#### REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustee and Participants of
Allstate 401(k) Savings Plan
Northbrook, Illinois

We have audited the accompanying statements of net assets available for benefits of the Allstate 401(k) Savings Plan (the Plan) as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplementary information by fund in the statements of net assets available for benefits and the statements of changes in net assets available for benefits is presented for the purposes of additional analysis rather than to present the net assets available for benefits and changes in net assets available for benefits of the individual funds. The supplemental schedule and supplementary information by fund is the responsibility of the Plan s management. Such supplemental schedule and supplementary information by fund have been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

/s/ DELOITTE & TOUCHE LLP

Chicago, Illinois

#### ALLSTATE 401(k) SAVINGS PLAN

#### NOTES TO FINANCIAL STATEMENTS

#### AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

#### 1. DESCRIPTION OF PLAN

The following description of the Allstate 401(k) Savings Plan (the Plan), sponsored by The Allstate Corporation (the Company) and formerly known as The Savings and Profit Sharing Fund of Allstate Employees, provides only general information. Participants should refer to the plan document for a more complete description of the Plan s provisions.

*General* The Plan covers all full-time and regular part-time employees of subsidiaries of the Company, with the exception of those employed by the Company s international subsidiaries, Kennett Capital, Inc., and Sterling Collision Centers, Inc. Employees must be at least 18 years of age to participate.

The Plan is a defined contribution plan consisting of a profit sharing and stock bonus plan containing a cash or deferred arrangement which is intended to meet the requirements of Sections 401(a) and 401(k) of the Internal Revenue Code of 1986 (the Code ). The stock bonus portion of the Plan includes a leveraged and a nonleveraged employee stock ownership plan ( ESOP ) which is intended to meet the requirements of Section 409 and Section 4975(e)(7) of the Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ( ERISA ).

**Administration** The Plan is administered by the Administrative Committee. Investment transactions are authorized by the Plan s Investment Committee. Members of the Administrative and Investment Committees are appointed by the Profit Sharing Committee. Members of the Profit Sharing Committee are appointed by the Compensation and Succession Committee of the Board of Directors of the Company.

Trustee of the Plan The Northern Trust Company holds Plan assets as trustee under the Allstate 401(k) Savings Plan Trust.

Contributions Each year, employees may contribute up to 50% of eligible annual compensation through a combination of pre-tax and after-tax contributions, subject to Internal Revenue Code limitations. Participants age 50 or older have the option to make additional pre-tax contributions (Catch-Up contributions). Employees may also roll over pre-tax amounts representing distributions from other qualified defined benefit or defined contribution plans. In the first quarter of 2009, the Company match was revised and is now based on a two-tiered formula. In 2009 and going forward, the Company contributes a match of 50% of the first 3% and 25% of the next 2% of eligible compensation that a participant contributes on a pre-tax basis to the Plan, and at its discretion, up to an additional 50% of the first 3% and 25% of the next 2% of eligible compensation. The variable portion of the Company match is now tied to improvement in the Company s position on the Customer Loyalty Index, rather than to operating earnings per share. All employer contributions are invested in the Allstate Stock Fund. However, participants can transfer all or part of their Company contributions to any investment option within the Plan at any time. Eligible participants received the maximum Company match for the year ended December 31, 2009. The Company s matching contribution was 50% of the first 5% of eligible compensation for the year ended December 31, 2008.

**Participant Accounts** Individual accounts are maintained for each Plan participant. Each participant s account is credited with the participant s contribution, allocations of the Company s contribution and investment earnings and losses, and is charged with an allocation of administrative expenses. Accounts may increase by rollovers and decrease by rollovers and withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant s vested account.

**Vesting** Participants hired prior to March 1, 2009 are immediately vested in their contributions and the Company s contributions plus earnings thereon. Employees hired on or after March 1, 2009 will fully vest in the Company s contributions after three years of employment.

*Investment Options* Upon enrollment in the Plan, a participant may direct employee contributions to any or all of the current seven investment options listed below. Participants may change their investment elections at any time.

Allstate Stock Fund (The Allstate Corporation common stock) Funds are invested in Company common stock with a portion of the fund invested in short-term securities to provide liquidity to process transactions.

Stable Value Fund (Invesco Institutional (N.A.) Inc. Stable Value Fund) The fund, managed by Invesco Institutional (N.A.), Inc. (Invesco), a registered investment advisor, is a separately managed portfolio that consists of: (i) investment contracts issued by a diversified group of insurance companies, banks, and other institutions; and (ii) shares of common collective trusts that are comprised of publicly and privately issued fixed, floating, and variable rate obligations of select entities.

Bond Fund (SSgA Passive Bond Market Index Fund) The fund, managed by State Street Global Advisors (SSgA), a registered investment company, invests in both the Passive Bond Market Index Securities Lending Series Fund Class A and the Passive Bond Market Index Non-Lending Series Fund Class A, which are collective funds that invest in the broad domestic bond market and also in U.S. government and agency, corporate, mortgage-backed, and asset-backed debt securities.

