THE COMPANY

We are a mineral exploration company with a diversified portfolio of precious metals and other mineral exploration properties located in or near the traditional precious metals producing regions of Mexico and South America. Our management team is comprised of experienced mining professionals with over 125 years of combined experience in mineral exploration, mine construction and development, and mine operations.

We are currently focused on advancement of our 100% controlled El Quevar silver project in northwestern Argentina, and engaged in additional drilling, metallurgical analysis and other advanced exploration work at El Quevar. From the inception of our exploration activities in 2004 through December 31, 2010, we have spent approximately \$33.3 million on exploration and related activities at El Quevar.

In addition to El Quevar, we own and control a portfolio of approximately 16 active exploration properties located primarily in Mexico and South America. Our 100% controlled Zacatecas silver and base metals project in Mexico is at an advanced stage of exploration, with six separate target areas on which we are currently conducting exploration activities, including drilling at the Pánuco target. We also have approximately 50 reconnaissance properties on which we are conducting preliminary sampling and geological analysis to determine the best potential areas for more detailed exploration.

On October 22, 2010, concurrent with a public offering of our common stock, we sold in a private placement to the Selling Stockholders, each a fund managed by The Sentient Group, an independent private equity firm in the global resources industry, an aggregate of 1,190,031 shares of our common stock at the public offering price of \$18.50 per share. The private placement was made pursuant to a Subscription Agreement, dated October 11, 2010, between Golden Minerals Company and the Selling Stockholders (the Subscription Agreement). Following the private placement, the Selling Stockholders owned approximately 19.90% of our outstanding common stock (excluding restricted stock issued pursuant to our equity incentive plan).

Pursuant to a Registration Rights Agreement entered into in connection with the Subscription Agreement, we agreed to register with the Securities and Exchange Commission (the SEC) the resale of the common stock purchased by the Selling Stockholders. Therefore, we have prepared and filed this prospectus for the purpose of any such resale by the Selling Stockholders. We cannot estimate the number of shares of common stock that will be held by the Selling Stockholders upon termination of the offering since it is possible that they may not sell any of the shares covered by this prospectus or may acquire or dispose of shares of our common stock not included in this prospectus. See *Plan of Distribution*. We do not know when or whether, or at what price, any or all of these shares may be sold.

Under a prior agreement with Sentient, we agreed, beginning at our 2011 annual meeting of stockholders and as long as the Selling Stockholders own at least 17% of our outstanding shares of common stock, to nominate one individual designated by the Selling Stockholders for election to our board of directors. The Selling Stockholders also agreed that they will not, until March 18, 2012, acquire additional shares of our common stock if such acquisition would cause their ownership to exceed 22.5% of our outstanding common stock.

PLAN OF DISTRIBUTION

The Registration Rights Agreement requires that we register, under applicable securities laws, the possible resale by the Selling Stockholders of the 1,190,031 shares of common stock acquired by the Selling Stockholders concurrent with our October 2010 public offering. Therefore, we have prepared and filed this prospectus. However, we do not know when or whether any or all of these shares may be sold. We will receive no proceeds from the sale of shares included in this prospectus. We will pay the registration, filing, listing and printing fees, and our legal and accounting expenses in connection with this offering. We have agreed to maintain the effectiveness of this registration statement until the earlier

Edgar Filing: Golden Minerals Co - Form 424B3

of (i) the first date on which all of the shares covered by this prospectus are sold pursuant to an effective registration statement registering such securities for resale, or (ii) the first date on which the shares covered by this prospectus may be sold pursuant to Rule 144 without being subject to the volume restrictions set forth in Rule 144(e) under the Securities Act of 1933, as amended (the Securities Act).

The Selling Stockholders and their successors, which term includes their transferees, pledgees or donees or their successors, may sell the common stock directly to one or more purchasers (including pledgees) or through brokers, dealers or underwriters who may act solely as agents or may acquire common stock as principals, at market prices prevailing at the time of sale, at prices related to such prevailing market prices, at negotiated prices or at fixed prices, which may be changed. The Selling Stockholders may effect the distribution of the common stock in one or more of the following methods:

- ordinary brokers transactions, which may include long or short sales;
- transactions involving cross or block trades or otherwise on the open market;
- purchases by brokers, dealers or underwriters as principal and resale by such purchasers for their own accounts under this prospectus;
- at the market to or through market makers or into an existing market for the common stock;
- in other ways not involving market makers or established trading markets, including direct sales to purchasers or sales effected through agents;
- through transactions in options, swaps or other derivatives (whether exchange listed or otherwise); or
- any combination of the above, or by any other legally available means.

In addition, the Selling Stockholders or their successors in interest may enter into hedging transactions with broker-dealers who may engage in short sales of common stock in the course of hedging the positions they assume with the Selling Stockholders. The Selling Stockholders or their successors in interest may also enter into option or other transactions with broker-dealers that require delivery by such broker-dealers of the common stock, which common stock may be resold thereafter under this prospectus.

