PROXY STATEMENT
FOR THE 2018 ANNUAL MEETING OF STOCKHOLDERS

June 19, 2018

ABOUT THE ANNUAL MEETING

Why did I receive a notice regarding the availability of proxy materials on the internet?

Pursuant to rules adopted by the Securities and Exchange Commission (the “SEC”), we have elected to provide access to our proxy materials over the internet. Accordingly, we have sent you a Notice of Internet Availability of Proxy Materials (the “Notice”) because the Board of Directors (the “Board”) of Edge Therapeutics, Inc. (also referred to as “we,” “us,” “our,” “Edge,” and the “Company”) is soliciting your proxy to vote at the 2018 Annual Meeting of Stockholders (the “Annual Meeting”), including any adjournments or postponements of the meeting. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or may request to receive a printed set of the proxy materials at no charge. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found in the Notice.

We intend to mail the Notice on or about April 30, 2018 to all stockholders of record entitled to vote at the Annual Meeting.

How do I attend the Annual Meeting?

The Annual Meeting will be held on Tuesday, June 19, 2018 at 9:00 a.m. local time at the headquarters of Edge Therapeutics, Inc. at 300 Connell Drive, Suite 4000, Berkeley Heights, NJ 07922. Information on how to vote in person at the Annual Meeting is discussed below.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on the Record Date will be entitled to vote at the Annual Meeting. On this Record Date, there were 31,246,231 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on the Record Date your shares were registered directly in your name with our transfer agent, Computershare Trust Company, N.A., then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If on the Record Date your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in “street name” and the Notice is being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct

your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker or other agent.

Table of Contents

What am I voting on?

There are two matters scheduled for a vote:

Proposal 1: Election of Sol Barer, Ph.D. and Brian Leuthner to serve as Class C directors for a three-year term.

Proposal 2: Ratification of the selection by the Board of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018.

What if another matter is properly brought before the Annual Meeting?

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

For the proposal to elect Dr. Barer and Mr. Leuthner to the Board, you may either vote “For” or you may “Withhold” your vote, in each case, for all, some or none of the Board’s nominees. For the proposal to ratify the selection of KPMG LLP, you may vote “For” or “Against” or abstain from voting.

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting, vote by proxy over the telephone, vote by proxy through the internet, or vote by proxy using a proxy card that you may request or that we may elect to deliver to you. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting and vote in person even if you have already voted by proxy.

In Person: To vote in person, come to the Annual Meeting. Ballots will be available.

By Mail: To vote using the proxy card, simply complete, sign and date the proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

By Telephone: To vote over the telephone, dial toll-free (800) 652-8683 using a touch-tone phone and follow the recorded instructions. Have your proxy available when you call. You will be asked to provide the company number and control number from the Notice. Your telephone vote must be received by 11:59 p.m., Eastern Time on June 18, 2018 to be counted.

Via the Internet: To vote through the internet, go to www.envisionreports.com/EDGE and follow the on-screen instructions. Your internet vote must be received by 11:59 p.m., Eastern Time on June 18, 2018 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a notice containing voting instructions from that organization rather than from us. Simply follow the voting instructions in the notice to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions included with these proxy

materials, or contact your broker, bank or other agent to request a proxy form.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you owned as of the Record Date.

What happens if I do not vote?

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record and do not vote by completing your proxy card, by telephone, through the internet or in person at the Annual Meeting, your shares will not be voted.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

See “What are broker non-votes?” below.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, “For” the election of each of Dr. Barer and Mr. Leuthner as directors and “For” the ratification of the selection of KPMG LLP as our independent registered public accounting firm. If any other matter is properly presented at the Annual Meeting, your proxy holder (one of the individuals named on your proxy card) will vote your shares using his best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the reasonable cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one Notice?

If you receive more than one Notice, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the Notices to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting.

Stockholder of Record: Shares Registered in Your Name

If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- You may grant a subsequent proxy by telephone or through the internet.

You may send a timely written notice that you are revoking your proxy to our Secretary at Edge Therapeutics, Inc. at 300 Connell Drive, Suite 4000, Berkeley Heights, NJ 07922.

You may attend the Annual Meeting and vote in person. Simply attending the Annual Meeting will not, by itself, revoke your proxy.

