ABOUT THE ANNUAL MEETING

Why did I receive a one-page “Notice of Internet Availability of Proxy Materials” in the mail rather than a full set of proxy materials?

The Securities and Exchange Commission (“SEC”) rules allow companies to provide stockholders with access to proxy materials over the Internet rather than by mailing the proxy materials to stockholders. To conserve natural resources and reduce costs, we are sending a Notice of Internet Availability of Proxy Materials (the “Notice”) to many of our stockholders. The Notice provides instructions for accessing the proxy materials online or for requesting printed copies of the proxy materials. The Notice also provides instructions for requesting the delivery of the proxy materials for future annual meetings in printed form by mail or electronically by email.

Why did I receive these proxy materials?

The Company’s Board of Directors (the “Board”) is providing these proxy materials to you in connection with the Board’s solicitation of your proxy to vote at the 2019 Annual Meeting of Stockholders, which will take place on May 23, 2019. As a stockholder of the Company on the record date, you are entitled to vote your shares at the Annual Meeting. This proxy statement provides information relevant to your vote on the matters that will be considered at the Annual Meeting.

What is the purpose of the Annual Meeting?

There are currently three (3) proposals scheduled for consideration and vote at the Annual Meeting:

1. The election of three directors, namely, (a) two Class III directors, each to serve a three-year term expiring in 2022, and (b) one Class II director, to serve the remainder of his two-year term expiring in 2021;
2. A non-binding proposal to approve the compensation of our named executive officers as disclosed in this proxy statement (the “say-on-pay” vote); and
3. The ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the year ending December 31, 2019.

Could other matters be considered and voted upon at the meeting?

Our Board does not expect to bring any other matter before the Annual Meeting and is not aware of any other matter that may be presented for consideration at the meeting. In addition, pursuant to our By-laws, the time has elapsed for any stockholder to properly bring a matter before the meeting. However, if any other matter does properly come before the meeting, the proxy holders will vote the proxies at their discretion.

How many votes may stockholders cast?

Each share of common stock that was outstanding on the record date is entitled to one vote on each matter submitted to a vote at the Annual Meeting. As of the record date, there were 28,751,715 shares of common stock outstanding and entitled to vote at the Annual Meeting.

How many shares must be present to hold the Annual Meeting?

A majority of the outstanding shares of common stock must be present, in person (at the physical address or at the virtual meeting online) or represented by proxy, at the Annual Meeting in order to hold the Annual Meeting and conduct business. This is called a “quorum.” In determining whether a quorum exists, the inspector of elections will

count as present shares owned by holders who are present but abstain from voting, shares owned by stockholders who do not vote on one or more proposals, withheld votes, and broker non-votes (see What is a “broker non-vote”? below).

5

Edgar Filing: Orion Group Holdings Inc - Form DEF 14A

What are my voting options for each proposal? How does the Board of Directors recommend that I vote? How many votes are required to approve each proposal? How are the votes counted?

Proposal	Election of Directors	Say-on-Pay (advisory)	Ratification of Selection of Auditors
Your Voting Options	You may vote “FOR” or “AGAINST” the nominees or you may “ABSTAIN” from voting.	You may vote “FOR” or “AGAINST” this proposal or you may “ABSTAIN” from voting.	You may vote “FOR” or “AGAINST” this proposal or you may “ABSTAIN” from voting.
Recommendation of the Board of Directors	The Board recommends you vote “FOR” each of the nominees.	The Board recommends that you vote “FOR” the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement.	The Board recommends that you vote “FOR” ratification of our selection of KPMG LLP as our independent registered public accounting firm for 2019.
Vote Required for Approval	plurality of the votes cast (but see the note below on our “Majority Voting Policy in Director Elections”)	affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the proposal	affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the proposal
Effect of Abstention	no effect	will count as a vote AGAINST this proposal	will count as a vote AGAINST this proposal
Effect of Broker Non-Vote	no effect	no effect	not applicable (this is a routine matter for which brokers have discretionary voting authority)

Majority Voting Policy in Director Elections. Although our directors are elected by plurality vote, our Board has adopted a majority voting policy. Each of our current directors, including the director nominees, has delivered an irrevocable resignation letter that the Board has the power to accept or decline in the event that the director does not receive more “FOR” than “AGAINST” votes in an uncontested election. Abstentions are disregarded with respect to the determination of the outcome of director elections. We have provided more information about our majority voting policy under the heading “Proposal No. 1 — Election of Directors.”

Any Other Matters. Any other matter properly brought before the Annual Meeting will be decided by the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the matter, unless a different vote is required by statute, NYSE listing standards, or our Certificate of Incorporation or By-laws.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Many of our stockholders hold their shares through a broker or other nominee rather than in their own name. As summarized below, there are several distinctions between shares held of record and those held beneficially.

Stockholders of Record. If your shares are registered in your name with the Company’s transfer agent, American Stock Transfer & Trust, you are the stockholder of record of those shares.

Beneficial Owners. If your shares are held in a bank account, brokerage account, or by another nominee, you are the beneficial owner of those shares, and your bank, broker, or nominee (your “broker”) is the stockholder of record.

How do I vote?

Stockholders of Record. If you are a stockholder of record, you may vote in any of the following ways:

- (1) Online at www.proxyvote.com;
- (2) By telephone, by calling 1-800-690-6903;
- (3) If you received a paper copy of our proxy materials, by mail, by signing, dating and mailing the proxy card in the enclosed postage-paid envelope, which must be received by the date indicated on the proxy card; or
- (4) During the Annual Meeting by your attendance in person at the physical address or through our link at www.virtualshareholdermeeting.com/orn2019.

If you are planning to attend the Annual Meeting in person at the physical address, please see “Requirements for Attending the Annual Meeting in Person.” If you are planning to attend the Annual Meeting online, you must use the multi-digit Control Number provided in your proxy materials to access the virtual stockholder meeting site.

Beneficial Owners. If you are a beneficial owner, you should refer to the proxy card or voting instruction form you received from your broker for an explanation of the voting options that are available to you. If you wish to vote shares that you beneficially own online during the Annual Meeting, you must request, complete, and deliver a proxy from your broker as directed in the materials provided by your broker.

Can my shares be voted if I do not provide voting instructions?

Stockholders of Record. If you are a stockholder of record and do not deliver a proxy or otherwise vote your shares, your shares will not be voted. However, if you execute a proxy or cast a vote (whether online, by telephone, or by proxy card) without giving instructions as to how to vote on one or more proposals, your shares will be voted in accordance with the Board's recommendations on the proposals for which you have not provided specific voting instructions.

Beneficial Owners. If you are a beneficial owner and do not provide your broker with specific voting instructions, your shares will not be voted on any proposal as to which your broker does not have discretionary authority to vote. Brokers generally only have discretionary authority to vote shares held in street name on "routine" matters. The proposal to ratify the retention of the independent registered public accounting firm is considered a routine matter. The election of directors and the say-on-pay vote are non-routine matters; therefore, if you do not provide voting instructions to your broker on those proposals, your shares will not be voted on those proposals.

What is a "broker non-vote"?

A "broker non-vote" occurs when a broker holding shares for a beneficial owner submits a proxy that votes the shares on one or more proposals but does not vote (the "broker non-vote") on non-routine matters with respect to which the beneficial owner has not given voting instructions. As noted above, if you are a beneficial owner and do not provide voting instructions, the only matter proposed in this proxy statement on which your broker may vote is the ratification of our selection of auditors. If you hold your shares through a broker, bank, or nominee, please follow their instruction as to how to provide them with specific voting instructions.

Can I change or revoke my vote?

Yes. You may revoke your proxy or change your vote at any time before it is voted at the Annual Meeting by (1) filing a written revocation with the Corporate Secretary at the Company's executive offices, (2) submitting online, by mail, or by phone a duly executed proxy bearing a later date, or (3) changing or revoking your vote either in person at the physical meeting site or online at www.virtualshareholdermeeting.com/orn2019 any time before voting is closed at the Annual Meeting.

Who are the proxies?

In connection with the solicitation of proxies for the Annual Meeting, the Board has appointed Mark R. Stauffer, Peter R. Buchler and Robert L. Tabb as proxies. All properly executed proxies that specify how the stockholder wishes to vote his or her shares will be voted in accordance with those instructions.

Who will count the votes?

The Company has appointed Broadridge Financial Solutions, Inc. ("Broadridge") to tabulate the votes and act as the Inspector of Elections.

When will the voting results be announced?

We will announce preliminary voting results at the Annual Meeting and will publish the final results in a current report on Form 8-K filed with the SEC within four business days following the meeting, which will be available on our website at www.oriongroup Holdings Inc.com.

Who pays for the cost of the proxy solicitation?

The Company bears the expense of preparing, printing, mailing, and distributing the proxy materials. In addition to this solicitation by mail, directors, officers, and other employees of the Company may, without additional compensation, solicit the return of proxies by telephone, mail, facsimile, email, or other means. The Company will request that brokers and other nominee holders of common stock furnish proxy materials to their beneficial owners. The Company will reimburse such brokers and other nominees for their reasonable out-of-pocket expense in doing so.

7

What is “householding”?

