxy card in the envelope provided. Members may also vote their shares by telephone or via the internet in accordance with the instructions on your proxy card. A Member has the right to appoint another person (who need not be a Member) to represent the Member at the meeting by completing an alternative form of proxy which can be obtained from the Corporate Secretary or by notifying the Inspectors of Election (see page 41). Every Member entitled to vote has the right to do so either in person or by one or more persons authorised by a written proxy executed by such Member and filed with the Corporate Secretary. Any proxy duly executed will continue in full force and effect unless revoked by the person executing it in writing or by the filing of a subsequent proxy.

Sending in a signed proxy will not affect your right to attend the meeting and vote. If a Member attends the meeting and votes in person, his or her signed proxy is considered revoked.

Table of Contents

CORPORATE GOVERNANCE

Corporate governance is the system by which companies are directed and controlled and involves the distribution of rights and responsibilities among the Board, management and the Company's Members. The Company has established Corporate Governance Guidelines that spell out its overall approach towards corporate governance.

The Company also has a Code of Business Conduct that applies to all directors, officers and employees in carrying out their responsibilities to, and on behalf of, the Company. No waivers of the Code of Business Conduct were requested of, or granted by, the Board for any director or executive officer during 2008.

The Company's Corporate Governance Guidelines and Code of Business Conduct are available at www.whitemountains.com. These documents are available in print, free of charge, to any Member upon request.

The Board

The day-to-day management of the Company, including preparation of financial statements and short-term and long-term strategic planning, is the responsibility of management. The primary responsibility of the Board is to oversee and review management's performance of these functions in order to advance the long-term interests of the Company and its Members.

In fulfilling this responsibility, directors must exercise common sense business judgment and act in what they reasonably believe to be in the best interests of the Company and its Members. Directors are entitled to rely on the honesty and integrity of senior management and the Company's outside advisors and auditors. However, it is the Board's responsibility to establish that they have a reasonable basis for such reliance by ensuring that they have a strong foundation for trusting the integrity, honesty and undivided loyalty of the senior management team upon whom they are relying and the independence and expertise of outside advisors and auditors.

At each meeting of the Board, non-management directors meet in separate executive session without Company management present. Mr. Cochran, the Deputy Chairman of the Board, presides over these meetings. On the two occasions of Mr. Cochran's absence during these sessions in 2008, Mr. Smith presided in his place.

Director Independence

The Board has determined that a majority of the Company's current directors are independent, as defined in Section 303A of the New York Stock Exchange ("NYSE") Listed Company Manual. Those directors determined to be independent are Messrs. Berkowitz, Brouillette, Clark, Cochran, Frinquelli, Smith and Ms. Holiday. For a director to be independent, the Board must determine that the director has no relationship with the Company (other than being a director or shareholder of the Company) or has only immaterial relationships with the Company. The Company does not apply categorical standards as a basis for determining director independence. Accordingly, the Board considers all relevant facts and circumstances, on a case-by-case basis, in making an independence determination.

The Board notes no relationships (other than being directors or shareholders) with Messrs. Berkowitz, Brouillette, Cochran, Frinquelli, Smith or Ms. Holiday. The Board notes a relationship with Mr. Clark, as disclosed herein under "Transactions with Related Persons, Promoters and Certain Control Persons", that it concluded is immaterial and does not impair his independence. In making its independence determinations, the Board considers all such relationships in light of NYSE standards as well as the attributes it believes

Table of Contents

should be possessed by independent-minded directors. Those attributes include the relative impact of the transactions to the director's personal finances, the perceived degree of dependence by the director or the Company upon the relationship or transactions continuing in the future and whether the transactions were on terms that were reasonable and competitive. The Board concluded that Mr. Clark's relationship does not impair his independence.

Board Meetings and Committees; Annual Meeting Attendance

During 2008, the following meetings of the Board were held: five meetings of the full Board, nine meetings of the Audit Committee, six meetings of the Compensation Committee, two meetings of the Nominating and Governance Committee, and one meeting of the Executive Committee. During 2008, each director attended more than 75% of the aggregate of: (1) the total number of meetings of the Board (held during the period for which he or she has been a director); and (2) the total number of meetings held by all committees of the Board on which he or she served.

Directors are encouraged, but are not required, to attend annual meetings. All of the Company's directors were in attendance at the 2008 Annual General Meeting, which was held on May 29, 2008.

Committees of the Board

Nominating and Governance Committee

The primary purposes of the Nominating and Governance Committee are to: (1) identify individuals qualified to become Board members and recommend such individuals to the Board for nomination for election to the Board; (2) make recommendations to the Board concerning committee appointments; (3) develop, recommend and annually review corporate governance guidelines applicable to the Company and oversee corporate governance matters and (4) oversee the evaluation of the Board and management.

The Nominating and Governance Committee is currently comprised of Messrs. Clark (as Chairman), Brouillette, Cochran and Frinquelli. The Board has determined that each current member of the Nominating and Governance Committee satisfies applicable NYSE requirements.

The Nominating and Governance Committee Charter, which outlines the duties and responsibilities of the Nominating and Governance Committee, is available at www.whitemountains.com. The Nominating and Governance Committee Charter is available in print, free of charge, to any Member upon request.

General Criteria and Process for Selection of Director Candidates. In identifying and evaluating director candidates, the Nominating and Governance Committee does not set specific criteria for directors. Under its charter, the Committee is responsible for determining desired Board skills and attributes such as independence, integrity, expertise, breadth of experience, knowledge about the Company's business or industry and ownership interest in the Company. Directors must be willing to devote adequate time and effort to Board responsibilities. As set forth in the Company's Corporate Governance Guidelines and its Charter, the Committee is responsible for recommending director candidates to the Board.

Consideration of Director Candidates Nominated by Members. The Company has not adopted a specific policy regarding consideration of director candidates from Members. Members who wish to recommend candidates for consideration by the Committee may submit their nominations in writing to the Corporate Secretary at the address provided in this Proxy Statement. The Committee may consider such Member recommendations when it evaluates and recommends candidates to the Board for submission to Members at each annual general meeting. In addition, Members may nominate director candidates for election without consideration by the Committee by complying with the eligibility, advance notice and other provisions of our Bye-laws as described below.

Table of Contents

Procedures for Nominating Director Candidates. Member proposals will be eligible for consideration for inclusion in the proxy statement and proxy relating to the Company's 2010 Annual Meeting of Members pursuant to Rule 14a-8 promulgated under the Exchange Act if all applicable requirements of Rule 14a-8 are satisfied and such proposals are received timely by the Corporate Secretary as outlined below.

Under the Company's Bye-laws, nominations for the election of directors may be made by the Board or by any Member entitled to vote for the election of directors (a "Qualified Member"). A Qualified Member may nominate persons for election as directors only if written notice of such Qualified Member's intent to make such nomination is delivered to the Secretary not later than: (1) with respect to an election to be held at an annual general meeting, 90 days prior to the anniversary date of the immediately preceding annual general meeting or not later than 10 days after notice or public disclosure of the date of the annual general meeting is given or made available to Qualified Members, whichever date is earlier, and (2) with respect to an election to be held at a special general meeting for the election of directors, the close of business on the seventh day following the date on which notice of such meeting is first given to Qualified Members. Each such notice shall set forth: (a) the name and address of the Qualified Member who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the Qualified Member is a holder of record of common shares entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the Qualified Member and each such candidate and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the Qualified Member; (d) such other information regarding each candidate proposed by such Qualified Member as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the United States Securities and Exchange Commission (the "SEC") had each such candidate been nominated, or intended to be nominated, by the Board; and (e) the consent of each such candidate to serve as a director of the Company if so elected.

Audit Committee

The primary purposes of the Audit Committee are to: (1) assist Board oversight of: the integrity of the Company's financial statements; the qualifications and independence of the independent auditors; the performance of the internal audit function and the independent auditors; and the Company's compliance with legal and regulatory requirements; (2) provide an avenue of communication among the independent auditors, management, the internal auditors and the Board; (3) approve certain related or affiliated person transactions and review disclosures thereof, and (4) prepare the Audit Committee Report (which appears on page 35).

The Audit Committee is comprised of Messrs. Smith (as Chairman), Berkowitz, and Frinquelli and Ms. Holiday. The Board has determined that, of the persons on the Audit Committee, at a minimum Mr. Smith meets the requirements of being an Audit Committee Financial Expert as defined in Item 401(h) of Regulation S-K of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Board has also determined that each current member of the Audit Committee satisfies applicable NYSE requirements as well as the separate independence standards set forth by the SEC.

The Audit Committee Charter, which outlines the duties and responsibilities of the Audit Committee, is available at www.whitemountains.com. The Audit Committee Charter is available in print, free of charge, to any Member upon request.

