SELLING SECURITYHOLDERS

The table below supplements the table of selling securityholders contained in the Selling Securityholders sections of the prospectus and the prior prospectus supplements. Where the name of a selling securityholder identified in the table below also appears in a table in the prospectus or a prior prospectus supplement, the information set forth in the table below regarding that selling securityholder supersedes the information set forth in the prospectus and the prior prospectus supplements.

The following table sets forth additional information with respect to the selling securityholders, the principal amount of the notes and the number of ordinary shares into which the notes are convertible beneficially owned by such selling securityholders that may be offered pursuant to this prospectus supplement and the prospectus to which it refers.

We have prepared the table based on information given to us by, or on behalf of, the selling securityholders on or before January 15, 2007. Since that date, the selling securityholders may have sold, transferred or otherwise disposed of all or a portion of their notes. The selling securityholders may offer all, some or none of the notes or ordinary shares into which the notes are convertible. For the purposes of calculating the amount of notes or number of shares beneficially owned after this offering, it is assumed that the selling securityholders will convert their entire principal amount of notes and that all of the ordinary shares issued upon conversion of the notes will be sold pursuant to this offering. The selling securityholders have informed us that they do not hold any of our ordinary shares other than the ordinary shares which may be issued upon conversion of the notes. Therefore, none of the selling securityholders will own any notes or ordinary shares following the consummation of the offering.

Information about the selling securityholders may change over time. Any changed information given to us by the selling securityholders will be set forth in additional prospectus supplements or amendments to the underlying prospectus if and when necessary.

(1) Based on \$109,987,000 principal amount of the notes outstanding as of January 15, 2007. The company repurchased and retired \$10,000,000 and \$20,000,000 principal amount of the 4.0% notes in October 2005 and January 2006, respectively.

(2) Assumes conversion of all of the notes held by such holder at the initial conversion rate of 34.9406 ordinary shares for each \$1,000 in principal amount of the notes. This conversion rate is subject to adjustment as described in the prospectus under Description of the Notes Conversion Rights. As a result, the number of ordinary shares issuable upon conversion of the notes may increase in the future. Further assumes that such holder does not hold any ordinary shares other than ordinary shares into which the notes are convertible.

(3) Calculated based on 58,577,700 ordinary shares outstanding as of January 23, 2007. In calculating this amount for each holder, we treated as outstanding the number of ordinary shares issuable upon conversion of all of that holder's 4.0% notes, but we did not assume conversion of any other holder's notes.

(4) CPV/CAP Coop Personalversicherung is a Swiss Pension fund. The selling shareholder has identified Dr. Michael Dober and Harald Siewert as the natural persons with voting and dispositive power over the securities.
