FORWARD-LOOKING STATEMENTS

This Form 10-K contains or incorporates by reference statements concerning future results and other matters that may be deemed to be "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. The ServiceMaster Company ("ServiceMaster") intends that these forward-looking statements, which look forward in time and include everything other than historical information, be subject to the safe harbors created by that legislation. ServiceMaster notes that these forward-looking statements involve risks and uncertainties that could affect its results of operations, financial condition or cash flows. Factors that could cause actual results to differ materially from those expressed or implied in a forward-looking statement include the following, among others:

- o weather conditions that affect the demand for ServiceMaster's services;
- o changes in competition in the markets served by ServiceMaster;
- o labor shortages or increases in wage rates;
- o unexpected increases in operating costs, such as higher insurance premiums, self-insurance and healthcare claims costs;
- o higher fuel prices;
- o changes in the types or mix of service offerings or products;
- o increased governmental regulation, including telemarketing;
- o general economic conditions in the United States, especially as they may affect home sales or consumer spending levels; and
- o other factors described from time to time in documents filed by ServiceMaster with the Securities and Exchange Commission.

PART I

ITEM 1. BUSINESS

ServiceMaster is a national service company serving both residential and

Edgar Filing: SERVICEMASTER CO - Form 10-K

commercial customers. ServiceMaster's services include lawn care and landscape maintenance; termite and pest control; home warranty and home inspection services; plumbing, drain cleaning, heating, ventilation, air conditioning and electrical services; and cleaning, disaster restoration and furniture repair. As of December 31, 2004, ServiceMaster provided these services through a network of over 5,400 company-owned and franchised locations operating under the following leading brands: TruGreen ChemLawn, TruGreen LandCare, Terminix, American Home Shield, AmeriSpec, ARS Service Express, Rescue Rooter, American Mechanical Services, Merry Maids, ServiceMaster Clean and Furniture Medic. Incorporated in Delaware in 1991, ServiceMaster is the successor to various entities dating back to 1947.

ServiceMaster is organized into five principal operating segments: TruGreen; Terminix; American Home Shield; American Residential Services and American Mechanical Services; and Other Operations. All ServiceMaster subsidiaries are wholly owned, except for The Terminix International Company L.P., in which Allied Bruce-Terminix Companies, Inc. is a Class B limited partner. The financial information for each operating segment for 2002, 2003 and 2004 contained in the Notes to the Consolidated Financial Statements included in ServiceMaster's Annual Report to Shareholders for the year ended December 31, 2004 ("Annual Report to Shareholders for 2004") is incorporated by reference in this Form 10-K.

4

SERVICES

The following table shows the percentage of ServiceMaster's consolidated revenue from continuing operations derived from each of ServiceMaster's operating segments in the years indicated:

| Segment | 2004 | 2003 |
|--|------|------|
| TruGreen | 38% | 38% |
| Terminix | 27% | 26% |
| American Home Shield | 13% | 13% |
| American Residential Services and American Mechanical Services | 18% | 19% |
| Other Operations | 4% | 4% |

TruGreen Segment

The TruGreen segment provides lawn care services primarily under the TruGreen ChemLawn brand name and landscape maintenance services primarily under the TruGreen LandCare brand name, in each case, to residential and commercial customers. Revenues derived from the TruGreen segment constituted 38%, 38% and 37% in 2004, 2003 and 2002, respectively, of the revenue from continuing operations of the consolidated ServiceMaster enterprise. The TruGreen ChemLawn and TruGreen LandCare businesses are seasonal in nature. Weather conditions, such as a drought, affect the demand for lawn care and landscape maintenance services and may result in a decrease in revenues or an increase in costs.

TruGreen ChemLawn. TruGreen ChemLawn is a leading provider of lawn care

Edgar Filing: SERVICEMASTER CO - Form 10-K

services in the United States serving both residential and commercial customers. As of December 31, 2004, TruGreen ChemLawn provided these services in 46 states and the District of Columbia through 206 company-owned locations and 51 franchised locations. As of December 31, 2004, TruGreen ChemLawn also provided lawn care services through a subsidiary in Canada and had entered into licensing arrangements to provide these services in nine other countries, primarily in the Middle East. In April 2004, TruGreen ChemLawn acquired the assets of Greenspace Services Limited from FirstService Corporation. Greenspace Services Limited is Canada's largest professional lawn care services company.

TruGreen LandCare. TruGreen LandCare is a leading provider of landscape maintenance services in the United States serving both residential and commercial customers. As of December 31, 2004, TruGreen LandCare provided these services in 36 states and the District of Columbia through 104 company-owned locations and had no international operations.