Table of Contents

Compensation Committee

The primary purposes of the Compensation Committee are to: (1) review and make recommendations on director compensation; (2) discharge the Board's responsibilities relating to the compensation of executives; (3) oversee the administration of the Company's compensation plans, (and, to the extent the Compensation Committee deems appropriate, the plans of the Company's major subsidiaries), in particular the incentive compensation and equity-based plans and (4) review and discuss the Compensation Discussion and Analysis with management and prepare the Compensation Committee Report (which appears on page 22).

The Compensation Committee is currently comprised of Messrs. Cochran (as Chairman), Berkowitz, Frinquelli and Smith. The Board has determined that each current member of the Compensation Committee satisfies applicable NYSE requirements.

The Compensation Committee Charter, which outlines the duties and responsibilities of the Compensation Committee, is available at www.whitemountains.com. The Compensation Committee Charter is available in print, free of charge, to any Member upon request.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee has served as an officer or employee of White Mountains.

Finance Committee

The Finance Committee was reestablished in February of this year. The primary purposes of the Finance Committee are to: (1) review the Company's (including OneBeacon's) investment policy and investment guidelines, (2) review the Company's (including OneBeacon's) investment performance and asset allocation on a regular basis, and (3) monitor the capital, debt, and corporate structure of the Company (including OneBeacon) and, in coordination with the Audit Committee, review the adequacy of risk management. The Finance Committee is currently comprised of Messrs. Berkowitz (as Chairman), Barrette, Brouillette, Frinquelli and John Gillespie.

Shareholder Communications

Members, employees and others interested in communicating directly with the Board, any of the Board's Committees or any individual member of the Board should write to the addressee, c/o the Corporate Secretary, at the address presented under "Available Information" (which appears on page 41).

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Voting Rights of Members

As of March 31, 2009, there were 8,854,086 common shares outstanding. Members of record of common shares shall be entitled to one vote per common share, provided that if, and so long as, the votes conferred by "Controlled" common shares (as defined below) of any person constitute ten percent (10%) or more of the votes conferred by the outstanding common shares of the Company, each outstanding common share comprised in such Controlled common shares shall confer only a fraction of a vote that would otherwise be applicable according to the following formula:

$$[(T \text{ divided by } 10) - 1] \text{ divided by } C$$

Where: "T" is the aggregate number of votes conferred by all the outstanding common shares; and "C" is the number of votes conferred by the Controlled common shares of such person.

"Controlled" common shares in reference to any person means:

- (1) all common shares directly, indirectly, or constructively owned by such person within the meaning of Section 958 of the Internal Revenue Code of 1986, as amended, of the United States; and
- (2) all common shares directly, indirectly, or constructively owned by any person or "group" of persons within the meaning of Section 13(d)(3) of the Exchange Act and the rules and regulations promulgated thereunder; provided that this clause (ii) shall not apply to (a) any person (or any group that includes any person) that has been exempted from the provisions of this clause or (b) any person or group that the Board, by the affirmative vote of at least seventy-five percent (75%) of the entire Board, may exempt from the provisions of this clause.

The limitations set forth above do not apply to any Member which is a "Byrne Entity" (as defined below) for any matter submitted to the vote of Members, except with respect to the election of directors. "Byrne Entity" means Mr. Byrne and any foundation or trust established by any associate or affiliate of him (or any group of which he is a part), as defined under Section 13(d) of the Exchange Act.

If, as a result of giving effect to the foregoing provisions or otherwise, the votes conferred by the Controlled common shares of any person would otherwise represent 10% or more of the votes conferred by all the outstanding common shares, the votes conferred by the Controlled common shares of such person shall be reduced in accordance with the foregoing provisions. Such process shall be repeated until the votes conferred by the Controlled common shares of each person represent less than 10% of the votes conferred by all common shares.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Philosophy

Our executive compensation policies are designed with one primary goal in mind, maximization of shareholder value over long periods of time. We believe that this goal is best pursued by utilizing a pay-for-performance program that closely aligns the financial interests of management with those of our shareholders. We accomplish this by emphasizing highly variable long-term compensation that is contingent upon performance over a number of years rather than entitlements (such as base salary, pensions and employee benefits). To that end, the Compensation Committee has established base salaries and target annual bonuses for our executives that tend to be lower than those paid by comparable property and casualty insurers and reinsurers, while granting the bulk of an executive's target compensation as long-term incentive compensation.

We design our long-term incentive compensation programs to share with management in the aggregate an average of roughly 15% of the gross value added above a risk-free return on our shareholders' equity. This sharing percentage includes the stand-alone long-term incentive plans of our major operating subsidiaries. We have utilized this targeted sharing percentage for many years. We take this approach because producing a rate of return equal to a risk-free rate does not add value to the heavy capital owners put in the business our shareholders would be better off putting their money in the bank and avoiding entirely the risk of owning a portion of a business. We share 15% because we compete for talent and investment opportunities where such sharing is common.

In the case of our Chairman & CEO, Mr. Barrette, to induce him to re-join the Company and to incent him as an owner, in January 2007 he was granted a package of 200,000 escalating strike price options and 35,000 restricted shares, each of which vests in annual installments over five years. Mr. Barrette also received a tranche of 15,000 restricted shares that are structured to vest in the event of a change in control prior to January 20, 2012. These grants were intended to be the only equity grants made to Mr. Barrette over the seven years following his January 2007 election as Chairman & CEO.

Other than in the case of Mr. Barrette's inducement grant, we have generally structured our long-term incentive compensation as performance shares or performance units, with occasional grants of restricted shares. At our parent company, long-term incentive compensation is typically in the form of WTM performance shares. Performance shares reward company-wide performance. The number of WTM common shares earned from a grant of performance shares, which can be from 0x to 2x the target number granted, is tied to our after-tax annual growth in intrinsic business value per share (as defined by the Compensation Committee) over the performance cycle. Performance shares and performance units are typically granted annually, and performance is tied to a three-year period.

Since OneBeacon's initial public offering (the "OB IPO") in November 2006, its long-term compensation had been structured primarily in the form of OneBeacon performance shares. Beginning with the 2009-2011 performance cycle, OneBeacon's long-term incentives were re-designed with the CEO and CFO receiving half in the form of performance units that are tied to underwriting performance and half in OneBeacon performance shares. Other OneBeacon executives receive a greater proportion or all of their long-term incentives in performance units. OneBeacon performance shares reward OneBeacon's overall performance. The number of OneBeacon common shares earned from a performance share grant, which can be from 0x to 2x the target number granted, is tied to OneBeacon's after-tax annual growth in intrinsic business value per share as defined by the OneBeacon Committee (as defined below) over the performance cycle.

Table of Contents

At our major non-public operating subsidiaries, White Mountains Re and Esurance, long-term incentive compensation is typically in the form of performance units. Performance units reward the performance of the particular operating group. The number of units earned at the end of the performance cycle is tied to those elements of performance for which the operating group's management has primary responsibility. As an example, because the parent company keeps responsibility for investing the assets of our non-public operating subsidiaries, in calculating performance the operating subsidiaries are credited with a "standard" return on their investible assets.

At White Mountains Re, the number of units earned can be from 0x to 2x the target number granted. At Esurance, the number of performance units that are earned is calculated such that 10% of the value added over the risk-free hurdle is shared with Esurance management (assuming no forfeitures). In addition, for the most senior non-public operating group executives, including our Named Executive Officers at our wholly owned operating companies, in order to better align their interests with those of our shareholders, we typically denominate a portion of their long-term incentives in WTM performance shares.

Generally, we have set the performance target for a 100% payout of WTM performance shares at 700 basis points above the risk-free rate, a level consistent with the risk premium that the market has demanded for investing in equities over long periods of time. To establish the risk-free rate, the Compensation Committee typically looks to the yield on the 10-year treasury at the beginning of the performance cycle. In general, no shares are earned if annual growth in intrinsic business value per share is less than the risk-free rate and 200% are earned if performance is 1,400 basis points above the risk-free rate. We use linear interpolation to determine the payout percentage for results in between.

In order to test our beliefs about the variable nature of our plans, from time to time the Compensation Committee has had management review the public disclosure of other property and casualty insurers and reinsurers about their compensation practices and assess the variability of their compensation programs based on differing levels of performance (annual growth in book value and market price of 6%, 13% and 20%). The results of these reviews have supported the Compensation Committee's view that our compensation programs are more variable than most other insurers and reinsurers, have fewer fixed elements of compensation and perquisites and do not lead to sizable rewards for poor performance as can happen with long-term options granted with a fixed exercise price equal to the market price on the date of grant.

