Dear Fellow Shareholders,

During the first six months of 2009, the Fund's net asset value ("NAV") fell 1.4% while the S&P 500 (total return basis) rose 3.2%. The Fund continues to outperform the S&P 500 on a longer term basis, which is our goal. Short-term fluctuations in stock prices are somewhat irrelevant for long-term investors.

When we look at companies for the Fund, we first evaluate their ability to generate free cash flow. On the cash-generating front, we pass over the net income statement and look to the cash flow statement. For capital-intensive companies, cash flow can fall far short of earnings on a regular basis. For example, a paper company's earnings can look great until the investor realizes that all or most of those earnings have to be reinvested in a replacement paper mill at \$400 to \$500 million a pop. Companies that can generate large amounts of cash beyond their maintenance capital requirements are inherently more valuable. These companies, awash in cash, can take advantage of more opportunities than companies with high capital demands. We love companies that can return large amounts of cash to shareholders through, among other things, dividends and share repurchases. Here's a list of some of the top positions in the Fund to provide an idea of how they generate their cash:

Company	2008 EPS	2008 Free Cash Flow per share
Johnson & Johnson	\$ 4.57	\$ 4.40
Colgate-Palmolive Co.	\$ 3.66	\$ 2.91
Stryker Corp.	\$ 2.78	\$ 2.47
Alcon Inc.	\$ 6.79	\$ 5.74
Franklin Resources, Inc.	\$ 6.67	\$ 5.62

A recent portfolio addition, Alcon, Inc. (NYSE: ACL), exemplifies our stock-picking philosophy. Alcon is the No. 1 company worldwide focused on eye health care and treatment. For 2008, Alcon earned \$2.0 billion on \$6.3 billion of sales (and sales were up 12.4% over 2007). Alcon enjoys high gross margins (77% in 2008) and a strong balance sheet; it had over \$6 a share in excess cash, net of long-term debt, at year-end 2008. As noted in the earlier table, for 2008 Alcon had \$6.79 in earnings per share and \$5.74 in free cash flow per share. Given the Company's cash stash and its ongoing ability to generate cash, Alcon has the enviable problem of trying to figure out what to do with all of that cash. We happily note that Alcon spent \$619 million in 2008 on research and development, which works out to 10% of revenues and 28% of operating profits. Alcon is investing in its future while also generating huge amounts of cash in the meantime. With strong operating results and investments in the future, it seems that Alcon's future is bright.

The Fund suffered a loss in May when our director Ben Smith died. Ben had extensive business and investment experience, and had been a valued director of the Fund since 1996. Ben will be remembered for his wise counsel and sense of humor. He will be missed.

We remind shareholders that the Fund maintains a direct investment option as part of its dividend reinvestment plan/cash purchase plan ("DRIP") which allows shareholders to increase their Fund holdings through the plan. Additional information about the DRIP is available through the Fund's transfer agent (American Stock Transfer & Trust) or at the Fund's website (www.eaglecapitalgrowthfund.com).

Despite all of the market fluctuations, our investment strategy remains the same. We are confident in the long-range outlook for equities, particularly equities in growth companies, and see no reason to depart from a strategy that has proven successful over the Fund's 20-year history.

Thank you for your continued support.

Notes to Financial Statements

(1) Organization.

Eagle Capital Growth Fund, Inc., a Maryland corporation (“Fund”), is a diversified closed-end investment company subject to the Investment Company Act of 1940. The Fund changed its corporate name from “NAIC Growth Fund, Inc.” to its current name at the end of May, 2008.

(2) Significant Accounting Policies.

The following is a summary of the significant accounting policies followed by the Fund not otherwise set forth in the Notes to the Financial Statements:

Dividends and distributions—Dividends from the Fund’s net investment income and realized net long- and short-term capital gains will be declared and distributed at least annually.

