FRANKLIN UNIVERSAL TRUST
IMPORTANT SHAREHOLDER INFORMATION

We have enclosed important information about the Annual Shareholders' Meeting (the "Meeting") of Franklin Universal Trust (the "Fund") scheduled for Thursday, March 14, 2019, at 1:00 p.m., Pacific time. These materials discuss the proposals (the "Proposals" or each, a "Proposal") to be voted on at the Meeting, and contain the Notice of Meeting, proxy statement and proxy card. A proxy card is, in essence, a ballot. When you vote your proxy, it tells us how you wish to vote on important issues relating to the Fund. If you complete, sign and return the proxy card, we'll vote it as you indicated. If you specify a vote on one or more Proposals, but not all, your proxy will be voted as specified on such Proposal(s) and, on the Proposal(s) for which no vote is specified, your proxy will be voted FOR the Proposal(s). If you simply sign, date and return the proxy card, but do not specify a vote on any Proposal, your proxy will be voted FOR each Proposal.

We urge you to spend a few minutes reviewing the Proposals in the proxy statement. Then, please fill out and sign the proxy card and return it to us in the enclosed postage-paid envelope so that we know how you would like to vote.

When shareholders return their proxy cards promptly, the Fund may be able to save money by not having to conduct additional mailings. Returning your proxy card does not preclude you from attending the Meeting or later changing your vote prior to it being cast.

We welcome your comments. If you have any questions, please call Fund Information at (800) DIAL BEN/342-5236.

TELEPHONE AND INTERNET VOTING

For your convenience, you may be able to vote by telephone or through the Internet, 24 hours a day. If your account is eligible, separate instructions are enclosed.

FRANKLIN UNIVERSAL TRUST
NOTICE OF 2019 ANNUAL SHAREHOLDERS' MEETING

The Annual Shareholders' Meeting (the "Meeting") of Franklin Universal Trust (the "Fund") will be held at the Fund's offices, One Franklin Parkway, San Mateo, California 94403, on Thursday, March 14, 2019, at 1:00 p.m., Pacific time.

During the Meeting, shareholders of the Fund will vote on the following Proposals and Sub-Proposals:

1. To elect a Board of Trustees of the Fund.
 2. To adopt a fundamental investment restriction regarding investments in real estate.
 3. To approve amendments to certain fundamental investment restrictions of the Fund (includes seven (7) Sub-Proposals) as follows:
 - a. To amend the fundamental investment restriction regarding borrowing;
 - b. To amend the fundamental investment restriction regarding underwriting;
 - c. To amend the fundamental investment restriction regarding lending;
 - d. To amend the fundamental investment restriction regarding investments in commodities;
 - e. To amend the fundamental investment restriction regarding issuing senior securities;
 - f. To amend the fundamental investment restriction regarding industry concentration; and
 - g. To amend the fundamental investment restriction regarding diversification requirements.
 4. To approve the elimination of certain fundamental investment restrictions for the Fund (includes five (5) Sub-Proposals) as follows:
 - a. To eliminate the fundamental investment restriction regarding pledging, mortgaging or hypothecating assets;
 - b. To eliminate the fundamental investment restriction regarding purchasing securities on margin;
 - c. To eliminate the fundamental investment restriction regarding investments in other investment companies;
 - d. To eliminate the fundamental investment restriction regarding investments for the purpose of exercising control; and
 - e. To eliminate the fundamental investment restriction regarding investments in illiquid and restricted securities.
-

In addition, shareholders will vote on any other matters as may properly come before the Meeting. The Board of Trustees has fixed January 11, 2019 as the record date for the determination of shareholders entitled to vote at the Meeting.

By Order of the Board of Trustees,

Navid J. Tofigh
Vice President and Assistant Secretary

San Mateo, California
Dated: February 1, 2019

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL SHAREHOLDERS' MEETING TO BE HELD ON MARCH 14, 2019.

The Fund's Notice of 2019 Annual Shareholders' Meeting, Proxy Statement, and form of proxy are available on the Internet at <https://www.proxyonline.com/docs/FUT2019.pdf>. The form of Proxy on the internet site cannot be used to cast your vote.

Please sign and promptly return your proxy card in the self-addressed envelope regardless of the number of shares you own.

FRANKLIN UNIVERSAL TRUST
PROXY STATEMENT

A Meeting of Shareholders of Franklin Universal Trust (the "Fund") will be held on March 14, 2019, at 1:00 p.m., Pacific time, to vote on important Proposals that affect the Fund. Please read the enclosed materials and cast your vote on the proxy card or voting instruction form.

Voting your shares immediately will help minimize additional solicitation expenses and prevent the need to call you to solicit your vote.

The Proposals for the Fund have been carefully reviewed by the Fund's Board of Trustees (the "Board"). The Trustees of the Fund, most of whom are not affiliated with Franklin Templeton Investments, are responsible for looking after your interests as a shareholder of the Fund. The Board believes these Proposals are in the best interests of shareholders. The Board unanimously recommends that you vote FOR each Proposal.

Voting is quick and easy. Everything you need is enclosed. To cast your vote, simply complete the proxy card or voting instruction form enclosed in this package. Be sure to sign the card or the form before mailing it in the postage-paid envelope. If eligible, you may also vote your shares by touch-tone telephone or through the Internet. Simply call the toll-free number or visit the web site indicated on your proxy card or voting instruction form, and follow the instructions.

We welcome your comments. If you have any questions or would like to quickly vote your shares, please call AST Fund Solutions, LLC, our proxy solicitor, toll-free at 800-434-3719. Agents are available 9:00 a.m. – 10:00 p.m., Eastern time, Monday through Friday. Thank you for your participation in this important initiative.

The following Q&A is provided to assist you in understanding the Proposals that affect the Fund. We appreciate your trust in Franklin Templeton Investments and look forward to continuing to help you achieve your financial goals.

INFORMATION ABOUT VOTING

Who is asking for my vote?

This proxy statement is for the Annual Shareholders' Meeting (the "Meeting") of Franklin Universal Trust (the "Fund"), which will be held at the Fund's offices, One Franklin Parkway, San Mateo, California 94403, on Thursday, March 14, 2019, at 1:00 p.m., Pacific time. The Fund's Board of Trustees (the "Board" or the "Trustees") has requested your vote.

Who is eligible to vote?

Shareholders of record at the close of business on January 11, 2019, are entitled to be present and to vote at the Meeting or any adjournment of the Meeting. Each share of record is entitled to one vote (and a proportionate fractional vote for each fractional share) on each matter presented at

the Meeting. The Notice of Meeting, the proxy statement, and the proxy card were first mailed to shareholders of record on or about February 4, 2019.

Who is AST Fund Solutions, LLC?

AST Fund Solutions, LLC (the "Solicitor") is a company that has been engaged by the Fund to assist in the solicitation of proxies. The Solicitor is not affiliated with the Fund or with Franklin Templeton Investments.

Why has the Fund hired the Solicitor?

