We are a "foreign private issuer" as defined in Rule 3b-4 under the Exchange Act and in Rule 405 under the U.S. Securities Act of 1933, as amended (the "Securities Act"). Our equity securities are accordingly exempt from Sections 14(a), 14(b), 14(c), 14(f) and 16 of the Exchange Act pursuant to Rule 3a12-3.

CAUTIONARY NOTE REGARDING differences in united states and canadian reporting practices

We are permitted, under a multi-jurisdictional disclosure system adopted by the United States and Canada, to prepare this Annual Report in accordance with Canadian disclosure requirements, which are different from those of the United States.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS AND INFORMATION

The information presented or incorporated by reference in this report contains both historical information and "forward-looking statements" (within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act) or "forward-looking information" (within the meaning of applicable Canadian securities laws) (collectively referred to herein as "forward-looking statements") that may state our intentions, hopes, beliefs, expectations or predictions for the future. Such forward-looking statements include, without limitation, statements with respect to the collection of future payments under the Settlement Agreement and/or collection of the Award via the courts, including the impact of applicable U.S. and Canadian Sanctions, development plans for the Siembra Minera Project and our intention to complete the Return of Capital Transaction (collectively, as defined herein).

Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by us at this time, are inherently subject to significant business, economic and competitive uncertainties and contingencies that may cause our actual financial results, performance or achievements to be materially different from those expressed or implied herein and many of which are outside our control.

Forward-looking statements involve risks and uncertainties, as well as assumptions, including those set out herein, that may never materialize, prove incorrect or materialize other than as currently contemplated which could cause our results to differ materially from those expressed or implied by such forward-looking statements. The words "believe,"

Edgar Filing: GOLD RESERVE INC - Form 40-F

"anticipate," "expect," "intend," "estimate," "plan," "may," "could" and other similar expressions that are predictions of or indicate future events and future trends, which do not relate to historical matters, identify forward-looking statements. Any such forward-looking statements are not intended to provide any assurances as to future results.

Form 40-F – Page 2

Numerous factors could cause actual results to differ materially from those described in the forward-looking statements, including, without limitation:

- continued delay or failure by the Bolivarian Republic of Venezuela ("Venezuela") to make payments or otherwise honor its commitments under the settlement agreement whereby Venezuela agreed to pay us damages pursuant to an International Centre for the Settlement of Investment Disputes ("ICSID") judgment totaling \$713 million in damages, plus pre-award interest and legal costs and expenses (the "Award") and purchase our mining data, previously compiled in association with our development of the Brisas Project (the "Mining Data") for \$792 million and \$240 million, respectively, for a total of approximately \$1.032 billion (as amended, the "Settlement Agreement");
- risk that the Company may be unable to access current or future amounts deposited into a trust account for the benefit of the Company at Banco de Desarrollo Económico y Social de Venezuela ("Bandes Bank") (the "Trust Account") which have been blocked as a result of the US Treasury Department's Office of Foreign Assets Control ("OFAC") designation of Bandes Bank as a Specially Designated National ("SDN") pursuant to an Executive Order ("EO"). As a result of the Bandes Bank designation, the Company recorded an impairment loss on the current balance of the trust of approximately \$21.5 million;
- delay or failure by Venezuela to honor its commitments associated with the formation and operation of Empresa Mixta Ecosocialista Siembra Minera, S.A. ("Siembra Minera") which holds certain gold, copper, silver and other strategic mineral rights within Venezuela's Bolivar State which includes the historical Brisas and Cristinas areas (referred to as the "Siembra Minera Project") including risks associated with the ability of the Company and Venezuela to (i) successfully overcome legal or regulatory obstacles to operate Siembra Minera for the purpose of developing the Siembra Minera Project, (ii) complete any additional definitive documentation and finalize any remaining governmental approvals and (iii) obtain financing to fund the capital costs of the Siembra Minera Project;
- risks associated with the current or future sanctions by the U.S., Canada or other jurisdictions which generally prohibit the Company and its management or its employees from dealing with certain Venezuelan individuals and entities or entering into certain financial transactions (the "Sanctions") and which may negatively impact our ability to freely receive funds from Venezuela, either from the Trust Account or the remaining funds owed by Venezuela or our ability to do business in Venezuela;
- risks that U.S. and Canadian government agencies that enforce Sanctions may not issue licenses that the Company may need to engage in certain Venezuela-related transactions;
- risks that any future Venezuelan administration will void or otherwise fail to respect the agreements of the prior administration;
- risks associated with the collection of the Award and concentration of our operations and assets in Venezuela which are and will be subject to risks specific to Venezuela, including the effects of political, economic and social developments, instability and unrest; international response to Venezuelan domestic and international policies; Sanctions by U.S., Canadian or other jurisdictions and potential invalidation, confiscation, expropriation or rescission of governmental orders, permits, agreements or property rights either by the existing or future regimes;
- risks associated with our ability to resume our efforts to enforce and collect the Award, including the associated costs of such enforcement and collection effort and the timing and success of that effort, if Venezuela fails to make payments under the Settlement Agreement, it is terminated and further efforts related to the Settlement Agreement are abandoned;
- the risk that the conclusions of management and its qualified consultants contained in the Preliminary Economic Assessment of the Siembra Minera Gold Copper Project in accordance with Canadian National Instrument

