PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS To Be Held on May 14, 2014

QUESTIONS AND ANSWERS REGARDING THIS PROXY STATEMENT AND THE ANNUAL MEETING

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission ("SEC"), The Howard Hughes Corporation (the "Company") has elected to provide access to its proxy materials over the internet or, upon your request, through the mail. These materials are being provided in connection with the solicitation of proxies by the Board of Directors of the Company (the "Board") for use at the Company's 2014 annual meeting of stockholders or any postponement or adjournment thereof (the "Annual Meeting"). Accordingly, the Company sent a Notice of Internet Availability of Proxy Materials (the "Notice") on or about March 28, 2014 to stockholders entitled to notice of and to vote at the meeting.

All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. The Company encourages stockholders to take advantage of the availability of the proxy materials on the internet.

You are invited to attend the Annual Meeting and are requested to vote on the proposals described in this proxy statement. The Annual Meeting will be held at 9:00 a.m., local time, on Wednesday, May 14, 2014, at The Westin Galleria Dallas, 13340 Dallas Parkway, Dallas, Texas 75240.

How can I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to:

view the Company's proxy materials for the Annual Meeting on the internet; and

instruct the Company to send future proxy materials to you electronically by email.

The Company's proxy materials are also available on the Company's website at www.howardhughes.com.

If you previously elected to access your proxy materials over the internet, you will not receive a Notice or printed proxy materials in the mail. Instead you have received an email with a link to the proxy materials and voting instructions.

Table of Contents

Choosing to receive future proxy materials by email will save the Company the cost of printing and mailing documents to you thereby lowering the costs associated with the Annual Meeting. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

What is included in the proxy materials?

The proxy materials include:

the Company's Notice of the Annual Meeting;

this proxy statement for the Annual Meeting; and

the Company's Annual Report on Form 10-K for the year ended December 31, 2013, as filed with the SEC on February 27, 2014 (the "2013 Form 10-K").

If you requested printed versions of these materials by mail, the proxy materials will also include a proxy card (for stockholders of record) or voting instruction form (for beneficial owners) for the Annual Meeting.

Who is entitled to vote at the Annual Meeting?

Holders of the Company's common stock at the close of business on March 18, 2014, are entitled to receive notice of and to vote their shares at the Annual Meeting. On March 18, 2014, there were 39,576,344 shares of Company common stock outstanding and entitled to vote. Each share of common stock is entitled to one vote on each matter properly brought before the Annual Meeting.

If your shares are registered in your name with the Company's transfer agent, Computershare Trust Company, N.A., you are considered the "stockholder of record". If your shares are held in an account with a broker, bank or other nominee, you are considered the "beneficial owner". As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares.

What will the stockholders vote on at the annual meeting?

The stockholders will be asked to vote on the following proposals:

the election of the ten nominees named in this proxy statement as directors to hold office until the next annual meeting of stockholders and until their successors are elected and qualified (Proposal No. 1);

a non-binding advisory vote approving the compensation of the Company's named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and narrative discussion below under the caption "Executive Compensation" (Proposal No. 2);

the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2014 (Proposal No. 3); and

any other business as may properly come before the Annual Meeting or any adjournment or postponement of the meeting.

What are the Board's voting recommendations?

The Board recommends that you vote as follows:

FOR each of the nominees to the Board (Proposal No. 1);

2

Table of Contents

FOR the advisory vote on executive compensation (Proposal No. 2);

FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2014 (Proposal No. 3).

As of the date this proxy statement was mailed, we did not know of any other matters to be raised at the Annual Meeting.

If you return your signed and completed proxy card or vote by internet or telephone and other matters are properly presented at the Annual Meeting for consideration, the proxy holders appointed by the Board will have the discretion to vote for you.

How do I vote?

You may vote using any of the following methods:

By internet or telephone

If you are a stockholder of record, you will need the control number included on your Notice or in the email that you receive to access the proxy statement and annual report. Follow the instructions to vote your shares electronically on the internet or by calling the toll-free number provided to you.

If you are a beneficial owner of shares, you may vote your shares electronically on the internet by following the instructions sent to you by your broker, bank or other holder of record or by calling the toll-free number provided to you.

By mail

If you are a stockholder of record, you may request from us, by following the instructions on your Notice or in the email that you received, printed copies of the proxy statement and annual report, which will include a proxy card.

If you are a beneficial owner of shares, follow the instructions from your broker, bank or other holder of record to request copies of the proxy statement and annual report, which will include a voting instruction form. Be sure to complete, sign and date the proxy card or voting instruction form and return it in the manner instructed.

In person at the Annual Meeting

All stockholders of record may vote in person at the Annual Meeting. You can request a ballot at the Annual Meeting. You may also be represented by another person at the Annual Meeting by executing a proper proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other holder of record and present it to the inspector of election with your ballot to be able to vote at the Annual Meeting.

Internet and telephone voting for stockholders of record will be available 24 hours a day, and will close at 11:59 p.m. Eastern Time on May 13, 2014. The availability of internet and telephone voting for beneficial owners will depend on the voting processes of your broker, bank or other holder of record. You should follow the voting instructions in the materials provided to you by your broker, bank or other holder of record. If you vote on the internet or by telephone, you do not have to return a proxy card or voting instruction form. If you are located outside the U.S. and Canada, please use the internet or mail voting methods. Your vote is important. Your timely response can save us the expense of attempting to contact you again.

Table of Contents

What can I do if I change my mind after I submit my proxy?

If you are a stockholder of record, you can revoke your proxy prior to the completion of voting at the Annual Meeting by:

delivering written notice revoking your proxy to the Corporate Secretary at the Company's address set forth above;

timely delivering a new later-dated proxy using one of the methods described above; or

voting in person at the Annual Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your broker, bank or other nominee. You may also vote in person at the Annual Meeting if you obtain a legal proxy from your broker, bank or other nominee.

What shares are included in my proxy?

If you are a stockholder of record, you will receive one proxy card for all of your shares that are registered in your name with the Company's transfer agent. If you are a beneficial owner of shares, the voting instructions you receive from your broker, bank or other nominee will indicate the number of shares of Company common stock held by them on your behalf. If you received more than one proxy card or voting instructions, then your shares are likely registered in more than one name with the Company's transfer agent and/or held in more than one account with your broker, bank or other nominee. Please complete, sign, date and return each proxy card and/or voting instructions to ensure that all of your shares are voted.

What happens if I do not give specific voting instructions?

All properly executed proxies, unless revoked as described above, will be voted at the Annual Meeting in accordance with your instructions. If a properly executed proxy gives no specific instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

If you are a beneficial owner of shares and do not provide your broker, bank or other nominee with specific voting instructions, then under the rules of the New York Stock Exchange, they may only vote on matters for which they have discretionary power to vote. If your broker, bank or other nominee does not receive instructions from you on how to vote your shares and they do not have discretion to vote on the matter, then the broker, bank or other nominee will inform the inspector of election that it does not have the authority to vote on the matter with respect to your shares.

Your broker, bank or other nominee will not be permitted to vote on your behalf on the election of directors, the advisory vote on executive compensation and other matters to be considered at the Annual Meeting, unless you provide specific instructions by completing and returning a properly executed proxy or following the instructions provided to you to vote your shares. For your vote to be counted, you need to communicate your voting decisions to your broker, bank or other nominee before the date of the Annual Meeting.

What constitutes a quorum?

A majority of the outstanding shares of common stock must be present, in person or by proxy, to constitute a quorum at the Annual Meeting.

