PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
May 21, 2019

This proxy statement is furnished to stockholders of SIGA Technologies, Inc. (SIGA , the Company or we) in connection with the solicitation of proxies, in the accompanying form, by the Board of Directors of SIGA (the Board of Directors) for use in voting at the Annual Meeting of Stockholders (the Annual Meeting) to be held at the offices of Kramer Levin Naftalis & Frankel LLP, 1177 Avenue of the Americas, New York, New York 10036, on Tuesday, May 21, 2019, at 10:30 a.m. (local time), and at any adjournment or postponement thereof.

This proxy statement and the accompanying form of proxy are first being mailed to stockholders on or about April 29, 2019.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Purpose of the Annual Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this proxy statement.

Record Date and Outstanding Shares

The Board of Directors has fixed the close of business on March 29, 2019 as the record date (the Record Date) for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. Only stockholders of record at the close of business on the Record Date will be entitled to vote at the Annual Meeting or any and all adjournments or postponements thereof. As of the Record Date, SIGA had issued and outstanding 80,941,524 shares of common stock, par value \$.0001 per share (Common Stock).

Voting at the Annual Meeting

Each share of Common Stock outstanding on the Record Date will be entitled to one vote on each matter submitted to a vote of the stockholders. Cumulative voting by stockholders is not permitted.

The presence, in person or by proxy, of the holders of a majority of the votes entitled to be cast by the stockholders entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions will be counted as shares present for purposes of determining the presence of a quorum on all matters. Brokers holding shares for beneficial owners in street name must vote those shares according to specific instructions they receive from the owners of such shares. If instructions are not received, brokers may vote the shares, in their discretion, depending on the type of proposals involved. Broker non-votes result when brokers are precluded from exercising their discretion on certain types of proposals. Brokers have discretionary authority to vote under the rules governing brokers to vote without instructions from the beneficial owner on certain routine items, such as the ratification of the appointment of the independent registered public accounting firm and, accordingly, your shares may be voted by your broker on Proposal No. 2. However, brokers do not have discretionary authority to vote on Proposal No. 1. Shares that are voted by brokers on some but not all of the matters will be treated as shares present for purposes of determining the presence of

a quorum on all matters, but will not be treated as shares entitled to vote at the Annual Meeting on those matters as to which authority to vote is withheld by the broker.

For the election of directors, a plurality of the votes cast is required. Abstentions and broker non-votes are not considered to have been voted for the purpose of the election of directors.

TABLE OF CONTENTS

For the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of SIGA for the fiscal year ending December 31, 2019, the affirmative vote of a majority of the total votes cast on such proposal in person or by proxy at the Annual Meeting is required. Abstentions and broker non-votes are not considered to have been voted on these proposals. Brokers and other nominees continue to have discretionary voting power to vote without instructions from the beneficial owner on the ratification of the appointment of the independent auditor and, accordingly, your shares may be voted by your broker on this proposal.

Dissenters Rights

Proposals 1 and 2 do not give rise to any statutory right of a stockholder to dissent and obtain the appraisal of or payment for such stockholder's shares.

Revocability and Voting of Proxies

Any person signing a proxy in the form accompanying this proxy statement has the power to revoke it prior to the Annual Meeting or at the Annual Meeting prior to the vote pursuant to the proxy. A proxy may be revoked by any of the following methods:

1. writing a letter delivered to Daniel J. Luckshire, Secretary of SIGA, stating that the proxy is revoked;
2. submitting another proxy with a later date; or
3. attending the Annual Meeting and voting in person.

Please note, however, that if a stockholder's shares are held of record by a broker, bank or other nominee and that stockholder wishes to vote at the Annual Meeting, the stockholder must bring to the Annual Meeting a letter from the broker, bank or other nominee confirming that stockholder's beneficial ownership of the shares.

Unless we receive specific instructions to the contrary or unless such proxy is revoked, shares represented by each properly executed proxy will be voted: (i) FOR the election of each of SIGA's nominees as a director; (ii) FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of SIGA for the fiscal year ending December 31, 2019; and (iii) with respect to any other matters that may properly come before the Annual Meeting, at the discretion of the proxy holders. We do not presently anticipate that any other business will be presented for action at the Annual Meeting.

Solicitation

SIGA will pay the costs of soliciting proxies. SIGA may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to beneficial owners. Directors, officers and regular employees may also solicit proxies by telephone, facsimile, in person or other means. They will not receive any additional payments for the solicitation.

Meetings of the Board of Directors

All nine current members of the Board of Directors attended SIGA’s 2018 annual meeting of stockholders.

Committees of the Board of Directors

The Board of Directors is responsible for appointing the members of the standing Audit, Compensation, and Nominating and Corporate Governance Committees. Each member of the Audit, Compensation, and Nominating and Corporate Governance Committees is an Independent Director. In evaluating the independence of the Independent Directors, the Board of Directors considered the transactions and relationships listed in this proxy statement under Transactions with Related Persons as well as Mr. Kindler’s position as Executive Chairman of vTv Therapeutics Inc., a publicly traded company in which affiliates of MacAndrews & Forbes Incorporated hold a majority of outstanding

shares, and determined that such transactions and relationships would not interfere with the exercise of the applicable director's independent judgment in carrying out the responsibilities of a director and committee member. In addition, each of the committees of the Board of Directors has a written charter that was approved by the Board of the Directors. A copy of each charter is posted on SIGA's website at www.siga.com under the Corporate Governance section.

