Item 7.01. Regulation FD Disclosure.

On February 25, 2013, the North Carolina Public Staff (the Public Staff) filed with the North Carolina Utilities Commission (the NCUC) a Notice of Settlement in Principle in connection with the rate case filed on October 12, 2012 by Carolina Power & Light Company d/b/a Progress Energy Carolinas, Inc. (Progress Energy Carolinas). Pursuant to the settlement in principle (the Settlement) between Progress Energy Carolinas and the Public Staff, the parties have agreed to a two year step-in to the total agreed upon rate increase, with year one providing for an approximate \$151.4 million, or 4.7% average increase in rates, and year two providing for rates to be increased by an approximate additional \$31.4 million, or 1.0% average increase in rates. This year two increase is a result of Progress Energy Carolinas agreeing to delay collection of construction work in progress for the Sutton combined cycle natural gas plant for one year. The Settlement is based upon an ROE of 10.2% and a 53% equity component of the capital structure. Progress Energy Carolinas has agreed to convert \$20 million of a regulatory liability for the benefit of local agencies and organizations that support its low-income North Carolina retail customers, as well as for job training programs. The parties did not reach agreement on the issues of the appropriate cost-of-service allocation methodology and the proposed Industrial Economic Rider.

A Settlement Agreement with the detailed terms of the Settlement will be filed with the NCUC on February 28, 2013. The Settlement is subject to the review and approval of the NCUC.
