PROPOSAL TO APPROVE AND RATIFY THE HEICO CORPORATION 2002 STOCK OPTION PLAN (Proposal No. 2)

Background and Purpose.

It has been the Company's policy to maintain a stock option grant program because the Board of Directors believes that stock options are critical to obtaining and retaining the services of the Company's employees, which the Company calls Team Members, and other consultants. The Board of Directors believes this to be the case for several reasons. First, many corporations offer stock options, which means that existing and potential HEICO Team Members or consultants could seek employment by, or provide services to, other corporations offering stock options as a reward for long term growth, and HEICO needs to remain competitive with these other corporations. Second, the Board of Directors has concluded that stock options are an effective method of compensating Team Members and consultants, as the Company generally does not incur costs for the options unless and until the Company's share price increases. Third, when options have a cost, there is no cash outlay for the Company, which preserves the Company's liquidity. Fourth, stock options are believed to align the interests of shareholders, Team Members and consultants in increasing shareholder value, not merely maximizing their own short term cash compensation and benefits.

The Company's current stock option plan, the HEICO Corporation 1993 Stock Option Plan, will expire in approximately fourteen months and no options may be granted under that plan following expiration. The Board of Directors wishes to ensure the Company's ability to offer stock options to current and potential Team Members and consultants so that it could, among other reasons, meet the goals set forth in the foregoing paragraph. Therefore, on February 18, 2002, the Board of Directors adopted the HEICO Corporation 2002 Stock Option Plan (the "Plan") and hereby submits it to the Company's shareholders for their approval at the Annual Meeting.

The purpose of the Plan is to provide an additional incentive to attract and retain qualified competent persons who provide services and upon whose efforts and judgment the success of the Company is largely dependent, through the encouragement of stock ownership in the Company by such persons. In furtherance of this purpose, the Plan authorizes, among other things, (a) the granting of incentive or non-qualified stock options (collectively, the "Options") to purchase shares of Common Stock and Class A Common Stock of the Company (collectively, the "Shares") to persons selected by the administrators of the Plan from the class of all employees, directors and consultants of the Company or its direct or indirect subsidiaries (each a "Related Entity") (b) the provision of loans for the purposes of financing the exercise of Options and the amount of taxes payable in connection therewith, and (c) the use of already owned Shares as payment of the exercise price for Options granted under the Plan.

Edgar Filing: HEICO CORP - Form DEF 14A

Shareholder approval of the Plan is required (i) for purposes of compliance with certain exclusions from the limitations of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), (ii) in order for certain Options granted under the Plan to qualify as incentive stock options under Section 422 of the Code, (iii) in order for the Plan to be eligible under the "plan lender" exemption from the margin requirements of Regulation U promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and (iv) by the rules of the New York Stock Exchange.

The effective date of the Plan is March 19, 2002. No Options have been granted under the Plan as of the date of this Proxy Statement, and any Options granted under the Plan shall be subject to and conditioned upon approval of the Plan by the Company's shareholders at the Annual Meeting.

The following is a summary of certain principal features of the Plan. This summary is qualified in its entirety by reference to the complete text of the Plan, which is attached to this Proxy Statement as Exhibit A. Shareholders are urged to read the actual text of the Plan in its entirety.

Administration of the Plan.

The Plan provides that it shall be administered by the Board of Directors of the Company or by a committee appointed by the Board (the "Committee") which shall be composed of two or more directors all of whom shall be "outside directors" (as

8

defined in the Plan) in compliance with Rule 16b-3 of the Exchange Act and Section 162(m) of the Code (although Rule 16b-3 also may be complied with if the option grants are approved by the Board).

The Committee or the Board in its sole discretion determines the persons to be awarded the Options, the number of Shares subject thereto and the exercise price and other terms thereof. In addition, the Committee or the Board has full power and authority to construe and interpret the Plan, and the acts of the Committee or the Board are final, conclusive and binding on all interested parties, including the Company, its shareholders, its officers and employees, recipients of grants under the Plan, and all persons or entities claiming by or through such persons.

An aggregate of 520,000 Shares (subject to adjustment described below) are reserved for issuance upon the exercise of Options granted under the Plan. The Company has an aggregate of 20,847,073 shares of Common Stock and Class A Common Stock outstanding as of January 31, 2002. The Options granted pursuant to the Plan may be with respect to Common Stock and/or Class A Common Stock in such proportions as shall be determined by the Board or the Committee in its sole discretion. The aggregate number of Options granted to any one Optionee generally may not exceed 250,000 (subject to adjustments as described below) in any fiscal year of the Company. However, the aggregate number of Options that may be granted to an Optionee in the fiscal year of the Company in which he first is employed by the Company or its Related Entities is 400,000 (subject to adjustment as described below). The Shares acquired upon exercise of Options granted under the Plan will be authorized and issued Shares. The Company's shareholders will not have any preemptive rights to purchase or subscribe for any Shares by reason of the reservation and issuance of Shares under the Plan. If any Option granted under the Plan should expire or terminate for any reason other than having been exercised in full, the unpurchased shares subject to that Option will again be available for purposes of the Plan.

Edgar Filing: HEICO CORP - Form DEF 14A

Certain Terms and Conditions.

All Options granted under the Plan must be evidenced by a written agreement between the Company and the Optionee. The agreement will contain such terms and conditions as the Committee or the Board shall prescribe, consistent with the Plan, including, without limitation, the exercise price, term and any restrictions on the exercisability of the Options granted.

For any Option granted under the Plan, the exercise price per Share may be any price determined by the Committee or the Board; however, the exercise price per Share of any incentive stock option may not be less than the Fair Market Value of the Shares with respect to which the Option is granted on the date such incentive stock option is granted. For purposes of the Plan, the "Fair Market Value" on any date of reference is deemed to be the closing price of Shares on the business day immediately preceding such date, unless the Committee or the Board in its sole discretion determines otherwise in a fair and uniform manner. For this purpose, the closing price of Shares on any business day is (i) if the Shares are listed or admitted for trading on any U.S. national securities exchange, or if actual transactions are otherwise reported on a consolidated transaction reporting system, the last reported sale price of the Shares on such exchange or reporting system, as reported in any newspaper of general circulation; (ii) if the Shares are quoted on the National Association of Securities Dealers Automated Quotation System, or any similar system of automated dissemination of quotations of securities prices in common use, the mean between the closing high bid and low asked quotations for such day of the Shares on such system; or (iii) if neither clause (i) nor (ii) is applicable, the mean between the high bid and low asked quotations for Shares as reported by the National Quotation Bureau, Incorporated if at least two securities dealers have inserted both bid and asked quotations for the Shares on at least 5 of the 10 preceding days. The closing price per Share of Common Stock and Class A Common Stock on February 15, 2002 as reported on the New York Stock Exchange was \$16.10 and \$14.32, respectively.