Audit Committee. The Audit Committee, which consisted of directors Michael C. Planksy, James J. Antal, and Joseph W. Marshall, held four meetings during 2018. The Board of Directors has determined that each of the

TABLE OF CONTENTS

members of the Audit Committee is independent under applicable laws, rules and regulations, including the NASDAQ listing standards and the regulations of the SEC relating to audit committee members. Moreover, the Company has determined that Mr. Plansky is an audit committee financial expert within the meaning of Regulation S-K (Regulation S-K) promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act). The purpose of the Audit Committee is to assist the Board of Directors in the oversight of the integrity of SIGA s financial statements, SIGA s compliance with legal and regulatory matters, the independent registered public accounting firm s qualifications and independence, and the performance of SIGA s independent registered public accounting firm. The primary responsibilities of the Audit Committee are set forth in its charter and include various matters with respect to the oversight of SIGA s accounting and financial reporting process and audits of the financial statements of SIGA on behalf of the Board of Directors. The Audit Committee also selects the independent registered public accounting firm to conduct the annual audit of SIGA s financial statements; reviews the proposed scope of such audit; reviews the Company s accounting and financial controls with the independent registered public accounting firm and our financial accounting staff; and reviews and approves transactions, if any, between us and our directors, officers, and their affiliates. A copy of the Audit Committee charter is available on SIGA s website at www.siga.com under the Corporate Governance section. Also see the section of this proxy statement entitled Report of the Audit Committee.

Compensation Committee. The Compensation Committee, which consisted of Joseph W. Marshall, Paul G. Savas and Thomas E. Constance held five meetings during 2018. The Board of Directors has determined that each of the members of the Compensation Committee is independent under applicable laws, rules and regulations, including the NASDAQ listing standards. The Compensation Committee functions include reviewing and approving the compensation and benefits for SIGA s executive officers, administering SIGA s equity incentive plans and making recommendations to the Board of Directors regarding these matters. A copy of the Compensation Committee charter is available on SIGA s website at www.siga.com under the Corporate Governance section. Also see the section of this proxy statement entitled Compensation Discussion and Analysis.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee (the Nominating Committee), which consisted of directors Michael J. Bayer, James J. Antal, and Jeff Kindler held three meetings in 2018. The Board of Directors has determined that each of the members of the Nominating Committee is independent under applicable laws, rules and regulations, including the NASDAQ listing standards. The Nominating Committee is responsible for searching for and recommending to the Board of Directors potential nominees for director positions, making recommendations to the Board of Directors regarding the size and composition of the Board of Directors and its committees, monitoring the Board of Director s effectiveness, and developing and implementing SIGA s corporate governance procedures and policies. A copy of the Nominating Committee charter is available on SIGA s website at www.siga.com under the Corporate Governance section.

In selecting candidates for the Board of Directors, the Nominating Committee begins by determining whether the incumbent directors, whose terms expire at the annual meeting of stockholders, desire and are qualified to continue their service on the Board of Directors. SIGA is of the view that the continuing service of qualified incumbents promotes stability and continuity of the Board of Directors, giving SIGA the benefit of familiarity and insight into SIGA s affairs that its directors have accumulated during their tenure, while contributing to the Board of Director s ability to work as a collective body. Accordingly, it is the policy of the Nominating Committee, absent special circumstances, to nominate qualified incumbent directors who continue to satisfy the Nominating Committee s criteria for membership on the Board of Directors, whom the Nominating Committee believes will continue to make important contributions to the Board of Directors and who consent to stand for re-election and, if re-elected, to continue their service on the Board of Directors. If there are positions on the Board of Directors for which the Nominating Committee will not be re-nominating an incumbent director, or if there is a vacancy on the Board of Directors, the Nominating Committee will solicit recommendations for nominees from persons whom the Nominating Committee believes are likely to be familiar with qualified candidates, including members of the Board of Directors and management of SIGA. The Nominating Committee may also engage a professional search firm to assist in the

identification of qualified candidates, but did not do so in 2018. As to each recommended candidate that the Nominating Committee believes merits serious consideration, the Nominating Committee will collect as much information including, without limitation, soliciting views from other directors and SIGA's management and having one or more Nominating Committee members interview each such candidate, regarding each candidate as it deems necessary or appropriate in order to make an informed decision with respect to such candidate. The Nominating Committee considers the overall qualifications of prospective nominees for director, including the particular experience, expertise and outlook that they would bring to the Board of Directors. While diversity may contribute to

TABLE OF CONTENTS

this overall evaluation, it is not considered by the Nominating Committee as a separate or independent factor in identifying nominees for director. Based on all available information and relevant considerations, the Nominating Committee will select, for each directorship to be filled, a candidate who, in the view of the Nominating Committee, is most suited for membership on the Board of Directors.

The Nominating Committee has adopted a policy with regard to the minimum qualifications that must be met by a Nomination Committee-recommended nominee for a position on the Board of Directors. Pursuant to this policy, the Nominating Committee generally requires that all candidates for the Board of Directors be of high personal integrity and ethical character and not have any interest that would, in the view of the Nominating Committee, materially impair the candidate's ability to (i) exercise independent judgment or (ii) otherwise discharge the fiduciary duties owed as a director to SIGA and its stockholders. In addition, candidates must be able to represent fairly and equally all stockholders of SIGA without favoring or advancing any particular stockholder or other constituency of SIGA. Candidates must have demonstrated achievement in one or more fields of business, professional, governmental, communal, scientific or educational endeavor. Candidates are expected to have sound judgment and a general appreciation regarding major issues facing public companies of a size and operational scope similar to SIGA, including contemporary governance concerns, regulatory obligations of a public issuer, strategic business planning, competition in a global economy, and basic concepts of corporate finance. Candidates must also have, and be prepared to devote, adequate time to the Board of Directors and its committees. It is expected that, taking into account their other business and professional commitments, including their service on the boards of other companies, each candidate will be available to attend meetings of the Board of Directors and any committees on which the candidate will serve, as well as SIGA's annual meeting of stockholders. SIGA also requires that at least a majority of the directors serving at any time on the Board of Directors are independent, as defined under the rules of the NASDAQ stock market and that at least three of the directors satisfy the financial literacy requirements required for service on the Audit Committee under the rules of the NASDAQ stock market.

