**NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 16, 2019**

The Annual Meeting of Stockholders of Terex Corporation (Terex or the Company) will be held on Thursday, May 16, 2019, at 10:00 a.m., Eastern Time (the Annual Meeting). We are pleased to announce that this year s Annual Meeting will be a completely virtual meeting of stockholders, which will be conducted live via the Internet. You will be able to attend the Annual Meeting online and submit your questions during the Annual Meeting by visiting www.virtualshareholdermeeting.com/terex2019. At the Annual Meeting, the following items of business will be considered:

1. To elect ten (10) directors of the Company to hold office for one year or until their successors are duly elected and qualified.
2. To hold an advisory vote to approve the compensation of the Company's named executive officers.
3. To ratify the selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm for the Company for 2019.
4. To transact such other business as may properly come before the meeting or any adjournment or postponement thereof.

The foregoing items of business are described more fully in the Proxy Statement accompanying this Notice of Annual Meeting of Stockholders. The Board of Directors of the Company has fixed the close of business on March 21, 2019 as the record date for determining the stockholders entitled to notice of, and to vote at, the Annual Meeting.

The United States Securities and Exchange Commission rules allow us to furnish proxy materials to our stockholders on the Internet. We are pleased to utilize these rules and believe that they enable us to provide our stockholders with the information that they need while lowering the cost of delivery and reducing the environmental impact of our Annual Meeting.

On or about April 3, 2019, we will be mailing our Notice of Internet Availability of Proxy Materials to most of our stockholders, which contains instructions for our stockholders use of this process, including how to access our 2019 Proxy Statement and 2018 Annual Report and how to vote online. If you received only a Notice of Internet Availability of Proxy Materials this year, the Notice contains instructions on how you may receive a paper copy of the Proxy Statement and Annual Report.

EVERY STOCKHOLDER S VOTE IS IMPORTANT. While all stockholders are invited to attend the Annual Meeting (in person or virtually via the Internet), we urge you to vote whether or not you will be present at the Annual Meeting. You may vote by telephone or via the Internet. If you received a paper copy of the proxy card by mail, you may complete, date and sign the proxy card and return it in the envelope provided. No postage is required if the proxy card is mailed in the United States. You may withdraw your proxy or change your vote at any time before your proxy is voted, either by voting in person at the Annual Meeting, by proxy, by telephone or via the Internet. Please vote promptly in order to avoid the additional expense of further solicitation.

BY ORDER OF THE BOARD OF DIRECTORS,

ERIC I COHEN

Secretary

General Information About the Annual Meeting and Voting

This Proxy Statement is furnished to stockholders of Terex Corporation (Terex or the Company) in connection with the solicitation of proxies by and on behalf of the Company's Board of Directors (the Board) for use at the Annual Meeting of Stockholders of the Company to be held at 10:00 a.m., Eastern Time, on May 16, 2019, virtually via the Internet at www.virtualshareholdermeeting.com/terex2019 and at any adjournments or postponements thereof (collectively, the Annual Meeting), for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders (the Notice).

The Company will also be holding a stockholder forum on compensation matters (the Compensation Forum), immediately before the Annual Meeting at 9:30 a.m. Eastern Time, on May 16, 2019, virtually via the Internet at www.virtualshareholdermeeting.com/terex2019, in which stockholders will be given the opportunity to ask questions of the Company's Compensation Committee chairperson and provide feedback on the Company's executive compensation program.

As of March 21, 2019, the record date for determining the stockholders entitled to notice of, and to vote at, the Annual Meeting, the Company had outstanding 71,147,174 shares of common stock, \$.01 par value per share (Common Stock).

Under rules and regulations of the United States Securities and Exchange Commission (SEC), instead of mailing a printed copy of our proxy materials to each stockholder of record or beneficial owner of our Common Stock, we are furnishing proxy materials, which include our Proxy Statement and Annual Report, to our stockholders over the Internet and providing a Notice of Internet Availability of Proxy Materials (the Internet Notice) by mail to all of our stockholders, other than to stockholders who previously elected to receive a printed copy of the proxy materials. Those stockholders that previously elected to receive printed proxy materials will each receive such materials by mail. If you received an Internet Notice by mail, you will not receive a printed copy of the proxy materials unless you request to receive these materials in hard copy by following the instructions provided in the Internet Notice. Instead, the Internet Notice will instruct you how you may access and review all of the

important information contained in the proxy materials over the Internet. The Internet Notice also instructs you how you may submit your proxy via telephone or the Internet. If you received an Internet Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Internet Notice.

We are mailing the Internet Notice to our stockholders on or about April 3, 2019.

Each share of Common Stock is entitled to one vote per share for each matter to be voted on at the Annual Meeting. Nominees for the Board will be elected if more votes are cast in favor of the nominee than are cast against the nominee by the holders of shares present in person or represented by proxy and entitled to vote at the Annual Meeting. Each other matter to be voted upon at the meeting requires the affirmative vote of a majority of the shares of Common

Stock present in person or represented by proxy and entitled to vote.

A quorum of stockholders is constituted by the presence, in person or by proxy, of holders of record of Common Stock representing a majority of the aggregate number of votes entitled to be cast. Abstentions and broker non-votes will be considered present for purposes of determining the presence of a quorum. With respect to all matters to be voted upon at the Annual Meeting, abstentions will have the effect of a negative vote and broker non-votes will not be considered as votes cast and thus will have no effect on the outcome of the vote.

Proxy solicitations by the Board will be made by mail, by phone, via the Internet or by personal interviews conducted by officers or employees of the Company. All costs of solicitations, including (a) printing and mailing of the Notice of Internet Availability of Proxy Materials, (b) the printing and mailing of this Proxy Statement and accompanying material, (c) the reimbursement of brokerage firms and others for their expenses in forwarding solicitation material to the beneficial owners of the Company's stock, and (d) supplementary solicitations to submit proxies, if any, will be borne by the Company.

PROXY SUMMARY

How To Vote

In order that your shares of Common Stock may be represented at the Annual Meeting, you are requested to vote your proxy using one of the following methods:

using the internet at www.proxyvote.com	call the number included on your proxy card or notice	mail your signed proxy or voting instruction form	scan this QR code to vote with your mobile device
--	--	--	--

Brokers may not vote your shares on the election of directors or regarding the compensation of the Company's named executive officers in the absence of your specific instructions as to how to vote. The Company encourages you to provide instructions to your broker regarding the voting of your shares.

If you vote via the Internet, by telephone, with your mobile device or by mailing a proxy card, we will vote your shares as you direct. For each item being submitted for stockholder vote, you may vote for or against the proposal or you may abstain from voting.

If you submit a proxy via the Internet, by telephone, with your mobile device or by mailing a proxy card without indicating your instructions, we will vote your shares consistent with the recommendations of our Board as stated in this Proxy Statement and in the Internet Notice, specifically in favor of our nominees for directors, in favor of the compensation of the Company's named executive officers and in favor of the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm. If any other matters are properly presented at the Annual Meeting for consideration, then our officers named on your proxy will have discretion to vote for

you on those matters. As of the date of the Internet Notice, we know of no other matters to be presented at the Annual Meeting.

Revocation of Proxies – Any stockholder giving a proxy has the right to attend the Annual Meeting to vote his or her shares of Common Stock (thereby revoking any prior proxy). Any stockholder also has the right to revoke the proxy at any time by executing a later-dated proxy, by telephone, via the Internet or by written revocation received by the Secretary of the Company prior to the time the proxy is voted. All properly executed and unrevoked proxies delivered pursuant to this solicitation, if received at or prior to the Annual Meeting, will be voted at the Annual Meeting.

NO PERSON IS AUTHORIZED TO GIVE ANY INFORMATION OR TO MAKE ANY REPRESENTATION OTHER THAN THOSE CONTAINED IN THIS PROXY STATEMENT, AND, IF GIVEN OR MADE, SUCH INFORMATION MUST NOT BE RELIED UPON AS HAVING BEEN AUTHORIZED. THE DELIVERY OF THIS PROXY STATEMENT SHALL, UNDER NO CIRCUMSTANCES, CREATE ANY IMPLICATION THAT THERE HAS BEEN NO CHANGE IN THE AFFAIRS OF THE COMPANY SINCE THE DATE OF THIS PROXY STATEMENT.

2019 PROXY STATEMENT

TABLE OF CONTENTS**DIRECTORS AND GOVERNANCE****PROPOSAL 1: ELECTION OF DIRECTORS**

At the Annual Meeting, ten directors of the Company are to be elected to hold office until the Company's next Annual Meeting of Stockholders or until their respective successors are duly elected and qualified. Each director shall be elected if more votes are cast in favor of the nominee than are cast against the nominee by the holders of shares present in person or represented by proxy and entitled to vote at the Annual Meeting. Unless marked to the contrary, the proxies received by the Company will be voted FOR the election of the ten nominees listed below, all of whom are presently members of the Board.

Each nominee has consented to being named in this Proxy Statement and to serve as a director if elected. However, should any of the nominees for director decline or become unable to accept nomination if elected, it is intended that the Board will vote for the election of such other person as director as it shall designate. The Company has no reason to believe that any nominee will decline or be unable to serve if elected.

In the event of an uncontested election, as is the case this year, any nominee for director who is a current director and receives less than a majority of the votes cast in person or by proxy at the Annual Meeting shall offer to resign from the Board. While the Board does not believe that in each such case a director should necessarily leave the Board, this presents an opportunity for the Board, through its Governance and Nominating Committee, to consider the resignation offer.