The Committee or the Board may permit the exercise price of an Option to be paid in cash, by certified or official bank check or personal check, by money order, with already owned Shares that have been held by the Optionee for at least six months (or such other Shares as the Company determines will not cause the Company to recognize for financial accounting purposes a charge for compensation expense), the withholding of Shares issuable upon exercise of the Option, by delivery of a properly executed exercise notice together with such documentation as shall be required by the Committee or the Board (or, if applicable, the broker) to effect a cashless exercise, or a combination of the above. If paid in whole or in part with Shares, the value of the Shares surrendered is deemed to be their Fair Market Value on the date the Option is exercised. The Plan also authorizes the Company to lend money to an Optionee, guarantee a loan to an Optionee, or otherwise assist an Optionee to obtain the cash necessary to exercise all or a portion of the Option granted thereunder or to pay any tax liability of the Optionee attributable to such exercise. If the exercise price is paid in whole or part with the Optionee's promissory note, such note shall (i) provide for

9

full recourse to the maker, (ii) be collateralized by the pledge of the Shares that the Optionee purchases upon exercise of such Option, (iii) bear interest at the prime rate of the Company's principal lender or such other rate as the Committee or the Board, as the case may be, shall determine, and (iv) contain such other terms as the Committee or the Board in its sole discretion shall reasonably require.

Edgar Filing: HEICO CORP - Form DEF 14A

The use of already owned Shares applies to payment for the exercise of an Option in a single transaction and to the "pyramiding" of already owned shares in successive, simultaneous Option exercises. In general, pyramiding permits an Optionee to start with as little as one Share and exercise an entire Option to the extent then exercisable (no matter what the number of Shares subject thereto). By utilizing already owned Shares, no cash (except for fractional share adjustments) is needed to exercise an Option. Consequently, the Optionee would receive Shares equal in value to the spread between the fair market value of the Shares subject to the Option and the exercise price of such Option.

Upon the exercise of an option granted under the Plan or under any other stock plan of the Company which may be designated by the Committee or the Board from time to time, the Optionee, at the discretion of the Committee or the Board, may receive a reload option on the terms, conditions and limitations determined by the Committee or the Board, from time to time. A reload option gives the Optionee the right to purchase a number of Shares surrendered to pay the exercise price and/or used to pay the withholding taxes applicable to an Option exercise. Reload options do not increase the net equity position of an Optionee. Their purpose is to facilitate continued stock ownership in the Company by the Optionee.

No incentive stock option, and unless the prior written consent of the Committee or the Board is obtained (which consent may be withheld for any reason) and the transaction does not violate the requirements of Rule 16b-3 of the Exchange Act, no non-qualified stock option granted under the Plan is assignable or transferable, other than by will or by the laws of descent and distribution. During the lifetime of an Optionee, an Option is exercisable only by him or her, or in the case of a non-qualified stock option, by his or her permitted assignee. The expiration date of an Option under the Plan will be determined by the Committee or the Board at the time of grant, but in no event may such an Option be exercisable after ten years from the date of grant. An Option may be exercised at any time or from time to time or only after a period of time in installments, as the Committee or the Board determines. The Committee or the Board may in its sole discretion accelerate the date on which any Option may be exercised. Each outstanding Option granted under the Plan may become immediately fully exercisable in the event of certain transactions, including certain changes in control of the Company, certain mergers and reorganizations, and certain dispositions of substantially all the Company's assets.

Unless otherwise provided in the Option agreement, the unexercised portion of any Option granted under the Plan shall automatically be terminated (a) three months after the date on which the Optionee's service as an employee, director or consultant with the Company and its Related Entities ("Continuous Service") is terminated for any reason other than (i) Cause (as defined in the Optionee's agreement of employment and if there is no agreement, as defined in the Plan), (ii) mental or physical disability, or (iii) death; (b) immediately upon the termination of the Optionee's Continuous Service for Cause; (c) one year after the date on which the Optionee's Continuous Service is terminated by reason of mental or physical disability; or (d) one year after the date on which the Optionee's Continuous Service is terminated by reason of Optionee's death, or if later, three months after the date of Optionee's death if death occurs during the one year period following the termination of the Optionee's Continuous Service by reason of mental or physical disability.

To prevent dilution of the rights of a holder of an Option, the Plan provides for appropriate adjustment of the number of Shares for which Options may be granted, the number of Shares subject to outstanding Options and the exercise price of outstanding Options, in the event of any increase or decrease in the number of issued and outstanding Shares of the Company's capital stock resulting from a stock dividend, a recapitalization or other capital adjustment of the Company. The Committee or the Board has discretion to make appropriate

Edgar Filing: HEICO CORP - Form DEF 14A

antidilution adjustments to outstanding Options in the event of a merger, consolidation or other reorganization of the Company or a sale or other disposition of substantially all of the Company's assets.

The Plan will expire on February 18, 2012, and any Option outstanding on such date will remain outstanding until it expires or is exercised. The Committee or the Board may amend, suspend or terminate the Plan or any Option at any time, provided that such amendment shall be subject to the approval of the Company's shareholders if such shareholder approval is required by any federal or state law or regulation (including, without limitation, Rule 16b-3 or to comply with Section 162(m) of the Code) or the rules of any stock exchange or automated quotation system on which the Shares may then be listed or granted. In addition, no amendment, suspension or termination shall substantially impair the rights or benefits of any Optionee, pursuant to any Option previously granted, without the consent of the Optionee.

10

New Plan Benefits

Because grants under the Plan are discretionary, it is not possible to determine or estimate the benefits or amounts that will be received in the future by individual employees, consultants or groups of employees or consultants under the Plan.

Federal Income Tax Consequences of Awards of Options.

The Plan is not qualified under the provisions of section 401(a) of the Code, and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Nonqualified Stock Options. On exercise of a nonqualified stock option granted under the Plan, an Optionee will recognize ordinary income equal to the excess, if any, of the fair market value on the date of exercise of the Shares acquired on exercise of the Option over the exercise price. If the Optionee is an employee of the Company, that income will be subject to the withholding of federal income tax. The Optionee's tax basis in those Shares will be equal to their fair market value on the date of exercise of the Option, and his holding period for those Shares will begin on that date.

If an Optionee pays for Shares on exercise of an Option by delivering Shares, the Optionee will not recognize gain or loss on the Shares delivered, even if their fair market value at the time of exercise differs from the Optionee's tax basis in them. The Optionee, however, will be taxed on the exercise of the Option in the manner described above as if he had paid the exercise price in cash. If a separate identifiable stock certificate is issued for that number of Shares equal to the number of Shares delivered on exercise of the Option, the Optionee's tax basis in the Shares represented by that certificate will be equal to his tax basis in the Shares delivered, and his holding period for those Shares will include his holding period for the Shares delivered. The Optionee's tax basis and holding period for the additional Shares received on exercise of the Option will be the same as if the Optionee had exercised the Option solely in exchange for cash.