Balanced Fund (SSgA Allstate Balanced Fund) The fund, managed by SSgA, has approximately one half of its assets in the S&P 500 Flagship Securities Lending Series Fund Class A and the S&P 500 Flagship Non-Lending Series Fund Class A, and approximately one half of its assets in the Passive Bond Market Index Securities Lending Series Fund Class A and the Passive Bond Market Index Non-Lending Series Fund Class A, which are collective funds that invest in a diversified portfolio of stocks and debt securities.

S&P 500 Fund (SSgA S&P 500 Flagship Fund) The fund, managed by SSgA, invests in both the S&P 500 Flagship Securities Lending Series Fund Class A and the S&P 500 Flagship Non-Lending Series Fund Class A, which are collective funds that invest in a diversified portfolio of stocks of large, established companies.

International Equity Fund (SSgA Daily EAFE Index Fund) The fund, managed by SSgA, invests in both the Daily EAFE Index Securities Lending Series Fund Class T and the Daily EAFE Index Non-Lending Series Fund Class A, which are collective funds that invest in a diversified portfolio of stocks in developed markets within Europe, Australia, and the Far East (EAFE).

Russell 2000 Fund (SSgA Russell 2000 Index Fund) The fund, managed by SSgA, invests in both the Russell 2000 Index Securities Lending Series Fund Class A and the Russell 2000 Index Non-Lending Series Fund Class A, which are collective funds that invest in a diversified portfolio of stocks that represents the smallest two-thirds of the 3,000 largest U.S. companies.

Effective July 2009 for the funds managed by SSgA, with the exception of the Balanced Fund, a transition from securities lending funds to comparable SSgA non-lending funds began. The Balanced Fund transition began November 2009.

**Risks and Uncertainties** The Plan utilizes various types of investments, including institutional index funds, a stable value fund and common stock. These investments are subject to market risk, the risk that losses will be incurred due to adverse changes in creditworthiness, equity prices and interest rates. It is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Participant Notes Receivable Participants may borrow from their account balance. The loan amount must be at least \$1,000 up to a maximum equal to the lesser of: (i) 50% of their account value, (ii) 100% of their pre-tax, after-tax, and rollover account balances, or (iii) \$50,000. Loan transactions are treated as a proportional transfer from/to the investment funds and to/from the loan fund. Loan terms range from 6 to 48 months for a general-purpose loan and 49 to 180 months for a primary residence loan. Loans are secured by the participant s account balance and bear interest at the prime rate in effect as of the last day of the previous calendar quarter prior to the issuance of the loan and fixed for the duration of the loan. Principal and interest are paid by participants ratably through payroll deductions.

Employee Stock Ownership Plan The Company has a leveraged ESOP. The ESOP loan bears interest at 7.9%.

The borrowing is to be repaid through the year 2019 or earlier, if the Company elects to make additional contributions for principal prepayments on the ESOP Loan. As the Plan makes each payment of principal and interest, a proportional percentage of unallocated shares are allocated to eligible employees accounts in accordance with applicable regulations under the Code. The Company has made principal prepayments to fund Company contributions.

ESOP shares not yet allocated to participants are held in a suspense account, and none of these shares serve as collateral. ESOP shares allocated to participants and other Company shares that were acquired with participant contributions are included in the Allstate Stock Fund and the lender has no rights against these shares.

**Payment of Benefits** Upon termination of service, a participant is entitled to a complete withdrawal of his or her vested account balance. Partial withdrawals are also permitted under the Plan subject to restrictions.

#### 2. SUMMARY OF ACCOUNTING POLICIES

**Basis of Accounting** The Plan s financial statements are prepared under the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America.

*Use of Estimates* The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition Plan investments are stated at fair value. Shares of institutional index funds are valued at prices that represent the net asset value of shares held by the Plan at year-end and the fair value of the underlying investments. Common stock held in the Allstate Stock Fund is valued at market price. The Stable Value Fund is stated at fair value and then adjusted to contract value as the investment contracts are fully benefit-responsive. Participant notes receivable are valued at amortized cost, which approximates fair value.

The Statements of Net Assets Available for Benefits present investment contracts at fair value, with an additional line item showing adjustments of the fully benefit-responsive contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is presented on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis except for interest on participant notes, which is recorded when received. The difference between cash and accrual basis for interest on participant notes is not material. Dividends are recorded on the ex-dividend date.

**Benefits Paid to Participants and Participant Notes Receivable** Benefits paid to participants and participant notes receivable loans are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid were immaterial at December 31, 2009 and 2008, and are included in Other assets on the Statements of Net Assets Available for Benefits.