Abstentions and "broker non-votes" are counted as present and entitled to vote for purposes of determining a quorum. A "broker non-vote" occurs when a broker, bank or other nominee holding

Table of Contents

shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular matter and has not received voting instructions from the beneficial owner.

Who can attend the Annual Meeting?

The Annual Meeting is open to all holders of the Company's common stock. Each stockholder is permitted to bring one guest. No cameras, recording equipment, large bags, briefcase or packages will be permitted in the Annual Meeting, and security measures will be in effect to provide for the safety of attendees.

Do I need a ticket to attend the Annual Meeting?

Yes, you will need an admission ticket or proof of ownership of the Company's common stock to enter the meeting. If your shares are registered in your name and you have elected to receive paper copies of the proxy materials, you will find an admission ticket attached to the proxy card sent to you. If your shares are in the name of your broker, bank or other nominee or you received your materials electronically, you will need to bring evidence of your stock ownership, such as your most recent brokerage statement. All stockholders will be required to present valid picture identification.

IF YOU DO NOT HAVE VALID PICTURE IDENTIFICATION AND EITHER AN ADMISSION TICKET OR PROOF THAT YOU OWN COMPANY COMMON STOCK, YOU MAY NOT BE ADMITTED INTO THE ANNUAL MEETING.

What are the voting requirements for each of the matters to be voted on at the Annual Meeting?

MATTERS RELATED TO CORPORATE GOVERNANCE, BOARD STRUCTURE, DIRECTOR COMPENSATION AND STOCK OWNERSHIP

Corporate Governance and Risk Management

The Board has adopted the following policies to serve as the governing framework of the Company:

corporate governance guidelines to assist the Board in the exercise of its responsibilities to the Company and its stockholders;

a code of business conduct and ethics applicable to the Company's directors;

a code of business conduct and ethics applicable to the Company's officers and other employees; and

written charters for its audit committee, compensation committee, nominating and corporate governance committee and risk committee.

The Company's corporate governance guidelines, codes of business conduct and ethics and committee charters are available on the Company's website at www.howardhughes.com under the Investors tab. You may also obtain a copy of these policies upon written request to the Company's Corporate Secretary at its principal executive offices.

The Board periodically reviews its corporate governance policies and practices. Based on these reviews, the Board may adopt changes to policies and practices that are in the best interests of the Company and as appropriate to comply with any new SEC or NYSE corporate governance requirements.

The Board may, at its discretion, elect a Chairman of the Board from among the directors. If at any time the Chairman of the Board is a current or former executive officer of the Company, or for any reason is not an independent director, a presiding director will be selected by the independent directors from among the directors who are not current or former executive officers of the Company and are otherwise independent. The Board adopted this structure to promote decision-making and governance independent of that of the Company's management and to better perform the Board's monitoring and evaluation functions. Presently, the positions of Chairman of the Board and Chief Executive Officer are held by different individuals. The Chairman of the Board, William Ackman, is not a member of Company management.

The Board has established a policy that its non-management directors meet in executive session, without members of management present at least four times per year; provided, however, that any non-management director may request additional executive sessions of the non-management directors at any time, if and when necessary, to discuss any matter of concern. The Chairman of the Board or presiding director presides over each executive session. The Board policy provides that if the Board includes directors that are not independent, at least one executive session each year will include only independent directors.

The Company believes the foregoing policies and practices, when combined with the Company's other governance policies and procedures, provide an appropriate framework for oversight, discussion and evaluation of decisions and direction from the Board.

The Board views risk management as one of its primary responsibilities. A fundamental part of risk management is not only understanding the risks that the Company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. In 2012, the Board established the risk committee. The risk committee assists the Board with the formulation of risk strategies and oversees the development and implementation of the Company's enterprise risk management program (the "ERM Program"), which is an enterprise-wide

Table of Contents

program designed to enable effective and efficient identification of critical enterprise risks and to facilitate the incorporation of risk considerations into decision making. While the Board maintains oversight responsibility for risk management, the Board's other standing committees support the Board and risk committee by regularly addressing various risks in their respective areas of oversight. Specifically, the audit committee assists the Board in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls and compliance with public reporting requirements. The compensation committee considers and evaluates whether the Company's compensation structure establishes appropriate incentives for executives and other employees of the Company, including whether the Company's compensation policies and practices for its executives and employees give rise to risks that are reasonably likely to have a material adverse effect on the Company. The nominating and corporate governance committee assists the Board in fulfilling its risk management oversight responsibilities associated with risks related to corporate governance, succession planning and emergency procedures. Each of the committee chairs reports to the full Board at regular meetings concerning the activities of the committee, the significant issues it has discussed and the actions taken by the committee.

Director Independence

NYSE corporate governance guidelines require that at least a majority of the members of the Board meet the NYSE criteria for independence. The Board has determined that each of its non-management directors, which include Mr. Ackman, Mr. Flatto, Mr. Furber, Mr. Krow, Mr. Model, Mr. Sellers, Mr. Shepsman, Mr. Tansky and Ms. Tighe, is independent under the NYSE independence standards. Mr. Weinreb is not independent because he is an employee of the Company.

Director Nominations

Qualifications. The nominating and corporate governance committee considers a number of factors in its evaluation of director candidates. These factors include their specific experience, qualifications, attributes and skills in light of the Company's business. The nominating and corporate governance committee is also responsible for recommending the nomination of those incumbent directors it deems appropriate for re-election to the Board and, if applicable, reappointment to any committees of the Board on which such director serves.

While the nominating and corporate governance committee has not established specific criteria relating to a candidate's age, education, experience level or skills, qualified candidates are expected to have strong business expertise and, in particular, experiences and expertise with regard to real estate development and management, retail, financial reporting, risk management and/or business strategy. Under our Diversity Policy, the nominating and corporate governance committee also considers the independence of the nominee, availability for service to the Company (including any potential conflicts of interest), age of the incumbent directors on the Board, diversity and the Board's anticipated needs with regard to director expertise. With regard to diversity, the nominating and corporate governance committee is committed to considering candidates for the Board regardless of gender, ethnicity and national origin. The Diversity Policy was adopted by the nominating and corporate governance committee on October 12, 2011, and its effectiveness will be evaluated from time to time.

Stockholder Recommendations. The nominating and corporate governance committee will consider recommendations of potential candidates from stockholders based on the same criteria as a candidate identified by the nominating and corporate governance committee.

Table of Contents

To recommend a candidate, a stockholder must provide notice to the Company. The notice must include the following:

as to each person being recommended, all information relating to such person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors in contested elections;

such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; and

a description of all direct and indirect compensation between the company and other material monetary agreements, arrangements and understandings during the past three years, and any other material relationships between or among such stockholder and, if applicable, the beneficial owner of the shares held by such stockholder.

For information regarding when notice must be received to be considered timely, see "Stockholder Proposals for 2015 Annual Meeting of Stockholders".

Communications with the Board

Any stockholder and other interested party may communicate with the Board, any Board committee, the non-management directors or any other individual director. All written communications must identify the recipient and the author and be sent by certified mail to: The Howard Hughes Corporation, One Galleria Tower, 13355 Noel Road, 22nd Floor, Dallas, Texas 75240, Attention: Corporate Secretary. The Corporate Secretary will act as agent for the directors in facilitating these communications.

Codes of Business Conduct and Ethics

The Company has adopted a code of business conduct and ethics applicable to the Company's directors and a code of business conduct and ethics applicable to the Company's officers and other employees. The purpose of these codes is to, among other things, affirm the Company's commitment to the highest standards of business conduct and ethics, integrity and attendant compliance reporting in accordance with all applicable laws. The codes set forth a common set of values and standards to which all of the Company's directors, officers and employees are expected to adhere. The Company will post information regarding any amendment to, or waiver from, its codes of business conduct and ethics on its website under the Investors tab as required by applicable law.