Under our performance share system, at any given time an executive typically has three overlapping performance cycles running. This approach avoids cliffs that could foster a short-term outlook and also serves as an effective retention tool. Based on the Company's poor performance, in 2008 no WTM performance shares were earned for the 2006-2008 cycle, and the 2007-2009 and 2008-2010 WTM performance share cycles are also unlikely to have any payout under most reasonable scenarios. To reflect the loss of retention incentives for key employees, at its February 2009 meeting, the Compensation Committee determined to bridge the gap to the 2009-2011 performance cycle payouts in 2012 by taking various steps, including issuance of restricted shares to selected executives.

Our Compensation Process

Our Compensation Committee is responsible for approving our compensation practices that affect executive officers and it specifically approves all compensation for our executive officers and for any employee with target annual compensation in excess of \$1.5 million. Our CEO annually presents the Compensation Committee with his evaluation of our executives, their individual performances, responsibilities and the contributions they made to the Company's accomplishments over the past year as well as over the last long-term incentive plan cycle and his expectations for the future. In connection with this evaluation, the CEO presents the Compensation Committee with his recommendations for establishing the compensation for these executives for its consideration. The Compensation Committee assesses the performance, responsibilities and contributions of the CEO and sets the compensation of the CEO.

With the exception of significant promotions and new hires, compensation matters are usually addressed at the first meeting of the Compensation Committee each year (typically late February) following the availability of financial results for the prior year. This allows us to determine the results of prior period grants and to set targets for the current year and newest long-term performance cycle. Performance cycles for long-term compensation typically run for three years beginning on January 1st of the year of grant.

Following the OB IPO, our Compensation Committee determined that it would fully delegate to the OneBeacon Compensation Committee (the "OneBeacon Committee") authority for the compensation of OneBeacon's officers, including those who might be Named Executive Officers of the Company. Accordingly, compensation actions for OneBeacon personnel following the date of the OB IPO (including new annual and long-term incentives and approval of payouts on existing annual and long-term incentives) have been taken by the OneBeacon Committee (which is currently comprised of Lowndes Smith (Chair), Raymond Barrette, Lois Grady and Kent Urness) and, to the extent necessary to comply with applicable regulations, a sub-committee that excludes Mr. Barrette.

Compensation for 2008

The principal elements of compensation for our executives are long-term incentive compensation, base salary, and annual incentive bonuses.

Long-Term Incentive Compensation

CEO. Mr. Barrette did not receive any new long-term incentive compensation grants in 2008. In January 2008, a portion of his inducement grant described above vested. He vested in 7,000 restricted shares and 40,000 options to purchase common shares. The exercise price of the options was \$674.50 per share on the date of vesting and increases at a rate of 5% per year less dividends. Although no new grants were made to Mr. Barrette in 2008, under applicable SEC rules the Summary Compensation Table is required to reflect the 2008 financial statement compensation expense accrual relating to the grant of restricted shares and options made to Mr. Barrette in 2007. That amount is based on the grant date value of the restricted shares and options, not the current value.

Named Executive Officers. In the case of Messrs. Foy, Waters and Tolman, in determining the amount of new long-term incentive compensation grants for 2008, the Compensation Committee assessed each executive's scope of authority and ability to impact the success of the Company. Based on the Compensation Committee's general experience and the recommendation of the CEO, the Compensation Committee established a grant level that it believed was appropriate to reflect each such executive's expected contribution to the Company over the next performance cycle. Mr. Miller's level of compensation was established by the OneBeacon Committee.

Table of Contents

For each recipient of a WTM performance share grant for the 2008-2010 performance cycle, the Compensation Committee established 11% annual growth in intrinsic business value per share as the performance target that would result in a payout of 100% of the target shares. Annual growth of 4% or less would result in a payout of 0% and annual growth of 18% or more would result in a payout of 200%. The targets were consistent with the Company's compensation philosophy described above. To measure growth in intrinsic business value per share, the Compensation Committee looks to growth in economic value per share (weighted 50%) and growth in adjusted GAAP book value per share (weighted 50%), in each case including dividends. The Compensation Committee eliminated growth in market price per share as a component of its determination of growth in intrinsic business value in order to reduce the leverage that market price had previously had on the evaluation of management performance. Market value remains the currency used to measure the value of the performance shares that are earned.

David Foy. Mr. Foy has been the CFO of the Company since 2003. Based on the Company's performance over the 2006-2008 performance cycle, there was no payout of WTM performance shares and Mr. Foy received \$0 from this performance cycle.

For the performance cycle from 2008-2010, Mr. Foy was granted 7,500 WTM performance shares. The grant date value of approximately \$3.7 million was in-line with the grant date value of his 2007 long-term incentive grant. The number of shares that will be earned will be determined after the end of 2010 based on the Company's performance over the cycle compared to the target described above.

Allan Waters. Mr. Waters has been the CEO of White Mountains Re since 2007. In addition, from time to time Mr. Waters takes on responsibility for certain projects at the Company. Mr. Waters had no grants of WTM performance shares or White Mountains Re units for the 2006-2008 performance cycle.

For the performance cycle from 2008-2010, Mr. Waters was granted 2,975 WTM performance shares and 2,560 White Mountains Re performance units. The grant date value of approximately \$4.0 million was in-line with the grant date value of his 2007 long-term incentive grant. The performance target for the White Mountains Re units is an annual 12% after-tax, levered underwriting return on capital ("uroc"), with a uroc of 5% or less resulting in no payout and a uroc of 19% or more resulting in a 200% payout. The number of shares and units that will be earned will be determined after the end of 2010 based, respectively, on the Company's and White Mountains Re's performance over the cycle compared to the targets described above.

Gary Tolman. Mr. Tolman has been the CEO of Esurance since 2000. Based on the Company's performance over the 2006-2008 performance cycle, there was no payout of WTM performance shares and Mr. Tolman received \$0 from WTM performance shares for this performance cycle. Based on Esurance's performance for the 2006-2008 performance cycle, which was an annualized economic return on capital of 16%, the Esurance board approved a payout of 75% of Esurance units granted for the 2006-2008 cycle at a value of \$1,560 per unit, and Mr. Tolman received approximately \$1.4 million.

For the performance cycle from 2008-2010, Mr. Tolman was granted 842 WTM performance shares and 1,031 Esurance performance units. The grant date value of approximately \$1.5 million was a decrease of approximately 33% from the grant date value of his 2007 long-term incentive grant. This decrease reflected the decrease in the projected economic return on capital for the 2008-2010 cycle compared to the 2007-2009 cycle. The number of shares and units that will be earned will be determined after the end of 2010, based respectively, on the Company's and Esurance's performance over the cycle. In setting Mr. Tolman's compensation, the Compensation Committee considered that the value of the Esurance units was expected to grow at a faster rate than performance units of other subsidiaries. In addition, the Compensation Committee considered the potential value of future earnings on Mr. Tolman's deferred compensation balance that is invested in units whose value tracks the value of Esurance.

Table of Contents

T. Michael Miller. Mr. Miller has been the CEO of OneBeacon since 2005. Based on OneBeacon's performance over the 2006-2008 performance cycle, which was an adjusted combined ratio of 93.6% compared to a target of 96%, the OneBeacon Committee approved a payout of 126.1% of OneBeacon units granted for the 2006-2008 cycle at a value of \$140.30 per unit, and Mr. Miller received approximately \$1.9 million. In addition, for the 2007-2008 OneBeacon performance share cycle, which also reflected White Mountains' performance in 2006, based on annual growth in adjusted book value per share of 6.1% over the cycle, the OneBeacon Committee approved a payout of 1.4% of the OneBeacon performance shares originally granted. This resulted in a payout of approximately \$13,000 to Mr. Miller.

For the 2008-2010 performance cycle, the OneBeacon Committee granted Mr. Miller 202,184 OneBeacon performance shares. The grant date value of approximately \$4.4 million was an increase of \$1.5 million over the grant date value of his 2007 long-term incentive grant. The number of shares that will be earned will be determined after the end of 2010 based on OneBeacon's performance over the cycle compared to the target described below. For the 2008-2010 performance cycle, the OneBeacon Committee set 11% annual growth in intrinsic business value per share as target performance, with a range of 4% to 18%. The OneBeacon Committee set the target at this level for the same reasons as the Compensation Committee set the White Mountains target at 11%. In addition, for 2008-2010 the OneBeacon Committee determined to eliminate growth in market value per share as one of the factors used to calculate OneBeacon's growth in intrinsic business value per share, and to instead calculate it using underwriting return on equity (weighted 50%) and growth in adjusted book value per share (weighted 50%). The OneBeacon Committee made this change to reduce the leverage that market value per share has on the evaluation of management performance. Market value remains the currency used to measure the value of the OneBeacon performance shares that are earned.