In order to hold a shareholder meeting, a certain percentage of the Fund's shares (often referred to as "quorum") must be represented at the Meeting. If a quorum is not attained, the Meeting must adjourn to a future date. The Fund, through the Solicitor, may attempt to reach shareholders through multiple mailings to remind the shareholders to cast their vote. As the Meeting approaches, the Solicitor may make phone calls to shareholders who have not yet voted their shares so that the Meeting does not have to be adjourned or postponed.

On what issues am I being asked to vote?

You are being asked to vote on the following Proposals and Sub-Proposals:

1. To elect a Board of Trustees of the Fund.
2. To adopt a fundamental investment restriction regarding investments in real estate.
3. To approve amendments to certain fundamental investment restrictions of the Fund (includes seven (7) Sub-Proposals) as follows:
 - a. To amend the fundamental investment restriction regarding borrowing;
 - b. To amend the fundamental investment restriction regarding underwriting;
 - c. To amend the fundamental investment restriction regarding lending;
 - d. To amend the fundamental investment restriction regarding investments in commodities;
 - e. To amend the fundamental investment restriction regarding issuing senior securities;
 - f. To amend the fundamental investment restriction regarding industry concentration; and
 - g. To amend the fundamental investment restriction regarding diversification requirements.
4. To approve the elimination of certain fundamental investment restrictions for the Fund (includes five (5) Sub-Proposals) as follows:
 - a. To eliminate the fundamental investment restriction regarding pledging, mortgaging or hypothecating assets;
 - b. To eliminate the fundamental investment restriction regarding purchasing securities on margin;

- c. To eliminate the fundamental investment restriction regarding investments in other investment companies;
- d. To eliminate the fundamental investment restriction regarding investments for the purpose of exercising control; and
- e. To eliminate the fundamental investment restriction regarding investments in illiquid and restricted securities.

Has the Board approved the Proposals?

Yes. The Board has unanimously approved each of the Proposals and recommends that you vote to approve each Proposal for the Fund.

How do the Fund's Trustees recommend that I vote?

The Trustees unanimously recommend that you vote:

1. FOR the election of all nominees to the Board;
2. FOR the approval of the fundamental investment restriction regarding investments in real estate;
3. FOR the approval of each of the proposed amendments to certain of the Fund's fundamental investment restrictions; and
4. FOR the approval of the elimination certain of the Fund's fundamental investment restrictions.

INFORMATION ABOUT THE PROPOSALS

PROPOSAL 1. TO ELECT A BOARD OF TRUSTEES OF THE FUND.

What role does the Board play?

The Board has the responsibility for looking after the interests of the Fund's shareholders. As such, the Board has an obligation to serve the best interests of shareholders in providing oversight of the Fund, including approving policy changes. In addition, the Board, among other things, reviews the Fund's performance, oversees the Fund's activities, and reviews contractual arrangements with the Fund's service providers.

What is the affiliation of the Board and Franklin Templeton Investments?

The Board is currently, and is proposed to continue to be, composed of over 75% "independent" Trustees and two "interested" Trustees. Trustees are determined to be "interested" by virtue of, among other things, their affiliation with the Franklin Templeton funds or with Franklin Templeton Investments as fund management. Independent Trustees have no affiliation with Franklin Templeton Investments and are compensated by the Fund. Rupert H. Johnson, Jr. and Gregory E. Johnson are considered to be interested persons of the Fund; therefore, if elected, they will continue to be Interested Trustees.

PROPOSAL 2. TO ADOPT A FUNDAMENTAL INVESTMENT RESTRICTION REGARDING INVESTMENTS IN REAL ESTATE.

Under the Investment Company Act of 1940 (the "1940 Act"), a fund's restriction regarding investments in real estate must be fundamental. Under the 1940 Act, a fund is prohibited from, unless authorized by a vote of a majority of its outstanding voting securities (as such term is defined in the 1940 Act), purchasing or selling real estate, except as provided in its fundamental restriction regarding investments in real estate. The Fund currently does not have a fundamental investment restriction relating to investments in real estate. The Board is proposing to adopt a fundamental investment restriction regarding investments in real estate that is the same as the investment restriction used by other funds in the Franklin Templeton Investments fund complex.

What will be the effect of the adoption of the fundamental investment restriction regarding investments in real estate? If the proposed fundamental investment restriction is approved, it may be easier for the Fund to respond to possible future investment opportunities. To the extent that the Fund uses this flexibility in the future, the Fund may be subject to some additional costs and risks. However, the Board does not anticipate that the proposed adoption of the fundamental investment restriction will materially change the manner in which the Fund is currently managed or operated.

PROPOSAL 3. TO APPROVE AMENDMENTS TO THE FUNDAMENTAL INVESTMENT RESTRICTIONS OF THE FUND.

What are these fundamental investment restrictions?

The Fund is subject to certain investment restrictions that are considered "fundamental" because they may only be changed with shareholder approval. There are generally eight fundamental investment restrictions that every fund is required to have under the 1940 Act, including a fundamental investment restriction regarding investments in real estate, as described above. The Fund is proposing to amend its fundamental investment restrictions regarding:

- a. borrowing;
- b. underwriting;
- c. lending;
- d. investments in commodities;
- e. issuing senior securities;
- f. industry concentration; and
- g. diversification requirements.

What will be the effect of the amendments to the Fund's current fundamental investment restrictions?

The purpose of the proposed amendments is to update those restrictions that are more restrictive than is currently required and to standardize, to the extent practicable, the Fund's fundamental

investment restrictions with those of substantially all other Franklin Templeton funds. Certain proposed amendments would provide the Fund with additional flexibility to pursue various investments or strategies. To the extent that the Fund uses such flexibility in the future, the Fund may be subject to some additional costs and risks. The proposed standardized investment restrictions will not affect the Fund's investment goal.

PROPOSAL 4. TO APPROVE THE ELIMINATION OF CERTAIN FUNDAMENTAL INVESTMENT RESTRICTIONS FOR THE FUND.

What are these fundamental investment restrictions?

The Fund is also currently subject to fundamental investment restrictions that were once imposed by state securities laws or other regulatory authorities that are now outdated or are no longer effective.

What will be the effect of the elimination of such investment restrictions on the Fund?

If the proposed eliminations are approved, it may be easier for the Fund to adapt to industry changes in the future because these restrictions would be eliminated. To the extent that the Fund uses this flexibility in the future, the Fund may be subject to some additional costs and risks.

MORE INFORMATION

How many votes am I entitled to cast?

As a shareholder, you are entitled to one vote for each share (and a proportionate fractional vote for each fractional share) you own of the Fund on the record date. The record date is January 11, 2019.

How do I vote my shares?

You can vote your shares by completing and signing the enclosed proxy card or voting instruction form and mailing it in the enclosed postage-paid envelope. If eligible, you may also vote using a touch-tone telephone by calling the toll-free number printed on your proxy card or voting instruction form and following the recorded instructions, or through the Internet by visiting the web site printed on your proxy card or voting instruction form and following the on-line instructions. You can also vote your shares in person at the annual meeting of shareholders. If you need any assistance, or have any questions regarding the Proposals or how to vote your shares, please call the Solicitor toll-free at 800-434-3719.