THE BOARD, ITS COMMITTEES AND ITS COMPENSATION

The Board

Nine of our current ten members are non-management directors. Under the Company's amended and restated bylaws, the Board may select one of its members to be Chairman of the Board. Currently, William Ackman is the Chairman of the Board.

Under the Company's corporate governance guidelines, Board members are expected to devote the time reasonably necessary to discharge their responsibilities and to prepare for and, to the extent reasonably practicable, attend and participate in all meetings of the Board and Board committees on which they serve. Each director is expected to attend the annual meeting of stockholders. The Board held a total of six meetings in 2013. All directors attended 75% or more of the meetings of the Board and of the committees on which they served during 2013. All the directors then in office attended our 2013 annual meeting of stockholders.

The risk committee held four meetings in 2013. The Board has determined that each member of the risk committee is "independent" as defined in NYSE corporate governance standards.

2013 Director Compensation

The compensation committee engaged Steven Hall & Partners ("SHP") to conduct a review of the competitiveness of the Company's non-employee director compensation program. SHP provided no other services directly to the Company and no conflicts of interest exist between the Company and SHP. Upon assessment of market pay levels obtained from various sources, including published compensation surveys and information taken from SEC filings of a number of similarly situated companies compiled by SHP, the compensation committee determined that our director compensation should be competitive with director compensation of similarly situated companies. On May 14, 2013 the Board, acting upon the recommendation of the Compensation Committee, raised the annual retainer for Board service from \$112,000 to \$165,000.

These warrants became fully vested at the time of purchase, but do not become exercisable until the sixth anniversary of the date of purchase, subject to limited exceptions. In accordance with SEC rules, the shares of Company common stock underlying the warrants are not included in the table above because the warrants are not exercisable within 60 days of the date of the information provided in the table.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Compliance with Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of its equity securities, to file reports of ownership and changes in ownership with the SEC. These reporting persons are required by SEC rules to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such forms furnished to the Company, the Company believes that during 2013 all Section 16(a) filing requirements applicable to its directors, executive officers and greater than 10% stockholders were in compliance with Section 16(a) except that Mr. Shepsman made one late filing on Form 4 relating to one transaction in which 3,074 shares of Company common stock were transferred by Mr. Shepsman to Sam De Realty on July 3, 2012 in exchange for the partial repayment of debt owed to Sam De Realty by Mr. Shepsman. RELATED PARTY TRANSACTIONS AND CERTAIN RELATIONSHIPS

Related Party Transactions Policy

The Company has adopted a written policy relating to the approval of related party transactions. Under this policy, the audit committee reviews certain financial transactions, arrangements and relationships between the Company and any of the following related parties to determine whether any such transaction, arrangement or relationship is a related party transaction:

any director, director nominee or executive officer of the Company;

any beneficial owner of more than 5% of the Company's outstanding stock; and

any immediate family member of any of the foregoing.

Audit committee review is required for any financial transaction, arrangement or relationship that:

involves or will involve, directly or indirectly, any related party identified above and is in an amount greater than \$120,000;

would cast doubt on the independence of a director;

would present the appearance of a conflict of interest between the Company and the related party; or

is otherwise prohibited by law, rule or regulation.

The audit committee reviews each such transaction, arrangement or relationship to determine whether a related party has, has had or expects to have a direct or indirect material interest. Following its review, the audit committee will take such action as it deems necessary and appropriate under the circumstances, including approving, disapproving, ratifying, cancelling or recommending to management how to proceed if it determines a related party has a direct or indirect material interest in a transaction, arrangement or relationship with the Company. Any member of the audit committee who is a related party with respect to a transaction under review is not permitted to participate in the discussions or evaluations of the transaction; however, the audit committee member will provide all material information concerning the transaction to the audit committee. The audit committee reports its action with respect to any related party transaction to the Board.

The following are summaries of transactions entered into by the Company prior to, in connection with and after the Company's spin-off from General Growth Properties, Inc. ("GGP") in November 2010. Each of the transactions entered into by the Company prior to or in connection with the spin-off was reviewed and approved by GGP, the Company's then sole stockholder. Each of the transactions entered into by the Company after the spin-off was reviewed and approved by the Company's audit committee, with the exception of the sale of warrants to Messrs. Weinreb, Herlitz and Richardson. The sale of warrants to those individuals was approved initially by the compensation committee and then by the Board.

Transactions in Connection with the Spin-Off

Pursuant to GGP's plan of reorganization, GGP entered into agreements with each of certain affiliates of Brookfield Asset Management ("Brookfield"), Fairholme Fund and Fairholme Focused Income Fund (collectively, "Fairholme") and Pershing Square pursuant to which these entities purchased an aggregate of \$250 million of Company common stock at the effective time of the spin-off. At the effective time of the spin-off, the Company also entered into (a) warrant agreements, registration rights agreements and stockholders agreements with each of Brookfield, Fairholme and Pershing Square, (b) a registration rights agreement with General Trust Company and (c) a standstill agreement with Pershing Square. The agreements between the Company and Fairholme terminated in

Table of Contents

2012 after the Company purchased its outstanding warrants. The agreements between Brookfield and the Company terminated in 2013 after Brookfield disposed of all of its shares of the Company. The key terms of each of the agreements that remain effective are summarized below. See "Security Ownership of Management and Certain Beneficial Holders Five Percent Holders" for the current beneficial ownership of Company common stock held by Pershing Square.

Warrant Purchase Agreements

In November 2010, the Company issued warrants to purchase 1,916,667 shares of Company common stock to Pershing Square. The warrants issued to Pershing Square can only be exercised on a net share basis, which means that the exercise price for the warrants will not be paid in cash, but rather will be netted against the shares received upon exercise of the warrants, resulting in fewer shares being issued. Upon certain change in control events, Pershing Square has the right to require that the warrants be canceled in exchange for a cash payment equal to the fair value of the warrants as determined using a Black-Scholes-based formula.

Registration Rights Agreements

In November 2010, the Company entered into registration rights agreements with Brookfield, General Trust Company, Pershing Square and certain other investors with respect to Company common stock held by such stockholders. The agreements with Brookfield and Pershing Square require the Company to maintain a shelf registration statement covering the shares held by each stockholder. Additionally, these stockholders may require the Company to:

register shares of Company common stock held by them having an estimated aggregate fair market value of at least \$25.0 million;

undertake up to three underwritten offerings, but no more than one underwritten offering during any 12-month period; and

include shares of Company common stock held by them in any registration statement whenever the Company proposes to register shares of its common stock.

In 2013, the registration rights set forth in the agreement with Brookfield terminated after Brookfield disposed of all of its shares of the Company.

The agreement with General Trust Company provides that if any registrable securities remain outstanding after November 2012, General Trust Company may request that the Company file a new shelf registration statement. If the Company does not have an effective shelf registration statement, General Trust Company may require the Company to:

register shares of Company common stock held by it having an estimated fair market value of at least \$10 million (or the entire amount of registrable securities then held by it if less than \$10 million), up to a maximum of five times and, for so long as the Company is not eligible to register securities on Form S-3, no more than once per year;

undertake up to two underwritten offerings; and

include shares of Company common stock held by it in any registration statement whenever the Company proposes to register shares of its common stock.