The Company will be entitled to a deduction for Federal income tax purposes equal to the amount of ordinary income taxable to the Optionee, provided that amount constitutes an ordinary and necessary business expense for the Company and is reasonable in amount, and either the Optionee includes that amount in income or the Company timely satisfies its reporting requirements with respect to that amount.

Edgar Filing: HEICO CORP - Form DEF 14A

Incentive Stock Options. The Plan provides for the grant of stock options that qualify as "incentive stock options" as defined in section 422 of the Code. Under the Code, an Optionee generally is not subject to tax upon the grant or exercise of an incentive stock option. In addition, if the Optionee holds a Share received on exercise of an incentive stock option for at least two years from the date the Option was granted and at least one year from the date the Option was exercised (the "Required Holding Period"), the difference, if any, between the amount realized on a sale or other taxable disposition of that Share and the holder's tax basis in that Share will be long-term capital gain or loss.

If, however, an Optionee disposes of a Share acquired on exercise of an incentive stock option before the end of the Required Holding Period (a "Disqualifying Disposition"), the Optionee generally will recognize ordinary income in the year of the Disqualifying Disposition equal to the excess, if any, of the fair market value of the Share on the date the incentive stock option was exercised over the exercise price. If, however, the Disqualifying Disposition is a sale or exchange on which a loss, if realized, would be recognized for federal income tax purposes, and if the sales proceeds are less than the fair market value of the share on the date of exercise of the Option, the amount of ordinary income recognized by the Optionee will not exceed the gain, if any, realized on the sale. If the amount realized on a Disqualifying Disposition exceeds the fair market value of the Share on the date of exercise of the Option, that excess will be short-term or long-term capital gain, depending on whether the holding period for the share exceeds one year.

An Optionee who exercises an incentive stock option by delivering Shares acquired previously pursuant to the exercise of an incentive stock option before the expiration of the Required Holding Period for those Shares is treated as making a Disqualifying Disposition of those Shares. This rule prevents "pyramiding" the exercise of an incentive stock option (that is, exercising an incentive stock option for one Share and using that Share, and others so acquired, to exercise successive incentive stock options) without the imposition of current income tax.

11

For purposes of the alternative minimum tax, the amount by which the fair market value of a Share acquired on exercise of an incentive stock option exceeds the exercise price of that Option generally will be an adjustment included in the Optionee's alternative minimum taxable income for the year in which the Option is exercised. If, however, there is a Disqualifying Disposition of the Share in the year in which the Option is exercised, there will be no adjustment with respect to that Share. If there is a Disqualifying Disposition in a later year, no income with respect to the Disqualifying Disposition is included in the Optionee's alternative minimum taxable income for that year. In computing alternative minimum taxable income, the tax basis of a Share acquired on exercise of an incentive stock option is increased by the amount of the adjustment taken into account with respect to that share for alternative minimum tax purposes in the year the Option is exercised.

The Company is not allowed an income tax deduction with respect to the grant or exercise of an incentive stock option or the disposition of a share acquired on exercise of an incentive stock option after the Required Holding Period. However, if there is a Disqualifying Disposition of a Share, the Company is allowed a deduction in an amount equal to the ordinary income includible in income by the Optionee, provided that amount constitutes an ordinary and necessary business expense for the Company and is reasonable in amount, and either the Optionee includes that amount in income or the Company timely

Edgar Filing: HEICO CORP - Form DEF 14A

satisfies its reporting requirements with respect to that amount.

Section 162 Limitations. The Omnibus Budget Reconciliation Act of 1993 added Section 162(m) to the Code, which generally disallows a public company's tax deduction for compensation to covered employees in excess of \$1 million in any tax year beginning on or after January 1, 1994. Compensation that qualifies as "performance-based compensation" is excluded from the \$1 million deductibility cap, and therefore remains fully deductible by the Company that pays it. The Company intends that Options granted to employees whom the Committee expects to be covered employees at the time a deduction arises in connection with such Options, will qualify as such "performance-based compensation," so that such Options will not be subject to the Section 162(m) deductibility cap of \$1 million. Future changes in Section 162(m) or the regulations thereunder may adversely affect the ability of the Company to ensure that Options under the Plan will qualify as "performance-based compensation" that is fully deductible by the Company under Section 162(m).

Importance of Consulting Tax Adviser. The information set forth above is a summary only and does not purport to be complete. In addition, the information is based upon current Federal income tax rules and therefore is subject to change when those rules change. Moreover, because the tax consequences to any Optionee may depend on his particular situation, each Optionee should consult his tax adviser as to the Federal, state, local and other tax consequences of the grant or exercise of an Option or the disposition of Common Stock acquired on exercise of an Option.

Recommendation

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" APPROVAL OF THE PROPOSAL TO APPROVE AND RATIFY THE 2002 STOCK OPTION PLAN.

FINANCE/AUDIT COMMITTEE REPORT

The Finance/Audit Committee of the Board of Directors is composed entirely of three non-employee directors. The Board of Directors has determined that each member of the Audit Committee is independent in accordance with the New York Stock Exchange's listing standards. The responsibilities of the Audit Committee are set forth in its formal written Charter, which was adopted by the full Board of Directors in December 1999. In general, the Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and reporting practices of the Company and such other duties as directed by the Board.

The Company's management is responsible for the Company's financial reporting process, including its system of internal control, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are responsible for auditing those financial statements. The Audit Committee is responsible for monitoring and reviewing these processes. The Audit Committee does not have the duty or responsibility to conduct auditing or accounting reviews or procedures. None of the members of the Audit Committee are employees of the Company and may not be, and may not represent themselves to be or to serve as, accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, the Audit Committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles and on the representations of the independent auditors included in their report on the Company's financial statements.

The oversight performed by the Audit Committee does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the discussions that the Audit Committee has with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of our Company's financial statements has been carried out in accordance with generally accepted auditing standards or that our Company's independent accountants are in fact "independent."

As more fully described in the Charter of the Audit Committee, the Audit Committee is responsible for overseeing the Company's internal controls and financial reporting processes, as well as the independent audit of the

Edgar Filing: HEICO CORP - Form DEF 14A

Company's financial statements by the Company's independent auditors, Deloitte & Touche LLP. As part of fulfilling its responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements for fiscal 2001 with management and discussed those matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) with the Company's independent auditors. The Audit Committee discussed and considered the independence of Deloitte & Touche LLP with representatives of Deloitte & Touche LLP, reviewing as necessary all relationships and services which might bear on the objectivity of Deloitte & Touche LLP, and received the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committee) from Deloitte & Touche LLP. The Audit Committee provided to Deloitte & Touche LLP full access to the Audit Committee to meet privately with the Audit Committee and Deloitte & Touche LLP was encouraged to discuss any matters they desired with the Audit Committee and the full Board of Directors.

The opinion of Deloitte & Touche LLP is filed separately in the 2001 annual report and should be read in conjunction with the reading of the financial statements.

