RENAISSANCE ENTERTAINMENT CORPORATION

NOTES TO FINANCIAL STATEMENTS

March 31, 2003 (Unaudited)

1. Unaudited Statements

The balance sheet as of March 31, 2003, the statements of operations and the statements of cash flows for the three month periods ended March 31, 2003 and 2002, have been prepared by Renaissance Entertainment Corporation (Company) without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures, normally included in the financial statements prepared in accordance with accounting principles generally accepted in the United States of America, have been condensed or omitted as allowed by such rules and regulations, and the Company believes that the disclosures are adequate to make the information presented not misleading. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to fairly present the financial position, results of operations and changes in financial position at March 31, 2003 and for all periods presented, have been made.

It is suggested that these statements be read in conjunction with the December 31, 2002 audited financial statements and the accompanying notes included in the Company's Annual Report on Form 10-KSB, filed with the Securities and Exchange Commission.

2. Calculation of Earnings (Loss) Per Share

The earnings (loss) per share is calculated by dividing the net income (loss) to common stockholders by the weighted average number of common shares outstanding.

3. Basis of Presentation Going Concern

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles, which contemplates continuation of the Company as a going concern. However, the Company has suffered recurring losses from operations, has a negative stockholders' equity and a working capital deficit that raise substantial doubts about its ability to continue as a going concern. Management is attempting to raise additional capital.

In view of these matters, realization of certain assets in the accompanying balance sheet is dependent upon continued operations of the Company which, in turn, is dependent upon the Company's ability to meet its financial requirements, raise additional capital as needed, and the success of its future operations.

Management believes that its ability to raise additional capital provides an opportunity for the Company to continue as a going concern.

4. Subsequent Event

During April 2003, the Company authorized the issuance of short-term, 12% unsubordinated promissory notes that mature at various dates through the beginning of July, 2003. During April and May of 2003, the Company raised capital in the amount of \$120,000 through the issuance of these notes. The funds were provided by Charles S. Leavell (\$70,000), CEO and Chairman of the Board of Directors and one Board Director (\$50,000).

5. Commitment

The Company's lease for its Southern California Faire site requires the Company to complete certain capital projects over the term of the lease. The Company estimates that the cost of the capital projects for 2003 will be approximately \$50,000.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

General

The following discussion should be read in conjunction with the Company's Consolidated Financial Statements, including the footnotes for the fiscal period ended December 31, 2002.

The Company presently owns and produces four Renaissance Faires: the Bristol Renaissance Faire in Kenosha, Wisconsin, serving the Chicago/Milwaukee metropolitan region; the Northern California Renaissance Pleasure Faire, serving the San Francisco Bay and San Jose metropolitan areas; the Southern California Renaissance Pleasure Faire in Devore, California serving the greater Los Angeles metropolitan area; and the New York Renaissance Faire serving the New York City metropolitan area.

The Renaissance Faire is a re-creation of a Renaissance village, a fantasy experience transporting the visitor back into sixteenth century England. This fantasy experience is created through authentic craft shops, food vendors and continuous live entertainment throughout the day, both on the street and the stage, including actors, jugglers, jousters, magicians, dancers and musicians.

On April 1, 2002, Faire Partners, Ltd., the Company's landlord for the Wisconsin site, purchased property in New York from Sterling Forest Corporation. The property has long been the home of the New York Renaissance Faire. In April 2002, Faire Partners Ltd. leased the property to the Company for a twenty-year term with rent payments of \$425,000 in years 1 through 5, \$435,000 for years 6 through 15 and \$450,000 for lease years 16 through 20. The leased property includes a site for a Ski Center that the Company opened to the public in December 2002. The lease allows Faire Partners to sell part of the leased property including the land on which the ski area operates. Should Faire Partners sell any property, the lease provides that the Company's rent payments and the buyout provision would be decreased in an amount proportional to the selling price of the property.

On May 3, 2002, the Company signed a long-term lease for the Northern California Faire. The new site for the Northern Faire is located at Casa de Fruta, near Gilroy, California. The lease is for 20 years, 5-years with a 15-year extension. Lease payments in the first year include \$1.00 per patron, with a \$150,000 minimum and increasing each year thereafter.