The Nominating Committee has adopted a policy, summarized in this paragraph, with regard to the consideration of director candidates recommended by stockholders. The Nominating Committee will consider recommendations for the nomination of directors submitted by holders of SIGA's shares entitled to vote generally in the election of directors. The Nominating Committee will give consideration to these recommendations for positions on the Board of Directors where the Nominating Committee has not determined to re-nominate a qualified incumbent director. While the Nominating Committee has not established a minimum number of shares that a stockholder must own in order to present a nominating recommendation for consideration, or a minimum length of time during which the stockholder must own its shares, the Nominating Committee may take into account the size and duration of a recommending stockholder's ownership interest in SIGA. The Nominating Committee may also consider whether the stockholder making the nominating recommendation intends to maintain an ownership interest in SIGA of substantially the same size as its interest at the time of making the recommendation. The Nominating Committee may refuse to consider recommendations of nominees who do not satisfy the minimum qualifications prescribed by the Nominating Committee for board candidates.

The Nominating Committee has adopted procedures to be followed by stockholders in submitting recommendations of candidates for directors. The procedures are set forth in SIGA's Bylaws and are posted on SIGA's website at www.siga.com under the Corporate Governance section. Pursuant to these procedures, a stockholder (or group of stockholders) wishing to submit a nominating recommendation for an annual meeting of stockholders should arrange to deliver it to SIGA no earlier than 120 calendar days and no later than 90 calendar days prior to the first anniversary of the date of the prior year's annual meeting of stockholders. All stockholder nominating recommendations should be in writing, addressed to the Nominating and Corporate Governance Committee in care of SIGA's Secretary at SIGA's principal headquarters, 31 East 62nd Street, New York, New York 10065. Submissions should be made by mail, courier or personal delivery. A nominating recommendation should be accompanied by the following information concerning each recommending stockholder:

The Code of Ethics and Business Conduct is available, free of charge, on SIGA's website at www.siga.com under the Corporate Governance section. Stockholder Communications with the Board of Directors

SIGA stockholders may send communications to the Board of Directors, any committee of the Board of Directors or an individual director. The process for so communicating is posted on SIGA's website at www.siga.com under the Corporate Governance section.

Board Leadership Structure

SIGA recognizes that different Board leadership structures may be appropriate for SIGA during different periods of time and under different circumstances. SIGA believes that its current Board leadership structure is suitable for SIGA because it allows SIGA to consider a broad range of opinions in the course of its Board deliberations, including those with knowledge of SIGA's day-to-day operations and business strategy, as well as those with an experienced independent viewpoint.

The Board of Directors does not have a policy on whether or not the roles of Chief Executive Officer and Chairman of the Board should be separate and, if they are to be separate, whether the Chairman of the Board should be selected from the non-employee Directors or be an employee. The Board of Directors believes that it should have the flexibility to make a determination from time to time in a manner that is in the best interests of SIGA and its shareholders at the time of such determination.

The Board of Directors believes that the Company's former Chief Executive Officer, Dr. Rose, is best situated to serve as Chairman of the Board. Given Dr. Rose's extensive knowledge and experience, including his past experience as Chief Executive Officer of SIGA, SIGA believes his service as Chairman provides significant value to SIGA and its shareholders. SIGA believes that separating the Chairman role from the Chief Executive Officer role, and having both roles work in coordination with an informed and engaged Board of Directors, provides the appropriate balance between strategy development and independent oversight of management. The Board of Directors has no independent director permanently designated as a Lead Director, although each time the independent directors go into executive session, they designate a leader for that meeting. The Board of Directors intends to review its leadership structure periodically and consider whether other structures might be appropriate.

The Board's Role in Risk Oversight

The Board of Directors has an active role, as a whole and at the committee level, in overseeing management of our risks. The Board of Directors regularly reviews information about our financial condition and operations, and the risks associated with each. The Board's Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The Audit Committee oversees management of financial reporting risks and considers the effects of systemic risks inherent in our business. The Nominating Committee manages risks associated with the independence of the Board of Directors, potential conflicts of interest and risks associated with other governance matters. Although each committee is responsible for evaluating certain risks and overseeing the management of those risks, the entire Board of Directors is regularly informed about them through committee reports.

REPORT OF THE AUDIT COMMITTEE

During the 2018 fiscal year, the Audit Committee, operating under its written charter that has been approved by the full Board of Directors, consisted solely of three independent directors, as defined in Rule 5605(a) (2) of the NASDAQ Marketplace Rules, each of whom has been determined by the Board to qualify as a financial expert, within the meaning of the regulations of the Securities and Exchange Commission. The Audit Committee assists the Board of Directors in monitoring the quality and integrity of SIGA's financial statements, the independent registered public accounting firm's qualifications and independence, the performance of the independent registered public accounting firm, SIGA's compliance with applicable legal and regulatory requirements, and SIGA's assessment of financial risk exposures. Management is responsible for SIGA's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of SIGA's consolidated financial statements and the effectiveness of its internal controls over financial reporting in accordance with generally accepted auditing standards and for issuing its reports on those financial statements and related internal controls. The Audit Committee monitors and oversees these processes.

In this context, the Audit Committee has reviewed and discussed the audited consolidated financial statements as of and for the year ended December 31, 2018 and internal controls over financial reporting as of December 31, 2018 with management and with PricewaterhouseCoopers LLP (PwC), SIGA's independent registered public accounting firm. Also, the Audit Committee has discussed with PwC the matters required to be discussed by the Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 1301, *Communications with Audit Committees*, and Rule 2-07 of Regulation S-X promulgated under the Exchange Act.

The Audit Committee has received the written disclosures and the letter from PwC required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with PricewaterhouseCoopers LLP its audit and other fees and the issue of its independence from SIGA. The Audit Committee has concluded that the fees paid to PwC are compatible with its independence.