Based upon the Audit Committee's review and discussions referred to above, the Audit Committee recommended that the Board of Directors include the Company's audited consolidated financial statements in its Annual Report on Form 10-K for the year ended October 31, 2001, filed with the Securities and Exchange Commission.

Respectfully Submitted by the Finance/Audit Committee of the Company's Board of Directors: Samuel L. Higginbottom, Albert Morrison, Jr. and Dr. Alan Schriesheim.

NOMINATING AND EXECUTIVE COMPENSATION COMMITTEE REPORT

The Committee

No member of the Nominating and Executive Compensation Committee (the "Compensation Committee") is a current or former employee or officer of the Company or any of its' affiliates. Decisions concerning compensation of the Company's executive officers generally are made by the Compensation Committee and all decisions by the Compensation Committee about compensation of the Company's executive officers are reviewed by the full Board, except that decisions about awards under the Company's 1993 Stock Option Plan are made by the Stock Option Plan Committee (the "SOC") and are further ratified by the Board.

Compensation Philosophy

The Company's primary objectives in establishing executive compensation are: (i) to incentivize management to increase the Company's income and enhance shareholder value; (ii) to align stockholder and management interests; (iii) to encourage management to focusing on the Company's long-term growth; (iv) to attract a high quality management team; (v) to stimulate both entrepreneurial and team objectives by management; and (vi) to recruit and retain top managers in an increasingly competitive compensation market. The Compensation Committee believes that these objectives are all crucial in building and growing the Company. The Company has been well served over the long term by ensuring that these objectives are met.

Historically, the Company has refrained from paying large base cash

Edgar Filing: HEICO CORP - Form DEF 14A

compensation and has paid cash bonuses when the Company recognized quantitative earnings improvements. In 2001, despite the successful reinvestment of proceeds from the sale of the Company's former Trilectron Industries subsidiary (discussed below) and management's success in meeting most of its objectives, executive officers requested to the Compensation Committee that no cash bonuses be paid to them because of anticipated weakness in some of the Company's markets following the September 11th attacks and because the Company's income did not increase during fiscal 2001 compared to fiscal 2000. The Compensation Committee accepted this recommendation and did not award bonuses to executive officers for 2001. The Compensation Committee and the executive officers followed a similar approach in 1999 when, despite continuing record financial performance by the Company, no cash bonuses were paid to any of the Company's executive officers. In 2000, the Company awarded cash bonuses to the executive officers contingent upon Trilectron's successful and profitable sale and in a year when the Company reported record income from continuing operations.

Certain executive officers received stock options in 2001. The Compensation Committee believes that stock options encourage managers to maximize the Company's stock price by working diligently to increase earnings in order to increase shareholder value. The Compensation Committee also believes that a company's stock price is usually driven by strong earnings and earnings growth and that this philosophy has led to a 664% increase in the Company's Common Stock price from fiscal 1991 to fiscal 2001, and an earnings increase, as measured by net income per diluted share, of 344% over the same period. In addition, stock options allow the Company to limit its cash compensation risk by granting such options which are not directly charged to the Company's reported income and which yield profit for officers only when other shareholders benefit. Numerous publicly-held corporations issue stock options to their employees and the Compensation Committee believes that the Company must do so in order to remain competitive in retaining and attracting employees.

Stock option holders do not receive any income or other benefit from their stock options unless all of the Company's shareholders gain from an increase in the Company's stock price. If management's efforts do not result in a share price increase, management will forego potentially sizeable financial gains, and those gains often represent a substantial income expectation for them.

Relationship to Performance Under Compensation Plans

Compensation paid to the Company's executive officers in 2001, as reflected in the foregoing tables, consisted primarily of base salary and Company contributions to the HEICO Savings and Investment Plan (the "Savings and Investment Plan"). None of the executive officers received bonuses in 2001, despite the Company's success in meeting many of its objectives. All employees of the Company and certain subsidiaries are eligible to participate in the Savings and Investment Plan, but, under federal regulations, certain employees of the Company (including Laurans A. Mendelson, Thomas S. Irwin, Eric A. Mendelson, Victor H. Mendelson and James L. Reum) are limited in their participation. Further, all officers listed herein who

17

are eligible to participate in the Savings and Investment Plan contributed a portion of their compensation to the Savings and Investment Plan in order to receive the maximum of the Company's contribution.

The Compensation Committee determines executive officers' base salaries through a variety of means, including by using comparative industry data and evaluating earnings growth. In early 2001, the Compensation Committee felt it

Edgar Filing: HEICO CORP - Form DEF 14A

was important to increase the base compensation levels to those which are comparable to other companies and to recognize the Company's success in meeting its objectives.

During 2001, the Company very successfully made six synergistic acquisitions which are expected to more than replace the income previously provided by Trilectron, successfully introduced numerous important new products, entered into an innovative partnership with the parent of American Airlines, the second such innovative partnership for the Company, and continued to effectively manage its operations for long term growth.

In 2000, the Company sold Trilectron for a substantial gain after having grown the business to approximately four times the size it was when HEICO acquired it in 1996. The strategy and its execution for acquiring, growing and selling Trilectron were devised entirely by the executive officers. Accordingly, in 2000, the Compensation Committee felt that it was critical to reward the executive officers for this success in order to provide continuing incentives to make similar accomplishments. By sending a clear message to the executive officers that they would receive bonuses upon realizing large gains for the Company, the Compensation Committee believes that it demonstrated to the executive officers that they will be rewarded for making good financial decisions, even though the Company's size, in terms of revenues, was temporarily reduced from an asset sale. Because no such transactions occurred in 2001, no comparable bonuses were paid in 2001.

In addition, the following items are among the major factors which the Compensation Committee considered in establishing base salaries for the Company's executive officers in 2001: prevailing executive compensation trends; compensation analysis reports from Watson Wyatt & Company, an independent consulting firm; consultation with executives; known industry standards; local and national compensation practices; alternative employment opportunities available to executives; industry knowledge and experience; complexity and difficulty of responsibilities; special gains upon asset sales and past and expected future contributions to the Company's development.

The Compensation Committee has observed the current management team for the past decade and has concluded that its compensation policies have appropriately rewarded and incentivized management for its successes and efforts. Although this is the case, the Compensation Committee plans to consistently review compensation practices and may, depending upon conditions in its businesses and other factors, alter its policies.

Chief Executive Officer

The Compensation Committee considers the Chief Executive Officer's compensation each year. The primary standards which the Compensation Committee considers for the Chief Executive Officer's compensation are essentially the same as those described for the executive officers in general. Also, the Compensation Committee assesses past performance, the Chief Executive Officer's ability to deliver predicted results and anticipated future contributions to the Company's growth. The Committee also accepted Mr. Mendelson's request, made in part as an example of leadership to the Company's Team Members following the tragic events of September 11th, that he receive no cash bonus in 2001, despite the Company's success in meeting many of its objectives.