Under the rules adopted by the SEC, we may deliver a single set of proxy materials to one address shared by two or more of our stockholders. This delivery method is referred to as “householding” and can result in significant cost savings. To take advantage of this opportunity, we have delivered only one set of proxy materials to multiple stockholders who share the same address, unless we received contrary instructions from the impacted stockholders prior to the mailing date. We agree to deliver promptly, upon written or oral request, a separate copy of the proxy materials, as requested, to any stockholder at the shared address to which a single copy of these documents was delivered. If you prefer to receive separate copies of the proxy statement or annual report, contact: Broadridge Financial Solutions, Inc. by calling 1-866-540-7095 or in writing at 51 Mercedes Way, Edgewood, New York 11717, Attention: Householding Department.

In addition, if you currently are a stockholder who shares an address with another stockholder and would like to receive only one copy of future notices and proxy materials for your household, you may notify your broker if your shares are held in a brokerage account or, if you are a stockholder of record, you may notify us through Broadridge at the above-listed phone number or address.

DISCUSSION OF THE PROPOSALS

PROPOSAL NO. 1 — ELECTION OF DIRECTORS

At the Annual Meeting, stockholders will be asked to elect three (3) members of our Board. Under our By-Laws, the Board may determine by resolution the number of directors that the Company will have. The size of the Board is currently set at seven (7) persons.

Our Certificate of Incorporation and By-Laws provide for a classified Board of Directors, divided into three classes, with each class serving a staggered three-year term. As a result, stockholders generally elect one-third of our Board each year.

Three of our current directors are serving a term that expires at the 2019 Annual Meeting – each of our two Class III directors, Austin J. Shanfelter and Mary E. Sullivan, and one of our Class II directors, Michael J. Caliel. Both Ms. Sullivan and Mr. Caliel were first appointed by the Board as directors effective January 1, 2019. On the recommendation of its Nominating and Governance Committee, the Board has nominated each of these three directors for reelection, specifically, (1) each of Mr. Shanfelter and Ms. Sullivan for election as a Class III Director, to serve a three-year term expiring at the 2022 Annual Meeting, and (2) Michael J. Caliel for election as a Class II director, to serve the remaining two-years of the term expiring at the 2021 Annual Meeting.

Each director nominee has indicated his or her willingness to serve the full directorship term for which he or she has been nominated. However, if, prior to the Annual Meeting, any one or more of these three director nominees should become unwilling or unable to serve, then (i) the shares represented by proxy will be voted for the election of such other person as may be designated by the Board, (ii) the Board may leave the position unfilled, or (iii) the Board may reduce the authorized number of directors, as provided in our By-Laws.

Please see “The Board of Directors and its Committees” below for information about the director nominees and the other current members of the Board, each of whom will continue to serve following the Annual Meeting.

Directors are elected by plurality vote; however, our Board has adopted a majority voting policy in uncontested elections. Each of our current directors, including all three director nominees, has delivered an irrevocable resignation letter for the Board’s consideration in the event that he does not receive more “FOR” than “AGAINST” votes in an uncontested election. If an incumbent director fails to receive the required vote for re-election, our Board, after considering the recommendation of its Nominating and Governance Committee and any factors it deems relevant, will determine whether to accept the resignation. Any director whose resignation is under consideration will abstain from

participating in that decision.

The Board unanimously recommends that you vote “FOR” election of each of the three director nominees.

**PROPOSAL NO. 2 — ADVISORY VOTE ON EXECUTIVE COMPENSATION
 (“SAY-ON-PAY” PROPOSAL)**

We are seeking stockholder approval of the compensation of our executive officers (our “Named Executive Officers” or “NEOs”) as disclosed in this proxy statement. This disclosure includes the Compensation Discussion and Analysis (“CD&A”), the compensation tables, and the accompanying narrative compensation disclosures. This non-binding advisory proposal, commonly known as a “say-on-pay” proposal, is required under Section 14A of the Securities Exchange Act of 1934 (the “Exchange Act”). Stockholders are asked to vote on the following resolution:

“RESOLVED, that the compensation paid to the Company’s Named Executive Officers, as disclosed in the Company’s proxy statement for the Company’s 2019 Annual Meeting of stockholders pursuant to Item 402 of Regulation S-K of the rules of the Securities and Exchange Commission, is hereby APPROVED.”

8

Our core executive compensation philosophy and practice are based on a pay-for-performance philosophy, balancing a fixed base salary with annual cash and long-term equity incentive opportunities. We believe that our compensation program is strongly aligned with the long-term interests of our stockholders. In considering how to vote on this proposal, we encourage you to review all of the relevant information in this proxy statement including our CD&A (including its Executive Summary), the compensation tables, and the rest of the narrative disclosures regarding our executive compensation program.

Because this is an advisory vote, it will not be binding on the Board and it will not directly affect or otherwise limit any existing compensation or award arrangement of any of our NEOs. However, we understand that our executive compensation practices are important to our stockholders. Our Compensation Committee will consider the outcome of this vote when considering future executive compensation arrangements.

The Board unanimously recommends that you vote “FOR” approval of this say-on-pay proposal.

PROPOSAL NO. 3 — APPROVAL OF THE APPOINTMENT OF KPMG LLP

The Audit Committee has recommended, and the Board subsequently approved the appointment of KPMG LLP (“KPMG”) as the Company’s independent registered public accounting firm (our “independent auditor”) to perform the audit of the Company’s financial statements for 2019. KPMG was the Company’s independent auditor for the fiscal years ended December 31, 2017 and 2018. Although ratification is not required by our Bylaws or otherwise, our Board is submitting the selection of KPMG to our stockholders for ratification as a matter of good corporate practice. If the stockholders do not ratify the appointment of KPMG by the affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the proposal, the audit committee will reconsider the selection of the independent auditors.

Abstentions will be counted as votes against this proposal. Because this is a discretionary proposal, shares held by brokers, banks and other nominees may be voted with respect to this proposal even if the beneficial owner of such shares does not provide voting instructions. With respect to shares held of record, if no voting specification is made on a properly returned or voted proxy card, the proxies named in the proxy card will vote FOR ratification of the appointment of KPMG as our independent public accounting firm for fiscal 2019.

Representatives of KPMG are expected to be in attendance at the Annual Meeting, will have the opportunity to make a statement if they so desire, and are expected to be available to respond to appropriate questions from stockholders.

The Board unanimously recommends that you vote “FOR” the approval of the appointment of KPMG LLP as the Company’s independent registered public accounting firm for 2019.

CORPORATE GOVERNANCE

We conduct our business under the direction of our Board. Members of the Board devote the time, energy, and attention as necessary to ensure diligent performance of their duties. The Board has adopted corporate governance practices designed to aid the Board and management in the fulfillment of their respective duties and responsibilities to our stockholders.

Corporate Governance Guidelines

Our Corporate Governance Guidelines, first adopted by the Board in 2007, work together with our Certificate of Incorporation, By-laws, and Board committee charters to form the framework for the governance of the Company. These Guidelines set forth the practices the Board follows in making decisions regarding board composition and selection, the frequency of board meetings, involvement of senior management in board meetings, Chief Executive Officer performance evaluation and succession planning, compensation and board committees.

Code of Ethics

The Company has adopted a code of ethics that applies to its senior accounting and financial officers, including the Chief Executive Officer and Chief Financial Officer, as required by the rules of the SEC and Rule 406 of the Sarbanes-Oxley Act of 2002. The Code of Ethics, as well as other governance documents, is available as described below under “Website Availability of Governance Documents.” Any changes in, or waivers to, the Code of Ethics for the Company’s directors, executive officers, and certain senior financial officers are posted on the Company’s website within five business days and maintained for at least twelve months.

Website Availability of Governance Documents

You can access our Certificate of Incorporation, By-laws, Code of Business Conduct and Ethics, Corporate Governance Guidelines, and Stockholder Communication Policy, as well as the Audit, Nominating and Governance, and Compensation Committee Charters under “Corporate Governance” in the “Investors” section of our website at www.oriongroup Holdingsinc.com. Information contained on the Company’s website or any other website is not incorporated into this proxy statement and does not constitute a part of this proxy statement. Additionally, any stockholder who so requests may obtain a printed copy of the governance documents from our Corporate Secretary at the address indicated on the first page of this proxy statement.

For more information regarding how to contact the Board, including any committee of the Board, you may access our stockholder communications policy at www.oriongroupholdings.com/Corporate-Governance.html.

Director Independence

NYSE listing rules require a majority of our directors to be independent. In accordance with these rules, our Board has reviewed the relationships between the Company and each director and has affirmatively determined that, as of the record date, each of Messrs. Amonett, Caliel, Daerr, and Pearson and Ms. Sullivan has no direct or indirect material relationships with the Company or any member of management, and thus each of them satisfies the NYSE's definition of an independent director. Mr. Shanfelter, who has served as a director since 2007, was an independent director prior to his March 22, 2019 appointment as our Interim Chief Operating Officer but no longer satisfies that definition. In addition, Mr. Stauffer, our current President and Chief Executive Officer, is not independent.

Members of the Audit and Compensation Committees must meet heightened standards of independence in accordance with the requirements of the NYSE corporate governance listing standards and SEC rules and regulations. The Board also has determined that each of the members of the Audit, Compensation, and Nominating and Governance Committees has no material relationship with the Company and satisfies the independence criteria (including the enhanced criteria with respect to audit and compensation committee membership) set forth in the applicable NYSE listing standards and SEC rules.

