Corporate Governance Update

The Company has experienced significant growth, both in revenues and market capitalization, in recent years. The Board of Directors has received feedback from shareholders and others regarding certain provisions of the Company's articles of incorporation and bylaws, which reflect anti-takeover provisions that were typical when the Company first became publicly traded in 1998 and which have fallen out of favor with investors. With that feedback in mind, and being cognizant of the Company's recent growth, the Board of Directors has undertaken a comprehensive review of our Company's corporate governance, including the Company's articles of incorporation and bylaws. This review was

done in conjunction with a review by our Compensation Committee of our executive compensation practices, which resulted in significant updates to our executive compensation practices as described more fully below under the caption “Compensation Discussion and Analysis.” The Board believes that certain of the Company’s current corporate governance practices and provisions of its articles and bylaws continue to have merit for a public company that is a comparable size to the Company and that is in the Company’s industry. Still, the Board agrees that updating of the Company’s corporate governance practices are advisable now and has approved the following actions:

Table of Contents

With Bruce F. Simberg's return to the Board January 2016, we again have separated the roles of Chairman of the Board and Chief Executive Officer.

The Board approved stock ownership and retention guidelines applicable to our directors, in addition to our Chief Executive Officer and Chief Financial Officer. Under these guidelines, our outside, non-employee directors are each required to hold shares of the Company's common stock with a value of at least four times the annual retainer. The guidelines further provide that the outside directors should achieve the guideline amounts within five years of the policy's adoption and, until the guideline amounts are achieved, our directors must retain 66-2/3% of any shares received as equity grants from the Company, net of shares withheld or sold to pay taxes. The Board also prohibited hedging the Company's common stock and prohibited pledging the Company's common stock except in limited circumstances as approved by the Board.

The Board intends to propose at the upcoming annual meeting of shareholders amendments to the Company's articles and bylaws to reduce the supermajority requirement (66-2/3% of the shares outstanding) to amend certain provisions to a majority of shares outstanding.

The Board intends to propose at the upcoming annual meeting of shareholders an amendment to the Company's articles and bylaws to reduce the percentage of shares required to call a special meeting from 33% to 20%.

The Board has approved amending the Company's bylaws to implement a majority voting standard for uncontested elections of directors.

In addition to these updates to the Company's corporate governance and articles and bylaws, the Board added two new independent directors in 2015 and separated the roles of Chairman of the Board and Chief Executive Officer with Bruce F. Simberg's return to the Board. The Board believes that these steps are all significant steps forward as the Company continues its growth.

Leadership Structure and Risk Oversight

The Chairman of the Board typically presides at all meetings of the Board. The Chairman is elected to serve by the directors. During 2015, Michael H. Braun, our Chief Executive Officer and President, served as our Chairman, and Richard W. Wilcox Jr., an independent member of the Board since 2003, served as the Board's Lead Independent Director. Bruce F. Simberg rejoined the Board in January 2016 and has resumed his role as Chairman. Mr. Wilcox as Lead Director, will continue to work with Mr. Simberg to ensure that the independent members of the Board continue to have effective and current communications among themselves and with the Company's management. The responsibilities of the Company's Chairman of the Board are: (i) presiding at all meetings of the Board (with the Lead Director presiding at meetings where the Chairman is not present), including presiding at executive sessions of the board (without management present) at every regularly scheduled board meeting, (ii) serving as a liaison between management and the independent directors, (iii) providing input regarding meeting agendas, time schedules and other information provided to the Board, and (iv) being available for direct communication and consultation with major shareholders, as appropriate, upon request. Our Chairman also has the authority to call meetings of the independent directors. The Chief Executive Officer and Chief Financial Officer currently serve as the only members of management on the Board.

The Company believes that its Board as a whole should encompass a range of talent, skill, diversity, and expertise enabling it to provide sound guidance with respect to the Company's operations and interests. The Company's policy is to have at least a majority of Directors qualify as independent as defined by the listing and maintenance rules of The Nasdaq Stock Market (the "Nasdaq Rules"). The Nominating Committee identifies candidates for election to the Board of Directors; reviews their skills, characteristics and experience; and recommends nominees for director to the Board for approval. The Nominating Committee's Charter provides that the Board of Directors as a whole should be diverse

and consist of individuals with various and relevant career experience, relevant technical skills, industry knowledge and experience, financial expertise and local or community ties. Minimum individual requirements include strength of character, mature judgment, familiarity with the Company's business and industry, independence of thought and an ability to work collegially. The Board believes that the qualifications of the directors, as set forth in their biographies above provide them with the qualifications and skills to serve as a director of our Company.

Table of Contents

To facilitate the Board's oversight functions and to take advantage of the knowledge and experience of its members, the Board has created several standing committees. These committees, the Audit, Investment, Nominating, Compensation and Directors Compensation Committees, allow regular risk oversight and monitoring, and deeper analysis of issues before the Board. The Audit and Compensation committee structures also require committees to be comprised exclusively of independent directors. The membership of the standing committees is reviewed from time to time, and specific committee assignments are proposed and appointed by the Board. In addition, among their other respective duties, the Board and Audit Committee each conduct an annual assessment to evaluate their effectiveness.

