Dear Stockholder:

You are cordially invited to attend the Annual Meeting of Stockholders of OSI Systems, Inc., which will be held at 10:00 a.m., local time, on December 8, 2015, at the Company's offices at 2805 Columbia Street, Torrance, California. All holders of OSI Systems, Inc. common stock as of the close of business on October 13, 2015 are entitled to vote at the Annual Meeting.

Please refer to our Notice of Annual Meeting of Stockholders, Proxy Statement and Proxy Card. Each describes the actions expected to be taken at the Annual Meeting. The Proxy Statement describes the items in detail and also provides information about our Board of Directors and executive officers. Please also refer to our Annual Report on Form 10-K for the fiscal year ended June 30, 2015, which I encourage you to read. It includes our audited, consolidated financial statements and information about our operations, markets and products.

Your vote is very important. Whether or not you plan to attend the Annual Meeting, please vote as soon as possible. Your vote will ensure your representation at the Annual Meeting if you cannot attend in person.

You may vote by Internet, telephone or by sending in your Proxy Card. In addition, you may also choose to vote in person at the Annual Meeting.

Thank you for your ongoing support and continued interest in OSI Systems, Inc.

Sincerely,

Victor S. Sze
Secretary

PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of OSI Systems, Inc. (the "Company") for use at its Annual Meeting of Stockholders ("Annual Meeting"), to be held at 10:00 a.m., local time on December 8, 2015, at the Company's offices at 2805 Columbia Street, Torrance, California 90503, and at any adjournment thereof.

The Company is making its proxy materials, which include the Notice of Annual Meeting of Stockholders, Proxy Statement, Proxy Card and its most recent Annual Report on Form 10-K ("Proxy Materials"), available to its stockholders via the Internet, although registered stockholders and those stockholders who have previously requested to receive printed copies instead will receive their Proxy Materials in the mail. The Company anticipates that the Notice of Internet Availability of Proxy Materials will be mailed on or about October 26, 2015.

Stockholders of record as of the close of business on October 13, 2015 will receive a Notice of Internet Availability of Proxy Materials. The Notice of Internet Availability of Proxy Materials contains instructions about how to access the Proxy Materials and vote via the Internet without attending the Annual Meeting. If you receive a Notice of Internet Availability of Proxy Materials but would instead prefer to receive a printed copy of the Proxy Materials rather than downloading them from the Internet, you may do so by following the instructions for requesting such materials included in the Notice of Internet Availability of Proxy Materials.

If you are a stockholder that receives a printed copy of the Proxy Materials by mail, you may view the Proxy Materials on the Internet at <http://www.proxyvote.com>. However, in order to direct your vote without attending the Annual Meeting you must complete and mail the Proxy Card or voting instruction card enclosed (postage pre-paid return envelope also enclosed) or, if indicated on the Proxy Card that you receive, by telephone or Internet voting. Please refer to the Proxy Card that you receive for instructions.

When a proxy is properly submitted, the shares it represents will be voted in accordance with any directions noted thereon. Any stockholder giving a proxy has the power to revoke it at any time before it is voted by written notice to the Secretary of the Company by issuance of a subsequent proxy as more fully described on the Proxy Card. In addition, a stockholder attending the Annual Meeting may revoke his or her proxy and vote in person if he or she desires to do so, but attendance at the Annual Meeting will not of itself revoke the proxy.

At the close of business on October 13, 2015, the record date for determining stockholders entitled to notice of and to vote at the Annual Meeting, the Company had issued and outstanding 19,722,098 shares of common stock, \$0.001 par value ("Common Stock"). A majority of the shares issued and outstanding on the record date, present in person at the Annual Meeting or represented at the Annual Meeting by proxy, will constitute a quorum for the transaction of business. Shares that are voted "FOR ALL," "FOR," "FOR ALL EXCEPT," "WITHHOLD ALL," "AGAINST" or "ABSTAIN" (as applicable) for a proposal are treated as being present at the Annual Meeting for purposes of establishing a quorum. Each share of Common Stock entitles the holder of record thereof to one vote on any matter coming before the Annual Meeting.

A Proxy Card, when properly submitted via the Internet, telephone or mail, also confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Annual

Table of Contents

Meeting of Stockholders and with respect to other matters which may be properly brought before the Annual Meeting. At the time of printing this Proxy Statement, the Company's management was not aware of any other matters to be presented for action at the Annual Meeting. If, however, other matters which are not now known to management should properly come before the Annual Meeting, the proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the proxy holders.

Abstentions and broker non-votes represented by submitted proxies will be included in the calculation of the number of the shares present at the Annual Meeting for the purposes of determining a quorum. "Broker non-votes" means shares held of record by a broker that are not voted because the broker has not received voting instructions from the beneficial owner of the shares and either lacks or declines to exercise the authority to vote the shares in its discretion.

Proposal One. Directors are elected by a plurality of the votes cast, and the nominees who receive the most votes will be elected. Proposal One is considered a "non routine" matter and, accordingly, brokerage firms and nominees do not have the authority to vote their clients' unvoted shares on Proposal One or to vote their clients' shares if the clients have not furnished voting instructions within a specified period of time prior to the Annual Meeting. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on the outcome of the vote on Proposal One.

Proposal Two. To be approved, the ratification of Moss Adams LLP as the Company's independent registered accounting firm must receive the affirmative vote of the majority of the shares of Common Stock present in person or by proxy and cast at the Annual Meeting. Proposal Two is considered a "routine" matter and, accordingly, brokerage firms and nominees have the authority to vote their clients' unvoted shares on Proposal Two as well as to vote their clients' shares if the clients have not furnished voting instructions within a specified period of time prior to the Annual Meeting. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on the outcome of the vote on Proposal Two.

Proposal Three. To be approved, the proposal regarding the Company's executive compensation for the fiscal year ended June 30, 2015 must receive the affirmative vote of the majority of the shares of Common Stock present in person or by proxy and cast at the Annual Meeting. Proposal Three is considered a "non-routine" matter and, accordingly, brokerage firms and nominees do not have the authority to vote their clients' unvoted shares on Proposal Three or to vote their clients' shares if the clients have not furnished voting instructions within a specified period of time prior to the Annual Meeting. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on the outcome of the vote on Proposal Three. The vote on Proposal Three is advisory and therefore not binding on the Company, the Compensation Committee or the Board of Directors. Although non-binding, the Board of Directors values the opinions that the stockholders express in their votes, and the votes will provide information to the Compensation Committee regarding investor sentiment about the Company's executive compensation philosophy, policies and practices, which the Compensation Committee will be able to consider when determining executive compensation in the future.

All stockholders entitled to vote at the Annual Meeting will receive either the Notice of Internet Availability of Proxy Materials or a printed copy of the Proxy Materials. The Company will pay the expenses of soliciting proxies for the Annual Meeting, including the cost of preparing, assembling, posting on the Internet and mailing the Notice of Internet Availability of Proxy Materials and the Proxy Materials. Proxies may be solicited personally, by mail, by e-mail, over the Internet, or by telephone, by directors, officers and regular employees of the Company who will not be additionally compensated therefore.

The matters to be considered and acted upon at the Annual Meeting are more fully discussed below.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Stockholders to be held on December 8, 2015: The Proxy Notice, this Proxy Statement and Annual Report on Form 10-K for the fiscal year ended June 30, 2015 are available at <http://www.proxyvote.com>.

ELECTION OF DIRECTORS
(Proposal No. 1 of the Proxy Card)

Nominees

The Board of Directors consists of six members. At each annual meeting of stockholders, directors are elected for a term of one year to succeed those directors whose terms expire on the annual meeting date.

The six candidates nominated for election as directors at the Annual Meeting are Deepak Chopra, Ajay Mehra, Steven C. Good, Meyer Luskin, William F. Ballhaus and James B. Hawkins. Other than Mr. Hawkins, all of our director nominees are currently directors of the Company and were previously elected to serve on the Board of Directors by our stockholders.

The enclosed Proxy will be voted in favor of these individuals unless other instructions are given. If elected, the nominees will serve as directors until the Company's next annual meeting of stockholders, and until their successors are elected and qualified. If any nominee declines to serve or becomes unavailable for any reason, or if a vacancy occurs before the election (although the Company knows of no reason to anticipate that this will occur), the proxies may be voted for such substitute nominees as the Board of Directors may designate.

If a quorum is present and voting, the six nominees for directors receiving the highest number of votes will be elected as directors. Abstentions and shares held by brokers that are present, but not voted because the brokers were prohibited from exercising discretionary authority (broker non-votes) will be counted as present only for purposes of determining if a quorum is present.

The current directors and nominees for election as directors at this meeting are as follows:

He also formerly served as a Director of California Pizza Kitchen, Inc. from 2005 to 2008, Youbet.com from 2006 to 2008, and the Walking Company Holdings, Inc. from 1997 to 2009. Mr. Good has extensive risk management experience gained through the various executive and board positions that he has held. Mr. Good holds a Bachelor of Science degree in Business Administration from the University of California, Los Angeles and attended its Graduate School of Business. Mr. Good was selected to serve as a director because of his audit, finance and accounting expertise.

Meyer Luskin has served as a Director of the Company since February 1990. Since 1958, Mr. Luskin has served as a Director of Scope Industries, which is engaged principally in the business of recycling and processing food waste products into animal feed and has also served as its President, Chief Executive Officer and Chairman since 1961. He currently serves on the Board of Advisors of the Santa Monica UCLA Medical Center and Orthopaedic Hospital and was formerly the Chairman. Mr. Luskin is also a Director of the Orthopaedic Institute for Children (previously known as the Los Angeles Orthopaedic Hospital) and was formerly the Chairman. Mr. Luskin is also a Director on the Advisory Board of the UCLA Luskin School of Public Affairs, a Director of the UCLA Foundation, a Director of the Alliance for College-Ready Public Schools, and a Director of the Jazz Bakery. Mr. Luskin also served as a Director of Myricom, Inc., a computer and network infrastructure company. Mr. Luskin has extensive risk management experience gained through the various executive and board positions that he has held. Mr. Luskin holds a Bachelor of Arts degree from the University of California, Los Angeles and a Masters in Business Administration from Stanford University. Mr. Luskin was selected to serve as a director because of his long-standing experience managing complex business operations.

Table of Contents

David T. Feinberg has served as a Director of the Company since March 2010. Dr. Feinberg has served as the President and Chief Executive Officer of Geisinger Health System since May 2015. Prior to that, Dr. Feinberg served as President of the UCLA Health System since July 2011 and as Chief Executive Officer of the UCLA Hospital System and Associate Vice Chancellor since July 2007. Prior to assuming these positions, Dr. Feinberg was the medical director of the Resnick Neuropsychiatric Hospital (NPH) at UCLA. Dr. Feinberg is board certified in the specialties of child and adolescent psychiatry, adult psychiatry and addiction psychiatry and was a professor of clinical psychiatry in the David Geffen School of Medicine at UCLA. Dr. Feinberg previously served on the Board of Directors of Douglas Emmett, Inc., a publicly-held real estate investment trust listed on the New York Stock Exchange. Dr. Feinberg graduated cum laude in economics from the University of California, Berkeley in 1984 and graduated with distinction from the University of Health Sciences/The Chicago Medical School in 1989. He earned his Master of Business Administration from Pepperdine University in 2002.

