**Item 7.01. Regulation FD Disclosure.**

As disclosed in its earnings press release for the Fiscal 2018 second quarter, AAR CORP. (the Company) announced a non-cash asset impairment of \$54.2 million in its Expeditionary Services segment, which was comprised of \$51.6 million included in cost of sales and \$2.6 million included in selling, general and administrative (SG&A) expenses. The Company further disclosed adjusted earnings per diluted share (a non-GAAP financial measure) of \$0.35, which excludes the \$1.01 impact of the impairment charges discussed above. A reconciliation of this non-GAAP financial measure to the reported earnings per diluted share is included in the Company's earnings press release filed on a Current Report on Form 8-K dated December 21, 2017.

During the quarterly earnings conference held by the Company on December 21, 2017, the Company was asked what the adjusted earnings per diluted share of \$0.35 would be if it were further adjusted to exclude the following items:

- The \$1.6 million or \$0.03 per diluted share impact of the results of the affected business within the Company's Expeditionary Services segment;
- The \$1.0 million or \$0.02 per diluted share impact of SG&A expenses for legal costs associated with the defense of our INL/A WASS contract; and
- The \$0.4 million or \$0.01 per diluted share impact of deal-related costs during the quarter.

The Company responded that these further adjustments of \$0.06 per diluted share, when excluded from the adjusted earnings per diluted share of \$0.35, would result in a total of \$0.41 per diluted share.

The Company is filing this Form 8-K to clarify its response to questions raised during the earnings conference call.