The information set forth below has been furnished to the Company by the nominees and sets forth for each nominee, as of March 24, 2019, such nominee's name, business experience for at least the past five years, other directorships held and age. There is no family relationship between any nominee and any other nominee or executive officer of the Company. For information regarding the beneficial ownership of the Common Stock by the current directors of the Company, see Security Ownership of Certain Beneficial Owners and Management.

The Governance and Nominating Committee of the Board has nominated each of the following individuals based on various criteria, including, among others, a desire to maintain a balanced experience and knowledge base within the Board, the nominees' personal integrity, independence, diversity, experience, sound judgment and willingness to devote necessary time and attention to properly discharge the duties of director, and the ability of the nominees to make positive contributions to the leadership and governance of the Company.

The Board recommends that the stockholders vote FOR the following nominees for director.

DIRECTORS AND GOVERNANCE

Board Meetings and Corporate Governance

The Board met six times in 2018 at regularly scheduled and special meetings. All of the directors in office during 2018 attended at least 75% of the meetings of the Board and all committees of the Board on which they served during 2018. It is the Company's policy, as stated in the Company's

Governance Guidelines (the "Guidelines"), that each director is expected to attend the annual meeting of stockholders. All of the directors then in office attended the Company's previous annual meeting of stockholders held on May 11, 2018.

Director Independence

It is the Company's policy that the Board consists of a majority of directors who qualify as independent directors under the listing standards of the New York Stock Exchange ("NYSE"), the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the requirements of any other applicable regulatory authority, including the SEC. The Board annually reviews the relationship of each director with the Company, and only those directors who the Board affirmatively determines have no material relationship with the Company are deemed to be independent directors. The Guidelines specifically define what is deemed to be a material relationship between the Company and an independent director. The following are the relationships that the Board considers in making its independence determination:

- (i) whether the director or any of his or her immediate family members is or was within the past five years an officer of the Company;
 - (ii) whether the director is or was within the past five years an employee of the Company;
- (iii) whether the director or any of his or her immediate family members is or was during the past five years affiliated with, or employed by, any past or present auditor of the Company (or an affiliate thereof);
- (iv) whether the director or any of his or her immediate family members is or was within the past five years part of an interlocking directorate in which an executive officer of the Company serves or served on the compensation committee of a company that concurrently employs or employed the director or any of his or her immediate family members;
- (v) whether the director is an executive officer, a partner, member, of counsel or beneficial owner of more than ten percent (10%) of the equity interest of a customer of, or a supplier of goods or services (including without limitation any investment banking firm or law firm) to, the Company where the amount involved in any of the last three fiscal years exceeds certain thresholds;
- (vi) whether the director is an executive officer, a partner or beneficial owner of more than ten percent (10%) of the equity interest of a company to which the Company was indebted at the end of any fiscal quarter during the Company's most recently completed fiscal year or current fiscal year in an amount in excess of five percent (5%) of the Company's total consolidated assets at the end of such fiscal year;
- (vii) whether the director is an executive officer, a partner or beneficial owner of more than ten percent (10%) of the equity interest of a company which was indebted to the Company;
 - whether the director or any of his or her immediate family members was indebted to the Company, other than in the ordinary course of business of the Company and the business of the director or the member of his or her immediate family, as applicable, at the end of any fiscal quarter during the Company's most recently completed fiscal year or current fiscal year in an amount in excess of \$100,000 at the end of such fiscal year;
- (viii) whether the director is affiliated with a tax exempt entity that within the preceding three years received the greater of (x) \$1 million or (y) two percent (2%) of its consolidated gross revenues from the Company (based on the tax exempt entity's most recently completed fiscal year);
- (ix) whether the director is affiliated with a tax exempt entity that within the preceding three years received the greater of (x) \$1 million or (y) two percent (2%) of its consolidated gross revenues from the Company (based on the tax exempt entity's most recently completed fiscal year);

- (x) whether the director or any of his or her immediate family members is during the current fiscal year or was during the most recently completed fiscal year a party to a transaction or series of similar transactions with the Company or its subsidiaries (excluding director fees, stock options and other director compensation), other than on arm's-length terms where the amount involved is not material to either party;
- (xi) whether the director or any of his or her immediate family members received more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service within the past three years; and
- (xii) whether the director has any other relationships with the Company or the members of management of the Company that the Board has determined to be material and which are not described in (i) through (xi) above.

DIRECTORS AND GOVERNANCE

After consideration of all applicable matters, the Board determined, based on the above criteria, that none of the directors has a material relationship with the Company other than as a director or as a stockholder except for Mr. Garrison, who is not an independent director. The Board considered that Mr. Sachs was a member of Ares which in the ordinary course of business held a small amount of the Company's debt. It was noted that the amount of debt was less than 1% of the

Company's total consolidated assets, approximately 1% of the Company's debt as of December 31, 2018 and less than 0.1% of the committed capital managed by Ares. Accordingly, the Board has determined that all of the nominees for director are independent directors except for Mr. Garrison, who has been nominated to serve on the Board as a result of his position as Chief Executive Officer of the Company and is currently Chairman of the Board.

Board Leadership Structure

The Board recognizes that no single leadership structure is right for all companies at all times, and accordingly the Board periodically reviews its leadership structure. The Company had a combined Chairman and Chief Executive Officer position for approximately 20 years and the Board believed that structure was appropriate based on the Company's Chief Executive Officer's long tenure with the Company and his familiarity with the Company's business and industry. The Company separated the Chairman and Chief Executive Officer positions following the retirement of Ronald DeFeo from such positions and the appointment of Mr. Garrison as Chief Executive Officer in 2015. The Board believed that Mr. Garrison

should focus on the management and operation of the Company's business without the additional responsibilities of Chairman. Under Mr. Garrison's leadership, the Company has taken significant steps to better position the Company for the future while executing the Company's Focus, Simplify and Execute to Win strategy. Mr. Garrison's strong track record as CEO coupled with his experience sitting on the Board led the Board to nominate Mr. Garrison to serve as Chairman of the Board effective August 15, 2018. After Mr. Garrison became Chairman of the Board, Mr. Sachs, who previously held such title, became the Lead Director of the Board.

Risk Oversight

Management is responsible for identification of key risks and for development and implementation of processes for the mitigation and monitoring of risks. Management provides enterprise risk management assessments to the Board that describes the most significant risks facing the Company, measures the relative magnitude of the risks, identifies the risk owners for each major risk and describes the improvement or monitoring plans surrounding each major risk. The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through direct presentations and committee reports about such risks. The Audit Committee oversees management of financial risks, financial controls, internal audit and potential conflicts of interest and receives regular internal audit and compliance risk updates from the Company's

Vice President, Audit Services as well as the Company's Chief Ethics and Compliance Officer. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's human resources and executive compensation plans and arrangements. The Governance and Nominating Committee manages risks associated with the independence of the Board of Directors as well as enterprise risks, environmental, health and safety matters and it receives regular updates from the Company's Chief Ethics and Compliance Officer on compliance risks.

The Board also reviews information regarding the Company's credit, liquidity and operations, as well as the risks associated with each, on a regular basis. In addition, management engages in an in-depth review and dialogue with the Board with respect to the most significant risks facing the Company on a rotating basis throughout the year.

Corporate Governance Principles

The Board and the Governance and Nominating Committee annually review the Company's corporate governance policies and practices and the Guidelines. The Board believes that the Guidelines effectively assist the Board in the exercise of its duties and responsibilities and serve the best interests of the Company. These Guidelines reflect the Board's commitment

to monitor the effectiveness of policy and decision making both at the Board and management levels, with a view to achieving strategic objectives of the Company while enhancing stockholder value over the long term. The Board and the Governance and Nominating Committee will continue to review the Guidelines annually and may make changes as

they determine are necessary and appropriate, including changes that may be necessary to comply with new or proposed laws, rules or regulations issued by the SEC and the NYSE. A copy of the Guidelines is available at the Company's website, www.terex.com, under Investor Relations – Governance – Corporate Governance Documents. In addition, a copy of the Guidelines is available in print, without charge, to any stockholder who requests these materials from the Company.

The Board believes that periodic assessment of director performance is an important governance principle. On an annual basis, directors conduct a survey and rate the performance of the Board and its committees. In addition, on a periodic basis, individual director evaluations are conducted by the Non-Executive Chairman/Lead Director.

Directors have complete access to management and the Company's outside advisors, and senior officers and other members of management frequently attend Board and committee meetings at the discretion of the Board or

committee, as applicable. It is the policy of the Board that non-management directors also meet privately in executive sessions without the presence of any members of management at each regularly scheduled meeting of the Board and at such other times as the Board shall determine. In addition, the Board may retain and have access to independent advisors of its choice with respect to any issue relating to its activities, and the Company pays the expenses of such advisors.

If you wish to communicate with the non-management directors of the Board, you may correspond by filing a report through Ethicspoint, 24 hours a day, 7 days a week, via the Internet at www.ethicspoint.com or by calling, toll free, (877) 584-8488 or 1-877-ETHICSP. Reports should be submitted under the category Director Communications. Ethicspoint is an independent third-party provider retained by the Company to offer a comprehensive, confidential and, upon request, anonymous reporting system for receiving communications, complaints and grievances. All communications received by Ethicspoint are relayed to the Board.

