Chairman and CEO Robert Brunck stated :

These third quarter results, with the contribution of the Geophysical Services which further improve their profitability and the good resilience of Sercel, reinforce our confidence in reaching our fiscal year 2002 objectives. With respectively 23 M and 18M net results over the two last Q4 to Q3 12 months period, CGG posts a good performance relative to its sector.

Revenues :

At Euros 153.8 million, **revenues** for the third quarter of 2002 decrease 14 % compared to the third quarter of 2001 and are stable in USD. At Euros 490.1 million, CGG total revenues at the end of September decrease 12% compared to the first 9 months 2001 (-9% in USD).

Total revenues for **Geophysical Services** for the third quarter 2002 are Euros 124.5 million, stable in Euros, (+13% in USD), compared to the third quarter 2001. At the end of September 2002, total revenues for Geophysical Services are Euros 356.7 million, down 3% compared to the same period last year and stable in USD.

The **Land** activity saw its total sales for the third quarter 2002 decrease 6% to Euros 43.9 million, (+6% in USD), compared to the third quarter 2001. On average, 17 crews were in operation at the end of September.

The **Offshore** activity with Euros 50.4 million for the third quarter 2002 was stable, (+12% in USD), compared to the third quarter 2001. Multi-clients after sales were satisfactory and the pre-commitment level of the new program remained high. The net book value of the offshore seismic data library at the end of September is at Euros 122 million.

The **Processing-Reservoir** activity with Euros 30.2 million for the third quarter 2002 saw its total net sales increase 17% compared to the third quarter 2001, (+29% in USD), within a market driven by high end processing services.

For the third quarter 2002, **Sercel** total sales were Euros 57.3 million, down 12 %, stable in USD, compared to the third quarter 2001. External sales for the third quarter 2002 are Euros 29.3 million. At the end of September 2002, **Sercel** total revenues are Euros 200.5 million, down 6% compared to the same period last year (-3% in USD).

Operating Result :

For the third quarter 2002, the **operating result** shows a Euros 17.6 million profit, increasing 73% from the comparable period last year and 80% sequentially when compared to the second quarter 2002. With the positive contribution of Euros 2.6 million from subsidiaries consolidated under the equity method, mainly Argas, Saudi Arabian subsidiary for land acquisition, this operating result is a profit of Euros 20.2 million.

For the third quarter 2002, the **operating result of the Geophysical Services** is a profit of Euros 11.2 million (Euros 13.8 including Argas) compared to an operating loss of Euros 3.1 million for the third quarter 2001 and a profit of Euros 1.7 million during the second quarter 2002. The good level of after sales and the productivity gains combined with increasing volumes at the processing and reservoir division explain this improved operating result.

Edgar Filing: GENERAL GEOPHYSICS CO - Form 6-K

For the third quarter 2002, the **operating result of Sercel** is a profit of Euros 10.8 million, representing 19% of revenues, compared to an operating result of Euros 17.0 million for the third quarter 2001 and a profit of Euros 13.5 million during the second quarter 2002.

For the first nine months of 2002, the **operating result** is a profit of Euros 34.5 million, a significant improvement of 41% compared to the profit of Euros 24.5 million at the end of September 2001. This

operating profit does not include a positive contribution of Euros 3.8 million from subsidiaries consolidated under the equity method, principally Argas.

Adjusted EBITDA :

The adjusted **EBITDA** for the third quarter 2002 is Euros 52.1 million, 34% of the revenues. The adjusted EBITDA at the end of September is Euros 147.0 million, 30% of the revenues, up 11% when compared to the same period last year.