The Board's role in connection with risk oversight is to oversee and monitor the management of risk practiced by the Company's management in the performance of their duties. The Board does this in a number of ways, principally through the oversight responsibility of committees of the Board, but also as part of the strategic planning process. For example, our Audit Committee oversees management of risks related to accounting, auditing and financial reporting and maintaining effective internal controls over financial reporting. Our Nominating Committee oversees risk associated with corporate governance and the Company's code of conduct, including compliance with listing standards for independent directors and conflicts of interest. Our Compensation Committee oversees the risk related to our executive compensation plans and arrangements. Our Investment Committee oversees the risks related to managing our investment portfolio. Our Directors Compensation Committee has been responsible for reviewing and recommending our non-employee director compensation plans and arrangements. The full Board receives reports on a regular basis regarding each committee's oversight from the chairperson of each committee when reporting on their committee's actions at regular Board meetings, as well as overseeing the development and implementation of strategic initiatives.

Meetings and Committees of the Board of Directors

During 2015, the Board of Directors held eight regular meetings, seven special meetings and took actions by written consent on three occasions. During 2015, no director attended fewer than 75% of the Board and committee meetings held during this period. The Board of Directors encourages, but does not require, its directors to attend the Company's annual meeting. Last year, the five directors that constituted the entire Board at the time attended our annual meeting.

The Board has determined that the following directors continue to be independent pursuant to the Nasdaq Rules applicable to the Company: Bruce F. Simberg, Carl Dorf, Richard W. Wilcox Jr., Jenifer G. Kimbrough, William G. Stewart and Thomas A. Rogers.

The standing committees of the Board of Directors in 2015 were the Audit Committee, the Compensation Committee, the Nominating Committee, the Investment Committee, and the Directors Compensation Committee. Charters for the Audit, Compensation and Nominating Committees are available upon the Company's website at www.FedNat.com. The charters of the Audit, Compensation and Nominating Committees are also available in print to any shareholder upon request from our Corporate Secretary.

Audit Committee. As of December 31, 2015, the Audit Committee was composed of Jenifer G. Kimbrough, who served as the Chair, Richard W. Wilcox Jr. and Carl Dorf. Each member was determined to be "independent" as defined under the Nasdaq Rules applicable to the Company and SEC rules for Audit Committee membership. Ms. Kimbrough was designated as a "financial expert" as that term is defined in the applicable rules and regulations of the Exchange Act. The Board determined that Ms. Kimbrough was a "financial expert" as defined in the applicable rules and regulations of the Exchange Act based on her understanding of GAAP and financial statements; her ability to assess the general application of GAAP in connection with the accounting for estimates, accruals and reserves; her experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Company's financial statements, or experience actively supervising one or more persons engaged in such activities; her understanding of internal controls and procedures for financial reporting;

and her understanding of audit committee functions. The Audit Committee held five regular meetings in fiscal 2015 and four special meetings.

5

Table of Contents

Pursuant to its written charter, the duties and responsibilities of the Audit Committee include, but are not limited to, (a) the appointment of the independent certified public accountants and any termination of such engagement, (b) reviewing the plan and scope of independent audits, (c) reviewing significant accounting and reporting policies and operating controls, (d) having general responsibility for all related auditing and financial statement matters, and (e) reporting its recommendations and findings to the full Board of Directors. The Audit Committee pre-approves all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed by the independent accountants, subject to the de minimus exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act that are approved by the Audit Committee prior to the completion of the audit.

To ensure prompt handling of unexpected matters, the Audit Committee delegates to the Chair the authority to amend or modify the list of approved permissible non-audit services and fees. The Chair will report action taken to the Audit Committee at the next committee meeting. The Chief Financial Officer is responsible for tracking all independent auditor fees against the budget for such services and reports at least annually to the Audit Committee.

Compensation Committee. As of December 31, 2015, the Company's Compensation Committee was composed of Jenifer G. Kimbrough and Richard W. Wilcox Jr. Each member is independent as defined by the Nasdaq Rules. The Compensation Committee performs the duties and responsibilities pursuant to its charter, which includes reviewing and approving the compensation of the Company's executive officers. Mr. Wilcox serves as the Chairman. During fiscal 2015, the Compensation Committee held two regular meetings.

For the 2015 fiscal year, the Compensation Committee engaged the independent executive compensation consulting firm of Meridian Compensation Partners, LLC ("Meridian") to review the structure and competitiveness of the Company's executive and director compensation for 2015. Meridian provides no other services to the Company other than those directly to the Compensation Committee relating to executive and director compensation. Meridian attends meetings of the Compensation Committee at the request of the committee, meets with the Compensation Committee in executive sessions without the presence of management, and communicates with the Chairman of the Compensation Committee with respect to emerging issues.

The Compensation Committee Chairman and certain Company officials furnished Meridian with information concerning the compensation of its executives and copies of their employment contracts. After review, Meridian provided the Compensation Committee with a detailed report concerning its current and future executive compensation program along with observations of comparable companies. The Compensation Committee met with a representative of Meridian to review and discuss their findings and recommendations. The Compensation Committee may use the services of Meridian or other comparable companies in the future to assist it in providing a fair and competitive compensation plan for its executives.

Nominating Committee. As of December 31, 2015, the Company's Nominating Committee was composed of Jenifer G. Kimbrough, Carl Dorf, and Richard W. Wilcox Jr. Each member is independent as defined by the Nasdaq Rules.