William F. Ballhaus, Jr. has served as a Director of the Company since May 2010. From 2000 to 2007, Dr. Ballhaus, now retired, served as President and then also as Chief Executive Officer of Aerospace Corporation, an organization dedicated to the application of science and technology to the solution of critical issues in the nation's space program. Between 1990 and 2000, Dr. Ballhaus' career included positions within the aerospace industry, including Corporate Vice President, Engineering and Technology for Lockheed Martin Corporation and President, Aero and Naval Systems and President, Civil Space & Communications, both for Martin Marietta. Between 1971 and 1989, Dr. Ballhaus worked for the National Aeronautics and Space Administration (NASA), including as Director of its Ames Research Center. Dr. Ballhaus serves on the Board of Directors of Draper Laboratory and on the Board of Trustees of the University Space Research Association. Dr. Ballhaus has extensive risk management experience gained through the various executive and board positions that he has held. Dr. Ballhaus, who has published more than 40 papers on computational aerodynamics, obtained a Ph.D. in Engineering in 1971 and a BS and MS in Mechanical Engineering in 1967 and 1968, all from the University of California at Berkeley. Dr. Ballhaus was selected to serve as a director because of his experience in managing providers of technology and technical services to government agencies.

James B. Hawkins is the President, Chief Executive Officer and member of the Board of Directors of Natus Medical Incorporated, a leading manufacturer of medical devices and software and a service provider for the newborn care, neurology, sleep, hearing and balance markets. Mr. Hawkins has held this position since 2004. In addition, he currently serves as a director of IRADIMED Corporation and El Dorado Resorts Inc. Mr. Hawkins has notified the Company that he will not stand for re-election as director on one of the outside public company boards on which he serves as an independent director, thereafter serving on two public company boards in addition to the Natus board. Prior to joining Natus, Mr. Hawkins was President, Chief Executive Officer, and a Director of Invivo Corporation, a provider of MRI-safe patient monitoring. He earned his undergraduate degree in Business Commerce from Santa Clara University and holds a Masters of Business Administration degree from San Francisco State University. Mr. Hawkins has been nominated as a director because of his direct management experience in the medical device area.

Relationships Among Directors or Executive Officers

There are no arrangements or understandings known to the Company between any of the directors or nominees for director of the Company and any other person pursuant to which any such person was or is to be elected a director.

Ajay Mehra is the first cousin of Deepak Chopra. Other than this relationship, there are no family relationships among the directors or Named Executive Officers (as defined in "Compensation of Executive Officers and Directors – Summary Compensation Table") of the Company.

Table of Contents

Board Role in Risk Oversight

The Board of Directors is responsible for risk oversight of the Company. Risks facing the Company include competitive, economic, operational, financial, accounting, liquidity, tax, regulatory, foreign country, safety, employment, political, and other risks. Risks are reported to the Board of Directors through the Company's executive officers, who are responsible for the identification, assessment and management of the Company's risks. The Board of Directors regularly discusses the risks reported by the Company's executive officers and reviews with management strategies and actions to mitigate the risks and the status and effectiveness of such strategies and actions.

To optimize its risk oversight capabilities and efficiently oversee the Company's risks, the committees of the Board of Directors are delegated oversight responsibility for particular areas of risk. For example, the Audit Committee oversees management of risks related to accounting, auditing and financial reporting and maintaining effective internal control over financial reporting. The Nominating and Governance Committee oversees risks related to the effectiveness of the Board of Directors. The Compensation Committee oversees risks related to the Company's executive compensation policies and practices. The Executive Committee oversees risks related to the Company's strategic transactions. The Technology Committee oversees risks related to technology matters.

Board Leadership Structure

The Chairman of the Board of Directors is the Company's Chief Executive Officer. The Company believes that currently combining the positions of Chief Executive Officer and Chairman serves as an effective link between management's role of identifying, assessing and managing risks and the Board of Directors' role of risk oversight. Mr. Chopra possesses in-depth knowledge of the issues, opportunities and challenges the Company faces and is thus well positioned to develop agendas and highlight issues that ensure that the Board of Directors' time and attention are focused on the most critical matters. In addition, the Board of Directors has determined that this leadership structure is optimal because it believes that having one leader serving as both the Chairman and Chief Executive Officer provides decisive, consistent and effective leadership, as well as clear accountability. Having one person serve as Chairman and Chief Executive Officer also enhances the Company's ability to communicate its message and strategy clearly and consistently to its stockholders, employees, and other companies with which it does business. Although the Company believes that the combination of the Chairman and Chief Executive Officer roles is appropriate under current circumstances, it will continue to review this issue periodically to determine whether, based on the relevant facts and circumstances, separation of these offices would serve the Company's best interests and the best interests of its stockholders. The Company does not have a lead independent director.

Board of Directors Meetings, Independence and Committees of the Board of Directors

There were five meetings of the Board of Directors and the Board of Directors acted pursuant to unanimous written consent on one additional occasion during the fiscal year ended June 30, 2015. The Board of Directors has established an Audit Committee, Compensation Committee, Nominating and Governance Committee, Executive Committee and Technology Committee. The members of each committee are appointed by the majority vote of the Board of Directors. All persons serving as a director during the fiscal year ended June 30, 2015 attended more than 75% of the aggregate number of meetings held by the Board of Directors and all committees on which such director served.

The Board of Directors has determined that each of the nominees for director, except Mr. Chopra and Mr. Mehra, is independent within the meaning of the rules and regulations of the U.S. Securities and Exchange Commission ("SEC") and director independence standards of The NASDAQ Stock Market (the "Listing Standards"), as currently in effect. Furthermore, the Board of Directors has determined that each

Table of Contents

of the members of each of the committees of the Board of Directors is independent within the meaning of the rules and regulations of the SEC and the Listing Standards, as currently in effect.

Audit Committee

The Company has a separately designated, standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Audit Committee makes recommendations for selection of the Company's independent public accountants, reviews with the independent public accountants the plans and results of the audit engagement, approves professional services provided by the independent public accountants, reviews the independence of the independent public accountants, considers the range of audit and any non-audit fees, and reviews the financial statements of the Company and the adequacy of the Company's internal accounting controls and financial management practices. All members of the Audit Committee are independent, as independence for audit committee members is defined in Rule 10A-3(b)(1) under the Exchange Act and the Listing Standards applicable to the Company.

The Audit Committee currently consists of Messrs. Good and Luskin and Dr. Ballhaus. The Board of Directors has determined that, based upon his work experience, Mr. Good qualifies as an "Audit Committee Financial Expert" as this term has been defined under the rules and regulations of the SEC. Information regarding Mr. Good's work experience is set forth above under "Election of Directors." To date, no determination has been made as to whether the other members of the Audit Committee also qualify as Audit Committee Financial Experts.

There were four meetings of the Audit Committee and the Audit Committee acted pursuant to unanimous written consent on one additional occasion during the fiscal year ended June 30, 2015. See "Report of Audit Committee." The Audit Committee acts pursuant to a written charter adopted by the Board of Directors, a copy of which is available under the Investor Relations section of the Company's website <http://www.osi-systems.com>.

Compensation Committee

The Compensation Committee is responsible for determining compensation for the Company's executive officers, reviewing and approving executive compensation policies and practices, and providing advice and input to the Board of Directors in the administration of the Company's equity compensation plans. The Compensation Committee engages and consults with independent compensation consultants in the performance of its duties. The Compensation Committee currently consists of three independent directors Messrs. Luskin and Good and Dr. Ballhaus. There were six meetings of the Compensation Committee and the Compensation Committee acted pursuant to unanimous written consent on one additional occasion during the fiscal year ended June 30, 2015. See "Compensation Committee Report."

The Compensation Committee acts pursuant to a written charter adopted by the Board of Directors, a copy of which is available under the Investor Relations section of the Company's website <http://www.osi-systems.com>.

Nominating and Governance Committee

The Nominating and Governance Committee is responsible for evaluating nominations for new members of the Board of Directors. The Nominating and Governance Committee currently consists of three independent directors Dr. Ballhaus and Messrs. Good and Luskin. During fiscal year 2015, the Nominating and Governance Committee consisted of Messrs. Good and Luskin and Dr. Feinberg. There was one meeting of the Nominating and Governance Committee during the fiscal year ended June 30, 2015.

Table of Contents

The Nominating and Governance Committee will consider director candidates based upon their business and financial experience, personal characteristics, expertise that is complementary to the background and experience of other Board of Directors members, willingness to devote the required amount of time to carrying out the duties and responsibilities of membership on the Board of Directors, willingness to objectively appraise management performance, and any such other qualifications the Nominating and Governance Committee deems necessary to ascertain the candidate's ability to serve on the Board of Directors.

The Nominating and Governance Committee has sought to identify director nominees that have diverse professional and educational backgrounds that are believed to complement the skills offered by existing Board of Directors members.

The Nominating and Governance Committee acts pursuant to a written charter adopted by the Board of Directors, a copy of which is available under the Investor Relations section of the Company's website <http://www.osi-systems.com>.

Executive Committee

The Executive Committee convenes for the purpose of advising and consulting with the Company's management regarding potential acquisitions, mergers and strategic alliances. The Executive Committee consists of two independent directors Messrs. Good and Luskin. There were six meetings of the Executive Committee during the fiscal year ended June 30, 2015.

The Executive Committee acts pursuant to a written charter adopted by the Board of Directors, a copy of which is available under the Investor Relations section of the Company's website <http://www.osi-systems.com>.

Technology Committee

The Technology Committee is responsible for evaluating and making recommendations to the Board of Directors regarding all technology-based matters. The Technology Committee currently consists of three independent directors Dr. Ballhaus and Messrs. Good and Luskin. During fiscal year 2015, the Technology Committee consisted of Drs. Ballhaus and Feinberg. There were no meetings of the Technology Committee during the fiscal year ended June 30, 2015.

Director Nomination Process

The Nominating and Governance Committee will consider director candidates recommended by stockholders. Stockholders who wish to submit names of candidates for election to the Board of Directors must do so in writing. The recommendation should be sent to the following address: c/o Secretary, OSI Systems, Inc., 12525 Chadron Avenue, Hawthorne, CA 90250. The Company's Secretary will, in turn, forward the recommendation to the Nominating and Governance Committee. The recommendation should include the following information:

A statement that the writer is a stockholder and is proposing a candidate for consideration by the Nominating and Governance Committee;

The name and contact information for the candidate;

A statement of the candidate's occupation and background, including education and business experience;

Information regarding each of the factors listed above, sufficient to enable the Nominating and Governance Committee to evaluate the candidate;

Table of Contents

A statement detailing (i) any relationship or understanding between the candidate and the Company, or any customer, supplier, competitor, or affiliate of the Company, and (ii) any relationship or understanding between the candidate and the stockholder proposing the candidate for consideration, or any affiliate of such stockholder; and

A statement that the candidate is willing to be considered for nomination by the Nominating and Governance Committee and willing to serve as a director if nominated and elected.

Stockholders must also comply with all requirements of the Company's Bylaws, a copy of which is available from the Secretary upon written request, with respect to nomination of persons for election to the Board of Directors. The Company may also require any proposed nominee to furnish such other information as the Company or the Nominating and Governance Committee may reasonably require to determine the eligibility of the nominee to serve as a director. In performing its evaluation and review, the Nominating and Governance Committee generally does not differentiate between candidates proposed by stockholders and other proposed nominees, except that the Nominating and Governance Committee may consider, as one of the factors in its evaluation of stockholder recommended candidates, the size and duration of the interest of the recommending stockholder or stockholder group in the equity of the Company.

There are no stockholder nominations for election to the Company's Board of Directors to be voted on at this year's Annual Meeting. Stockholders wishing to submit nominations for next year's annual meeting of stockholders must notify the Company of their intent to do so on or before the date on which nominations must be received by the Company in accordance with its Bylaws and the rules and regulations of the SEC. For details see "Stockholder Proposals."

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is currently composed of three non-employee directors Messrs. Luskin and Good and Dr. Ballhaus. No executive officer of the Company has served during the fiscal year ended June 30, 2015 or subsequently as a member of the board of directors or compensation committee of any entity which has one or more executive officers who serve on the Company's Board of Directors or the Compensation Committee. During the fiscal year ended June 30, 2015, no member of the Company's Compensation Committee had any relationship or transaction with the Company required to be disclosed pursuant to Item 404 of Regulation S-K.