Your most current proxy card or telephone or internet proxy is the one that is counted.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If your shares are held by your broker, bank or other agent as a nominee, you should follow the instructions provided by your broker, bank or other agent.

When are stockholder proposals and director nominations due for next year's annual meeting?

Stockholder proposals, including a director nomination, to be considered for inclusion in the proxy statement for the 2019 annual meeting of stockholders must be received by us no later than December 12, 2018. The proposal must comply with SEC regulations regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Upon receipt of any such proposal, we will determine whether or not to include such proposal in the proxy statement for the 2019 annual meeting of stockholders and proxy in accordance with regulations governing the solicitation of proxies.

Stockholders who wish to submit a proposal that is not intended to be included in our annual meeting proxy statement but to be presented for consideration at next year's annual meeting, or who propose to nominate a candidate for election as a director at that meeting, are required by our bylaws to provide notice of such proposal or nomination no later than the close of business on April 20, 2019, but no earlier than the close of business on March 21, 2019, to be considered for a vote at next year's annual meeting.

Any proposal, nomination or notice must contain the information required by our bylaws and be delivered to our principal executive offices at Edge Therapeutics, Inc., c/o Corporate Secretary, 300 Connell Drive, Suite 4000, Berkeley Heights, NJ 07922.

How are votes counted?

Votes will be counted by the inspector of election appointed for the Annual Meeting, who will separately count, for the proposal to elect each of Dr. Barer and Mr. Leuthner, votes "For," "Withhold" and broker non-votes; and, with respect to the proposal to ratify the selection of KPMG LLP, votes "For" and "Against," abstentions and, if applicable, broker non-votes. Abstentions will have the same effect as an "Against" vote for the proposal to ratify the selection of KPMG LLP. Because a director nominee is elected by the affirmative vote of the holders of a plurality of the shares of common stock voted, abstentions will have no effect on the vote for the proposal to elect each of Dr. Barer and Mr. Leuthner. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

What are "broker non-votes?"

Broker non-votes occur when a beneficial owner of shares held in "street name" does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed "non-routine." Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be "routine," but not with respect to "non-routine" matters. Under the rules and interpretations of NASDAQ, "non-routine" matters are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, elections of directors (even if not contested) and executive compensation, including the advisory stockholder votes on executive compensation and on the frequency of stockholder votes on executive compensation.

How many votes are needed to approve each proposal?

For the elections of Dr. Barer and Mr. Leuthner, a plurality of the votes cast will be required for election. Only votes "For" or "Withheld" will affect the outcome.

To be approved, the ratification of the selection of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018, must receive “For” votes from the holders of a majority of shares present in person or represented by proxy and entitled to vote on the matter. If you “Abstain” from voting, it will have the same effect as an “Against” vote. Broker non-votes will have no effect.

Non-votes will have no effect.

Table of Contents

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at the Annual Meeting in person or represented by proxy. On the Record Date, there were 31,246,231 shares outstanding and entitled to vote. Thus, the holders of 15,623,116 shares must be present in person or represented by proxy at the Annual Meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, either the chairman of the Annual Meeting or the holders of a majority of shares present at the Annual Meeting in person or represented by proxy may adjourn the Annual Meeting to another date.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the Annual Meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

Who can help answer your questions?

If you have questions about the Annual Meeting or would like additional copies of this Proxy Statement, you should contact our Secretary, W. Bradford Middlekauff, at Edge Therapeutics, Inc., 300 Connell Drive, Suite 4000, Berkeley Heights, NJ 07922.

EXPLANATORY NOTE

We are an “emerging growth company” under applicable federal securities laws and therefore permitted to take advantage of certain reduced public company reporting requirements. As an emerging growth company, we provide in this Proxy Statement the scaled disclosure permitted under the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”), including the compensation disclosures required of a “smaller reporting company,” as that term is defined in Rule 12b-2 promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). In addition, as an emerging growth company, we are not required to conduct votes seeking approval, on an advisory basis, of the compensation of our named executive officers or the frequency with which such votes must be conducted. We will remain an “emerging growth company” until the earliest of (i) the last day of the fiscal year in which we have total annual gross revenues of \$1 billion or more; (ii) December 31, 2020; (iii) the date on which we have issued more than \$1 billion in nonconvertible debt during the previous three years; or (iv) the date on which we are deemed to be a large accelerated filer under the rules of the SEC.