Terminix Segment

The Terminix segment provides termite and pest control services primarily under the Terminix brand name to residential and commercial customers. Revenues derived from the Terminix segment constituted 27%, 26% and 26% in 2004, 2003 and 2002, respectively, of the revenue from continuing operations of the consolidated ServiceMaster enterprise. The Terminix business is seasonal in nature. The termite swarm season, which generally occurs in early spring but varies by region depending on climate, leads to the highest demand for termite control services and therefore the highest level of revenues. Similarly, increased pest activity in the warmer months leads to the highest demand for pest control services and therefore the highest level of revenues.

Terminix is a leading provider of termite and pest control services in the United States serving both residential and commercial customers. As December 31, 2004, Terminix provided these services in 47 states and the District of Columbia through 347 company-owned locations and 136 franchised locations. As of December 31, 2004, Terminix also provided termite and pest control services through a subsidiary in Mexico and had entered into licensing arrangements to provide these services in 29 other countries, primarily in the Caribbean and the Middle East.

5

American Home Shield Segment

The American Home Shield segment provides home warranty contracts for systems and appliances primarily under the American Home Shield brand name and home inspection services primarily under the AmeriSpec brand name, in each case, to residential customers. Revenues derived from the American Home Shield segment constituted 13%, 13% and 12% in 2004, 2003 and 2002, respectively, of the revenue from continuing operations of the consolidated ServiceMaster enterprise. The American Home Shield and AmeriSpec businesses are seasonal in nature. Sales volume in the American Home Shield segment depends, in part, on the number of home resale closings, which historically has been highest in the spring and summer months. American Home Shield's costs related to service call volume is highest in the summer months, especially during periods of unseasonably warm temperatures.

American Home Shield. American Home Shield is a leading provider of home warranty contracts for systems and appliances in the United States. contracts through independent repair contractors and American Residential Services. As of December 31, 2004, American Home Shield issued and administered home warranty contracts in 49 states and the District of Columbia and had no international operations.

AmeriSpec. AmeriSpec is a leading provider of home inspection services in the United States serving residential customers. As of December 31, 2004, AmeriSpec provided these services in 47 states and the District of Columbia through two company-owned locations and 231 franchised locations, and AmeriSpec also provided home inspection services through a subsidiary in Canada.

American Residential Services and American Mechanical Services Segment

The American Residential Services and American Mechanical Services segment provides plumbing, drain cleaning, heating, ventilation, air conditioning and electrical services primarily under the ARS Service Express, American Mechanical Services and Rescue Rooter brand names to residential and commercial customers. Other Operations Segment

The Other Operations segment provides residential and commercial disaster restoration and cleaning services primarily under the ServiceMaster and ServiceMaster Clean brand names, domestic house cleaning services primarily under the Merry Maids brand name and on-site furniture repair and restoration services primarily under the Furniture Medic brand name. The Other Operations segment also includes ServiceMaster's headquarters functions. Edgar Filing: SERVICEMASTER CO - Form 10-K

respectively. Franchise agreements made in the course of these businesses are generally for a term of five years. ServiceMaster renews the majority of its franchise agreements prior to their expiration.

7

COMPETITION

ServiceMaster competes with many other companies in the sale of its services, franchises and products. The principal methods of competition in ServiceMaster's businesses include quality of service, name recognition, pricing, assurance of customer satisfaction and reputation.

Lawn Care Services. Competition in the market for lawn care services is strong, coming mainly from local, independently owned firms and from homeowners who care for their own lawns.

Landscape Maintenance Services. Competition in the market for landscape maintenance services is strong, coming mainly from small, owner-operated companies operating in a limited geographic market and, to a lesser degree, from a few large companies operating in multiple markets, and from property owners who perform their own landscaping services.

Termite and Pest Control Services. Competition in the market for termite and pest control services is strong, coming mainly from thousands of regional and local, independently owned firms, from homeowners who treat their own termite and pest control problems and from Orkin, Inc. which operates on a national basis.

Home Warranty Contracts for Systems and Appliances. Competition in the market for home warranty contracts for systems and appliances is strong, coming mainly from regional providers of home warranties. Several competitors are initiating expansion efforts into additional states. American Home Shield competes with these companies for access to real estate brokers, financial institutions and insurance agents that distribute its home warranty contracts.

Home Inspection Services. Competition in the market for home inspection services is strong, coming mainly from regional and local, independently owned firms.