The Board of Directors recommends that you vote "FOR" the election of each of Deepak Chopra, Ajay Mehra, Steven C. Good, Meyer Luskin, William F. Ballhaus, Jr. and James B. Hawkins as directors of the Company. Holders of proxies solicited by this Proxy Statement will vote the proxies received by them as directed on the Proxy or, if no direction is made, for each of the above-named nominees. The election of directors requires a plurality of the votes cast at the Annual Meeting.

**RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Proposal No. 2 of the Proxy Card)**

The Audit Committee of the Board of Directors has selected Moss Adams LLP ("Moss Adams") as the Company's independent registered public accountants for the year ending June 30, 2016 and has further directed that management submit the selection of independent registered public accountants for ratification by the Company's stockholders at the Annual Meeting. Moss Adams has no financial interest in the Company, and neither it nor any member or employee of the firm has had any connection with the Company in the capacity of promoter, underwriter, voting trustee, director, officer or employee.

In the event that the Company's stockholders fail to ratify the selection of Moss Adams, the Audit Committee will reconsider whether or not to retain the firm. Even if the selection is ratified, the Audit Committee and the Board of Directors in their discretion may direct the appointment of a different independent accounting firm at any time during the year if they determine that such a change would be in the Company's and its stockholders' best interests.

Representatives of Moss Adams are expected to be present at the Annual Meeting, and they will have an opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions.

The Board of Directors recommends a vote "FOR" the ratification of Moss Adams as the Company's independent registered public accountants for the fiscal year ending June 30, 2016. Holders of proxies solicited by this Proxy Statement will vote the proxies received by them as directed on the Proxy or, if no direction is made, in favor of this proposal. In order to be adopted, this proposal must be approved by the affirmative vote of a majority of the votes cast at the Annual Meeting.

**ADVISORY VOTE ON THE COMPANY'S EXECUTIVE COMPENSATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2015
(Proposal No. 3 of the Proxy Card)**

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enables the Company's stockholders to vote to approve, on an advisory, non-binding basis, the Company's executive compensation for the fiscal year ended June 30, 2015 as disclosed in the Proxy Statement in accordance with the SEC's rules, including Section 14A of the Exchange Act. The Company currently conducts this advisory vote on an annual basis, and the next advisory vote is expected to be conducted at the Company's 2016 Annual Meeting of Stockholders.

Summary

The Board of Directors is committed to excellence in governance and is aware of the significant interest in executive compensation matters by investors and the general public. The Company is asking its stockholders to provide advisory approval of the Company's executive compensation as such compensation is described in the "Compensation Discussion and Analysis" section, the tabular disclosure regarding such compensation and the accompanying narrative disclosure set forth in the Proxy Statement. The Company recognizes and values the critical role that executive leadership plays in its performance. The Company's executive compensation philosophy is intended to ensure that executive compensation is aligned with the Company's long-term business strategy, objectives and stockholder interests. The Company's executive compensation is designed to attract, motivate and retain highly qualified executives. The Company believes that its compensation policies and procedures are centered on pay-for-performance principles and are strongly aligned with the long-term interests of the stockholders.

The Company urges the stockholders to review the "Compensation Discussion and Analysis" section of the Proxy Statement and executive-related compensation tables for more information.

Emphasis on Pay-For-Performance Principles

The Company believes that executive compensation should be tied to the performance of the Company on both a short-term and long-term basis. In fiscal year 2015, the Company experienced growth in revenues, operating income, net income, earnings per share and operating cash flow. The Company ended fiscal year 2015 with a strong backlog. The Company believes that its continued success is closely tied to the performance of its executive officers and has designed its compensation practices in order to reward the executives for their contributions to the overall success of the Company.

Alignment with Stockholders' Interests

The Company grants annual incentives based in part on each executive's contribution to enhancing long-term stockholder value. The Company also grants long-term incentives as a substantial component of the compensation program to reward long-term performance and further align the interests of management with those of the stockholders. The Company has generally used restricted stock, restricted stock units and stock options as its equity incentive vehicles because these awards enable the executives to establish a meaningful equity stake in the Company while allowing them to participate in future value creation through appreciation of the shares. These awards tie the executives' interests to those of long-term stockholders and serve to motivate the executives to lead the Company to achieve long-term financial goals that are expected to lead to increased stockholder value. In addition to linking compensation value to stockholder value, these awards generally have vesting conditions, which creates a strong retention incentive and helps ensure the continuity of the Company's operations. For fiscal year 2015, 100% of the long-term equity incentives granted to the Company's Named Executive Officers

Table of Contents

consisted of restricted stock units subject to performance vesting based on growth of adjusted EBITDA per share. For fiscal year 2016, long-term equity incentives will continue to be 100% performance vesting.

Long-Term Performance

In order to promote the Company's philosophy of pay-for-performance and furthering its objective of aligning the interests of management with those of the stockholders, the Company has established performance programs for certain of its executive officers. These programs focus on the achievement of the Company's long-term financial goals and factors that create long-term stockholder value. By establishing performance targets tied to key corporate financial metrics, the Company is incentivizing its officers to achieve the Company's long-term corporate objectives and ultimately increase stockholder value.

Recommendation

The Board of Directors believes that a vote in favor of the proposal is warranted for these reasons: (1) the Company delivered strong operating performance during fiscal 2015; (2) under the CEO's leadership, the Company's stock price has increased approximately 155% over the five-year period ended June 30, 2015; (3) the CEO's pay over the past five-years has been closely aligned with the Company's total stockholder return (TSR) performance; (4) 100% of Named Executive Officer equity awards for fiscal 2015 were performance-based and tied to measurable pre-established targets; (5) the annual incentives were awarded only after a robust consideration of both qualitative and quantitative factors; and (6) the Company is committed to having strong governance standards and continues to take steps to further this commitment.

1. Operating Performance: The Company delivered strong operating performance during fiscal 2015:

The Company's revenues increased 6% over the prior year, once again setting a new record for the Company.

The Company achieved non-GAAP diluted earnings per share (EPS) of \$3.53, which represented a 13% increase over the prior year; the Company's seventh consecutive year of record non-GAAP earnings.

The Company achieved record adjusted EBITDA representing growth of 11%.

The Company generated record free cash flow of approximately \$90 million.

The Company grew its addressable markets through new product introductions and targeting of markets that did not previously represent a significant source of revenues. In the past, this dynamic approach has served to sustain growth even through periods of adverse macroeconomic conditions.

The Company made targeted investments in new product development (R&D) and acquisitions. Such investments in the past have led to the Company's introduction of the Rapiscan RTT®

Table of Contents

computed tomography (CT) based hold baggage inspection system and a new generation of healthcare products.

2. Total Shareholder Return (TSR): The Company's 5-year, 7-year and 10-year TSR numbers have been exceptional.

Under the CEO's leadership, the Company's 5-year, 7-year and 10-year TSR numbers have been exceptional with the Company's stock price out-performing approximately 96% of its peer group over the last 10 years. This illustrates management's commitment to long-term shareholder value creation. The Company achieved this growth while continuing to make significant, targeted investments in new product lines and lines of business. The CEO's pay over the five-years ended June 30, 2015 has been closely aligned with the Company's TSR performance.

Table of Contents

3. Stock Price Appreciation and Linkage to Executive Compensation: Under the CEO's leadership, the Company's stock price has increased approximately 155% over the five-year period ended June 30, 2015. The CEO's pay over the past five fiscal years has been closely aligned with the Company's TSR performance.

The Company believes that its long-term TSR performance has been very strong and that the structure of its executive compensation program contributed to the Company's achievements by incentivizing the executives to grow the Company in a way that creates long-term value for the Company's stockholders. The Company's 3-year relative TSR number was not strong, but the Company believes this to be reflective of certain Company and industry-specific challenges that the Company faced during that period. Additionally, the Company has had continued operational success over the same period and has significantly outperformed its peers in the security detection industry, thus providing further support for the Company's belief that the 3-year TSR metric is not a meaningful indication of the Company's long-term performance. In fiscal year 2015, the Company had record revenues, record non-GAAP earnings per share and record free cash flow. Also noteworthy is that between June 30, 2015 and September 30, 2015, the Company's stock price increased nearly 9%. The chart below shows the close alignment of CEO pay as compared to the Company's TSR performance over the past five fiscal years.

4. Six-Year Performance Program: Equity awards granted to the Company's Named Executive Officers are 100% performance-based and tied to measurable pre-established adjusted EBITDA per share goals. Under the Six-Year Performance Program, the Company's Mexico security scanning program was specifically excluded so that executives would not receive two payments for the same performance.

The Company's Named Executive Officers were not granted any time-based vesting equity awards during fiscal 2015. The equity grants made to the executives during fiscal 2015 were 100% performance-

Table of Contents

based and tied to pre-established adjusted EBITDA per share targets which require significant annual growth. Forty percent (40%) of the maximum number of shares that can be earned under each Named Executive Officer's 2015 award has a three-year performance component which vests or is forfeited following the end of the three-year performance cycle, subject to the achievement of the adjusted EBITDA per share growth target for fiscal 2017. If 85% of this three-year adjusted EBITDA per share target is not attained, then these shares are forfeited. The remaining sixty percent (60%) of the maximum number of shares that can be earned under each executive's 2015 award may vest up to twenty percent (20%) per year over the three-year period if annual adjusted EBITDA per share growth targets are exceeded for fiscal years 2015, 2016 and 2017, respectively. These grants were made pursuant to our Six-Year Performance Program, which was established in 2012.

The adjusted EBITDA per share targets exclude the effect of the Company's security scanning program for the Mexico Servicio de Administración Tributaria for which the Compensation Committee has established a separate program, discussed in further detail below. The Compensation Committee specifically excluded the Mexico security scanning program from the long-term equity incentive program so that the executives would not benefit multiple times under two programs for the same accomplishments. The Company believes that the performance metrics underlying its long-term equity incentive program are rigorous and the Company has not disclosed current metrics because their disclosure would allow the Company's competitors to determine the EBITDA and pricing related to the Mexico turnkey operations, which would be competitively harmful to the Company. The adjusted EBITDA per share target for the three-year performance cycle ended in fiscal 2015 was \$5.07.

For fiscal 2015, the Company achieved 116% of the fiscal 2015 adjusted EBITDA per share target, and as a result the 66,000 shares granted to the CEO in fiscal 2013 were vested. In addition, the CEO earned 74,400 shares, consisting of 24,000 vested shares earned pursuant to the fiscal 2015 grant, 24,000 vested shares earned pursuant to the fiscal 2014 grant and 26,400 vested shares earned pursuant to the fiscal 2013 grant.

5. Mexico SAT Incentive Program: The Compensation Committee established a separate incentive program tied to the Company's Mexico turnkey operations in order to underscore its importance to the Company and to focus management's attention on developing the opportunity in Mexico.

The Compensation Committee established a separate incentive program in 2012 tied to the performance of the Company's security scanning program for the Mexico Servicio de Administración Tributaria (the "Mexico SAT Incentive Program") in order to underscore its importance to the Company and to focus management's attention on this important opportunity. Incentives under the Mexico SAT Incentive Program are conditioned on the achievement of operating income targets that the Company believes are rigorous which relate to the services for the Mexico Servicio de Administración Tributaria. These targets require that such operating income, as a percentage of revenue, significantly exceed the Company-wide operating margin before any incentives are awarded. The Company has not disclosed these operating income targets because such disclosure would be competitively harmful to the Company. These operating income targets will be stated, on a retrospective basis, following the completion of the security scanning program for the Mexico Servicio de Administración Tributaria.