Adopted Accounting Standard In April 2009, the FASB issued new accounting guidance relating to fair value measurements to provide additional guidance for estimating fair value when the volume and level of activity for an asset or liability have significantly decreased. Guidance on identifying circumstances that indicate a transaction is not orderly is also provided. If it is concluded that there has been a significant decrease in the volume and level of market activity for an asset or liability in relation to normal market activity, transactions or quoted prices may not be determinative of fair value, and further analysis of transactions or quoted prices may be necessary. Determination of whether the transaction is orderly is based on the weight of the evidence.

The disclosure requirements are expanded to include the inputs and valuation technique(s) used to measure fair value and a discussion of changes in valuation techniques and related inputs during the reporting period.

Disclosures of assets and liabilities measured at fair value are to be presented by major security types. Disclosures are not required for earlier periods presented for comparative purposes. Revisions resulting from a change in valuation technique or its application shall be accounted for as a change in accounting estimate and disclosed, along with the total effect of the change in valuation technique and related inputs, if practicable, by major category. The Plan adopted the provisions of the new guidance as of April 1, 2009. The adoption had no effect on the Plan s results of operations or financial position.

**Pending Accounting Standard** In January 2010, the FASB issued new accounting guidance which expands disclosure requirements relating to fair value measurements. The guidance adds requirements for disclosing amounts of and reasons for significant transfers into and out of Levels 1 and 2 and requires gross rather than net disclosures about purchases, sales, issuances and settlements relating to Level 3 measurements. The guidance also provides clarification that fair value measurement disclosures are required for each class of assets and liabilities. Disclosures about the valuation techniques and inputs used to measure fair value for measurements that fall in either Level 2 or Level 3 are also required. The new disclosures and clarifications of existing disclosures are effective for annual periods beginning after December 15, 2009, except for disclosures about purchases, sales, issuances and settlements in the roll forward of activity in Level 3 fair value measurements, which are required for

fiscal years beginning after December 15, 2010. Disclosures are not required for earlier periods presented for comparative purposes. The new guidance affects disclosures only and therefore its adoption will have no impact on the Plan s results of operations or financial position.

#### 3. ESOP LOAN

The ESOP Loan agreement provides for the loan to be repaid through the year 2019 at an annual interest rate of 7.9%. There are no principal payments required on the loan during the next five years.

The following table presents additional information, at December 31, 2009 and 2008, for the Plan s investment in The Allstate Corporation common stock held in the Allstate Stock Fund and the ESOP Company Shares Unallocated:

	20	09	2008				
(\$ in thousands)	Allstate Stock Fund	ESOP Company Shares Unallocated			Allstate Stock Fund	ESOP Company Shares Unallocated	
Number of shares	18,157,789		5,542,258		16,823,333		5,780,600
Cost	\$ 439,675	\$	39,489	\$	378,200	\$	41,188
Fair value	\$ 545,460	\$	166,489	\$	551,132	\$	189,372

The estimated fair value of the ESOP loan as of December 31, 2009 and 2008 was \$25.0 million and \$23.3 million, respectively, determined using discounted cash flow calculations based on current interest rates for instruments with comparable terms and considering the Plan s own credit risk.

#### 4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

#### 5. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter, dated June 25, 2008, that the Plan and related trust were designed in accordance with applicable sections of the Code. The plan document has been amended and restated since receiving the determination letter. The Plan s management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan s financial statements.

#### 6. INVESTMENTS

The Plan s investments which exceeded 5% of net assets available for benefits as of December 31, 2009 and 2008, were as follows:

(\$ in thousands)		2008	
Allstate Stock Fund (The Allstate Corporation common stock) *	\$	545,460 \$	551,132
ESOP Company Shares Unallocated		166,489	189,372
Bond Fund (SSgA Passive Bond Market Index Fund)		268,962	256,227

Russell 2000 Fund (SSgA Russell 2000 Index Fund)	55,115	(116,549)		
Total net appreciation (depreciation) in fair value of investments	\$ 253,809 \$	(1,065,162)		

The Stable Value Fund holdings include investment contracts called synthetic guaranteed investment contracts (GICs) comprised of investments in the common collective trusts plus a wrapper contract. The wrapper contract is issued by a financial institution, and the contract guarantees to provide a specific interest rate to be credited to the contract plus provide for participant liquidity at contract value in certain situations.

The Stable Value Fund s wrapper contracts are benefit-responsive and are thus eligible for contract-value reporting. Funds may be withdrawn pro-rata from all the Stable Value Fund s investment contracts at contract value determined by the respective issuing companies to pay benefits and to make participant-directed transfers to other investment options pursuant to the terms of the Plan after the amounts in the Stable Value Fund s Short-Term Investment Fund reserve are depleted.