How do I ensure that my vote is accurately recorded?

You may attend the Meeting and vote in person or you may complete and return the enclosed proxy card. If you are eligible to vote by telephone or through the Internet, separate instructions are enclosed.

Proxy cards that are properly signed, dated and received at or prior to the Meeting will be voted as specified. If you specify a vote for a Proposal, your proxy will be voted as you indicate. If you specify a vote on one or more Proposals, but not all, your proxy will be voted as specified on such Proposal(s) and, on the Proposal(s) for which no vote is specified, your proxy will be voted FOR such Proposal(s). If you simply sign, date and return the proxy card, but don't specify a vote on any Proposal, your shares will be voted FOR each Proposal.

May I revoke my proxy?

You may revoke your proxy at any time before it is voted by forwarding a written revocation or a later-dated proxy to the Fund, which must be received by the Fund at or prior to the Meeting, or by attending the Meeting and voting in person.

What if my shares are held in a brokerage account?

If your shares are held by your broker, then in order to vote in person at the Meeting, you will need to obtain a "Legal Proxy" from your broker and present it to the Inspector of Election at the Meeting. Also, in order to revoke your proxy, you may need to forward your written revocation or a later-dated proxy card to your broker rather than to the Fund.

THE PROPOSALS

PROPOSAL 1: ELECTION OF TRUSTEES

How are nominees selected?

The Board has a Nominating Committee comprised of Harris J. Ashton, Terrence J. Checki, Mary C. Choksi, Edith E. Holiday, J. Michael Luttig, Larry D. Thompson and John B. Wilson. None of the members of the Nominating Committee is an "interested person" of the Fund, as defined by the Investment Company Act of 1940, as amended (the "1940 Act"). Trustees who are not interested persons of the Fund are referred to as the "Independent Trustees," and Trustees who are interested persons of the Fund are referred to as the "Interested Trustees."

The Nominating Committee is responsible for selecting candidates to serve as Trustees for the Fund and recommending such candidates: (a) for selection and nomination as Independent Trustees by the incumbent Independent Trustees and the full Board; and (b) for selection and nomination as Interested Trustees by the full Board. In considering a candidate's qualifications, the Nominating Committee generally considers the potential candidate's educational background, business or professional experience, and reputation. In addition, the Nominating Committee has established as minimum qualifications for Board membership as an Independent Trustee (1) that such candidate be independent from relationships with the Fund's investment manager and other principal service providers both within the terms and the spirit of the statutory independence requirements specified under the 1940 Act and the rules thereunder; (2) that such candidate demonstrate an ability and willingness to make the considerable time commitment, including personal attendance at Board meetings, believed necessary to his or her function as an effective Board member; and (3) that such candidate have no continuing relationship as a director, officer or board member of any open-end or closed-end registered investment company other than those

6

within the Franklin Templeton Investments fund complex or a closed-end business development company primarily investing in non-public entities. The Nominating Committee has not adopted any specific policy on the issue of diversity, but will take this into account, among other factors, in its consideration of new candidates for the Board. When the Board has or expects to have a vacancy, the Nominating Committee receives and reviews information on individuals qualified to be recommended to the full Board as nominees for election as Trustees, including any recommendations by "Qualifying Fund Shareholders" (as defined below). Such individuals are evaluated based upon the criteria described above. To date, the Nominating Committee has been able to identify, and expects to continue to be able to identify, from its own resources an ample number of qualified candidates. The Nominating Committee, however, will review recommendations from Qualifying Fund Shareholders to fill vacancies on the Board if these recommendations are submitted in writing and addressed to the Nominating Committee at the Fund's offices and are presented with appropriate background material concerning the candidate that demonstrates his or her ability to serve as a Trustee, including as an Independent Trustee, of the Fund. A Qualifying Fund Shareholder is a shareholder who (i) has continuously owned of record, or beneficially through a financial intermediary, shares of the Fund having a net asset value of not less than two hundred and fifty thousand dollars (\$250,000) during the twenty-four (24) month period prior to submitting the recommendation; and (ii) provides a written notice to the Nominating Committee containing the following information: (a) the name and address of the Qualifying Fund Shareholder making the recommendation; (b) the number of shares of the Fund which are owned of record and beneficially by such Qualifying Fund Shareholder and the length of time that such shares have been so owned by the Qualifying Fund Shareholder; (c) a description of all arrangements and understandings between such Qualifying Fund Shareholder and any other person or persons (naming such person or persons) pursuant to which the recommendation is being made; (d) the name, age, date of birth, business address and residence address of the person or persons being recommended; (e) such other information regarding each person recommended by such Qualifying Fund Shareholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the U.S. Securities and Exchange Commission ("SEC") had the nominee been nominated by the Board; (f) whether the Qualifying Fund Shareholder making the recommendation believes the person recommended would or would not be an "interested person" of the Fund, as defined in the 1940 Act; and (g) the written consent of each person recommended to serve as a Trustee of the Fund if so nominated and elected/appointed.

The Nominating Committee may amend these procedures from time to time, including the procedures relating to the evaluation of nominees and the process for submitting recommendations to the Nominating Committee.

The Board has adopted and approved a formal written charter for the Nominating Committee. A copy of the charter was attached as "Appendix A" to the proxy statement for the 2017 Annual Shareholders' Meeting.

What is the background of the Fund's Nominees and current members of the Board?

The Fund's nominees and the current Trustees of the Fund are Harris J. Ashton, Terrence J. Checki, Mary C. Choksi, Edith E. Holiday, Gregory E. Johnson, Rupert H. Johnson, Jr., J.

Michael Luttig, Larry D. Thompson and John B. Wilson. As described more fully below, these nominees have significant experience managing investment vehicles. Several of the Fund's nominees have been Trustees since the Fund was launched in 1988, and all are also on the Boards of other open-end and closed-end Franklin Templeton funds. They have had experience as senior officers and directors of major business corporations, and some have also held senior positions in state and federal government.

Interested Trustees of the Fund hold director and/or officer positions with Franklin Resources, Inc. ("Resources") and its affiliates. Resources is a -publicly owned holding company, a principal shareholder of which is Rupert H. Johnson, Jr., who owned approximately 104,598,083 (approximately 20.4%) of its outstanding shares as of December 31, 2018. The shares deemed to be beneficially owned by Rupert H. Johnson, Jr. include certain shares held by a private charitable foundation or by his spouse, of which he disclaims beneficial ownership. Resources, a global investment management organization operating as Franklin Templeton Investments, is primarily engaged, through its various subsidiaries, in providing investment management, share distribution, transfer agent and administrative services to a family of investment companies. Resources is a New York Stock Exchange, Inc. ("NYSE") listed holding company (NYSE: BEN). Rupert H. Johnson, Jr., Chairman, Trustee and Senior Vice President of the Fund, is the uncle of Gregory E. Johnson, a Trustee of the Fund. There are no other family relationships among the Trustees or nominees for Trustees.