Under the Mexico SAT Incentive Program, for fiscal 2015, based on operating income achieved, the CEO was awarded \$1,141,327 consisting of the short-term component of the program. The long-term components of the program are described more fully below in the Compensation Discussion and Analysis section under "Mexico SAT Incentive Program."

Table of Contents

6. Annual Incentives: Although the Company's annual incentive bonus program allows for the Compensation Committee to exercise discretion once financial thresholds are achieved, both qualitative and quantitative factors are robustly considered in determining bonus amounts.

The Compensation Committee considered both qualitative and quantitative factors when determining the annual bonus amounts for fiscal 2015. With respect to the annual incentive bonuses granted to the CEO and certain executive officers, once the Compensation Committee determined that the Company's financial thresholds were achieved, the Compensation Committee then considered quantitative factors including that in fiscal 2015: (1) the Company's revenues increased 6% over the prior year, again setting a new record for the Company; (2) the Company's non-GAAP diluted earnings per share (EPS) increased by 13% over the prior year; (3) the Company achieved record adjusted EBITDA representing growth of 11%; and (4) the Company generated record free cash flow of approximately \$90 million. The Compensation Committee also considered qualitative factors as described in further detail below.

7. Turnkey Solutions Incentive Program: The Compensation Committee established a separate incentive program tied to the annual performance of the Company's turnkey solutions business in order to underscore its importance and to focus Mr. Mehra's attention on developing these opportunities.

The Compensation Committee established a separate incentive program in 2015 tied to the annual performance of the Company's turnkey solutions business, of which Mr. Mehra is the President. The purpose of the program is to focus Mr. Mehra's attention on developing the Company's turnkey solutions business. The Company's Mexico security scanning program and certain other existing operations were specifically excluded from this program so that Mr. Mehra would not receive multiple payments for the same performance. Incentives under this program are conditioned on the achievement of operating income targets that the Company believes are rigorous which relate to the Company's turnkey solutions business. The Company has not disclosed these operating income targets because such disclosure would be competitively harmful to the Company. These operating income targets will be stated, on a retrospective basis, following the completion of each applicable performance period. Awards under this program may be granted in shares of Company stock or, at the discretion of the Company, in cash.

8. Corporate Governance and Best Practices: The Company is committed to having strong governance standards with respect to its compensation programs, procedures and practices.

The Company has done the following:

Prohibited all hedging and pledging of Company stock by executive officers and directors. As of the date of the Proxy Statement, no shares of Company stock are pledged by any Named Executive Officer or director.

Adopted a robust clawback policy that provides that if an accounting restatement is required due to material non-compliance with any accounting requirements, then the Company will seek to recover any excess in the incentive compensation earned by all of the executive officers, regardless of whether they were at fault or not in the circumstances leading to the restatement, over the prior three years over what they would have earned if there had not been a material restatement of the financial statements.

Established rigorous Company stock ownership guidelines requiring each executive officer to own Company stock valued at least at five times his annual base salary. These guidelines align the executives' long-term interests with those of the Company's stockholders. In addition, prior to attaining the 5X share ownership guideline, each executive is required to retain at least 50% of the shares acquired upon exercise of options or vesting of restricted stock or unit awards, net of amounts required to pay taxes and exercise price.

The Board of Directors believes that the information above as well as that provided in the section entitled "Compensation of Executive Officers and Directors" contained in the Proxy Statement

Table of Contents

demonstrates that the Company's executive compensation program was designed appropriately and is working to ensure that management's interests are aligned with the stockholders' interests and support long-term value creation. The following resolution will be submitted for a stockholder vote at the Annual Meeting:

"RESOLVED, that the stockholders of OSI Systems, Inc. approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed in the section entitled "Compensation Discussion and Analysis," the accompanying compensation tables, and the related narrative disclosure contained in the Proxy Statement."

The Board of Directors recommends that you vote "FOR" the approval of the Company's executive compensation for the fiscal year ended June 30, 2015. Holders of proxies solicited by this Proxy Statement will vote the proxies received by them as directed on the Proxy or, if no direction is made, in favor of this proposal. In order to be approved on an advisory basis, this proposal must be approved by the affirmative vote of a majority of the votes cast at the Annual Meeting.

Governance Highlights

The Company is committed to having strong governance practices with respect to its compensation programs, practices and procedures. The Company believes that these practices reinforce the Company's

Table of Contents

emphasis on tying executive compensation to performance. The following chart highlights some of the Company's governance practices with respect to executive compensation:

What The Company Does	What The Company Does Not Do
Uses 100% performance-based vesting with respect to executive equity awards	No excise tax gross-ups upon a change in control
Maintains a robust clawback policy	No hedging, pledging, or speculative transactions by executives and directors
Maintains share ownership and retention guidelines for executives and directors	No re-pricing of underwater options
Conducts an annual say on pay vote	No stock option grants with an exercise price less than fair market value
Maintains open lines of communication with stockholders	No "single trigger" severance payments owing solely on account of the occurrence of a change in control event

Executive Compensation Summary

Fiscal 2015 Performance

Fiscal 2015 was a strong year for the Company. During fiscal 2015, the Company (a) had record revenues, record non-GAAP earnings per share and record free cash flow, (b) increased its adjusted EBITDA margin, (c) actively leveraged its business infrastructure to support new products and revenue sources while maintaining intelligent cost management, (d) continued building a foundation for future growth by making targeted investments in new product development and acquisitions, and (e) further improved sustainability of revenues by growing the Company's addressable markets, all while increasing R&D spending by more than twice the rate of sales growth.

Leverage Business Infrastructure. Even as the Company launched new products, entered new markets, and invested substantial amounts in R&D, the Company actively leveraged its business infrastructure and maintained intelligent cost management.

Growth in Markets and Opportunities. In fiscal 2015, in addition to growing revenues over the prior year, the Company continued to expand its addressable markets through new product introductions and targeting of markets that did not previously represent a significant source of revenues. This dynamic approach has served, and the Company believes it will continue to serve, to sustain growth over the long term. Examples include:

Expanding presence with international customers for checked baggage scanning solutions, related services and support.

Significant growth in U.S. patient monitoring business and new product launches in the Company's Healthcare division.

Acquiring an international automated external defibrillator (AED) company further strengthening the Company's cardiology business.

Increasing participation with healthcare group purchasing organizations or GPOs that facilitate sales of healthcare equipment to large hospital networks.

Acquiring product lines and companies that not only leverage the Company's existing operating infrastructure but also provide immediate entry into growing market segments.

Table of Contents

Building a Foundation for the Future. While improving the Company's earnings per share during fiscal 2015, the Company continued to make significant targeted investments in R&D and acquisitions. Such investments in the past have led to the Company's introduction of the Rapiscan RTT® computed tomography (CT) based hold baggage inspection system and new generation of healthcare products. The Company believes that these investments, as well as other product development programs that are currently underway, will result in enhanced business outcomes for years to come.

The results of the assertive and dynamic management of the Company are seen in the Company's financial outcomes, particularly considering the state of the overall global economy in the period since the economic downturn that began in late 2008. During this period of economic uncertainty, the Company's stockholders have witnessed solid growth in revenues, earnings per share, and stock price.

This growth is reflected in an increase since fiscal year 2009 in the Company's revenue by 62%, net income by 484%, and a more than a tripling of the stock price. Moreover, the Company achieved this growth while continuing to make significant, targeted investments in new product lines and lines of business that will position the Company to sustain growth into the coming years.

Role of the Compensation Committee

The Company's Board of Directors appoints members to the Compensation Committee. Each member of the Compensation Committee is independent within the meaning of the rules and regulations of the SEC and the Listing Standards, as currently in effect. The Compensation Committee is responsible for establishing and approving all compensation for the Named Executive Officers, including base salaries, annual incentive bonuses, long-term equity incentive compensation, benefits and perquisites, and other compensation. The Compensation Committee may delegate certain of its responsibilities to a subcommittee, to individuals or to others.

Compensation for each of the Named Executive Officers (other than the Chief Executive Officer) is recommended to the Compensation Committee by the Chief Executive Officer. Compensation for the Chief Executive Officer is established by the Compensation Committee on its own.

The Compensation Committee has designed an executive compensation program that is focused on the attainment of consistent, long-term stockholder returns through (a) aligning executives' incentives with both single-year and multi-year performance, and (b) attracting and retaining executives with capabilities to lead the Company to excel in a competitive landscape. This structure is designed to emphasize pay for performance while simultaneously mitigating risk exposure.

Executive Compensation Program Elements

The particular elements of the compensation program for the Named Executive Officers consist of both fixed compensation and variable compensation. Consistent with the Company's pay-for-performance philosophy, the Company structures its compensation program such that fixed compensation is a relatively small percentage of total compensation whereas variable compensation comprises a significant percentage of total compensation. The Compensation Committee takes risk into account when establishing the compensation program and believes that the current structure appropriately balances risk and the desire to focus executives on specific annual and long-term goals while not encouraging unnecessary or excessive risk taking.

Table of Contents

In fiscal 2015, fixed compensation comprised approximately 13% to 34% and variable compensation comprised approximately 66% to 87% of each Named Executive Officer's total compensation. Average variable compensation for the Named Executive Officers represented 84% of total compensation.

Fixed Compensation. Fixed compensation is intended to compensate the Named Executive Officers for their ongoing responsibilities and consists principally of base salary. Base salary is set to attract and retain executive talent. Base salaries for the Named Executive Officers are established at levels considered appropriate in light of the duties and scope of responsibilities of each executive officer's position and the experience the individual brings to the position. Salaries are reviewed periodically and adjusted, typically on an annual basis, to reflect sustained individual performance.

The Compensation Committee takes a conservative approach with respect to base salary increases. For example, CEO base salary has not been increased since 2008. In addition, in certain challenging years base salaries have been reduced, such as in fiscal 2013 when executives agreed to temporary base salary reductions of 10%.

In determining whether base salary levels for fiscal year 2015 were appropriate, the Compensation Committee considered the Company's general financial performance, the minimum base salary amount provided for in the Named Executive Officer's employment agreement, as well as a determination of each Named Executive Officer's responsibilities, past performance and expected future contributions. In fiscal 2015, the Compensation Committee maintained base salary levels consistent with fiscal 2014 levels, with the exception of Mr. Mehra whose base salary was reduced approximately 12%. This determination was made in light of Mr. Mehra's new role within the Company and, in conjunction with the Turnkey Solutions Incentive Program (described in further detail below), was designed to create greater alignment between executive pay and performance.

Variable Compensation. Variable compensation provides the Named Executive Officers with the opportunity for substantial rewards for achieving successful performance and contributing toward sustainable and consistent stockholder returns, and consists principally of annual incentive bonuses and long-term incentive compensation in the form of equity based awards, as well as compensation under the Mexico SAT Incentive Program and the Turnkey Solutions Incentive Program.