Code of Ethics and Conduct

The Company has adopted a code of ethics and conduct that applies to all of its directors and employees, including the Company's principal executive officer, principal financial officer and principal accounting officer, among others. This code of ethics and conduct is a set of written standards reasonably designed to deter wrongdoing and to promote: honest and ethical conduct; full, fair, accurate, timely and understandable disclosure; compliance with applicable governmental laws, rules and regulations; prompt internal

reporting of code violations; and accountability for adherence to the code. The Company periodically reviews, updates and revises its code of ethics and conduct when it considers appropriate. A copy of the current code of ethics and conduct is available at the Company's website, www.terex.com, under Investor Relations – Governance – Corporate Governance Documents. In addition, a copy of the code of ethics and conduct is available in print, without charge, to any stockholder who requests this material from the Company.

Board Committees

The Board has an Audit Committee, Compensation Committee and Governance and Nominating Committee.

Audit Committee Meetings and Responsibilities

The Audit Committee of the Board consists of Messrs. Hansen (chairperson), DeFosset, Klinkner and Shaffer and Ms. Cholmondeley and Ms. Rush, each of whom is independent as defined in the listing standards of the NYSE and under the Exchange Act. The Audit Committee met nine times during 2018.

Each member of the Audit Committee is required to be financially literate or must become financially literate within a reasonable time after appointment to the Audit Committee, and at least one member of the Audit Committee must have accounting or related financial management expertise.

The Board, in its business judgment, believes that each of the current members of the Audit Committee is financially literate or has accounting or financial management expertise: Mr. Hansen through his business experience as a corporate executive and his involvement in preparing financial statements as a senior executive of a large multinational company; Mr. DeFosset through his business experience as a corporate executive, his involvement in preparing financial statements at various public companies and particularly his experience as a Chief Executive Officer of a public company; Dr. Klinkner through his business experience as a corporate executive and

his involvement in preparing financial statements as a senior executive of a large multinational company; Mr. Shaffer through his extensive experience and involvement in preparing financial statements as the Chief Financial Officer of a large public company; Ms. Rush through her business experience as a corporate executive; and Ms. Cholmondeley through her education, training and experience as a former certified public accountant and her involvement in preparing financial statements as the Chief Financial Officer of a large insurance company. The Board has determined that each of Messrs. Hansen, DeFosset, Klinkner and Shaffer and Ms. Cholmondeley is an audit committee financial expert, as such term is defined under the regulations of the SEC.

The Audit Committee assists the Board in fulfilling its oversight responsibilities by meeting regularly with the Company's independent registered public accounting firm and operating and financial management personnel. The Audit Committee reviews the audit performed by the Company's independent registered public accounting firm and reports the results of such audit to the Board. The Audit

DIRECTORS AND GOVERNANCE

Committee reviews the Company's annual financial statements and all material financial reports provided to the stockholders and reviews the Company's internal auditing, accounting and financial controls.

As stated in the Audit Committee Charter, the Audit Committee also reviews related party transactions and any other matters pertaining to potential conflicts of interest or adherence to the Company's standards of business conduct. Related party transactions must be approved by the Audit Committee, who will approve the transaction only if they determine that it is in the best interests of the Company. In considering the transaction, the Audit Committee will consider all relevant factors, including, as applicable: (i) the Company's business rationale for entering into the transaction; (ii) the alternatives to entering into a related party transaction; (iii) whether the transaction is on terms comparable to those available to third parties, or in the case of employment relationships, to employees generally; (iv) the potential for the transaction to lead to an actual or apparent conflict of interest and any safeguards imposed to prevent such actual or apparent conflicts; and (v) the overall fairness of the transaction to the Company.

The Audit Committee is also responsible for appointing, setting compensation for, and overseeing the work of, the Company's independent registered public accounting firm. The Audit Committee has established a policy requiring its pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm. On a periodic basis, the Chief Financial Officer of the Company provides the Audit Committee an estimate for the services needed and seeks pre-approval of such services from the Audit Committee. The Audit Committee considers whether

such services are consistent with the rules of the SEC on auditor independence. The policy prohibits the Audit Committee from delegating to management the Audit Committee's responsibility to pre-approve permitted services of the independent registered public accounting firm.

Requests for pre-approval for services must be detailed as to the services to be provided and the estimated total cost and must be submitted to the Company's Chief Financial Officer. The Chief Financial Officer then determines whether the services requested fall within the guidance of the Audit Committee as to the services that have been pre-approved. If the service was not of a type that was already pre-approved or the estimated cost would exceed the amount already pre-approved, then the Chief Financial Officer seeks pre-approval of the Audit Committee on a timely basis.

The Audit Committee operates under a written charter adopted by the Board that complies with all applicable requirements of the SEC and the NYSE. A copy of the Audit Committee Charter is available at the Company's website, www.terex.com, under Investor Relations – Governance – Corporate Governance Documents. In addition, a copy of the charter is available in print, without charge, to any stockholder who requests this material from the Company. This charter sets out the responsibilities, authority and duties of the Audit Committee.

See Audit Committee Report for a discussion of the Audit Committee's review of the audited financial statements of the Company for the Company's fiscal year ended December 31, 2018.

Compensation Committee Meetings and Responsibilities

The Compensation Committee of the Board consists of Messrs. Shaffer (chairperson), Hepler, Klinkner, Wang and Wine, each of whom is independent as defined in the listing standards of the NYSE. Each member of the Compensation Committee must have a basic understanding of the components of executive compensation and the role of each component as part of a comprehensive program linking compensation to corporate and individual performance in support of the Company's objectives. The Compensation Committee met eight times during 2018.

The Compensation Committee assists the Board in its responsibilities regarding compensation of the Company's senior executives and outside directors, including overall responsibility for approving, evaluating and modifying the Company's plans, policies and programs for compensation of key management personnel. The Compensation Committee establishes compensation arrangements for executive officers and for certain other key management personnel.

The Compensation Committee operates under a written charter adopted by the Board that complies with all applicable requirements of the NYSE. A copy of the Compensation Committee Charter is available at the Company's website, www.terex.com, under About Terex – Investor Relations – Corporate Governance. In addition, a copy of the charter is available in print, without charge, to any stockholder who requests this material from the Company. This charter sets out the responsibilities, authority and duties of the Compensation Committee. The charter does not provide for any delegation of the Compensation Committee's duties.

See Compensation Discussion and Analysis for a description of the Company's executive compensation philosophy and executive compensation program, including a discussion of how the compensation of the Company's executive officers was determined.

Compensation Risk Assessment

The Company conducted a risk assessment of its compensation policies and practices for its employees, including those related to its executive compensation programs. The findings of the risk assessment were discussed with the Compensation

Committee. Based upon the assessment, the Company believes that its compensation policies and practices do not encourage excessive or unnecessary risk-taking and are not reasonably likely to have a material adverse effect on the Company.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee served as one of the Company's officers or employees during 2018 or was formerly an officer of the Company. None of the Company's executive officers served as a member of the compensation committee of any other company that has an executive officer

serving as a member of the Board or Compensation Committee during 2018. None of the Company's executive officers served as a member of the board of directors of any other company that has an executive officer serving as a member of the Compensation Committee during 2018.

Governance and Nominating Committee Meetings and Responsibilities

The Governance and Nominating Committee of the Board consists of Messrs. DeFosset (chairperson), Hansen, Wang and Wine and Ms. Cholmondeley and Ms. Rush, each of whom is independent as defined in the listing standards of the NYSE. The Governance and Nominating Committee met six times during 2018.

The Governance and Nominating Committee plays a central role in planning the size and composition of the Board, developing criteria and implementing the process of identifying, screening and nominating candidates for election to the Board, recommending corporate governance guidelines and actions to improve corporate governance and evaluating individual director and full Board performance. The Governance and Nominating Committee is also responsible for overseeing a review and assessment of the performance of the Board and its committees at least annually, including establishing the evaluation criteria and implementing the process for evaluation. The Governance and Nominating Committee, as well as the Board as a whole, does a self-assessment of its performance annually, including with respect to the nomination process.

In considering whether to recommend any candidate for inclusion in the Board's slate of recommended director nominees, including candidates recommended by stockholders, the Governance and Nominating Committee applies the criteria set forth in the Guidelines and gives strong consideration to a wide range of diversity factors as a matter of practice when evaluating director nominees, such as race, gender, age, national origin, work experience and tenure with the Board. These criteria include the candidate's independence, integrity, diversity, experience, sound judgment in areas

relevant to the Company's businesses, and willingness to commit sufficient time to the Board, all in the context of an assessment of the perceived needs of the Board at that point in time. Maintaining a balanced experience and knowledge base within the total Board includes considering whether the candidate: (i) is a senior operating executive in a company engaged in the capital and industrial goods industries; (ii) has significant executive management experience for multinational business operations; (iii) has extensive knowledge and experience in financial services

and capital markets; (iv) has substantial knowledge of the Company and its business; and (v) has unique knowledge and experience and can provide significant contributions to the Board's effectiveness. The Board does not have a formal policy regarding director diversity, but considers how the differences in its directors' backgrounds broaden its business perspective. All candidates for director are reviewed in the same manner, regardless of the source of the recommendation. For details on how stockholders may submit nominations for directors, see Other Important Information.

The Governance and Nominating Committee operates under a written charter adopted by the Board that complies with all applicable requirements of the NYSE. A copy of the Governance and Nominating Committee Charter is available at the Company's website, www.terex.com, under About Terex – Investor Relations – Corporate Governance. In addition, a copy of the charter is available in print, without charge, to any stockholder who requests this material from the Company. This charter sets out the responsibilities, authority and duties of the Governance and Nominating Committee.