Brokers, dealers, underwriters or agents participating in the distribution of the common stock may receive compensation in the form of discounts, concessions or commissions from the Selling Stockholders and/or the purchasers of common stock for whom such broker-dealers may act as agent or to whom they may sell as principal, or both (which compensation as to a particular broker-dealer may be in excess of customary commissions).

Edgar Filing: Golden Minerals Co - Form 424B3

Any securities covered by this prospectus that qualify for sale under Rule 144 under the Securities Act may be sold under Rule 144 rather than under this prospectus.

We cannot assure you that the Selling Stockholders will sell any or all of the shares of common stock offered by the Selling Stockholders.

In order to comply with the securities laws of certain states, if applicable, the Selling Stockholders will sell the common stock in jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states, the Selling Stockholders may not sell the common stock unless the shares of common stock have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available to the Selling Stockholders.

Persons participating in the distribution of our common stock offered by this prospectus may engage in transactions that stabilize the price of the common stock. The anti-manipulation rules of

Regulation M under the Exchange Act may apply to sales of the common stock in the market and to the activities of the Selling Stockholders.

We have not been advised of any selling arrangement at the date of this prospectus between the Selling Stockholders and any broker-dealer or agent. We will receive no proceeds from the sale of the shares by the Selling Stockholders.

DESCRIPTION OF SECURITIES TO BE REGISTERED

Common Stock

We are authorized to issue 50,000,000 shares of common stock, par value \$0.01 per share. As of February 11, 2011, there were 15,247,467 shares of our common stock outstanding. This section is a summary and may not describe every aspect of our common stock that may be important to you. We urge you to read applicable Delaware law, our Amended and Restated Certificate of Incorporation, and our Bylaws because they, and not this description, define your rights as a holder of our common stock. See *Where You Can Find More Information* for information on how to obtain copies of these documents.

Dividend Rights

Holders of our common stock will be entitled to receive dividends when, as and if declared by our board, out of funds legally available for their payment, subject to the rights of holders of any preferred stock that we may issue.

Voting Rights

Each holder of our common stock is entitled to one vote per share. Subject to the rights of the holders of any preferred stock that we may issue, all voting rights are vested in the holders of shares of our common stock. Holders of shares of common stock will have noncumulative voting rights, which means that the holders of more than 50% of the shares voting for the election of directors will be able to elect 100% of the directors, and the holders of the remaining shares voting for the election of directors will not be able to elect any directors.

Election of Directors

Directors hold office until the next annual meeting of stockholders and are eligible for reelection at such meeting. Directors are elected by a plurality of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. There is no cumulative voting for directors. In addition, we agreed to nominate, beginning at our 2011 annual meeting of stockholders, one individual

Edgar Filing: Golden Minerals Co - Form 424B3

designated by the Selling Stockholders for election to our board of directors as long as the Selling Stockholders collectively own at least 17% of our outstanding common stock.

Rights upon Liquidation

In the event of our voluntary or involuntary liquidation, dissolution or winding up, the holders of our common stock will be entitled to share equally in any of our assets available for distribution after the payment in full of all debts and distributions and after the holders of outstanding preferred stock, if any, have received their liquidation preferences in full.

Table of Contents

No Preemptive or Similar Rights

Under Delaware law, a stockholder is not entitled to preemptive rights to subscribe for additional issuances of common stock or any other class or series of common stock or any security convertible into such stock in proportion to the shares that are owned unless there is a provision to the contrary in the certificate of incorporation. Our Amended and Restated Certificate of Incorporation does not provide our stockholders with any preemptive or similar rights.

Redemption

Our common stock is not redeemable or convertible.

Anti-Takeover Effects of Certain Provisions of the Amended and Restated Certificate of Incorporation and the Bylaws

Some provisions of Delaware law and our Amended and Restated Certificate of Incorporation and Bylaws could make it more difficult for us to be acquired by means of a tender offer, a proxy contest or otherwise or the removal of our incumbent directors and officers. These provisions, summarized below, are expected to discourage and prevent coercive takeover practices and inadequate takeover bids. These provisions are designed to encourage persons seeking to acquire control of our company to first negotiate with our board of directors. They are also intended to provide our management with the flexibility to enhance the likelihood of continuity and stability if our board of directors determines that a takeover is not in the best interests of our stockholders. These provisions, however, could have the effect

Table of Contents

of discouraging attempts to acquire us, which could deprive our stockholders of opportunities to sell their shares of common stock at prices higher than prevailing market prices.

Delaware Anti-Takeover Statute

We are subject to Section 203 of the Delaware General Corporation Law. Section 203 is an anti-takeover law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years following the date that the person became an interested stockholder, unless the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner. Generally, a business combination includes a merger, asset or stock sale, or another transaction resulting in a financial benefit to the interested stockholder. Generally, an interested stockholder is a person who, together with affiliates and associates, owns 15% or more of the corporation's voting stock. The existence of this provision may have an anti-takeover effect with respect to transactions that are not approved in advance by our board of directors, including discouraging attempts that might result in a premium over the market price for the shares of common stock held by stockholders.