Nomination of Directors

The Board is responsible for nominating a slate of candidates for Board membership, and acts through its Nominating and Governance Committee, to review the composition of the Board, and screen and recruit potential director nominees in consultation with the Chairman of the Board and the Chief Executive Officer. Although the Nominating and Governance Committee has not established specific minimum qualifications for a position on the Board, the Committee seeks candidates who individually demonstrate a high ethical standard, a wide range of business experience at the policy-making level, diversity and the ability to exercise sound and mature judgment in matters that relate to the current and long-term objectives of the Company.

While we do not have a formal policy outlining the diversity standards to be considered when evaluating director candidates, the Nominating and Governance Committee believes that a diversity of background, education, experience and social perspective, as well as independence, and the ability to represent the best interests of all stockholders, contribute to an optimal balance of Board members. Although we believe that the current membership of our Board represents a diversity of thought and perspective, the Board has recognized that the Company can and should do more to broaden diversity of its membership in a more traditional sense (including gender, racial, and ethnic diversity). In furtherance of that commitment, when we most recently considered board refreshment, one of the two individuals appointed as a director, effective January 1, 2019, was Mary E. Sullivan, our first female director. Our Board remains committed to considering diversity issues in evaluating the membership of the Board on a going forward basis.

Board Leadership Structure

Our Chairman of the Board is an independent director. We believe that having a chairman independent of management provides critical and independent thinking with respect to the Company's strategy and long-term objectives. Our President and Chief Executive Officer serves on the Board and provides in-depth understanding of the operations of the Company and the issues, opportunities, and challenges facing the Company.

The Board's Role in Risk Oversight

The members of our Board are actively involved in the oversight of risk that could affect the Company. This oversight is conducted primarily through committees of the Board, as discussed in the charters of each committee and descriptions, below. We have adopted enterprise risk management policies based on the Integrated Framework of the Committee of Sponsoring Organizations ("COSO"). Under these policies, the Chief Executive Officer, Chief Financial Officer, and General Counsel periodically report on the Company's risk management policies and practices to relevant Board Committees and to the full Board. The Audit Committee provides direction on risks identified by management through its annual risk assessment related to financial reporting and internal controls and provides a central oversight role with respect to financial and compliance risks, including compliance with the Foreign Corrupt Practices Act. Our Compensation Committee considers potential risk related to the Company's overall compensation programs and effectiveness at linking executive pay to performance and aligning the interests of our executives and stockholders. Key risks to the Company's operations, liquidity, and strategies are considered by the full Board.

Board/Committee Primary Areas of Risk Oversight

Full Board	Risk management process, structure, and overall policies and practices for enterprise risk management; strategic risks associated with business plans, significant capital transactions, including acquisitions and divestitures; and other significant risks such as major litigation, business development risks and succession planning
Audit Committee	Major financial risk exposure; significant operational, compliance, reputational, and strategic risks
Nominating and Governance Committee	Risks and exposures related to corporate governance, effectiveness of the Board and its committees in overseeing the Company, review of director candidates, conflicts of interest and director independence
Compensation Committee	Risks related to executive recruitment, assessment, development, retention and succession policies and programs; and risks associated with compensation policies and practices, including incentive compensation

Meetings of the Board of Directors

Directors are expected to attend all meetings of the Board and each committee on which they serve, and the Board encourages all its members to attend each Annual Meeting of Stockholders.

The Board of Directors held eight (8) meetings during 2018. Each director, other than Gene G. Stoever, attended 100% of all meetings of the Board of Directors and committees on which he or she served, and all then-current directors attended the 2018 Annual Meeting of Stockholders. Due to health reasons, Mr. Stoever was unable to attend the Annual Meeting of Stockholders nor did he attend three of the eight meetings held in 2018. Mr. Stoever, who served on the Board from 2007 until his resignation effective December 31, 2018, died on January 13, 2019.

Non-management directors meet in executive session on a regular basis, generally at both the beginning and the end of each regularly-scheduled Board meeting. The Chairman of the Board presides over the executive session. In addition, the Audit Committee has adopted a practice of reserving time at each meeting to meet without members of Company management present. The Compensation Committee has adopted a similar practice.

Committees of the Board

The Board has three standing committees; the Audit Committee, the Compensation Committee and the Nominating and Governance Committee. These committees are comprised exclusively of independent directors as defined by the listing standards of the New York Stock Exchange. Each committee is governed by a written charter approved by the Board of Directors. A copy of each charter is available on the Company's website at www.oriongroupholdingsinc.com.

The Audit Committee assists the Board in overseeing our accounting and financial reporting processes and the audits of our financial statements. Pursuant to its charter, the Audit Committee has the following responsibilities, among others:

- To select the independent auditor to audit our annual financial statements;
- To approve the overall scope of and oversee the annual audit and any non-audit services;
- To assist management in monitoring the integrity of our financial statements, the independent auditor's qualifications and independence, the performance of the independent auditor and our internal audit function, and our compliance with legal and regulatory requirements;
- To discuss the annual audited financial statements and unaudited quarterly financial statements with management and the independent auditor;
- To discuss policies with respect to risk assessment and risk management; and
- To review with the independent auditor any audit problems or difficulties and management's responses.

During 2018, Messrs. Amonett, Daerr and Stoever served on the Audit Committee, with Mr. Stoever serving as its Chair. Effective January 1, 2019, following Mr. Stoever's departure from the Board, Ms. Sullivan and Mr. Caliel were each appointed to both the Board and the Audit Committee, with Ms. Sullivan succeeding Mr. Stoever as Chair of the Audit Committee. The Board has determined each of the above to be independent under NYSE listing standards and applicable SEC rules. In addition, Ms. Sullivan meets the relevant standards as an "audit committee financial expert" as defined by SEC rules. During 2018, the Audit Committee met four (4) times. A report by the Audit Committee is presented elsewhere in this proxy statement.

The Compensation Committee supports the Board in fulfilling its oversight responsibilities relating to senior management and director compensation. Pursuant to its charter, the Compensation Committee has the following responsibilities, among others:

- To develop an overall executive compensation philosophy, strategy and framework consistent with corporate objectives and stockholder interests;
- To review, approve and recommend all actions relating to compensation, promotion and employment-related arrangements for senior management, including severance arrangements;
- To approve incentive and bonus plans applicable to senior management and administer awards under incentive compensation and equity-based plans;
- To review and recommend major changes to and take administrative actions associated with any other forms of non-salary compensation; and
- To review and approve or recommend to the entire Board for its approval, any transaction in our equity securities between us and any of our officers or directors subject to Section 16 of the Exchange Act.

During 2018, Messrs. Shanfelter, Daerr, and Stoever were the members of the Compensation Committee, with Mr. Shanfelter serving as Chair. Currently, Messrs. Daerr and Caliel are the members of the Compensation Committee, with Mr. Daerr serving as Chair. Although Mr. Shanfelter continues to serve as a director of the Company, he stepped down from all committee service effective March 22, 2019 in order to accept an appointment as the Company's interim Chief Operating Officer, while the Company conducts a search for a longer-term successor to that role. The Board has determined each current and then serving member of the Compensation Committee to be independent under the listing standards of the NYSE, both for directors generally and compensation committee members specifically. In addition, the Board determined that each current member of the Compensation Committee is a non-employee director as defined in Rule 16b-3 of the Exchange Act Rule 16b-3 (as were each of Messrs. Stoever and Shanfelter during his period of service on the committee). The Compensation Committee met six (6) times during 2018. A report by the Compensation Committee is presented elsewhere in this proxy statement.

Compensation Committee Interlocks and Insider Participation. During 2018, Austin J. Shanfelter, Richard L. Daerr, and Gene G. Stoever served on our Compensation Committee. No Compensation Committee member served as an officer or employee of our Company or any of our subsidiaries prior to or while serving on the Compensation Committee. None of our executive officers served during the last fiscal year on the board of directors or on the compensation committee of another entity, when one of that entity's executive officers served on our Board of Directors or on our Compensation Committee.

The Nominating and Governance Committee recommends director candidates to the Board, oversees the evaluation of Board and Committee members, develops and monitors corporate governance principles, practices and guidelines for the Board and the Company. Pursuant to its charter, the Nominating and Governance Committee has the following responsibilities, among others:

- To identify individuals qualified to become Board members and to recommend that the Board select the director nominees for election at annual meetings of stockholders or for appointment to fill vacancies;
- To recommend to the Board director nominees for each committee of the Board;
- To advise the Board about appropriate composition of the Board and its committees;
- To advise the Board about, develop and recommend to the Board appropriate corporate governance practices, principles and guidelines, and to assist the Board in implementing those practices;
- To lead the Board in its annual review of the performance of the Board and its committees; and
- To perform such other functions as the Board may assign to the committee from time to time.

During the 2018 fiscal year, Messrs. Amonett, Daerr and Shanfelter were members of the Nominating and Governance Committee. Currently, Messrs. Amonett and Daerr and Ms. Sullivan are members of this committee, with Mr. Amonett serving as Chair. As noted previously, although Mr. Shanfelter continues to serve as a member of the Board, he stepped down from all committees, effective March 22, 2019, in order to accept an interim appointment as the Company's Chief Operating Officer. The Board has determined that each current and then serving member of this committee to be independent as defined in the applicable rules of the NYSE and the SEC. The Nominating and Governance Committee met five (5) times during 2018.