Each nominee is currently available and has consented to serve as Trustee of the Fund if elected. If any of the nominees should become unavailable, the designated proxy holders will vote in their discretion for another person or persons who may be nominated as Trustees.

In addition to personal qualities, such as integrity, in considering candidates for the Board, the Nominating Committee seeks to find persons of good reputation whose experience and background evidences that such person has the ability to comprehend, discuss and critically analyze materials and issues presented in exercising judgments and reaching informed conclusions relevant to the fulfillment of a Trustee's duties and fiduciary obligations. Information on the business activities of the nominees and other Trustees during the past five years and beyond appears below and it is believed that the specific background of each Trustee evidences such ability and it is appropriate for him or her to serve on the Board. As indicated in the table below, Harris J. Ashton has served as a chief executive officer of a NYSE-listed public corporation; Terrence J. Checki has served as a senior executive of a Federal Reserve Bank and has vast experience evaluating economic forces and their impact on markets, including emerging markets; Mary C. Choksi has an extensive background in asset management, including founding an investment management firm; Larry D. Thompson and Edith E. Holiday each have legal backgrounds, including high level legal positions with departments of the U.S. government; J. Michael Luttig has fifteen years of judicial experience as a Federal Appeals Court Judge and eleven years of experience as Executive Vice President and General Counsel of a major public company; John B. Wilson has served as President of an international Fortune 150 company, chief operating officer of a NYSE-listed public corporation, Chief Financial Officer of a NASDAQ-listed public corporation and partner of a global strategy consulting firm; and Gregory E. Johnson and Rupert H. Johnson, Jr. are both high ranking executive officers of Franklin Templeton Investments.

Listed below, for each nominee, is his or her name, year of birth and address, as well as position and length of service with the Fund, a brief description of recent professional experience, the number of portfolios in the Franklin Templeton Investments fund complex that he or she oversees, and other directorships held.

Board members historically have followed a policy of having substantial investments in one or more of the Franklin Templeton funds, as is consistent with their individual financial goals. In February 1998, this policy was formalized through the adoption of a requirement that each board member invest one-third of fees received for serving as a

director or trustee of a Templeton fund (excluding committee fees) in shares of one or more Templeton funds and one-third of fees received for serving as a director or trustee of a Franklin fund (excluding committee fees) in shares of one or more Franklin funds until the value of such investments equals or exceeds five times the annual retainer and regular board meeting fees paid to such board member. Investments in the name of family members or entities controlled by a board member constitute fund holdings of such board member for purposes of this policy, and a three-year phase-in period applies to such investment requirements for newly elected board members. In implementing such policy, a board member's fund holdings existing on February 27, 1998, are valued as of such date with subsequent investments valued at cost.

How often do the Trustees meet and what are they paid?

The role of the Trustees is to provide general oversight of the Fund's business, and to ensure that the Fund is operated for the benefit of all shareholders. The Trustees anticipate meeting at least eight times during the current fiscal year to review the operations of the Fund and the Fund's investment performance. The Trustees also oversee the services furnished to the Fund by Franklin Advisers, Inc., the Fund's investment manager (the "Investment Manager"), and various other service providers.

The Fund's Independent Trustees serve as independent directors/trustees of a number of investment companies in the Franklin Templeton Investments complex, for which each Independent Director/Trustee currently is paid a \$304,000 annual retainer fee, together with a \$7,000 per meeting fee for attendance at each regularly scheduled board meeting, a portion of which fees are allocated to the Fund. To the extent held, compensation may also be paid for attendance at specially held Board meetings. The Fund's Lead Independent Trustee is paid an annual supplemental retainer of \$50,000 for services to such investment companies, a portion of which is allocated to the Fund. Trustees who serve on the Audit Committee of the Fund and such other funds are paid a \$10,000 annual retainer fee, together with a \$3,000 fee per Committee meeting in which they participate, a portion of which is allocated to the Fund. John B. Wilson, who serves as chairman of the Audit Committee of the Fund and such other funds, receives a fee of \$50,000 per year in lieu of the Audit Committee member retainer fee, a portion of which is allocated to the Fund. Independent Trustees are also reimbursed for expenses incurred in connection with attending meetings.

During the fiscal year ended -August 31, 2018, there were eight meetings of the Board, four meetings of the Audit Committee, and four meetings of the Nominating Committee. Each of the Trustees who served on the Board during the fiscal year ended August 31, 2018 attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings held by all committees of the Board on which the Trustee served.

The Fund does not currently have a formal policy regarding Trustees' attendance at the Annual Shareholders' Meeting. None of the Trustees attended the Fund's last annual shareholders' meeting held on March 16, 2018.

Certain Interested Trustees and officers of the Fund are shareholders of Resources and may receive indirect remuneration due to their participation in the management fees and other fees received by the Investment Manager and its affiliates from the funds in Franklin Templeton Investments. The Investment Manager or its affiliates pay the salaries and expenses of the officers. No pension or retirement benefits are accrued as part of Fund expenses.

The table below indicates the total fees paid to the nominees for Independent Trustee by the Fund individually and by all of the funds in Franklin Templeton Investments. These Trustee nominees also serve or have served as directors or trustees of other funds in Franklin Templeton Investments, many of which hold meetings at different dates and times. The Trustees and the Fund's management believe that having the same individuals serving on the boards of many of the funds in Franklin Templeton Investments enhances the ability of each fund to obtain, at a relatively modest cost to each separate fund, the services of high caliber, experienced and

knowledgeable Independent Trustees who can bring their experience and talents to, and effectively oversee the management of, several funds.

What is the required vote on Proposal 1?

Provided that a quorum is present, the election of Trustees requires a plurality of shares voted, meaning that the nine nominees receiving the greatest number of votes shall be elected. All voting rights are non-cumulative, which means that the holders of more than 50% of the shares voting for the election of Trustees can elect 100% of such Trustees if they choose to do so, and in such event, the holders of the remaining shares voting will not be able to elect any Trustees.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" EACH OF THE NOMINEES LISTED IN PROPOSAL 1.

PROPOSAL TO APPROVE A FUNDAMENTAL INVESTMENT RESTRICTION REGARDING
2: INVESTMENTS IN REAL ESTATE

Under the 1940 Act, a fund's restriction regarding investments in real estate must be fundamental. The 1940 Act does not prohibit an investment company from investing in real

estate, either directly or indirectly. However, under the 1940 Act, a fund is prohibited from, unless authorized by a vote of a majority of its outstanding voting securities (as such term is defined in the 1940 Act), purchasing or selling real estate, except as provided in its fundamental restriction regarding investments in real estate. The Fund currently does not have a fundamental investment restriction relating to investments in real estate. The Board is proposing to adopt a fundamental investment restriction regarding investments in real estate that is the same as the investment restriction used by other funds in the Franklin Templeton Investments fund complex.