Based on its review of the audited consolidated financial statements and the various discussions noted above, the Audit Committee recommended to the Board of Directors that the audited financial statements for the year ended December 31, 2018 be included in SIGA's Annual Report on Form 10-K filing with the SEC. The Audit Committee has also recommended, subject to stockholder ratification, the selection of SIGA's independent registered public accounting firm for the year ending December 31, 2019.

TABLE OF CONTENTS**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT****Ownership of Common Stock**

The following tables set forth certain information regarding the beneficial ownership of SIGA's voting securities as of March 29, 2019 of (i) each person known to SIGA to own beneficially more than 5% of the applicable class of voting securities, (ii) each director and director nominee of SIGA, (iii) each Named Executive Officer and (iv) all directors and executive officers of SIGA as a group. As of March 29, 2019, a total of 80,941,524 shares of Common Stock were outstanding. Each share of Common Stock is entitled to one vote on matters on which holders of Common Stock are eligible to vote. The column entitled "Percentage of Total Voting Stock Outstanding" shows the percentage of total voting stock beneficially owned by each listed party.

The number of shares beneficially owned is determined under rules promulgated by the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under those rules, beneficial ownership includes any shares as to which the individual has sole or shared voting power or investment power and also any shares which the individual has the right to acquire within 60 days of March 29, 2019, through the exercise or conversion of any stock option, convertible security, warrant or other right. Unless otherwise indicated, each person or entity named in the table has sole voting power and investment power (or shares that power with that person's spouse) with respect to all shares of capital stock listed as owned by that person or entity.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee of the Board of Directors is responsible for reviewing and recommending to the Board of Directors the compensation of our Named Executive Officers, as well as our other key employees. In this regard, the Compensation Committee has the responsibility to establish a compensation policy for officers and key employees designed to (i) attract and retain the best possible executive talent; (ii) tie annual and long-term cash and stock incentives to achievement of corporate and individual performance objectives; and (iii) provide competitive compensation to our officers and key employees to align executives' incentives with the creation of stockholder value.

As a general matter, the compensation policy for officers and key employees has historically included a combination of the following:

- base salary, which is determined on an annual or semi-annual basis,
- annual or other time-based cash incentive compensation, and
- long-term incentive compensation primarily in the form of equity awards.

This section discusses the principles underlying our executive compensation policies, our decisions to date and the principles that we expect to use in coming years.

On September 16, 2014, the Company filed a voluntary petition for relief under chapter 11 of Title 11 of the United States Code (the Bankruptcy Code) in the Bankruptcy Court for the Southern District of New York (the Bankruptcy Court), chapter 11 Case Number 14-12623 (SHL). As such, the Company operated its business as a debtor-in-possession in accordance with the applicable provisions of the Bankruptcy Code. On December 15, 2015, we filed a Plan of Reorganization with the Bankruptcy Court. Subsequent to the initial filing, amendments were filed to the Plan of Reorganization (as amended, the POR). The POR was confirmed by the Bankruptcy Court and became effective on April 12, 2016. The POR included new employment agreements for the Named Executive Officers who were employed by the Company as of the effective date of the POR. The compensation provided in these employment agreements, as well as employment agreements put in place subsequent to the confirmation of the POR, is consistent with our overall compensation policies as expressed herein. In its determinations for the performance years 2014 to 2016 (time period corresponding with the chapter 11 case), the Compensation Committee considered factors associated with SIGA's chapter 11 case, including activities related to the implementation of the POR and activities related to the satisfaction of the PharmAthene litigation claim.

Our Named Executive Officers

For 2018, our Named Executive Officers and their titles were:

Name	Title
Phillip L. Gomez, Ph.D.	Chief Executive Officer and Director
Daniel J. Luckshire	Executive Vice President, Chief Financial Officer and Secretary
Dennis E. Hrubby, Ph.D.	Vice President and Chief Scientific Officer
Robin E. Abrams	General Counsel and Chief Administrative Officer

Our Executive Compensation Decision Process

Overview

Our Compensation Committee reviews and approves the corporate goals and objectives with respect to the compensation for the Company's executive officers, including the Chief Executive Officer. In its discretion, the Compensation Committee may establish cash or equity incentive programs and otherwise award cash bonuses or equity-based awards to executive officers and key employees. Annual incentive compensation to our executive officers is payable pursuant to contractual provisions with certain executives that provide eligibility to receive discretionary bonuses and equity-based awards at the sole discretion of the Board of Directors. The Board of Directors decisions in such matters have been delegated from time to time to the Compensation Committee. In

15

TABLE OF CONTENTS

connection with its review of compensation matters for the Company's executive officers, the Compensation Committee considers the executive's performance, economic and business conditions affecting the Company, the financial condition of the Company and reviews information regarding the compensation of similarly situated executives at peer companies. Additionally, for the performance years 2014 to 2016 (time period of the Company's chapter 11 case), the Compensation Committee considered factors associated with SIGA's chapter 11 case, including activities related to the implementation of the POR and activities related to the satisfaction of the PharmAthene litigation claim. The Compensation Committee either makes cash or/and equity-based awards or makes recommendations to the Board of Directors with respect to the amounts of such awards based on the foregoing criteria.

Role of Executive Officers in Setting Compensation Decisions

Regarding most compensation matters, the Chief Executive Officer has historically provided recommendations to the Compensation Committee relying on his personal experience with respect to evaluating the contribution of our other executive officers. Dr. Phillip L. Gomez, our Chief Executive Officer, was involved in compensation recommendations for 2018, with input from our Executive Vice President & Chief Financial Officer, Vice President & Chief Scientific Officer and General Counsel & Chief Administrative Officer as it relates to the compensation of other key employees. The Compensation Committee considers, but retains the right to reject or modify, such recommendations. Although the Chief Executive Officer may attend a portion of the meetings of the Compensation Committee, neither he nor any other member of management may be present during executive sessions of the Compensation Committee. Moreover, the Chief Executive Officer may not be present when decisions with respect to his compensation are made.