PROPOSAL 1

Election of Directors

Our Board is divided into three classes: Class A, Class B and Class C, with each class serving a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class, including vacancies created by an increase in the number of directors that may serve on the Board, shall serve for the remainder of the full term of that class and until the director's successor is duly elected and qualified.

The Board presently has ten members. The two nominees for director this year are Sol Barer, Ph.D. and Brian Leuthner, each of whom is a current director of Edge. If elected at the Annual Meeting, each of Dr. Barer and Mr. Leuthner would serve until the 2021 annual meeting and his successor has been duly elected and qualified, or his earlier death, resignation or removal. No director or nominee for director is related to any other director or executive officer of Edge or nominee for director by blood, marriage or adoption. Our directors are expected to attend our Annual Meeting, either in person or telephonically. There are no arrangements or understandings between any nominee and any other person pursuant to which each such the nominee was selected.

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. Accordingly, each of Dr. Barer and Mr. Leuthner will be elected if he receives a plurality of the votes cast. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of each of Dr. Barer and Mr. Leuthner. If Dr. Barer or Mr. Leuthner becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for such person will instead be voted for the election of a substitute nominee proposed by our Board. Dr. Barer and Mr. Leuthner have each agreed to serve if elected. Our management has no reason to believe that either Dr. Barer or Mr. Leuthner will be unable to serve.

James Healy, a current director, has decided not to stand for re-election at the Annual Meeting. There was no disagreement between Dr. Healy and us.

The following table provides information on the nominees for the position of director of Edge as of the Record Date and for each director continuing in office after the Annual Meeting.

CORPORATE GOVERNANCE

Independence of the Board of Directors

As required under the NASDAQ listing standards, a majority of the members of a listed company's board of directors must qualify as "independent," as affirmatively determined by the board of directors. The Board consults with our counsel to ensure that the Board's determinations are consistent with relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in pertinent listing standards of NASDAQ, as in effect from time to time.

The Board has undertaken a review of the independence of our directors and has determined that all of our directors, except Mr. Leuthner and Dr. Macdonald, are independent within the meaning of Section 5605(a)(2) of the NASDAQ Stock Market listing rules. Mr. Leuthner is not an independent director under these rules because he is our President and Chief Executive Officer, and Dr. Macdonald is not an independent director under these rules because he is our Chief Scientific Officer.

Board Leadership Structure

The Board has appointed Dr. Barer as Chairman of the Board and Mr. Blech as Vice Chairman of the Board. The Chairman has the authority, among other things, to preside over Board meetings, to set meeting agendas and to perform all other duties delegated to him from time to time by the Board. We believe that separation of the positions of Board Chair and Chief Executive Officer reinforces the independence of the Board in its oversight of our business and affairs. In addition, we believe that having an independent Chairman creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board to monitor whether management's actions are in our best interests and the best interests of our stockholders. As a result, we believe that having an independent Chairman can enhance the effectiveness of the Board as a whole.

Role of the Board in Risk Oversight

One of the Board's key functions is informed oversight of our risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure, including a determination of the nature and level of risk appropriate for us. Our Audit Committee has the responsibility to review and discuss with management and KPMG LLP, as appropriate, our guidelines and policies with respect to risk assessment and risk management, including our major financial risk exposures and the steps taken by management to monitor and control these exposures. Our Nominating and Corporate Governance Committee is responsible for developing our corporate governance principles, and periodically reviews these principles and their application. Our Compensation Committee reviews our practices and policies of employee compensation as they relate to risk management and risk-taking incentives, to determine whether such compensation policies and practices are reasonably likely to have a material adverse effect on us.

Meetings of the Board of Directors

The Board met eight (8) times during 2017. All directors attended at least 75% of the aggregate number of meetings of the Board and of the committees on which they served during 2017 or the portion thereof for which they were directors or committee members.

• reviewing and approving related-party transactions;

• primary responsibility for overseeing our risk management function; and

• reviewing and evaluating, at least annually, our Audit Committee's charter.