The proposed standardized fundamental investment restriction regarding investments in real estate is as follows:

The Fund may not: Purchase or sell real estate unless acquired as a result of ownership of securities or other instruments and provided that this restriction does not prevent the Fund from (i) purchasing or selling securities or instruments secured by real estate or interests therein, securities or instruments representing interests in real estate or securities or instruments of issuers that invest, deal or otherwise engage in transactions in real estate or interests therein, and (ii) making, purchasing or selling real estate mortgage loans.

What effect will adopting the current real estate restriction have on the Fund?

The Board and the Investment Manager do not anticipate that the proposed adoption of the fundamental investment restriction regarding real estate will materially change the manner in which the Fund is currently managed and operated. Although the new fundamental investment restriction will give the Fund greater flexibility to respond to possible future investment opportunities, the Board and the Investment Manager also do not anticipate that the adoption will result in a material change in the current level of investment risk associated with an investment in the Fund at this time.

What is the required vote on Proposal 2?

To adopt the fundamental restriction related to real estate, the Fund must receive an affirmative vote of a "majority of the outstanding voting securities of the Fund," which is defined in the 1940 Act as the lesser of: (A) 67% or more of the outstanding voting securities of the Fund present at the Meeting, if the holders of more than 50% of the outstanding voting securities of the Fund are present or represented by proxy; or (B) more than 50% of the outstanding voting securities of the Fund (a "1940 Act Majority Vote").

INTRODUCTION TO PROPOSALS 3 AND 4

Since the time when the Fund was created, certain legal and regulatory requirements applicable to investment companies have changed. As a result, the Fund is currently subject to a number of fundamental investment restrictions that (i) are more restrictive than those required under present law; (ii) are no longer required by the federal securities laws, interpretations of the SEC, or state securities laws and regulations that were subsequently preempted by the National Securities Markets Improvement Act of 1996 ("NSMIA"); (iii) were adopted in response to regulatory, business or industry conditions that no longer exist or no longer apply to the Fund; or (iv) vary only slightly (and not substantively) from what is now considered to be the standard forms of investment restrictions for the other funds in the Franklin Templeton Investments fund complex. Under the 1940 Act, "fundamental" investment restrictions may be changed or eliminated only if

such action is approved by the "holders of a majority of the Fund's outstanding voting securities."

Why is the Board recommending approval of the amendment or elimination of certain fundamental investment restrictions?

The Board has approved, and is recommending that shareholders approve, the amendment or elimination of certain fundamental investment restrictions for the Fund principally to (i) either update or eliminate those investment restrictions that are more restrictive than is currently required, are no longer required under the federal securities laws or are not required to be treated as "fundamental"; and (ii) conform and standardize the Fund's fundamental investment restrictions to those of substantially all other funds in the Franklin Templeton Investments fund complex. The Board and the Investment Manager believe that there are several advantages to revising or eliminating, as applicable, the Fund's fundamental investment restrictions at this time. First, by updating and standardizing their language now, the Fund may be able to minimize the costs and delays associated with obtaining future shareholder approval to revise fundamental investment restrictions that have become outdated or inappropriate. Second, the Board and the Investment Manager believe that an investment manager's ability to manage a fund's assets in a changing investment environment may be enhanced because the Fund, to the extent it is currently subject to more restrictive or outdated restrictions, will have greater investment management flexibility to respond to market, industry, regulatory or technical changes by seeking Board, rather than shareholder, approval when necessary to revise certain investment policies or strategies. Finally, the standardized fundamental investment restrictions are expected to enable the Fund and its service providers to more efficiently and more easily monitor portfolio compliance across the entire Franklin Templeton Investments fund complex and help avoid conflicts among restrictions whose language varies only slightly from one to another.

What effect will amending or eliminating the current fundamental investment restrictions have on the Fund?

The proposed standardized fundamental investment restrictions cover those areas for which the 1940 Act requires the Fund to have fundamental restrictions and are substantially similar to the fundamental investment restrictions of other Franklin Templeton funds that have recently amended their fundamental investment restrictions or have recently been created. The Board and the Investment Manager anticipate that the proposed changes in the fundamental investment restrictions will not materially change the manner in which the Fund is currently managed and operated. The proposed amendments or eliminations, as applicable, will give the Fund greater flexibility to respond to possible future investment opportunities.

However, should the Investment Manager believe that the way the Fund is managed in the future should be modified, the Investment Manager would request approval by the Board of any such material modification.

What is the required vote on Proposals 3 and 4?

To amend or eliminate a fundamental restriction, the Fund must receive a 1940 Act Majority Vote.

If a Sub-Proposal within Proposal 3 or Proposal 4 is not approved by shareholders of the Fund, the current fundamental investment restriction(s) to which such Sub-Proposal relates will remain in effect for the Fund.

PROPOSAL TO APPROVE AMENDMENTS TO THE FUNDAMENTAL INVESTMENT RESTRICTIONS (This 3: Proposal involves separate votes on Sub-Proposals 3a – 3g)

The Board has approved, and recommends that shareholders approve, amendments to the Fund's fundamental investment restrictions regarding: (a) borrowing, (b) underwriting, (c) lending, (d) investments in commodities, (e) issuing senior securities, (f) industry concentration and (g) diversification requirements.

Sub-Proposal 3a: To amend the fundamental investment restriction regarding borrowing

The 1940 Act permits closed-end funds to engage in leverage, subject to certain limitations and asset coverage requirements. In addition, borrowing limitations adopted by a fund must be fundamental. The 1940 Act requirements for closed-end fund borrowing generally are designed to protect shareholders and their investment by ensuring that the closed-end fund maintains adequate asset coverage for its borrowings, while also providing certain rights to the closed-end fund's lenders.

The Fund's current fundamental investment restriction regarding borrowing is as follows:

The Fund may not: Borrow money or issue senior securities to the extent such borrowing would result in a violation of the 1940 Act. Pursuant to the 1940 Act, not more than 33 1/3% of the Fund's capital structure may consist of borrowings or senior securities, including the Notes, representing indebtedness. For purposes of this restriction, the Fund may borrow temporarily from banks for extraordinary or emergency purposes or in connection with a repurchase of or tender for its Shares. Temporary borrowing not in excess of 5% of the Fund's total assets (not including the amount borrowed) shall not be deemed a senior security as defined in the 1940 Act.

The proposed standardized fundamental investment restriction regarding borrowing is as follows:

The Fund may not: Borrow money, except to the extent permitted by the 1940 Act, or any rules, exemptions or interpretations thereunder that may be adopted, granted or issued by the SEC.

What effect will amending the current borrowing restriction have on the Fund?

The proposed restriction would separate the Fund's fundamental investment restriction on borrowing from its fundamental investment restriction on senior securities, and establish it as a separate fundamental investment restriction. In all other respects, however, the proposed investment restriction for the Fund is substantially the same as the Fund's current restriction.