43-101- *Standards of Disclosure for Mineral Projects* ("NI 43-101") may not be realized in the future;

- risks associated with the distribution of approximately \$75 million in the aggregate to holders of Class A shares as a return of capital (the "Return of Capital Transaction") that has been approved by our board of directors (the "Board") including risks related to our ability to receive required approvals from our shareholders, the Court and the TSXV and the risk that our Board may determine not to move forward with the Return of Capital Transaction if it determines it is no longer in the best interests of the Company and its shareholders;
- risks associated with exploration, delineation of adequate reserves, regulatory and permitting obstacles and other risks associated with the development of the Siembra Minera Project;
- risks associated with our continued ability to service outstanding obligations as they come due and access future additional funding, when required, for ongoing liquidity and capital resources, pending the receipt of payments under the Settlement Agreement or collection of the Award in the courts;
- risks associated with our prospects in general for the identification, exploration and development of mining projects and other risks normally incident to the exploration, development and operation of mining properties, including our ability to achieve revenue producing operations in the future;
- shareholder dilution resulting from the future sale of additional equity, if required;
- value realized from the disposition of the remaining assets related to our previous mining project in Venezuela known as the "Brisas Project", if any;
- abilities of and continued participation by certain employees; and
- impact of current or future U.S., Canadian and/or other jurisdiction's tax laws to which we are or may be subject.

This list is not exhaustive of the factors that may affect any of our forward-looking statements. See "Risk Factors" in Management's Discussion and Analysis for the fiscal year ended December 31, 2018 included herein as Exhibit 99.3.

Investors are cautioned not to put undue reliance on forward-looking statements, and investors should not infer that there has been no change in our affairs since the date of this report that would warrant any modification of any forward-looking statement made in this document, other documents periodically filed with the U.S. Securities and Exchange Commission (the "SEC") or other securities regulators or presented on the Company's website. Forward-looking statements speak only as of the date made. All subsequent written and oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by this notice. We disclaim any intent or obligation to update publicly or otherwise revise any forward-looking statements or the foregoing list of assumptions or factors, whether as a result of new information, future events or otherwise, subject to our disclosure obligations under applicable U.S. and Canadian securities regulations. Investors are urged to read the Company's filings with U.S. and Canadian securities regulatory agencies, which can be viewed online at www.sec.gov and www.sedar.com, respectively.

The terms "mineral resource," "measured mineral resource," "indicated mineral resource" and "inferred mineral resource" are defined in and required to be disclosed by NI 43-101. However, these terms are not defined terms under SEC Industry Guide 7 and normally are not permitted to be used in reports and registration statements filed with the SEC. Investors are cautioned not to assume that any part or all of the mineral deposits in these categories will ever be converted into reserves. "Inferred mineral resources" have a great amount of uncertainty as to their existence, and great uncertainty as to their economic and legal feasibility. It cannot be assumed that all or any part of an inferred mineral resource will ever be upgraded to a higher category. Under Canadian rules, estimates of inferred mineral resources may not form the basis of feasibility or pre-feasibility studies, except in rare cases, and such estimates are not part of

the SEC industry Guide 7.

