Cleco Corporation

On November 23, 2010, Cleco Corporation (“Cleco”) entered into a new four-year revolving credit facility totaling \$200 million with Credit Agricole Corporate and Investment Bank and KeyBank National Association, as syndication agents, Deutsche Bank AG New York Branch and U.S. Bank National Association, as documentation agents, JPMorgan Chase Bank, N.A., as administrative agent, and JP Morgan Securities LLC, Credit Agricole Corporate and Investment Bank and KeyBank National Association, as co-lead arrangers and book runner, and other lenders named therein. The new Cleco facility matures November 23, 2014 and provides for working capital and other needs.

The \$200 million commitment under the facility includes up to \$200 million in letters of credit, which are issuable subject to specified terms and conditions. As of November 23, 2010, \$200 million was available for borrowing under the facility.

Borrowings under the new Cleco facility are classified as “ABR Loans” or “Eurodollar Loans,” distinguishable by the applicable interest rate. Cleco may request either type of loan. Borrowings under the facility may be prepaid at any time and from time to time, but Cleco is required to compensate the lenders for certain losses and expenses attributable to prepayments of Eurodollar Loans prior to the end of the Eurodollar Loan interest period.

ABR Loans bear interest at the “Alternate Base Rate,” plus the “Applicable Margin.”

- The “Alternate Base Rate” means an annual rate equal to the greatest of (i) the applicable annual rate publicly announced by JPMorgan Chase as its prime commercial lending rate, (ii) the applicable annual rate equal to the weighted average of the rates on overnight federal funds transactions with members of the Federal Reserve System arranged by federal funds brokers as published by the Federal Reserve Bank of New York (subject to certain exceptions) plus 0.5%, and (iii) the Adjusted LIBO Rate (as defined below) plus 1.0%.
- The “Applicable Margin” for ABR loans is based on Cleco’s senior debt ratings as determined by Standard & Poor’s and Moody’s ratings services and ranges from 0.550% (ratings of A- or A3, respectively, or higher) to 1.875% (ratings below BB+ and Ba1, respectively).

Eurodollar Loans generally bear interest at the “Adjusted LIBO Rate” plus the “Applicable Margin,” but are subject to alternate rates of interest if the administrative agent or lenders make certain determinations.

- The “Adjusted LIBO Rate” means an annual rate equal to (i) the LIBO Rate for the applicable period multiplied by (ii) the “Statutory Reserve Rate.” The “LIBO Rate” generally means the rate appearing on the Dow Jones Market Service Page 3750 as the rate for dollar deposits with a maturity comparable to the applicable interest period. The “Statutory Reserve Rate” means a fraction, the numerator of which is the number one and the denominator of which is the number one minus the aggregate of the maximum reserve percentages, if any, established by the Federal Reserve board to which certain member banks are subject for eurocurrency funding.
- The “Applicable Margin” for Eurodollar loans is based on Cleco’s senior debt ratings as determined by Standard & Poor’s and Moody’s ratings services and ranges from 1.550% (ratings of A- or A3, respectively, or higher) to 2.875% (ratings below BB+ and Ba1, respectively).

Facility fees accrue on the lenders’ commitments and are based on Cleco’s senior debt ratings as determined by Standard & Poor’s and Moody’s. The fees range from 0.2% (ratings of A- or A3, respectively, or higher) to 0.625% (ratings below BB+ and Ba1, respectively).

The new Cleco facility contains the following covenants:

- a requirement that Cleco maintain Total Indebtedness equal to or less than 65% of Total Capitalization (as defined in the facility) as of the end of each fiscal quarter or fiscal year end;
- a prohibition against incurring Indebtedness (as defined in the facility) other than under the facility, subject to the following permitted exceptions: (i) guarantees of Cleco Power obligations, and (ii) so long as Cleco is in compliance with the covenant set forth in the immediately preceding bullet point, (a) Indebtedness permitted to be secured under certain exceptions to the limitation on liens, (b) other secured Indebtedness or secured guarantees in an aggregate amount not exceeding \$100 million and (c) other Indebtedness which is unsecured or is either junior in right of payment or pari passu to, or is equally and ratably secured with, payments and other obligations under the facility;
 - a prohibition against creating liens upon any property, subject to permitted exceptions;
 - restrictions on merging, consolidating or selling assets outside the ordinary course of business;

- a prohibition against paying dividends, redeeming stock or making payments on subordinated debt, subject to permitted exceptions, including an exception allowing the payment of dividends on, and the repurchase of, common stock and preferred equity;
 - a prohibition against transactions with affiliates, subject to permitted exceptions; and
 - a prohibition against entering into hedge agreements, subject to permitted exceptions.

The new Cleco facility contains customary events of default. If a default occurs and is continuing, the administrative agent or lenders having outstanding loans representing more than 50% of the commitments under the facility may immediately terminate all the lenders' commitments and declare outstanding amounts to be immediately due and payable. If certain bankruptcy events of default occur, such termination and acceleration of Cleco's obligations are automatic.

The new Cleco facility replaces Cleco's previous credit facility dated as of June 2, 2006, among the Borrower, the lenders party thereto, JPMorgan Chase Bank, N.A. and WestLB AG, New York Branch, as syndication agents, Keybank National Association, Union Bank of California, N.A., Caylor, New York Branch and CoBank, ACB, as documentation agents, and The Bank of New York Mellon (formerly known as The Bank of New York), as administrative agent thereunder. The previous Cleco credit facility was a \$200 million, five-year facility that would have matured in June 2011. Cleco did not incur any prepayment penalties as a result of the early termination of its prior credit facility.

Credit Agricole Corporate and Investment Bank, KeyBank National Association, Deutsche Bank AG New York Branch, U.S. Bank National Association, JPMorgan Chase Bank, N.A., or their affiliates, have in the past performed, and in the future may from time to time perform, investment banking, advisory, trustee, general financial and commercial services for Cleco or its affiliates for which they have in the past received, and may in the future receive, customary fees and reimbursement of expenses.

The foregoing summary is qualified in its entirety by reference to the complete text of the Cleco Credit Agreement, which is attached as Exhibit 10.1 to this report and is incorporated by reference herein.