With respect to reviewing and approving related-party transactions, our Audit Committee reviews related-party transactions for potential conflicts of interests or other improprieties. Under SEC rules, related-party transactions are those transactions to which we are or may be a party in which the amount involved exceeds \$120,000, and in which any of our directors or executive officers or any other related person had or will have a direct or indirect material interest, excluding, among other things, compensation arrangements with respect to employment and board membership. Our Audit Committee could approve a related-party transaction if it determines that the transaction is in our best interests. Our directors are required to disclose to the committee or the full Board any potential conflict of interest or personal interest in a transaction that our board is considering. Our executive officers are required to disclose any potential conflict of interest or personal interest in a transaction to the Audit Committee. We also poll our directors and executive officers on an annual basis with respect to related-party transactions and their service as an officer or director of other entities. Whenever possible, the transaction should be approved in advance and if not approved in advance, must be submitted for ratification as promptly as practical.

The Board has adopted a charter for the Audit Committee that complies with SEC and NASDAQ Stock Market listing rules. The charter is available on our website at www.edgetherapeutics.com.

Compensation Committee

Our Compensation Committee currently consists of Dr. Barer, Dr. Ratcliffe and Dr. Spiegel, each of whom our Board has determined to be independent under the NASDAQ listing standards, a "non-employee director" as defined in Rule 16b-3 promulgated under the Exchange Act, and an "outside director" as that term is defined in Section 162(m) of the Internal Revenue Code. - reviewing and recommending to the Board the compensation of our directors;

• administering our equity incentive plans and granting equity awards to our employees and directors under these plans;

if required from time to time, reviewing with management our disclosures under the caption "Compensation Discussion and Analysis" and recommending to the full board its inclusion in our periodic reports to be filed with the SEC;

While the Nominating and Corporate Governance Committee does not have a formal diversity policy, the Nominating and Corporate Governance Committee recommends candidates based upon many factors, including the diversity of their business or professional experience, the diversity of their background and their array of talents and perspectives. We believe that the Nominating and Corporate Governance Committee's existing nominations process is designed to identify the best possible nominees for the Board, regardless of the nominee's gender, racial background, religion, or ethnicity. The Nominating and Corporate Governance Committee identifies candidates through a variety of means, including recommendations from members of the Board and suggestions from our management, including our executive officers. In addition, the Nominating and Corporate Governance Committee considers candidates recommended by third parties, including stockholders. The Nominating and Corporate Governance Committee gives the same consideration to candidates recommended by stockholders as those candidates recommended by members of our Board. Nominees should have a reputation for integrity, honesty and adherence to high ethical standards, should have demonstrated business acumen, experience and ability to exercise sound judgments in matters that relate to our current and long-term objectives, should be willing and able to contribute positively to our decision-making process, should have a commitment to understand Edge and our industry and to regularly attend and participate in meetings of the Board and its committees, should have the interest and ability to understand the sometimes conflicting interests of the various constituencies of Edge, which include stockholders, employees, customers, creditors and the general public, and to act in the interests of all stockholders, should not have, nor appear to have, a conflict of interest that

would impair the nominee's ability to represent the interests of all our stockholders and to fulfill the responsibilities of a director. Nominees shall not be discriminated against on the basis of race, religion, national origin, sex, sexual orientation, disability or any other basis proscribed by law. The value of diversity on the Board should be considered.

Amounts shown in this column do not reflect actual compensation received by the named executive officers. The amounts reflect the grant date fair value of stock option awards and are calculated in accordance with the provisions of FASB Accounting Standards Codification Topic 718 Compensation — Stock Compensation (“ASC Topic 718”), and assume no forfeiture rate derived in the calculation of the grant date fair value of these awards.

(1) Assumptions used in calculating the value of these awards are included in Note 7, “Stock-based Compensation” in the notes to Edge’s financial statements included in our most recent Annual Report on Form 10-K. The executive will only realize compensation to the extent the trading price of Edge’s common stock is greater than the exercise price of such stock options at the time such options are exercised.

(2) Amounts shown in this column reflect Edge’s matching contributions to our 401(k) plan in the amount of \$10,800 for each of Mr. Leuthner, Dr. Macdonald and Dr. Faleck.

Narrative to Summary Compensation Table

Employment Agreements

In 2015, we entered into amended and restated employment agreements with each of Mr. Leuthner, our President and Chief Executive Officer, Dr. Macdonald, our Chief Scientific Officer, and Dr. Faleck, our Chief Medical Officer. The material terms of such employment agreements are summarized below.