The Nominating Committee will consider candidates for director who are recommended by its members, by other Board members and by management of the Company and who have the experience and skill set best suited to benefit the Company and its shareholders. The Nominating Committee will consider nominees recommended by our shareholders if the shareholder submits the nomination in compliance with the advance notice, information and other requirements described in our bylaws and applicable securities laws. The Nominating Committee evaluates director candidates recommended by shareholders in the same way that it evaluates candidates recommended by its members, other members of the Board, or other persons.

It is the Board's policy to identify qualified potential candidates without regard to any candidate's race, color, disability, gender, national origin, religion or creed. In recommending proposed nominees to the full Board, the Nominating Committee is charged with building and maintaining a Board that has an ideal mix of talent and experience to achieve

the Company's business objectives. In particular, the Nominating Committee considers all aspects of a candidate's qualifications in the context of the needs of the Company at that point in time with a view to creating a Board with a diversity of experience and perspectives. Among the qualifications, qualities and skills of a candidate considered important by the Nominating Committee is a person with strength of character, mature judgment, familiarity with the Company's business and industry, independence of thought and an ability to work collegially.

Table of Contents

Shareholders who wish to recommend nominees to the Nominating Committee should submit their recommendation in writing to the Secretary of the Company at its executive offices pursuant to the requirements contained in Article III, Section 13 of the Company's Bylaws. This section provides that the notice shall include: (a) as to each person who the shareholder proposed to nominate for election, (i) name, age, business address and residence address of the person, (ii) the principal occupation or employment of the person, (iii) the class and number of shares of capital stock of the Company which are beneficially owned by the person, (iv) the consent of each nominee to serve as a director of the Company if so elected and (v) any other information relating to the person that is required to be disclosed in solicitation for proxies for the election of directors pursuant to Rule 14A under the Exchange Act; and (b) as to the shareholder giving the notice, the name and record address of the shareholder, and (ii) the class and number of shares of capital stock of the Company which are beneficially owned by the shareholder. The Company may require any proposed nominee to furnish such other information as may reasonably be required by the Company to determine the eligibility of such proposed nominee to serve as a director of the Company. To be timely, a shareholder's notice shall be delivered to or mailed and received at the Company's principal executive offices not less than 60 days nor more than 90 days prior to the meeting. If we give less than 70 days' notice or prior public disclosure of the date of the meeting date, however, notice by the shareholder to be timely must be so received not later than the close of business on the tenth day following either the date we publicly announce the date of our annual meeting or the date of mailing of the notice of the meeting, whichever first occurs.

Investment Committee. As of December 31, 2015, the Company's Investment Committee was composed of Peter J. Prygelski III, Carl Dorf, and William G. Stewart. The Investment Committee manages our investment portfolio pursuant to its adopted Investment Policy Statement. Mr. Dorf serves as the Chairman. During fiscal 2014, the Investment Committee held four regular meetings and took action by written consent on one occasion.

Directors Compensation Committee. As of December 31, 2015, the Company's Directors Compensation Committee was composed of Michael H. Braun, Richard W. Wilcox Jr. and Jenifer G. Kimbrough. During fiscal 2015, the Directors Compensation Committee held three regular meetings and Mr. Wilcox served as the Chairman. In March 2016, the Board determined to transfer the responsibilities of this committee to the Board's Compensation Committee.

Mr. Rogers will serve as the Chairman.

Code of Conduct

We have adopted a Code of Conduct for all employees, officers and directors of the Company. A copy of our Code of Conduct is available on our web site at FedNat.com.

Section 16(a) of the Exchange Act requires that our executive officers, directors, and persons who own more than 10% of a registered class of our equity securities to file reports of beneficial ownership and certain changes in beneficial ownership with the SEC and to furnish us with copies of those reports. To our knowledge, based solely on a review of the copies of such reports furnished to us or written representations that no other reports were required, we believe that during the year ended December 31, 2015, our officers, directors and greater than 10% shareholders timely filed all reports required by Section 16(a), except for the Form 3 filed by Thomas A. Rogers on the 14th day following his appointment to the Board of Directors due to delayed receipt of his filing codes from the SEC.

Philosophy of the Company's Executive Compensation Programs

The Compensation Committee of the Board is responsible for establishing, implementing and monitoring adherence to the Company's compensation philosophy and oversees our compensation programs for our Named Executive Officers. With respect to executive compensation, the Compensation Committee's primary goals are to retain the most qualified, knowledgeable, dedicated and seasoned executives possible; provide challenging but attainable goals by which to measure performance; reward them for their contributions to the development of the Company's business; and align the executives' compensation and incentives with the Company's performance and the interests of our shareholders. The Compensation Committee also endeavors, while compensating our Named Executive Officers for their performance, to structure the Company's compensation programs so as to not encourage unnecessary or excessive risk-taking. The Compensation Committee believes that crafting incentives so as to not encourage unnecessary or excessive risk taking is especially important in the homeowners' insurance industry in the Company's home state of Florida.