Edgar Filing: RENAISSANCE ENTERTAINMENT CORP - Form 10QSB

The Company had a working capital deficit of (\$328,029) as of March 31, 2003. While the Company believes that it has adequate capital to fund anticipated operations for 2003, it believes it may need additional capital for future fiscal periods. See *Liquidity and Capital Resources*.

Results of Operations - Three Months Ended March 31, 2003, Compared to Three Months Ended March 31, 2002

Historically, the results of operations of the Company for the quarter ended March 31 have reflected a significant loss, due to the fact that there were no substantial revenues during this period, while some expenses at each of the Company's Faire locations continued throughout the year, as did corporate expenses. From December 2002 through March 2003 the Company operated the Sterling Forest Ski Center in Tuxedo, New York thereby generating additional revenue and expense during the first quarter of 2003.

Revenue increased \$1,117,269 from \$8,308 in 2002 to \$1,125,577 in 2003. This increase is the result of operation of the Ski Center that generated revenue in the amount of \$1,124,742 during the first quarter of 2003. Cost of sales increased \$44,384 from \$2,641 in 2002 to \$47,025 in 2003 as a result of the operation of the Ski Center.

Operating expenses increased \$578,200 or 70%, from \$825,087 in 2002 to \$1,403,287 in 2003. The Ski Center operating expenses totaling \$524,981 explains this increase. Salary and wage expense increased \$316,701 or 87% from \$364,446 in 2002 to \$681,147 in 2003, the Ski Center accounted for \$297,715 of this increase. Advertising expense for the Ski Center totaled \$26,159 in 2003. Other operating expenses increased \$215,350 or 54% from \$398,270 in 2002 to \$613,620 in 2003, the Ski Center accounted for \$201,107 of this increase. Depreciation and amortization expense increased \$19,990 or 32% from \$62,371 in 2002 to \$82,361 in 2003.

As a result of the foregoing, net operating loss (before interest charges and other income) decreased \$494,685 or 60% from a loss of (\$819,420) for the 2002 period to a loss of (\$324,735) for the 2003 period. The Ski Center generated net operating income in the amount of \$551,292 for the quarter ended March 31, 2003 and reduced the overall net operating loss accordingly.

Interest income decreased \$1,257 from \$9,803 in 2002 to \$8,546 in 2003. Interest expense increased slightly from \$126,165 in 2002 to \$126,632 in 2003. Other income increased \$9,690 from \$10,079 in 2002 to \$19,769 in 2003.

Net loss to common stockholders decreased \$502,651 or 54%, from a loss of (\$925,703) for the 2002 period, to a loss of (\$423,052) for the 2003 period. This decrease is the result of a \$550,210 net profit for the Ski Center. Consequently, net (loss) per common share decreased from (\$0.43) for the 2002 period to (\$0.20) for the 2003 period, based on 2,144,889 weighted average shares outstanding during the 2002 and 2003 periods.

Liquidity and Capital Resources

The Company's working capital deficit widened during the first quarter of 2003 from a (\$48,697) deficit at December 31, 2002 to a (\$328,029) deficit at March 31, 2003. The Company's working capital requirements are greatest during the period from January 1 through May 1, when it is incurring start-up expenses for its first Faire of the season, the Southern California Faire.

Edgar Filing: RENAISSANCE ENTERTAINMENT CORP - Form 10QSB

During the first four months of fiscal 2003, the Company raised short-term capital in the amount of \$120,000 through the issuance of 12% unsubordinated promissory notes. The funds were provided by Charles S. Leavell (\$70,000), Chairman of the Board of Directors and one Board Director (\$50,000). These notes mature at various dates through July 2003.

While the Company believes it has adequate capital to fund anticipated operations for fiscal 2003, it believes it may need to obtain additional working capital for future periods.