Sub-Proposal 3b: To amend the fundamental investment restriction regarding underwriting

Under the 1940 Act, a fund's policy concerning underwriting is required to be fundamental. Under the federal securities laws, a person or company generally is considered to be an underwriter if the person or company participates in the public distribution of securities of other issuers, which involves purchasing the securities from the issuer with the intention of reselling the securities to the public. From time to time, a fund may purchase securities in a private transaction for investment purposes and later sell or redistribute the securities to institutional investors. Under these or other circumstances, the fund could possibly be considered to be within the technical definition of an underwriter under the federal securities laws. Staff interpretations of the SEC have clarified, however, that resales of privately placed securities by institutional investors, such as the Fund, do not make the institutional investor an underwriter in these circumstances.

The Fund's current fundamental investment restriction regarding underwriting is as follows:

The Fund may not: Underwrite the distribution of securities of other issuers except to the extent, in connection with the resale of its portfolio securities, or the issuance of its own Shares, the Fund may be deemed an underwriter as defined in the Securities Act of 1933, as amended.

The proposed standardized fundamental investment restriction regarding underwriting is as follows:

The Fund may not: Act as an underwriter except to the extent the Fund may be deemed to be an underwriter when disposing of securities it owns or when selling its own shares.

What effect will amending the current underwriting restriction have on the Fund?

The proposed fundamental investment restriction is substantially similar to the current investment restriction.

Sub-Proposal 3c: To amend the fundamental investment restriction regarding lending

Under the 1940 Act, a fund must describe, and designate as fundamental, its policy with respect to making loans. In addition to a loan of cash, the term "loan" may, under certain circumstances, be deemed to include certain transactions and investment-related practices. Among those transactions and practices are the lending of portfolio securities, the purchase of certain debt instruments, entering into repurchase agreements, and making direct loans to borrowers.

The Fund's current fundamental investment restriction regarding lending is as follows:

The Fund may not: Make loans to other persons except through (1) through the lending of its portfolio securities, (2) through the purchase of debt securities, loan participations and/or engaging in direct corporate loans in accordance with its investment objective and policies, and (3) to the extent the entry into a repurchase agreement is deemed to be a loan.

The proposed fundamental investment restriction regarding lending is as follows:

The Fund may not: Make loans, except to the extent permitted by the 1940 Act or any rules, exemptions or interpretations thereunder that may be adopted, granted or issued by the SEC.

What effect will amending the current lending restriction have on the Fund?

The proposed fundamental investment restriction provides the Fund with maximum flexibility to engage in lending to the full extent permitted by applicable law. This recognizes the Fund's traditional emphasis on investing in debt instruments, and more readily facilitates investments in newer forms of debt instruments as they become available.

The change to the fundamental investment restriction regarding lending would permit investments in additional forms of debt instruments, including direct non-corporate loans and other asset classes that may be broader or less liquid. Lending may generally subject the Fund to: credit and default risk (i.e., the risk that the borrower may be unable to repay its loan, and that the Fund may be limited in its ability to recover any outstanding principal and interest under the loan); illiquidity risk (i.e., the risk that it may be difficult for the Fund to sell or assign the loan); interest rate risk (i.e., the risk that the value of the loan may decline if interest rates rise); and enforcement risk (i.e., the risk that the Fund may only be able to enforce its rights in the loan through an intermediary lender, and thus may assume the credit risk of both the lender and the borrower). In addition, securities lending may involve risks of delay in recovery or loss of rights in collateral in the event of default or insolvency of the borrower.

Sub-Proposal 3d: To amend the fundamental investment restriction regarding investments in commodities

Under the 1940 Act, a fund must have a fundamental investment restriction governing investments in commodities.

The 1940 Act does not prohibit a fund from investing in commodities.

The Fund's current fundamental investment restriction regarding commodities is as follows:

The Fund may not: Purchase or sell commodities or commodity contracts, except that the Fund may enter into (i) contracts for the purchase or sale of debt and/or equity securities for future delivery, including futures contracts and options on domestic and foreign securities and other financial market indices and (ii) forward currency exchange contracts and currency futures contracts, as well as option contracts on currencies.

The Fund's Investment Manager and Board are recommending that the Fund amend its current fundamental investment restriction regarding investments in commodities to provide the Fund with the flexibility to adapt to continuously changing regulation and to react to changes in the financial markets and the development of new investment opportunities and instruments, in accordance with the Fund's investment goal and subject to oversight by the Board. Since the adoption of the Fund's current fundamental investment restriction regarding commodities, the financial markets and related regulation by the SEC, the U.S. Commodity Futures Trading Commission and other governmental agencies have evolved, and new types of financial instruments have become available as potential investment opportunities, including commodity-

linked instruments. Under the proposed restriction, if current applicable law were to change, the Fund would be able to conform to any such new law without shareholders taking further action.

The proposed standardized fundamental investment restriction regarding investments in commodities is as follows: The Fund may not: Purchase or sell commodities, except to the extent permitted by the 1940 Act or any rules, exemptions or interpretations thereunder that may be adopted, granted or issued by the SEC.

What effect will amending the current commodities restriction have on the Fund?

The proposed fundamental investment restriction would clarify the ability of the Fund to engage in transactions involving currencies and other derivative transactions, such as futures contracts, forward contracts, commodity options and swaps, subject to oversight by the Board. Notwithstanding the potential flexibility provided by the proposed fundamental investment restriction, the Fund is subject to limitations established from time to time by the Board regarding the use of derivatives. It is not anticipated that the adoption of the proposed fundamental investment restriction would involve additional material risk to the Fund or affect the way the Fund is currently managed or operated.

Sub-Proposal 3e: To amend the fundamental investment restriction regarding issuing senior securities

The 1940 Act requires a fund to have an investment restriction describing its ability to issue senior securities. A senior security is any bond, debenture, note or similar obligation or instrument constituting a security and evidencing indebtedness, and any stock of a class having priority over any other class as to distribution of assets or payment of dividends. The 1940 Act generally permits closed-end funds to issue senior securities, subject to certain requirements as to terms and asset coverage.

The Fund's current fundamental investment restriction regarding issuing senior securities¹ is as follows:

The Fund may not: Borrow money or issue senior securities to the extent such borrowing would result in a violation of the 1940 Act. Pursuant to the 1940 Act, not more than 33 1/3% of the Fund's capital structure may consist of borrowings or senior securities, including the Notes, representing indebtedness. For purposes of this restriction, the Fund may borrow temporarily from banks for extraordinary or emergency purposes or in connection with a repurchase of or tender for its Shares. Temporary borrowing not in excess of 5% of the Fund's total assets (not including the amount borrowed) shall not be deemed a senior security as defined in the 1940 Act.

¹ The Fund also currently has the following separate fundamental investment restriction regarding senior securities, which is not proposed to be amended:

The Fund may not: Issue any security senior to its Notes, as the term "senior security" is defined in the 1940 Act, except that the Fund may borrow money subject to investment restriction 3. For purposes of this restriction, collateral arrangements with respect to Forward Contracts, Futures Contracts and options will not be deemed to be the issuance of a senior security.

