Yes No

Ad Hoc Notice

January 31, 2011

Moscow, Russian Federation Mobile TeleSystems OJSC (MTS NYSE: MBT), the leading telecommunications provider in Russia and the CIS, announces that the Moscow Arbitrazh Court will consider a bankruptcy claim against MTS filed by one of its former dealers, Lotsman Management Group LLC (Lotsman). The claim was filed on December 08, 2011, in connection with a commercial dispute in the amount of 17 million rubles relating to dealer commissions allegedly owed to Lotsman by MTS.

The dispute originated in the context of MTS' campaign to eliminate fraud in SIM card sales. On October 20, 2011, MTS filed an application to launch criminal proceedings against Lotsman management in connection with alleged fraudulent activities

On January 31, 2012, MTS filed an appeal with the High Arbitrazh Court of Russia to challenge a decision by a lower court ordering payment by MTS of the aforementioned amount. Previously in August 2011, the lower court upheld MTS' position that Lotsman was not entitled to compensation and dismissed the claim.

Some of the information in this press release may contain projections or other forward-looking statements regarding future events or the future financial performance of MTS, as defined in the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. You can identify forward looking statements by terms such as expect, believe, anticipate, estimate, intend, will, could, may or might, and such terms or other similar expressions. We wish to caution you that these statements are only predictions and that actual events or results may differ materially. We do not undertake or intend to update these statements to reflect events and circumstances occurring after the date hereof or to reflect the occurrence of unanticipated events. We refer you to the documents MTS files from time to time with the U.S. Securities and Exchange Commission, specifically the Company's most recent Form 20-F. These documents contain and identify important factors, including those contained in the section captioned Risk Factors that could cause the actual results to differ materially from those contained in our projections or forward-looking statements, including, among others, the severity and duration of current economic and financial conditions, including volatility in interest and exchange rates, commodity and equity prices and the value of financial assets; the impact of Russian, U.S. and other foreign government programs to restore liquidity and stimulate national and global economies, our ability to maintain our current credit rating and the impact on our funding costs and competitive position if we do not do so, strategic actions, including acquisitions and dispositions and our success in integrating acquired businesses, including Comstar-UTS, potential fluctuations in quarterly results, our competitive environment, dependence on new service development and tariff structures, rapid technological and market change, acquisition strategy, risks associated with telecommunications infrastructure, governmental regulation of the telecommunications industries and other risks associated with operating in Russia and the CIS, volatility of stock price, financial risk management and future growth subject to risks.