Compensation Advisors

The Compensation Committee has the authority to retain compensation consultants to advise the Compensation Committee as it deems necessary to carry out its duties. In 2018, the Compensation Committee continued to use the services of Compensation Advisory Partners LLC, or CAP, as its independent executive compensation consultant in accordance with its Committee Charter. The Compensation Committee has the discretion to use analyses prepared by the consultant as part of its review of SIGA's executive compensation practices. The consultant reports directly to the Compensation Committee, and the Compensation Committee has the final authority to hire and terminate the consultant.

CAP attends meetings of the Compensation Committee, as requested, and is available to communicate with the committee chairman between meetings; however, the Compensation Committee makes all decisions regarding any compensation matters that are discussed with CAP. At no time has the Compensation Committee directed CAP to perform services in any particular manner or using any particular methodology.

CAP does not provide any consulting advice to SIGA outside of the scope of employee and director compensation.

Competitive Market Analysis and Benchmarking

In reviewing the compensation of the Chief Executive Officer and other executive officers, the Compensation Committee considers the compensation awarded to executives of similarly situated companies, the Company's performance, the respective individual's performance, compensation given to executives in past years, anticipated changes to future duties and other factors the Compensation Committee deems appropriate. The peer group for the Company is periodically updated in consultation with CAP. Setting of the peer group reflects a variety of factors, including: the industry specialization of potential peer companies, the number of commercial drug products in select geographic markets at potential peer companies, the historical market capitalization of SIGA relative to the market

capitalization of potential peer companies, and the historical and expected gross and net cash inflows of SIGA relative to the actual and projected commercial revenue and EBIT of potential peer companies. This group of companies provides appropriate compensation benchmarks because of comparable quantitative and qualitative metrics and because these companies may compete with us for executives and other employees.

Evaluations

The Compensation Committee evaluates, at least once a year, the performance of our executive officers and other key employees in light of goals and objectives established by the Committee. Based upon these evaluations, the Compensation Committee either adjusts the compensation of such personnel as appropriate or recommends to the full Board of Directors any adjustment for such personnel, including any change to base salary, incentive cash compensation and equity awards. In its evaluation of the Chief Executive Officer, the Compensation Committee considers overall management of the Company; progress in the performance of strategic, regulatory and commercial activities; identification and development of product candidates; identification and assessment of growth opportunities; and the establishment and maintenance of successful relationships with the Company's customers, potential customers, various funding and research partners, the Board of Directors, and shareholders. In its evaluation of the Executive Vice President & Chief Financial Officer, the Committee considers the Company's financial performance, the Chief Financial Officer's role in achieving our financial, strategic and operational goals; the Chief Financial Officer's contribution to the management of the Company; the Chief Financial Officer's relationship with shareholders and potential investors; the Chief Financial Officer's efforts with respect to financial regulatory compliance (including compliance with any applicable listing rules, the securities laws and all related regulations) and the preparation of and compliance with the Company's budget; and responsiveness in addressing any financial or operational issues as they arise. In its evaluation of the General Counsel, the Committee considers the strategic contribution to the Board of Directors and the management team; the achievement of legal objectives within budgetary requirements; the General Counsel's role in achieving our contractual, commercial and strategic goals; and responsiveness in addressing any legal issues as they arise. In its evaluation of the Company's Vice President & Chief Scientific Officer, the Committee considers achievement of program objectives within budgetary and timeline requirements; the Chief Scientific Officer's contribution to key business initiatives; relationships with regulators and current and possible future scientific partners; compliance with contract and grant requirements; and management of the Company's research and development facility located in Corvallis, Oregon. For all four of our current named executive officers, the Committee considers performance in connection with government contracts.

Our Compensation Philosophy and Program Objectives

The overall objectives of the Company's compensation program are to attract and retain the best possible executive talent, to motivate such executives to achieve the goals inherent in the Company's business strategy, to maximize the link between executive and stockholder interests and to recognize individual contributions as well as overall business results. To achieve these objectives, the Company has developed an overall compensation strategy and specific compensation plans that tie a substantial portion of an executive's compensation to performance.

The Role of Shareholder Advisory Votes on Executive Compensation

The Company's shareholders are provided with an opportunity to cast an advisory vote every three years on the Company's executive compensation program. At the Company's annual meeting held in May 2017, a majority of the votes cast supported our advisory vote proposal on the Company's executive compensation program. The

Compensation Committee will continue to consider the outcome of our past and future advisory vote proposals.

TABLE OF CONTENTS

Our Executive Compensation Program

Overview

The key elements of the Company's compensation program consist of fixed compensation in the form of base salary, and the discretion to award variable compensation in the forms of incentive cash compensation and equity awards. The Compensation Committee's policies with respect to each of these elements are discussed below. In addition, while the elements of compensation described below are considered separately, the Compensation Committee takes into account the full compensation package offered by the Company to the individual, including insurance and other benefits, as well as the programs described below.

Base Salary

The compensation philosophy of the Company is to maintain executive base salary at a competitive level to enable the Company to attract and retain executives and key talent needed to accomplish the Company's goals. In determining the appropriate base salary levels and, to a lesser extent, other compensation elements, the Compensation Committee considers the scope of responsibility, prior experience and past accomplishments, and anticipated changes to future job responsibilities, as well as historical practices within the Company. Economic, legal and business conditions affecting the Company are also considered. The Compensation Committee also considers historical levels of salary paid by the Company as well as the provisions in the various executives' employment contracts with the Company, which contracts are more fully discussed elsewhere in this proxy statement.