The Company's 2015 Performance

The Company's financial results were strong for 2015, reflecting achievement of important Company goals and resulting in increased shareholder value:

- 32.9% increase in Florida homeowners' policies to approximately 243,000 and a 41% increase in our market share;
- 30.9% increase in gross written premiums to \$493.8 million;
- 24.5% increase in total revenues to \$249.9 million;
- 13.8% increase in pre-tax net income to \$65.2 million;
- 9.9% increase in net income attributable to the Company's shareholders to \$40.9 million;
- 28.6% increase in book value per share, including non-controlling interest, to \$18.17;

· Operating expenses as a percentage of total revenue, excluding start-up costs relating to the organization of Monarch National Insurance Company ("Monarch"), remaining flat even with the Company's growth;

- Continued development of our partnerships to expand the policies we write, including our agreement with Allstate;
- Completion of Monarch's organization and its approval to begin writing homeowners' insurance in Florida; and
- Increases in the Company's dividend from \$0.04 per share to \$0.05 per share beginning December 1, 2015, with a further increase to \$0.06 per share beginning June 1, 2016.

These 2015 accomplishments followed another extremely successful year in 2014, in which the Company achieved a 57% increase in Florida homeowners' policy count to 182,557, a 55% increase in gross written premiums to \$377.2 million, a 192% increase in net income to \$37.2 million, and a 42% increase in book value per share to \$14.13.

Therefore, in reviewing our Named Executive Officers' compensation and incentive programs for 2015, the Compensation Committee considered the Company's significant achievements in 2015, which continued the positive trends in 2014. The Compensation Committee also took into account the Named Executive Officer's contributions to

these achievements, his role in the Company's goals and plans for 2016, his experience and knowledge, and his tenure with the Company. The Compensation Committee believes that the objectives of the Company's compensation programs were met and that the Company's compensation programs appropriately compensated our Named Executive Officers for their performance in 2015.

Changes Since Our Last Advisory Vote on Compensation

Our last advisory shareholder vote on executive compensation occurred in 2013, at which time our shareholders approved our say-on-pay proposal by the affirmative vote of 69% of the shares voted on the proposal. The Company has grown significantly, both in revenues and market capitalization, since that advisory vote. The Compensation Committee has also received additional feedback and guidance from shareholders and others regarding the Company's executive compensation practices. With that feedback and guidance in mind, and being cognizant that the Company has grown substantially in recent years, the Compensation Committee has undertaken a comprehensive review of our executive compensation program. The following actions have been taken as a result of that comprehensive review:

The Compensation Committee has approved a new formulaic structure for evaluating our Named Executive Officers' annual performance beginning in 2016. Payouts will be based on the following: pre-tax income (45% weight), return on equity (45% weight), and executive-specific goals (10%). The pre-tax income and return on equity components have specified performance levels that will result in threshold, target and maximum payouts.

The Compensation Committee has approved, including in our Named Executive Officers' long-term incentive program, future performance vesting for 25% of the equity portion of their awards that will be granted for 2016 performance. This is a change from our prior approach which has used only time-based vesting for awards.

The Board approved a clawback policy pursuant to which the Company will have the right to recover cash or equity incentive-based compensation granted to our Named Executive Officers during the preceding three fiscal years should our financial statements require restatement as a result of knowing violation of SEC rules and regulations, U.S. generally accepted accounting principles, other applicable legal or regulatory requirements, or Company policy by a Named Executive Officer.

The Board approved stock ownership and retention guidelines, pursuant to which our Chief Executive Officer is required to hold shares of the Company's common stock with a value of at least six times his annual salary rate, and our Chief Financial Officer is required to hold shares with a value of at least three times his annual salary rate. The guidelines further provide that the Named Executive Officers should achieve the guideline amounts within five years of the policy's adoption and, until the guideline amounts are achieved, the Named Executive Officers must retain 66-2/3% of any shares received as equity grants from the Company, net of shares withheld or sold to pay taxes. The Board also prohibited hedging the Company's common stock and prohibited pledging the Company's common stock except in limited circumstances as approved by the Board.

The total compensation packages of our Named Executive Officers have been reconfigured so as to avoid the need for one-time awards to remain in line with the Company's peer group.

The Board has approved increasing the frequency of the advisory shareholder vote on executive compensation to annually.

Evaluation Process and Update of Peer Group

The Compensation Committee conducts an annual benchmark review of the aggregate level of our executive compensation, as well as the mix of elements used to compensate our Named Executive Officers. This review is based on a survey of executive compensation paid by various comparable publicly traded property and casualty insurance companies as reported in each company's proxy statement. For 2015, our direct peer group encompassed publicly traded companies that compete with us in the Florida homeowners' insurance market: Heritage Insurance Holdings, Inc. (NYSE: HRTG), HCI Group, Inc. (NYSE: HCI), United Insurance Holdings Corp. (NASDAQ: UIHC) and Universal Insurance Holdings, Inc. (NYSE: UVE). The Compensation Committee also reviewed survey data reflecting both insurance industry and general industry pay practices.

For the 2015 fiscal year, the Compensation Committee engaged Meridian, an independent executive compensation consulting firm, to review the structure and competitiveness of the Company's executive and director compensation for 2015. Meridian provides no other services to the Company other than those directly to the Compensation Committee relating to executive and director compensation. Meridian attends meetings of the Compensation Committee at the request of the committee, meets with the Compensation Committee in executive sessions without the presence of management, and communicates with the Chairman of the Compensation Committee with respect to emerging issues.

We also consider the industry knowledge and experience of our committee members to be an important component of our compensation review process. Our committee members each have substantial management experience in running businesses in the insurance, financial services and legal services industries, many of which have substantial management teams. As a result, their personal experience extends to developing and implementing management compensation and incentive programs, enabling our committee members to use that experience when reviewing the Company's executive compensation programs and working with Meridian to make appropriate updates.