Director Compensation

The objectives of the Company's compensation program for outside directors are to: (i) attract and retain independent, high caliber outside directors who are not affiliated with the Company and who provide a balanced experience and knowledge base within the Board; (ii) require a meaningful stock ownership in the Company to align the interests of the outside directors with those of the stockholders; and (iii) provide a total compensation opportunity that approximates the 50th percentile of the Benchmark Companies (as defined below).

The compensation program for outside directors has two principal components: (i) an annual retainer for service as a Board member; and (ii) an annual retainer for service on a committee or as Non-Executive Chairman/Lead Director. The program is designed to encourage outside directors to receive a significant portion of their annual retainer for Board service in the Company's Common Stock, to enable directors to defer receipt of their fees and to satisfy the Company's Common Stock ownership objective for outside directors. The program does not include the payment of additional fees per meeting, as each director is expected to prepare for and participate in all meetings during the year and provide a continuous year-round effort regardless of the formal meeting calendar.

Directors who are employees of the Company receive no additional compensation by virtue of their being directors of the Company. All directors of the Company are reimbursed for travel, lodging and related expenses incurred in attending Board meetings, committee meetings and other activities in furtherance of their responsibilities as members of the Company's Board.

Each director receives the equivalent of \$225,000 for service as a Board member (or a prorated amount if a director's service began other than on the day of the Annual Meeting). Each director may elect to receive their fee in (i) shares of Common Stock currently, which may be deferred into the stock fund of the Company's Deferred Compensation Plan, (ii) cash currently, (iii) cash deferred into the bond fund of the Company's Deferred Compensation Plan, or (iv) any two of the preceding alternatives in equal amounts. If a director elects to receive shares of Common Stock currently without deferral into the stock fund of the Company's Deferred Compensation Plan, then 40% of this amount is paid in cash to offset the tax liability related to such election. For purposes of calculating the number of shares of Common Stock into which any fixed sum translates, Common Stock is valued at its per share closing price on the NYSE on the day immediately preceding the grant date.

Each director is expected to accumulate (for a new director, over the first four years of Board service), the number of shares of Common Stock that is equal in market value to three times the annual retainer for Board service (\$675,000). Once this ownership objective is achieved, the director is expected to maintain such minimum ownership level. The intent is to encourage acquisition and retention of Common Stock by directors, evidencing the alignment of their interests with the interests of stockholders. Until such time as a director achieves the ownership objective or if a director shall at any time fall below the ownership objective, directors are expected to invest at least \$112,500 per year (or such lesser amount necessary to achieve the ownership objective) in shares of Common Stock until the director has satisfied the ownership objective.

Each director who serves as Non-Executive Chairman/Lead Director or on a committee of the Board receives an annual committee retainer, on the first business day after the Company's Annual Meeting, as set forth in the table below:

Committee/Board Position*

Retainer

Non-Executive Chairman/Lead Director*	\$	50,000	**
Audit Committee Chair	\$	35,000	
Compensation Committee Chair	\$	35,000	
Governance and Nominating Committee Chair	\$	20,000	
Audit Committee Member	\$	10,000	
Compensation Committee Member	\$	10,000	
Governance and Nominating Committee Member	\$	7,500	

* A Committee Chair shall only receive a committee chair retainer and not a committee member retainer as a result of chairing a committee. In the event the Non-Executive Chairman/Lead Director serves on any committees as either a committee chair or committee member, the Non-Executive Chairman/Lead Director will not be eligible to receive any committee retainer other than the Non-Executive Chairman/Lead Director retainer.

** As a result of the Board moving from a Non-Executive Chairman position to a Lead Director position the retainer amount was reduced from \$135,000 in the first quarter of 2019 to reflect this change.

The retainers listed above are payable in cash, and may be deferred into the bond fund of the Company's Deferred Compensation Plan. For a director whose service begins other

than on the day of the Annual Meeting, any retainer is prorated. If the Company does not hold an Annual Meeting

14

DIRECTORS AND GOVERNANCE

by the end of May in any year, then any retainer that is scheduled to be paid following the Annual Meeting shall be paid on the last business day of May.

A director who leaves the Board at any time during the year, for any reason, will retain any retainer payments already received for such year. The Compensation Committee has discretion to authorize the payment of additional fees to any

director under extraordinary circumstances. It is the expectation of the Compensation Committee that it will review the Outside Director Compensation Policy and the outside director compensation programs of the Benchmark Companies every two to four years, although it may review them more frequently as circumstances warrant.

The compensation paid to the Company's outside directors in 2018 is summarized in the following table:

(2) The grant date fair value of each stock award computed in accordance with FASB ASC Topic 718 is the following: Mr. DeFosset, \$225,000 (annual retainer paid on May 14, 2018); Mr. Hansen, \$112,500 (portion of annual retainer paid on May 14, 2018); Mr. Hepler \$134,984 (portion of annual retainer paid on May 14, 2018); Ms. Rush \$134,984 (portion of annual retainer paid on May 14, 2018); Mr. Shaffer, \$225,000 (annual retainer paid on May 14, 2018); Mr. Wang, \$179,992 (portion of annual retainer paid on May 14, 2018); and Mr. Wine, \$225,000 (annual retainer paid on May 14, 2018).

(3) The amount listed in the All Other Compensation Column is the amount of the charitable contribution made by the Company on behalf of the director in accordance with the Company's charitable gift matching program.

Certain Relationships and Related Transactions

The Company intends that all transactions with affiliates are to be on terms no less favorable to the Company than could be obtained in comparable transactions with an unrelated person. The Board will be advised in advance of any such proposed transaction or agreement and will utilize such procedures in evaluating their terms and provisions as are appropriate in light of the Board's fiduciary duties under

Delaware law. In addition, the Company has an Audit Committee consisting solely of independent directors. Pursuant to the terms of the written Audit Committee Charter, one of the responsibilities of the Audit Committee is to review related party transactions. See [Audit Committee Meetings and Responsibilities](#).

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and each person who is the beneficial owner of more than 10% of the Company's outstanding equity securities, to file with the SEC initial reports of ownership and changes in ownership of equity securities of the Company. Specific due dates for these reports have been established by the SEC and the Company

is required to disclose in this Proxy Statement any failure to file such reports by the prescribed dates during 2018. Officers, directors and greater than 10% beneficial owners are required by SEC regulation to furnish the Company with copies of all reports filed with the SEC pursuant to Section 16(a) of the Exchange Act.

To the Company's knowledge, based solely on review of the copies of reports furnished to the Company and written representations that no other reports were required, all filing requirements under Section 16(a) of the Exchange Act

applicable to the Company's officers, directors and greater than 10% beneficial owners were complied with during the year ended December 31, 2018.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth certain information regarding the beneficial ownership of the Common Stock by each person known by the Company to own beneficially more than 5% of the Company's Common Stock, by each director, by each director nominee, by each executive officer of the Company named in the summary compensation table below, and by all directors and executive officers as a group, as of March 1, 2019 (unless otherwise indicated below). Each person named in the following table has sole voting and investment power with respect to all shares of Common Stock

shown as beneficially owned by such person, except as otherwise set forth in the notes to the table. Shares of Common Stock that any person has a right to acquire within 60 days after March 1, 2019, pursuant to an exercise of options or otherwise, are deemed to be outstanding for the purpose of computing the percentage ownership of such person, but are not deemed to be outstanding for computing the percentage ownership of any other person shown in the table.

PROPOSAL 2: ADVISORY VOTE TO APPROVE THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

Pursuant to rules under the Dodd-Frank Act, the Board is asking the Company's stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of the Company's Named Executive Officers as disclosed in this Proxy Statement in accordance with SEC rules.

The Board remains committed to sound corporate governance practices and shares the interest of stockholders in maintaining effective performance-based executive compensation programs at the Company. The Board believes that the Company's executive compensation programs have a proven record of effectively aligning pay with performance and attracting and retaining highly talented executives. The Board strongly encourages you to review the Compensation Discussion and Analysis and compensation tables in this Proxy Statement for detailed information on the extensive processes and factors the Committee considered when establishing performance and pay targets and in making decisions regarding actual payouts under the Company's short and long-term performance based incentive plans. Accordingly, the Board recommends that stockholders vote FOR the following resolution:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2019 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2018 Summary Compensation Table and the other related tables and disclosure.

The say-on-pay vote is advisory, and therefore not binding on the Board. Although non-binding, the Board and the Committee will review and consider the voting results when making future decisions regarding the Company's executive compensation programs.

The Board recommends a vote FOR the approval of the advisory resolution on executive compensation.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee of the Board (the Committee) continually reviews the compensation programs for the Company's executive officers, including the Named Executive Officers (as defined in the Executive Compensation section below), to ensure they achieve the desired goals of aligning the executive compensation structure with the Company's stockholders' interests and current market practices. The Company's executive compensation programs are based on the following core principles:

- be competitive with peers to effectively attract and retain talented executives;
- achieve a balance between short-term and long-term compensation;
- align executive pay with Company and stockholder performance;
- foster an ownership culture through the use of equity awards in order to align the interests of executives and stockholders; and
- address the volatility and cyclical nature of the Company's business and industry.

The Company's results in 2018 and actions taken by the Committee since January 1, 2018 demonstrate the Committee's commitment to paying for performance and illustrate how the executive compensation program responds to business challenges and the marketplace. Key highlights include the following:

Earnings per share more than doubled in 2018 as compared with 2017.

Operating profit increased more than 50% in 2018 as compared with 2017.

Return on invested capital more than doubled in 2018 as compared with 2017.

