**Section 1 -Registrant's Business and Operations**

**Item 1.01 Entry Into a Material Definitive Agreement.**

On March 17, 2006, the Compensation Committee of the Board of Directors (the Compensation Committee) of Teton Energy Corporation (the Company) finalized the award of a total of 2,500,000 Performance Share Units to participants under the Company's 2005 Long-Term Incentive Plan (the LTIP), including Performance Share Units to the Company's Executive Officers and Performance Share Units awarded to the Company's directors, pursuant to 2006 Performance Share Unit Award Agreements (Award Agreements) and a plan administration document. In addition, the Compensation Committee reserved up to 1,071,250 Performance Share Units for certain persons expected to be hired as executive officers of the Company during 2006. The period being measured for the Performance Share Units is January 1, 2006 to December 31, 2008 (the Performance Period). The award increases the amount previously reserved in December 2005 from 2 million shares to 2.5 million shares. The additional shares are intended to account for anticipated hires in the event of additional growth during 2006. Any shares not used in 2006 will go back into the general allocation for future years.

The Performance Share Units awarded are conditioned on the participants remaining employed by or in the service of the Company from the date of an Award through the end of the Performance Period. Subject to the terms of the LTIP, the Administration Document and the Award Agreement, participants will receive payment of the number of Performance Share Units payable in shares of the Company's common stock upon achieving the performance goals.

The performance measures under this Award Agreement are based on a combination of factors that are deemed to be important to the Company's growth and creation of value for shareholders (the Performance Measures). The Performance Measures track the measurement of Teton's stock performance relative to a stock performance index of peers of the Company, which index is compiled by an independent third party based on the size and growth prospects of the Company; any acquisition of assets; and management's efficiency and effectiveness in managing the Company's affairs.

The Performance Measures are consolidated into a composite measure based on the relative weighting of each component as a percentage of 100% as determined by the Company's Compensation Committee. Consistent with the Plan, the Performance Measures have been established in order to provide for the attainment of one, two, and three year objectives.

Achievement of the following targets in 2006, 2007, and 2008 will entitle the participant to payment of the target number of Performance Share Units awarded in the Award Agreement, subject to other provisions of the LTIP and the Award Agreement:

**Base Performance Targets**

Composite Measurement	100.00	100.00	100.00

In the event the employment of a participant is terminated by reason of death, disability, or retirement during the Performance Period, the participant or the participant's beneficiary or estate shall be entitled to receive a prorated payment of the Performance Share Units. Subject to the terms of the LTIP, in the event that a participant terminates employment with the Company for any other reason, or in the event that the Company terminates the employment of the participant with or without cause, all Performance Share Units awarded to the participant under the Award Agreement, if not previously paid out, shall be forfeited; provided, however, that in the event of a termination of the employment of the participant by the Company without cause, the Compensation Committee, in its sole discretion, may waive such automatic forfeiture provision and authorize a pay out to the participant on a *pro rata* basis.

The Award Agreements contain covenants not to compete during the participant's employment and for a period of eighteen (18) months following the termination of a participant's employment with the Company. The Award Agreements also contain a confidentiality provision whereby the participant shall not disclose to any other person Confidential Information (as defined in the Award Agreements) concerning the Company or the Company's trade secrets of which a participant has gained knowledge during his employment with the Company. The Award Agreements also provide that participants shall not at any time during their employment and for a period of eighteen (18) months following the termination of employment with the Company for any reason (a) employ or arrange for any other person to employ or retain any

person who is an employee or consultant of the Company, or (b) solicit or arrange to have any other person solicit business from any entity that was a customer of the Company or any of its subsidiaries during the time of the participant's employment, whether or not the participant had personal contact with such person.