Meridian was provided with information about our Named Executive Officers' historical compensation and the Company's financial results, and was provided copies of their employment agreements. Meridian then delivered to the Compensation Committee a detailed report comparing the Company's current executive compensation program to those comparable companies, together with recommendations for future updates. The Compensation Committee, on multiple occasions, met with or spoke with a representative of Meridian to review and discuss Meridian's findings and recommendations. The updates to our executive compensation programs described below reflect, to a significant degree, the adoption of Meridian's recommendations by the Compensation Committee and the Board. The Compensation Committee may use the services of Meridian or other comparable companies in the future to assist it in providing a fair and competitive compensation plan for its executives.

During 2015, with the assistance of Meridian, the Compensation Committee also updated the peer group used for comparison purposes when analyzing the Company's executive compensation programs. In addition to the four insurance companies listed above, which the Company considers its direct peer group, the Company included the following companies in its peer group for benchmarking purposes:

- Safety Insurance Group Inc. (NASDAQ: SAFT)
- Donegal Group Inc. (NASDAQ: DGICA)
- Greenlight Capital Re Ltd. (NASDAQ: GLRE)
- Third Point Reinsurance Ltd. (NYSE: TPRE)
- Hallmark Financial Services (NASDAQ: HALL)
- First Acceptance Corp. (NYSE: FAC)
- Atlas Financial Holdings Inc. (NASDAQ: AFH)
- RLI Corp. (NYSE: RLI)
- EMC Insurance Group Inc. (NASDAQ: EMCI)
- Baldwin & Lyons (NASDAQ: BWINB)

– Atlantic American Corp. (NASDAQ: AAME)

These additional peers were included to provide the Compensation Committee with a broader perspective of compensation practices among relevant insurance companies. The committee assessed the competitiveness of our compensation program in comparison to the entire peer group, as well as the subset of our direct peers who are competitors in the Florida homeowners' insurance market.

Elements of Compensation

The Compensation Committee has been committed to updating the Company's executive compensation programs to reflect the Company's growth and the evolution of best practices. In that regard, the committee has approved updates to the Company's compensation practices, as described above. For 2015, the Company's executive compensation programs for its Named Executive Officers consisted of elements described below.

Base Salary. The Compensation Committee annually reviews the base salaries of the Named Executive Officers, which were established initially in their respective employment agreements. Subsequent increases in their base salaries have been approved by the Compensation Committee after consideration of a number of factors, which include each Named Executive Officer's level of responsibility, performance during the prior fiscal year (with respect to specific areas of responsibility and on an overall basis), past and present contributions to and achievement of Company goals, historical compensation levels of the Named Executive Officer, and the Company's financial condition and results of operations. The Compensation Committee also considers the median base salary levels for executives in similar positions with similar responsibilities at companies of comparable size in the insurance and financial services industries when reviewing our Named Executive Officers' base salaries. That review indicated that Mr. Braun's base salary has been below the median for the Company's peer group and lowest among our direct peer group, and Mr. Prygelski's salary has been below the median of our peer group.

The Compensation Committee reviewed the compensation analysis report prepared by Meridian and, based on the factors described above, the Compensation Committee approved increases for fiscal 2015 to Mr. Braun's base salary to \$600,000 and to Mr. Prygelski's base salary to \$325,000.

Incentive Compensation Programs. The Company's incentive programs comprise an annual bonus component and a long-term incentive component.

Consistent with the philosophy of compensating our Named Executive Officers for the Company's achievements for the prior year and their roles in those achievements, the Compensation Committee determined to award annual performance bonuses to our Named Executive Officers for fiscal 2015. These annual bonuses may be paid either in cash or restricted shares, or a combination of both, at the election of the Named Executive Officer. Any restricted shares issued are subject to vesting one year following the date of the award.

In conjunction with the annual bonuses, the Compensation Committee makes use of long-term incentive bonuses. We believe that long-term performance is achieved through a culture that encourages a focus on the achievement of long-term goals by our management team, including our Named Executive Officers, by the use of long-term equity-based awards. Our equity plans have been established to provide certain of our employees, including our Named Executive Officers, with incentives to help align those employees' interests with the interests of our shareholders, without encouraging unnecessary or excessive risk. The Compensation Committee believes that the use of equity-based awards with longer vesting periods, typically five years, offers an additional method to achieving our compensation goals. Our stock incentive plans have historically provided the principal means by which our executive officers acquire equity in the Company. We expect to continue to provide a portion of total compensation to our Named Executive Officers through our stock incentive plan. To date, the Compensation Committee has made awards subject only to time vesting; beginning in the 2016 fiscal year, the Compensation Committee has approved the use of future performance vesting for 25% of the Named Executive Officers' long-term equity awards.

In early 2015, the Compensation Committee established incentive opportunities for our Named Executive Officers. For Mr. Braun, both the annual and long-term incentive targets were set at 100% of his salary. For Mr. Prygelski, the annual incentive target was set at 75% of salary and the long-term incentive target was set at 37.5% of salary. (The bonuses based on these targets are referred to as the "Target Bonuses.") Both the annual and long-term incentive targets could pay up to 200% of target for extraordinary performance (the "Extraordinary Bonuses").