· The consent of each such nominee to serve as a director if elected; and

· Such other information as required to be included in a proxy statement, including information with respect to a candidate's independence as defined under the rules and regulations of the SEC and the NYSE.

The Nominating and Governance Committee seeks to achieve a Board composed of individuals who have experience relevant to the needs of the Company and who have a high level of professional and personal ethics. In addition, prospective directors must have time available to devote to Board activities. The Nominating and Governance Committee uses a variety of methods and multiple sources to identify and evaluate nominees for directors, including referrals from other directors and management, recommendations by stockholders, and third-party professional search firms.

The Company did not receive any stockholder nominations for director to be considered by the Nominating and Governance Committee for the Annual Meeting and, pursuant to our By-laws, the time has elapsed for any stockholder to properly nominate a candidate for director for consideration at this year's Annual Meeting.

Annual Performance Evaluations

Annually, the Board and its committees conduct self-performance evaluations and review each committee charter. In addition, our Corporate Governance Guidelines are reviewed and reassessed for adequacy annually.

Introduction

This Compensation Discussion and Analysis (“CD&A”) explains our executive compensation philosophy and objectives, each element of our executive compensation program and how the Compensation Committee of the Board of Directors (referred to throughout this CD&A as the “Committee”) made its compensation decisions for our 2018 named executive officers (“NEOs”) listed below:

NEO	CURRENT TITLE

Executive Summary

It is our goal to be the premier specialty construction company, focused on providing solutions for our customers across the infrastructure, industrial, and building sectors, while maintaining a healthy financial position and maximizing stakeholder value. Our executive compensation programs are structured to support our business strategy and to ensure long-term alignment between our executives and our shareholders.

2018 Business Overview

Our Company, together with our subsidiaries and affiliates, is a leading specialty construction company in the infrastructure, industrial, and building sectors in the continental United States, Alaska, Canada, and the Caribbean Basin through our marine construction and concrete segments. Our marine segment services include marine transportation facility construction, marine pipeline construction, marine environmental structures, dredging of waterways, channels and ports, environmental dredging, design, and specialty services. Our concrete segment provides turnkey concrete construction services including pour and finish, dirt work, layout, forming, rebar, and mesh across the light commercial structural and other associated business areas.

In 2018, we recorded revenues of \$520.9 million, of which \$277.0 million was attributable to our concrete segment and the remaining \$243.9 million to our marine segment. Our consolidated full year 2018 revenues were lower when compared to 2017 and we recorded a net loss of \$94.4 million, as compared with a net income of \$400 thousand in the prior year. In 2018, the Company recognized the following non-cash charges and other non-recurring costs:

· Change in project cost estimates	\$22.8M
· Reserve on disputed accounts receivable	\$4.3M
· Goodwill impairment charges	\$69.5M
· Legal settlement	(\$5.5)M
· Unamortized debt issuance costs on debt extinguishment	\$2.2M
· Tax rate 21.8% applied to one-time charges	(\$20.3)M
· Federal and state valuation allowances	\$10.9M

Excluding the aforementioned charges, adjusted net loss would have been \$10.5 million in 2018. Additional highlights from fiscal 2018 included the following:

- Continued strong demand for services across market segments;
 - Further developed our targeted infrastructure, industrial and building sectors;
- Bid on \$3.1 billion of projects during 2018, with a win rate of 19%; and
- Backlog of work under contract as of December 31, 2018 was \$440.6 million, a record high, which compares with backlog under contract at December 31, 2017 of \$360.6 million, or an increase of 22%.

Net loss in 2018 was driven by full impairment of goodwill amounting to \$69.5 million, unfavorable changes in cost estimates on certain projects, unfavorable customer driven project disruptions and delays, and weather patterns. We have a continued focus on our strategic plan and belief in the company's long-term outlook, which provides us with confidence as we enter 2019. With record high backlog in hand, we remain excited about the future and believe we have solid fundamentals for future success.

The following chart shows our business performance over the past six years, using revenues as reported in our audited financial statements and Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA"), a non-GAAP measure that is important as a key financial performance measure for us because it allows our management team and other reviewers of our financial statements (such as investors and analysts) to assess the financial performance of our assets without regard to financing methods, capital structure, or historical cost. EBITDA is also a key metric in the annual incentive plan for our NEOs. As shown, while 2018 revenues and EBITDA declined relative to FY 2017, we believe the chart below underscores the longer-term growth we have experienced over the period.

Performance Over the Past Six Years 2013 – 2018 (\$ millions)

The GAAP financial measure that is most directly comparable to EBITDA is net income. For each of the fiscal years included in the chart above, our net income or loss, as reported in our audited financial statements, was as follows: fiscal 2013, net income of \$0.3 million; fiscal 2014, net income of \$6.9 million; fiscal 2015, net loss of \$8.1 million; fiscal 2016, net loss of \$3.6 million; fiscal 2017, net income of \$0.4 million and fiscal 2018, net loss of \$94.4 million.

Summary of 2018 Executive Compensation Decisions

As described in greater detail below, the three primary components of our program are base salaries, annual bonus opportunities (under either our NEO Bonus Plan (the “NBP”) or our Corporate Office Bonus Plan (“COBP”)) and long-term equity incentive awards. Highlights of our program for fiscal 2018 include:

Base Salaries: none of the NEOs received base salary increases in 2018, except upon his promotion to Interim Chief Financial Officer, Mr. Tabb received a sixteen percent (16%) increase.

Annual Bonus Plan: For 2018, all of our NEOs except Mr. Tabb participated in the NBP while Mr. Tabb, who was not appointed as an executive officer until November 2018, was a participant in the COBP. With respect to the NBP, we did not achieve sufficient cash flow performance for fiscal 2018 to fund a payout and none of the participating NEOs earned a bonus with respect to fiscal 2018 performance. Under the COBP, participants (including Mr. Tabb) are eligible to earn quarterly bonuses based on the Company’s achievement of operating income goals for a given quarter. For 2018, Mr. Tabb earned a total bonus of \$33,815 bonus under the COBP.

Equity Awards: the Committee approved awards using the same mix of restricted stock, stock options and performance shares that were granted during 2017 and such grants align with the median equity grants made to similarly situated executives in our peer group.

2018 Executive Compensation Approach

In 2018, the Committee set target total direct compensation (i.e., base salary, target NBP award, and target long-term incentive award) consistent with our long-standing compensation philosophy, which:

- Provides an externally competitive compensation package to help attract, motivate, and retain top executive talent;
- Places the majority of executive pay at risk; and
- Ties executive pay to long-term growth in stockholder value.

CEO Pay At-A-Glance

As noted, our program is structured to place a majority of NEO compensation at risk with realized value dependent upon Company performance. The chart below provides a summary of total direct compensation for our CEO, Mr. Stauffer, for the years 2016, 2017 and 2018. The chart provides a comparison of Mr. Stauffer's target compensation opportunity to his realizable compensation based upon financial and stock price performance through the end of each year. As shown:

· Mr. Stauffer has not been paid a bonus in any of the past three years; and

· The realizable value of Mr. Stauffer's equity-based compensation at the end of each year in relation to his target or grant-date value for the year is aligned with the Company's total shareholder return performance.

2018 Say On Pay Vote

The Committee values the input of our stockholders. At our 2018 annual meeting of stockholders, we received over 97% support for our executive compensation program. The Committee values stockholders' input on the design of our program and believes the 2018 vote result demonstrates strong stockholder support for the Company's approach to executive compensation.

As we continue to grow, we are committed to continuing to ensure the alignment of our business priorities and stockholder interests. The Committee will continue to review and evaluate our program during 2019 in order to determine what, if any, additional changes are appropriate for the coming year.

Our Executive Compensation Practices

Adherence to executive compensation best practices is a critical component of good corporate governance, aids our Committee in its decision-making process, enhances our ability to manage compensation-related risk, and is always in the best interests of our stockholders and executives. Below are highlights of our current practices and policies that guide our executive compensation program:

What We Do	What We Don't Do
Pay for performance	X No tax gross ups
Significant emphasis on at-risk pay	X No repricing of stock option awards
Executive and director stock ownership requirements	X No hedging of Company stock
Independent Compensation Consultant	X No special benefits or perquisites for NEOs
Double-trigger vesting of equity awards upon a change of control	X No accelerated vesting upon termination, except after a change of control

Compensation Program Overview: What Guides Our Program

Our Compensation Philosophy and Objectives

Our Company is one of the leaders in the specialty construction industry because it has an array of highly-experienced people, strength in resources, and the geographic reach to provide customers a full suite of turn-key specialty construction solutions that meet even the most challenging needs. Maintaining this leading posture and ensuring we are positioned for future success requires that we attract, retain, and engage the talent necessary to grow the company, to ensure the quality and sustainability of that growth, and to produce positive long-term returns for our stockholders.

We have designed our executive compensation program to provide an externally competitive and internally equitable total rewards package that reflects individual and company performance, job complexity, and strategic value of the position while ensuring long-term retention and motivation. Our philosophy has been to closely align the compensation paid to our executives with the performance of the company on both a short-term and long-term basis, and to set performance goals that support the Company's long-term goals. Because of our emphasis on pay-for-performance, our executive compensation has historically been heavily weighted toward incentive (variable) compensation, which is directly tied to achieving results. As performance goals are met or exceeded, executives are rewarded commensurately; conversely, if goals are not met, actual earned compensation is lower.