The wrapper contracts wrap underlying assets which are held in the trust and owned by the Stable Value Fund. The underlying assets comprised of common collective trusts which may include a variety of high quality fixed income investments selected by the fund manager consistent with the Stable Value Fund s investment guidelines. High quality, as defined by the Stable Value Fund s investment guidelines, means the average credit quality of all of the investments backing the Stable Value Fund contracts is AA/Aa or better as measured by Standard & Poor s or Moody s credit rating services. The investments in the common collective trusts are used to generate the investment returns that are utilized to provide for interest rates credited through the wrapper contracts.

The wrapper contracts are benefit-responsive wrapper contracts in that they provide that participants may execute transactions from the Stable Value Fund according to Plan provisions at contract value. Contract value represents contributions made to the Stable Value Fund, plus earnings, less participant withdrawals. The interest rates in wrapper contracts are reset monthly, based on market rates of other similar investments, the current yield of the underlying investments, the spread between the market value and contract value of the investments held by the contract, and the financial duration of the contract investments. The crediting rate cannot be reset to a level less than 0%. Certain events, such as plan termination, or a plan merger initiated by the plan sponsor, or changes to Plan provisions not approved by the issuers of the Stable Value Fund s wrapper contracts, may limit the ability of the Stable Value Fund to transact at contract value or may allow for the termination of the wrapper contracts at less than contract value. Plan Management does not believe that any events that may limit the ability of the Stable Value Fund to transact at contract value are probable.

Changes in market interest rates affect the yield to maturity and the market value of the investments in the common collective trusts, and thus can have a material impact on the interest crediting rate. In addition, participant withdrawals and transfers from the Stable Value Fund are paid at contract value but funded through the market value liquidation of the investments in the common collective trusts, which also may affect future interest crediting rates. If market interest rates rise and fair values of investments in the common collective trusts fall, the fair value may be less than the corresponding contract value. This shortfall in fair value will be reflected in future crediting rates by amortizing the effect into the future through an adjustment to interest crediting rates of the wrapper contracts. Similarly, if market interest rates fall and fair values of investments in the common collective trusts rise, the fair values of investments held by the wrapper contract may be greater than the corresponding contract value. This excess in fair value will also be reflected in future crediting rates through an amortization process similar to that when there is a fair value shortfall.

	2009	2008
Average yields:		
Based on annualized earnings (1)	3.099%	7.033%
Based on interest rate credited to participants (2)	4.176%	4.176%

- (1) Computed by dividing the annualized one-day actual earnings of the investments on the last day of the plan year by the fair value of the investments on the same date.
- (2) Computed by dividing the annualized one-day earnings credited to participants on the last day of the plan year by the fair value of the investments on the same date.

For purposes of calculating the interest crediting rate, fair value is equal to the market value of the investments in the common collective trusts. The crediting interest rates ranged from 3.83% to 5.24% at December 31, 2009 and 3.21% to 4.92% at December 31, 2008.

There are no reserves against contract value credit risk of the contract issuer or otherwise. The crediting interest rate is based on current market yields, adjusted upward/downward to amortize differences between book and market values of the underlying investments. All contracts have a minimum crediting rate of 0%. The crediting interest rates are reset monthly. The average yield is a weighted average of assets held on the last day of the year. The average yield based on book value at December 31, 2009, was 4.43%. The average yield based on book value at December 31, 2008, was 4.23%.

Plan investments include collective investment trusts managed by SSgA ( SSgA Investment Funds ) which are authorized, by the terms of the applicable trusts, to participate in securities lending activities through the State Street Global Securities Lending Program. The collateral for the

loans made by the collective investment trusts is invested in a collective investment trust known as the Quality Trust for

SSgA Fund (SSgA Collateral Fund). The value of the underlying investments in the SSgA Collateral Fund, which invests the collateral received from borrowers in these activities, is included in the fair value of the SSgA Investment Funds at a \$1.00 price per unit. This value of the underlying investments in the SSgA Investment Funds determines the price at which participants accounts are transacted.

SSgA has implemented certain withdrawal limits on SSgA Investment Funds for Fund level or Plan sponsor directed full or partial redemptions from the SSgA Investment Funds. Fund level or Plan sponsor directed redemptions above these thresholds may result in proceeds in both cash and units of the SsgA Collateral Fund. The limitations currently do not apply to redemptions based on participant directed activity.

The table below presents the SSgA Investment Funds authorized to invest in the SSgA Collateral Fund and the per unit value of those SSgA Investment Funds reflecting their investment in SSgA Collateral Fund at a \$1.00 per unit fair value, as reported in the Plan Statement of Net Assets Available for Benefits, and the per unit fair value reflecting the December 31, 2009 fair value of the investments held by the SSgA Collateral Funds.

(\$ in thousands)	Per Unit Fair Value at \$1.00 price per unit for investment in SSgA Collateral Fund as reported	Per Unit Fair Value reflecting fair value of investments in underlying SSgA Collateral Fund	(	Difference in determination of Fair Value	Fair Value of SSgA Investment Funds as reported

Investment management fees, recordkeeping fees, and trustee fees along with other administrative expenses charged to the Plan for investments in each of the Plan s investment options are deducted from income earned on a daily basis and are not separately reflected. Consequently, fees and expenses are reflected as a reduction of investment return for such investments.