Table of Contents

The Compensation Committee determined that the 2015 incentives would be based on a combination of pre-tax net income, return on equity, operating expenses as a percentage of total revenue, and a discretionary assessment of the Company's and the Named Executive Officer's performance. The committee established "target" and "extraordinary" performance goals for each financial measure, but retained discretion to determine the final payout. When crafting these performance goals, the Compensation Committee aimed for target-level goals that would be challenging but reasonably attainable if the Company remained on budget and no weather events occurred other than as projected. The extraordinary-level goals were intended to reward Company achievements significantly above expectations for the year.

For the annual and long-term Target Bonuses, the performance goals and weighting of each goal towards the total bonus amounts were: pre-tax net income (excluding investment gains and losses) of \$63.4 million (25% weight), return on equity (excluding investment gains and losses) of 15% (25% weight) and operating expenses as a percentage of total revenue of 38% (25% weight).

For the annual and long-term Extraordinary Bonuses, the performance goals and weighting of each goal towards the total bonus amounts were: pre-tax net income (excluding investment gains and losses) of \$69.7 million (25% weight), return on equity (excluding investment gains and losses) of 25% (25% weight) and operating expenses as a percentage of total revenue of 32% (25% weight).

For 2015, the Company achieved pre-tax net income (excluding investment gains and losses) of \$62.3 million, slightly below the Target Bonus goal; return on equity (excluding investment gains and losses) of 18.4%, well above the Target Bonus goal and slightly below the Extraordinary Bonus goal; and operating expenses as a percentage of total revenue of 31.6%, which was better than both the Target Bonus and Extraordinary Bonus goals.

The Compensation Committee retained discretion as to 25% of the annual and long-term bonus amounts. The factors that the Compensation Committee considered when determining the discretionary portion of the bonuses included how closely or not the bonus goals were met, an assessment of the Named Executive Officer's performance for the year, and the Company's overall accomplishments for the year. The committee noted that the Company's net income for 2015 had been impacted by one-time expenses associated with the successful resolution of the consent order with the Florida Office of Insurance Regulation. In addition, the committee determined that the achievements of the Named Executive Officers throughout the year, particularly their efforts in building the infrastructure needed to continue the Company's growth while also taking steps to address emerging issues in the Florida homeowners' insurance market such as increased abuses with assignments of benefits, were significant.

Based on the above accomplishments, which the Compensation Committee believes represent overall extraordinary performance by the Named Executive Officers, the Compensation Committee determined to award Mr. Braun's and Mr. Prygelski's annual and long-term incentive bonuses at the Extraordinary Bonus levels.

For fiscal 2015, Mr. Braun was awarded an annual bonus of \$1,200,000, and Mr. Prygelski was awarded an annual bonus of \$487,500. Each elected to receive payment of this bonus, which was paid in 2016, in cash.

For fiscal 2015, Mr. Braun was awarded a long-term incentive bonus of \$1,200,000, of which \$600,000 was paid in shares of restricted stock and \$600,000 was paid in cash to permit Mr. Braun to avoid selling shares to pay taxes resulting from the vesting of prior awards. Historically, Mr. Braun has elected to receive the vast majority of incentive compensation in restricted stock with additional vesting requirements. The Committee elected to pay a higher percentage of his incentives in cash for 2015 to allow Mr. Braun to pay taxes resulting from these historical awards without needing to sell shares. Mr. Prygelski was awarded a long-term incentive bonus of \$243,740 paid in shares of restricted stock. In each case, the shares of restricted stock awarded were granted in early 2016 and are subject to vesting over a five-year period from the date of the grant.

Our 2012 Stock Incentive Plan, which was adopted by the Board of Directors and approved by our shareholders in 2012, authorizes us to grant a variety of equity incentive awards, such as incentive stock options, non-qualified stock options, stock appreciation rights, dividend equivalent rights, restricted stock, restricted stock units, and performance shares to officers, directors and executive, managerial, administrative and professional employees of the Company and its subsidiaries. Awards may be granted singly, in combination, or in tandem. Our Compensation Committee is the administrator of the equity plans. The Compensation Committee reviews and approves equity awards to executive officers based upon a review of competitive compensation data, its assessment of individual performance, and retention considerations, as well as a review of the individual's existing share and option holdings. Equity grants have been made at the discretion of the Compensation Committee and/or executive management members, who have been granted limited authority by the Compensation Committee. To date, only restricted stock has been granted under the 2012 Stock Incentive Plan.

Table of Contents

Update of Compensation Programs for 2016. Reflecting the feedback and guidance received from shareholders, and also acknowledging the Company's significant growth since the last advisory shareholder vote on executive compensation, the Compensation Committee has approved certain updates to the Company's executive compensation programs for 2016 and later.

A review of current median base salary levels for executives in similar positions at companies of comparable size in the insurance and financial services industries indicated that Mr. Braun's base salary remained below the median for the Company's peer group and the lowest of the direct peers. Therefore, effective January 1, 2016, Mr. Braun's annual base salary was increased to \$1,000,000 and Mr. Prygelski's annual base salary remained \$325,000, reflecting this most recent review and consideration of the factors described above under the caption "—Base Salary." In recognition of the increased base salary, the Compensation Committee reduced the target percentage of salary for Mr. Braun's incentive opportunities.

The Compensation Committee approved an incentive bonus structure for our Named Executive Officers whereby all bonuses awarded will be paid 50% in cash and 50% in the Company's common stock. This allocation between cash and equity is intended to provide an appropriate balance between immediate rewards for past performance and longer-term rewards based, in part, on forward-looking performance.