The Company has agreed to pay all expenses, other than underwriting discounts and commissions, in connection with these registration rights agreements, including legal and accounting fees incurred by the Company, printing costs and the fees of one law firm for the selling stockholders (limited to \$50,000 for a registration requested by General Trust Company). Additionally, the Company has agreed

Table of Contents

to indemnify these stockholders against certain liabilities, including liabilities under the federal securities laws.

Stockholder Agreements

In November 2010, the Company entered into agreements with each of Brookfield and Pershing Square. Under these agreements, subject to certain exceptions, if the Company makes a public or non-public offering of its common stock (or securities convertible or exchangeable into common stock), each of these stockholders has a right to acquire the securities for the same price and on the same terms up to the amount needed for it to maintain its aggregate proportionate common stock-equivalent interest in the Company on a fully diluted basis. This right terminated for Brookfield in 2013, after it disposed of all of its shares of the Company, and will terminate for Pershing Square when it beneficially owns less than 5% of the Company's outstanding shares on a fully diluted basis (as defined in the agreements).

Under the stockholder agreement with Pershing, the Company has agreed to nominate and use its reasonable best efforts to elect to the Board certain director nominees designated by Pershing Square. Pershing Square has the right to nominate three directors so long as it beneficially owns at least a 17.5% fully diluted economic interest (as defined in the agreement) in the Company and two Board designees so long as it beneficially owns at least a 10% interest in the Company on a fully diluted basis. Board members designated by Pershing Square are not required to be independent but are subject to reasonable eligibility criteria applied in good faith to other Board candidates by the nominating and corporate governance committee. Pershing Square's current Board designees are William Ackman, Gary Krow and Allen Model. Pursuant to the terms of the Brookfield Warrant Purchase Agreement, Brookfield waived its right to nominate one director under its stockholder agreement in 2012 and such right was terminated in 2013 after Brookfield disposed of all of its shares of the Company.

Standstill Agreement

In November 2010, the Company entered into an agreement with Pershing Square to, among other things:

limit Pershing Square's economic interest in Company common stock to 40% of the Company's outstanding common stock and set forth required approvals for Pershing Square to increase its economic interest above the agreed upon limit;

require Pershing Square, with respect to any matter the Board has recommended our stockholders not approve, to vote any of its shares in excess of 30% of the Company's common stock against such matter or in proportion to other stockholders;

set forth required Board and stockholder approvals for certain change in control transactions and related party transactions involving Pershing Square; and

restrict certain transfers of Company common stock by Pershing Square.

Additionally, the terms of the agreement ensure that Pershing Square does not take any action inconsistent with its support for the following corporate governance principles:

the Board will have nine members, unless otherwise approved by 75% of the Board members;

a majority of the directors on the Board will be independent; and

a majority of the members of the nominating and corporate governance committee will be disinterested directors (as defined in the agreement).

Further, in connection with the election of directors, Pershing Square may vote all of its shares in its sole discretion with respect to its designees and, with respect to other director nominees, may vote

10% of the Company's outstanding common stock in its sole discretion, but must vote the remainder of its shares in proportion to the votes cast by the Company's other stockholders.

Transactions After the Spin-Off

Warrant Agreements

In November 2010, the Company sold warrants to acquire shares of Company common stock to Mr. Weinreb and Mr. Herlitz in connection with their joining the Company as executive officers. Mr. Weinreb purchased a warrant to acquire 2,367,985 shares for \$15.0 million. Mr. Herlitz purchased a warrant to acquire 315,731 shares for \$2.0 million. The warrants have an exercise price of \$42.23 per share and expire in November 2017.

In February 2011, the Company entered into a warrant purchase agreement with Mr. Richardson, in connection with his joining the Company as Chief Financial Officer. Pursuant to the purchase agreement, Mr. Richardson purchased a warrant to acquire 178,971 shares of Company common stock for \$2.0 million. Mr. Richardson purchased the warrant in March 2011. The warrant has an exercise price of \$54.50 per share and expires in February 2018.

The warrant purchase prices were paid in cash and determined by the Board, with the assistance of an outside advisor, to equal the fair value of the warrants on the issue date. The warrants became fully vested at the time of purchase, but do not become exercisable until the sixth anniversary of the date of purchase, subject to limited exceptions. Under the warrant agreements, the Company agreed to file a shelf registration statement registering the shares of Company common stock underlying the warrants.

Condominium Unit Purchase and Sale Agreement

On December 7, 2013, Mr. Weinreb, the Company's Chief Executive Officer and a director, entered into purchase agreements to acquire two condominium units at the Company's to-be-built Waiea Tower located at Ward Village. The purchase prices for the units were \$3,439,200 and \$3,963,300 and were at arm's-length on the same terms for similar units offered at the time. The audit committee reviewed the transaction and determined that there was no conflict of interest.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

The Company's bylaws provide that the number of directors will be determined by the Board from time to time. Currently, the Board consists of ten directors. Each of the Company's directors stands for election each year at the Annual Meeting.

Each director nominee identified below is an incumbent director whose nomination to serve on the Board was recommended by the nominating and corporate governance committee and approved by the Board. The director nominees, if elected, will serve until the 2015 annual meeting of stockholders or until their earlier resignation or removal. Each of the director nominees has indicated a willingness to serve as a director if elected.

In connection with the Company's spin-off from GGP in November 2010, the Company agreed to nominate and use its reasonable best efforts to elect to the Board the director nominees of Pershing Square. Based on Pershing Square's current ownership, it has the right to designate three director nominees. The director nominees designated by Pershing Square are William Ackman, Gary Krow and Allen Model.

As reflected in the section above captioned "Matters Related to Corporate Governance, Board Structure, Director Compensation and Stock Ownership," the primary qualities and characteristics nominees to the Board should possess are management and leadership experience; knowledge relevant to the business of the Company and diversity of background and experience; and personal and professional ethics, integrity and professionalism. All ten of the nominees possess these attributes. The specific experiences, qualifications, attributes and skills of each individual which lead to his or her nomination are included in the individual discussions below.

The directors will be elected by the affirmative vote of a majority of votes cast "for" or "against" the election of that nominee.

William A. Ackman, age 47, has served as Chairman of the Board since November 2010. Mr. Ackman is the founder and Chief Executive Officer of Pershing Square Capital Management, L.P., a registered investment adviser founded in 2003. Pershing Square is a concentrated research-intensive, fundamental value investor in publicly traded companies. Mr. Ackman also has served as a director of Canadian Pacific Railway Ltd. since May 2012. Mr. Ackman served as a director of J.C. Penney Company, Inc. from February 2011 through August 2013 and as a director of Justice Holdings Limited from April 2011 to June 2012. From June 2009 to March 2010, Mr. Ackman served as a director of General Growth Properties, Inc. Mr. Ackman's management experience, his prior service on boards of directors of public companies and his investments in real estate-related public and private companies give him valuable insight that can be applied to the Company and benefit of the Board. Mr. Ackman is a director nominee designated by Pershing Square pursuant to the terms of the stockholder agreement between the Company and Pershing Square.

Adam Flatto, age 50, has served as a director since November 2010. Mr. Flatto is the president of The Georgetown Company, a privately-held real estate investment and development company based in New York City. Mr. Flatto has been with The Georgetown Company since 1990 and during that time has been involved with the development, acquisition and ownership of over 20 million square feet of commercial and residential real estate projects throughout the United States. These projects have included a wide array of projects ranging from large-scale office buildings, movie studios, retail shopping malls and arenas to hotels, apartment buildings, mixed-use master planned communities and others. **PROPOSAL NO. 2
ADVISORY VOTE ON EXECUTIVE COMPENSATION**

In 2011, 63% of stockholders voted in a non-binding proposal that the Company should submit advisory votes on executive compensation every third year. The Board evaluated the voting on this matter and determined that the Company should submit advisory votes on executive compensation to its stockholders every year because it wants to be responsive to the large minority of stockholders who did not vote for triennial say-on-pay votes. Stockholders will be asked again in 2017 to vote on the frequency of advisory votes on executive compensation.