24

The proposed standardized fundamental investment restriction regarding issuing senior securities is as follows:
The Fund may not: Issue senior securities, except to the extent permitted by the 1940 Act or any rules, exemptions or interpretations thereunder that may be adopted, granted or issued by the SEC.

What effect will amending the current senior securities restriction have on the Fund?

The proposed fundamental investment restriction would separate the Fund's fundamental investment restriction on senior securities from its fundamental investment restriction on borrowing, and establish it as a separate fundamental investment restriction. In all other respects, however, the proposed fundamental investment restriction for the Fund is substantially the same as the Fund's current fundamental investment restriction, but conforms the investment restriction to the separate investment restriction on senior securities used by other Franklin Templeton funds.

Sub-Proposal 3f: To amend the fundamental investment restriction regarding industry concentration

Under the 1940 Act, a fund's policy regarding concentration of investments in the securities of companies in any particular industry must be fundamental. The SEC staff takes the position that a fund "concentrates" its investments if it invests more than 25% of its "net" assets (exclusive of certain items such as cash, U.S. government securities, and certain tax-exempt securities) in any particular industry. A fund is not permitted to concentrate its investments in any particular industry unless it discloses its intention to do so, and the SEC staff generally takes the position that a fund may not reserve the right to concentrate its investments in the future.

The Fund's current fundamental investment restriction regarding industry concentration is as follows:

The Fund may not: Invest more than 25% of its total assets (valued at the time of investment) in securities of companies engaged principally in any one industry. For purposes of this restriction, each public utilities sector (e.g., electric energy generation, gas distribution, and telecommunications) will be considered a separate industry. This restriction does not apply to securities issued or guaranteed by the United States Government or its agencies or instrumentalities.

The proposed standardized fundamental investment restriction regarding industry concentration is as follows:

The Fund may not: Invest more than 25% of the Fund's total assets in securities of issuers in any one industry (other than securities issued or guaranteed by the U.S. government or any of its agencies or instrumentalities).

What effect will amending the current industry concentration restriction have on the Fund?

The proposed fundamental investment restriction for the Fund will standardize and clarify the scope of the Fund's restriction by clarifying that "concentration" means investing more than 25%

of the concentrating Fund's total assets in securities of companies operating in one industry or group of related industries. Also, the changes will conform the Fund's fundamental investment restriction on concentration to that of other Franklin Templeton funds.

Sub-Proposal 3g: To amend the fundamental investment restriction regarding diversification requirements

The 1940 Act requires each investment company to classify itself as either a "diversified" or "non-diversified" fund.

If a fund is "diversified," then it may not purchase the securities of any one issuer if, at the time of purchase, with respect to 75% of the fund's total assets, more than 5% of its total assets would be invested in the securities of that issuer, or the fund would own or hold more than 10% of the outstanding voting securities of that issuer. Up to 25% of a fund's total assets may be invested without regard to these limitations. Under the 1940 Act, these limitations do not apply to securities issued or guaranteed as to principal or interest by the U.S. government or any of its agencies or instrumentalities, or to the securities of other investment companies.

The Fund's current fundamental investment restriction regarding diversification is as follows:

The Fund may not: With respect to 75% of its total assets: (i) invest more than 5% of its total assets (taken at market value at the time of investment) in the securities of any one issuer, or (ii) acquire more than 10% of the outstanding voting securities of any one issuer (at the time of acquisition). This restriction does not apply to securities issued or guaranteed by the United States Government or its agencies or instrumentalities.

The proposed standardized fundamental investment restriction regarding diversification is as follows:

The Fund may not: Purchase the securities of any one issuer (other than the U.S. government or any of its agencies or instrumentalities or securities of other investment companies, whether registered or excluded from registration under Section 3(c) of the 1940 Act) if immediately after such investment (a) more than 5% of the value of the Fund's total assets would be invested in such issuer or (b) more than 10% of the outstanding voting securities of such issuer would be owned by the Fund, except that up to 25% of the value of the Fund's total assets may be invested without regard to such 5% and 10% limitations.

What effect will amending the current diversification restriction have on the Fund?

The Fund operates as a diversified investment company, as reflected in its current fundamental investment restriction regarding diversification. The proposed standardized diversification restriction for the Fund is substantially the same as the Fund's current restriction; however, the changes will conform the Fund's fundamental policy on issuer diversification to that of other Franklin Templeton funds, and expressly adds to the investment company exclusion those investment companies that are excluded from registration under Section 3(c) of the 1940 Act.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR"

SUB-PROPOSALS 3a – 3g.

26

PROPOSAL TO APPROVE THE ELIMINATION OF CERTAIN FUNDAMENTAL INVESTMENT
4: RESTRICTIONS OF THE FUND (This Proposal involves separate votes on Sub-Proposals 4a–4e)

The Board has approved, and recommends that shareholders approve, the elimination of the following fundamental investment restrictions that prohibit: (i) pledging, mortgaging or hypothecating assets, (ii) purchasing securities on margin, (iii) investments in other investment companies, (iv) investments for the purpose of exercising control and (v) investments in illiquid and restricted securities. The fundamental investment restrictions that are recommended to be eliminated are described below. The Fund does not currently anticipate changing its investment strategies or operations if these amendments are approved.

Shareholders of the Fund are requested to vote separately on each Sub-Proposal. Any Sub-Proposal that is approved by shareholders of the Fund will be effective for the Fund upon approval by shareholders. The Board unanimously recommends a vote "FOR" each Sub-Proposal.

Sub-Proposal 4a: To eliminate the fundamental investment restriction regarding pledging, mortgaging or hypothecating assets

The Fund currently has a fundamental investment restriction that generally prohibits the Fund from pledging, mortgaging, hypothecating or otherwise encumbering its assets, except to secure indebtedness permitted under the Fund's borrowing policy.

The Fund's current fundamental investment restriction regarding pledging, mortgaging or hypothecating assets is as follows:

The Fund may not: Pledge, mortgage or hypothecate its assets except to secure permitted borrowings and in connection with collateral arrangements on loans of portfolio securities. For purposes of this restriction, collateral arrangements with respect to Forward Contracts, Futures Contracts and options will not be deemed to be pledges or other encumbrances of the Fund's assets.

This current fundamental investment restriction may limit the Fund's ability to enter into certain transactions that may be considered to involve the pledge of its portfolio securities. If this policy is eliminated, current 1940 Act provisions on issuing senior securities and borrowing will continue to govern the ability of the Fund to pledge or mortgage its assets. However, the Fund would not be prevented from entering into certain transactions or loans that might be deemed to involve the pledge of the Fund's assets, to the extent that such transactions are otherwise approved for the Fund by the Board.

Sub-Proposal 4b: To eliminate the fundamental investment restriction regarding purchasing securities on margin
The Fund currently has a fundamental investment restriction that generally prohibits the Fund from purchasing securities on margin.