Reviewing the change in financial position over the quarter, current assets, largely comprised of cash and prepaid expenses, decreased from \$1,192,473 at December 31, 2002 to \$1,076,740 at March 31, 2003, a decrease of \$115,733 or 10%. Of these amounts, cash and cash equivalents decreased from \$642,061 at December 31, 2002 to \$165,726 at March 31, 2003. Accounts and notes receivable decreased \$12,104 from \$114,392 at December 31, 2002 to \$102,288 at March 31, 2003. Prepaid expenses (expenses incurred on behalf of the Faires) increased from \$275,520 at December 31, 2002 to \$648,226 at March 31, 2003. These costs are expensed once the Faires are operating.

Current liabilities increased from \$1,241,170 at December 31, 2002, to \$1,404,769 at March 31, 2003, an increase of \$163,599 or 13%. During the quarter, accounts payable and accrued expenses increased \$316,738 or 86%. Unearned income, which consists of the sale of admission tickets to upcoming Faires and deposits received from craft vendors for future Faires, decreased \$162,839 from \$447,746 at December 31, 2002 to \$284,907 at March 31, 2003. The revenue is recognized once the Faires are operating.

Stockholders' Deficit increased from (\$940,607) at December 31, 2002 to (\$1,363,659) at March 31, 2003, an increase of \$423,052. This increase is due to the net loss incurred during the first quarter.

Although inflation can potentially have an effect on financial results, during 2002 and the first three months of fiscal 2003 it caused no material effect on the Company's operations, since the change in prices charged by the Company and by the Company's vendors has not been significant.

The lease with the County of San Bernardino requires the Company to complete certain capital projects. These projects include items such as the construction of a perimeter fence, planting trees, developing flower and water gardens, planting grass, installing infrastructure and constructing buildings for use at the Faire. The Company estimates that the cost of these items should not exceed \$50,000 for calendar year 2003. The Company has no additional significant commitments for capital expenses during the fiscal year ending December 31, 2003. See *Factors That May Affect Future Operating Results-Need for Additional Capital* regarding the Company's financing requirements.

FACTORS THAT MAY AFFECT FUTURE OPERATING RESULTS

In addition to the other information contained in this report, prospective investors should carefully consider the following factors in evaluating the Company and its business.

Recent Losses. The Company has incurred operating losses in all fiscal periods except 1995 and 2000. For the quarter ended March 31, 2003, the Company reported a net loss of (\$423,052). The Company typically reports a loss for the first quarter of any operating season because ongoing operating expenses are incurred without any offsetting revenue generating activities. In December 2002, the Company opened the Sterling Forest Ski Center that generated in excess of \$1,000,000 revenue and \$550,000 net profit in the first quarter of 2003. There is no assurance that the Company will remain profitable in any subsequent period.

Need for Additional Capital. The Company had a working capital deficit of (\$328,029) as of March 31, 2003. See *Management's Discussion and Analysis of Financial Condition and Results of Operations.* Based on the Company's planned operations for 2003, the Company believes it has adequate capital to fund operations, repay debt, and to fund required capital expenditures during the 2003 fiscal year. To the extent that operations do not provide the necessary working capital during 2003, the Company may need to obtain additional capital for 2003 and future fiscal periods. Additional capital may be sought through borrowing or from additional equity financing. Such

additional equity financing may result in additional dilution to investors. In any case, there can be no assurance that any additional capital can be satisfactorily obtained, if and when required.

Competition. The Company faces significant competition from numerous organizations throughout the country which offer Renaissance Faires and other entertainment events, including amusement and theme parks, local and county fairs and festivals, some of which possess significantly greater resources than the Company, and in many cases, greater expertise and industry contacts. The Company estimates that there are currently 20 major Renaissance Faires produced each year. In addition, the Company estimates that there are more than 100 minor Renaissance Faire events held throughout the United States each year, ranging in duration from one day to two weekends.

Lack of Trademark Protection. Because of the large number of existing Renaissance Faires, the Company is not able to rely upon trademark or service mark protection for the name Renaissance Faire. As a result, there is no protection against others using the name Renaissance Faire for the production of entertainment events similar to those produced by the Company. The Company's own Faires could be negatively impacted by association with substandard productions.