The Company believes that its compensation policies and procedures are centered on a pay-for-performance culture and are strongly aligned with the long-term interests of its stockholders. This advisory, non-binding, stockholder vote, as required under Section 14A of the Securities Exchange Act of 1934 and commonly known as "say-on-pay," gives you, as a stockholder, the opportunity to vote for or against the Company's executive compensation program.

The vote on this proposal is not intended to address any specific element of compensation. The vote relates to the compensation of the Company's named executive officers, as described under the heading "Compensation Discussion and Analysis" in this proxy statement disclosed pursuant to the compensation disclosure rules of the SEC.

The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required to approve this proposal endorsing the Company's executive compensation program.

The Board recommends a vote FOR the approval of our executive compensation.

PROPOSAL NO. 3
RATIFICATION OF THE APPOINTMENT OF ERNST AND YOUNG LLP
AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING
FIRM FOR FISCAL 2014

The audit committee has selected Ernst & Young LLP ("EY") as the Company's independent registered public accounting firm for fiscal 2014. SEC regulations and the NYSE corporate governance standards require that the Company's independent registered public accounting firm to be engaged, retained and supervised by the audit committee. Although approval or ratification by stockholders of such engagement is not required, the Company is seeking the stockholders' ratification of the audit committee's selection of EY because we believe that allowing stockholders to express their view on the matter is good corporate governance. Any failure of the stockholders to ratify the audit committee's selection of EY as the Company's independent registered public accounting firm would, however, be considered by the audit committee in determining whether to engage EY.

During the fourth quarter of 2012, the audit committee conducted a competitive process to determine the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013. The audit committee invited four national accounting firms to participate in this process, including Deloitte & Touche LLP ("Deloitte"), the Company's then independent registered public accounting firm. As a result of this process and following careful deliberation, effective March 13, 2013, the audit committee approved the dismissal of Deloitte and engagement of EY as our independent registered public accounting firm.

During the fiscal year ended 2012, and the subsequent interim period through the date of dismissal, we had (a) no disagreements with Deloitte on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to Deloitte's satisfaction, would have caused it to make reference to the subject matter of any such disagreement in connection with its reports on the Company's consolidated and combined financial statements for such years or interim period, and (b) no reportable events. In addition, Deloitte's reports on our consolidated and combined financial statements for the fiscal year ended 2012, do not contain any adverse opinion or disclaimer of opinion, nor are any of these reports qualified or modified as to uncertainty, audit scope or accounting principles.

The affirmative vote of a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on this proposal is required to ratify the appointment of EY as the Company's independent registered public accounting firm for fiscal 2014. Abstentions will be counted as represented and entitled to vote on this proposal and will have the effect of a vote against the proposal.

The Board recommends a vote FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2014.

AUDIT COMMITTEE REPORT

Management is responsible for the Company's system of internal control over financial reporting and for preparing its financial statements. Ernst & Young LLP ("EY") was responsible for performing an independent audit of the Company's consolidated financial statements for the year ended December 31, 2013 in accordance with the standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon. The audit committee is responsible for overseeing management's conduct of the financial reporting process and system of internal control. The audit committee operates under a written charter adopted by the Board and reviewed annually by the audit committee.

The audit committee reviewed and discussed with both management and EY the audited financial statements of the Company for the year ended December 31, 2013 prior to their issuance. During 2013, management advised the audit committee that each set of financial statements reviewed had been prepared in accordance with accounting principles generally accepted in the United States of America, and reviewed significant accounting and disclosure issues with the audit committee. These reviews included discussion with EY of matters required to be discussed by the Statement on Auditing Standards No. 16, as amended, as adopted by the Public Company Accounting Oversight Board ("PCAOB") and SEC Regulation S-X Rule 2-07, *Communication with Audit Committees*, as currently in effect, including the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The audit committee also discussed with its independent registered public accounting firm matters relating to its independence and received the written disclosures and letter from EY required by applicable requirements of PCAOB regarding the independent accountant's communications with the audit committee concerning independence.

Taking all of these reviews and discussions into account, all of the audit committee members, whose names are listed below, recommended to the Board that it approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2013 for filing with the SEC.

Compensation Policies, Principles, Objectives and Practices

The Company's success, depends, in large part, on our ability to successfully attract, motivate and retain a qualified management team. The executive compensation program designed by the compensation committee is intended to attract, retain and motivate the key people necessary to enable the Company to maximize operational efficiency and profitability over the long term. The compensation committee believes that executive compensation should seek to align the interests of the Company's executives and other key employees with those of the Company and its stockholders. The Company's executive compensation program is also being designed to differentiate compensation based upon individual contribution, performance and experience.

In establishing compensation, the compensation committee intends to provide employees, including its executive officers, with a competitive total compensation package. The compensation committee intends to set compensation in this manner to ensure that the Company's compensation practices do not put the Company at a disadvantage in attracting and retaining executives and other employees, while also

Edgar Filing: Howard Hughes Corp - Form DEF 14A

ensuring a competitive cost structure for the Company.

In 2013, 98% of the votes cast in our advisory vote on executive compensation voted in support of our executive compensation program. The compensation committee considered the results of this

Table of Contents

advisory vote and believes that the results affirm stockholder approval of our executive compensation program.

Role of Compensation Committee in Establishing Compensation

The compensation committee administers our executive compensation programs. The role of the compensation committee is to review and approve the compensation to be paid to executive officers, including the Named Executives, and to review the compensation policies and practices for all of our employees to verify that they do not create unreasonable risks for the Company.

In setting compensation for executive officers, the compensation committee considers, among other things, recommendations by management and management's compensation consultant and the compensation of similarly situated executives in comparable business. In addition, the compensation committee with the assistance of management annually reviews total compensation paid to the executive officers, including long-term incentive awards.

In 2013, the compensation committee reviewed the internal evaluations of the executive officers and the market data provided by management and CEL & Associates ("CEL") as discussed further below. The compensation committee believes that the 2013 compensation for the Named Executives reflects appropriate allocation of compensation between salary, bonuses and equity compensation.

In 2014, the compensation committee engaged Meridian Compensation Partners ("Meridian"). The scope of Meridian's work includes the following items in connection with 2014 compensation:

providing the compensation committee with relevant market data;

updating the compensation committee on related trends and developments;

advising the compensation committee on program design; and

providing input on compensation decisions for executive officers.

In addition, in part by evaluating information provided to it by Meridian, the compensation committee determined payouts of annual incentive compensation to the Named Executives for 2013 performance above the contractual amounts provided for in the Named Executives' employment agreements. Meridian provided no other services directly to the Company and no conflicts of interest exist between the Company and Meridian. For more information regarding annual incentive compensation, see "Compensation Discussion and Analysis Annual Incentive Compensation."

Role of Executive Officers in Establishing Compensation

Our Chief Executive Officer and President make compensation recommendation to the compensation committee (except with respect to their own compensation). Management provides financial and compensation data to the compensation committee for its review in setting compensation and gives guidance as to how the data impacts performance goals set by the compensation committee. This data includes:

our financial performance for the current year compared to the preceding year;

performance evaluations of the Named Executives (other than Chief Executive Officer, who is evaluated by the compensation committee); and

compensation provided to the Named Executives in previous years.

