Item 1.01. Entry into a Material Definitive Agreement.

At a meeting of the Management Resources Committee (the "MRC") of the Board of Directors of Applera Corporation ("Applera") held on January 20, 2005, the MRC approved acceleration of the vesting of unvested stock options previously awarded to employees, officers, and directors. The accelerated options were issued under the Applera Corporation/Applied Biosystems Group Amended and Restated 1999 Stock Incentive Plan and the Applera Corporation/Celera Genomics Group Amended and Restated 1999 Stock Incentive Plan. Options with vesting based on performance and options held by employees located in certain foreign countries were not accelerated. Shares received upon the exercise of accelerated options held by directors, officers, and certain other senior managers, including all of Applera's executive officers, may not be sold prior to the earlier of the original vesting date or their termination of employment or service.

Attached hereto as Exhibit 99.1 and incorporated by reference to this Item is the text of Applera's January 20, 2005, press release announcing the acceleration of vesting of options as described above.