Periodic adjustments in base salary may be merit-based with respect to individual performance or tied to the Company's financial condition or specified in executives' employment agreements or based on other competitive factors. The Compensation Committee takes into account the effect of any transaction outside of the ordinary course of business that has been consummated during the relevant year and, where appropriate, also considers non-financial performance measures. These include the Company's competitive position, scientific developments and improvements in relations with employees and investors.

For each of Dr. Gomez, Dr. Rose, Mr. Luckshire, Ms. Abrams and Dr. Hruby, we paid a base salary in 2018 in accordance with such executive's employment agreement. For 2019, the base salaries of these executives were reviewed by our Compensation Committee and Dr. Gomez, Ms. Abrams, Dr. Hruby, and Mr. Luckshire each received a 3% salary increase in accordance with his or her employment agreement, effective as of January 1, 2019. Dr. Rose resigned his employment with the Company effective October 13, 2018 in conjunction with the expiration of his employment agreement and at such time Dr. Rose entered into a two-year consulting agreement with the Company pursuant to which he will receive \$200,000 annually for consulting services.

The size of the changes to base salary are consistent with the salary guidelines applicable to other employees. The base salary levels of these executives reflect our Compensation Committee's subjective judgment, which took into account each executive's respective position and tenure, our present needs, the general business environment, the executive's individual performance, achievements and prior contributions and anticipated performance levels.

Annual Incentive Compensation

The Compensation Committee, in its discretion, may establish cash incentive programs and otherwise award bonuses to executive officers and key employees. Annual incentive compensation to our executive officers is payable pursuant to contractual provisions with certain executives that provide eligibility to receive bonuses, in the sole discretion of the Board of Directors or Compensation Committee based on the executive's performance, economic and business conditions affecting the Company, and the financial condition of the Company. The Compensation Committee

approves or makes recommendations to the Board of Directors with respect to annual incentive compensation. Cash incentive payments approved by the Board of Directors, for executive officer performance in 2014 and 2015, were subject to Bankruptcy Court approval and were paid in 2016 following Bankruptcy Court confirmation of the POR and the POR becoming effective.

2018 Performance Year Bonus Program

For the 2018 performance year, the Board of Directors approved cash bonuses for executive officers based on the recommendation of the Compensation Committee. The Compensation Committee evaluated the performance of executive officers, and set cash bonus eligibility, within the context of the Company's overall performance. Performance has been assessed by the Compensation Committee and the Board of Directors based upon a range of

TABLE OF CONTENTS

considerations. Key corporate goals, as established early each year, provide the Compensation Committee and the Board of Directors with a measurement guide for executive officer performance. Such goals measure progress in the context of strategic, financial, commercial and regulatory activities that are believed to create enterprise value. These corporate goals are heavily weighted toward activities important in the successful performance of our existing BARDA contracts, the award of new government contracts (domestic and/or international), continued and substantive R&D and regulatory progress in connection with TPOXX, and the building of capabilities that would support long-term growth at the Company. Achievement of these pre-specified corporate goals, in combination with other considerations as contemplated by the Compensation Committee and the Board of Directors, provided executives with an opportunity to earn a cash bonus that is equivalent to annual base salary (Target Annual Cash Bonus).

A summary of the corporate goals for the 2018 performance year is as follows:

- United States Food & Drug Administration (FDA) approval of oral TPOXX for the treatment of smallpox in 2018.
- Entry into a new procurement contract for TPOXX with the U.S. government.
- Continued substantive progress toward a commercial supply chain for an IV formulation of TPOXX.
- Progress, refinement and optimization of strategies for TPOXX international business development.
- Continued focus on asset maximization, including the sale of any PRV received in connection with FDA approval of oral TPOXX, and the pursuit of incremental revenue streams for TPOXX.

For the 2018 performance year, the Compensation Committee determined, based on a range of considerations including the achievement of all corporate goals, that Dr. Gomez, Mr. Luckshire, Ms. Abrams and Dr. Hruby were eligible for a cash bonus equivalent to their Target Annual Cash Bonus. Furthermore, based on each individual s contribution to Company performance (as discussed below), the Compensation Committee recommended to the Board of Directors that each executive be paid a performance cash bonus equivalent to their Target Annual Cash Bonus.

For Dr. Gomez, the Board of Directors approved a cash bonus of \$772,500 based on the recommendation of the Compensation Committee. In the Compensation Committee s evaluation of Dr. Gomez s contribution to the Company s performance, the following was considered: the overall management of the Company; progress in the performance of strategic, regulatory and commercial activities; identification and development of product candidates; identification and assessment of growth opportunities; the establishment and maintenance of successful relationships with the Company s customers, potential customers, various funding and research partners, the Board of Directors and shareholders; and Dr. Gomez s leadership with respect to government procurement and development contracts and business development initiatives.

For Mr. Luckshire, the Board of Directors approved a cash bonus of \$600,000 based on the recommendation of the Compensation Committee. In the Compensation Committee s evaluation of Mr. Luckshire s contribution to the Company s performance, the following was considered: Mr. Luckshire s role in achieving the Company s financial, strategic and operational goals; Mr. Luckshire s contribution to the management of the Company; Mr. Luckshire s relationships with shareholders and potential investors; Mr. Luckshire s efforts with respect to financial regulatory compliance (including compliance with any applicable listing rules, securities laws and all related regulations), and the preparation of and compliance with the Company s budget; Mr. Luckshire s responsiveness in addressing any timely financial or operational developments as they arose; and Mr. Luckshire s substantive role in securing and managing government procurement contracts.

For Ms. Abrams, the Board of Directors approved a cash bonus of \$519,841 based on the recommendation of the Compensation Committee. In the Compensation Committee s evaluation of Ms. Abrams contribution to the Company s performance, the following was considered: Ms. Abrams strategic contribution to the Board of Directors and the management team; the achievement of legal objectives within budgetary requirements; Ms. Abrams responsiveness in addressing any legal developments as they arose; and Ms. Abrams role in achieving our contractual, commercial and

strategic goals.