Special Stockholder Meetings

Under our Amended and Restated Certificate of Incorporation and Bylaws, special meetings of stockholders may be called only by our board of directors, other than special meetings called solely for the purpose of removing directors, which may be called by requests of the holders of a majority of the outstanding shares of our common stock.

Election and Removal of Directors

Our Amended and Restated Certificate of Incorporation and Bylaws contain provisions that establish specific procedures for appointing and removing members of the board of directors. In addition, our Amended and Restated Certificate of Incorporation and Bylaws provide that vacancies and newly created directorships on the board of directors may be filled only by a majority of the directors then serving on the board (except as otherwise required by law or by resolution of the board). Our Amended and Restated Certificate of Incorporation and Bylaws provide that directors may be removed only for cause.

Undesignated Preferred Stock

The authorization of undesignated, or blank check, preferred stock will make it possible for our board of directors to issue preferred stock with voting or other rights or preferences that could impede the success of any attempt to change control of our company.

Table of Contents

Requirements for Advance Notification of Stockholder Nominations and Proposals

Our Bylaws establish advance notice procedures with respect to stockholder proposals and the nomination of candidates for election as directors, other than nominations made by or at the direction of the board of directors or a committee of the board of directors. See Advance Notice Requirements for Stockholder Proposals and Director Nominations.

No Stockholder Action by Written Consent.

Our Amended and Restated Certificate of Incorporation and Bylaws do not permit stockholders to act by written consent.

No Cumulative Voting.

Under Delaware law, cumulative voting for the election of directors is not permitted unless a corporation's certificate of incorporation authorizes cumulative voting. Our Amended and Restated Certificate of Incorporation and Bylaws do not provide for cumulative voting in the election of directors. Cumulative voting allows a minority stockholder to vote a portion or all of its shares for one or more candidates for seats on the board of directors. Without cumulative voting, a minority stockholder will not be able to gain as many seats on our board of directors based on the number of shares of our stock the stockholder holds as the stockholder would be able to gain if cumulative voting were permitted. The absence of cumulative voting makes it more difficult for a minority stockholder to gain a seat on our board of directors to influence our board's decision regarding a takeover.

Advance Notice Requirements for Stockholder Proposals and Director Nominations

Our Bylaws provide that stockholders seeking to bring business before an annual meeting of stockholders, or to nominate candidates for election as directors at an annual meeting of stockholders, must provide timely notice thereof in writing. To be timely, a stockholder's notice must be delivered to the company secretary between the 120th day and the 90th day before the anniversary of the preceding year's annual meeting. If, however, the date of the meeting is advanced more than 30 days before, or delayed more than 60 days after, the anniversary of the annual meeting, notice must be delivered between the 120th day before the meeting and the later of the 90th day before the meeting or the 10th day after we publicly announce the date of the meeting. Our Bylaws also specify certain requirements as to the form and content of a stockholder's notice. These provisions may preclude stockholders from bringing matters before an annual meeting of stockholders or from making nominations for directors at an annual meeting of stockholders.

Amendments to Amended and Restated Certificate of Incorporation or Bylaws

Edgar Filing: Golden Minerals Co - Form 424B3

The affirmative vote of the holders of at least a majority of our issued and outstanding common stock, voting as a single class, is generally required to amend or repeal our Amended and Restated Certificate of Incorporation. The affirmative vote of at least 75% of our outstanding common stock is required to approve amendments to the provisions in our Amended and Restated Certificate of Incorporation that establishes the 75% voting threshold for certain transactions. In addition, under the DGCL, an amendment to our Amended and Restated Certificate of Incorporation that would alter or change the powers, preferences or special rights of the common stock so as to affect them adversely also must be approved by a majority of the votes entitled to be cast by the holders of the shares affected by the amendment, voting as a separate class. Subject to our Bylaws, our board of directors may from time to time make, amend, supplement or repeal our Bylaws by vote of a majority of our board of directors.

INTEREST OF NAMED EXPERTS AND COUNSEL

Deborah Friedman, our Senior Vice President, General Counsel and Corporate Secretary, devotes approximately half her time to service as our Senior Vice President, General Counsel and Corporate Secretary and approximately half her time to her legal practice at Davis Graham & Stubbs LLP, the firm which has rendered an opinion regarding the legality of the issuance of the shares of common stock offered in this prospectus. We pay a monthly flat fee of \$13,333 to the firm for approximately one-half of her time that is devoted to us and pay her customary hourly rate to the firm for any time spent by Ms. Friedman in excess of that threshold. In addition, we have awarded to Ms. Friedman 37,600 shares of restricted common stock and 10,000 stock options under our 2009 Equity Incentive Plan.