Three-year total stockholder return from 2016- 2018 was approximately 55% (ranked at the 54th percentile in the Benchmark Companies).

Total CEO compensation decreased 14% in 2018 as compared to 2017.

CEO stock award values decreased 8% in 2018 as compared to 2017.

CEO annual incentive compensation decreased 17% in 2018 as compared to 2017.

Our executive compensation program design has resulted in a strong correlation between the Company's total stockholder return and the total realized compensation of the Company's CEO during the last three fiscal years.

Total Realized Compensation represents: Total compensation, as determined under applicable SEC rules, minus (1) the aggregate grant date fair value of performance-based restricted stock awards that have either been forfeited or whose performance has not yet been achieved and (2) the year-over-year change in pension value and nonqualified deferred compensation earnings, plus (3) the grant date fair value of the performance-based restricted stock awards earned (included in the year earned) and (4) the earnings of options exercised in the year exercised. The Committee believes it is important to compare the Company's performance

with the CEO's total realized compensation because the total compensation amount included in the Summary Compensation Table includes several items that are driven by accounting and actuarial assumptions, which are not necessarily reflective of compensation actually realized. CEO total realized compensation utilizes compensation information for Ronald M. DeFeo for 2015 and for John L. Garrison for 2016, 2017 and 2018.

** Total Stockholder Return represents the change in market value of \$100 invested in Terex stock for the period commencing December 31, 2015 through December 31, 2018.

As a result of the Company's strong operating profit and net working capital performance, the bonus payouts to the Named Executive Officers for 2018 were approximately 125% of target.

The compensation granted in 2018 to the Named Executive Officers was predominantly performance-based and/or linked to the Company's equity performance.

The strong performance orientation of the executive compensation program and the rigor of the performance goals set by the Committee has resulted in the forfeiture of previously granted equity awards:

Net amount of approximately \$1.6 million in stock awards granted in 2016, 2017 and 2018 were forfeited in 2019 by the Company's CEO and net amount of approximately \$0.9 million in stock awards granted in 2016, 2017 and 2018 were forfeited in 2019 by the other Named Executive Officers as a result of the Company's failure to achieve performance targets set by the Committee.

The Company continued its long-standing engagement efforts with its stockholders both during and outside of the proxy season.

The Company contacted stockholders representing approximately 23% of the Company's stock in 2018 and approximately 29% of the Company's stock in 2019 to offer them the opportunity to discuss the Company's executive compensation program with the Committee Chairman.

The Committee Chairman conducted discussions with five of the Company's largest stockholders (accounting for approximately 12% of the Company's outstanding shares) in the first quarter of 2018 to discuss the Company's executive compensation program as part of its annual shareholder outreach program.

The Committee Chairman conducted discussions with four of the Company's largest stockholders (accounting for approximately 10% of the Company's outstanding shares) in the first quarter of 2019 to discuss the Company's executive compensation program as part of its shareholder outreach program.

Additionally, all of the Company's stockholders are given the opportunity to participate in a virtual stockholder forum on compensation matters prior to each year's annual meeting of stockholders to ask questions of the Committee's chairperson and provide feedback on the Company's executive compensation program.

In addition to the frequent communication that the Company's CEO and Investor Relations team has with the Company's stockholders, the Company held an analyst visit at its aerial work platforms facility in Redmond, Washington in August 2018.

Based on feedback from the Company's stockholders, one of the annual incentive compensation qualitative targets for 2019 for Mr. Garrison will be based on health, safety and environment (HSE) improvements.

Executive Compensation Program

The Committee is comprised solely of independent directors committed to applying sound governance practices to compensation decisions. The Committee considers a variety of reports and analyses, such as market survey data, compensation tally sheets and compensation data of peer companies, when making decisions regarding target compensation opportunities and the delivery of awards to the Company's executives, including the Named Executive Officers.

The Committee has the sole authority to hire and dismiss the outside compensation consultants to the Committee. For 2018, the Committee retained Pay Governance LLC (Pay Governance), an independent, outside consultant, to support it in determining the compensation of the Company's executive officers. Pay Governance was not given a narrow list of instructions, but rather was engaged to provide the Committee with any and all information and advice that might assist the Committee in performing its duties and analyzing executive pay packages. In accordance with the Guidelines, the Committee's compensation consultant did not provide the Company with any other services.

Pay Governance performed a comprehensive analysis of the compensation practices of the Benchmark Companies and provided the Committee with compensation data, including updates regarding trends in executive compensation that the Committee utilized in making its decisions. The comprehensive analysis performed by Pay Governance indicated that the Committee's mix of target total compensation is in line with typical market practice. In addition, in 2018, the target total cash, target long-term incentives and target total compensation provided to the Company's executives, in the aggregate, were within the range of competitive market practice.

Compensation Objectives and Principles: The objectives of the Company's executive compensation program are to: (i) attract and retain executives with the skills critical to the long-term success of the Company; (ii) motivate and reward individual and team performance in attaining business objectives and maximizing stockholder value; and (iii) link a significant portion of compensation to achieving performance goals and appreciation in the total stockholder return of the Company, so as to align the interests of the executives with those of the stockholders.

The Committee believes that its objectives of pay for performance and retention should be balanced and appropriately competitive with the Company's peers and competitors, so that successful, high-achieving executives will remain motivated and committed to the Company during all phases of the business cycle. The Committee also believes that generally more than half of an executive's total compensation opportunity should be aligned with the

performance of the Company. As executives progress to higher levels in the Company they have a greater ability to affect the Company's results and should have an increasing proportion of their pay linked to Company performance and stockholder returns. Annual and long-term incentive compensation opportunities should provide the appropriate focus on short- and long-term individual and corporate strategic business results. Long-term stock-based compensation opportunities should represent a larger proportion of total compensation for Named Executive Officers than short-term cash-based opportunities. Difficult but achievable annual objectives should be compatible with sustainable long-term performance. The allocation in compensation between short- and long-term compensation is generally based on employment market conditions with an emphasis on attraction and retention, as well as attempting to motivate executive officers to achieve excellent results.

Stockholder engagement: Engagement with its stockholders is a key component of the Company's corporate governance and the Committee believes stockholder engagement is of vital importance in the area of executive compensation as well. The Committee seeks and is open to input from its stockholders regarding the Company's executive compensation program.

The Committee also believes it is important for all stockholders to have the ability to voice their comments or concerns on the Company's executive compensation practices. Accordingly, in 2018 (as in prior years) the Company held its stockholder forum on compensation matters prior to its annual meeting of stockholders giving all stockholders the ability to ask questions of the Committee's chairperson and provide feedback on the Company's executive compensation program. The Committee plans to hold a similar compensation forum immediately prior to the Annual Meeting in a further effort to engage with its stockholders on compensation matters. See page 1 of this Proxy Statement for more information on the Compensation Forum.

The Committee took note of the continued strong stockholder support in recent years reflected in the advisory vote on the compensation of the Company's Named Executive Officers (approximately 94% or more voted in favor in each of the last four years). However, the Committee still believed it was important to continue to engage with stockholders on compensation matters. Consequently, the Committee Chairman met with four of the Company's largest stockholders (accounting for approximately 10% of the Company's outstanding shares) in the first quarter of 2019 to discuss the Company's executive compensation program. Based on these discussions, the Company learned that its stockholders continue to generally approve of the Company's overall executive compensation program and generally understand the

21

COMPENSATION

performance oriented nature of the Company's executive compensation program. The stockholders were very appreciative of the Company's outreach and also offered comments and suggestions about some of the elements of, and performance metrics used in, the Company's executive compensation program. The Committee has taken this feedback

into consideration in its ongoing efforts to improve the Company's executive compensation program and the quality of its compensation disclosures. For example, one of the annual incentive compensation qualitative targets for 2019 for Mr. Garrison will be based on health, safety and environment (HSE) improvements.

Executive Compensation Practices

Peer Group: The Committee designs the Company's total compensation program to be motivational and competitive with the programs of other corporations. The corporations included in the Company's peer group have been selected based on criteria such as:

- having comparable revenues, assets and market capitalization as the Company;
- being from a similar industry with which the Company competes for executives;
- being a manufacturing corporation that may not be in the same industry as the Company but that provides similar returns to their stockholders (collectively, the Benchmark Companies).

In keeping with current best practices, an annual review of the Company's peer group was conducted and the Committee analyzed the composition of the Benchmark Companies. In conducting its annual review in 2018, the Committee determined that all of the Benchmark Companies continued to have revenues that were between one-half and two and a half times the Company's revenue. As a result of this analysis and other analytics conducted by the Committee's consultant and based on the Committee's overall assessment of the Benchmark Companies, the Committee decided not to make any changes to the Benchmark Companies in 2018.

The companies currently comprising the Benchmark Companies are:

Peer Group

AGCO Corporation	Dover Corporation		
American Axle & Manufacturing Holdings, Inc.	Flowserve Corporation	Navistar International Corporation	Tenneco Inc.
Carlisle Companies Inc.	Hubbell Inc.	Oshkosh Corporation	Timken Company
Crane Company	Lennox International Inc.	Pentair Ltd.	Trinity Industries Inc.
Dana Incorporated	The Manitowoc Company, Inc.	Rockwell Automation, Inc.	United Rentals, Inc.
	Meritor Inc.	Roper Technologies Inc.	Westinghouse Air Brake Technologies Corporation

Compensation Recoupment Policy: The Board and Committee included a clawback provision in the Terex Corporation Amended and Restated 2009 Omnibus Incentive Plan (the 2009 Omnibus Plan) and the Terex Corporation 2018 Omnibus Incentive Plan (the 2018 Omnibus Plan) that

allows the Company to recover all or a portion of any incentive award granted or paid to an executive in the event the award is affected by a restatement of the Company's financial results caused by errors, omissions or fraud. This policy is in addition to the requirements of Sarbanes-Oxley.

