Press release

MTS Board Approves Acquisition of Sistema Inventure

September 15, 2011

Moscow, Russian Federation Mobile TeleSystems OJSC (MTS or the Company NYSE: MBT), the leading telecommunications provider in Russia and the CIS, announces that MTS Board of Directors has approved the acquisition by MTS subsidiaries of a 100% stake in Sistema Inventure which directly owns 29% of the voting stock of Moscow City Telephone Network (MGTS).

Under the proposed terms, subsidiaries of MTS would acquire for RUB 10.56 billion a 100% stake in wholly owned JSFC Sistema s subsidiary Sistema Inventure, which in addition to its stake in MGTS has RUB 10.44 billion(i) of debt owed to Sistema. Upon completion of the transaction, MTS s ownership stake in MGTS would rise to 99.1% of ordinary shares and 69.7% of preferred shares, which total 94.1% of MGTS charter capital.

Approval of the transaction by the MTS Board of Directors follows the recommendation of the Special Committee of three independent directors overseeing the transaction process. Citigroup Global Markets Limited is acting as financial advisor and has provided a fairness opinion to the Special Committee. Cleary Gottlieb Steen & Hamilton is acting as legal advisor to the Special Committee. Tax and financial due diligence was conducted by Ernst & Young.

The deal is still to be approved by Sistema s Board of Directors. The acquisition has already been approved by the Federal Antimonopoly Service (FAS). The transaction is subject to documentation and is expected to be completed by the end of the year.

Some of the information in this press release may contain projections or other forward-looking statements regarding future events or the future financial performance of MTS, as defined in the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. You can identify forward looking statements by terms such as expect, believe, anticipate, estimate, intend, will, could, may or might, and such terms or other similar expressions. We wish to caution you that these statements are only predictions and that actual events or results may differ materially. We do not undertake or intend to update these statements to reflect events and circumstances occurring after the date hereof or to reflect the occurrence of unanticipated events. We refer you to the documents MTS files from time to time with the U.S. Securities and Exchange Commission, specifically the Company's most recent Form 20-F. These documents contain and identify important factors, including those contained in the section captioned Risk Factors that could cause the actual results to differ materially from those contained in our projections or forward-looking statements, including, among others, the severity and duration of current economic and financial conditions, including volatility in interest and exchange rates, commodity and equity prices and the value of financial assets; the impact of Russian, U.S. and other foreign government programs to restore liquidity and stimulate national and global economies, our ability to maintain our current credit rating and the impact on our funding costs and competitive position if we do not do so, strategic actions, including acquisitions and dispositions and our success in integrating acquired businesses, including Comstar-UTS, potential fluctuations in quarterly results, our competitive environment, dependence on new service development and tariff structures, rapid technological and market change, acquisition strategy, risks associated with telecommunications infrastructure, governmental regulation of the telecommunications industries and other risks associated with operating in Russia and the CIS, volatility of stock price, financial risk management and future growth subject to risks.
