MTS ' infrastructure remains fully in place and MTS-TURKMENISTAN is currently working with the vendors to restore network 's capacity and to quickly relaunch services to its subscriber base of more than 2.4 mln customers.

MTS President and CEO Andrei Dubovskov commented, We are pleased to announce the resumption of operations in Turkmenistan, a development of mutual benefit reached through a long negotiation process involving Government of Turkmenistan and management of both MTS and Sistema JSFC, our majority shareholder. The agreements reached and enabled by the decree of the President of Turkmenistan serve the interests of MTS shareholders and further support the development of the economy of Turkmenistan. Despite our lengthy absence in Turkmenistan, we are confident that the quality of our network, the strength of our brand and deep understanding of the local market will allow us to establish a strong competitive position in this very attractive market.