Table of Contents

Annual Incentive Bonuses. All Named Executive Officers are eligible for an annual incentive bonus pursuant to the Company's annual performance bonus program. Annual incentive bonuses are designed to focus the Company's Named Executive Officers on annual operating achievement and near-term success. In determining annual incentive bonuses for the Named Executive Officers (with the exception of Mr. Mehra whose annual incentive bonus is determined solely based on a review of quantitative and qualitative factors discussed below), the Compensation Committee considers the rate of return on the book value of the Company. If a pre-established threshold rate of return before taxes is exceeded for a particular fiscal year, cash bonuses may be awarded to the participating executives. The Company needed to exceed a threshold rate of return before taxes on book value of 7% for fiscal year 2015, below which no bonuses would have been paid. Such threshold rate of return was calculated based on the pre-tax income of the Company for fiscal year 2015, excluding the impact of bonuses, restructuring charges and pre-tax income from the Company's turnkey security scanning program for the Mexico Servicio de Administración Tributaria, relative to the Company's total stockholders' equity as of the prior fiscal year end. The threshold was designed to be challenging yet achievable with significant effort and management skill. If the Company exceeds this threshold, then the Compensation Committee evaluates the various quantitative and qualitative factors as described below in a non-formulaic manner to determine the amount of bonus compensation for each Named Executive Officer. Achievement of this threshold is not linked to any specific payouts as this metric is not a target performance objective, but rather a minimum performance threshold for the Company below which the Named Executive Officers would not be entitled to any such annual incentive bonus compensation. This threshold was exceeded by the Company in fiscal year 2015. Additionally, no such bonus may exceed maximum amounts of 300% of base salary for the Chief Executive Officer and 200% of base salary for Mr. Edrick, Mr. Sze and Mr. Ong and the greater of \$300,000 or 80% of base salary for Mr. Mehra.

After satisfaction of the threshold performance criterion (where applicable), the bonus amounts were determined by the Compensation Committee based on its evaluation of the overall and relative performance of the Company as well as its evaluation of the compensation practices of the Company's peer group. Each bonus was established at its respective value in order to provide the executive sufficient incentive to create long-term stockholder value while at the same time ensuring that such executive's total bonus compensation would be appropriate as compared to compensation of similarly situated executives. The Compensation Committee retains negative discretion to reduce any awards under the annual performance bonus program to a lesser award or no award to any participant.

In determining the amounts of annual incentive bonuses, the Compensation Committee also considers individual performance, which may include the following quantitative and qualitative factors:

Qualitative Factors	Quantitative Factors
Quality of the management of units or functions managed by the Named Executive Officer	Financial performance (including earnings per share and internal metrics)
Leadership of personnel under the Named Executive Officer's management	Financial performance metrics for business units managed by the Named Executive Officer
Execution of strategically important projects	Compensation surveys provided by external advisors
Overall effectiveness of units or functions managed by the Named Executive Officer	
Contributions to the formulation of Company strategy and tactics	
Contributions to stockholder value	
Management of risk	

Edgar Filing: OSI SYSTEMS INC - Form DEF 14A

The particular performance achievements for, and amounts paid to, each of the Named Executive Officers (other than the Chief Executive Officer) are recommended by the Chief Executive Officer and reviewed by the Compensation Committee. The performance achievements for, and amounts to be paid to, the Chief Executive Officer are established by the Compensation Committee.

Table of Contents

The Compensation Committee also assesses the value that each of the Named Executive Officers provided through the generation of new sources of revenue, achievement of operational efficiencies, management of risk and completion of strategic initiatives. The annual incentive bonus earned for fiscal year 2015 by each of the Named Executive Officers is shown in the "Bonus" column of the "Summary Compensation Table."

Turnkey Solutions Incentive Program. In 2015, the Company established an incentive program tied to the performance of the Company's turnkey solutions business (the "Turnkey Solutions Incentive Program"). Mr. Mehra is the only Named Executive Officer who participates in this program. Incentives under the Turnkey Solutions Incentive Program are conditioned on the achievement of certain metrics based on the operating income of the Company's solutions business (excluding certain operations already existing at the time of the adoption of the program). The operating income targets are believed to be challenging, but achievable with significant management effort.

Long-Term Incentive Program. In order to further promote the Company's philosophy of pay-for-performance and furthering its objective of aligning its executive compensation with the Company's long-term financial goals and factors that create long-term stockholder value as well as incentivizing the desired individual performance of the Named Executive Officer, the Company has a long-term incentive program.

The grants to the Named Executive Officers during fiscal 2015 were performance based in their entirety. The Compensation Committee believes that this vesting structure provides an incentive for the Named Executive Officers to remain with the Company and also focus the Named Executive Officers on consistently achieving performance and business objectives of the Company for the benefit of its stockholders. The grants to the Named Executive Officers during fiscal 2016 were also performance based in their entirety.

The Company's overall long-term incentive program is designed to retain the Named Executive Officers and to align the interests of the Named Executive Officers with the long-term interests of the Company's stockholders, namely the achievement of sustainable, long-term stock price appreciation. All equity awards are made at fair market value on the date of grant (which is the date on which the Compensation Committee authorizes the grant). Under the Company's equity incentive plan as in effect on the date of grant, fair market value is determined by the closing price of the Company's Common Stock on such dates.

Six-year Performance Program. With respect to performance based awards, the Compensation Committee has established a six-year program for long-term performance based incentive grants for the Named Executive Officers. The program provides for yearly grants of equity or equity-tied incentives. Each award is 100% performance based and vests based on the achievement of certain one-, two- and three-year performance targets as well as a three-year performance target tied to objective adjusted EBITDA per share metrics. Such metrics exclude the effect of particular designated operations for which specific incentive programs are established; at this time, the only such designated operation is the Company's turnkey security scanning program for the Mexico Servicio de Administración Tributaria. The metrics incentivize consistent, long-term growth, and were designed to be challenging, but achievable with significant effort and management skill.

Table of Contents

Each fiscal year, the Named Executive Officers are awarded an initial grant, which vests if a three-year EBITDA per share target is achieved. However, if actual three-year performance falls below target, shares in the initial grant would be forfeited as follows:

Actual Performance as a Percentage of Target	Result
95% to 99.9%	10% of shares or units would be forfeited
90% to 94.9%	25% of shares or units would be forfeited
85% to 89.9%	55% of shares or units would be forfeited
Below 85%	100% of shares or units would be forfeited

Additional shares may be earned annually for each initial grant within the three-year performance period if annual targets are exceeded as follows:

Actual Performance as a Percentage of Target	Result
105% to 110%	Vested shares or units equaling 20% of initial grant would be awarded
110% to 115%	Vested shares or units equaling 30% of initial grant would be awarded
115% to 120%	Vested shares or units equaling 40% of initial grant would be awarded
Above 120%	Vested shares or units equaling 50% of initial grant would be awarded

The Company's adjusted EBITDA per share for fiscal year 2015 was 116% of the fiscal 2015 adjusted EBITDA per share target of \$5.07. Therefore, each of the Named Executive Officers earned additional shares as follows: Mr. Chopra, 74,400 shares; Mr. Edrick, 36,762 shares; Mr. Mehra, 10,428 shares; Mr. Sze, 25,913 shares; and Mr. Ong, 3,786 shares.

In the event of a change of control, the initial grant would vest upon the change of control; to the extent actual performance has exceeded target for a full fiscal year at the time of the change of control, performance for any annual periods remaining in association with a particular grant will be assumed to exceed target by the same percentage for the purposes of awarding additional incentive shares or units in connection with the change of control.

The Compensation Committee determines, after consultation with the Chief Executive Officer, the number of equity awards to grant to the Named Executive Officers. The grant amounts for the Chief Executive Officer are determined solely by the Compensation Committee. The Compensation Committee considers individual performance, including the quantitative and qualitative factors set forth in "Annual Incentive Bonuses" above, as well as overall corporate performance. For fiscal year 2015 performance share calculation purposes, the Chief Executive Officer, Chief Financial Officer and General Counsel are measured against consolidated Company performance, and division/business unit Presidents have their performance results weighted 70% based on their respective division/business unit performance and 30% based on consolidated Company performance. The Compensation Committee retains negative discretion to reduce any awards under the long-term incentive program to a lesser award or no award to any participant.

Mexico SAT Incentive Program. For the fiscal years 2013 through 2017, the Company has established an incentive program tied to the performance of the Company's turnkey security scanning program for the Mexico Servicio de Administración Tributaria (the "Mexico SAT Incentive

Table of Contents

Program"). The Mexico SAT Incentive Program was adopted in 2012. Incentives under the Mexico SAT Incentive Program are conditioned on the achievement of certain metrics based on the operating income of the services for the Mexico Servicio de Administración Tributaria. The metrics require such operating income, as a percentage of revenue, to significantly exceed operating margin for the Company as a whole before any incentives are awarded, and are thus believed to be challenging, but achievable with significant management effort. The Mexico SAT Incentive Program consists of three components that may be awarded to participating Named Executive Officers upon achievement of performance criteria: a short-term component, a long-term component, and a "contract award bonus".

If the threshold operating income amount is exceeded for a particular fiscal year, and dependent on the amount by which such threshold operating income is exceeded, a bonus pool is established formulaically for and allocated among participating Named Executive Officers. For each such executive, 70% of the annual bonus allocation comprises the short-term component. Half of the short-term component is paid to that executive within 75 days of the end of the fiscal year in which it is earned, and the other half would be paid to that executive within 75 days of the end of the following year, provided that the executive has not voluntarily resigned or is not terminated for cause prior to the date of such payments. The long-term component constitutes the remaining 30% of the executive's annual bonus allocation, and would not be paid until 2018, provided that the executive has not previously resigned or is not terminated for cause prior to the payment. The amount of the long-term component would be divided by \$50.17, representing the baseline value of the Company's stock prior to public disclosure of the Company's contract with the Servicio de Administración Tributaria. The resulting figure would then be multiplied by the per-share price of the Company's stock as of December 31, 2017, and the product would constitute the final value of the long-term component.

The contract award bonus is based on five-and-a-half year cumulative operating income for the Servicio de Administración Tributaria operations through December 31, 2017. If the threshold cumulative operating income is exceeded, and dependent on the amount by which such operating income is exceeded, a "CAB" bonus pool would be established formulaically in an amount equal to 1%-5% of the cumulative operating income. The CAB bonus pool, if any, would be allocated among participating executives. The CAB bonuses, if any, for each executive would be paid in January 2018, provided that the executive has not voluntarily resigned or is not terminated for cause prior to the payment.

In the event of a change of control: (a) any earned but unpaid short and long-term components of the Mexico SAT Incentive Program would be accelerated, with the long-term component calculated using the value of the Company's stock on the date of the change of control; (b) a pro-rata CAB bonus would be paid based on the operating income for the two quarters preceding the change of control; (c) the remaining value of the Mexico SAT Incentive Program would be calculated by imputing the operating income for the 12 months preceding the change of control to the period that is the shorter of (i) the 24 months after the change of control or (ii) the remainder of the term of the Company's contracts to operate security screening services for the Mexico Servicio de Administración Tributaria (or, in the case of the CAB bonus, until December 31, 2017), and establishing bonus pools based on such data.

In the event that a participating executive's participation in the Mexico SAT Incentive Program is terminated, for reasons other than by the executive's voluntary resignation or the termination of that executive's employment for cause, then (a) any earned but unpaid short and long-term components of the Mexico SAT Incentive Program would be accelerated, with the long-term component calculated using the value of the Company's stock on the date of the termination; (b) a further annual bonus and CAB amount calculated by imputing performance for the 12 months preceding the termination to the period equal to the remainder of the then-current fiscal year plus an additional 12 months, provided

Table of Contents

that such period does not extend beyond the end of the Company's contracts to operate security screening services for the Mexico Servicio de Administración Tributaria for the calculation of the annual bonus amount, and December 31, 2017 for calculation of the CAB amount. Such amounts would be paid within 45 days of the termination.

The Compensation Committee determines, after consultation with the Chief Executive Officer, the amount of awards to grant to the Named Executive Officers under the Mexico SAT Incentive Program. The grant amounts for the Chief Executive Officer are determined solely by the Compensation Committee. The Compensation Committee considers each Named Executive Officer's position with the Company and involvement in the management of the screening services operation in making its determinations. The Compensation Committee retains discretion to amend the Mexico SAT Incentive Program.