#### 7. FAIR VALUE OF ASSETS AND LIABILITIES

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan principally uses the market approach which generally utilizes market transaction data for the same or similar instruments. To a lesser extent, the Plan uses the income approach which involves determining fair values from discounted cash flow methodologies and the cost approach which is based on replacement costs.

The hierarchy for inputs used in determining fair value maximizes the use of observable inputs and minimizes the use of unobservable inputs by

requiring that observable inputs be used when available. Assets and liabilities recorded on the Statement of Net Assets Available for Benefits at fair value are categorized in the fair value hierarchy based on the observability of inputs to the valuation techniques as follows: Level 1: Assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan can access. Level 2: Assets and liabilities whose values are based on the following: (1) Quoted prices for similar assets or liabilities in active markets; (2) Quoted prices for identical or similar assets or liabilities in markets that are not active; or (3) Valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset or liability. Assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. Unobservable inputs reflect the Plan s estimates of the assumptions that market participants would use in valuing the assets and liabilities. The availability of observable inputs varies by instrument. In situations where fair value is based on internally developed pricing models or inputs that are unobservable in the market, the determination of fair value requires more judgment. The degree of judgment exercised by the Plan in determining fair value is typically greatest for instruments categorized in Level 3. In many instances, valuation inputs used to measure fair value fall into different levels of the fair value hierarchy. The category level in the fair value hierarchy is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan uses prices and inputs that are current as of the measurement date, including during periods of market disruption. In periods of market disruption, the ability to observe prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2, or from Level 2 to Level 3. Summary of Significant Valuation Techniques for Assets and Liabilities on a Recurring Basis Level 1 Measurements

The Allstate Corporation Common Stock: The Company s common stock is actively traded in the New York Stock Exchange and is valued

based on unadjusted quoted prices.

#### Level 2 Measurements

SSgA Passive Bond Market Fund, SSgA Allstate Balanced Fund, SSgA S&P 500 Flagship Fund, SSgA Daily EAFE Index Fund, SSgA Russell 2000 Index Fund: Comprise funds that have daily quoted net asset values for identical assets that the Plan can access that are traded in markets that are not active. The net asset values are primarily derived based on the fair values of the underlying investments in the fund some of which are not actively traded.

Collective Short-Term Investment Fund: Comprise funds that have daily quoted net asset values for identical assets that the Plan can access that are traded in markets that are not active. The net asset values are derived based on the fair values of the underlying investments in the fund some of which

are not actively traded. A portion of the Collective Short-Term Investment Fund is deemed part of the Stable Value Fund.

*Invesco Institutional (N.A.) Inc. Stable Value Fund Common Collective Trusts:* A component of the Stable Value Fund which comprise funds that have daily quoted net asset values for identical assets that the Plan can access and are traded in markets that are not active. The net asset values are derived based on the fair values of the underlying investments in the fund some of which are not actively traded.

Participant Note Receivable: Amortized cost used as an estimate of fair value.

Level 3 Measurements

Invesco Institutional (N.A.) Inc. Stable Value Fund Wrappers:

The Fund obtains valuations on the basis of prices provided by a pricing service approved by the Board of Trustees. All other investment assets, including restricted and not readily marketable securities, are valued in good faith at fair value under procedures established by and under the general supervision and responsibility of the Fund s Board of Trustees.

In addition, whenever developments in one or more securities markets after the close of the principal markets for one or more portfolio securities and before the time as of which the Fund determines its net asset value would, if such developments had been reflected in such principal markets, likely have more than a minimal effect on the Fund s net asset value per share, the Fund may fair value such portfolio securities based on available market information as of the time the Fund determines its net asset value.

NYSE Amex Closings. The holidays (as observed) on which the NYSE Amex is closed, and therefore days upon which shareholders cannot purchase or sell shares, currently are: New Year s Day, Martin Luther King, Jr. Day, Presidents Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day and on the preceding Friday or subsequent Monday when a holiday falls on a Saturday or Sunday, respectively.

#### **TAXATION**

The following discussion is a brief summary of certain U.S. federal income tax considerations affecting the Fund and the purchase, ownership and disposition of the Fund s shares. A more complete discussion of the tax rules applicable to the Fund and its shareholders can be found in the SAI that is incorporated by reference into this prospectus. This discussion assumes you are a U.S. person and that you hold your shares as capital assets. This discussion is based upon current provisions of the Code, the regulations promulgated thereunder and judicial and administrative authorities, all of which are subject to change or differing interpretations by the courts or the Internal Revenue Service (the IRS), possibly with retroactive effect. No ruling has been or will be sought from the IRS regarding any matter discussed herein. Counsel to the Fund has not rendered and will not render any legal opinion regarding any tax consequences relating to the Fund or an investment in the Fund. No attempt is made to present a detailed explanation of all U.S. federal tax concerns affecting the Fund and its shareholders (including shareholders owning large positions in the Fund).