Base Salary

We pay our executive officers salaries that we believe to be below-market. In 2008, we limited base salaries to a maximum of \$500,000, which was the salary each of our Named Executive Officers received. No changes to base salaries were made for 2009.

Annual Incentive Bonuses

We provide annual bonus opportunities to our executive officers. Each Named Executive Officer participates in the annual bonus pool of his respective business unit. In 2008, the annual bonus target for each of our Named Executive Officers other than Mr. Miller was equal to 50% of his base salary, and the aggregate bonus pool size for each business unit could range from 0% to 200% of target, depending upon performance. Mr. Miller's bonus target was 75% of his base salary. Individual bonuses can vary widely around the pool average based on individual performance and no cap (other than the size of the pool) applies to any single individual. Typically, the head of a business unit receives the average bonus percentage applicable to his business unit. For 2009, the Compensation Committee increased the bonus target for Messrs. Barrette and Foy to 100% of base salary. No other changes that affect Named Executive Officers were made to the 2009 bonus programs.

For Messrs. Barrette and Foy, their annual incentive bonuses are designed to reward company-wide performance. Based on the Company's performance in 2008, and at the recommendation of Messrs. Barrette and Foy, the Compensation Committee awarded no bonus to either of them.

For our operating subsidiaries (including for our Named Executive Officers at operating subsidiaries), we design our annual incentives to reward performance of the applicable subsidiary operating group.

Table of Contents

For White Mountains Re, including for Mr. Waters, the performance objective was the after-tax, levered underwriting return on capital ("uroc"). Based on a uroc of 9.1%, compared to the target of 12%, the bonus pool would have been 59%. The awarded pool was increased to 63% to better reward WMRe Sirius executives for their continued superior performance. As CEO, Mr. Waters received the pool average of 63%, or \$157,500. In addition, Mr. Waters received a special payment of \$150,000. The special payment reflects the agreement with Mr. Waters when he became White Mountains Re's CEO that his compensation would not be impacted by old reserve developments through the end of 2008. Any future adverse development would impact Mr. Waters' compensation.

For Esurance, including Mr. Tolman, the performance objective was a 13% economic return on capital ("eroc"). Esurance achieved a 9.5% eroc, which translated into a bonus pool of 51% of target. As CEO, Mr. Tolman received the pool average of 51%, or \$127,500.

For OneBeacon in 2008, including for Mr. Miller, the primary performance objective required to achieve a bonus pool of 100% of target was the achievement of a combined ratio of 96% or better. Based on OneBeacon's performance, the OneBeacon Committee awarded Mr. Miller a cash bonus of \$468,800, which equaled 125% of target and was the same as the overall pool percentage.

2009 Long-Term Incentive Compensation Actions

In February 2009, the Compensation Committee and the OneBeacon Committee made new long-term incentive grants to the Named Executive Officers based on the same factors described above with respect to grants made in 2008. Based on the Company's performance in 2008, there was no payout of WTM performance shares for the 2006-2008 cycle, and the 2007-2009 and 2008-2010 WTM performance share cycles are also likely to have no payout. Given this, as a retention tool, the Compensation Committee issued restricted shares to Messrs. Foy, Waters and Tolman in addition to performance share and/or performance unit grants. The restricted shares vest on December 31, 2010. If a recipient is terminated without cause (as defined in the WTM LTIP) after December 31, 2009, 50% of the restricted shares will vest.

For each recipient of a WTM performance share grant for the 2009-2011 performance cycle, the Compensation Committee established 10% annual growth in intrinsic business value per share as the performance target that would result in a payout of 100% of the target shares. Annual growth of 3% or less would result in a payout of 0% and annual growth of 17% or more would result in a payout of 200%. To measure growth in intrinsic business value per share, the Compensation Committee looks to growth in economic value per share (weighted 50%) and growth in adjusted GAAP book value per share (weighted 50%), in each case including dividends. As the yield on the 10-year treasury at the beginning of 2009 was 2.25%, the targets are 75 basis points higher than the level indicated by the Company's compensation philosophy described above. However, given the volatility in interest rates, the Compensation Committee determined that 10% was an appropriate target. To the extent that economic conditions vary substantially over the performance cycle from those that the Compensation Committee expects, it would consider making equitable adjustments up or down to the payout percentage at the end of the cycle.

David Foy. Mr. Foy was granted 9,000 WTM performance shares for the performance cycle from 2009-2011 and 9,000 restricted shares. The grant date value of approximately \$3.6 million was in-line with the grant date value of his 2008 long-term incentive grant. The number of performance shares that will be earned will be determined after the end of 2011 based, on the Company's performance over the cycle compared to the target described above.

Table of Contents

Allan Waters. Mr. Waters was granted 2,630 White Mountains Re performance units and 3,950 WTM performance shares for the performance cycle from 2009-2011, and 1,200 restricted shares. The grant date value of approximately \$3.7 million was a slight decrease from the grant date value of his 2008 long-term incentive grant. The performance target for the White Mountains Re units is an annual 11% after-tax, levered uroc, with a uroc of 4% or less resulting in no payout and a uroc of 18% or more resulting in a 200% payout. The number of shares and units that will be earned will be determined after the end of 2011 based, respectively, on the Company's and White Mountains Re's performance over the cycle compared to the targets described above.

Gary Tolman. Mr. Tolman was granted 803 Esurance performance units and 1,010 WTM performance shares for the performance cycle from 2009-2011, and 720 restricted shares. In addition, Mr. Tolman was granted restricted Esurance units with a grant date value of approximately \$0.9 million. The restricted Esurance units vest half in each of the next two years. The total grant date value of Mr. Tolman's grants of approximately \$2.0 million was a 33% increase from the grant date value of his 2008 long-term incentive grant. The increase was driven by the value of the restricted Esurance units, which were granted as a retention tool. The number of performance units and performance shares that will be earned will be determined after the end of 2011 based, respectively, on the Company's and Esurance's performance over the cycle.

T. Michael Miller. The OneBeacon Committee granted Mr. Miller 25,000 OneBeacon performance units and 117,536 OneBeacon performance shares for the 2009-2011 performance cycle. The grant date value of approximately \$3.9 million was a slight decrease from the grant date value of his 2008 long-term incentive grant. The number of performance units and performance shares that will be earned will be determined after the end of 2011 based on OneBeacon's performance over the cycle compared to the targets described below. The performance target for the performance units is 95% average adjusted combined ratio, with a combined ratio of 99% or more resulting in no payout and a combined ratio of 91% or less resulting in a 200% payout. The OneBeacon performance units have a fixed value of \$100 per unit. For the performance shares, the OneBeacon Committee set 12% annual growth in book value per share as target performance, with a range of 5% to 19%.

In addition, the OneBeacon Committee awarded Mr. Miller retention bonuses of \$3 million per year for each of the next two years. The bonuses vest in February 2010 and February 2011, respectively, subject to satisfactory continued employment.

Other Elements of Compensation

Retirement Benefits

We have no active U.S. pension plans. Benefit accruals under all our U.S. qualified pension plans and all our U.S. supplemental pension plans were frozen for all employees in 2002.

Our Named Executive Officers may participate in our voluntary non-qualified deferred compensation plans whereby they may defer all or a portion of their compensation. Investment options in these plans are those available in our 401(k) plans, including WTM common shares and OneBeacon common shares. None of the investment options offered under these plans provides an above-market rate of interest. In 2008, in connection with an election previously made in compliance with Section 409A of the Internal Revenue Code, Mr. Barrette received a full distribution of his non-qualified deferred compensation balances. As part of this distribution, Mr. Barrette received 15,000 WTM common shares in lieu of cash. Mr. Barrette has agreed not to transfer these shares for a period of two years following the distribution.

Table of Contents

Our employees may participate in our qualified 401(k) plans and eligible employees can participate in a qualified employee stock ownership plan. We do not provide supplemental retirement benefits to any employees in connection with these plans.

Perquisites

We review the perquisites that our senior management receives. The primary perquisites include housing allowances in special circumstances and personal use of corporate aircraft.

We allow our Named Executive Officers to use our corporate aircraft from time to time for personal reasons. The aggregate incremental cost to the Company is included, for proxy reporting purposes, as compensation to the Named Executive Officer. For tax purposes, we comply with IRS regulations. We do not "gross-up" our Named Executive Officers for their taxes associated with personal use of our aircraft.

Our Named Executive Officers also participate in our other benefit plans on the same terms as our other employees. These plans include medical and health insurance, company paid life insurance (which is currently capped at \$150,000 in coverage at our parent company) and charitable gift matching.