The Company has prospered substantially under Mr. Mendelson's leadership. Specifically, the Company has expanded its aerospace product line following a restructuring of its aerospace operations, and it has successfully entered and sold two new, profitable lines of business, which grew substantially after their acquisitions by HEICO. Under Mr. Mendelson's leadership, the Company has completed key strategic alliances with two major airlines and twenty important strategic acquisitions, has completed a follow-on stock offering which

Edgar Filing: HEICO CORP - Form DEF 14A

raised \$56 million in equity for the Company and has successfully negotiated a \$120 million credit facility with a syndicate of banks.

The Compensation Committee believes it is important to continue to induce Mr. Mendelson to devote substantially all of his professional time and effort to the Company and to forego other potentially lucrative business transactions. In doing so, the Compensation Committee has considered Mr. Mendelson's other successful business activities unrelated to the Company and has provided incentives to devote attention to HEICO.

18

Further, the Company's commercial bank has required that the Company retain Mr. Mendelson's services in order to obtain and retain its credit facility. The Company's lender has also required that Mr. Mendelson and his family maintain substantially all of their present ownership position in the Company in order to retain the credit facility. These requirements were made at the lender's sole request as part of the Company's loan agreement with the lender. Accordingly, the Board believes that it is essential to ensure Mr. Mendelson's continued management of the Company by providing him with sufficient incentive to remain as the Company's Chief Executive Officer and to induce him to maintain his significant investment in the Company.

The Compensation Committee believes that equity ownership by management is essential. Accordingly, because Mr. Mendelson has made a substantial equity commitment to the Company, the Compensation Committee believes it should consider this factor in establishing Mr. Mendelson's compensation level.

2001 Stock Option Grants

As discussed previously in this report, the Compensation Committee believes that stock options are an important way to align shareholder and management interests because such options will cause managers to reap economic reward only if other shareholders gain. Further, in order to compete with other, larger corporations and with technology businesses for high-quality acquisitions and management talent, the Compensation Committee understands that the Company must supply its managers with the opportunity to realize large financial gains upon the successful implementation of their goals and objectives. Therefore, the Compensation Committee awarded stock options to certain executive officers, as described in the foregoing tables.

Submitted by the Nominating and Executive Compensation Committee of the Company's Board of Directors: Samuel L. Higginbottom and Albert Morrison, Jr.

Employment Agreements

Thomas S. Irwin and the Company are parties to a key employee termination agreement which provides a lump sum severance payment equal to two years' compensation if his employment is terminated within three years after a change in control of the Company (as defined in the key employee termination agreement).

Performance Graph

The SEC requires that the Company include in this Proxy Statement a line-graph presentation comparing cumulative, five-year shareholder returns on

SELECTION OF AUDITORS

The Board typically selects the Company's independent public accounting firm in the month following the Company's annual meeting and negotiates the financial terms of the engagement agreement immediately thereafter. Since 1990, the Board has selected Deloitte & Touche LLP as the Company's independent public accounting firm and has successfully negotiated a fee

20

arrangement acceptable to the Company and Deloitte & Touche. While the Board cannot be certain that it will again select Deloitte & Touche and negotiate a mutually acceptable fee arrangement with them, Deloitte & Touche presently acts as the Company's independent public accounting firm and the Board presently expects to select and sign an engagement agreement with an independent public accounting firm shortly after the 2002 annual meeting.

Deloitte & Touche LLP examined the consolidated financial statements of the Company for each of the Company's fiscal years since 1990. Representatives of Deloitte & Touche are expected to be present at the annual meeting. Such representatives will have an opportunity to make a statement, if they desire to do so, and will be available to answer questions that may be asked by shareholders.

Principal Accounting Firm Fees

In addition to retaining Deloitte & Touche to audit the consolidated financial statements of the Company for the fiscal year ended October 31, 2001, the Company retained Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, "Deloitte") and other consulting and accounting firms to provide various services to the Company during fiscal 2001 and expects to continue to do so in the future. The Audit

Edgar Filing: HEICO CORP - Form DEF 14A

Committee has considered whether the provision of non-audit services by Deloitte is compatible with maintaining the auditor's independence.

The aggregate fees billed to the Company by Deloitte for the fiscal year ended October 31, 2001 for these various services were as follows:

-----	-----
AUDIT FEES: for services rendered for the annual audit of the Company's consolidated financial statements for fiscal 2001 and the quarterly reviews of the financial statements of included in the Company's Quarterly reports on Form 10-Q.	\$255,000

3. Shares Available for Option Grants. The Committee or the Board may

grant to Optionees from time to time Options to purchase an aggregate number of Shares in an amount up to 520,000 Shares from the Company's authorized and unissued Shares. The Options granted pursuant to this Plan may be with respect to Common Stock and/or Class A Common Stock, in such proportions as shall be determined by the Board or the Committee in its sole discretion. The aggregate number of Shares available for the grant of Incentive Stock Options shall be 520,000 Shares. If any Option granted under the Plan shall terminate, expire, or be canceled or surrendered as to any Shares, new Options may thereafter be granted covering such Shares.

4. Incentive and Non-Qualified Options.

(a) An Option granted hereunder shall be either an Incentive Stock Option or a Non-Qualified Stock Option as determined by the Committee or the Board at the time of grant of the Option and shall clearly state whether it is an Incentive Stock Option or a Non-Qualified Stock Option. All Incentive Stock Options shall be granted within 10 years from the Effective Date. Incentive Stock Options may not be granted to any person who is not an Employee of the Company, the Parent or a Subsidiary.

(b) Options otherwise qualifying as Incentive Stock Options hereunder will not be treated as Incentive Stock Options to the extent that the aggregate fair market value (determined at the time the Option is granted) of the Shares, with respect to which Options meeting the requirements of Section 422(b) of the Code are exercisable for the first time by any individual during any calendar year (under all plans of the Company and its Parent and Subsidiaries), exceeds \$100,000.

5. Conditions for Grant of Options.

Edgar Filing: HEICO CORP - Form DEF 14A

(a) Each Option shall be evidenced by an Option Agreement that may contain any term deemed necessary or desirable by the Committee or the Board, provided such terms are not inconsistent with this Plan or any applicable law. Optionees shall be those persons who are selected by the Committee or the Board from the class of all Employees, Directors and Consultants of the Company or any Related Entity.

(b) In granting Options, the Committee or the Board shall take into consideration the contribution the person has made to the success of the Company or any Related Entities and such other factors as the Committee or the Board shall determine. The Committee or the Board shall also have the authority to consult with and receive recommendations from officers and other personnel of the Company and its Related Entities with regard to these matters. The Committee or the Board may from time to time in granting Options under the Plan prescribe such other terms and conditions concerning such Options as it deems appropriate, including, without limitation, (i) prescribing the date or dates on which the Option becomes exercisable, (ii) providing that the Option rights accrue or become exercisable in installments over a period of years, or upon the attainment of stated goals or both, (iii) prescribing pay back to the Company of gains realized on the exercise of Options and forfeiture or expiration of

A-3

Option rights, or (iv) relating an Option to the Continuous Service or continued employment of the Optionee for a specified period of time, provided that such terms and conditions are not more favorable to an Optionee than those expressly permitted herein.