To further our mission of producing superior financial returns for our stockholders, we have designed our program to with the following objectives:

OBJECTIVES	GUIDING PRINCIPLES	
	Generally	Specifically
Retain and attract highly qualified executives	Pay competitively	Use statistics developed from a review of compensation survey data and publicly-disclosed peer company pay data as a reference point to help establish competitive pay opportunities.
Pay for Performance and motivate executives to grow long-term stockholder value	Link a significant part of compensation to our financial and stock price performance, especially long-term performance	Weight executive compensation program in favor of incentive compensation – balancing rewards for driving sustained profitability on an annual basis with equity-based compensation elements in the form of stock options and restricted stock.
Further align executive and stockholder interests	Encourage and facilitate significant ownership of our stock by executives	Make annual equity-based grants in the form of performance shares, stock options and time-based restricted shares – promoting an ownership culture and providing a powerful incentive to grow stockholder value. Share ownership requirements further enhance alignment and focus on long-term ownership.

Principal Elements of Compensation: Total Direct Compensation (“TDC”)

Our philosophy and objectives are supported by the following principal elements of pay in our executive compensation program:

Element	Form	Description	Attract & Retain	Pay for Performance	Align Executive and Stockholder Interests
Base Salary	Cash (Fixed)	<ul style="list-style-type: none"> Fixed cash payment for performing day-to-day responsibilities. Critical in attracting and retaining qualified personnel 			
Annual Cash Bonus (under NBP)	Cash (Variable)	<ul style="list-style-type: none"> Provides competitively annual incentive opportunities for achieving short-term financial goals and other strategic objectives measured over the current year. Performance shares of restricted stock with vesting contingent upon achieving multi-year financial performance goals. 			
Long-Term Incentives (LTI)	Equity (Variable)	<ul style="list-style-type: none"> Stock options vest over three years and have no value unless stock price appreciates after the date of grant. Restricted shares vest over three years and provide immediate retention value and direct alignment with shareholders by encouraging long-term share ownership. 			

NEOs are also eligible to receive and participate in other benefits generally available to all Company employees, including a qualified 401(k) savings plan that provides participants with the opportunity to defer a portion of their compensation, up to tax code limitations (and a matching contribution from the Company). The only benefit provided to our executives that is not generally available to all employee is an automobile allowance for 2018, the value of this perquisite was \$15,000 or less per NEO. See page 31 for more information.

The Role of the Compensation Committee

Our Board is responsible for making decisions about the compensation of our NEOs. The purpose of its Compensation Committee, which is composed solely of independent directors, is to assist the Board in discharging this responsibility by, among other things:

- Reviewing and discussing with management the factors underlying our compensation policies and decisions, including overall compensation objectives;
- Reviewing and discussing with management the relationship between the company’s compensation policies and practices, including the extent to which those policies and practices create risks for the company;
- Reviewing and approving all company goals and objectives (both financial and non-financial) relevant to the compensation of the CEO;
- Evaluating, together with the other independent directors, the performance of the CEO in light of these goals and objectives and the quality and effectiveness of his leadership;
- Recommending to the Board for approval by the independent directors each element of the compensation of the CEO;
- Reviewing the performance evaluations of all other members of executive management (the CEO is responsible for the performance evaluations of the non-CEO executive officers);

Reviewing and approving (and, if applicable, recommending to the Board for approval) each element of compensation, as well as the terms and conditions of employment, of these other members of executive management; and

·Granting all awards under our equity compensation plans and overseeing the administration of all such plans.

The Committee works very closely with management and the Committee's independent consultant to examine the effectiveness of the Company's executive compensation program throughout the year. Details of the Committee's authority and responsibilities are specified in its charter, which is available on the Corporate Governance page of our website (www.oriongroup Holdings.com/Corporate-Governance.html).

The Role of Management

The CEO, who may attend part of certain Committee meetings at the Committee's request, assists the Committee in determining the compensation of all other NEOs other than himself. Input provided by our CEO includes:

- Recommending any annual merit increases to the base salaries of the other NEOs; and
- Establishing annual individual performance objectives for the other NEOs and evaluating their performance against such objectives, subject to Committee approval.

The other NEOs do not have a role in determining their own compensation, other than discussing their annual individual performance objectives and results achieved with the CEO.

The Role of the Independent Consultant

In furtherance of the Committee's responsibility, the Committee engaged Pearl Meyer to assist the Committee in evaluating our executive compensation during fiscal 2018. In connection with this engagement, Pearl Meyer reported directly and exclusively to the Committee. During fiscal 2018, Pearl Meyer provided the Committee competitive marketplace compensation data, as well as updates on trends and issues in executive and director compensation and commented on the competitiveness and reasonableness of our executive and director compensation programs.

The Committee regularly reviews the services provided by its outside consultants and, based on the information provided by Pearl Meyer, has determined that Pearl Meyer is independent in providing executive compensation consulting services.

The Role of Benchmarking and Peer Groups

The industry-specific experience of our people is a key reason for the Company's leading posture in the specialty construction industry. This reputation for excellence in management and leadership make our people attractive targets for other companies. To prevent loss of our executive talent, we seek to provide an overall executive compensation program that competes well against other specialty construction companies, as well as companies in related industries. Each element of compensation is intended to help fulfill this commitment to competitiveness. Retention has been a particularly important goal for us, as we need to retain and motivate those senior executives who are in the best position to keep the Company on course as we return to profitability.

Because retention is an imperative, we consider external survey data and data from peer group compensation disclosures as important market reference points around which to make well-informed compensation decisions. While we do not consider market data to be a prescription, we generally target the median of the market for pay opportunities, with the potential (through annual cash incentives and long-term equity incentives) for executives to earn more or less than the market median depending upon performance.

The Committee periodically reviews the appropriateness of our pay posture in light of company and individual performance, as well as other factors specific to individual executives (such as tenure, internal equity concerns, etc.). No single position in the referenced surveys or within our peer group fully captures the breadth of the responsibilities of certain of our NEOs.

For fiscal year 2018 NEO compensation decisions, the Committee considered market data provided by Pearl Meyer that reflected compensation for a peer group of 16 publicly traded engineering & construction firms. While we have very few direct "peers" in the market, the companies in this group were identified in consultation with Pearl Meyer as potential competitors for talent with businesses of similar financial size and scope. Each year, the Committee reviews the peer group in order to determine whether the companies in the group remain appropriate for comparison to our Company. A summary of the companies included in the 2018 peer group compensation review is provided below.

2018 Compensation Peer Group

Ticker	Company Name	Industry Focus
AEGN	Aegion Corporation	Construction & Engineering
AGX	Argan Inc	Construction & Engineering

NWPX	Northwest Pipe Co	Construction & Engineering

TISI	Team Inc	Environmental & Facilities Services
VSEC	VSE Corp	Engineering & Consulting Services

At the time of the annual review, our projected 2018 revenues and assets fell within the middle range of the peer group. As in past years, the Committee will review and revise this group as appropriate in 2019.

To supplement the peer group data (which were collected from proxy compensation disclosures), Pearl Meyer also provided compensation statistics from a review of compensation survey data. Data reflected compensation rates across a broad group of general industry companies with revenues comparable to our own. Using a robust survey sample in combination with peer group data (along with the practice of reviewing market quartiles as opposed to averages) mitigates the impact of outliers, year-over-year volatility of compensation levels, and the risk of selection bias.

We refer to the combined peer group data and survey data provided by Pearl Meyer as the “market.” Based upon data from Pearl Meyer’s competitive review in November 2018, target total direct compensation for our NEOs fell between the market 25th and 50th percentiles on average.

Target total direct compensation was about 8% below market median on average (including the target annual value of equity grants in our normal annual program).

Actual total direct compensation was about 30% below the market median on average.

While we may evaluate our target executive compensation levels against the survey group of companies, we do not compare our annual incentive plan goals against these companies or any other group of companies. Rather, as discussed below, when we set goals under the NBP, those goals have been based upon our internal business objectives — which, when set each year, represent aggressive but, in the Committee’s estimation, reasonably achievable goals, based on the information then available to the Committee. Accordingly, the relationship between our financial performance and the financial performance of the survey companies does not necessarily affect the relationship between our executive compensation and the executive compensation of that group in a given year.

2018 Executive Compensation Program in Detail

Base Salary

Our primary objective with respect to the base salary levels of our NEOs is to provide sufficient fixed cash income to retain and attract these experienced and valuable executives in a competitive market for executive talent. The base salaries of our NEOs are reviewed and adjusted (if appropriate) annually to reflect, among other things, economic conditions, base salaries for comparable positions from a review of market data discussed previously, the tenure of the officers, and the base salaries of the officers relative to one another. None of the NEOs received base salary adjustments in 2018, aside from Mr. Tabb. Mr. Tabb, who was not a NEO at the beginning of the year, received a normal merit adjustment effective at the beginning of this year, and another salary adjustment in November to reflect his promotion to the Interim CFO position.