The discussion set forth herein does not constitute tax advice and potential investors are urged to consult their own tax advisers to determine the tax consequences to them of investing in the Fund.

#### **Taxation of the Fund**

The Fund has elected to be treated and has qualified, and intends to continue to qualify annually, as a regulated investment company under Subchapter M of the Code. Accordingly, the Fund must, among other things, meet the following requirements regarding the source of its income and the diversification of its assets:

(i) The Fund must derive in each taxable year at least 90% of its gross income from the following sources, which are referred to herein as Qualifying Income: (a) dividends, interest (including tax-exempt interest), payments with respect to certain securities loans, and gains from the sale or other disposition of stock, securities or foreign currencies, or other income (including but not limited to gain

#### **Table of Contents**

from options, futures and forward contracts) derived with respect to its business of investing in such stock, securities or foreign currencies; and (b) interests in publicly traded partnerships that are treated as partnerships for U.S. federal income tax purposes and that derive less than 90% of their gross income from the items described in (a) above (each a Qualified Publicly Traded Partnership).

(ii) The Fund must diversify its holdings so that, at the end of each quarter of each taxable year (a) at least 50% of the market value of the Fund s total assets is represented by cash and cash items, U.S. government securities, the securities of other regulated investment companies and other securities, with such other securities limited, in respect of any one issuer, to an amount not greater than 5% of the value of the Fund s total assets and not more than 10% of the outstanding voting securities of such issuer and (b) not more than 25% of the market value of the Fund s total assets is invested in the securities (other than U.S. government securities and the securities of other regulated investment companies) of (I) any one issuer, (II) any two or more issuers that the Fund controls and that are determined to be engaged in the same business or similar or related trades or businesses or (III) any one or more Qualified Publicly Traded Partnerships.

Income from the Fund s investments in grantor trusts and equity interest of MLPs that are not Qualified Publicly Traded Partnerships (if any) will be Qualifying Income to the extent it is attributable to items of income of such trust or MLP that would be Qualifying Income if earned directly by the Fund.

The Fund s investments in partnerships, including in Qualified Publicly Traded Partnerships, may result in the Fund being subject to state, local or foreign income, franchise or withholding tax liabilities.

As a regulated investment company, the Fund generally will not be subject to U.S. federal income tax on income and gains that the Fund distributes to its shareholders, provided that it distributes each taxable year at least the sum of (i) 90% of the Fund s investment company taxable income (which includes, among other items, dividends, interest and the excess of any net short-term capital gain over net long-term capital loss and other taxable income, other than any net long-term capital gain, reduced by deductible expenses) determined without regard to the deduction for dividends paid and (ii) 90% of the Fund s net tax-exempt interest income (the excess of its gross tax-exempt interest over certain disallowed deductions). The Fund intends to distribute substantially all of such income at least annually. The Fund will be subject to income tax at regular corporate rates on any taxable income or gains that it does not distribute to its shareholders.

The Code imposes a 4% nondeductible excise tax on the Fund to the extent the Fund does not distribute by the end of any calendar year an amount at least equal to the sum of (i) 98% of its ordinary income (not taking into account any capital gain or loss) for the calendar year and (ii) 98% of its capital gain in excess of its capital loss (adjusted for certain ordinary losses) for a one-year period generally ending on October 31 of the calendar year (unless an election is made to use the Fund s fiscal year). In addition, the minimum amounts that must be distributed in any year to avoid the excise tax will be increased or decreased to reflect any under-distribution or over-distribution, as the case may be, from the previous year. While the Fund intends to distribute any income and capital gain in the manner necessary to minimize imposition of the 4% excise tax, there can be no assurance that sufficient amounts of the Fund s taxable income and capital gain will be distributed to entirely avoid the imposition of the excise tax. In that event, the Fund will be liable for the excise tax only on the amount by which it does not meet the foregoing distribution requirement.

If for any taxable year the Fund does not qualify as a regulated investment company, all of its taxable income (including its net capital gain) will be subject to tax at regular corporate rates without any deduction for distributions to shareholders.

## **Taxation of Shareholders**

Distributions paid to you by the Fund from its net realized long-term capital gains, if any, that the Fund designates as capital gains dividends ( capital gain dividends ) are taxable as long-term capital gains, regardless of how long you have held your common shares. All other dividends paid to you by the Fund

52

#### **Table of Contents**

(including dividends from short-term capital gains) from its current or accumulated earnings and profits (ordinary income dividends) are generally subject to tax as ordinary income.