For Dr. Hruby, the Board of Directors approved a cash bonus of \$597,027 based on the recommendation of the Compensation Committee. In the Compensation Committee's evaluation of Dr. Hruby's contribution to the Company's performance, the following was considered: Dr. Hruby's achievement of development program objectives within budgetary requirements; Dr. Hruby's contribution to key business initiatives; Dr. Hruby's relationships with regulators and current and possible future scientific partners; compliance with government contract requirements; Dr. Hruby's management of the Company's research facility located in Corvallis, Oregon; and Dr. Hruby's substantial role in managing development and procurement contracts with the U.S. government.

The cash bonuses for Dr. Gomez, Mr. Luckshire, Ms. Abrams and Dr. Hruby were paid in March 2019.

In addition to a cash bonus, Ms. Abrams received an award in August 2018 of 15,000 shares of common stock of the Company. Such award was made in recognition of Ms. Abrams' contribution to the successful navigation of the regulatory progress with respect to TPOXX.

We believe that our annual incentive bonus program can motivate and encourage our executives to fulfill or exceed our objectives and provide us with the opportunity to recognize superior individual performance.

Long-Term Incentive Compensation

In recognition of Dr. Hruby's contribution to FDA approval of oral TPOXX for the treatment of smallpox and in consideration of Dr. Hruby's role in ongoing development initiatives for TPOXX, the Company and Dr. Hruby entered into an addendum to Dr. Hruby's amended and restated employment agreement on August 10, 2018 pursuant to which Dr. Hruby became eligible for two potential milestone bonuses of \$200,000 each. The first bonus will be earned if Dr. Hruby is still employed with the Company and performing the functions of Chief Scientific Officer as of December 31, 2019 and the second will be earned if he is still employed by the Company and performing the functions as noted above as of December 31, 2020. If Dr. Hruby's employment is terminated or he resigns from his position at SIGA at any point between December 31, 2019 and the end of the term of the addendum, the Company will be obligated to pay Dr. Hruby any unpaid milestone bonus that he has already earned as of the time of his separation. SIGA will not pay any prorated share of any milestone bonus if Dr. Hruby's employment with the Company ends before either bonus is earned.

Long-Term Equity Incentive Awards

The Compensation Committee believes that granting equity-based incentives can provide officers and employees with a strong economic interest in maximizing stock price appreciation over the long term. The Committee also believes that the practice of granting equity-based incentives can be useful in retaining and recruiting the key talent necessary to ensure the Company's continued success. This element of compensation is governed by the 2010 Plan which provides for grants of incentive stock options (ISOs); nonqualified stock options; stock appreciation rights (SARs); restricted stock units (RSUs); and shares of restricted and unrestricted stock to our executives, directors and employees. The 2010 Plan is administered by our Compensation Committee, which reviews management's recommendations concerning persons to be granted awards, and determines the number of and type of equity-based awards to be granted to each such person, and the terms and conditions of any grant as permitted under the 2010 Plan.

In determining the size of a share-based award to a Named Executive Officer, or whether to grant a share-based award, the Compensation Committee considers not only competitive market factors, changes in responsibility, prior year compensation and the executive officer's performance, but also the number, term and vesting of stock-based awards previously granted to the officer. The Compensation Committee may also consider the total compensation package or changes made thereto, when determining whether to make a stock-based award. Additionally, for the performance years 2014 to 2016, the Compensation Committee considered factors associated with SIGA's chapter 11

case, including activities related to the implementation of the POR and activities related to the satisfaction of the PharmAthene litigation claim. The number of shares granted to a Named Executive Officer, and whether shares are granted, is determined by the Compensation Committee based on its consideration of the nature of the Named Executive Officer's individual responsibilities. In connection with its review of compensation matters for the Company's executive officers, the Compensation Committee also reviews information regarding the overall compensation, including stock-based awards, of similarly situated executives at peer companies. The Compensation Committee makes recommendations to the Board of Directors with respect to such awards based on the foregoing facts.

TABLE OF CONTENTS

In 2018, Ms. Abrams was the only Named Executive Officer to receive an equity award. As noted above, Ms. Abrams received an award in August 2018 of 15,000 shares of common stock of the Company. Such award, which vested immediately, was made in recognition of Ms. Abrams' contribution to the successful navigation of the regulatory process with respect to TPOXX.

Additional Benefits and Perquisites

Our officers and key employees are entitled to participate in the benefit plans which are generally available to all employees, including health, dental, life, and accidental disability. For each of these benefit plans, the Company makes contributions to the premiums paid to the plans. The Company also offers a 401(k) defined contribution plan, but it makes no contribution to the 401(k) plan. In each case, we provide these benefits to our executive officers on the same basis as our other employees.

Severance and Change of Control Agreements

We also provide our executive officers with severance and change of control arrangements in their employment contracts. We believe that severance and change of control packages are a common characteristic of compensation for key executive officers. They are intended to provide our executive officers with a sense of security in making the commitment to dedicate their professional careers to our success. Due to our size relative to other public companies and our operating history, we believe that severance and change of control arrangements are necessary to help us attract and retain necessary skilled and qualified executive officers to continue to grow our business. Details with respect to our severance and change of control arrangements with our executive officers are set forth below under the heading Potential Payments upon Termination or Change of Control.

Our Compensation Policies

Section 162(m) Policy

Section 162(m) of the Internal Revenue Code, as amended by the recently enacted Tax Cuts and Jobs Act, now limits the deductibility of compensation over \$1 million in any year paid to the Chief Executive Officer, the Chief Financial Officer and any of the three highest paid other executive officers. The Compensation Committee takes into account the deductibility of compensation in determining Named Executive Officer compensation. However, the Compensation Committee retains its discretion to authorize compensation payments that do not qualify for the exemptions in Section 162(m) when the Compensation Committee believes that such payments are appropriate.

