ITEM 2.01 COMPLETION OF ACQUISITION OR DISPOSITION OF ASSETS.

Effective January 3, 2011, Cross Border Resources, Inc. (formerly Doral Energy Corp.) (the Company) completed the acquisition of Pure Energy Group, Inc. (Pure Sub) as contemplated pursuant to the Agreement and Plan of Merger dated December 2, 2010 (the Pure Merger Agreement) among the Company, Doral Acquisition Corp., the Company's wholly owned subsidiary (Doral Sub), Pure Gas Partners II, L.P. (Pure) and Pure Sub, a wholly owned subsidiary of Pure L.P. (Pure Sub and Pure L.P. being collectively referred to herein as the Pure Energy Group).

Pursuant to the provisions of the Pure Merger Agreement, all of Pure L.P.'s oil and gas assets were transferred to Pure Sub. Pure Sub was then merged with and into Doral Sub, with Doral Sub continuing as the surviving corporation (the Pure Merger). Upon completion of the Pure Merger, the outstanding shares of Pure Sub were converted into an aggregate of 9,981,536 shares of the Company's common stock. As a result of the Pure Merger, Pure L.P. owns approximately 80% of the Company's total outstanding shares on a fully diluted basis, with the Company's previous stockholders owning the remaining 20%.

Upon closing of the Pure Merger, Lawrence J. Risley, Richard F. LaRoche Jr. and John Hawkins were appointed to the Company's Board of Directors as nominees of the Pure Energy Group. Mr. Risley was also appointed as the Company's President and Chief Operating Officer and P. Mark Stark was appointed as the Company's Chief Financial Officer and Treasurer. Everett Willard Gray, II continues to act as the Company's Chief Executive Officer and Chairman of the Company's Board of Directors. Brad E. Heidelberg continues to serve on the Company's Board of Directors.

Effective January 4, 2011, following closing of the Pure Merger, Doral Sub was merged with and into the Company, with the Company continuing as the surviving corporation. Upon completing the merger of Doral Sub with and into the Company, the Company changed its name to Cross Border Resources, Inc. No other amendments were made to the Company's Articles of Incorporation.

As a result of the completion of the merger of Pure Sub and Doral Sub, the Company has acquired all of the oil and gas properties and assets of the Pure Energy Group, including rights to approximately 800,000 gross (270,000 net) mineral and lease acres located in New Mexico. Approximately 99% of this acreage consists of either owned mineral rights or leases held by production.

A copy of the Company's press release announcing closing of the transaction is attached as an exhibit to this report.

ITEM 2.03 CREATION OF A DIRECT FINANCIAL OBLIGATION OR AN OBLIGATION UNDER AN OFF-BALANCE SHEET ARRANGEMENT OF A REGISTRANT.

Upon completion of the Pure Merger, effective January 3, 2011, and the merger of Doral Sub into the Company, effective January 4, 2011, in addition to acquiring all of the rights, properties and assets of Pure Sub, the Company assumed all of the debts, liabilities and obligations of Pure Sub, including the rights and obligations of Pure Sub under the 7 1/2% Debentures, Series 2005 (the Pure Debentures) issued by the Pure Energy Group in March 2005. The Pure Debentures mature on March 1, 2015, with interest accruing at a rate of 7 1/2% per annum, payable on March 1 and September 1 of each year (each a Payment Date). As of the date of the Pure Merger, there were approximately \$4,050,000 in principal outstanding on the Pure Debentures. The following is a brief summary of the material terms of the Pure Debentures. The following description of the Pure Debentures does not purport to be complete, and is qualified in its entirety by reference to the full text of the Indenture of Trust for the Pure Debentures, dated as of March 1, 2005 (the Indenture) which is attached as Exhibit 4.1 to this report and is incorporated by reference herein. Pure L.P. continues to be a party to, and obligated under the terms of, the Pure Debentures.

The Pure Debentures are 7 1/2% Debentures maturing on March 1, 2015, and are each dated their date of issue. The Pure Debentures were originally issued jointly by Pure L.P. and Pure Sub at 96.608% of par value. Interest-only

payments on the Pure Debentures were paid semi-annually by the Pure Energy Group through March 1, 2008. Since September 1, 2008, semi-annual interest and mandatory principal payments (the mandatory sinking fund redemptions) have been made in accordance with the mandatory sinking fund redemption payments discussed below.