Special rules apply, however, to ordinary income dividends paid to individuals with respect to taxable years beginning on or before December 31, 2010. If you are an individual, any such ordinary income dividend that you receive from the Fund generally will be eligible for taxation at the Federal rates applicable to long-term capital gains (currently at a maximum rate of 15%) to the extent that (i) the ordinary income dividend is attributable to qualified dividend income (i.e., generally dividends paid by U.S. corporations and certain foreign corporations) received by the Fund, (ii) the Fund satisfies certain holding period and other requirements with respect to the stock on which such qualified dividend income was paid and (iii) you satisfy certain holding period and other requirements with respect to your common shares. There can be no assurance as to what portion of the Fund s ordinary income dividends will constitute qualified dividend income.

Any distributions you receive that are in excess of the Fund s current or accumulated earnings and profits will be treated as a tax-free return of capital to the extent of your adjusted tax basis in your common shares, and thereafter as capital gain from the sale of common shares. The amount of any Fund distribution that is treated as a tax-free return of capital will reduce your adjusted tax basis in your common shares, thereby increasing your potential gain or reducing your potential loss on any subsequent sale or other disposition of your common shares.

Dividends and other taxable distributions are taxable to you even though they are reinvested in additional common shares of the Fund. Dividends and other distributions paid by the Fund are generally treated under the Code as received by you at the time the dividend or distribution is made. If, however, the Fund pays you a dividend in January that was declared in the previous October, November or December and you were the shareholder of record on a specified date in one of such months, then such dividend will be treated for tax purposes as being paid by the Fund and received by you on December 31 of the year in which the dividend was declared.

The Fund will send you information after the end of each year setting forth the amount and tax status of any distributions paid to you by the Fund.

The sale or other disposition of common shares of the Fund will generally result in capital gain or loss to you, and will be long-term capital gain or loss if you have held such common shares for more than one year at the time of sale. Any loss upon the sale or exchange of common shares held for six months or less will be treated as long-term capital loss to the extent of any capital gain dividends received (including amounts credited as an undistributed capital gain dividend) by you with respect to such common shares. Any loss you realize on a sale or exchange of common shares will be disallowed if you acquire other common shares (whether through the automatic reinvestment of dividends or otherwise) within a 61-day period beginning 30 days before and ending 30 days after your sale or exchange of the common shares. In such case, your tax basis in the common shares acquired will be adjusted to reflect the disallowed loss.

The Fund may be required to withhold, for U.S. federal backup withholding tax purposes, a portion of the dividends, distributions and redemption proceeds payable to shareholders who fail to provide the Fund (or its agent) with their correct taxpayer identification number (in the case of individuals, generally, their social security number) or to make required certifications, or who have been notified by the IRS that they are subject to backup withholding. Certain shareholders are exempt from backup withholding. Backup withholding is not an additional tax and any amount withheld may be refunded or credited against your U.S. federal income tax liability, if any, provided that you furnish the required information to the IRS.

## CUSTODIAN, TRANSFER AGENT AND DIVIDEND DISBURSING AGENT

Mellon, located at 135 Santilli Highway, Everett, Massachusetts 02149, serves as the Custodian of the Fund s assets pursuant to a custody agreement. Under the custody agreement, the Custodian holds the Fund s assets in compliance with the 1940 Act. For its services, the Custodian will receive a monthly fee paid by the

53

#### **Table of Contents**

Fund based upon, among other things, the average value of the total assets of the Fund, plus certain charges for securities transactions and out-of-pocket expenses.

American Stock Transfer, located at 59 Maiden Lane, New York, New York 10038, serves as the Fund s dividend disbursing agent, as agent under the Fund s Plan and as transfer agent and registrar for the common shares of the Fund.

#### PLAN OF DISTRIBUTION

We may sell the shares, being offered hereby in one or more of the following ways from time to time:

to underwriters or dealers for resale to the public or to institutional investors;

directly to institutional investors;

directly to a limited number of purchasers or to a single purchaser;

through agents to the public or to institutional investors; or

through a combination of any of these methods of sale.

The prospectus supplement with respect to each series of securities will state the terms of the offering of the securities, including:

the offering terms, including the name or names of any underwriters, dealers or agents;

the purchase price of the securities and the net proceeds to be received by us from the sale;

any underwriting discounts or agency fees and other items constituting underwriters or agents compensation, which compensation for any sale will in no event exceed 8% of the sales price;

any initial public offering price;

any discounts or concessions allowed or reallowed or paid to dealers; and

any securities exchange on which the securities may be listed.

If we use underwriters or dealers in the sale, the securities will be acquired by the underwriters or dealers for their own account and may be resold from time to time in one or more transactions, including;

negotiated transactions;

at a fixed public offering price or prices, which may be changed;

at market prices prevailing at the time of sale;

at prices related to prevailing market prices; or

at negotiated prices.