(c) The Options granted to Optionees under this Plan shall be in addition to regular salaries, pension, life insurance or other benefits related to their employment or Continuous Service with the Company or its Related Entities. Neither the Plan nor any Option granted under the Plan shall confer upon any person any right to employment or continuance of employment or Continuous Service by the Company or its Related Entities.

(d) The Committee or the Board shall have the discretion to grant Options that are exercisable for unvested Shares. Should the Optionee's Continuous Service cease while holding such unvested Shares, the Company shall have the right to repurchase, at the exercise price paid per share, any or all of those unvested Shares. The terms upon which such repurchase right shall be exercisable (including the period and procedure for exercise and the appropriate vesting schedule for the purchased Shares) shall be established by the Committee or the Board and set forth in the Option Agreement for the relevant Option.

(e) Notwithstanding any other provision of this Plan, an Incentive Stock Option shall not be granted to any person owning directly or indirectly (through attribution under Section 424(d) of the Code) at the date of grant, stock possessing more than 10% of the total combined voting power of all classes of stock of the Company (or of any Parent or Subsidiary of the Company at the date of grant) unless the option price of such Option is at least 110% of the Fair Market Value of the Shares subject to such Option on the date the Option is granted, and such Option by its terms is not exercisable after the expiration of five years from the date such Option is granted.

(f) Subject to the provision of Section 5(g) below, notwithstanding any other provision of this Plan, and in addition to any other requirements of this Plan, the aggregate number of Options granted to any one Optionee may not exceed 250,000 per fiscal year of the Company, subject to adjustment as provided in Section 10 hereof. The aggregate number of Options granted to any one

Edgar Filing: HEICO CORP - Form DEF 14A

Optionee may be increased from 250,000 per fiscal year to 400,000 (subject to adjustment as provided in Section 10 hereof) as an initial one-time grant available only in the fiscal year of the Company in which an Optionee is first employed by the Company or one of its Related Entities.

(g) Upon the exercise of an option granted under the Plan or under any other stock plan of the Company which may be designated by the Committee or the Board from time to time, the Optionee, at the discretion of the Committee or the Board, may receive a reload option on the terms, conditions and limitations determined by the Committee or the Board, from time to time. A reload option gives the Optionee the right to purchase a number of Shares equal to the number of Shares surrendered to pay the exercise price and/or used to pay the withholding taxes applicable to an Option exercise. Reload options do not increase the net equity position of an Optionee. Their purpose is to facilitate continued stock ownership in the Company by Optionees.

6. Option Price. The option price per Share of any Option shall be any -----
price determined by the Committee or the Board but shall not be less than the par value per Share; provided, however, that in no event shall the option price per Share of any Incentive Stock Option be less than the Fair Market Value of the Shares underlying such Option on the date such Option is granted.

7. Exercise of Options.

(a) An Option shall be deemed exercised when (i) the Company has received written notice of such exercise in accordance with the terms of the Option, (ii) full payment of the aggregate option price of the Shares as to which the Option is exercised has been made, and (iii) arrangements that are satisfactory to the Committee or the Board in its sole discretion have been made for the Optionee's payment to the Company of the amount that is necessary for the Company or Related Entity employing the Optionee to withhold in accordance with applicable Federal or state tax withholding requirements.

(b) The consideration to be paid for the Shares to be issued upon exercise of an Option, as

A-4

well as the method of payment of the option price and of any withholding and employment taxes applicable thereto, shall be determined by the Committee or the Board and may in the discretion of the Committee or the Board consist of: (1) cash, (2) certified or official bank check, (3) money order, (4) Shares that have been held by the Optionee for at least six (6) months (or such other Shares as the Company determines will not cause the Company to recognize for financial accounting purposes a charge for compensation expense), (5) the withholding of Shares issuable upon exercise of the Option, (6) pursuant to a "cashless exercise" procedure, by delivery of a properly executed exercise notice together with such other documentation, and subject to such guidelines, as the Board or the Committee shall require to effect an exercise of the Option and delivery to the Company by a licensed broker acceptable to the Company of proceeds from the sale of Shares or a margin loan sufficient to pay the exercise price and any applicable income or employment taxes, or (7) such other consideration as the Committee or the Board deems appropriate, or by a combination of the above. In the case of an Incentive Stock Option, the permissible methods of payment shall be specified at the time the Option is granted. The Committee or the Board in its sole discretion may accept a personal check in full or partial payment of any Shares. If the exercise price is paid, and/or the Optionee's tax withholding obligation is satisfied, in whole or in part with Shares, or through the

Edgar Filing: HEICO CORP - Form DEF 14A

withholding of Shares issuable upon exercise of the Option, the value of the Shares surrendered or withheld shall be their Fair Market Value on the date the Option is exercised.

(c) The Committee or the Board in its sole discretion may, on an individual basis or pursuant to a general program established in connection with this Plan, cause the Company to lend money to an Optionee, guarantee a loan to an Optionee, or otherwise assist an Optionee to obtain the cash necessary to exercise all or a portion of an Option granted hereunder or to pay any tax liability of the Optionee attributable to such exercise. If the exercise price is paid in whole or part with the Optionee's promissory note, such note shall (i) provide for full recourse to the maker, (ii) be collateralized by the pledge of the Shares that the Optionee purchases upon exercise of the Option, (iii) bear interest at the prime rate of the Company's principal lender, and (iv) contain such other terms as the Committee or the Board in its sole discretion shall reasonably require.

(d) No Optionee shall be deemed to be a holder of any Shares subject to an Option unless and until a stock certificate or certificates for those Shares are issued to that person(s) under the terms of this Plan. No adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions or other rights for which the record date is prior to the date the stock certificate is issued, except as expressly provided in Section 10 hereof.

8. Exercisability of Options. Any Option shall become exercisable in

such amounts, at such intervals and upon such terms and/or conditions as the Committee or the Board shall provide in the Option Agreement for that Option, except as otherwise provided in this Section 8:

(a) The expiration date of an Option Agreement shall be determined by the Committee or the Board at the time of grant, but in no event shall an Option be exercisable after the expiration of 10 years from the date of grant of the Option.