Edgar Filing: SERVICEMASTER CO - Form 10-K

MAJOR CUSTOMERS

ServiceMaster has no single customer that accounts for more than 10% of its consolidated operating revenue. Additionally, no operating segment has a single customer that accounts for more than 10% of its operating revenue. None of ServiceMaster's operating segments is dependent on a single customer or a few customers, the loss of which would have a material adverse effect on the segment.

8

REGULATORY COMPLIANCE

Government Regulations. ServiceMaster's operating segments are subject to various federal, state and local laws and regulations, compliance with which increases ServiceMaster's operating costs, limits or restricts the services provided by ServiceMaster's operating segments or the methods by which ServiceMaster's operating segments sell those services or conduct their respective businesses, or subjects ServiceMaster and its operating segments to the possibility of regulatory actions or proceedings.

These federal and state laws include laws relating to consumer protection, wage and hour regulations, permit and license requirements, workers' safety (e.g., the Occupational Safety and Health Act), environmental regulations and employee benefits (e.g., the Consolidated Omnibus Budget Reconciliation Act of 1985 and the Employee Retirement Income Security Act of 1974). The TruGreen, Terminix and American Residential Services and American Mechanical Services segments must also meet the Department of Transportation and Federal Motor Carrier Safety Administration requirements with respect to their fleets of vehicles. American Home Shield is regulated by the Department of Insurance in certain states and the Real Estate Commission in Texas.

Consumer Protection and Telemarketing Matters. ServiceMaster is subject to numerous federal and state laws and regulations designed to protect consumers, including laws governing consumer privacy and fraud, the collection and use of consumer data, telemarketing and other forms of solicitation. Noncompliance with these laws and regulations can subject ServiceMaster to fines or various forms of civil or criminal prosecution, any of which could have an adverse effect on its financial condition, results of operations and cash flows.

The telemarketing rules adopted by the Federal Communications Commission pursuant to the Federal Telephone Consumer Protection Act and the Federal Telemarketing Sales Rule issued by the Federal Trade Commission govern ServiceMaster's telephone sales practices. In addition, many states have adopted statutes and regulations targeted at direct telephone sales activities. The implementation of do-not-call lists requires TruGreen, and, to a lesser extent, ServiceMaster's other operating segments, to seek additional marketing methods and channels.

Franchise Matters. TruGreen ChemLawn, Terminix, ServiceMaster Clean, Merry Maids, AmeriSpec and Furniture Medic are subject to various federal and state laws and regulations governing franchise sales and marketing and franchise trade practices generally, including applicable rules and regulations of the Federal Trade Commission. These laws and regulations generally require disclosure of business information in connection with the sale of franchises. Certain state regulations also affect the ability of the franchisor to revoke or refuse to renew a franchise. ServiceMaster seeks to comply with regulatory requirements and deal with franchisees in good faith. From time to time, ServiceMaster and

Edgar Filing: SERVICEMASTER CO - Form 10-K

one or more franchisees may become involved in a dispute regarding the franchise relationship, including, among other things, payment of royalties, location of branches, advertising, purchase of products by franchisees, compliance with ServiceMaster standards and franchise renewal criteria. There can be no assurance that compliance problems will not be encountered from time to time or that material disputes with one or more franchisees will not arise.

Environmental Matters. ServiceMaster's businesses are subject to various federal, state and local laws and regulations regarding environmental matters. Terminix, TruGreen ChemLawn and TruGreen LandCare are regulated under many federal and state environmental laws, including the Comprehensive Environmental Response, Compensation and Liability Act of 1980, the Superfund Amendments and Reauthorization Act of 1986, the Federal Environmental Pesticide Control Act of 1972, the Federal Insecticide, Fungicide and Rodenticide Act of 1947, the Resource Conservation and Recovery Act of 1976, the Emergency Planning and Community Right-to-Know Act of 1986, the Oil Pollution Act of 1990 and the Clean Water Act of 1977. American Residential Services and American Mechanical Services are also regulated under many federal and state environmental laws, including the Comprehensive Environmental Response, Compensation and Liability Act of 1980, the Superfund Amendments and Reauthorization Act of 1986, the Resource Conservation and Recovery Act of 1976, the Emergency Planning and Community Right-to-Know Act of 1986, the Clean Water Act of 1977 and the Clean Air Act of 1970. ServiceMaster cannot predict the effect on its operations of possible future environmental legislation or regulations. During 2004, there were no material capital expenditures for environmental control facilities, and no such material expenditures are anticipated in 2005.