The term of employment for each named executive officer under his employment agreement will continue until the executive’s employment with us terminates for any reason. Each employment agreement sets forth the named executive officer’s annual base salary and target bonus opportunity, and the named executive officer’s right to participate in our health insurance program and other benefit programs provided to our executives generally. Under the terms of these agreements, the named executive officers’ base salaries are subject to annual review and adjustment by the Board. The base salaries for 2016 and 2017 for each of our named executive officers are reflected in the table above.

Each employment agreement also provides for additional payments and benefits to be made in connection with the named executive officer's termination of employment, as described below. In addition, in connection with their employment, each named executive officer entered into our standard confidentiality and invention assignment agreement, which sets forth duties of confidentiality and certain intellectual property rights between us and our employees. Dr. Macdonald's confidentiality and invention assignment agreement includes additional provisions that require him to refrain from competing or interfering with our business and soliciting our customers, prospective customers and other business relationships while he is employed by us and for 12 months thereafter. Each executive's employment agreement also provides that his equity and incentive compensation is subject to any clawback policy of our company in effect from time to time, or otherwise required by law or applicable stock exchange.

2017 Annual Cash Incentive Compensation

Expressed as a percentage of base salary, the target bonus opportunities for Mr. Leuthner, Dr. Macdonald and Dr. Faleck in 2017 were 60%, 45% and 45%, respectively. The ultimate determinations of cash bonuses for the named executive officers are based on achievement of corporate goals, provided that the Compensation Committee and the Board retain discretion to award a higher or lower bonus than warranted based on the achievement of the corporate goals. These goals are reviewed and approved by the Compensation Committee and the Board at the beginning of each year. At or after the end of such year, the Compensation Committee determines the extent to which these corporate goals have been attained and, based on such determination, the Board or the Compensation Committee thereafter approve the annual cash bonus to be awarded to each named executive officer. For 2017, the corporate goal categories (and weighting) were as follows: financial goals (15%); clinical/ medical affairs goals (25%); regulatory goals (20%); manufacturing goals (15%); research goals (12%); commercial goals (5%) and corporate goals (8%). After reviewing performance for 2017, the Compensation Committee determined that the performance goals were achieved at 85% of target. The bonuses earned by our named executive officers for 2017 are listed in the "Nonequity Incentive Plan Compensation" column in the Summary Compensation Table above.

Equity Incentive Compensation – Option Awards

On November 3, 2014, our shareholders approved the Edge Therapeutics, Inc. 2014 Equity Incentive Plan (the "Plan"). The Plan is the primary program through which we grant equity-based incentive compensation to our employees (including our named executive officers) and our directors. Under the Plan, Edge may grant awards of restricted stock, options, stock appreciation rights, restricted stock units and other types of equity-based awards, in each case, with respect to our common stock. As of the date of this Proxy Statement, Edge has only made grants of stock options under the Plan.

All of the outstanding options granted to our named executive officers are subject to time-based vesting, such that options vest with respect to one-fourth of the underlying shares on the first anniversary of the grant date and in equal installments of 1/48 of the underlying shares thereafter for the subsequent 36 months. Under the employment agreements of our named executive officers, all equity awards will become 100% vested upon a change in control. However, during 2016, our Compensation Committee reviewed the practice of "single trigger" vesting under our named executive officers' employment agreements. In light of such review, our Compensation Committee decided to use a new form of option award for our executives that eliminates automatic vesting on a change in control, and instead uses "double trigger" vesting (i.e., vesting does not automatically occur upon a change in control). This new vesting provision was adopted after we made stock option grants to our named executive officers in 2016, so none of their 2016 stock options contain double trigger vesting. However, the stock options granted to our named executive officers in March 2017 contain double trigger vesting in connection with a change in control, and the double trigger vesting feature supersedes the provisions in our named executive officers' employment agreements that specify single trigger vesting upon a change in control. While the Compensation Committee intends to use a "double trigger" vesting approach for new option awards granted to our named executive officers, it will continue to analyze each separate option award to determine whether double trigger vesting is appropriate. Further, where double trigger vesting is

utilized, we intend that the double trigger vesting feature will supersede any provision in our named executive officers' employment agreements that specifies single trigger vesting with respect to future stock option awards. The stock option awards granted to our named executive officers under the Plan during 2017, including their vesting terms, are set forth in the Outstanding Equity Awards at Year-End table below.