Certain Board Fees

Our Named Executive Officers do not receive director fees for serving on the Company's board of directors or for serving on the boards of directors of our wholly-owned or majority-owned subsidiaries. However, those Named Executive Officers who serve on the boards of directors of other companies in which we have a minority interest may receive director fees. We consider those board fees when evaluating the compensation of our Named Executive Officers.

Employment and Severance Agreements; Change in Control

We have no long-term employment agreements with our Named Executive Officers, although from time to time we have entered into short-term arrangements with newly hired executives governing their compensation and severance during up to their first three years with the Company. No such arrangements are in effect with our Named Executive Officers.

At our parent company, severance benefits, if any, are determined by the Compensation Committee in its sole discretion. At our operating subsidiaries, our Named Executive Officers participate in the severance plans, if any, generally applicable at those companies.

If any of our most senior executives were to retire from the Company, we generally will consider entering into a one to three year consulting agreement with the executive that would permit the executive to earn some or all of such executive's performance shares that were then outstanding and would enable the Company to ensure a smooth transition, to receive a non-compete/non-solicit from the executive and to retain access to valuable knowledge, talents and relationships.

While the Company has no employment or severance agreement with Mr. Barrette, pursuant to the terms of his inducement grant discussed above under "Philosophy", if Mr. Barrette is terminated without cause, any of these grants that are outstanding but unvested at that time would vest in such circumstance.

Table of Contents

We have no standalone change in control agreements with our Named Executive Officers. However, under our long-term incentive plans, if a change in control of the Company (or a business unit, as applicable) were to occur, certain events, such as involuntary or constructive employment termination or amendments to our incentive plans which are materially adverse to its participants, may cause stock options to become fully exercisable, restricted shares to become immediately vested and performance shares and performance units to become payable in full or in part. Our plans do not provide for tax gross-ups for excess parachute payments that may result from a change in control.

The stock option and restricted share grants made to Mr. Barrette include provisions pursuant to which such grants vest upon the occurrence of a change in control. While as described above the Company typically has "double-trigger" change in control provisions in its long-term incentive plans, the Compensation Committee determined that, in light of the design of Mr. Barrette's grants (principally stock options with an escalating exercise price set initially well above the then current market price) and as an inducement to Mr. Barrette, immediate vesting upon a change in control was appropriate.

Tax Considerations

As a Bermuda-domiciled company, we do not receive a tax deduction for compensation paid to employees of White Mountains Insurance Group, Ltd. and, accordingly, the limitation of Section 162(m) of the Internal Revenue Code does not impact compensation paid to our Named Executive Officers who are employees of non-U.S. companies (Messrs. Barrette, Foy and Waters). However, in the case of Named Executive Officers who are employees of subsidiaries that are organized in the United States (Messrs. Miller and Tolman), Section 162(m) would limit the deductibility of their compensation to \$1,000,000 per individual to the extent that such compensation is not "performance-based" as defined in Section 162(m). The Company is cognizant of Section 162(m) and generally seeks to structure its long-term incentive programs to permit the full deductibility of such compensation paid to these Named Executive Officers. However, in certain situations, the Compensation Committee may approve compensation that will not meet the Section 162(m) requirements if, in the Compensation Committee's judgment, structuring compensation in such manner better promotes the Company's interests (such as with a grant of restricted shares).

Compensation Committee Report

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

(a)

Represents annual incentive bonuses earned for the years ended December 31, 2008, 2007 and 2006. For 2006, Mr. Miller also earned a \$500,000 sign-on bonus installment from his 2005 hiring, a \$750,000 special bonus relating to the OB IPO and a payment of \$400,815 pursuant to a special 2006 OneBeacon bonus program.

(b)

Mr. Barrette did not receive any new long-term incentives in 2008. On January 20, 2007, Mr. Barrette was granted 35,000 restricted shares that vest in equal installments over five years. The grant date fair value of the 35,000 restricted shares was \$20,164,550. This original amount is being amortized ratably over the vesting period in accordance with FAS 123(R) and does not represent the current value of the restricted shares. Mr. Barrette was also granted 15,000 restricted shares that would vest in the event of a change in control of the Company before January 20, 2012. The grant date fair value of the 15,000 restricted shares was \$8,641,950 but will only be recognized as compensation expense in the event that a change in control does

occur. Although no new grants were made to Mr. Barrette in 2008, under applicable SEC rules the Summary Compensation Table is required to reflect the 2008 financial statement compensation expense relating to the grant of restricted shares made to Mr. Barrette in 2007, which is based on the grant date value of the restricted shares, not the current value. For a discussion of the assumptions used in calculating the fair value of the awards under FAS 123(R), see Note 12 of the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008 as filed with the Securities and Exchange Commission on February 27, 2009 ("Note 12").

(c)

Represents amounts recorded during 2008, 2007 and 2006 as compensation expense under FAS 123(R) for outstanding performance shares granted to Messrs. Foy, Miller, Tolman and Waters, without regard to estimated forfeitures. Amount for Mr. Foy in 2008 includes the reversal of \$3,690,668 of performance share expense recognized in 2007 and 2006 for the 2007-2009 and 2006-2008 performance share cycles. Amount for Mr. Miller in 2008 includes the reversal of \$1,837,387 of performance share expense recognized in 2007 and 2006 for the 2007-2009 and 2007-2008 performance share cycles. Amount for Mr. Miller in 2008 also includes amounts recorded as compensation expense under FAS 123(R) for restricted stock units without regard to estimated forfeitures. See "Grants of Plan-Based Awards." Amount for Mr. Miller in 2007 includes the effect of WTM shares forfeited (3,300 shares for the 2006-2008 performance cycle and 3,000 shares for the 2005-2007 performance cycle) in exchange for OB performance shares. For a discussion of the assumptions used in calculating the fair value of the awards under FAS 123(R), see Note 12.

(d)

Mr. Barrette did not receive any new long-term incentives in 2008. On January 20, 2007, Mr. Barrette was granted 200,000 seven-year options that vest in equal installments over five years and that have an initial exercise price of \$650 per share that escalates each year by 5% less the annual regular dividend rate. The grant date fair value of the options was \$27,158,834. This original amount is being amortized ratably over the vesting period in accordance with FAS 123(R) and does not represent the current value of the options. Although no new grants were made to Mr. Barrette in 2008, under applicable SEC rules the Summary Compensation Table is required to reflect the 2008 financial statement compensation expense relating to the grant of options made to Mr. Barrette in 2007, which is based on the grant date value of the options, not the current value. See "Outstanding Equity Awards at Fiscal Year End." For a discussion of the assumptions used in calculating the fair value of the awards under FAS 123(R), see Note 12.

(e)

On October 18, 2006, Mr. Miller was granted 277,826 OB Options under the OneBeacon Incentive Plan. The OB Option grant was made in connection with the OB IPO and vests in equal installments on each of the third, fourth and fifth anniversaries of the date of the OB IPO and the term is 66 months. The grant date fair value of the OB Options was \$1,353,867, which is being amortized ratably over the vesting period in accordance with FAS123(R). On May 27, 2008, the exercise price was adjusted to \$27.97 to give effect to the \$2.03 per share special dividend paid in the first quarter of 2008. The incremental fair value of the award modification of \$77,791 is being recognized ratably over the remaining vesting period. See "Outstanding Equity Awards at Fiscal Year End." For a discussion of the assumptions used in calculating the fair value of the awards under FAS 123(R), see Note 12.

(f)

Amounts in 2008, 2007 and 2006 represent performance units earned for the 2006-2008, 2005-2007 and 2004-2006 performance cycles. Performance units are incentive awards that are payable upon completion of pre-defined business goals, are settled in cash and do not fall within the scope of FAS 123(R).

Allan L. Waters	2008	-	-	-	3,692	-	-	3,692

(a)

Represents director fees paid to Mr. Foy by Symetra Financial Corporation.

(b)

Amounts represent the aggregate incremental cost to the Company. For aircraft leased by the Company, the incremental cost was computed based upon a direct cost per hour multiplied by the number of hours of use. For chartered flights, the incremental cost to the Company was the actual cost of the flight.

(c)

In 2006, Mr. Miller received \$97,261 (which includes \$41,161 of related tax gross-up) for corporate provided housing.

Grants of Plan-Based Awards

The following table presents grants of plan-based awards issued, except as otherwise noted, under the White Mountains Long-Term Incentive Plan (the "WTM Incentive Plan") to the Named Executive Officers during 2008.

