REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Benefits Administration Committee and Participants of

Beazer Homes USA, Inc. 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the Beazer Homes USA, Inc. 401(k) Plan (the Plan) as of December 31, 2003 and 2002, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of the net assets available for benefits of the Plan as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the Table of Contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

Three, but less than four years	50%

one-half of the participant's vested percentage of his account or (2) \$50,000. Such loans bear interest at a fixed rate for the term of the loan, based on the prime rate plus 1% (5.00% and 5.25% at December 31, 2003 and 2002, respectively). The loan balance is collateralized by the participant's account. Upon retirement or termination of the participant distributions are made net of the outstanding loan balance. The loans are repaid through salary withholdings over periods generally ranging from 1 to 5 years.

Administrative Expenses All administrative costs and expenses are paid by the Company, with the exception of a record keeping charge per participant per year (\$15 for 2003 and \$20 for 2002), and miscellaneous charges for loans and distributions.

2. Summary of Significant Accounting Policies

Basis of Accounting The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States.

Investments Investments are stated at fair market value based on quoted market prices in an active market. Investments in common trust funds are stated at estimated fair value, as determined by the trustee. These values are determined based upon the unit values of the funds. Net appreciation or depreciation in the fair value of investments represents the change in fair value during the year, including realized gains and losses on investments sold during the period. The fair value of participant loans represent the original loan amount adjusted for all principal payments made during the period.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments, including mutual funds and common trust funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

4. Income Tax Status

The Plan uses a prototype plan document sponsored by INVESCO Trust Company (INVESCO). INVESCO received an opinion letter from the Internal Revenue Service (IRS), dated August 30, 2001 which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Party-in-interest investments held by the Plan included 262,780 shares and 294,718 shares of Beazer Homes USA, Inc. Company stock at December 31, 2003 and 2002, with a fair value of approximately \$25,663,095 and \$17,859,911.

6. Plan Termination