The Pure Debentures were issued under the Indenture between the Pure Energy Group and First Security Bank, Searcy, Arkansas, as the trustee ("Trustee"). The proceeds of the Pure Debentures were used to finance (i) the final payments of the Pure Energy Group pursuant to their Second Plan of Reorganization approved by the United States Bankruptcy Court, Western District of Texas, San Antonio Division, on December 2, 2002 (the Court Case); (ii) to pay off the outstanding balance of their then operating line of credit; (iii) to provide working capital for the Pure Energy Group; and (iv) to fund capitalized interest on the Pure Debentures through September 1, 2005. The Pure Debentures are direct general obligations, initially secured by funds transferred to the Trustee under the Indenture and by a subordinate lien on the revenues of the Pure Energy Group, subject and subordinate to the superior lien in favor of Texas Capital Bank N.A., securing the Pure Energy Group's existing operating line of credit. The Pure Debentures are *not* secured by a pledge of or lien upon any specific item of property, real or personal, of the Pure Energy Group or the Company. The Pure Debentures are not rated.

Optional Redemption of Pure Debentures

The Pure Debentures are subject to redemption at the option of the Pure Energy Group, in part on any Payment Date and in whole at any time, at a redemption price as set forth in the table below, plus accrued interest to such date, which date shall be the first day of the month, or Payment Date (as applicable), succeeding such direction from the Pure Energy Group for which notice of redemption may be given:

March 1, 2010, through February 28, 2011	101%

In case of any such optional redemption, the Pure Energy Group shall, at least thirty (30) calendar days prior to the redemption date (unless a shorter notice shall be satisfactory to debenture trustee (the Trustee)), deliver a written request notifying the Trustee of such redemption date and of the principal amount of the Pure Debentures to be redeemed.

Mandatory Sinking Fund Redemption.

The Pure Debentures are subject to mandatory sinking fund redemption prior to maturity in part, with the Pure Debentures to be redeemed being selected by lot by the Trustee in such manner as the Trustee may determine. The mandatory sinking fund redemption price is equal to one hundred percent (100%) of the principal amount of the Pure Debentures to be redeemed, plus accrued interest to the date fixed for redemption, without premium, in the amounts and on the dates as follows:

The Pure Energy Group has the option to receive credit for any previous redemptions made by it (other than a mandatory sinking fund redemption) against the mandatory sinking fund redemption amounts to be made as described above. To exercise this right, the Pure Energy Group must provide the Trustee with notice at least 30 days prior to the particular mandatory sinking fund redemption date.

Extraordinary Redemption.

The Pure Debentures are subject to extraordinary optional redemption (which redemption shall be mandatory in the circumstances provided below) as a whole or in part upon the occurrence of any of the following events with respect to the Pure Energy Group's facilities, at a redemption price equal to the principal amount of the Pure Debentures then outstanding to be so redeemed, plus accrued interest to the date fixed for such redemption (which date shall be the earliest practicable date in accordance with the Indenture) and without premium:

- (a) Any one of the Pure Energy Group's production wells or other facilities, or any part thereof, is so demolished, destroyed or damaged that, in the commercially reasonable judgment of the Pure Energy Group, all or a portion of the well or facility cannot be restored or rebuilt with available funds to a profitable condition within the term of business interruption insurance covering the operations of the Pure Energy Group and the net proceeds resulting from such casualty are more than the lesser of \$500,000 or the outstanding principal amount of all Pure Debentures;
- (b) All or a portion of the Pure Energy Group's production wells or other facilities shall have been taken under the exercise of the power of eminent domain by any governmental authority or so much of the Pure Energy Group's wells or facilities is taken or is so diminished in value that the remainder thereof cannot, in the judgment of the Pure Energy Group, continue to be operated profitably for the purpose for which it was being used immediately prior to such taking or diminution and the proceeds resulting from such condemnation are more than the lesser of \$500,000 or the outstanding principal amount of all Pure Debentures;
- (c) On any date upon not less than ninety (90) calendar days' prior written notice in the event of the occurrence of a Change in Control, unless waived by Pure Debenture holders of not less than seventy-five percent (75%) of the Pure Debentures outstanding. The term "Change in Control" means the happening of any one or more of the following events:
 - (i) Approval by the shareholders of Pure Sub (now the Company) or the partners of Pure L.P., of the acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934 (the "Exchange Act"), excluding, for this purpose, the present shareholders or partners of the Pure Energy Group, individually or as a member of a group, of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of fifty percent (50%) or more of either the then outstanding Voting Securities (meaning, the shares of common stock of the Pure Energy Group entitled to vote) or the combined voting power of the Pure Energy Group's then outstanding Voting Securities entitled to vote generally in the election of the board of directors of the Pure Energy Group (the Board");
 - (ii) Individuals who, as of the Effective Date, constitute the Board (herein called the "Incumbent Board"), cease for any reason to constitute at least a majority of the Board; *provided, that*, any person becoming a member of the Board subsequent to the effective date of the Indenture (the Effective Date) whose election, or nomination for election by the shareholders of Pure Sub or the partners of Pure L.P., was approved by a vote of at least a majority of the Voting Securities of the Pure Energy Group entitled to vote thereon (other than an election or nomination of an individual whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of the Board, as such term is used in Rule 14a-11 of Regulation 14A promulgated under the Exchange Act) shall be, considered as though such person were a member of the Incumbent Board;
 - (iii) Approval by the shareholders of Pure Sub or the partners of Pure L.P., of a reorganization, merger or consolidation of the Pure Energy Group, in each case, with respect to which persons who were the