Audited Annual Financial Statements. Our audited consolidated financial statements as at December 31, 2018 and 2017, and for the fiscal years ended December 31, 2018 and 2017, including Management's Annual Report on Internal Control over Financial Reporting and the report of our independent registered public accounting firm with respect thereto, are included herein as part of Exhibit 99.2.

Management's Discussion and Analysis. Management's discussion and analysis for the fiscal year ended December 31, 2018, is included herein as Exhibit 99.3.

DISCLOSURE CONTROLS AND PROCEDURES

An evaluation was performed under the supervision and with the participation of our management, including the chief executive officer and chief financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act) as of the end of the period covered by this Annual Report. Based on that evaluation, management, including the chief executive officer and chief financial officer, concluded that our disclosure controls and procedures were effective as of December 31, 2018 to provide reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time period specified in the SEC rules and forms.

MANAGEMENT'S ANNUAL REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Management's Annual Report on Internal Control over Financial Reporting for the fiscal year ended December 31, 2018, is included herein as part of Exhibit 99.2.

Attestation Report of The Registered Public Accounting Firm

The effectiveness of our internal control over financial reporting as of December 31, 2018, has been audited by PricewaterhouseCoopers LLP, independent registered public accounting firm ("PwC"), as stated in their report included herein as part of Exhibit 99.2.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

In connection with the preparation of the Company's unaudited interim consolidated financial statements for the three and nine months ended September 30, 2018, an error was identified in the income tax calculation for the three month period ended June 30, 2018, which impacted the Company's previously filed unaudited interim financial statements for the three and six month periods ended June 30, 2018. Management did not recognize that income should have been

allocated to a different taxing jurisdiction which resulted in a material error in the calculation of tax expense for the period ended June 30, 2018. In conjunction with this matter, the Company's management determined it had a material weakness in the Company's Internal Control over Financial Reporting ("ICFR") and Disclosure Controls and Procedures ("DC&P"), and as such, its internal control over financial reporting as of September 30, 2018 was not effective. Management remediated this control deficiency by the implementation of additional review and oversight procedures with respect to the preparation and review of the tax amounts included in the financial statements. As stated in Management's Annual Report on Internal Controls over Financial Reporting, management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2018. Based on this assessment, management concluded that the Company's ICFR and DC&P were effective as of December 31, 2018.

AUDIT COMMITTEE

The Board has a separately-designated standing Audit Committee for the purpose of overseeing our accounting and financial reporting processes and audits of our annual financial statements. As at the date of the Annual Report, the following individuals comprise the entire membership of our Audit Committee, which has been established in accordance with Section 3(a)(58)(A) of the Exchange Act:

Jean Charles Potvin (Chair)

James P. Geyer

Mr. Potvin also has nearly 14 years' experience as a top-ranked mining investment analyst at Burns Fry Ltd. (now BMO Nesbitt Burns Inc.). Mr. Potvin has been a member of the Audit Committee since August 2003.

Mr. Geyer has a Bachelor of Science in Mining Engineering from the Colorado School of Mines, has 41 years of experience in underground and open pit mining and has held engineering and operations positions with a number of companies including AMAX and ASARCO. The Board has determined that Mr. Potvin is an "audit committee financial expert" as such term is defined under Item 8(b) of General Instruction B to Form 40-F. The SEC has indicated that the designation of Mr. Potvin as an audit committee financial expert does not make Mr. Potvin an "expert" for any purpose, impose any duties, obligations or liabilities on Mr. Potvin that are greater than those imposed on other members of the Audit Committee and Board who do not carry this designation or affect the duties, obligations or liability of any other member of the Audit Committee and Board.

The Code was amended and approved by the Board effective March 24, 2006. No waivers to the provisions of the Code have been granted since its

inception. We intend to disclose future amendments to, or waivers from, certain provisions of the Code on our website within five business days following the date of such amendment or waiver. A copy of the Code can be found on our website at www.goldreserveinc.com in the Investor Relations section under "Governance."