Edgar Filing: Howard Hughes Corp - Form DEF 14A

In addition, management may recommend discretionary bonuses for the Named Executives (other than Chief Executive Officer) to the compensation committee when deemed appropriate and provide the compensation committee with management's rationale for the recommended bonus amounts. Given the day-to-day familiarity that management has with the work performed by the Named Executives, the

Table of Contents

compensation committee values management's recommendation; however, the compensation committee makes all final decisions as to the compensation of the Named Executives.

Role of the Compensation Consultant in Establishing Compensation

In 2013, management engaged CEL as a compensation consultant. The scope of CEL's work included:

- providing management with relevant market data;
- updating management on related trends and developments;
- advising management on program design;
- providing input on compensation decisions for executive officers.

CEL was retained by management and provided no other services directly to the Company. No conflicts of interest exist between the Company and CEL.

Market Review

In 2013, we compared our executive compensation program with competitive market information regarding salary and incentive awards and programs. The purpose of this analysis is to provide a frame of reference in evaluating the reasonableness and competitiveness of our executive compensation within the real estate development and operating industry and to ensure that our compensation is generally comparable to companies of similar size and scope of operations.

Market pay levels are obtained from various sources, including published compensation surveys and information taken from SEC filings of a number of similarly situated companies as compiled by CEL. The following companies comprised the comparator group reviewed by the compensation committee:

Table of Contents**Employment Agreements**

In November 2010, the Company entered into employment agreements with Mr. Weinreb, in connection with his appointment as Chief Executive Officer of the Company, and Mr. Herlitz, in connection with his appointment as President of the Company. The Company also entered into employment agreements with Mr. Richardson, in connection with his appointment as Chief Financial Officer of the Company in March 2011, and Mr. Riley, in connection with this appointment as Senior Vice President, Secretary and General Counsel of the Company, in February and April 2011, respectively. These agreements provide for a minimum annual base salary, annual incentive compensation opportunities under plans approved by the compensation committee, as well as severance and other limited benefits. The compensation committee approved the terms of these employment agreements based upon (a) its assessment of the terms necessary to attract highly qualified executives to a new company, and (b) arm's length negotiations with each of these executives. For a description of the material terms of these employment agreements, see "Executive Compensation Employment Agreements."

Executive Compensation Program and Policies

The components of the Company's executive compensation program provide for a combination of fixed and variable compensation. As described in more detail below, these components currently are:

base salary;

annual incentive compensation;

long-term incentive compensation;

broad-based employee benefits; and

severance benefits.

Base Salary. The minimum annual base salary for each of the Company's executive officers is set forth in his employment agreement with the exception of Mr. Curry who does not have an employment agreement. Future increases in base salary are expected to be determined on the basis of management responsibilities, level of experience and tenure with the Company, as well as internal and market comparisons. In setting base salaries for executive officers, the compensation committee will seek to provide a reasonable level of fixed compensation that is competitive with base salaries for comparable positions at similar companies. The base salaries of our named executives at December 31, 2013 were as follows:

Name	Title	2013 Base Salary (\$)
David R. Weinreb	Chief Executive Officer	1,000,000
Grant Herlitz	President	750,000
Andrew Richardson	Chief Financial Officer	500,000
Peter Riley	Senior Vice President, Secretary and General Counsel	500,000
Christopher Curry	Senior Executive Vice President	500,000

Annual Incentive Compensation. The compensation committee believes that annual incentive compensation is a key element of the total compensation for our Named Executives. The compensation committee also believes that placing a significant portion of executive compensation at risk each year, subject to the results of established performance measures and objectives, appropriately motivates an executive officer to achieve the Company's financial and operational objectives, thereby enhancing stockholder value.

Table of Contents

The employment agreements for our Named Executives provide that each officer is eligible to receive annual incentive compensation based upon achievement of performance measures and objectives to be established by the compensation committee. In 2013, the compensation committee approved increases to the target percentage and maximum percentage of the annual incentive compensation for which Mr. Weinreb is eligible, as set forth below. These changes are reflected in Amendment No. 2 to Mr. Weinreb's Employment Agreement. Otherwise, in 2013, the compensation committee did not make any changes to the threshold, target and maximum percentages related to the annual incentive compensation. Mr. Curry does not have an employment agreement and is not eligible for the annual incentive compensation described below. The annual incentive compensation opportunity for achievement of:

a threshold level of performance is equal to:

50% of the annual base salary of each of Messrs. Weinreb and Herlitz,

60% of the annual base salary for Mr. Richardson, and

40% of the annual base salary for Mr. Riley;

a target level of performance is equal to:

150% of the annual base salary for Mr. Weinreb;

100% of the annual base salary of each of Messrs. Herlitz and Richardson; and

60% of the annual base salary for Mr. Riley;

a maximum level of performance is equal to:

200% of the annual base salary for Mr. Weinreb;

150% of the annual base salary for Mr. Herlitz;

140% of the annual base salary for Mr. Richardson, and

80% of the annual base salary for Mr. Riley.

Annual incentive compensation payments are contingent upon the achievement of pre-established performance goals relating to an objective minimum performance measure applicable to all eligible Named Executives and the results of a subjective evaluation of the individual performance of each eligible Named Executive. The compensation committee establishes annually a cash bonus pool for the Named Executives eligible for annual incentive compensation. The compensation committee's pre-approved payment formula generally determines the size of the bonus for each Named Executive participant as a percentage of the cash bonus pool, subject to the discretion of the compensation committee. In the event that the Company does not achieve the pre-established objective minimum performance measure, then no annual incentive compensation will be paid to the eligible Named Executives. The individual performance goals for each eligible Named Executive are established by the compensation committee, upon consultation with Mr. Weinreb, and communicated to each eligible Name Executive in the first quarter of each fiscal year.

The compensation committee established an objective minimum performance measure for the 2013 annual incentive compensation plan of at least \$250,000,000 of consolidated gross revenues, which was the same measure established by the compensation committee for the 2012 fiscal year. The Company's consolidated gross revenues exceeded \$250,000,000 in fiscal 2013 and the bonus pool for the incentive

compensation plan was funded. The compensation committee selected consolidated gross revenues as the objective minimum performance measure because it believes that such metric accurately indicates the growth and performance of the Company in this stage of its development. The compensation committee awarded bonuses for each Named Executive participant from the bonus pool in excess of

Table of Contents

the contractual maximum amount based on the Company's achievement of the milestones described in the section entitled "Business Highlights" above and its overall evaluation of the individual performance of each eligible Name Executive based upon other qualitative factors considered by the compensation committee. For Messrs. Weinreb and Herlitz, such factors included the commencement of pre-sales for two market-rate condominium towers at Ward Village, the commencement of construction of The Shops at Summerlin, completion of the approval process for the first phase of redevelopment at the South Street Seaport, commencement of construction of the Outlet Collection at Riverwalk and increasing the net operating income of certain of the Company's assets, including The Woodlands. For Mr. Richardson, the factors included the advancement of development plans, increasing or redirecting cash flows to advance the long-term value of the Company and complying with SEC reporting and internal control requirements. For Mr. Riley, the factors included the advancement of development plans, management of the Company's litigation matters, compliance with SEC and internal control requirements and the implementation of best corporate practices.