Public Liability and Insurance. As a producer of a public entertainment event, the Company has exposure for claims of personal injury and property damage suffered by visitors to the Faires. To date, the Company has experienced only minimal claims, which it has been able to resolve without litigation. The Company maintains comprehensive liability insurance which it considers to be adequate against this risk; however, there can be no assurance that a catastrophic event or claim which could result in damage or liability in excess of this coverage will not occur. See *Other Information- Legal Proceedings* for additional information.

Dependence Upon Vendors. A substantial portion of the Company's revenues generated at each Faire is derived from arrangements that the Company has with vendors who construct elaborate booths at the Faires and sell a variety of food, crafts and souvenirs. This arrangement consists of either a fixed rental paid by the vendors to the Company, or a percent of revenues. In either case, the success of a Faire is dependent upon the Company's ability to attract responsible vendors who sell high quality goods.

Seasonality. The Company's Renaissance Faires are located in traditionally seasonal areas which attract the greatest number of visitors during the warm weather months in the spring, summer, and early fall. With the operation of the Sterling Forest Ski Center in New York, the potential for counter-seasonal revenue should help smooth the seasonality of the Company's revenue stream from the Renaissance Faires. Unless the Company acquires or develops additional Faire sites or events in areas that are counter-seasonal to the present sites located in temperate climates, the Company's revenue and income will be highly concentrated in the six months ending October 31st of each year.

Dependence Upon Weather. Each Renaissance Faire operated by the Company is scheduled for a finite period, typically

consecutive weekends during a seven to nine-week period, and are determined substantially in advance in order to facilitate advertising and other promotional efforts. The success of each Faire is directly dependent upon public attendance, which is directly affected by weather conditions. While each of the Company's Faires are open, rain or shine, poor weather, or even the forecast of poor weather can result in substantial declines in attendance and, as a result, loss of revenue. Further, as the Renaissance Faires are outdoor events, they are vulnerable to severe weather conditions that can cause damage to the Faire's infrastructure and buildings, as well as injuries to patrons and employees. Risks associated with the weather are beyond anyone's control, but have a direct and material impact upon the relative success or failure of a given Faire.

Licensing and Other Governmental Regulation. For each Faire operated by the Company, it is necessary for the Company to apply for and obtain permits and other licenses from local governmental authorities controlling the conduct of the Faire, service of alcoholic beverages and food, health, sanitation, and other matters at the Faire sites. Each governmental jurisdiction has its own regulatory requirements that can impose unforeseeable delays or impediments in preparing for a Faire production. While the Company has been able to obtain all necessary permits and licenses in the past, there can be no assurance that future changes in governmental regulation or the adoption of more stringent requirements may not have a material adverse impact upon the Company's future operations.

Faire Sites. The Company has long-term leases for all four of its Renaissance Faires. The terms and conditions of each lease vary by location, and to a large extent, are beyond the control of the Company. The Company's dependence upon leasing Faire sites creates a certain risk of fluctuation in the Company's operations from year to year.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

In 2002, a complaint was filed against the Company with the Supreme Court in Orange County New York. The case contains a demand for \$35,000,000 and is in excess of the \$5,000,000 limit contained in the insurance policies. The Company has been advised by the insurance provider that, based on its initial review of this claim, the loss in this matter will not exceed the limit of the insurance policies. A liability has not been accrued at this time because the outcome of this claim lacks certainty. The Company will continue to monitor the progress of this complaint.

Item 2. Changes in Securities

During the first four months of fiscal 2002, the Company raised \$100,000 through the sale of 12% subordinated promissory notes. The notes were issued in units, each unit consisting of two promissory notes of equal principal, with one note being convertible into shares of the Company's common stock at a conversion price of \$.30 per share. The notes were sold without registration under the Securities Act of 1933 in reliance upon the exemption provided by Regulation D promulgated by the Securities and Exchange Commission. No brokers were involved in the sale of the notes and no sales commissions were paid with respect to such sales.