NEO	2017 Base Salary (\$)	2018 Base Salary (\$)		Total Percent Change (%)	
		January - November	November - December		
Mr. Stauffer	\$ 570,000	\$570,000	\$ 570,000	0	%
Mr. Buchler	\$ 350,000	\$350,000	\$ 350,000	0	%
Mr. Tabb	\$ 187,601	\$ 193,230	\$ 225,000	20	%
Mr. DeAlmeida	\$ 350,000	\$ 350,000	\$ 350,000	0	%

Annual Cash Incentives

NEO Bonus Plan (“NBP”)

Annual cash incentive opportunities for our NEOs are typically provided through our NBP. Annual target incentive opportunities are expressed as a percentage of base salary and are established by the Committee based on the NEO’s level of responsibility and his ability to impact overall results. For 2018, Mr. Stauffer, Mr. Buchler and Mr. DeAlmeida participated in the NBP. As discussed later in this section, Mr. Tabb, who was not an executive officer until November 2018, participated in our Corporate Office Bonus Plan.

Actual bonus payouts depend on the achievement of specific financial goals. For 2018, the Committee set targets on the basis of our achievement of consolidated corporate Net Cash Flow (“NCF”) goals. NCF is defined as EBITDA, prior to any bonus computation, less net capital expenditures for the performance period. EBITDA is a key financial performance measure for our Company because it allows our management team and other reviewers of our financial statements (such as investors and analysts) to assess the financial performance of our assets without regard to financing methods, capital structure, or historical cost. We subtract our net capital expenditures from the NCF computation because we regard investment in our core assets to be a vital component of our operations and feel it should be accounted for in order to appropriately measure management performance on an annual basis. The NCF target set by the Committee for 2018 was \$25 million.

In connection with setting targets under the NBP, the Committee also approves a trigger for when the Company begins to accrue for discretionary bonuses. For fiscal 2018, the trigger was NCF of \$17 million.

The relationship between the level of NCF performance achieved and overall bonus pool funding is as follows:

Performance Level	NCF Performance		Bonus Pool Funding	
	Achieved as a % of Target		as a % of Target ⁽¹⁾	
Below Threshold	< 70	%	Discretionary	%
Threshold	70	%	50	%
Target	100	%	100	%
Above-Target	110	%	150	%
Maximum	122	%	275	%

(1) Each NEO may earn a maximum incentive award of 200% of his base salary if the Company hits the Maximum level of NCF performance.

(2) If performance falls below threshold, any bonus paid to the NEOs is in the Committee’s discretion and cannot exceed the total amount accrued for the fiscal year in which it is paid.

Although the Committee generally retains the authority to grant discretionary bonuses to our executives outside of our annual incentive program, historically, except on rare occasions, our Committee has not elected to do so. However, the Committee believes that it is important to have the flexibility to grant discretionary awards if the Company does not achieve one or more specific financial metrics, in the event that the Committee determines that management's overall performance during the year otherwise merits recognition. Generally, any related accruals serve as a cap on any discretionary bonuses, to the extent that the Committee elects to pay them. However, for fiscal 2018, no such amount was accrued.

The formulas for calculating pool funding for performance between levels are as follows:

Performance Level

From Threshold to Target	50%	+ [(% of NCF Goal Achieved – 70%)/60%]	× Target Pool
From Target to Above Target	100%	+ [(% of NCF Goal Achieved – 100%)/20%]	× Target Pool
From Above-Target to Maximum	2.5	× [(% of NCF Goal Achieved – 100%)/20%]	× Target Pool

NBP Pool Funding

Actual performance for 2018 was below the threshold level in the NBP and no bonuses were paid to NEOs with respect to FY 2018 performance.

The table below provides a summary of the individual target incentive award opportunities, as well as actual awards earned:

NEO	Target Award Opportunity As a% of Eligible Salary \$	Maximum Award Opportunity As a% of Eligible Salary \$	Actual Award Paid for 2018 Performance As a% of Salary \$
Mr. Stauffer	85% \$484,500	200% \$1,140,000	0 % \$ 0
Mr. Buchler	60% \$210,000	200% \$700,000	0 % \$ 0
Mr. DeAlmeida	60% \$210,000	200% \$700,000	0 % \$ 0

Corporate Office Bonus Plan (“COBP”)

During 2018, Mr. Tabb, who was not named as an executive officer until November, participated in our Corporate Office Bonus Plan. This plan includes certain director-level and executive-level participants below the NEO level. Payouts under the plan are based upon a combination of quarterly enterprise-wide financial performance (defined as Operating Income for 2018) and individual performance. However, individual awards are ultimately based upon CEO determination.

Under the plan, Mr. Tabb had a target award opportunity equal to 35% his base salary. During 2018, the Company achieved target operating income in the first two quarters of 2018. As a result of this financial performance and Mr. Tabb’s individual performance during 2018, Mr. Tabb earned two bonuses totaling \$33,814, an amount equal to roughly 17% of his prorated salary for the year.

Long-Term Equity Incentives

Consistent with the company’s compensation philosophy, the Committee believes that long-term incentives should promote improvements to stockholder value and strongly align the interests of our NEOs with those of our stockholders. Specifically, NEOs should hold a meaningful amount of unvested equity, which not only aligns their long-term interests with those of our stockholders, but also serves as an effective retention tool.

For 2018, the mix of long-term incentives included the following:

Performance Shares	Stock Options	Restricted Shares
25% of total value	25% of total value	50% of total value
<ul style="list-style-type: none"> · Performance contingent · Earned based on average Return on Invested Capital (“ROIC”) over a three-year period (fiscal years 2018, 2019, and 2020) · Threshold ROIC performance for 2018 awards is 4.4%; if ROIC is below threshold, the entire award is forfeited · At ROIC performance of 5.5%, 100% of the performance shares will vest, and at ROIC of 6.6% or greater, 200% of the performance shares will vest · Results falling in between any two performance levels will result in a prorated number of shares earned 	<ul style="list-style-type: none"> · Time-vested · Awards vest 1/3 on the first anniversary of grant and 1/36 each month after the first year · NEOs only realize value if stock price (and shareholder value) appreciates from the date of grant 	<ul style="list-style-type: none"> · Time-vested · Awards vest 1/3 on the first anniversary of grant and 1/36 each month after the first year · Ties our NEOs directly to our shareholders with awards that encourage retention and long-term share ownership

The Company does not backdate options or grant options retroactively. In addition, we do not intentionally coordinate grants of options so that they are made before announcement of favorable information, or after announcement of unfavorable information. Our option grants are granted at fair market value on a fixed date or event based on the closing price of a share of our common stock on that date, with all required approvals obtained in advance of or on the actual grant date. All grants to NEOs require the approval of the Committee.

2018 Target Long-Term Incentive Award Grants

The table below shows the long-term incentive award values granted for fiscal 2018 for each of the NEOs:

NEO	Stock Options*	Performance-Based	Time-Based	Total Grant Value
		Restricted Stock**	Restricted Stock**	
Mr. Stauffer	\$ 275,000	\$ 275,000	\$ 550,000	\$ 1,100,000
Mr. Buchler	\$ 87,500	\$ 87,500	\$ 175,000	\$ 350,000
Mr. Tabb	\$ 25,000	\$ --	\$ 25,000	\$ 50,000
Mr. DeAlmeida	\$ 87,500	\$ 87,500	\$ 175,000	\$ 350,000

*The number of options granted to each NEO was based on a Black-Scholes valuation.

Award amounts for time- and performance-based shares of restricted stock were determined based on the closing **price of our common stock on the date of grant on May 24, 2018 (Mr. Tabb had not yet been appointed as an executive officer and therefore did not receive performance shares).

Other Programs, Policies and Guidelines

Stock Ownership Requirements

To further enhance our focus on stockholder alignment, our executive compensation program includes stock ownership requirements for our NEOs and our directors. The required ownership levels are expressed as a multiple of salary (for NEOs) or a multiple of the annual Board retainer (for directors), as summarized in the table below:

Covered Position	Stock Ownership Requirement (Minimum Value)
CEO	Three times salary
CFO	Two times salary
Other NEOs	One and a half times salary
Directors	Three times annual retainer

Shares that may be counted toward the satisfaction of these guidelines include shares held outright, through benefit plans or in trust, unvested restricted shares, and in-the-money value of unexercised stock options. Directors and NEOs have five years from the date first subject to these guidelines to comply with the minimum ownership requirement.

Benefits

Each NEO is eligible to participate in the same benefit plans and programs that are (or in the future) may be available to our other salaried employees, including any profit-sharing plan, thrift plan, health insurance or health care plan, disability insurance, pension plan, supplemental retirement plan, vacation and sick leave plan, and other similar plans. This also includes our 401(k) plan, which provides that we match 100% on the first 2% of eligible compensation contributed to the plan, and 50% on the next 2% of eligible compensation contributed to the plan. These matching contributions vest over a four-year period. At our discretion, we may make additional matching and profit-sharing contributions to the plan.

We do not have any supplemental benefits or perquisites for our NEOs that are not generally available to other salaried employees in the organization. We provide our NEOs with car allowances, a benefit we feel meets a legitimate business need and is competitively appropriate. We do not own any interest in or lease any aircraft, nor do

we pay or reimburse country club memberships, nor do we provide any retirement benefits beyond what is generally available to all employees. However, the Committee in its discretion may revise, amend or add to the officer's executive benefits and perquisites as it deems advisable.

