REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees and Participants of

The Savings and Profit Sharing Fund of Allstate Employees:

We have audited the accompanying financial statements of The Savings and Profit Sharing Fund of Allstate Employees (the Fund) as of December 31, 2003 and 2002, and for the years then ended, listed in the table of contents. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Fund as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplementary information in the statements of net assets available for benefits and the statements of changes in net assets available for benefits is presented for the purpose of additional analysis rather than to present the net assets available for benefits and changes in net assets available for benefits of the individual funds. The supplemental schedule and supplementary information are the responsibility of the Fund's management. Such supplemental schedule and supplementary information have been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

General The *Fund* covers all full-time and regular part-time employees of The Allstate Corporation (the *Company*) and designated affiliates of the *Company*. Employees must be at least 18 years of age to participate.

The *Fund* is a defined contribution plan consisting of a profit sharing and stock bonus plan containing a cash or deferred arrangement which is intended to meet the requirements of Sections 401 (a) and 401(k) of the Internal Revenue Code of 1986 (the *Code*). The stock bonus portion of the *Fund* includes a leveraged and a non-leveraged employee stock ownership plan (*ESOP*) which is intended to meet the requirements of Section 409 and Section 4975(e)(7) of the *Code*. The *Fund* is subject to the provisions of the Employee Retirement Income Security Act of 1974 (*ERISA*).

Administration The *Fund* is administered by an Administrative Committee. Investment transactions are authorized by the *Fund*'s Investment Committee. Members of the Administrative and Investment Committees are appointed by the Profit Sharing Committee. Members of the Profit Sharing Committee are appointed by the *Company*.

Trustee of the Fund The Northern Trust Company holds *Fund* assets as trustee under The Savings and Profit Sharing Fund of Allstate Employees Trust.

Contributions Each year, employees may contribute up to 50 percent of eligible annual compensation through a combination of pre-tax and after-tax deposits, subject to Internal Revenue Code limitations, Participants age 50 or older have the option to make additional before-tax contributions (*Catch-Up Contributions*). Employees may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. The *Company* contributes, at its discretion, from 50 percent to 150 percent of the first 5 percent of eligible compensation that a participant contributes on a pre-tax basis to the *Fund*. All employer contributions are invested in *Company* stock. However, participants can transfer all or part of their *Company Contributions* to any investment option within

the Fund at any time. During the years ended December 31, 2003 and 2002, the Company matching contributions were 150 percent.

Participant Accounts Individual accounts are maintained for each fund participant. Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and Fund earnings, and is charged with an allocation of administrative expenses and Fund losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in their contributions and the Company's contributions plus earnings thereon.

Investment Options Upon enrollment in the Fund, a participant may direct employee contributions to any or all of the seven investment options listed below. Participants may change their investment elections at any time.

Allstate Stock Fund Funds are invested in Company common stock with a portion of the fund invested in short-term securities to provide liquidity to process transactions.

Money Market Fund The fund, managed by State Street Global Advisors (SSgA), a registered investment company, invests in shares of a commingled trust that invests in short-term securities.

Bond Fund The fund, managed by SSgA, invests in shares of a commingled trust that invests in the broad domestic bond market and also in U.S. government and agency, corporate, mortgage-backed, and asset-backed debt securities.

Balanced Fund The fund, managed by SSgA, invests in shares of a commingled trust that invests in a diversified portfolio of stocks and debt securities.

S&P 500 Fund The fund, managed by SSgA, invests in shares of a commingled trust that invests in a diversified portfolio of stocks of large, established companies.

International Equity Fund The fund, managed by SSgA, invests in shares of a commingled trust that invests in a diversified portfolio of stocks in developed markets within Europe, Australia and the Far East. Effective April 24, 2003, the fund, which was invested in the SSgA Daily EAFE Securities Lending Fund Series A, was replaced with a new fund, the SSgA Daily EAFE Securities Lending Fund Series T.

Russell 2000 Fund The fund, managed by SSgA, invests in shares of a commingled trust that invests in a diversified portfolio of stocks that represents the smallest two-thirds of the 3,000 largest U.S. companies.

Participant Notes Receivable Participants may borrow from their account balance. The loan amount must be at least \$1,000 up to a maximum equal to the lesser of: (i) 50 percent of their account value, (ii) 100 percent of their pre-tax, after-tax

and rollover account balances, or (iii) \$50,000. Loan transactions are treated as a proportional transfer from/to the investment funds and to/from the Loan Fund. Loan terms range from 6 to 48 months for a general-purpose loan and 49 to 180 months for a primary residence loan. Loans are secured by the participant's account balance and bear interest at the prime rate. Principal and interest are paid ratably through payroll deductions.

Employee Stock Ownership Plan The Company established a leveraged ESOP effective June 30, 1995, through a split of the employee stock ownership plan of The Savings and Profit Sharing Fund of Sears Employees (the Prior Plan) by acquiring 50 percent of the unallocated shares and assuming 50 percent of the related loan of the Prior Plan. The resulting ESOP loan (the ESOP Loan) bears interest at 7.9 percent.

The borrowing is to be repaid through the year 2019 or earlier if the Company elects to make additional contributions for principal prepayments on the ESOP Loan. As the Fund makes each payment of principal and interest, a proportional percentage of unallocated shares are allocated to eligible employees' accounts in accordance with applicable regulations under the Code.

ESOP shares not yet allocated to participants are held in a suspense account. The majority of these shares serve as collateral on the ESOP Loan. ESOP shares allocated to participants and other Company shares that were acquired with participant contributions are included in the Allstate Stock Fund and the lender has no rights against these shares.

Payment of Benefits Upon termination of service, a participant is entitled to a complete withdrawal of his or her account balance. Partial withdrawals are also permitted under the Fund subject to restrictions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting The Fund financial statements are prepared under the accrual basis of accounting.

Use of Estimates The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition Fund investments are stated at fair value. Shares of registered investment companies are valued at market prices that represent the net asset value of shares held by the Fund at year-end. Common stock held in the Allstate Stock Fund is valued at market price. Participant notes receivable are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis except for interest on participant notes, which is recorded when paid. The difference between cash and accrual basis for interest on participant notes is not material. Dividends are recorded on the ex-dividend date.

Benefits Paid to Participants and Participant Notes Receivable Benefits paid to participants and participant notes receivable loans are recorded when funds are transferred out of the respective investment funds for payment to participants. Amounts allocated to accounts of persons who have elected to withdraw from the Fund, but have not yet been paid were immaterial at December 31, 2003 and 2002, respectively.

3. ESOP LOAN

The ESOP loan agreement provides for the loan to be repaid through the year 2019 at an annual interest rate of 7.9 percent. There are no principal payments required on the loan during the next five years.
