NASB Financial, Inc. is unable to file timely its Form 10-Q for the quarter ended December 31, 2009, because more time is needed to complete its evaluation of its investment in LLCs for possible impairment. The Company has an investment in an LLC consisting of its 50% ownership interest in an entity that was formed for the purpose of developing land for residential real estate sales. Due to the economic downturn, sales of lots have not met previous expectations. As a result, the Company is evaluating its investment, which is accounted for using the equity method of accounting, to determine if its investment is impaired. The Company's investment in the LLC, prior to any impairment, is approximately \$19 million at December 31, 2009.

SEC 1344 (05-06) Persons who are to respond to the collection of information contained in this form are not required to respond unless the form displays a currently valid OMB control number.