The Committee reviews the overall cost to us of our benefit programs generally on an annual basis or when changes are proposed. The Committee believes that the benefits provided by these programs have been important factors in attracting and retaining key employees, including the NEOs.

Insider Trading and Speculation in Orion Stock

We have established policies prohibiting our officers, directors, and employees from purchasing or selling Company securities while in possession of material, nonpublic information, or otherwise using such information for their personal benefit or in any manner that would violate applicable laws and regulations. In addition, our policies prohibit our officers, directors, and employees from speculating in our stock, which includes short selling (profiting if the market price of our stock decreases), buying or selling publicly traded options (including writing covered calls), hedging or any other type of derivative arrangement that has a similar economic effect.

Risks Arising from Compensation Policies and Practices

Management has conducted an in-depth risk assessment of our compensation policies and practices and concluded that they do not create risks that are reasonably likely to have a material adverse effect on the company. The Committee has reviewed and concurred with management's conclusion. The risk assessment process included, among other things, a review of (i) all key incentive compensation plans to ensure that they are aligned with our pay-for-performance philosophy and include performance metrics that meet and support corporate goals, and (ii) the overall compensation mix to ensure an appropriate balance between fixed and variable pay components and between short-term and long-term incentives. The objective of the process was to identify any compensation plans and practices that may encourage employees to take unnecessary risk that could threaten the company. No such plans or practices were identified.

Post-Employment Compensation

We have employment agreements with our NEOs, which entitle them to certain severance benefits in the case of a qualifying termination. Severance payments following a change-in-control are subject to a double-trigger, and we do not provide excise tax gross-up payments.

Absent a change-in-control: in the event of a resignation for "good reason" (as defined in the agreements) or a termination without cause, each of our NEOs is entitled to one year of his base salary. Following a change-in-control: in the event a resignation for "good reason" (as defined in the agreements) or a termination without cause following a change-in-control, each of our NEOs is entitled to receive their respective base salary for two to three years (varying by position level). We do not provide any tax gross-ups. Treatment of unvested equity: NEOs may exercise vested stock options following termination, but upon termination all unvested equity awards lapse according to the terms of our long-term incentive plan. Severance payments following a change-in-control are subject to a double-trigger, and we do not provide any tax gross-up payments.

The Company provides these contractual severance benefits in order to help support retention of valuable executive talent, and to ensure that executives remain focused on the best interests of stockholders — particularly in the context of any potential transaction. The Committee believes that the severance benefits agreed to in the case of these termination events are reasonable in light of the potential value delivered to stockholders in return. See "Executive Compensation — Potential Payments Upon Termination or Change in Control" below.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code ("Section 162(m)") limits the amount of compensation paid to certain covered officers that we may deduct for federal income tax purposes to \$1 million per covered officer per year. Historically, compensation that qualified as "performance-based compensation" within the meaning of Section 162(m) was not subject to the \$1 million limitation. In recent years, largely due to the availability of this performance-based exemption, the deductibility of various payments and benefits has been one factor among many considered by the Committee in determining executive compensation.

However, the federal tax reform legislation passed in December 2017 included significant changes to Section 162(m). Among these changes were an expansion of the scope of covered officers subject to the Section 162(m) deduction limitation and the elimination of the performance-based compensation exemption. For taxable years beginning after December 31, 2017, compensation paid to a covered officer in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain performance-based arrangements in place as of November 2, 2017. Among other things, this means that all compensation paid to each covered officer in 2018 and beyond will be subject to the \$1 million deduction limitation, regardless of whether it is structured as performance-based compensation, unless the transition relief applies.

Section 162(m) is highly technical and complex. Because of ambiguities as to the application and interpretation of Section 162(m), including the uncertain scope of the transition relief for “grandfathered” performance-based compensation, we can give no assurance that compensation intended to satisfy the requirements for performance-based exemption from the Section 162(m) deduction limit will, in fact, satisfy the exemption. Further, the Committee reserves the right to modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with the company’s business needs.

CEO Pay Ratio Disclosure

We determined that the 2018 annual total compensation of the median compensated of all our employees who were employed as of December 31, 2018, other than our CEO, Mark R. Stauffer, was \$45,700. Mark R. Stauffer's 2018 annual total compensation was \$1,692,650; and the ratio of these amounts was 37.0 to 1. We have a total of 2,445 employees, excluding Mr. Stauffer, all temporary employees and all independent contractors paid by third parties.

To identify the median employee, we used a consistently applied compensation measure (CACM) of base salary plus overtime, bonuses and auto allowance for fiscal 2018, annualizing the CACM for those employees hired during 2018.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

¹ For 2018, each NEO, other than Mr. Tabb, is eligible to earn a bonus under our NEO Bonus Plan (the "NBP"). However, no bonuses were awarded under the NBP to any of our NEOs during each of the three fiscal years reported in the table. For information regarding the NBP for fiscal 2018, please see the discussion entitled, "2018 Executive Compensation Program in Detail – Annual Cash Incentives" in the Compensation Discussion & Analysis section of this proxy statement. Mr. Tabb, who was not a participant in the NBP during 2018, earned a bonus under our Corporate Office Bonus Plan.

² Represents the grant date fair value of equity awards granted during the fiscal year as determined under ASC Topic 718. Includes both our time- and performance-based shares of restricted stock valued at the closing price of a share of our common stock on the grant date. We value our option awards using a Black-Scholes model. For more information on how we value our equity awards, please see Note 15 of the notes to our audited financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018. For more information on the equity awards granted during fiscal 2018, please see the next table ("Grants of Plan-Based Awards").

³ The 2018 figure for each NEO includes an automobile allowance (\$15,000 for Mr. Stauffer, \$12,600 for each of Messrs. Buchler and DeAlmeida, and \$11,400 for Mr. Tabb) and the Company's matching contribution under the 401(k) Plan (\$7,650 for each of Messrs. Stauffer and DeAlmeida, \$7,261 for Mr. Buchler, and \$6,936 for Mr. Tabb).

⁴ Mr. Tabb, who has served as our Vice President of Finance since November 2016, was appointed Interim Chief Financial Officer effective November 2, 2018 and on March 28, 2019 he was appointed Chief Financial Officer.

⁵ Mr. DeAlmeida separated from employment on November 2, 2018. All of his equity awards that were unvested as of his termination date (including those granted during 2018) were forfeited as of such date. In addition, although he was eligible to participate in the NBP during his employment period, he would not have been eligible to receive a bonus for fiscal 2019 even if bonuses had been awarded under NBP given that he was not employed with the Company at the end of the fiscal year.

Payout can range from 0-200% of the number of shares granted, depending on actual performance. At less than 4.4% average ROIC, all shares will be forfeited and at average ROIC of 6.6% or greater, the performance shares will vest at 100%.

All unvested stock option awards vest one-third on the first anniversary of the grant date and one-thirty-sixth of the options vest thereafter upon completion of each full month following such anniversary, subject to the holder's continued employment.

- (2) Represents performance shares, which vest on the third anniversary of the date of grant, subject to the holder's continued employment, with payout ranging between 0-200% of shares granted depending on the company's two- or three-year average return on invested capital meeting or exceeding certain targets. For performance shares granted in 2016, the two-year average will be based on ROIC for fiscal years 2017 and 2018 and must exceed 7.5% for the shares to vest. For performance shares granted in 2017, the two-year average will be determined based on ROIC for fiscal years 2018 and 2019 and must exceed 7.5% for the shares to vest. For performance shares granted in 2018, the three-year average will be based on ROIC for fiscal years 2018, 2019, and 2020, and must exceed 4.4% for any shares to vest.

- (3) Represents time-based restricted shares, one-third of which vest on the first anniversary of the grant date and one-thirty-sixth of the shares vest thereafter upon completion of each full month following such anniversary, subject to the holder's continued employment.

- (4) Based on the closing price of a share of our common stock on the last trading day of the fiscal year (\$4.29 on December 31, 2018).

- (5) Mr. DeAlmeida left the Company on November 2, 2018. All of his equity awards that were unvested as of his separation date (including those granted during 2018) were forfeited as of such date although he was permitted to retain any vested but unexercised options for a three-month period following his separation from employment. On February 2, 2019, all of his unexercised options were terminated.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Overview

This section describes the benefits payable to our named executive officers in two circumstances:

- Change in control
- Termination of employment

Employment Agreements with Certain Officers

We have entered into employment agreements with each of our named executive officers and certain other key employees. Each of the current agreements provides for a base salary, a potential bonus, and participation in our benefit plans and programs.

Annualized base salaries at December 31, 2018 for each of our then named executive officers were as follows: Mark R. Stauffer - \$570,000; Robert L. Tabb - \$225,000; and Peter R. Buchler - \$350,000. Under the employment agreements, in the event of a resignation for good reason or a termination without cause, each officer is entitled to severance benefits in the form of salary continuation payments for a period of one year if the termination is not in connection with a change of control.

The employment agreements for Messrs. Stauffer and Buchler also provide for certain change of control benefits. Each officer is entitled to severance benefits in the form of salary continuation payments for a set period of time in the event of a resignation for good reason or a termination without cause, if the termination occurs within three months prior to, or within twelve months after, a change of control. Such period is two and one-half years for Mr. Buchler and three years for Mr. Stauffer. If necessary, the amount of the severance payments will be reduced to an amount such that the aggregate payments and benefits to be provided to the officer do not constitute a “parachute payment” subject to a federal excise tax.