Due to extraordinary achievements and value creation, including, among other things, a 2013 total shareholder return of 64%, the compensation committee determined to make payouts under The Howard Hughes Corporation Amended and Restated 2010 Incentive Plan (the "Incentive Plan") above the maximum level for annual incentive compensation under the Named Executives' employment agreements in the following amounts: \$1,000,000 for Mr. Weinreb, \$875,000 for Mr. Herlitz; \$100,000 for Mr. Richardson and \$50,000 for Mr. Riley. These payouts are exceptional and the compensation committee generally expects to award annual incentive compensation in accordance with the Named Executives employment agreement. The following table sets forth the annual incentive cash bonus approved for the participants of the plan:

Name	Annual Incentive Compensation Award(\$)	2013 Base Salary (%)
David R. Weinreb	3,000,000	300
Grant Herlitz	2,000,000	267
Andrew Richardson	800,000	160
Peter Riley	450,000	90
Christopher Curry(1)	250,000	50

(1) Mr. Curry's award was not made under the terms of an employment agreement or any other compensatory arrangement. The amount of Mr. Curry's bonus was determined by the compensation committee, in accordance with the Company's general compensation policies.

Executive Compensation Recoupment Policy. The Board has adopted a policy regarding recovery of incentive awards for fiscal years for which financial results are later restated. In the event of a material restatement of the Company's financial results due to misconduct, the compensation committee shall review the facts and circumstances and take the actions it considers appropriate with respect to any executive officer whose fraud or willful misconduct contributed to the need for such restatement. Such actions may include, without limitation, (a) seeking reimbursement of any bonus paid to such officer exceeding the amount that, in the judgment of the compensation committee, would have been paid had the financial results been properly reported, and (b) seeking to recover profits received by such officer during the 12 months after the restated period under any equity compensation awards. All determinations made by the compensation committee with respect to this policy shall be final and binding on all interested parties.

Long-Term Incentive Compensation. The Incentive Plan is designed to attract, retain and motivate officers, employees, non-management directors and consultants of the Company and its subsidiaries, as

Table of Contents

well as promote the success of the Company's business by providing participants with appropriate incentives.

The Incentive Plan is administered by the compensation committee. The maximum number of shares of Company common stock that may be issued pursuant to awards under the Incentive Plan is 3,698,050 shares. The maximum number of shares that may be awarded to any participant in a fiscal year is 200,000 shares.

The Incentive Plan permits the following types of awards:

stock options;

restricted stock;

stock appreciation rights;

awards that vest, in whole or part, by reference to the fair market value of Company common stock, including restricted stock units and other phantom shares; and

awards intended to constitute "qualified performance-based compensation."

The compensation committee determines the exercise price of stock options at the time of grant, but the exercise price may not be less than 100% of the fair market value of a share on the date of grant.

The Company believes that restricted stock provides a long-term incentive opportunity that is both competitive in the real estate industry and serves as a retention tool. The table below provides a breakdown of the restricted stock award to the Named Executives, other than Mr. Weinreb. Mr. Weinreb did not receive any long-term incentive award in fiscal.

Name Executive Officer (other than CEO)	Performance-Based Shares (#)	Time-Based Shares (#)	Total Fiscal 2013 Shares Granted (#)
Grant Herlitz	9,098	9,097	18,195
Andrew Richardson	4,852	4,852	9,704
Peter Riley	1,820	1,819	3,639
Christopher Curry	3,000	3,000	6,000

The performance-based shares granted in 2013 cliff vest as shown in the table below on the fifth anniversary of the date of grant; provided, that the Named Executive is employed by the Company continuously for a period of at least forty-eight months from the date of grant and not terminated for cause. Vesting is based on the total shareholder return ("TSR") of the Company. TSR is calculated using the following formula: $TSR = (Price_{end} - Price_{begin} + Dividends / Price_{begin})$. \$73.02, the closing price per share of the Company as of December 31, 2012, shall be used as the $Price_{begin}$ for the purpose of calculating TSR. A TSR target is deemed satisfied if the highest 30 trading day volume weighted average share price (which shall be based on the daily closing price of the Company's common stock as reported in the consolidated transition reporting system) represents a TSR that meets or exceeds such target during the period from January 1, 2017 through December 31, 2017. If a Named Executive is terminated by the Company for any reason, except for cause, after 48 months of employment from

Edgar Filing: Howard Hughes Corp - Form DEF 14A

December 31, 2012 prior to the passing of 30 trading days in 2017, the Company shall use the volume weighted average share price for the first 30 trading days of 2017 when calculating TSR.

61.00% to 75.99%	25%
76.00% to 91.99%	50%
92.00% to 118.99%	75%
119.00%+	100%

The time-based shares granted in 2013 cliff vest in on the fifth anniversary of the date of grant; provided, that the Named Executive is employed by the Company continuously for a period of at least forty-eight months from the date of grant and not terminated for cause.

In March 2011, the Company granted Mr. Richardson an award of 20,000 restricted shares of Company common stock in accordance with the terms of his employment agreement. In May 2011, the Company granted Mr. Riley an award of 10,000 restricted shares of Company common stock in accordance with the terms of his employment agreement. Mr. Richardson's shares cliff-vest in March 2016 and Mr. Riley's shares cliff-vest in May 2016. In February 2011, Mr. Curry was granted an option to purchase 100,000 shares of Company common stock at an exercise price of \$57.77. The option granted to Mr. Curry was part of a larger grant of options to new hires and employees that assisted the Company with the spin-off from GGP.

The Company's employment agreements with its Named Executives do not provide for long-term incentive compensation opportunities (with the exception of the grants of restricted shares of Company common stock granted to Messrs. Richardson and Riley). In connection with their hiring by the Company, Messrs. Weinreb, Herlitz and Richardson purchased for cash from the Company a warrant exercisable for shares of Company common stock. The compensation committee has also approved the use of options as part of the Company's compensation program for its other officers and employees. For additional information about the warrants purchased by the Company's executive officers, see "Related Party Transactions and Certain Relationships Transactions After the Spin-Off Warrant Agreements."

Employee Benefits. The Company provides health, life, and other insurance benefits to its Named Executives on the same basis as its other full-time employees. The Company does not provide its executives and other employees with defined pension or contribution benefits, supplemental retirement benefits, post-retirement benefits or deferred compensation programs.

Severance Benefits. The employment agreements with each of the Named Executives (other than Mr. Curry) provide for a cash severance payment in the event that, in connection with a change in control of the Company, the Named Executive's employment is terminated by the Company without cause or by the executive under certain circumstances. The cash severance payment is equal to three times (two times for each of Messrs. Richardson and Riley) the sum of the executive's base salary and annual incentive compensation for target level performance for the year in which the termination occurs. The employment agreements also provide that the terminated Named Executive will not engage in activities that are competitive with the Company's business for 12 months following his date of termination. In addition, Mr. Riley's employment agreement provides that if his employment is terminated other than for cause prior to the third anniversary of his employment with the Company, the Company shall pay him a lump sum cash amount equal to his annual base salary, accrued vacation pay, unreimbursed expenses, any earned, but unpaid outstanding compensatory arrangement and the pro rata portion of the annual incentive compensation (based on the good faith determination by the compensation committee of the achievement of the applicable performance goals). Mr. Curry is not entitled to any severance payment on the event of a change in control of the Company.

Table of Contents

The compensation committee believes that these benefits are necessary and appropriate to attract and retain qualified executive officers insofar as these benefits are generally made available by other companies. Additionally, the change in control benefits are intended to ensure that the Company's Named Executives are able, as a practical matter, to evaluate any potential change in control transaction objectively and to encourage executive officers to remain employed by the Company in the event a change in control becomes a real possibility. For additional information regarding the employment agreements with the Company's executive officers, see "Executive Compensation Employment Agreements" and "Potential Payments Upon Termination or Change in Control."