Waters	2/27/08	WTM Phantom Performance Shares	-	-	-	0	2,975	5,950	-	-	-
	2/27/08	WMRe Performance Units	2,560	0	3,596,616	-	-	-	-	-	-

- (a) On February 27, 2008, Mr. Tolman was granted 1,031 Esurance performance units for the 2008-2010 performance cycle issued under the Esurance Incentive Plan. Each unit is initially valued at \$1,000 and compounds in value by Esurance's after-tax economic return on capital during the performance period. An economic combined ratio greater than 100% would result in no payout. The payout percentage is calculated to result in sharing with management 10% of the value added over the risk-free hurdle (assuming no forfeitures).
- (b) On February 27, 2008, Mr. Waters was granted 2,560 WMRe performance units for the 2008-2010 performance cycle issued under the White Mountains Re Incentive Plan. Each unit is initially valued at \$1,000 and compounds in value based on White Mountains Re's underwriting return on deployed capital ("uroc") during the performance period. A uroc of 5% or less would result in no payout. A uroc of 12% would result in a target payout of 100%. A uroc of 19% would result in a 200% payout. Payouts for results in between are determined by linear interpolation.
- (c) On February 27, 2008, Messrs. Foy, Tolman and Waters were granted WTM performance shares for the 2008-2010 performance cycle. Mr. Waters' grant was issued under the White Mountains Re Incentive Plan. Target performance, which would result in a payout of 100% of the target shares, is growth in intrinsic business value per share of 11%. Growth of 4% or less (Threshold) would result in a payout of 0% and growth of 18% or more (Maximum) would result in a payout of 200%. Payouts for results in between are determined by linear interpolation.
- (d) On February 26, 2008, Mr. Miller was granted OB performance shares for the 2008-2010 performance cycle issued under the OneBeacon Incentive Plan. Target performance, which would result in a payout of 100% of the target shares, is growth in intrinsic business value per share of 11%. Growth of 4% or less (Threshold) would result in a payout of 0% and growth of 18% or more (Maximum) would result in a payout of 200%. Mr. Miller was also granted 25,600 restricted stock unit awards ("RSUs") under the OneBeacon Incentive Plan. The non-qualified options granted in connection with the OB IPO did not include a mechanism to reflect the contribution to total return from the regular quarterly dividend. As a result, the OneBeacon Committee awarded RSUs to actively employed option holders. The RSUs vest one-third on each of November 9, 2009, 2010 and 2011 subject to, for each vesting tranche of units, the attainment of 4% growth in OneBeacon's adjusted book value per share from January 1, 2008 through the end of the calendar year immediately following the applicable vesting date. Upon vesting, the RSUs will be mandatorily deferred into one of OneBeacon's non-qualified deferred compensation plans and will be paid out in 2012 in cash or shares at the discretion of the OneBeacon Committee.
- (e) The options initially had an exercise price of \$30.00. On May 27, 2008, the OneBeacon Committee amended the exercise price to \$27.97 as a result of the \$2.03 per share special dividend OneBeacon paid in the first quarter of 2008.
- (f) Represents the grant date fair value as determined in accordance with FAS 123(R) without regard to forfeitures. The grant date fair value for the RSUs also includes \$.84 per share of dividends accumulated since February 2007. Assuming a maximum 200% payout, the grant date fair value of the WTM performance shares granted to Messrs. Foy, Tolman and Waters is \$7,470,000, \$838,632 and \$2,963,100. Assuming a maximum 200% payout, the grant date fair value of the OB performance shares granted to Mr. Miller is \$8,871,834. The

grant date fair value for Mr. Miller's non-qualified options includes the effect of the special dividend referred to above.

Allan L. Waters	WTM Phantom Performance Shares	-	-	-	-	-	-	-	5,475	-
-----------------	---	---	---	---	---	---	---	---	-------	---

- (a) As of December 31, 2008, Mr. Barrette had 200,000 Non-Qualified Options to acquire the Company's common shares that were awarded to him on January 20, 2007. The Non-Qualified Options vest in equal installments over five years and had an initial exercise price of \$650 per common share that escalates at an annual rate of 5% less the annual regular dividend rate.
- (b) As of December 31, 2008, Mr. Miller had 277,826 OB Options outstanding that were awarded to him on October 18, 2006 under the OneBeacon Incentive Plan. The OB Options vest in equal installments on each of the third, fourth and fifth anniversaries of the date of the OB IPO and their term is 66 months. The options initially had an exercise price of \$30.00. On May 27, 2008, the OneBeacon Committee amended the exercise price to \$27.97 as a result of the \$2.03 per share special dividend OneBeacon paid in the first quarter of 2008.
- (c) On January 20, 2007, Mr. Barrette was granted 35,000 restricted shares that vest in equal installments over five years and 15,000 restricted shares that vest in the event of a change in control of the Company before January 20, 2012. The second tranche of restricted shares was designed to replace the lost time value of Mr. Barrette's options if a change in control were to occur in the five years following their grant. Market values are based on the year-end closing market price.
- (d) Equity incentive plan awards not yet vested at December 31, 2008 include: (1) WTM performance shares awarded for the 2008-2010 performance cycle to Mr. Foy (7,500 target performance shares), Mr. Tolman (842 target performance shares) and Mr. Waters (2,975 target performance shares issued under the White Mountains Re Incentive Plan), (2) WTM performance shares awarded for the 2007-2009 performance cycle to Mr. Foy (6,500 target performance shares), Mr. Tolman (1,169 target performance shares) and Mr. Waters (2,500 target performance shares issued under the White Mountains Re Incentive Plan), (3) OB performance shares awarded to Mr. Miller for the 2008-2010 performance cycle (202,184 target OB performance shares) and the 2007-2009 performance cycle (106,411 target OB performance shares) and (4) 25,600 OB RSUs awarded to Mr. Miller under the OneBeacon Incentive Plan for the 2008-2010 performance cycle. Payout values for OB performance shares are based on the year-end closing market price at an estimated payout of 100% of target for the 2008-2010 performance cycle and 0% of target for the 2007-2009 performance cycle. Based on the Company's performance in 2008, the other outstanding performance shares are unlikely to have any harvest under most reasonable scenarios. Payout value for the OB RSUs is based on the year-end closing market price at an estimated payout of 100% including dividends accrued since February 2007.
- (e) Excludes OB performance shares awarded for the 2007-2008 performance cycle that became fully vested at December 31, 2008 and were paid in March 2009. See "Option Exercises and Stock Vested" below. Also excludes WTM performance shares for the 2006-2008 performance cycle, which expired with no payout.

Table of Contents**Option Exercises and Stock Vested**

The following table presents option exercises and stock awards that vested in 2008 for each of the Named Executive Officers.

Name	Option Awards		Type of Award	Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)		Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$)
Raymond Barrette	-	-	WTM Restricted Shares (a)	7,000	3,227,000
David T. Foy	-	-	WTM Performance Shares (b)	-	-
T. Michael Miller	-	-	OB Performance Shares (c)	1,058	13,278
Gary C. Tolman	-	-	WTM Performance Shares (b)	-	-
Allan L. Waters	-	-	-	-	-

- (a) Represents an installment of 7,000 WTM restricted shares that vested on January 20, 2008. The value realized on vesting was based on the ending market price of \$461.00 on January 18, 2008.
- (b) Represents a 0% payout of the 6,850 and 1,345 target WTM performance shares granted to Messrs. Foy and Tolman, respectively, for the 2006-2008 performance cycle.
- (c) Represents a 1.4% payout of the 75,570 target OB performance shares granted to Mr. Miller for the 2007-2008 performance cycle. The value realized on vesting was determined based on the average of the high and low market price of OneBeacon common shares on February 24, 2009, the date the awards were determined by the OneBeacon Committee, and includes the special dividend of \$2.03 per common share paid in 2008.

Pension Benefits

The Named Executive Officers do not participate in any defined benefit pension plans sponsored by White Mountains.

Table of Contents**Nonqualified Deferred Compensation**

The following table presents the contributions, earnings, withdrawals and ending account balances for the Named Executive Officers under White Mountains' various unfunded, nonqualified deferred compensation plans (the "Deferral Plans") for 2008.

Name	Executive Contributions in Last Fiscal Year (\$)	Registrant Contributions in Last Fiscal Year (a) (\$)	Aggregate Earnings (Losses) in Last Fiscal Year (b) (\$)	Aggregate Withdrawals/Distributions (\$)	Aggregate Balance at Last Fiscal Year End (\$)
Raymond Barrette	-	-	(860,520)	18,856,007	-
David T. Foy	-	-	-	-	-
T. Michael Miller	-	-	-	-	-
Gary C. Tolman	1,211,169	-	610,664	-	8,122,536
Allan L. Waters	-	-	-	-	-

(a) White Mountains does not make contributions to the Deferral Plans.

(b) The approximate annual rates of return earned on deferred balances during the year for Messrs. Barrette and Tolman were (16)% and 8%.

