-

EXPLANATORY NOTE

This Form 8-K/A amends the Current Report on Form 8-K of Midstates Petroleum Company, Inc. (the Company) filed with the United States Securities and Exchange Commission on September 5, 2012 related to Midstates Petroleum Company LLC's (Midstates Sub), a wholly owned subsidiary of the Company, acquisition of certain interests in producing oil and natural gas assets and unevaluated leasehold acreage in Oklahoma and Kansas and the related hedging instruments (the Eagle Energy Acquisition). This amendment includes historical unaudited interim financial statements of the businesses acquired as of September 30, 2012 and for the nine months ended September 30, 2012 and 2011, and unaudited pro forma financial information as of September 30, 2012, for the twelve months ended December 31, 2011 and the nine months ended September 30, 2012.

Item 8.01 Other Events.

On January 1, 2013, we adopted Accounting Standards Update (ASU) No. 2011-11, Disclosures about Offsetting Assets and Liabilities (ASU 2011-11), which enhances disclosures by requiring an entity to disclose information about netting arrangements, including rights of offset, to enable users of its financial statements to understand the effect of those arrangements on its financial position and ASU No. 2013-01, Balance Sheet (Topic 210) Clarifying the Scope of Disclosures about Offsetting Assets and Liabilities (ASU 2013-01), which requires clarification of the specific instruments that should be considered in these disclosures. These pronouncements were issued to facilitate comparison between financial statements prepared on the basis of accounting principles generally accepted in the United States and International Financial Reporting Standards. These updates are effective for annual and interim reporting periods beginning on or after January 1, 2013 and are to be applied retroactively for all comparative periods presented. The impact of retrospectively adjusting for the adoption of these pronouncements was immaterial to our historical consolidated financial statements.

The following presents the unaudited retrospective application of ASU 2011-11 and ASU 2013-01 by providing reconciliation between the gross assets and liabilities reflected on the balance sheet and the potential effects of master netting arrangements on the fair value of the Company's derivative contracts at December 31, 2012 and December 31, 2011.