No Tax "Gross-Up" Payments. The Company does not provide, and no Named Executive is entitled to receive, any tax "gross-up" payments in connection with compensation, severance or other benefits provided by the Company.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code places a limit of \$1 million on the amount of compensation a public company may deduct for federal income tax purposes in any one year with respect to the principal executive officer and the next three most highly compensated officers (excluding the principal financial officer) who were serving as executive officers as of the last day of the applicable year. Qualified performance-based compensation that meets certain requirements is, however, excluded from this limitation.

The compensation committee intends to review on an annual basis the potential impact of this deduction limitation on executive compensation. The deductibility of certain compensation payments depends upon the timing of an executive's vesting or exercise of previously granted awards, as well as interpretations and changes in the tax laws and other factors beyond the control of the compensation committee. For these and other reasons, including the need to maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the compensation committee will not necessarily, or in all circumstances, limit executive compensation to that which is deductible under Section 162(m) and has not adopted a policy requiring that all compensation be deductible.

The compensation committee will also consider various alternatives to preserving the deductibility of compensation payments and benefits to the extent consistent with its other compensation objectives and otherwise reasonably practicable. Base salary does not qualify as performance-based compensation under Section 162(m).

- (1) Estimated payouts under the Named Executive's employment agreement. The compensation committee determined that the Named Executives achieved the maximum level of performance in fiscal 2013 and determined to pay annual incentive bonuses in excess of the maximum amounts under the Named Executives' employment agreements. The annual incentive bonuses paid under the Incentive Plan are reported in the Summary Compensation Table under the Non-Equity Incentive Plan Compensation heading. For more information, see "Compensation Discussion and Analysis Annual Incentive Compensation."
- (2) On December 11, 2013 the compensation committee approved increases to the target percentage and maximum percentage of the annual incentive compensation for which Mr. Weinreb is eligible. Mr. Weinreb was awarded \$3,000,000 in annual incentive compensation for achieving the maximum level of performance in 2013, an amount above the payout for maximum performance under his employment agreement. See "Compensation Discussion and Analysis Annual Incentive Compensation" and the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table.
- (3) Vesting of restricted stock (performance-based vesting) is based on TSR determined over a five-year period as set forth in the schedule below. As set forth their employment agreements, each of Messrs. Weinreb, Herlitz, Richardson and Riley are eligible to receive an annual incentive compensation award based upon achievement of performance measures and objectives to be established by the compensation committee. The amount of the annual incentive compensation for achievement at the threshold level of performance is equal to 50% of the annual base salary for Messrs. Weinreb and Herlitz, 60% of the annual base salary for Mr. Richardson and 40% of the annual base salary for Mr. Riley. The amount of the annual incentive compensation for achievement at the target level of performance is equal to 150% for Mr. Weinreb, 100% of the annual base salary for Messrs. Herlitz and Richardson and 60% of the annual base salary for Mr. Riley. The amount of the annual incentive compensation for achievement at the maximum level of performance is equal to 200% of the annual base salary for Mr. Weinreb, 150% of the annual base salary for Mr. Herlitz, 140% of the annual base salary for Mr. Richardson and 80% of the annual base salary for Mr. Riley. In addition to the incentive compensation levels established under the Named

Executives (other than Mr. Curry) employment agreements, the compensation committee establishes incentive compensation performance goals and maximum payouts under the Incentive Plan, which maximum payouts may be higher than the maximum payouts under the Named Executives' employment agreements. For additional information on annual incentive compensation, see "Compensation Discussion and Analysis Annual Incentive Compensation."

Mr. Curry is an at-will employee and his bonus was not awarded under the terms of an employment agreement or any other compensatory arrangement. The amount of Mr. Curry's bonus was determined by the compensation committee, in accordance with the Company's general compensation policies.

Employment Agreements

In November 2010, the Company entered into employment agreements in connection with hiring Mr. Weinreb as Chief Executive Officer of the Company and Mr. Herlitz as President of the Company. In February 2011, the Company entered into an employment agreement with Andrew Richardson in connection with hiring him as Chief Financial Officer of the Company. In April 2011, the Company entered into an employment agreement with Peter F. Riley in connection with hiring him as Senior Vice President, Secretary and General Counsel of the Company. Each of these employment agreements has a term of six years, unless terminated earlier. The agreements provide for an annual base salary of \$1,000,000 for Mr. Weinreb, \$750,000 for Mr. Herlitz, \$500,000 for Mr. Richardson and \$500,000 for Mr. Riley. Mr. Curry is an at-will employee and does not have an employment agreement with the Company.

Under these agreements, if the Company terminates the employment of the executive without cause or the executive terminates his employment for good reason, in either case, in connection with or within 12 months following a change in control of the Company, the terminated executive will be entitled to receive:

an amount equal to three times (two times for Messrs. Richardson and Riley) the sum of his base salary and annual incentive compensation for target level performance for the year in which the termination occurs (the "Severance Payment");

an amount equal to his annual incentive compensation for the year in which the termination occurs, prorated for the number of days elapsed since the beginning of the year, based upon achievement of the applicable performance measures and objectives through the date of termination;

any unpaid base salary and accrued vacation through the date of termination; and

any other earned, but unpaid outstanding compensatory arrangements.

Additionally, any outstanding equity awards held by the executive will immediately vest and become non-forfeitable.

If an executive's employment is terminated under any other circumstances, the terminated executive will be entitled to receive the payments described above, other than the Severance Payment, except for Mr. Riley, who will be entitled to his Severance Payment if his employment is terminated other than for cause prior to the third anniversary of his employment with the Company.

An executive is deemed to have been terminated without cause if the Board (excluding the executive if he is also a director) unanimously determines to terminate the executive for any reason other than:

conviction, plea of guilty or no contest to any felony;

gross negligence or willful misconduct in the performance of his duties;

Table of Contents

drug addiction or habitual intoxication;

willful commission of fraud, embezzlement, misappropriation of funds, breach of fiduciary duty, violation of law or a material act of dishonesty against the Company;

material and continued breach of the employment agreement, after written notice for substantial performance is delivered by the Company;

willful material breach of Company policy or code of conduct; or

willful and continued failure to substantially perform his duties, other than as a result of the executive's incapacity due to physical or mental illness.

An executive is deemed to have terminated his employment for good reason if his termination is based on the occurrence of any of the following events without the executive's consent:

a material diminution in his base compensation;

a material diminution in his authority, duties or responsibilities;

the executive no longer reports directly to the Chief Executive Officer or for Mr. Weinreb, the Board; or

any other action or inaction that constitutes a material breach by the Company of the executive's employment agreement.

Each of the executives has agreed during the term of employment and for 12 months after his date of termination not to engage in any business competitive with the Company or to solicit the Company's employees without the prior written consent of the Company.

Stock Awards

In March 2011, the Company granted Mr. Richardson a one-time award of 20,000 restricted shares of Company common stock in accordance with the terms of his employment agreement. In May 2011, the Company granted Mr. Riley a one-time award of 10,000 restricted shares of Company common stock in accordance with the terms of his employment agreement. Mr. Richardson's restricted shares vest in their entirety in March 2016 and Mr. Riley's restricted shares vest in their entirety in May 2016. For additional information, see "Compensation Discussion and Analysis Long Term Incentive Compensation."

Option Awards

In February 2011, the Company granted Mr. Curry an option to purchase 100,000 shares of common stock of the Company, which is generally not exercisable until January 1, 2017. The option granted to Mr. Curry was part of a larger grant of option awards to new hires and employees that assisted the Company with the spin-off.