The Fund's current fundamental investment restriction regarding purchasing securities on margin is as follows:

The Fund may not: Purchase securities on margin, except for the use of short-term credit necessary for the clearance of purchases and sales of portfolio securities and except in connection with options and futures transactions. Current 1940 Act provisions on issuing senior securities, together with the proposed fundamental investment restriction regarding issuing senior securities, as described above, will continue to limit the Fund's ability to purchase securities on margin. Additionally, the Fund will remain subject to the limitations established from time to time by the Board regarding the use of options and other derivatives.

Sub-Proposal 4c: To eliminate the fundamental investment restriction regarding investments in other investment companies

The Fund currently has a fundamental investment restriction that prohibits the Fund from investing in other investment companies except in limited circumstances.

The Fund's current fundamental investment restriction regarding investments in other investment companies is as follows:

The Fund may not: Acquire securities of other investment companies in an amount exceeding the limitations set forth in the 1940 Act and the rules thereunder, except as part of a merger, consolidation or other plan of reorganization. Upon elimination of this restriction, the Fund would remain subject to the restrictions under Section 12(d) of the 1940 Act, and any rules thereunder, relating to the Fund's ability to invest in other investment companies, including open-end and closed-end investment companies, except where the Franklin Templeton funds have received an exemption from the SEC relating to such restrictions. In addition, eliminating this current restriction on investments in other investment companies would enable the Fund to invest to a greater extent in the Franklin Templeton money fund used as a cash sweep vehicle and to take advantage of the investment opportunities permitted by applicable SEC regulations, which provide relief from the 1940 Act restriction relating to investments in other registered and unregistered investment companies.

Sub-Proposal 4d: To eliminate the fundamental investment restriction regarding investments for the purposes of exercising control

The Fund currently has a fundamental investment restriction that prohibits the Fund from investing in issuers for the purpose of exercising control.

The Fund's current fundamental investment restriction regarding investments in other investment companies is as follows:

The Fund may not: Invest for the purpose of exercising control over the management of any company.

The 1940 Act does not require, and applicable state law no longer requires, that a fund adopt a fundamental investment restriction prohibiting it from investing in any company for the purpose of exercising control or management. However, the Fund remains subject to the diversification requirements of Subchapter M of the Internal Revenue Code, and the diversification

requirements of the 1940 Act also limit the amount of an issuer's voting securities that the Fund may acquire.

Sub-Proposal 4e: To eliminate the fundamental investment restriction regarding investments in illiquid and restricted securities

The Fund currently has a fundamental investment restriction that prohibits or limits its investments in illiquid and/or restricted securities.

The Fund's current fundamental investment restriction regarding investments in illiquid and restricted securities is as follows:

The Fund may not: Invest in securities subject to legal or contractual restrictions on resale or invest in repurchase agreements maturing in more than seven days if, as a result of such investments, more than 33 1/3% of the Fund's total assets would be invested in such securities.

"Restricted securities" generally include (i) securities that have not been registered under the Securities Act of 1933, as amended, and therefore may only be resold to certain institutional investors under certain circumstances, and (ii) securities that are subject to other contractual restrictions on resale. A restricted security that is not readily marketable at a price approximately equal to the value placed on such security by the Fund may be considered illiquid. The 1940 Act does not require that a fund adopt a fundamental investment restriction regarding investments in illiquid and restricted securities.

What are the risks, if any, in eliminating the restrictions?

Certain of the proposed eliminations would provide the Fund with additional flexibility to pursue certain investments or strategies. If the Fund in the future intends to engage in any other activities that would be permissible as a result of the elimination of the foregoing fundamental investment restrictions, the Fund may be subject to additional risks. The Fund will provide shareholders with updated disclosure, as needed, regarding changes in strategies and risks.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" SUB-PROPOSALS 4a-4e.

AUDIT COMMITTEE

The Board has a standing Audit Committee currently consisting of Messrs. Wilson (Chairman), Checki, Luttig and Thompson, all of whom are Independent Trustees and also are considered to be "independent" as that term is defined by the NYSE's listing standards. The Fund's Audit Committee is responsible for the appointment, compensation and retention of the Fund's independent registered public accounting firm ("auditors"), including evaluating their independence, recommending the selection of the Fund's auditors to the full Board, and meeting with such auditors to consider and review matters relating to the Fund's financial reports and internal auditing.

Selection of Auditors. The Audit Committee and the Board have selected the firm of PricewaterhouseCoopers LLP ("PwC") as auditors of the Fund for the current fiscal year. Representatives of PwC are not expected to be present at the Meeting, but will have the opportunity to make a statement if they wish, and will be available should any matter arise requiring their presence.

Audit Fees. The aggregate fees paid to PwC for professional services rendered by PwC for the audit of the Fund's annual financial statements or for services that are normally provided by

PwC in connection with statutory and regulatory filings or engagements were \$49,702 for the fiscal year ended August 31, 2018, and \$49,863 for the fiscal year ended August 31, 2017.

Audit-Related Fees. There were no aggregate fees paid to PwC for assurance and related services rendered by PwC to the Fund that are reasonably related to the performance of the audit of the Fund's financial statements and are not reported under "Audit Fees" above for the fiscal years ended August 31, 2018 and August 31, 2017.

There were no fees paid to PwC for assurance and related services rendered by PwC to the Investment Manager and any entity controlling, controlled by or under common control with the Investment Manager that provides ongoing services to the Fund that are reasonably related to the performance of the audit of their financial statements for the fiscal years ended August 31, 2018 and August 31, 2017.

Tax Fees. There were no fees paid to PwC for professional services rendered by PwC to the Fund for tax compliance, tax advice and tax planning for the fiscal years ended August 31, 2018 and August 31, 2017.

The aggregate fees paid to PwC for professional services rendered by PwC to the Investment Manager and any entity controlling, controlled by or under common control with the Investment Manager that provides ongoing services to the Fund for tax compliance, tax advice and tax planning were \$5,000 for the fiscal year ended August 31, 2018 and \$0 for the fiscal year ended August 31, 2017. The services for which these fees were paid included tax consulting services related to an operating agreement and term sheet for the launch of a new fund.

All Other Fees. The aggregate fees paid to PwC for products and services rendered by PwC to the Fund, not reported in previous paragraphs were \$72 for the fiscal year ended August 31, 2018 and \$0 for the fiscal year ended August 31, 2017. The services for which these fees were paid included review of materials provided to the Board in connection with the investment management contract renewal process.

The aggregate fees paid to PwC for products and services rendered by PwC to the Investment Manager and any entity controlling, controlled by or under common control with the Investment Manager that provides ongoing services to the Fund other than services reported in previous paragraphs, were \$16,500 for the fiscal year ended August 31, 2018 and \$0 for the fiscal year ended August 31, 2017. The services for which these fees were paid included an assets under management certification, and the issuance of an Auditors' Certificate for South Korean regulatory shareholder disclosures.

The Fund's Audit Committee is directly responsible for approving the services to be provided by the auditors, including:

- (i) pre-approval of all audit and audit related services;
- (ii) pre-approval of all non-audit related services to be provided to the Fund by the auditors;