(b) Unless otherwise provided in any Option, each outstanding Option shall not become immediately fully exercisable in the event of a "Change in Control" but shall become fully exercisable in the event that the Committee or the Board exercises its discretion to provide a cancellation notice with respect to the Option pursuant to Section 9(b) hereof. For this purpose, the term "Change in Control" shall mean:

(i) Approval by the shareholders of the Company of a reorganization, merger, consolidation or other form of corporate transaction or series of transactions, in each case, with respect to which persons who were the shareholders of the Company immediately prior to such reorganization, merger or consolidation or other transaction do not, immediately thereafter, own more than 50% of the combined voting power entitled to vote generally in the election of directors of the reorganized, merged or consolidated company's then outstanding voting securities, in substantially the same proportions as their ownership immediately prior to such reorganization, merger, consolidation or other transaction, or a liquidation or dissolution of the Company or the sale of all or substantially all of the assets of the Company (unless such reorganization, merger, consolidation or other corporate transaction, liquidation, dissolution or sale is subsequently abandoned); or

A-5

(ii) Individuals who, as of the date on which the Option is granted, constitute the Board (the "Incumbent Board") cease for any reason to

Edgar Filing: HEICO CORP - Form DEF 14A

constitute at least a majority of the Board, provided that any person becoming a director subsequent to the date on which the Option was granted whose election, or nomination for election by the Company's shareholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board (other than an election or nomination of an individual whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of the Directors of the Company) shall be, for purposes of this Agreement, considered as though such person were a member of the Incumbent Board; or

(iii) The acquisition (other than from the Company) by any person, entity or "group", within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act, of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Securities Exchange Act) of 30% of either the then outstanding Shares of the combined voting power of the Company's then outstanding voting securities entitled to vote generally in the election of directors (hereinafter referred to as the ownership of a "Controlling Interest") excluding, for this purpose, any acquisitions by (1) the Company or its Subsidiaries, (2) any person, entity or "group" that as of the date on which the Option is granted owns beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Securities Exchange Act) of a Controlling Interest, (3) any employee benefit plan of the Company or its Subsidiaries or (4) the Mendelson Group. For this purpose, the term "Mendelson Group" shall mean Laurans A. Mendelson and his immediate family, which shall include his spouse, parents, descendants and spouses of descendants. The Mendelson Group shall also include trusts, partnerships, limited liability companies, corporations, or other entities in which a member or members of the Mendelson Group own, directly or indirectly, more than fifty percent (50%) of the voting power or value.

(c) The Committee or the Board may in its sole discretion, accelerate the date on which any Option may be exercised and may accelerate the vesting of any Shares subject to any Option or previously acquired by the exercise of any Option.

9. Termination of Option Period.

(a) Unless otherwise provided in any Option Agreement, the unexercised portion of any Option shall automatically and without notice terminate and become null and void at the time of the earliest to occur of the following:

(i) three months after the date on which the Optionee's Continuous Service is terminated other than by reason of (A) "Cause", (B) a mental or physical disability (within the meaning of Internal Revenue Code Section 22(e)) of the Optionee as determined by a medical doctor satisfactory to the Committee or the Board, or (C) death of the Optionee;

(ii) immediately upon the termination of the Optionee's Continuous Service for Cause;

(iii) twelve months after the date on which the Optionee's Continuous Service is terminated by reason of a mental or physical disability (within the meaning of Section 22(e) of the Code) as determined by a medical doctor satisfactory to the Committee or the Board;

(iv) (A) twelve months after the date of termination of the Optionee's Continuous Service by reason of the death of the Optionee, or, if later, (B) three months after the date on which the Optionee shall die if such death shall occur during the one year period specified in Subsection 9(a)(iii) hereof.

Edgar Filing: HEICO CORP - Form DEF 14A

(b) To the extent not previously exercised, (i) each Option shall terminate immediately in the event of (1) the liquidation or dissolution of the Company, or (2) any reorganization, merger, consolidation or other form of corporate transaction (each a "Corporate Transaction") in which either the Company does not survive or the Shares are exchanged for or converted into securities issued by another entity, unless the successor or acquiring entity, or an affiliate thereof, assumes the Option or substitutes an equivalent option or right pursuant to Section

A-6

10(c) hereof, and (ii) the Committee or the Board in its sole discretion may by written notice ("cancellation notice") cancel, effective upon the consummation of any Corporate Transaction, any Option that remains unexercised and would otherwise not terminate on the effective date of that transaction. The Committee or the Board shall give written notice of any proposed transaction referred to in this Section 9(b) a reasonable period of time prior to the closing date for such transaction (which notice may be given either before or after approval of such transaction), in order that Optionees may have a reasonable period of time prior to the closing date of such transaction within which to exercise any Options that then are exercisable (including any Options that may become exercisable upon the closing date of such transaction). An Optionee may condition his exercise of any Option upon the consummation of a transaction referred to in this Section 9(b).

10. Adjustment of Shares.

(a) If at any time while the Plan is in effect or unexercised Options are outstanding, there shall be any increase or decrease in the number of issued and outstanding Shares through the declaration of a stock dividend or through any recapitalization resulting in a stock split-up, combination or exchange of Shares, then and in that event, the Board or the Committee shall make:

(i) appropriate adjustment in the maximum number of Shares available for grant under the Plan, or available for grant to any person under the Plan, so that the same percentage of the Company's issued and outstanding Shares shall continue to be subject to being so optioned; and

(ii) any adjustments it deems appropriate in the number of Shares and the exercise price per Share thereof then subject to any outstanding Option, so that the same percentage of the Company's issued and outstanding Shares shall remain subject to purchase at the same aggregate option price.

(b) Unless otherwise provided in any Option Agreement, the Board or the Committee may change the terms of Options outstanding under this Plan, with respect to the option price or the number of Shares subject to the Options, or both, when, in the sole discretion of the Board or the Committee, such adjustments become appropriate so as to preserve benefits under the Plan.

(c) In the event of a proposed sale of all or substantially all of the Company's assets or any reorganization, merger, consolidation or other form of corporate transaction in which the Company does not survive, or in which the Shares are exchanged for or converted into securities issued by another entity, then the successor or acquiring entity or an affiliate thereof may, with the consent of the Committee or the Board, assume each outstanding Option or substitute an equivalent option or right. If the successor or acquiring entity, or an affiliate thereof, does not cause such an assumption or substitution to occur, or the Committee or the Board does not consent to such an assumption or

Edgar Filing: HEICO CORP - Form DEF 14A

substitution, then each Option shall terminate pursuant to Section 9(b) hereof upon consummation of the sale, merger, consolidation or other corporate transaction.

(d) Except as otherwise expressly provided herein, the issuance by the Company of Shares of its capital stock of any class, or securities convertible into Shares of capital stock of any class, either in connection with a direct sale or upon the exercise of rights or warrants to subscribe therefore, or upon conversion of Shares or obligations of the Company convertible into such Shares or other securities, shall not affect, and no adjustment by reason thereof shall be made to, the number of or exercise price for Shares then subject to outstanding Options granted under the Plan.