Of the equity portion, 75% will time vest over five years and 25% will be granted with performance vesting criteria that will be evaluated over three years. The future performance targets for the performance-based awards will be finalized at the time the incentive amounts are determined.

The Named Executive Officers will have the option of electing to be paid in fully vested shares in lieu of the cash portion of the performance bonuses.

The formula for the initial determination of the performance bonus amounts will be based on the following criteria: pre-tax income (45% weight), return on equity (45% weight), and executive-specific goals (10% weight). Bonuses will still be based on a percentage of each Named Executive Officer's base salary.

The executive-specific goals for Mr. Braun include increasing the Company's market share in Florida, expanding the Company's marketing relationships, and expanding the Company's product lines. The executive-specific goals for Mr. Prygelski include satisfactory internal and external audit results, expense control, and satisfactory management of the Company's investment portfolio.

This update of the Named Executive Officers' total compensation packages of our Named Executive Officers is also intended to avoid the need for one-time awards to remain in line with the Company's peer group, which has occurred in the past because of the Company's historically low executive compensation levels relative to its peers.

Other Employee Benefit Plans. Our employees, including our Named Executive Officers, are entitled to various employee benefits. These benefits include medical and dental care plans; flexible benefit accounts; life, accidental death and dismemberment and disability insurance; a 401(k) plan; and paid vacation.

Under our 401(k) plan, the Company matches 100% of the first 6% of participant elective contributions. For fiscal 2015, the Board of Directors approved a discretionary profit sharing contribution in the amount of 1% of each eligible employee's 2015 annual taxable compensation (excluding restricted stock vesting and stock option exercises), into the employee's account with the Company's 401(k) plan on a pretax basis. The maximum discretionary profit sharing contribution is \$4,115 for any employee with wages in excess of \$265,000. The amount allocated to each employee will vest over a five-year period from the date of hire. Employees who were eligible for this grant were employees who were eligible to participate in the Company's 401(k) plan and employed with the Company as of December 31, 2015 and worked at least 1,000 hours during the 2015 calendar year, and included both of our Named Executive

Officers. The Board of Directors currently intends to review the Company's financial results annually to determine whether to approve a discretionary profit sharing contribution in any future years.

Other Compensation. At the present time, we do not offer pension benefits or, except as described above, other forms of deferred compensation plans. The Compensation Committee periodically reviews the overall employment packages and benefits offered to the Company's Name Executive Officers. Consistent with the Company's compensation philosophy, the Compensation Committee believes these benefits and perquisites are currently set at competitive levels for comparable companies, requiring no further changes at this time. The Compensation Committee may, however, at its discretion, modify or increase the Named Executive Officers' executive benefits and perquisites, if it deems it appropriate or advisable.

Clawback Policy. In April 2016, the Board adopted a clawback policy applicable to our Named Executive Officers and other current or former executive officers of the Company. Pursuant to this policy, the Company will have the right, in appropriate circumstances as determined by the Board in its sole discretion, to seek to recover all or any part of the cash or equity incentive-based compensation granted to our Named Executive Officers or such other executive officers during the three fiscal years preceding the date on which the Company is required to prepare an accounting restatement to correct a material error, if the restatement is required because of a knowing violation of SEC rules and regulations, U.S. generally accepted accounting principles, other applicable legal or regulatory requirements, or Company policy by a Named Executive Officer or such other executive officer. Incentive-based compensation subject to the policy includes any cash or equity compensation granted, earned or vested based wholly or in part on the attainment of a financial reporting measure. Financial reporting measures include measures that are based on accounting principles used in preparing the Company's financial statements, measures that are derived from information in the Company's financial statements, and stock price and total shareholder return. The Board will have the discretion to forgo such recovery if it determines that seeking such recovery would be unreasonable or not in the Company's best interests.

Stock Ownership and Retention Guidelines. The Board also approved in April 2016 stock ownership guidelines applicable to our Named Executive Officers. Under these guidelines, our Chief Executive Officer is required to hold shares of the Company's common stock with a value of at least six times his annual salary rate, and our Chief Financial Officer is required to hold shares with a value of at least three times his annual salary rate. The guidelines further provide that the Named Executive Officers should achieve the guideline amounts within five years of becoming subject to the policy and, until the guideline amounts are achieved, the Named Executive Officers must retain 66-2/3% of any shares received as equity grants from the Company, net of shares withheld or sold to pay taxes. The Board also prohibited hedging the Company's common stock and prohibited pledging the Company's common stock except in limited circumstances as approved by the Board. As of the date of this Report, both of our Named Executive Officers are in compliance with this policy.

Tax Considerations. Under Section 162(m) of the Internal Revenue Code of 1986, as amended, the federal income tax deductibility of compensation paid to our Named Executive Officers may be limited to the extent that compensation to a Named Executive Officer exceeds \$1.0 million in any year. The Company can deduct compensation in excess of that amount if it qualifies as "performance-based compensation" under Section 162(m). Among other things, compensation qualifies as performance-based for purposes of Section 162(m) if the compensation is approved by shareholders or awarded under a plan approved by shareholders. Although the Compensation Committee considers the desirability of limiting our non-deductible expenses when it makes compensation decisions, the committee believes in maintaining the flexibility and competitive effectiveness of the executive compensation program. Tax deductibility, while an important consideration, is analyzed as one component of the overall program.