All of the Named Executive Officers, with the exception of Mr. Ong, were participants in the Mexico SAT Incentive Program during fiscal 2015. The short-term and long-term components of the Mexico SAT Incentive Program compensation earned for fiscal year 2015 by each of such Named Executive Officers is shown in the "Non-equity Incentive Plan Compensation" column of the "Summary Compensation Table." Each of such Named Executive Officers will receive a CAB bonus provided that the five-and-a-half year cumulative operating income threshold is achieved. Information concerning the potential CAB bonus amounts is shown in the "Grant of Plan Based Awards Table."

Benefits and Perquisites. Benefits and perquisites are designed to attract and retain key employees. Currently, the Named Executive Officers are eligible to participate in benefit plans available to all employees, including the Company's 401(k) Plan, Employee Stock Purchase Plan, medical, dental, and vision health insurance plans and life and long-term disability insurance plans. The 401(k) Plan, Employee Stock Purchase Plan and the medical, dental and vision plans require each participant to pay a contributory amount. The Company has elected to pay amounts contributed to medical, dental and vision health insurance plans and life and long-term disability insurance plans on behalf of the Named Executive Officers. In addition, the Company maintains an executive medical reimbursement plan under which the Named Executive Officers receive reimbursement for out-of-pocket expenses not covered by their health insurance plans. Employee individual plan contributions are subject to the maximum contribution allowed by the Internal Revenue Code. The Company also leases automobiles for or provides an auto allowance to each of the Named Executive Officers.

The Company maintains a Nonqualified Deferred Compensation Plan (the "Deferred Compensation Plan") that is unfunded for federal tax purposes and allows the Named Executive Officers and a select group of other managers or highly compensated employees (as designated by the Compensation Committee) to defer a specified percentage of certain compensation, including salary, bonuses and commissions. Distributions may be made in a lump sum (or in installments if elected in accordance with the terms of the Deferred Compensation Plan) upon termination of employment, disability, a specified withdrawal date or death. Additional information about this plan is summarized below under the heading "Nonqualified Deferred Compensation."

The Company also maintains a Nonqualified Defined Benefit Plan (the "Defined Benefit Plan") that is unfunded for federal tax purposes and that constitutes an unsecured promise by the Company to make payments to participants in the future following their retirement, termination in connection with a change in control of the Company, or their death or disability. Under the terms of the Defined Benefit Plan, a committee designated by the Board of Directors may select participants from among the Named Executive Officers and a select group of managers or other highly compensated employees. Currently, Mr. Chopra is the only participant in this plan. Additional information about this plan is summarized below under the heading "Pension Benefits."

Total Compensation Mix. While the Compensation Committee does not apply a predetermined or mathematical weighting to determine the fixed and variable elements of compensation, the Compensation

Table of Contents

Committee believes that the elements described above provide a well-proportioned mix of equity based, at risk or performance based compensation, and retention based compensation that produces short-term and long-term incentives and rewards. The Company believes this compensation mix provides the Named Executive Officers a measure of security as to the minimum levels of compensation that they are eligible to receive, while motivating the Named Executive Officers to focus on the business measures that will produce a high level of performance for the Company, as well as reducing the risk of recruitment of highly qualified executive talent by the Company's competitors. The mix of annual incentives and the equity based awards likewise provides an appropriate balance between short-term financial performance and long-term financial and stock performance. The Company believes that its compensation mix results in a pay-for-performance orientation that is aligned with its compensation philosophy, which takes into account individual, group and Company performance.

Bases for the Company's Compensation Policies and Decisions

In determining compensation awarded to the Named Executive Officers for fiscal 2015, the Compensation Committee performed a global review of both overall and relative individual Named Executive Officer and corporate performance based on the qualitative and quantitative factors described in the table below. The factors considered did not have any predetermined or mathematical weighting; rather, the Compensation Committee considered the overall performance of each executive, considering the factors, and including consideration of unplanned events and issues emerging during the fiscal year. Each factor was thoroughly evaluated and taken into consideration in the Compensation Committee's overall determination of each Named Executive Officer's total compensation package, including both the amount of compensation as well as allocation of such compensation between short-term and long-term components.

Qualitative Factors	Quantitative Factors
Furtherance of long-term goals	Compensation paid in prior years
Individual performance and experience	Financial performance of Company/division/business unit
Demonstration of leadership skills and ability	Peer group compensation and performance data
Achievement of strategic targets	Compensation surveys provided by external advisors

Management of unplanned events and issues emerging during the fiscal year

The Compensation Committee's review included evaluating the compensation of the Named Executive Officers in light of information regarding the compensation practices and corporate financial performance of other companies. In making its determinations, the Compensation Committee reviewed information summarizing the compensation paid at peer group companies and more broad-based compensation surveys. The companies in the fiscal 2015 peer group were developed based on similarity in size and operations within the industries in which the Company operates as follows:

Analogic Corporation	CONMED Corporation	FEI Company	JDS Uniphase Corporation	Newport Corporation	Sirona Dental Systems, Inc.
Itron, Inc.	CTS Corporation	Finisar Corporation	Masimo Corporation	NuVasive, Inc.	Teleflex Incorporated
Checkpoint Systems, Inc.	Edwards Lifesciences Corporation	FLIR Systems, Inc.	MTS Systems Corporation	ResMed Inc.	TTM Technologies, Inc.
Coherent, Inc.	Daktronics, Inc	Harmonic Inc.	Multi-Fineline Electronix, Inc.	Rofin-Sinar Technologies Inc.	Zebra Technologies Corp.

Table of Contents

In connection with executive compensation for fiscal 2015, the Company's management provided the Compensation Committee with information gathered from Pearl Meyer for consideration. The Compensation Committee also considered broad-based surveys that reflected compensation levels and practices for executives holding comparable positions at the companies covered by the surveys and adjustments based on the cost of living in certain geographic areas. The review of the surveys further assisted the Compensation Committee in determining the appropriate level and mix of compensation for each Named Executive Officer. In connection with its review, the Compensation Committee also considered that certain Named Executive Officers were located in the high cost of living area in the geographic location of the Company headquarters.

While the Compensation Committee did not engage in formal benchmarking with pre-established targets, the Compensation Committee reviewed the Company's actual performance taken as a whole as well as its performance relative to its peer group and established compensation levels at the competitive level that it believed most appropriately corresponded to the Company's comparative performance.

For fiscal 2015, the Compensation Committee determined that it was appropriate to maintain fixed compensation levels relatively stable for all Named Executive Officers with the exception of Mr. Mehra whose base salary was reduced approximately 12% as described above. The Compensation Committee believes that the fixed component of compensation is designed to compensate each Named Executive Officer based on the duties and scope of responsibilities of his position and the experience he brings to the position, which did not change materially in fiscal 2015 other than with respect to Mr. Mehra. Consistent with the Company's pay-for-performance philosophy, the variable component of compensation, in the form of annual cash incentives and performance-based equity grants, as well as compensation under the MSAT Incentive Program, comprised a significant portion of total compensation.

In making variable compensation determinations, the Compensation Committee noted significant corporate and management achievements during fiscal year 2015 in the categories "furtherance of long-term goals", "demonstration of leadership skills and ability" and "achievement of strategic targets". These included achievement of the following:

Significant Achievements

Record revenues as revenues increased 6% over the prior year

Record earnings as non-GAAP diluted EPS increased 13% over the prior year

Record free cash flow of approximately \$90 million

Record sales and operating profit in the Security division

Strong growth in sales and operating income in the Healthcare division

Operating margin expansion in the Optoelectronics and Manufacturing division

Successful completion of a strategic acquisition in the Healthcare division

Bookings of several significant orders for the Security division's Real Time Tomography (RTT®) high-speed hold baggage screening system

The Compensation Committee determined that the achievements of each Named Executive Officer for the fiscal year contributed significantly to the Company's strong overall financial performance for the year and success in achieving certain of its long-term goals, and substantially improved the Company's competitive standing in important markets, while the goals that were not achieved during the fiscal year did not represent significant setbacks to the Company as a whole.

In determining variable compensation, the Compensation Committee did not use a mathematical formula for tying the fiscal year's events and performance to each individual executive's variable

Table of Contents

compensation, but rather took into consideration the executive's involvement in and contribution to the Company's performance for the year, the Company's overall financial performance for the year, and approximate compensation levels for comparable-company executives.

In light of this global evaluation, the Compensation Committee determined to increase the cash component of variable compensation for the Named Executive Officers but maintain equity compensation in the form of stock-based awards relatively stable for fiscal year 2015 as compared to fiscal year 2014. Although the cash bonus increased as compared to fiscal 2014, it should be noted that the CEO cash bonus for fiscal 2015 is significantly lower than his bonuses for fiscal years 2012 and 2013, reflecting the Compensation Committee's continued commitment to structuring the compensation program with an emphasis on pay for performance. These compensation decisions are reflected in the Summary Compensation Table below under the columns "Bonus" and "Stock Awards". With respect to the Mexico SAT Incentive Program, for fiscal 2015, the Compensation Committee also considered each Named Executive Officer's position with the Company and involvement in the management of the screening services program with the tax and customs authority of Mexico when determining awards under the Mexico SAT Incentive Program to participating Named Executive Officers. As a result of such review, each Named Executive Officer received an award under the Mexico SAT Incentive Program except for Mr. Ong.

The Compensation Committee's compensation decisions are designed to encourage performance that enhances long-term stockholder value. The Compensation Committee believes that attracting and retaining executive talent capable of achieving the Company's long-term, strategic objectives is the best way to align executive compensation decisions with the interests of stockholders. The Compensation Committee also believes that meeting financial targets as well as near-term strategic goals demonstrates whether an executive is on track to accomplish longer-term objectives.

Advisory Vote on Named Executive Officer Compensation

The Company maintains open lines of communication with the stockholders, and senior management routinely interacts with the stockholders on a number of matters, including executive compensation, in order to better understand their opinions and to obtain their feedback. At the Company's 2014 annual meeting, 75% of the votes cast on the advisory vote on the compensation of the Named Executive Officers were in favor of the Company's executive compensation policies. Considering the vote results for fiscal 2014, the Compensation Committee determined to continue to apply the same general approach with respect to compensation policies and decisions for fiscal 2015.

At the upcoming 2015 annual meeting, the Company will again hold an annual advisory vote to approve executive compensation. The Company will continue to engage with its stockholders throughout the year, and the Compensation Committee will consider the results from this year's and future advisory votes on executive compensation, as well as any feedback received from stockholders.

Minimum Equity Ownership and Retention Guidelines

The Company believes that its executive officers should hold a significant amount of Company equity to link their long-term economic interests directly to those of the Company's stockholders. Accordingly, the Company has established requirements that executive officers own at minimum equity of the Company valued at five times their respective annual base salaries. The Company believes that this multiple constitutes significant amounts for its executive officers and provides a substantial link between the interests of its executive officers and those of the Company's stockholders. During such time that an executive officer has not attained the share ownership guideline, he is required to retain at least 50% of the shares acquired upon exercise of options or vesting of restricted stock awards or units, net of amounts required to pay taxes and exercise price. The Company periodically reviews its minimum equity ownership guidelines. As of June 30, 2015, each of the Named Executive Officers met or exceeded the Company's minimum equity ownership guidelines.

Table of Contents

Clawback Policy

The Company has adopted a clawback policy. The policy provides that if an accounting restatement is required due to the Company's material non-compliance with any accounting requirements, then the Company will seek to recover any excess in the incentive compensation earned by all of the Company's executive officers, regardless of whether they were at fault or not in the circumstances leading to the restatement, over the prior three years over what they would have earned if there had not been a material non-compliance in the financial statements.

Policy Prohibiting the Hedging or Pledging of Company Stock

The Company has adopted a policy that prohibits its executive officers and directors from entering into any transaction that is designed to hedge or offset any decrease in the market value of the Company's common stock or other equity securities. The Company has also adopted a policy that prohibits its executive officers and directors from holding Company stock or other equity securities in margin accounts or pledging Company stock or other equity securities as collateral for a loan. As of the date of this Proxy Statement, no shares of Company stock are pledged by any Named Executive Officer or director.