shareholders or partners of the Pure Energy Group, immediately prior to such reorganization, merger or consolidation do not, immediately thereafter, own more than fifty percent (50%) of the Voting Securities or combined voting power entitled to vote generally in the election of directors, as the case may be, of the reorganized, merged or consolidated entity's then outstanding Voting Securities;
or

- (iv) Approval by the shareholders of Pure Sub or the partners of Pure L.P., of liquidation or dissolution of, or the sale, lease, exchange or other disposition of all or substantially all of the assets of, the Pure Energy Group.

If any of the circumstances described in subsections (a), (b) and (c) above occurs within six (6) months of the final maturity of the Pure Debentures, all Pure Debentures must be redeemed on the earliest practicable date at a price equal to the principal amount thereof plus interest accrued to the redemption date.

The Pure Merger did not constitute a Change of Control described above as the shareholders and limited partners of the Pure Energy Group owned more than fifty percent (50%) of the Company's voting securities immediately after giving effect to the Pure Merger. Notice was given to the Trustee as required under the Indenture and the Company, by virtue of the Pure Merger has, assumed the rights, liabilities and obligations of Pure Sub for the Pure Debentures.

ITEM 3.02 UNREGISTERED SALES OF EQUITY SECURITIES.

Issuance of Securities to Pure

Effective January 3, 2011, in connection with the closing of the Pure Merger, the Company issued an aggregate of 9,981,536 shares of the Company's common stock to Pure L.P. These shares were issued in reliance of Rule 506 of Regulation D of the Securities Act of 1933, as amended (the Securities Act). Pure L.P. represented that it was an accredited investor as defined under Regulation D of the Securities Act.

Conversion of Pure Debentures

Effective January 5, 2011, the Company agreed to convert Pure Debentures in the principal amount of \$25,000 into shares of the Company's common stock at a conversion price of \$4.00 per share. In addition, for each share of common stock issued, the Company issued, for no additional consideration, one-half of one non-transferrable share purchase warrant. As a result, the Company has agreed to issue an aggregate of 6,250 shares of its common stock and 3,125 Warrants. Each full share purchase warrant (each a Warrant) entitles the holder to purchase one additional share of the Company's common stock (each a Warrant Share) at a price of \$5.00 per share for a period of two and one-half (2½) years. The Company has the right to redeem the Warrants at a price of \$0.001 per Warrant Share if, at any time, the closing price of the Company's common stock on the principal market or exchange on which that stock trades equals or exceeds \$7.50 per share for 10 consecutive trading days and there is an effective registration statement filed with the Securities and Exchange Commission in respect of the resale of the Warrant Shares. To exercise this right, the Company must provide the warrant holder with at least 20 days prior written notice of the Company's intention to exercise the redemption right. The shares and Warrants were issued in reliance of Rule 506 of Regulation D of the Securities Act. The Company received representations from the Pure Debenture holder that it is an accredited investor as defined under Regulation D of the Securities Act.

