Item 8.01 Other Events

Stock Repurchase

On January 13, 2006, the board of directors of Heartland Payment Systems, Inc. (Heartland) authorized Heartland to repurchase up to the lesser of (a) 1 million shares of its common stock or (b) \$25 million worth of its common stock in the open market. Heartland intends to use the authorization to repurchase shares opportunistically as a means of offsetting dilution from the issuance of shares under employee benefit plans. Heartland has no obligation to repurchase shares under the authorization, and the specific timing and amount of the stock repurchase will vary based on market conditions, securities law limitations and other factors. The stock repurchase will be executed utilizing Heartland's cash resources including the proceeds of options exercises.

Early Release of Lock-Up

Citigroup Global Markets, Inc., lead underwriters for Heartland's IPO in August 2005, has decided to release the shares of common stock underlying the lock-up agreements entered into in conjunction with the initial public offering of Heartland's common stock. The lock-up agreements cover an aggregate of approximately 24.3 million shares of Heartland common stock. The termination of the lock-up restrictions shall occur after the market close on January 27, 2005. Upon release of the lock-up, these shares will be available for sale subject to any resale restrictions of the federal securities laws, including, in some instances, the limitations of Rule 144 or 701 under the Securities Act of 1933, as amended. The lock-up restriction was previously scheduled to expire on February 7, 2006.