All three agreements also include confidentiality provisions without a time limit and non-competition provisions that apply during the periods specified in the employment agreements.

For this purpose, the term “change in control” or “during a protection period” generally means the occurrence of any of the following events:

(a) A “change in the ownership of the Company” which will occur on the date that any one person, or more than one person acting as a group, acquires ownership of our stock that, together with stock held by such person or group, constitutes more than 50% of the total fair market value or total voting power of our stock; however the following acquisitions will not constitute a change in control: (i) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by us or any entity controlled by us or (ii) any acquisition by investors (immediately prior to such acquisition) of us for financing purposes, as determined by the Compensation Committee in its sole discretion.

(b) A “change in the effective control of the Company” which will occur on the date that either (i) any one person, or more than one person acting as a group, acquires ownership of our stock possessing 35% or more of the total voting power of our stock, excluding (y) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by us or (z) any acquisition by investors (immediately prior to such acquisition) of us for financing purposes, as determined by the Compensation Committee in its sole discretion or (ii) a majority of the members of the Board are replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election.

(c) A “change in the ownership of a substantial portion of the Company’s assets” which occurs on the date that any one person, or more than one person acting as a group, acquires our assets that have a total gross fair market value equal to or more than 40% of the total gross fair market value of all of our assets immediately prior to such acquisition.

The employment agreements also provide for termination of employment unrelated to a change in control (as defined above) if the executive is terminated without cause (as defined below) or he voluntarily terminates his employment for good reason (as defined below).

The term “cause” means: (a) a material breach by the executive of the noncompetition and confidentiality provisions of the employment agreement; (b) the commission of a criminal act by the executive against us, including, but not limited to, fraud, embezzlement or theft; (c) the conviction, plea of no contest or nolo contendere, deferred adjudication or unadjudicated probation for any felony or any crime involving moral turpitude; or (d) the executive’s failure or refusal to carry out, or comply with, any lawful directive of our Board of Directors consistent with the terms of the employment agreement which is not remedied within 30 days after receipt of notice from us.

The term “good reason” means: (a) a substantial reduction of the executive’s base salary without his consent; (b) a substantial reduction of his duties (without his consent) from those in effect as of the effective date of the employment agreement or as subsequently agreed to by the executive and us; or (c) the relocation of the executive’s primary work site to a location greater than 50 miles from the current work site as of the effective date of the employment agreement.

The benefits payable to each named executive officer in each circumstance are contained in the provisions of that executive’s employment agreement. These benefits ensure that the executive is motivated primarily by the needs of the Company as a whole, and not by circumstances that are outside the ordinary course of business. In general, the executive is assured that he will receive a continued level of compensation if his employment is adversely affected by the termination of employment or a change in control of the Company.

Payment of these benefits is conditional upon the Company’s receipt of appropriate waivers and a release from all claims against the Company.

Summary of Payments

The table below summarizes the benefits payable to each named executive in the various termination scenarios. No benefits are payable if an executive voluntarily terminates employment without good reason or employment is terminated by us for cause.

In all cases, the executive has the right to exercise vested stock options. Equity awards for which vesting has not occurred will be forfeited according to the provisions of the LTIP.

The tables below assume that the terminations took place on and with salaries in effect on December 31, 2018.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board has charged the Audit Committee to review all related party transactions as defined by SEC rules. Related party transactions are Company transactions that involve the Company's directors, executive officers, director nominees, 5% or more beneficial owners of the Company's common stock, immediate family members of these persons (which shall include a person's spouse, parents, stepparents, children, stepchildren, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law and persons sharing the same household of the foregoing persons), or entities in which one of these persons has a direct or indirect material interest. A related party transaction means any transaction, or series of similar transactions (and any amendments, modifications or changes thereto), in which the amount exceeds \$120,000. A related party transaction does not include compensatory arrangements with the Board or executive officers or certain other transactions. Pursuant to the Company's Code of Business Conduct and Ethics, employees and directors have a duty to report any potential conflicts of interest to the appropriate level of management or to the Board. The Company evaluates these reports along with responses to the Company's annual director and officer questionnaires for any indication of possible related party transactions. If a transaction is deemed by the Company to be a related party transaction, the information regarding the transaction is forwarded to the Audit Committee for review and approval. The Board has delegated the authority to review and approve all related party transactions to its Audit Committee. For fiscal year 2018, there were no related party transactions.

AUDIT COMMITTEE REPORT

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference in any other filing by us under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The Audit Committee of the Company's Board of Directors consists of three non-employee directors, each of whom the Board has determined (i) meets the independence criteria specified by the SEC and the requirements of NYSE listing standards and (ii) at least one member meets certain standards as an audit committee financial expert. Ms. Sullivan, Chair of the Committee, meets the relevant standards as an audit committee financial expert.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls for financial reporting. The Audit Committee is responsible for the oversight of the Company's financial reporting process on behalf of the Board of Directors. In fulfillment of its responsibilities, the Audit Committee has discussed with the Company's independent auditors their plan for the audit of the Company's annual consolidated financial statements and the independent auditors' evaluation of the effectiveness of the Company's internal control over financial reporting, as well as reviews of the Company's quarterly financial statements. The Audit Committee met regularly with the independent auditors, with and without management present, to discuss the results of their audits and reviews, as well as their evaluations of the Company's internal control over financial reporting and the overall quality of the Company's accounting principles. The Audit Committee has reviewed and discussed with management and the Company's independent registered public accounting firm the Company's audited consolidated financial statements and such matters. In addition, the Audit Committee has received from the Company's independent registered public accounting firm the written disclosures required by Public Company Accounting Oversight Board ("PCAOB") Auditing Standard No. 1301 (formerly Auditing Standard No. 16) – Communications with Audit Committees, as adopted by the PCAOB, and the letter from the independent auditors required by the PCAOB Ethics and Independence Rule 3526, Communication with Audit Committees Concerning Independence, regarding the independent auditors' communications with the Audit Committee concerning independence. The Audit Committee has also discussed with the independent auditors the auditors' independence from the Company and its management. In determining that the auditors are independent, the Audit Committee also considered whether the provision of any of the non-audit services described below under "Fees of the Independent Auditors" is compatible with maintaining their independence.

Edgar Filing: Orion Group Holdings Inc - Form DEF 14A

In reliance on the reviews and discussions above, the Audit Committee recommended to the Board, and the Board approved, the inclusion of the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2018 filed with the SEC.

Respectfully submitted by the members of the Audit Committee

Audit and Non-Audit Service Approval Policy

In accordance with the requirements of the Sarbanes-Oxley Act of 2002 and the related rules and regulations, the Audit Committee has adopted procedures for the pre-approval of audit and permissible non-audit services provided by the independent registered public accounting firm.

Audit Services. The Audit Committee annually approves specified audit services engagement terms and fees and other specified audit fees. All other audit services must be specifically pre-approved by the Audit Committee. The Audit Committee monitors the audit services engagement and may approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope or other items.

Audit-Related Services. Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements, which historically have been provided by our independent registered public accounting firm and are consistent with the SEC's rules on auditor independence. The Audit Committee annually approves specified audit-related services within established fee levels. All other audit-related services must be pre-approved by the Audit Committee.

Tax Fees. The Company retains an independent registered public accounting firm other than KPMG LLP to provide tax services, except as noted.

All Other Services. Other services, if any, are services provided by our independent registered public accounting firm that do not fall within the established audit, audit-related and tax services categories. The Audit Committee may pre-approve specified other services that do not fall within any of the specified prohibited categories of services.

Procedures for Approval of Services

All requests for services that are to be provided by our independent registered public accounting firm, which must include a detailed description of the services to be rendered and the amount of corresponding fees, are submitted to both the President and the Chairman of the Audit Committee. The Chief Financial Officer authorizes services that have been approved by the Audit Committee within the pre-set limits. If there is any question as to whether a proposed service fits within an approved service, the Chairman of the Audit Committee is consulted for a determination. The Chief Financial Officer submits to the Audit Committee any requests for services that have not already been approved by the Audit Committee. The request must include an affirmation by the Chief Financial Officer and the independent registered public accounting firm that the request is consistent with the SEC and PCAOB rules on auditor independence.

¹ Includes professional services for the audit of the Company's annual financial statements, reviews of the Company's quarterly financial statements, services normally provided by the Company's independent registered public accounting firm in connection with statutory and regulatory filings or engagements that only the independent registered public accounting firm can reasonably provide, such as comfort letters, statutory audits, attest services, consents and assistance and review of documents filed with the SEC. Audit fees represent the pre-approved aggregate fees for professional services rendered by KPMG for the integrated audit of our annual financial statements for the fiscal years ended December 31, 2018 and December 31, 2017. With respect to 2017, an additional \$160,000 is included above that was not reflected in last year's proxy statement. This variance is due to additional fees billed related to the 2017 debt.

² Includes fees associated with assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements, including, if applicable, fees related to assistance in financial due diligence related to mergers and acquisitions and consultation regarding generally accepted accounting principles.

³ The Company retains another accounting firm to provide tax return preparation services.