Stock Ownership Guidelines: The Company has stock ownership guidelines to encourage acquisition and retention of the Company's common stock and to foster an ownership culture, thereby aligning the executives' interests with the long-term interests of the Company's stockholders. These ownership guidelines are based on a multiple of each executive's base salary. Shares that count toward meeting the ownership guideline include shares held outright by the

executive, unvested time-based restricted stock or stock units, unvested performance-based stock where performance has been achieved and any shares acquired through a Company benefit plan. Unearned performance-based shares/units are not counted toward meeting the ownership guideline. The following table shows the Named Executive Officers' ownership levels and their achievement of the relevant target levels as of December 31, 2018:

Named Executive Officer	Total Stock Ownership (\$)	Annual Salary (\$)	Total Stock Ownership versus Annual Salary (#)	Target Ownership Level Guideline (# times base salary)
John L. Garrison	\$13.9 million	\$950,000	14.7 times	6.0 times
John D. Sheehan	\$3.4 million	\$663,000	5.2 times	3.0 times
Steve Filipov	\$3.4 million	\$591,858	5.8 times	2.5 times
Eric I Cohen	\$4.1 million	\$579,649	7.0 times	2.0 times
Matthew Fearon	\$2.2 million	\$515,100	4.3 times	2.5 times

Internal Pay Equity: As is the case with many companies, the Company relied in 2018 more heavily on the management and leadership skills of its CEO than its other Named Executive Officers. The Company relies on the management

and leadership skills of its other Named Executive Officers, but not to the same extent that it relies on its CEO. As a result, its CEO received a significantly greater amount of compensation than the other Named Executive Officers.

Executive Compensation Components

The executive compensation program has three principal components: short-term compensation (base salary and annual incentive), long-term incentive compensation and post-employment compensation, each of which is described below.

While each component of compensation is considered separately, the Committee takes into account the full compensation package afforded by the Company to the individual executive when making its decisions.

TABLE OF CONTENTS

COMPENSATION

Short-Term Compensation

Base Salary: Base salary is determined by evaluating the responsibilities of the position held, the individual's experience in his/her current position, current performance, future potential and the competitive marketplace for executive talent. The Company's objective is to provide its executive officers with competitive base salaries that are, on average, at the median of the Benchmark Companies. Base salaries are reviewed annually to ensure that strong individual performance is reflected in any increase in an executive's base salary level. The Committee approved the following annual base salary levels for the Named Executive Officers in 2018.

Named Executive Officer	Base Salary Effective April 1, 2018	Prior Base Salary
John L. Garrison	\$950,000	\$900,000
John D. Sheehan	\$663,000	\$650,000
Steve Filipov	\$591,858	\$580,253
Eric I Cohen	\$579,649	\$568,283
Matthew Fearon	\$515,100	\$510,000

The Committee believed that the base salary increases to Messrs. Sheehan, Filipov, Cohen and Fearon of 1%-2% were appropriate given the positioning of their base salary levels relative to the market data. In addition, the Committee considered that the Company's executive officers did not receive any salary increase in 2017. The Committee believed that the salary increase for Mr. Garrison was appropriate as he has performed well and even after this increase his base salary was still well below the median of the Benchmark Companies.

The Committee believes that the base salary ranges in 2018 for the Company's Named Executive Officers (as defined below) were, in the aggregate, slightly above the 50th percentile of the Benchmark Companies. In part, this is a reflection of the long tenure with the Company by certain of the Company's Named Executive Officers. This was partially offset by Mr. Garrison's base salary being below the 50th percentile of the Benchmark Companies. Mr. Garrison's approximately three year tenure as CEO of the Company is below the average tenure of a CEO and is a principal reason for Mr. Garrison's base salary being below the 50th percentile of the Benchmark Companies.

Annual Incentive Program: In addition to base salary, each executive officer was eligible to participate in our annual incentive program under the 2009 Omnibus Plan, which was adopted by the Board and approved by the stockholders of Terex in 2009 and 2013. The Committee's objective is to provide the Company's executive officers with an annual incentive opportunity that is competitive with annual incentive target percentage ranges for the Benchmark Companies. The goal of the management annual incentive program is to provide annual incentive opportunity and reward executives when their actions drive the overall performance of the Company. While there is downside risk to the executive in having a performance component that can result in no award, there is also an upside opportunity if the Company and the individual both perform well. This meets the Committee's objective that superior performance that adds value to the

Company and its stockholders should be rewarded and performance that does not meet expectations should have adverse consequences. For 2018, the Committee, in its sole discretion, could decrease or eliminate the payment of an annual incentive award to any participant under certain extraordinary events in accordance with the annual incentive program.

Annual incentive payouts are based upon the Company's performance and the executive's individual performance, both measured against previously determined targets. The individual targets include both financial and non-financial

metrics, and contain individual and Company performance measures. Mr. Garrison's annual incentive target for 2018 was increased to 125% from 120% of his base salary. The Committee believed this change was appropriate as Mr. Garrison's target total cash compensation is still below the median of the Benchmark Companies even after this change. The annual incentive targets of the other executive officers generally range from 60% - 75% of their base salary. The Committee believes this is consistent with its philosophy of paying for superior performance.

In 2018, 80% of the annual incentive target for each of the Named Executive Officers was based upon financial targets determined at the overall Terex consolidated level and the other 20% was based on individual performance metrics. As in prior periods, the Committee determined that no annual incentives would be paid if the Company did not have positive net income in 2018, on an adjusted basis, regardless of whether an executive achieved or exceeded their individual performance targets in 2018.

Named Executive Officer (Other than CEO) Annual Incentive Targets:

Quantitative Targets: As the Company had employed various performance metrics over the past few years that supported the Company's business strategy, the Committee, with the assistance of its compensation consultant, conducted a review of the metrics used by the Company, the Benchmark

24

2019 PROXY STATEMENT

TABLE OF CONTENTS

COMPENSATION

Companies and other manufacturing companies, as well as the number of metrics used by such other companies. The Committee determined that using two performance metrics continued to be most prevalent among both the Benchmark Companies and other manufacturing companies. It was determined that net working capital as a percentage of net sales (NWC) and operating earnings of the Company would be the two financial metrics for the Company s 2018 annual incentive program as they both aligned and supported the Company s business strategy and goals for 2018.

The Committee wanted management focused on driving operating earnings in 2018; therefore, 75% of the quantitative portion of the annual incentive program was based on operating earnings. Operating earnings is calculated as net sales less cost of sales, less selling and general administrative expenses and excluding certain unusual and non-recurring items.

It was also important to the Committee that the Company focus on its working capital; therefore, 25% of the quantitative portion of the annual incentive program was based on NWC. NWC is trade receivables (net of allowance) plus inventory, less trade accounts payable and customer advances, divided

by net sales for the quarter multiplied by four. The NWC amount was calculated on a quarterly basis and performance was measured based on how the Company performed against its annual operating plan targets.

In 2017, the net working capital metric was measured as an absolute number and not as a percentage of sales. The Committee believes NWC is an important metric as strong NWC augments the Company s cash conversion characteristics and performance overall. The Committee modified the metric in 2018 as it believed management should be managing the net working capital levels in relation to the Company s net sales and the revised calculation of NWC was a better way to measure management s success at managing the Company s net working capital levels.

For 2018, the quarterly targeted NWC amounts are set forth below and the targeted operating earnings was \$333 million, which amounts were based upon the 2018 operating plan of the Company, approved by the Board in December 2017. The following tables indicate the correlation between the Company s NWC, the Company s operating earnings performance and the payout percentage of the quantitative portion of the annual incentive target:

25%				75%		
NWC Achievement %					Operating Earnings Achievement (\$ millions)	Operating Earnings Payout Matrix %*
Q1	Q2	Q3	Q4	NWC Payout Matrix % *		
29.8%	26.9%	28.3%	30.1%	0%	Less than \$233	0%
28.8%	25.9%	27.3%	29.1%	25%	\$233	25%
27.8%	24.9%	26.3%	28.1%	50%	\$266	50%
26.8%	23.9%	25.3%	27.1%	75%	\$300	75%
25.8%	22.9%	24.3%	26.1%	100%	\$333	100%
24.8%	21.9%	23.3%	25.1%	125%	\$366	150%
23.8%	20.9%	22.3%	24.1%	150%	\$400 or more	200%
22.8%	19.9%	21.3%	23.1%	175%		
21.8%	18.9%	20.3%	22.1%	200%		

* Results between the thresholds will be interpolated.

Qualitative Targets: Individual performance for each of the executive officers can include all or any combination of segment performance, business unit performance, personal goals, as well as other financial and non-financial measurements and milestones. The CEO is responsible for determining individual performance measurements for each of his direct reports. The individual performance calculation for the executive officers, other than the CEO, is done on a holistic basis in evaluating the achievement of such goals rather than based upon a rigid formula. The difficulty in achieving the targeted goals depends on a variety of factors, some of which are in the executive's control and some of

which are not. These targets are established annually based on the Company's operating plan for the coming year and in conjunction with the executive's annual review by the CEO. If the Company achieves its operating plan objectives for the year, the Committee believes the goals are attainable. Unlike the quantitative targets, the maximum payout percentage for qualitative targets is 100%, although the CEO and the Committee retain discretion to pay up to 120% on a case by case basis for extraordinary performance. This is done in an effort to increase the alignment of the executive's interests and the Company's stockholders.