Employment Agreements

The Company has entered into employment agreements with Messrs. Chopra, Edrick, Mehra, Sze and Ong. The terms of each of such agreements are summarized below under the heading "Employment Agreements." Employment agreements are used to retain executives and formalize the terms of the executives' employment.

Impact of Accounting and Tax on the Form of Compensation

The Compensation Committee considers applicable tax laws, securities laws and accounting regulations in structuring and modifying its compensation arrangements and employee benefit plans. The Compensation Committee has considered the impact of generally accepted accounting principles on the Company's use of equity based awards. The Compensation Committee also considers the limits on deductibility of compensation imposed by Section 162(m) of the Internal Revenue Code with respect to annual compensation exceeding \$1.0 million and Section 280G of the Internal Revenue Code with respect to change in control payments exceeding specified limits.

Table of Contents**Summary Compensation Table**

The following table sets forth the compensation for the principal executive officer, the principal financial officer, and the three highest paid executive officers of the Company serving as executive officers on June 30, 2015 (the "Named Executive Officers") for the fiscal years ended June 30, 2015, 2014 and 2013:

- (1) Represents the aggregate grant date fair value computed in accordance with generally accepted accounting principles of awards granted during the applicable fiscal year. Stock Awards column includes performance-based awards granted at target values. For additional information on the maximum amounts that could be earned if all metrics are achieved at the highest levels, see the Grants of Plan-Based Awards Table below. See Note 7 to the Consolidated Financial Statements included in the Company's Form 10-K for the fiscal year ended June 30, 2015 for a discussion of the assumptions used in valuation of stock options and stock awards.
- (2) Represents annual bonus amounts earned for fiscal year 2015 under the Mexico SAT Incentive Program in the amounts of \$1,141,327, \$301,483, \$473,758, and \$236,879 for Messrs. Chopra, Edrick, Mehra and Sze, respectively, as the short-term component of the program, and amounts earned for fiscal year 2015 of \$489,140, \$129,207, \$203,039, and \$101,520 for Messrs. Chopra, Edrick, Mehra and Sze, respectively, credited to the long-term component of the program.
- (3) The Company initially adopted the Defined Benefit Plan, as amended, during fiscal year 2008. Mr. Chopra is currently the only participant in the Defined Benefit Plan. The amounts included in this column represent the aggregate change in the present value of the accumulated benefit from June 30, 2014 to June 30, 2015 based on actuarial assumptions and therefore do not reflect the Company's liability as of June 30, 2015 under the plan or the plan's effect on the Company's earnings in the stated period.
- (4) The Named Executive Officers are eligible to participate in benefit plans available to all employees, including the Company's 401(k) Plan, Employee Stock Purchase Plan, medical, dental and vision health insurance plans and life and long-term disability insurance plans. The 401(k) Plan, Employee Stock Purchase Plan, and the medical, dental and vision plans require each participant to pay a contributory amount. The Company has elected to pay amounts contributed to medical, dental and vision health insurance plans and life and long-term disability insurance plans on behalf of the Named Executive Officers. In addition, the Company maintains an executive medical reimbursement plan under which the Named Executive Officers receive reimbursement for out-of-pocket expenses not covered by their health insurance plans. Employee individual plan contributions are subject to the maximum contribution allowed by the Internal Revenue Code. Further, the Named Executive Officers are eligible to participate in the Deferred Compensation Plan. The Company also leases automobiles or provides an auto allowance to each of the Named Executive Officers.

- (7) The grant date fair value of the restricted stock units was computed in accordance with generally accepted accounting principles and represents the total projected expense to the Company of grants made during the past fiscal year.
- (8) Represents the short-term component of annual bonus awards under the Mexico SAT Incentive Program, as more fully explained above under "*Mexico SAT Incentive Program*."
- (9) Represents the long-term component of annual bonus awards under the Mexico SAT Incentive Program. The amount reported is the dollar amount credited to the individual, which is payable in 2018 (provided the individual has not voluntarily resigned or is not terminated for cause prior to payment) and may vary from the amount reported based on the future performance of the Company's stock price, as more fully explained above under "*Mexico SAT Incentive Program*."
- (10) Represents a Contract Award Bonus under the Mexico SAT Incentive Program. The amount reported is not the actual amount earned by or credited to the individual, but rather a representative amount based on the Company's performance during fiscal year ending June 30, 2015. As more fully explained above under "*Mexico SAT Incentive Program*", the Contract Award Bonus is payable in 2018, if at all, based on cumulative operating income for the Servicio de Administración Tributaria operations through December 31, 2017. The amount reported assumes that 2015 operating income from these operations continues each year during the measuring period.

Pension Benefits

The Company maintains the Defined Benefit Plan. The Defined Benefit Plan constitutes an unsecured promise by the Company to make payments to participants upon vesting. Mr. Chopra is currently the only participant in the Defined Benefit Plan.

Under the terms of his participation, Mr. Chopra will be entitled to a total benefit of \$10 million payable over a 10-year period commencing January 1, 2019 in quarterly installments of \$250,000. Mr. Chopra is fully vested in all benefits under the Defined Benefit Plan. In the event of Mr. Chopra's death or disability, he or his dependents shall be entitled to \$10 million payable over 10 years commencing within 60 days following his death or disability, as applicable. In the event of Mr. Chopra's Separation from Service (as defined in the Defined Benefit Plan)

Edgar Filing: OSI SYSTEMS INC - Form DEF 14A

within 24 months following a Change in Control (as defined in the Defined Benefit Plan), Mr. Chopra shall be entitled to (i) the net present value of \$6 million of his retirement benefit payable in a single lump sum within 90 days following his Separation from Service

and (ii) the net present value of \$4 million of his retirement benefit payable in the form of a single lump sum 90 days following the first anniversary of his Separation from Service, each subject to Section 409A of the Internal Revenue Code. In the event a Change in Control occurs after his Separation from Service during the payout of Mr. Chopra's benefits, the present value of all remaining payments shall be paid in the form of a single lump sum within 90 days following the Change in Control.

The following table sets forth information regarding the Defined Benefit Plan for the participating Named Executive Officer during fiscal year ended June 30, 2015(1). For a discussion of the valuation method and all material assumptions applied in quantifying the present value of the current accrued benefit, please see Note 12 to the Consolidated Financial Statements included in the Company's Form 10-K for the year ended June 30, 2015.

Nonqualified Deferred Compensation

The Company adopted the Deferred Compensation Plan in May 2008, as amended and restated in April 2014. Under the Deferred Compensation Plan, a select group of the Company's management or highly compensated employees (as designated by the Compensation Committee), including the Named Executive Officers, may defer a specified percentage of their salary, bonuses and commissions and thereby defer taxation of these deferred amounts until actual payment of the deferred amounts in future years. The Named Executive Officers may elect to defer up to eighty percent (80%) of their base salary and up to one hundred percent (100%) of other types of eligible compensation. The Deferred Compensation Plan also allows the Company to make discretionary contributions and matching contributions on behalf of eligible participants.

Participating Named Executive Officers receive market-based returns on their deferred compensation amounts based on the performance of a variety of mutual fund-type investment vehicles chosen by them and which are similar to the investment vehicles made available to all employees participating in the Deferred Compensation Plan. Participants may at any time change their investment allocations among the investment vehicles made available under the Deferred Compensation Plan. The rates of return for the various investment vehicles for deferred amounts in the Deferred Compensation Plan in fiscal 2015 ranged from 4.4% to 11.8%.

Distributions to participants may be made in a lump sum (or in installments if elected in accordance with the terms of the Deferred Compensation Plan) upon termination of employment, disability, a specified withdrawal date or death.

Edgar Filing: OSI SYSTEMS INC - Form DEF 14A

Table of Contents

The following table sets forth information regarding contributions into the Deferred Compensation Plan made by or for each of the participating Named Executive Officers during the fiscal year ended June 30, 2015:

Employment Agreements

The Company has entered into employment agreements with Messrs. Chopra, Edrick, Mehra, Sze and Ong.

Deepak Chopra's Employment Agreement

In April 2012, the Company entered into its current employment agreement with Mr. Chopra, which was effective as of January 1, 2012. Unless the agreement is terminated earlier in accordance with its terms, the agreement has a three-year term that automatically renews on each anniversary of the effective date of the agreement for a new three year term. The employment agreement terminates on January 1 following the year in which Mr. Chopra turns 68 (the "Chopra Scheduled Retirement Date"). The agreement provides for an initial annual base salary of \$1,000,000. Mr. Chopra is also eligible to receive bonus payments from the bonus pool established by the Company for its officers and employees and to participate in incentive compensation and other employee benefit plans established by the Company. Mr. Chopra is also entitled to receive the benefit award specified for him under the Defined Benefit Plan. The agreement contains certain restrictive covenants and other prohibitions that protect the Company's proprietary and confidential information following termination and preclude Mr. Chopra during the term of the agreement and for 18 months thereafter from soliciting for hire any individual that was an executive, supervisor or manager of the Company on, or within 90 days prior to, Mr. Chopra's last date of employment with the Company.

Table of Contents

Under the terms of the agreement, the Company may terminate Mr. Chopra's employment at any time for "cause" (as defined in the agreement), or for the following additional reasons: (i) in the event of Mr. Chopra's death; (ii) because of physical or mental incapacity or disability, failure to perform the essential functions of his position for an aggregate period of 180 days within any 12 month period; or (iii) without cause on 12 months written notice, each as further detailed in the agreement. Mr. Chopra may also terminate his employment agreement at any time upon 12 months written notice to the Company or upon three months notice if such termination is for "good reason" (as defined in the agreement).

In the event of the termination of Mr. Chopra's employment by the Company without cause, the Company's non-renewal of Mr. Chopra's employment agreement, or termination of such employment by Mr. Chopra for good reason, Mr. Chopra shall be entitled to a single lump-sum payment equal to three times the average of Mr. Chopra's highest two years out of the prior five years of total annual compensation, including: (i) base salary; (ii) bonuses and incentive compensation excluding "special bonus programs" (as defined in the agreement); (iii) the fair value of any stock, options or other equity grants whether vested or not and (iv) the annualized value of all benefits and perquisites. Mr. Chopra would also receive the acceleration of vesting of all stock options, equity grants and other incentive compensation awards (excluding any cash bonus attributable to performance in fiscal years that are not complete as of Mr. Chopra's last date of employment and any special bonus programs) from the Company to Mr. Chopra and an extension of time to exercise such stock options such that Mr. Chopra's right to exercise such stock options shall continue until the first anniversary of the last day of his employment, but in no event later than the expiration date of the options.

In the event of the termination of Mr. Chopra's employment by the Company without cause or by Mr. Chopra for good reason, within 90 days prior to or 12 months after a "change in control" (as defined in the agreement), then Mr. Chopra shall be entitled to the same lump sum payment described in the previous paragraph, which shall be subject to mitigation as provided in applicable Treasury Regulations. Mr. Chopra may, at his option, and in lieu of receiving the forgoing, elect to receive a lump sum payment in an amount equal to the product of 2.99 multiplied by Mr. Chopra's "base amount" (as defined in Internal Revenue Code Section 280G(b)(3)); provided that the amount of this alternative payment shall be reduced by the value of acceleration of any equity, stock options, incentive compensation or deferred compensation accelerated by reason of termination to the extent required to be included in the "base amount" pursuant to Internal Revenue Code Section 280G.