The Deferral Plans allow participants to voluntarily defer all or a portion of qualifying remuneration payable (consisting of base salary, annual bonus or long-term incentive compensation), which can be invested in various investment options available in our 401(k) plans, including the Company's common shares. Participants may change investment options daily. None of the investment options offered under the Deferral Plans provide above-market rates of interest.

A payment date is designated with each deferral. Participants may select a payment date that is no sooner than the first anniversary of the date of deferral. A participant may elect, at the time a payment date is selected, to receive the payment in no more than 10 annual installments. Payment dates cannot be accelerated (other than for a severe financial hardship).

Payments commence upon the earlier of the designated payment date, death, termination of service, or a change in control of the Company. Payments commencing upon death or a change in control of the Company (or business unit, as applicable) are paid as a single payment regardless of whether the participant chose to receive such payments in annual installments.

Participants are not permitted to make further contributions under the Deferral Plan if such person's account balance equals or exceeds \$50,000,000 unless otherwise approved by the Compensation Committee.

Potential Payments Upon Termination or Change in Control

Employment and Severance Agreements

We have no long-term employment agreements with our Named Executive Officers although from time to time we have entered into short-term arrangements with newly hired executives governing their compensation and severance during up to their first three years with the Company.

Long-Term Incentive Plans

Under our long-term incentive plans, certain events, such as retirement, death or disability, or the occurrence of both a change in control of the Company (or a business unit, as applicable) and an involuntary or constructive employment termination or materially adverse amendments to such plans, may result in unvested stock options becoming exercisable, restricted shares becoming vested and performance shares and performance units becoming payable in full or in part. Below is a description of the payments to which each of our Named Executive Officers would be entitled assuming in each case that such events occurred on December 31, 2008.

Voluntary Termination of Employment

Had any of our Named Executive Officers voluntarily terminated their employment on December 31, 2008, their outstanding long-term incentive grants (other than vested stock options) would have been cancelled and they would not have been entitled to any payment in respect thereof.

Retirement

Had any of our Named Executive Officers retired on December 31, 2008, their outstanding long-term incentive grants (other than vested stock options) would have been cancelled and payments, if any, in respect of those cancelled grants would be made at the sole discretion of the Compensation Committee.

Death or Disability

Had any of our Named Executive Officers died or become disabled on December 31, 2008, they would have been entitled to vesting of all or a portion of their unvested stock options, full vesting of their restricted shares and pro rata vesting of their performance shares and performance units. In addition, Mr. Miller would have been entitled to partial vesting of his RSUs. Under this scenario, Messrs. Barrette, Foy, Miller, Tolman and Waters would have been entitled to receive \$11,485,730, \$3,845,155, \$3,245,703, \$4,135,158 and \$3,227,036, respectively.

None of the stock options held by our Named Executive Officers were in-the-money at December 31, 2008. Performance shares and restricted shares were valued at the December 31, 2008 common share closing price (\$267.11 for White Mountains and \$10.44 for OneBeacon). Performance units were valued at actual value as of December 31, 2008. The WTM performance shares would vest at 100% of target pro-rated for time. The OneBeacon performance shares would vest pro-rated for time and OneBeacon's actual performance through the end of 2008 (but at not less than 50%). One-third of the OneBeacon RSUs would vest. The OneBeacon performance units would vest at 100% of target. The Esurance performance units would vest at 100% of target pro-rated for time. The White Mountains Re performance units would vest pro-rated for time and White Mountains Re's actual performance through the end of 2008.

Change in Control

Had both a change in control of the Company (or a business unit, as applicable) and an involuntary termination, constructive termination or materially adverse amendments to our long-term incentive plans occurred on December 31, 2008, our Named Executive Officers would have been entitled to all or a portion of their unvested stock options, full vesting of their restricted shares and full or pro rata vesting of their performance shares and performance units at up to 200% of target (and at not less than target). Under this scenario, Messrs. Barrette, Foy, Miller, Tolman and Waters would have been entitled to receive up to \$11,485,730, \$11,518,887, \$5,908,553, \$6,671,577 and \$6,026,055, respectively.

None of the stock options held by our Named Executive Officers were in-the-money at December 31, 2008. Performance shares and restricted shares were valued at the December 31, 2008 common share closing price (\$267.11 for White Mountains and \$10.44 for OneBeacon). Performance units were valued at actual value as of December 31, 2008 except for White Mountains Re performance units that were valued as of September 30, 2008. The WTM performance shares would vest at 200% of target. The OneBeacon performance shares would vest at 100% of target. All OneBeacon RSUs would vest. The OneBeacon performance units would vest at 200% of target. The Esurance performance units would vest at 100% of target. The White Mountains Re performance units would vest at 100% of target.

Our long-term incentive plans do not provide for tax gross-ups for excess parachute payments that may result from a change in control.

Prospector

Mr. John Gillespie is the founder and Managing Member of Prospector. Prospector serves as a discretionary adviser with respect to specified assets, primarily equity securities, managed by WM Advisors on behalf of White Mountains and other clients of WM Advisors, including the defined benefit and defined contribution plans of OneBeacon. Pursuant to an investment management agreement with WM Advisors (the "WMA Agreement"), Prospector charged WM Advisors fees based on the following schedule: 100 basis points on the first \$200 million of assets under management; 50 basis points on the next \$200 million; and 25 basis points on amounts over \$400 million. At December 31, 2008, Prospector managed a total of approximately \$0.4 billion of assets for WM Advisors under this arrangement. Of this total, \$181 million were assets of White Mountains and \$202 million related to third party accounts managed by WM Advisors. The third party accounts are each separately subject to the above fee schedule.

Effective November 14, 2006, OneBeacon entered into a separate investment management agreement with Prospector pursuant to which Prospector supervises and directs specified assets, primarily equity securities. Pursuant to this investment management agreement (the "OneBeacon Agreement"), Prospector charged OneBeacon fees based on the following schedule: 100 basis points on the first \$200 million; 50 basis points on the next \$200 million; and 25 basis points on amounts over \$400 million. At December 31, 2008, Prospector managed approximately \$0.7 billion of assets for OneBeacon under this arrangement. This amount includes \$196 million related to the OneBeacon ERISA accounts pursuant to the WM Advisors arrangement described above.

During 2008, Prospector earned \$5.2 million in fees pursuant to the WMA Agreement and \$5.3 million in fees pursuant to the OneBeacon Agreement, which includes \$1.1 million in fees related to the ERISA accounts.

Prospector also advises White Mountains on matters including capital management, asset allocation, private equity investments and mergers and acquisitions. Pursuant to a Consulting Agreement for those services, Prospector was granted 10,800 performance shares for the 2009-2011 performance cycle, 9,600 performance shares for the 2008-2010 performance cycle and 8,000 performance shares for the 2007-2009 performance cycle. In accordance with the terms of the WTM Incentive Plan, performance against target governing the performance shares will be confirmed by the Compensation Committee of the Board following the end of each performance cycle and the number of performance shares actually awarded at that time will range from 0% to 200% of the target number granted. Based on the Company's performance, Prospector received no payment with respect to 8,400 performance shares that had been granted for the 2006-2008 performance cycle as the payout was 0%. Unless and until the Consulting Agreement has been terminated, and subject to the approval of the Compensation Committee, at the beginning of each performance cycle Prospector is to be granted performance shares with a value of approximately \$4.5 million. The Compensation Committee establishes the performance target for such performance shares.

Pursuant to a revenue sharing agreement, Prospector has agreed to pay White Mountains 6% of the revenues in excess of \$500,000 of certain of Prospector's funds in return for White Mountains having made a founding investment in 1997. White Mountains earned \$0.2 million during 2008 under this arrangement.

Table of Contents

At December 31, 2008, White Mountains had \$127.1 million invested in limited partnership investment interests managed by Prospector. (This total includes \$38.9 million of OneBeacon assets.) In addition, Messrs. Barrette, Davis, George Gillespie, John Gillespie, and Waters, each a director of the Company, and Reid T. Campbell, an executive officer of the Company, owned limited partnership investment interests managed by Prospector as of such date.

Other relationships and transactions

Mr. Clark, a director of the Company, has been Vice Chairman of Barclays Capital since 2008 and was previously Vice Chairman of Lehman. Lehman has, from time to time, provided various services to White Mountains including investment banking services, brokerage services, underwriting of debt and equity securities and financial consulting services. Barclays acquired Lehman's brokerage business in 2008.

Mr. George Gillespie, a director of the Company, serves as Special Counsel to CS&M. CS&M has been retained by White Mountains from time to time to perform legal services.