Investments—Investments in equity securities are stated at market value, which is determined based on quoted market prices or dealer quotes. If no such price is available on the valuation date, the Board of Directors has determined that the most recent market price be used. The Fund uses the amortized cost method to determine the carrying value of short-term debt obligations. Under this method, investment securities are valued for both financial reporting and Federal tax purposes at amortized cost, which approximates fair value. Any discount or premium is amortized from the date of acquisition to maturity. Investment security purchases and sales are accounted for on a trade date basis. Interest income is accrued on a daily basis while dividends are included in income on the ex-dividend date.

Use of estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Federal income taxes—The Fund intends to comply with the general qualification requirements of the Internal Revenue Code applicable to regulated investment companies such as the Fund. The Fund plans to distribute annually at least 90% of its taxable income, including net long-term capital gains, to its shareholders. In order to avoid imposition of the excise tax applicable to regulated investment companies, the Fund intends to declare as dividends in each calendar year an amount equal to at least 98% of its net investment income and 98% of its net realized capital gains (including undistributed amounts from previous years).

The following information is based upon the Federal income tax basis of portfolio investments as of June 30, 2009:

Gross unrealized appreciation	\$4,486,281
Gross unrealized depreciation	(3,679,765)
Net unrealized appreciation	\$806,516
Federal income tax basis	\$15,541,207

Expenses—The Fund’s service providers bear all of their expenses in connection with the performance of their services. The Fund bears all of its expenses incurred in connection with its operations including, but not limited to, investment advisory fees (as discussed in Note 3), legal and audit fees, taxes, insurance, shareholder reporting and other related costs. As noted in Note 3, the Fund’s investment advisor, as part of its responsibilities under the

Investment Advisory Agreement, is required to provide certain internal administrative services to the Fund at such investment advisor's expense. The Investment Advisory Agreement provides that the Fund may not incur annual aggregate expenses in excess of two percent (2%) of the first \$10 million of the Fund's average net assets, one and a half percent (1.5%) of the next \$20 million of the average net assets, and one percent (1%) of the remaining average net assets for any fiscal year. Any excess expenses are the responsibility of the investment advisor.

Fair Value Accounting—Effective January 1, 2008, the Fund adopted SFAS 157. SFAS 157 established a framework for measuring fair value and expands disclosure about fair value measurements. SFAS 157 was issued to bring conformity to the definition of fair value; prior to SFAS 157 there was no conformity in the accounting guidance regarding the definition of fair value.

Valuation Hierarchy

SFAS 157 establishes a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

Level 1 – inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets in which the Fund can participate.

Level 2 – inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement, and include inputs that are available in situations where there is little, if any, market activity for the related asset or liability.

A financial instrument’s categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy.

Assets

Common Stock Investments

All of the Fund’s common stock investments are classified within Level 1 of the valuation hierarchy as quoted price are available in an active market.

The following table presents the financial instruments carried at fair value as of June 30, 2008, as indentified on the Statement of Assets and Liabilities and by the SFAS 157 hierarchy (as described above):

Assets measured at fair value on a recurring basis as of June 30, 2008:

	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Balance at June 30, 2008
Common Stock Investments	\$ 16,347,723	\$ ---	\$ ---	\$ 16,347,723

(3)

Certain Service Providers Arrangements

Investment advisor—For its services under the Investment Advisory agreement, the investment advisor receives a monthly fee calculated at an annual rate of three-quarters of one percent (0.75%) of the weekly net asset value of the Fund, as long as the weekly net asset value is at least \$3.8 million. The investment advisor is not entitled to any compensation for any week in which the average weekly net asset value falls below \$3.8 million. Pursuant to the Investment Advisory Agreement, the investment advisor is required to provide certain internal administrative services to the Fund at the investment advisor’s expense.

Effective June 1, 2007, following shareholder approval of the Investment Advisory Agreement, Sims Capital Management LLC (“SCM”) began serving as the Fund’s investment advisor. Pursuant to the Investment Advisory Agreement, SCM is responsible for the management of the Fund’s portfolio, subject to oversight by the Fund’s Board of Directors. SCM is 50 percent owned by the President and CEO who is also Director of the Fund who is also an

owner of more than five percent of the Fund's outstanding shares. A family member of the same President and CEO owns the remaining 50 percent of SCM.