In the event of Mr. Chopra's continued employment until the Chopra Scheduled Retirement Date, he shall be entitled to the greater of (i) \$12,500,000 or (ii) a lump sum stay bonus equal to two times the average of his highest two years out of the prior five years of total annual compensation, including (a) base salary, (b) bonuses and incentive compensation (excluding any special bonus programs), (c) the fair value of any stock, options or other equity grants whether vested or not, and (d) the annualized value of all benefits and perquisites, payable in a single lump sum cash payment within 45 days of the Chopra Scheduled Retirement Date.

Alan Edrick's, Victor Sze's and Nicholas Ong's Employment Agreements

For purposes of this section, Messrs. Edrick, Sze and Ong are each individually referred to as the "Executive." In April 2012, the Company entered into its current employment agreement with each Executive, which were effective as of January 1, 2012. The terms of such agreements are substantially identical. Unless the agreement is terminated earlier in accordance with its terms, the agreement has a one year term that shall automatically be extended for successive one year periods, unless either party delivers notice of non-renewal to the other party at least 30 days prior to the end of the initial term or any renewal period then in effect. The employment agreement terminates on January 1 following the year in which the Executive turns 68 (the "Executive Scheduled Retirement Date"). The agreements provide for an initial annual base salary of \$402,000 for Mr. Edrick, \$350,000 for Mr. Sze and \$345,000 for Mr. Ong. The Executive is also eligible to receive bonus payments from the bonus pool established by the Company for

Table of Contents

its officers and employees and to participate in incentive compensation and other employee benefit plans established by the Company. The agreement contains certain restrictive covenants and other prohibitions that protect the Company's proprietary and confidential information following termination and preclude the Executive during the term of the agreement and for 18 months thereafter from soliciting for hire any individual that was an executive, supervisor or manager of the Company on, or within 90 days prior to, the Executive's last date of employment with the Company.

Under the terms of the agreement, the Company may terminate the Executive's employment at any time for "cause" (as defined in the agreement), or for the following additional reasons: (i) in the event of the Executive's death; (ii) because of physical or mental incapacity or disability, failure to perform the essential functions of his position for an aggregate period of 180 days within any 12 month period; or (iii) without cause on 30 days written notice, each as further detailed in the agreement. The Executive may also terminate his employment agreement for "good reason" (as defined in the agreement) or at any time on 30 days written notice.

In the event of the termination of the Executive's employment by the Company without cause, the Company's non-renewal of the Executive's employment agreement or the termination of such employment by the Executive for good reason, the Executive shall be entitled to: (i) an amount equal to 24 months salary at the Executive's then-current base salary plus an amount equal to two times the average of the highest three annual bonuses (excluding any special bonus programs) paid by the Company to the Executive in the five years preceding such termination; (ii) continuation of the Executive's car usage or allowance payments for a period of six months after separation from service; (iii) an allowance of \$6,000 for outplacement services; and (iv) acceleration of vesting of all stock options, equity grants and other incentive compensation awards (excluding any cash bonus attributable to performance in fiscal years that are not complete as of the Executive's last date of employment and any special bonus programs) from the Company to Executive as follows: (a) grants vesting over time shall be fully vested on separation from service, (b) grants vesting based on performance shall be accelerated and fully vested on separation from service without regard to whether the performance targets are met for such performance period, and (c) the time to exercise nonqualified stock options shall be extended such that Executive's right to exercise such stock options shall continue until the first anniversary of the Executive's last date of employment, but in no event later than the expiration date of the options.

In the event of the termination of the Executive's employment by the Company without cause or by the Executive for good reason, within 90 days prior to or 12 months after a "change in control" (as defined in the agreement), then the Executive shall be entitled to (i) the severance payment described in the applicable paragraph above and (ii) equity, stock options and other incentive compensation awards (excluding any cash bonus attributable to performance in fiscal years that are not complete as of the Executive's last date of employment and any special bonus programs) granted by the Company to Executive, whether time vested or performance vested, shall, to the extent unvested, immediately vest, and such stock options shall remain exercisable by Executive for no less than 12 months after the date of such separation from service. Under such circumstances, the Executive may, at his option, and in lieu of receiving the forgoing amounts, elect to receive a lump sum payment in an amount equal to the product of 2.99 multiplied by the Executive's "base amount" (as defined in Internal Revenue Code Section 280G(b)(3) excluding payments under any special bonus programs); provided that the amount of this alternative payment shall be reduced by the value of acceleration of any equity, stock options, incentive compensation or deferred compensation accelerated by reason of termination to the extent required to be included in the "base amount" pursuant to Internal Revenue Code Section 280G.

In the event of the Executive's continued employment until the Executive Scheduled Retirement Date, he shall be entitled a lump sum stay bonus equal to his highest year out of the prior five years of total annual compensation, including (a) base salary, (b) bonuses and incentive compensation (excluding any special bonus programs), (c) the fair value of any stock, options or other equity grants whether vested or

not, and (d) the annualized value of all benefits and perquisites, payable in a single lump sum cash payment within 45 days of the Executive Scheduled Retirement Date.

Ajay Mehra's Employment Agreement

In April 2012, the Company entered into its current employment agreement with Mr. Mehra, which was effective as of January 1, 2012. Mr. Mehra's employment agreement was amended, effective as of May 1, 2015. Unless the agreement is terminated earlier in accordance with its terms, the agreement has a one year term that shall automatically be extended for successive one year periods, unless either party delivers notice of non-renewal to the other party at least 30 days prior to the end of the initial term or any renewal period then in effect. The employment agreement terminates on January 1 following the year in which Mr. Mehra turns 68. The agreement provides for an initial annual base salary of \$352,000, which shall increase to \$402,000 per year upon achievement of certain pre-established operating income metrics for the OSI Solutions Business. Mr. Mehra is also eligible to receive bonus payments from the bonus pool established by the Company for its officers and employees and to participate in incentive compensation and other employee benefit plans established by the Company. The agreement contains certain restrictive covenants and other prohibitions that protect the Company's proprietary and confidential information following termination and preclude Mr. Mehra during the term of the agreement and for 18 months thereafter from soliciting for hire any individual that was an executive, supervisor or manager of the Company on, or within 90 days prior to, Mr. Mehra's last date of employment with the Company. Mr. Mehra's agreement also contains a clawback provision whereby Mr. Mehra's incentive or performance based compensation shall be subject to reduction or repayment by reason of a correction or restatement of the Company's financial information if and to the extent such reduction or repayment is required by any applicable law.

Under the terms of the agreement, the Company may terminate Mr. Mehra's employment at any time for "cause" (as defined in the agreement), or for the following additional reasons: (i) in the event of Mr. Mehra's death; (ii) because of physical or mental incapacity or disability, failure to perform the essential functions of his position for an aggregate period of 180 days within any 12 month period; or (iii) without cause on 30 days written notice, each as further detailed in the agreement. Mr. Mehra may also terminate his employment agreement for "good reason" (as defined in the agreement) or at any time on 30 days written notice.

In the event of the termination of Mr. Mehra's employment on or prior to December 31, 2016 by the Company without cause, the Company's non-renewal of Mr. Mehra's employment agreement or the termination of such employment by Mr. Mehra for good reason, he shall be entitled to: (i) an amount equal to 24 months salary at his then-current base salary plus an amount equal to two times the average of the highest three annual bonuses (excluding any special bonus programs) paid by the Company to Mr. Mehra in the five years preceding such termination; (ii) continuation of Mr. Mehra's car usage or allowance payments for a period of six months after separation from service; (iii) an allowance of \$6,000 for outplacement services; and (iv) acceleration of vesting of all stock options, equity grants and other incentive compensation awards (excluding any cash bonus attributable to performance in fiscal years that are not complete as of Mr. Mehra's last date of employment and any special bonus programs) from the Company to Mr. Mehra as follows: (a) grants vesting over time shall be fully vested on separation from service, (b) grants vesting based on performance shall be accelerated and fully vested on separation from service without regard to whether the performance targets are met for such performance period, and (c) the time to exercise nonqualified stock options shall be extended such that Mr. Mehra's right to exercise such stock options shall continue until the first anniversary of his last date of employment, but in no event later than the expiration date of the options.

In the event of the termination of Mr. Mehra's employment after December 31, 2016 by the Company without cause, the Company's non-renewal of Mr. Mehra's employment agreement or the termination of such employment by Mr. Mehra for good reason, he shall be entitled to: (i) an amount equal to two times

his total cash compensation (defined as base salary and annual discretionary bonus earned during the 12 calendar months immediately preceding termination plus the cash equivalent of any awards under the Turnkey Solutions Incentive Program earned during the six calendar months immediately preceding a termination occurring in 2017, annualized, or during the 12 calendar months immediately preceding a termination occurring in 2018 or thereafter), (ii) continuation of Mr. Mehra's car usage or allowance payments for a period of six months after separation from service; (iii) an allowance of \$6,000 for outplacement services; and (iv) acceleration of vesting of all stock options, equity grants and other incentive compensation awards (excluding any cash bonus attributable to performance in fiscal years that are not complete as of Mr. Mehra's last date of employment and any special bonus programs) from the Company to Mr. Mehra as follows: (a) grants vesting over time shall be fully vested on separation from service, (b) grants vesting based on performance shall be accelerated and fully vested on separation from service without regard to whether the performance targets are met for such performance period, and (c) the time to exercise nonqualified stock options shall be extended such that Mr. Mehra's right to exercise such stock options shall continue until the first anniversary of his last date of employment, but in no event later than the expiration date of the options.

In the event of the termination of Mr. Mehra's employment by the Company without cause or by Mr. Mehra for good reason, within 90 days prior to or 12 months after a "change in control" (as defined in the agreement), then Mr. Mehra shall be entitled to (i) the severance payment described in the applicable paragraph above and (ii) equity, stock options and other incentive compensation awards (excluding any cash bonus attributable to performance in fiscal years that are not complete as of Mr. Mehra's last date of employment and any special bonus programs) granted by the Company to Mr. Mehra, whether time vested or performance vested, shall, to the extent unvested, immediately vest, and such stock options shall remain exercisable by Mr. Mehra for no less than 12 months after the date of such separation from service (the "Change in Control Payment"). Under such circumstances (i) if the change in control occurs on or before December 31, 2016, Mr. Mehra may, at his option, and in lieu of receiving the forgoing amounts, elect to receive a lump sum payment in an amount equal to the product of 2.99 multiplied by Mr. Mehra's "base amount" (as defined in Internal Revenue Code Section 280G(b)(3) excluding payments under any special bonus programs); provided that the amount of this alternative payment shall be reduced by the value of acceleration of any equity, stock options, incentive compensation or deferred compensation accelerated by reason of termination to the extent required to be included in the "base amount" pursuant to Internal Revenue Code Section 280G (the "Alternative Payment"); and (ii) if the change in control occurs after December 31, 2016, Mr. Mehra shall receive the lesser of the Change in Control Payment or the Alternative Payment.

Potential Payment upon Termination of Employment or Change in Control

The following tables reflect the breakdown of potential payments and benefits upon termination or a change in control required under the Named Executive Officers' current employment agreements. The tables therefore assume that the terms of the employment agreement to which each Named Executive Officer is currently subject had been in effect on June 30, 2015, and that employment terminated on such date. The tables also assume that the price of the Company's Common Stock, on which certain calculations in the following tables are made, was the closing price of the Company's Common Stock on June 30, 2015, the last business day of the fiscal year (\$70.79).

Please also note that regardless of the manner in which a Named Executive Officer's employment terminates, the officer is entitled to receive amounts earned during the term of employment. These amounts, which are not included in the following tables, include: (i) regular salary accrued as of the final date of employment; (ii) bonuses accrued as of the final date of employment; (iii) vacation and paid time off accrued as of the final date of employment; (iv) business expense reimbursements not yet paid as of the final date of employment; and (v) amounts contributed under the Company's qualified and nonqualified deferred compensation plans.