Mr. John Gillespie, a director of the Company, indirectly through general and limited partnership interests holds a 33% interest in Dowling & Partners Connecticut Fund III, LP ("Fund III"). Two of the Company's indirect subsidiaries, OneBeacon Professional Partners ("OBPP") and Folksamerica Specialty Underwriting, Inc. ("FSUI"), had previously borrowed approximately \$8 million and \$7 million, respectively, from Fund III in connection with an incentive program sponsored by the State of Connecticut known as the Connecticut Insurance Reinvestment Act (the "CIR Act"). The CIR Act provides for Connecticut income tax credits to be granted for qualifying investments made by approved fund managers. Both loans were repaid in full during 2006. The loans were qualifying investments which generated tax credits to be shared equally between Fund III on the one hand and OBPP and FSUI on the other. As a result of his interest in Fund III, during 2008, Mr. Gillespie generated approximately \$0.2 million in such tax credits.

WM Capital currently sub-leases a building partially owned by Mr. John Gillespie and trusts for the benefit of members of his family (the "Gillespie Trusts"). For 2008, the rental payments attributable to Mr. Gillespie's ownership in the building totaled approximately \$7,000 and the rental payments attributable to the Gillespie Trusts' ownership in the building totaled approximately \$59,000.

Review, Approval or Ratification of Transactions with Related Persons

The Company's Audit Committee Charter states that the Audit Committee shall approve any related or affiliated person transactions and review disclosures thereof. In determining whether to approve or reject a related person transaction, the Audit Committee takes into account, among other factors its deems appropriate, whether the proposed transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related persons' economic interest in the transaction. For purposes of Audit Committee approval, a related person transaction is defined as any transaction that is required to be reported under Item 404 of SEC Regulation S-K.

During 2008, the Audit Committee approved all Transactions with Related Persons occurring since the beginning of the Company's calendar year.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of December 31, 2008 with respect to the common shares that may be issued under White Mountains' existing incentive compensation plans. Performance shares awarded under the WTM Incentive Plan are typically paid in cash, though they may be paid in the Company's common shares at the election of the Board or a Committee of the Board. For that reason, these plans are listed in the Equity Compensation Plan Table below. Grants of phantom performance shares made under subsidiary incentive plans (which are payable in cash) and grants made under the OneBeacon Incentive Plan (which are payable in OneBeacon common shares) are excluded from this table.

Plan category	(1) Number of securities that may be issued upon exercise or vesting of outstanding options, warrants and rights at target	(2) Weighted average exercise price of outstanding options, warrants and rights	(3) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (1))
Equity compensation plans approved by security holders - WTM Incentive Plan:			776,200 (b)
Performance shares	150,501	\$ 0	
Incentive Options (a)	6,000	177.76	

- (a) The Incentive Options were granted in 2000 at an exercise price equal to the underlying market price of common shares on the date of grant. The exercise price escalates on a straight-line basis by 6% per annum over their ten-year life. The weighted average price shown above represents the effective exercise price per Incentive Option at December 31, 2008.
- (b) Under NYSE rules, common shares remain available for issuance when the Company pays cash or establishes deferred compensation balances in the settlement of its performance share obligations (which is typically the case) rather than issuing common shares. However, the Compensation Committee has taken a more conservative approach by counting the number of performance shares granted at "target" against the WTM Incentive Plan inventory. Under the Company's approach, as of March 31, 2009, 125,486 common shares remained available for grant at target under the WTM Incentive Plan, which could result in up to 250,972 common shares being issued.

AUDIT COMMITTEE REPORT

In connection with the audit of the Company's financial statements for the year ended December 31, 2008, the Audit Committee has: (1) reviewed and discussed with management and PwC the Company's audited financial statements for the year ended December 31, 2008, management's assessment of the effectiveness of the Company's internal control over financial reporting and PwC's audit of the Company's internal control over financial reporting; (2) reviewed and discussed with PwC the matters required by Statement of Auditing Standards No. 61, as amended; and (3) received the written disclosures and the letter from PwC required by the applicable Public Company Accounting Oversight Board rules and discussed with PwC their independence.

Based on these reviews and discussions, the Audit Committee determined that the non-audit fees billed by PwC for services performed in 2008 and 2007 (as presented herein) are compatible with maintaining their independence. Further, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for filing with the SEC and for presentation to the Members at the 2009 Annual Meeting.

Management is responsible for the preparation, presentation and integrity of the Company's consolidated financial statements as well as for establishing and maintaining adequate internal control over financial reporting. The Company's independent registered public accounting firm, PwC, is responsible for expressing its opinion on the conformity of the Company's audited financial statements with Generally Accepted Accounting Principles ("GAAP"). In addition, PwC is responsible for expressing its opinion on the effectiveness of the Company's internal control over financial reporting. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with GAAP; that, as described above, is the responsibility of management and PwC. In giving its recommendation to the Board, the Audit Committee has relied on (1) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with GAAP and (2) the reports of PwC with respect to such financial statements.

The Audit Committee has established a Charter which outlines its primary duties and responsibilities. The Audit Committee Charter, which has been approved by the Board, is reviewed at least annually, is updated as necessary and is available for viewing at www.whitemountains.com.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

The Audit Committee, pursuant to its policy, pre-approves the scope and fees for all services performed by PwC. Annually, the Audit Committee receives and pre-approves a written report from PwC describing the elements expected to be performed in the course of its audit of the Company's financials. All other audit, audit-related and non audit-related services rendered by PwC also require pre-approval, which may be granted in accordance with the provisions of the policy either (a) at a meeting of the full Audit Committee, (b) on an interim basis by the Chairman of the Audit Committee, provided that the requested services are not expressly prohibited and are ratified by the full Audit Committee at its next regularly scheduled meeting, or (c) on a per-project basis through specific compliance with pre-approved definitions of services that do not exceed per-project limits established by the Committee, provided that any such services are authorized by the Company's General Auditor or his/her designee and that the General Auditor makes a full report of all services pre-approved per the policy at the next regularly scheduled Committee meeting.

It is the intent of the policy to assure that PwC's performance of audit, audit-related and non audit-related services are consistent with all applicable rules on auditor independence. As such, services expressly prohibited by the Audit Committee under its policy include bookkeeping or other services related to the accounting records or financial statements of the Company or its subsidiaries; financial information systems design and implementation; appraisal and valuation services; fairness opinions; contribution-in-kind reports; certain actuarial services; internal audit outsourcing services; management functions; human resources; broker-dealer, investment advisor or investment banking services; legal services; and expert services unrelated to the audit. All services performed by PwC during 2008 and 2007 were pre-approved in accordance with the policy described above.

The services performed by PwC in 2008 and 2007 are described below. PwC does not provide any services to the Company prohibited under applicable laws and regulations, such as financial information systems design and implementation. From time to time, PwC may perform permissible consulting services for the Company, provided they have been pre-approved in accordance with the policy described above. To the extent consulting services are provided by PwC, they are closely monitored and controlled by both management and the Audit Committee to ensure that their nature and extent do not interfere with the independence of PwC. The independence of PwC is also considered annually by the Audit Committee.

OTHER MATTERS

Manner of Voting Proxies

Common shares represented by all valid proxies received will be voted in the manner specified in the proxies. Where specific choices are not indicated, the common shares represented by all valid proxies received will be voted FOR each of the proposals named earlier in this Proxy Statement.

In the case of common shares held in employee benefit plans, the trustee will typically vote all common shares within such plans in direct proportion to those common shares actually voted by plan participants.

Should any matter not described above be acted upon at the meeting, the persons named in the proxy card will vote in accordance with their judgment. The Board knows of no other matters which are to be considered at the 2009 Annual Meeting.

Votes Required for Approval

With respect to the election of directors, the nominees receiving the highest number of votes, up to the number of directors to be elected, shall be deemed elected. The other proposals require the affirmative vote of a majority of the voting power held by holders of common shares present at the 2009 Annual General Meeting, in person or by proxy, provided a quorum is present.

Inspectors of Election

Computershare Trust Company, N.A., P.O. Box 43023, Providence, Rhode Island 02940-3023, has been appointed as Inspectors of Election for the 2009 Annual Meeting. Representatives of Computershare will attend the 2009 Annual Meeting to receive votes and ballots, supervise the counting and tabulating of all votes and ballots and determine the results of the vote.

Costs of Solicitation

The solicitation of proxies will be made primarily by mail; however, directors, officers, employees and agents of the Company may also solicit proxies by telephone, internet or personal interview. Solicitation costs will be paid by the Company. Upon request, the Company will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses incurred in forwarding proxy materials to their principals.

Delivery of Documents to Members Sharing an Address

The Company may have delivered only one copy of this document to two or more Members who share an address. Those Members who desire additional copies of this document or would like to receive separate copies of this document in the future should contact their bank, broker or other holder of record or the Corporate Secretary at the address presented under "Available Information" below.

Available Information

The Company is subject to the informational reporting requirements of the Exchange Act.