Custodian—LaSalle Bank, NA (“LaSalle”), an affiliate of Bank of America Corporation, serves as the Fund’s custodian pursuant to a custodian agreement. As the Fund’s custodian, LaSalle receives fees and compensation of expenses for services provided including, but not limited to, an annual account charge, annual security fee, security transaction fee and statement of inventory fee.

Transfer Agent—Transfer agent American Stock Transfer & Trust Company (“AST”) serves as the Fund’s transfer agent and dividend disbursing agent pursuant to custody agreements. AST receives fees for services provided including, but not limited to, account maintenance fees, activity and transaction processing fees and reimbursement for its out-of-pocket expenses. AST also acts as the agent under the Fund’s Dividend Reinvestment and Cash Purchase Plan.

(4) Dividend Reinvestment and Cash Purchase Plan.

The Fund has a Dividend Reinvestment and Cash Purchase Plan (“Plan”) which allows shareholders to reinvest cash dividends and make cash contributions. Pursuant to the terms of the DRIP, cash dividends may be used by the DRIP agent to either purchase shares from the Fund or in the open market, depending on the most favorable pricing available to DRIP participants. Voluntary cash contributions from DRIP participants are used to purchase Fund shares in the open market. A complete copy of the DRIP is available on the Fund’s website (www.eaglecapitalgrowthfund.com) or from AST, the DRIP agent.

(5) Fund Investment Transactions

Purchases and sales of securities, other than short-term securities, for the six-month period ended June 30, 2009 were \$2,417,646 and \$2,487,230, respectively.

(6) Financial Highlights.

The Financial Highlights present a per share analysis of how the Fund’s net asset value has changed during the periods presented. Additional quantitative measures expressed in ratio form analyze important relationships between certain items presented in the financial statements. The total investment return based on market value assumes that shareholders bought into the Fund at the bid price and sold out of the Fund at the bid price. In reality, shareholders buy into the Fund at the asked price and sell out of the Fund at the bid price. Therefore, actual returns may differ from the amounts shown.

2008 Annual Shareholder Meeting

The Fund's 2008 annual meeting of shareholders ("Annual Meeting") was held on April 16, 2009, for the following purposes:

1. To elect a Board of seven (7) Directors.
2. To ratify the selection of Plante & Moran, PLLC as the independent registered public accountants of the Fund for the calendar year ending December 31, 2009.

The following directors were elected under Proposal 1: Robert M. Bilkie, Jr., Phillip J. Hanrahan, Carl A. Holth, Peggy L. Schmeltz, Luke E. Sims, Benedict J. Smith, and Neal F. Zalenko. Under Proposal 2, shareholders ratified the selection of Plante & Moran, PLLC as the Fund's independent registered public accountants for the 2009 calendar year.

Compensation.

The following table sets forth the aggregate compensation paid to all Fund directors for the six-month period ended June 30, 2009. Directors who are not “interested persons” of the Fund receive an annual retainer of \$3,000 a year, paid in equal quarterly installments. Directors who are “interested persons” of the Fund are not entitled to receive directors’ fees. Directors are reimbursed for out-of-pocket expenses in connection with attending Board meetings.

Luke E. Sims, who is deemed to be an “interested person” of the Fund, is not entitled to receive directors’ fees from the Fund by reason of his relationship to the Fund’s investment advisor.

No Fund officer receives compensation in his capacity as an officer of the Fund. Fund officers are: Luke E. Sims, President and Chief Executive Officer; Christopher J. Dine, Secretary; and David C. Sims, Chief Financial Officer and Chief Compliance Officer. Robert M. Bilkie, Jr. is the Fund’s Chairman, a non-executive, non-officer position.
