REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Benefits Administration Committee

Equitable Resources, Inc. Savings and Protection Plan

We have audited the accompanying statements of net assets available for benefits of the Equitable Resources, Inc. Savings and Protection Plan as of December 31, 2007 and 2006, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2007 and 2006, and the changes in its net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2007 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

EQUITABLE RESOURCES, INC.

SAVINGS AND PROTECTION PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED

DECEMBER 31, 2007

1. Description of Plan

The following description of the Equitable Resources, Inc. Savings and Protection Plan (Plan) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing and savings plan, with a 401(k) salary reduction feature, implemented on September 1, 1987, by Equitable Resources, Inc. and certain subsidiaries (the Company or Companies).

All regular, full-time employees of the Companies who are covered by a collective bargaining agreement that provides for Plan participation are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

In 2007, participants who were highly compensated employees could elect to contribute to the Plan on a pre-tax basis between 1% and 15% of eligible earnings and other participants could elect to contribute to the Plan on a pre-tax basis between 1% and 50% of eligible earnings, subject in each case to Internal Revenue Code (IRC) limitations. In 2006, all participants could elect to contribute to the Plan on a pre-tax basis between 1% and 15% of eligible earnings, subject to IRC limitations. These contributions are referred to as contract contributions.

In addition in 2007, participants could elect to make after-tax contributions to the Plan, subject to IRC limitations.

Matching and retirement contributions are defined by and subject to the respective collective bargaining agreements. Matching and retirement contributions made prior to May 15, 2007 were initially invested in the Employer Stock Fund, until they became fully vested and then could be invested in other available investment funds, if elected by the participant. Effective May 15, 2007, each participant who was not fully vested was allowed to make an investment election and change this investment from the Employer Stock Fund. Matching and retirement contributions made on or after May 15, 2007 follow the participant's contract investment election(s) rather than being allocated automatically to the Employer Stock Fund.

If a participant refuses or fails to make an investment election on or after May 15, 2007, the contributions made on or after May 15, 2007 for a participant under the Plan are invested and held in a qualified default investment alternative, designated by the Benefits Investment Committee (the BIC), until the participant makes a valid investment election. Presently, the BIC has designated the Plan's default investment as the targeted-retirement date investment fund applicable to the participant on an age-appropriate basis. If a participant has not made an investment election with respect to employer contributions in the Employer Stock Fund before May 15, 2007 and refuses or fails to make an investment election on or after May 15, 2007, the contributions made before May 15, 2007 for a participant under the Plan are invested and held in the Employer Stock Fund until the participant makes a valid investment election.

SAVINGS AND PROTECTION PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED

DECEMBER 31, 2007

1. Description of Plan (continued)

Rollover Contributions

Participants are allowed to make rollover contributions (contributions transferred to the Plan from other qualified retirement plans), subject to certain requirements.

Transfers to/from Affiliated Plans

Transfers to/from affiliated plans include transfers made between the Plan and the Equitable Resources, Inc. Employee Savings Plan.

Vesting

Participants are 100% vested in the value of contract and after-tax contributions made, and any rollover contributions.

If employment is terminated by the Companies for any reason other than retirement, death or total and permanent disability, a participant is entitled to receive the vested value of any matching and retirement contributions, as determined in accordance with the following schedule:

Years of Continuous Service Completed	Vested Interest
One year	33%
Two years	67%
Three years	100%

Amounts forfeited by participants upon termination will be used to reduce the amount of the Company's future matching contributions to the Plan. In 2007 and 2006, forfeitures of \$3,137 and \$0, respectively, were used to offset employer contributions (matching and retirement).

Upon retirement, death or total and permanent disability of the participant or termination of the Plan, a participant is entitled to receive the full value of any employer contributions (matching and retirement), regardless of years of continuous service.

In the event of a change in control, as defined in the Plan, all employer contributions (matching and retirement) become 100% vested immediately.

Withdrawals by Participants

Payments to participants are made in one of the following ways, subject to certain limitations: a single sum payment, a direct rollover, if applicable, a single life annuity with substantially equal monthly installments, a single life or joint and survivor annuity with a minimum guaranteed number of monthly benefits, or substantially equal annual installments payable over a period not to exceed the life expectancy or joint life expectancies of the participant or of the participant and their designated beneficiary.

Loans to Participants

A participant may borrow money from the Plan in amounts up to the lesser of \$50,000, or 50% of the vested eligible balance of a participant's account.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED

DECEMBER 31, 2007

1. Description of Plan (continued)

Administrative Expenses

The Plan pays administrative expenses associated with the Plan. The expenses are included in the Other line item in the Plan's statement of changes in net assets available for benefits.

Reclassifications

Certain amounts in the 2006 financial statements have been reclassified to conform to the 2007 presentation.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments

The Employer Stock Fund consisting of Equitable Resources, Inc. common stock (Company common stock) is valued at market price as quoted on the New York Stock Exchange. There were 57,912 and 62,526 shares of Company common stock held by the Plan at December 31, 2007 and 2006, respectively. Investments other than investments in common/collective trusts are valued at market.

As described in Financial Accounting Standards Board Staff Position (FSP) AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust (Fidelity Managed Income Portfolio). At December 31, 2007 and 2006, the contract value of the investments in the Fidelity Managed Income Portfolio approximated fair value.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Recently Issued Accounting Standards

In September 2006, the FASB issued SFAS No. 157, which established a framework for measuring fair value in accordance with generally accepted accounting principles and expanded disclosures about fair value measurements. SFAS No. 157 is effective for the Plan for fiscal years beginning after November 15, 2007. The Company is currently evaluating the impact that SFAS No. 157 will have on the Plan's statement of assets available for benefits and statement of changes in assets available for benefits.

Other	(348)	(628)
Net increase (decrease)	\$ 475,422	\$ (313,068)

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the interests of all affected participants will become fully vested.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Related-Party Transactions

Certain plan investments are shares of mutual funds and common/collective trusts managed by Fidelity or an affiliate. Fidelity is trustee of the Plan and, therefore, these transactions may qualify as party-in-interest transactions. Transactions with respect to participant loans and the Employer Stock Fund also qualify as party-in-interest transactions.

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated July 8, 2002, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.