(e) Without limiting the generality of the foregoing, the existence of outstanding Options granted under the Plan shall not affect in any manner the right or power of the Company to make, authorize or consummate (i) any or all adjustments, recapitalizations, reorganizations or other changes in the capital structure or business of the Company or any Related Entity; (ii) any merger or consolidation of the Company or any Related Entity; (iii) any issue by the Company or any Related Entity of debt securities, or preferred or preference stock that would rank above the Shares subject to outstanding Options; (iv) the dissolution or liquidation of the Company or any Related Entity; (v) any sale, transfer or assignment of all or any part of the assets or business of the Company or any Related Entity; or (vi) any other corporate act or proceeding, whether of a similar character or otherwise.

11. Transferability of Options and Shares.

(a) No Incentive Stock Option, and unless the prior written consent of the Committee or the Board is obtained (which consent may be withheld for any reason) and the transaction does not violate the requirements of Rule 16b-3 promulgated under the Securities Exchange Act no Non-Qualified Stock Option, shall be subject to alienation, assignment, pledge, charge or other transfer other than by the Optionee by will or the laws of descent and distribution, and any attempt to make any such prohibited transfer shall be void. Each Option shall be exercisable during the Optionee's lifetime only by the Optionee, or in the case of a Non-Qualified Stock Option that has been assigned or transferred with the prior written consent of the Committee or the Board, only by the permitted assignee.

(b) No Shares acquired by an Officer or Director pursuant to the exercise of an Option may be sold, assigned, pledged or otherwise transferred prior to the expiration of the six-month period following the date on which the Option was granted, unless the transaction does not violate the requirements of Rule 16b-3 promulgated under the Securities Exchange Act.

12. Issuance of Shares.

(a) Notwithstanding any other provision of this Plan, the Company shall not be obligated to issue any Shares unless it is advised by counsel of its selection that it may do so without violation of the applicable Federal and State laws pertaining to the issuance of securities, and may require any stock so issued to bear a legend, may give its transfer agent instructions, and may take such other steps, as in its judgment are reasonably required to prevent any such violation.

Edgar Filing: HEICO CORP - Form DEF 14A

(b) As a condition to any sale or issuance of Shares upon exercise of any Option, the Committee or the Board may require such agreements or undertakings as the Committee or the Board may deem necessary or advisable to facilitate compliance with any applicable law or regulation including, but not limited to, the following:

(i) a representation and warranty by the Optionee to the Company, at the time any Option is exercised, that he is acquiring the Shares to be issued to him for investment and not with a view to, or for sale in connection with, the distribution of any such Shares; and

(ii) a representation, warranty and/or agreement to be bound by any legends endorsed upon the certificate(s) for the Shares that are, in the opinion of the Committee or the Board, necessary or appropriate to facilitate compliance with the provisions of any securities laws deemed by the Committee or the Board to be applicable to the issuance and transfer of those Shares.

13. Administration of the Plan.

(a) The Plan shall be administered by the Board or, at the discretion of the Board, by a committee appointed by the Board (the "Committee") which shall be composed of two or more Directors. The membership of the Committee shall be constituted so as to comply at all times with the then applicable requirements for Outside Directors of Rule 16b-3 promulgated under the Securities Exchange Act and Section 162(m) of the Code. The Committee shall serve at the pleasure of the Board and shall have the powers designated herein and such other powers as the Board may from time to time confer upon it.

(b) Any and all decisions or determinations of the Committee shall be made either (i) by a majority vote of the members of the Committee at a meeting or (ii) without a meeting by the unanimous written approval of the members of the Committee.

(c) The Committee or the Board, from time to time, may adopt rules and regulations for carrying out the purposes of the Plan.

A-8

(d) The determinations of the Committee, and its interpretation and construction of any provision of the Plan or any Option Agreement, shall be final and binding on all persons, unless determined otherwise by the Board. The determinations of the Board, and its interpretation and construction of any provision of the Plan or any Option Agreement, shall be final and binding on all persons, including the Committee. In the event that any action taken by the Board conflicts with any action taken by the Committee, the Board action shall control.

14. Withholding or Deduction for Taxes. If at any time specified herein

for the making of any issuance or delivery of any Option or Shares to any Optionee, any law or regulation of any governmental authority having jurisdiction in the premises shall require the Company or a Related Entity to withhold, or to make any deduction for, any taxes or to take any other action in connection with the issuance or delivery then to be made, the issuance or delivery shall be deferred until the withholding or deduction shall have been provided for by the Optionee or beneficiary, or other appropriate action shall have been taken.

15. Interpretation.

Edgar Filing: HEICO CORP - Form DEF 14A

(a) As it is the intent of the Company that the Plan shall comply in all respects with Rule 16b-3 promulgated under the Securities Exchange Act ("Rule 16b-3"), any ambiguities or inconsistencies in construction of the Plan shall be interpreted to give effect to such intention, and if any provision of the Plan is found not to be in compliance with Rule 16b-3, such provision shall be deemed null and void to the extent required to permit the Plan to comply with Rule 16b-3. The Committee or the Board may from time to time adopt rules and regulations under, and amend, the Plan in furtherance of the intent of the foregoing.

(b) The Plan and any Option Agreements entered into pursuant to the Plan shall be administered and interpreted so that all Incentive Stock Options granted under the Plan will qualify as Incentive Stock Options under Section 422 of the Code. If any provision of the Plan or any Option Agreement relating to an Incentive Stock Option should be held invalid for the granting of Incentive Stock Options or illegal for any reason, that determination shall not affect the remaining provisions hereof, but instead the Plan and the Option Agreement shall be construed and enforced as if such provision had never been included in the Plan or the Option Agreement.

(c) This Plan shall be governed by the laws of the State of Florida.

(d) Headings contained in this Plan are for convenience only and shall in no manner be construed as part of this Plan.

(e) Any reference to the masculine, feminine, or neuter gender shall be a reference to such other gender as is appropriate.

16. Amendment and Discontinuation of the Plan. The Committee or the

Board may from time to time amend, suspend or terminate the Plan or any Option; provided, however, that, any amendment to the Plan shall be subject to the approval of the Company's shareholders if such shareholder approval is required by any applicable federal or state law or regulation (including, without limitation, Rule 16b-3 or to comply with Section 162(m) of the Code) or the rules of any stock exchange or automated quotation system on which the Shares may then be listed or granted. Except to the extent provided in Sections 9 and 10 hereof, no amendment, suspension or termination of the Plan or any Option issued hereunder shall substantially impair the rights or benefits of any Optionee pursuant to any Option previously granted without the consent of the Optionee.

17. Effective Date and Termination Date. The Effective Date of the Plan

is March 19, 2002, and the Plan shall terminate on the 10th anniversary of the Effective Date. This Plan shall be submitted to the shareholders of the Company for their approval and adoption and Options hereunder may be granted prior to such approval and adoption; provided, however, that any Incentive Stock Options granted hereunder, and if but only to the extent otherwise required by law or the rules of any stock exchange or automated quotation system on which the Shares may be listed, any Non-Qualified Stock Options granted hereunder, prior to such approval and adoption shall be contingent upon obtaining such approval and adoption.