Employment Agreements

Michael H. Braun. We entered into a second amended and restated employment agreement with Michael H. Braun, the Company's Chief Executive Officer and President, effective as of January 18, 2012, which amends and restates Mr. Braun's prior employment agreement. In connection with the organization of Monarch National Insurance Company ("Monarch Insurance"), the Company's Board of Directors approved a further amendment to his employment agreement to extend the term of his employment agreement to four years from the date of the amendment with automatic extensions so that at all times the balance of the term is not less than two years unless sooner terminated as provided in the employment agreement. Under his agreement, Mr. Braun's annual salary, which may be increased at any time during the term of the agreement, was increased to \$1,000,000 effective January 1, 2016. His agreement also provides for a \$500 monthly car allowance. Mr. Braun is also entitled to receive such bonuses and increases as may be awarded by the Board of Directors. It also contains customary confidentiality and non-solicitation provisions.

Peter J. Prygelski III. We entered into a second amended and restated employment agreement with Peter J. Prygelski III, the Company's Chief Financial Officer and Treasurer, effective as of January 18, 2012, which amended and restated Mr. Prygelski's prior employment agreement. Under his agreement, Mr. Prygelski's annual salary, which may be increased at any time during the term of the agreement, is \$325,000 effective January 1, 2016. The agreement is for a term of two years, which term shall automatically be extended so that at all times the balance of the term shall not be less than two years unless sooner terminated as provided in the second amended and restated employment agreement. Mr. Prygelski is also entitled to receive such bonuses and increases as may be awarded by the Board of Directors. It also contains customary confidentiality and non-solicitation provisions.

Mr. Braun and Mr. Prygelski are each entitled to receive certain payments upon the termination of employment under certain circumstances as set forth in their respective agreements. If the executive's employment is terminated by us without Cause (as defined in the respective agreements), we must make a lump sum payment to the executive equal to two years' base salary (the "Termination Severance"). In addition, all unvested stock options and any other equity awards held by him will become vested.

If Mr. Braun's or Mr. Prygelski's employment with us is terminated for Cause or as a result of his death or disability, he will be entitled to his base salary prorated through the date of the termination and any benefits due him as may be provided under the applicable plan, program or arrangement.

The agreements also provide for payments to the executives if employed by us on the date on which a Change of Control occurs. Under the agreements, a "Change of Control" will be deemed to have occurred if: (i) any person, including a "group" as defined in Section 13(d)(3) of the Exchange Act, becomes the owner or beneficial owner of our securities having 50% (which was increased from 30% in the agreements in effect during 2011) or more of the combined voting power of our then-outstanding securities that may be voted for the election of our directors (other than as a result of an issuance of securities initiated by us, or open market purchases approved by our Board, as long as the majority of the Board approving the purchases is the majority at the time the purchases are made), or (ii) the persons who were our directors before such transactions shall cease to constitute a majority of our Board, or any successor to us, as the direct or indirect result of or in connection with, any cash tender or exchange offer, merger or other business combination, sale of assets or contested election, or any combination of the foregoing transactions. If, following a Change in Control, Mr. Braun's or Mr. Prygelski's employment is terminated by us (or any successor or subsidiary) without Cause or by the executive for Good Reason (as defined in the respective agreements), we will make a lump sum payment to the executive in an amount equal to two times the sum of his base salary in effect immediately prior to the Change of Control plus his actual bonus for the fiscal year immediately preceding the Change of Control (the "Change of Control Severance"). Additionally, all unvested stock options and any other equity awards held by him will become vested and the Company will continue to provide Messrs. Braun and Prygelski (and their families) with medical insurance for a period of two years after the date of such termination of employment at no cost and on the same terms and conditions as in effect on the date on which such termination of employment occurs.

If either Mr. Braun or Mr. Prygelski is terminated by us without Cause prior to a Change of Control, and a Change of Control occurs within six months following such termination, then in addition to the Termination Severance described above, the executive will be entitled to an additional lump sum payment in an amount equal to (i) the Change of Control Severance, less (ii) the Termination Severance.

As a condition to Mr. Braun's and Mr. Prygelski's entitlement to receive the base salary amounts and equity award acceleration referenced above, each is bound by the terms of an agreement that sets forth certain restrictive covenants. Pursuant to the non-competition provisions of these agreements, as amended, each are prohibited from working in the insurance industry in any territories where the Company has been doing business for a period of two years from the date on which he terminates employment with the Company for any reason (other than without cause). For a period of two years after his employment is terminated, he is also prohibited from soliciting, for himself or for any third person, any employees or former employees of the Company, unless the employees have not been employed by the Company for a period in excess of six months, and from disclosing any confidential information that he learned about the Company during his employment. In connection with the organization of Monarch Insurance, the Company's Board of Directors approved amendments dated March 17, 2015 to the Amended and Restated Non-Competition, Non-Disclosure and Non-Solicitation Agreements dated as of August 5, 2013 with each of Mr. Braun and Mr. Prygelski (each, a "Restrictive Covenant Agreement") to permit each of them to hold their respective positions with Monarch Insurance and its parent companies (the "Monarch Entities") while remaining employed by the Company. Mr. Braun's Restrictive Covenant Agreement was further amended to permit him to continue to hold his positions with the Monarch Entities if he is terminated without cause by the Company.