The Company's NWC for 2018, calculated in accordance with the Company's annual incentive plan, was 19.9%, 18.2%, 22.5% and 23.8% for the first, second, third and fourth quarters of 2018, respectively, which resulted in a payout of 176% of target for this metric. The Company's operating earnings, as adjusted for certain unusual and non-recurring items and calculated in accordance with the Company's annual incentive plan, for 2018 was \$344.1 million,

which resulted in a payout of 117% of target for this quantitative metric. The following table shows the total 2018 annual incentive payout under the 2009 Omnibus Plan, and details the annual incentive amount that was earned for the quantitative and qualitative portions of the 2018 annual incentive award for each of the Named Executive Officers other than the CEO.

Name	Amount for Achievement of NWC	Amount for Achievement of Operating Earnings	Amount for Achievement of Qualitative Targets	Total Annual Incentive Amount
John D. Sheehan	\$ 347,382	\$ 174,186	\$ 98,969	\$ 620,537

* The Committee exercised negative discretion with respect to Mr. Filipov's total annual incentive amount as a result of the performance of the Cranes segment in 2018.

Mr. Garrison Annual Incentive Targets:

Quantitative Targets: Consistent with the other Named Executive Officers, the 2018 quantitative financial performance measure was NWC as a percentage of net sales and operating earnings for Mr. Garrison and represented 80% of his annual incentive target.

Qualitative Targets: The following table provides a detailed listing of the qualitative performance measures that were considered by the Committee and their percentage weighting:

Performance Measure	Weighting of the Qualitative Target (%)	Goals
Safety	15%	Complete mile marker 2 on eight business specific serious injury and fatality roadmaps. Reduce the Company's total recordable incident rate to less than 2.61 and the Company's lost time rate to less than 0.57.
Simplify	20%	Simplify finance and IT through execution of established financial initiatives (implement a common financial chart of accounts, implement a financial performance management system, improve operation and efficiency of Global Business Services through standardization of processes and simplify tax processes).
Execute to Win	40%	Improve the tracking of Commercial Excellence impact so it aligns with the planned impact of market share change and pricing change included in the Company's annual operating

		plan. Execute the strategic sourcing, commercial excellence and life cycle solutions initiatives.
Talent Development	25%	Increase focus on team member engagement. Develop succession plans and organizational opportunities for key positions in the Company. Implement formalized financial training for non-finance leaders. Deliver three Leading for Success programs. Achieve women at Terex targets (1% increase at leader level, 0.5% increase in operational roles and 0.5% increase overall).

Benefits and Perquisites: The Company previously eliminated substantially all perquisites that applied to its executive officers other than benefits which are also provided generally to all other U.S.-based salaried employees, such as Company-paid life insurance and matching contributions in the Company's 401(k) Plan and Employee Stock Purchase Plan, medical, dental and vision plans, flexible spending accounts, long and short-term disability coverage and relocation reimbursements and payments. In addition, executive officers, as well as certain other middle management team members of the Company, may elect to defer compensation and receive matching contributions in one of the Company's deferred compensation plans.

Generally, perquisites granted to executive officers are allocated to their income and they are required to pay income taxes on such perquisites. The Company does not provide a tax gross up on executive perquisites except as they relate to certain relocation benefits or expatriate assignments. In 2018, the Company provided a tax gross up to Mr. Filipov in respect of expatriate benefits in respect of his assignment in Switzerland. The Company also provides these types of expatriate benefits and tax gross ups to many middle management team members, as an inducement for team members and new hires to relocate based on the business needs of the Company.

Long-Term Incentive Compensation

Long-Term Incentive Compensation: One of the primary components of the Company's long-term incentive compensation is the granting of restricted stock and/or cash awards to executive officers, including awards which have a performance-based component. Stock awards have the dual objective of helping to build stockholder value while also serving to retain and motivate the Company's senior leadership. Long-term incentive compensation is designed to provide wealth creation for executives if stockholder value is created.

The Company's objective is to provide its executive officers with long-term incentive awards that are generally above the median of the award level at the Benchmark Companies. Long-term incentive awards may include cash and non-cash components. When determining the size of equity awards, the Committee also believes that there is merit in taking into account the amount of equity that an executive owns in the Company, and the Committee undertook an extensive review in 2018 of the equity ownership in the Company of each of the executives. However, the overriding

factor in determining the size and amount of equity grants is ensuring that grants are motivational and measurable, while providing competitive equity grants that are determined based on grant date economic

value. The Committee also takes into account that the Company competes for corporate management talent in high cost of labor areas when determining the size and amount of equity grants. In 2018, the long-term incentive awards to the Named Executive Officers were, in the aggregate, above the median of the award level at the Benchmark Companies.

In 2018, the long-term compensation awards granted by the Company consisted of time-based restricted stock awards and performance-based restricted stock awards. The award values for the named executive officers, including Mr. Garrison, were reduced in 2018 by approximately 10% from the 2017 award amounts. This decision was made by the Committee after considering the Company's performance, the Company's size following recent divestitures, the award levels of the Benchmark Companies and the equity ownership in the Company of each of the executives.

For each of the executive officers, other than Mr. Garrison, the allocation of the economic value assigned to the time and performance based components of the long-term incentive awards granted in 2018 were intended to each be approximately 50% of the total long-term incentive award value. The

27

2019 PROXY STATEMENT

COMPENSATION

long-term incentive award for Mr. Garrison was more heavily performance-based than that of the other executives because the Committee believes that he is the executive with the highest level of decision-making in the Company and, therefore, has the greatest potential impact on the Company's

overall performance. As a result, the Committee believes his compensation should be more heavily weighted to the Company's overall performance than that of the other executive officers with 65% allocated to performance-based restricted stock and 35% allocated to time-based restricted stock.

Long-Term Incentive Awards

Named Executive Officer	Performance-Based	Time-Based
John L. Garrison	65%	35%
John D. Sheehan	50%	50%
Steve Filipov	50%	50%
Eric I Cohen	50%	50%
Matthew Fearon	50%	50%

2018 Long-Term Incentive Awards: The Company's policy is to make grants of long-term incentive awards in the first quarter of each calendar year, shortly after the Company's prior year's results are finalized and both the results and earnings guidance for the coming year are released publicly.

Following that policy, in March 2018, the executive officers were granted long-term incentive awards. The grants for the executives contained both time-based awards and performance-based awards. Each time-based award will vest solely on the passage of time over a three-year period, with one-third of the time-based award vesting on March 8 of each of 2019, 2020 and 2021, to the extent the executive is still employed with the Company.

As in previous years, the performance-based awards were generally split between two performance metrics. For 2018, the Committee approved using both total shareholder return (TSR) and return on invested capital (ROIC) as the performance metrics for the performance-based awards.

The Committee continued to believe that TSR was an appropriate performance measure as it closely aligns this portion of executive pay with stockholder performance. The Committee determined that ROIC was an appropriate performance measure for long-term incentive awards. ROIC is one of the primary measures to assess operational performance, as it measures how effectively the Company uses money invested in its operations, and the Committee believes this is a metric that is strongly aligned with longer-term performance and decision making. ROIC highlights the level of value creation when compared to the Company's cost of capital. The after tax measurement of ROIC is important because the Committee believes tax planning and management are important components of the Company's overall performance.

Each long-term incentive award included two performance-based awards. The first performance-based award (the ROIC Award) is generally contingent upon the Company achieving a targeted ROIC in each of 2018, 2019 and 2020 (the ROIC Target). For each of 2018, 2019 and 2020, the proportionate target amount will be received if the Company achieves its ROIC Target for such year, with the amount subject to

increase or decrease for attainment above or below the ROIC Target for such year. The ROIC Target for 2018 was 15.7%. As a result of the Company's performance, the executives earned approximately 120% of the 2018 portion of the performance-based award. The ROIC Targets for 2019 and 2020 will be based upon the operating plan approved

by the Board for the applicable year. The executive will earn 100% of the ROIC Award for a particular year if the Company achieves the ROIC Target for such year. Any earned portion of an award will not be paid until the end of the three-year performance period. For performance that fails to meet the ROIC Target, less than 100% of the ROIC Award will be received, with the actual payment amount corresponding directly with the level of achievement under the target (e.g., 90% achievement would result in a 75% payment, 80% achievement would result in a 50% payment, 70% achievement would result in a 25% payment and less than 70% achievement would result in no payment). Alternatively, for performance that exceeds the ROIC Target, greater than 100% of the ROIC Shares will be received, with the actual payment amount corresponding directly with the level of achievement in excess of the target (e.g., 110% achievement would result in a 125% payment, 120% achievement would result in a 150% payment, 140% achievement would result in 200% achievement and greater than 140% achievement is capped at a payment of 200%). The Committee, together with its independent consultant, did a thorough review of the long-term incentive awards granted by the Benchmark Companies. The Committee believes the Company's performance award payout structure and performance ranges support the cyclical nature of our industry and closely aligns with the threshold levels of the Benchmark Companies.

The second performance-based award (the TSR Award) is contingent upon the Company achieving a percentile rank of 50th (the TSR Target) against the Benchmark Companies for three year annualized total stockholder return (TSR) for the period January 1, 2018 through December 31, 2020. TSR combines share price appreciation and dividends paid to measure the total return to shareholders. TSR is calculated by adding the change in a company's stock price during a specified time period to any dividends paid by such company

28

during the time period and dividing that sum by the stock price of such company at the beginning of the period. The amount of shares earned will be based on the performance attainment as contained in the table below.