Any initial public offering price and any discounts or concessions allowed or reallowed or paid to dealers may be changed from time to time.

If underwriters are used in the sale of any securities, the securities may be either offered to the public through underwriting syndicates represented by managing underwriters, or directly by underwriters. Generally, the underwriters obligations to purchase the securities will be subject to certain conditions precedent. The underwriters will be obligated to purchase all of the securities if they purchase any of the securities.

If indicated in an applicable prospectus supplement, we may sell the securities through agents from time to time. The applicable prospectus supplement will name any agent involved in the offer or sale of the securities and any commissions we pay to them. Commissions for any sale will in no event exceed 8% of the sales price. Generally, any agent will be acting on a best efforts basis for the period of its appointment. We may authorize underwriters, dealers or agents to solicit offers by certain purchasers to purchase the securities

54

#### **Table of Contents**

from us at the public offering price set forth in the applicable prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The delayed delivery contracts will be subject only to those conditions set forth in the applicable prospectus supplement, and the applicable prospectus supplement will set forth any commissions we pay for solicitation of these delayed delivery contracts.

Offered securities may also be offered and sold, if so indicated in the applicable prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more remarketing firms, acting as principals for their own accounts or as agents for us. Any remarketing firm will be identified and the terms of its agreements, if any, with us and its compensation will be described in the applicable prospectus supplement.

Agents, underwriters and other third parties described above may be entitled to indemnification by us against certain civil liabilities under the Securities Act, or to contribution with respect to payments which the agents or underwriters may be required to make in respect thereof. Agents, underwriters and such other third parties may be customers of, engage in transactions with, or perform services for us in the ordinary course of business.

Each series of securities will be a new issue of securities and will have no established trading market other than our common shares and Preferred Shares, which are listed on the NYSE Amex. Any common shares sold will be listed on NYSE Amex, upon official notice of issuance. The securities, other than the common shares, may or may not be listed on a national securities exchange. Any underwriters to whom securities are sold by us for public offering and sale may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice.

#### LEGAL MATTERS

Certain legal matters will be passed on by Skadden, Arps, Slate, Meagher & Flom LLP, counsel to the Fund in connection with the offering of the Fund s shares.

#### INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

PricewaterhouseCoopers LLP serves as the independent registered public accounting firm of the Fund and audits the financial statements of the Fund. PricewaterhouseCoopers LLP is located at 300 Madison Avenue, New York, New York 10017.

#### ADDITIONAL INFORMATION

The Fund is subject to the informational requirements of the Securities Exchange Act of 1934, as amended, and the 1940 Act, and in accordance therewith files reports and other information with the SEC. Reports, proxy statements and other information filed by the Fund with the SEC pursuant to the informational requirements of such Acts can be inspected and copied at the public reference facilities maintained by the SEC, 100 F Street, N.E., Washington, D.C. 20549. The SEC maintains a web site at http://www.sec.gov containing reports, proxy and information statements and other information regarding registrants, including the Fund, that file electronically with the SEC.

The common shares are listed on the NYSE Amex under the symbol GGN. The Preferred Shares are listed on the NYSE Amex under the symbol GGN PrA. Reports, proxy statements and other information concerning the Fund and filed with the SEC by the Fund will be available for inspection at the NYSE Amex, 11 Wall Street, New York, New York, 10005.

This prospectus constitutes part of a Registration Statement filed by the Fund with the SEC under the Securities Act of 1933 and the 1940 Act. This prospectus omits certain of the information contained in the

55

#### **Table of Contents**

Registration Statement, and reference is hereby made to the Registration Statement and related exhibits for further information with respect to the Fund and the common shares offered hereby. Any statements contained herein concerning the provisions of any document are not necessarily complete, and, in each instance, reference is made to the copy of such document filed as an exhibit to the Registration Statement or otherwise filed with the SEC. Each such statement is qualified in its entirety by such reference. The complete Registration Statement may be obtained from the SEC upon payment of the fee prescribed by its rules and regulations or free of charge through the SEC s web site (http://www.sec.gov).

#### PRIVACY PRINCIPLES OF THE FUND

The Fund is committed to maintaining the privacy of its shareholders and to safeguarding their non-public personal information. The following information is provided to help you understand what personal information the Fund collects, how the Fund protects that information and why, in certain cases, the Fund may share information with select other parties.

Generally, the Fund does not receive any non-public personal information relating to its shareholders, although certain non-public personal information of its shareholders may become available to the Fund. The Fund does not disclose any non-public personal information about its shareholders or former shareholders to anyone, except as permitted by law or as is necessary in order to service shareholder accounts (for example, to a transfer agent or third party administrator).

The Fund restricts access to non-public personal information about its shareholders to employees of the Fund, the Investment Adviser, and its affiliates with a legitimate business need for the information. The Fund maintains physical, electronic and procedural safeguards designed to protect the non-public personal information of its shareholders.