ITEM 4.01 CHANGES IN REGISTRANT'S CERTIFYING ACCOUNTANT

The merger and acquisition of Pure Sub is expected to be treated as a reverse acquisition for financial reporting and accounting purposes. As a result, it is expected that Pure Sub will be treated as the accounting acquirer for financial reporting and accounting purposes. As such, effective January 6, 2011, the Company engaged Darilek, Butler & Associates PLLC (Darilek, Butler), the principal independent accountants for the Pure Energy Group, as the Company's principal independent accountants, and dismissed MaloneBailey, LLP (MaloneBailey) as the Company's principal independent accountants. The engagement of Darilek, Butler and the dismissal of MaloneBailey was approved by the Company's Board of Directors.

Engagement of New Principal Independent Accountants

Prior to their engagement as the Company's principal independent accountants, the Company did not consult with Darilek, Butler on any of the following matters:

- (a) The application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements; or
- (b) Any matter that was the subject of a disagreement with the Company's former independent principal accountants or a reportable event described in Item 304(a)(1)(v) of Regulation S-K.

Dismissal of Former Principal Independent Accountants

MaloneBailey's reports on the Company's financial statements for the Company's two most recent fiscal years preceding the Pure Merger (fiscal years ended July 31, 2010 and July 31, 2009) did not contain an adverse opinion or disclaimer of opinion, nor were they modified or qualified as to uncertainty, audit scope or accounting principles with the exception of a statement regarding the uncertainty of the Company's ability to continue as a going concern.

There have been no disagreements between the Company and MaloneBailey on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of MaloneBailey, would have caused them to make reference to the subject matter of the disagreement in connection with their reports for the Company's two most recent fiscal years preceding the Pure Merger and any subsequent interim period (the Relevant Periods).

During the fiscal years ended July 31, 2009 and July 31, 2010, MaloneBailey advised the Company that its internal controls over financial reporting (Internal Controls) were not effective as of those dates. The Company's Internal Controls were not effective as of July 31, 2009 due to the Company incorrectly valuing a net profit overriding royalty granted to Macquarie Bank Limited (Macquarie) in connection with the Company's Senior First Lien Secured Credit Agreement with Macquarie during the Company's fiscal year ended July 31, 2008. The Company's Internal Controls were not effective as of July 31, 2010 due to limited personnel and a lack of segregation of duties. In connection with preparing the Company's report over Internal Controls for the fiscal year ended July 31, 2010, the Company discovered that, due to the difficulty experienced by management in applying complex accounting standards, the Company's control environment was dependent upon a review function and the ability to recognize and obtain assistance for complex transactions, which did not exist at that time. The ineffectiveness of the Company's Internal Controls during the fiscal year ended July 31, 2010 resulted in adjustments related to the recording of stock based compensation and purchase price adjustment.

On October 21, 2010, the Company's management and Board of Directors, after discussions with MaloneBailey, concluded that the Company's unaudited financial statements for the interim period ended April 30, 2010 (the Q3 2010 Financial Statements) could no longer be relied upon. The Company's management and Board of Directors, after discussions with MaloneBailey, concluded that the accounting treatment of assets held for sale reported in the Q3 2010 Financial Statements was the incorrect accounting treatment and that the sale of the properties reported for the period ended April 30, 2010 did not meet the criteria for assets held for sale or discontinued operations. This accounting treatment was corrected and resolved to the satisfaction of MaloneBailey in the Company's audited financial statements for the fiscal year ended July 31, 2010 included with the Company's annual report on Form 10-K filed with the Securities and Exchange Commission on November 15, 2010. The Company is in the process of preparing restated Q3 2010 Financial Statements to reflect the appropriate accounting treatment, but such restated financial statements had not been prepared and filed with the Securities and Exchange Commission at the time of MaloneBailey's dismissal.

The Company has authorized MaloneBailey to respond fully to any inquiries by Darilek, Butler concerning the events described above.

The Company will provide MaloneBailey with a copy of this report and will request that MaloneBailey provide a letter addressed to the Securities and Exchange Commission stating whether or not they agree with the disclosures provided above in this Item 4.01 of this report.

ITEM 5.01 CHANGES IN CONTROL OF REGISTRANT.

Effective January 3, 2011, upon completion of the Pure Merger described above, the Company issued an aggregate of 9,981,536 shares of the Company's common stock to Pure L.P. As a result, Pure L.P. now owns approximately 80% of the Company's total issued and outstanding shares of common stock on a fully diluted basis, resulting in a change in control of the Company.

Pursuant to the Pure Merger Agreement, upon closing of the Pure Merger, Lawrence J. Risley, Richard F. LaRoche Jr. and John Hawkins were appointed to the Company's Board of Directors as nominees of the Pure Energy Group.