	TSR Award Performance	Payout
Below		
Threshold	< 30 th Percentile	0%
Threshold	30 th Percentile	25%
Target	50 th Percentile	100%
Maximum	≥ 80 th Percentile	200%

The Committee, together with its independent consultant, did a thorough review of the TSR awards granted by the

Benchmark Companies. The Committee believes the Company's performance award payout structure and performance ranges for the TSR awards supports the cyclical nature of our industry and closely aligns with the threshold, target and maximum levels of the Benchmark Companies.

The Committee believes that the three year period for these awards and these performance metrics helps motivate long-term decision making and better aligns the interests of the executives and the Company's stockholders. No shares earned prior to the end of the three-year period are paid out until after the end of the three-year period.

Post-Employment Compensation

Retirement Plans and Life Insurance: The Company offers a variety of mechanisms for its executive officers to plan for their retirement. These plans are offered to attract and retain executive officers by offering them benefits similar to those offered by the Benchmark Companies. The retirement plans offered by the Company to its executive officers generally include a 401(k) plan, which is also offered to most of the Company's U.S. based employees, a deferred compensation plan, an ERISA excess plan, a defined benefit supplemental executive retirement plan (DB SERP) and a defined contribution supplemental executive retirement plan (DC SERP), and together with the DB SERP, the SERPs). The DB SERP is closed to new participants. A senior executive participating in the DB SERP is not eligible to participate in the DC SERP. See Pension Benefits for a description of the SERPs and Nonqualified Deferred Compensation for a description of the Company's deferred compensation plan.

In addition, each executive officer receives a life insurance benefit that provides his or her family with a core level of security in case of the premature death of the executive

officer. The Company provides each executive officer with a group life insurance benefit that is approximately two times his or her base salary, up to a maximum of \$900,000.

Termination of Employment and Change in Control Arrangements: Each of the Named Executive Officers is a party to a Change in Control and Severance Agreement with the Company (collectively, the Executive Agreements). The Company does not have any agreements that contain excise tax gross ups.

The Executive agreements provide the executive officers with a core level of assurance that their actions on behalf of the Company and its stockholders can proceed without the potential distraction of short-term issues that may affect the Company (e.g., merger, buyout, etc.) and helps ensure that they continue to act in the best interests of the Company. In

addition, these agreements contain measures that protect the Company as well, such as confidentiality, non-compete and non-solicitation provisions. The key terms of these agreements are generally customary provisions for agreements of this type and are described below in Potential Payments Upon Termination or Change in Control.

Mr. Henry also served as the Company's Director of Investor Relations. Mr. Henry has been employed by the Company since 1993. From 1990 to 1993, Mr. Henry was employed by KCS Industries, L.P. and its predecessor, KCS Industries, Inc., an entity that until December 31, 1993, provided administrative, financial, marketing, technical, real estate and legal services to the Company and its subsidiaries.

Kevin A. Barr became the Chief Human Resources Officer for the Company on September 25, 2000 and has held the title Senior Vice President, Human Resources of the Company since January 3, 2006. Prior to joining the Company, Mr. Barr served

as the Chief Human Resources Officer at DBT Online since 1998. From 1995 to 1998, Mr. Barr was at Nabisco, Inc. as Vice President-Human Resources, Asia/Pacific. Prior to that, Mr. Barr served as Vice President-Human Resources, Asia/Pacific and Latin America with Dun and Bradstreet Corporation from 1990 to 1995, and in various human

resources executive positions at Chase Manhattan Bank, N.A. from 1981 to 1990.

Matthew Fearon was named President, Terex Aerial Work Platforms (AWP) on January 14, 2013. Mr. Fearon also has responsibility for the Company's operations in Latin America and China. Previously, Mr. Fearon had been serving as Vice President and General Manager of the AWP Americas business since October 2010. Prior to that, Mr. Fearon was Managing Director of AWP Europe since March 2007. Mr. Fearon joined Genie Industries, Inc. in 1995, which was acquired by Terex in 2002 and Mr. Fearon has held a number of operating positions of increasing responsibility since 1995.

Stoyan (Steve) Filipov was named President, Terex Cranes on October 25, 2016 and was President, Terex Material Handling & Port Solutions from January 14, 2013 until the sale of the Material Handling & Port Solutions business to Konecranes Plc on January 4, 2017. Previously, Mr. Filipov had been serving as President, Developing Markets and Strategic Accounts since January 16, 2008. Prior to that, Mr. Filipov had been serving as President, Terex Cranes since January 1, 2004. At that time, Mr. Filipov had been serving as President of the international operations for Terex Cranes since July 1, 2002. Prior to that, Mr. Filipov held various other positions with a number of the Company's international businesses. Mr. Filipov started with the Company on September 1, 1995 as Export Manager for one of the Company's crane operations in France.

Kieran Hegarty was named President, Terex Materials Processing in March 2010. Prior to that, Mr. Hegarty had been serving as Vice President, Terex Materials Processing since January 2006. Previously, he held various general management positions within the Powerscreen group of companies since 1992.

The 2017 amounts for Messrs. Garrison, Cohen, Filipov and Fearon reflect retention bonuses granted in the first (1) quarter of 2016 in response to the uncertainties of the original Konecranes merger of equals transaction and the Zoomlion unsolicited all cash offer. These bonuses were paid in the fourth quarter of 2017.

See Note P – Stockholders' Equity in the Company's Annual Report on Form 10-K for the year ended December 31, (2) 2018 for a detailed description of the assumptions that the Company used in determining the dollar amounts recognized for financial statement reporting purposes of its stock awards.

The amounts listed in the Stock Awards column are the aggregate grant date fair value amounts computed in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic (3) 718. The amounts listed in the Stock Awards column include awards that are subject to performance conditions. For the 2018 awards, if the maximum performance is achieved, the stock award amounts for Messrs. Garrison, Sheehan, Filipov, Cohen and Fearon would be \$10,871,067 \$2,902,120, \$1,823,127, \$1,823,127 and \$1,488,267, respectively.

The 2018, 2017 and 2016 amounts for Messrs. Garrison, Filipov, Cohen and Fearon and 2018 and 2017 amounts (4) for Mr. Sheehan, as applicable, reflect annual incentive awards earned during fiscal years 2018, 2017 and 2016, respectively, under the Omnibus Plan.

The amount in this column for Messrs. Cohen and Filipov reflects the actuarial increase in the present value of (5) their benefits under all defined benefit pension plans. No Named Executive Officer received preferential or above-market earnings on deferred compensation in 2018.

As part of its competitive compensation program, the Company in 2018 provided its Named Executive Officers with certain perquisites and other personal benefits. The amounts listed below are the aggregate incremental cost of the benefits and perquisites paid by the Company. The aggregate (6) incremental cost to the Company is computed as the actual out-of-pocket cost to the Company of supplying such perquisite. For example, the amount listed under the Company Paid Life Insurance column is the amount that the Company paid to a third party as a result of providing the life insurance to the Named Executive Officer. As part of their compensation, each of the Named Executive Officers in 2018 received the benefits and perquisites listed in the table below:

Name	Disability Premiums	401(k) Matching Contribution	Employee Stock Purchase		Dividends on Stock Awards*	Other**	Total

- The target award levels established for the annual incentive program are established annually in the first quarter and are expressed as a percentage of the Named Executive Officer's base salary. See Compensation Discussion and Analysis under the heading Annual Incentive Program for a description of the annual incentive bonus program. The amounts reflected in the Estimated Future Payouts Under Non-Equity Incentive Plan Awards
- (1) columns represent the threshold, target and maximum amounts for awards under the annual incentive bonus program that were paid in March 2019, based on performance in 2018. Thus, the amounts shown in the threshold, target and maximum columns reflect the range of potential payouts when the target award levels were established in the first quarter of 2018. The actual amounts paid pursuant to those awards are reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.
- The amounts reflected in the Estimated Future Payouts Under Equity Incentive Plan Awards columns represent the threshold, target and maximum amounts for performance share awards granted in 2018. The first performance share award is subject to the Company achieving certain ROIC targets and the second performance share award is subject to the Company achieving certain TSR targets. The performance share awards pay \$0 for performance below threshold. These performance shares will vest in full in 2021 if the target performance criteria are satisfied.
- (2) For a description of the process for determining target award levels and the terms of the performance share awards, please refer to Compensation Discussion and Analysis under the heading Long-Term Incentive Compensation. Upon the earliest to occur of certain changes in control of the Company or the death or disability of the recipient of the grant, any unvested portion of such performance shares shall vest immediately. Dividends, if any, are paid on earned performance shares at the same rate as paid to all stockholders.
- The amounts in this column reflect the time-based restricted stock awards granted in 2018. For a description of the process for determining award levels and the terms of such awards, see Compensation Discussion and Analysis under the heading Long-Term Incentive Compensation. Upon the earliest to occur of certain changes in
- (3) control of the Company or the death or disability of the recipient of the grant, any unvested portion of such restricted stock award shall vest immediately. Dividends, if any, are paid on restricted stock awards at the same rate as paid to all stockholders.
- The grant date fair value of the equity awards granted in 2018 was calculated in accordance with ASC 718. For a
- (4) description of the assumptions made in valuing the equity awards see Note P – Stockholders' Equity in the Company's Annual Report on Form 10-K for the year ended December 31, 2018.