Common Stock Ownership Requirements

While we have not adopted a formal written policy on common stock ownership requirements, part of our compensation philosophy involves common stock ownership by our executive officers, because we believe that it helps to align their financial interests with those of our stockholders. We also recognize, on the other hand, that our executive officers cannot acquire more than 10% of our common stock without triggering adverse tax consequences. In addition, we expect our executive officers to abide by the provisions of our Confidential Information Policy and Securities Trading Policy.

Timing of Awards

Our Compensation Committee has the authority to issue equity awards under our incentive plan. The Compensation Committee strives to ensure that any award is made in such a manner to avoid even the appearance of manipulation because of its award date.

Financial Restatement

Although we have not adopted a formal written policy, it is our Board of Directors' informal policy that the Compensation Committee will, to the extent permitted by governing law, have the sole and absolute authority and discretion in consultation with the Board of Directors, to make retroactive adjustments to any cash or equity based incentive payments to executive officers where the payment was based upon the achievement of certain financial results that were subsequently the subject of a restatement, without regard to misconduct being involved. If the Compensation Committee chose to exercise this discretion, we would seek to recover any amount determined to have been improperly paid to the executive officer.

CEO Pay Ratio

Our CEO Pay Ratio was calculated in compliance with the requirements set forth in Item 402(u) of Regulation S-K. Based on SEC rules for this disclosure and applying the methodology described below, we determined that our median employee compensation was \$131,152. Our Chief Executive Officer compensation, as set forth in the summary compensation table in this proxy statement, was \$1,545,000. Accordingly, our CEO to Employee Pay Ratio

is 12:1.

We identified the median employee using our employee population as of December 31, 2018. We used a consistently applied compensation measure - W-2 earnings - across our employee population (excluding our Chief Executive Officer) as of such date in order to identify the median employee.

32

TABLE OF CONTENTS

Once the median employee was identified as described above, that employee's total annual compensation for 2018 was determined using the same rules that apply to reporting the compensation of our NEOs (including our Chief Executive Officer) in the Total column of the Summary Compensation Table. The total compensation amounts included in the first paragraph of this pay-ratio disclosure were determined based on that methodology. The SEC's pay ratio disclosure rules permit the use of estimates, assumptions, and adjustments, and the SEC has acknowledged that pay ratio disclosures may involve a degree of imprecision. We believe that the foregoing pay ratio is a reasonable estimate calculated in a manner consistent with the SEC's pay ratio disclosure rules.

The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

Director Fees and Equity Compensation

During 2011, the Compensation Committee of the Board of Directors conducted a review of Board compensation. Following this review, the Compensation Committee recommended to the Board of Directors an independent director compensation structure which the Board approved effective January 1, 2012. The compensation structure for non-employee directors is outlined below:

- An annual retainer of \$25,000 for members, with such payments to be made quarterly, in arrears;
- Board meeting fees of \$1,500 per board meeting;
- An annual retainer of \$15,000 for service as the Audit Committee Chairman, with such payments to be made quarterly, in arrears;
- An annual retainer of \$10,000 for service as the Compensation Committee Chairman and the Nominating Committee Chairman, with such payments to be made quarterly, in arrears;

- Committee meeting fees of \$1,000 per committee meeting;
- An award of 15,000 RSUs to be granted on the date of the Annual Meeting with vesting on the first anniversary of such grant; and
- An award of 25,000 stock options upon a director's initial appointment to the Board of Directors vesting upon the date of such grant.

TRANSACTIONS WITH RELATED PERSONS

Review, Approval or Ratification of Transactions with Related Persons

The Company's policies and procedures for reviewing, approving, and ratifying transactions with related persons are set forth in a written policy.

Under these procedures, management recommends to the Audit Committee related party transactions to be entered into by the Company, including the proposed aggregate value of such transactions, if applicable. After review, the Audit Committee either approves or disapproves such transactions. Management can preliminarily enter into related party transactions that are subject to ratification by the Audit Committee; provided that, if ratification shall not be forthcoming, management shall make all reasonable efforts to cancel or annul such transactions.

In addition, with respect to any related party transaction that includes a compensation component, management will submit the terms of such proposed compensation (or any subsequent material changes to such compensation) to the Compensation Committee for its review. After its review, the Compensation Committee either approves or disapproves the compensation component of the related party transaction and informs management and the Audit Committee of such approval or disapproval.

Transactions with Related Persons

Based on information provided by the directors and the executive officers, the Audit Committee determined that there were no related person transactions to be reported in this proxy statement other than:

- Kramer Levin Naftalis & Frankel LLP, the Company's outside legal counsel, billed the Company \$448,318 during the year ended December 31, 2018 for legal services provided to the Company. One of our directors, Thomas Constance, is a partner at Kramer Levin Naftalis & Frankel LLP.
- On May 26, 2017, the Company and MacAndrews & Forbes Incorporated (M&F) entered into a ten-year office lease agreement (the New HQ Lease), pursuant to which the Company agreed to lease 3,200 square feet at 27 East 62nd Street, New York, New York. The Company is utilizing premises leased under the New HQ Lease as its new corporate headquarters. The Company's rental obligations consist of a fixed rent of \$25,333 per month in the first sixty-three months of the term, subject to a rent abatement for the first six months of the term. From the first day of the sixty-fourth month of the term through the expiration or earlier termination of the lease, the Company's rental obligations consist of a fixed rent of \$29,333 per month. In addition to the fixed rent, the Company will pay a facility fee, in consideration of the landlord making available certain ancillary services, commencing on the first anniversary of entry into the lease. The facility fee will be \$3,333 per month for the second year of the term and increase by five percent each year thereafter, to \$4,925 per month in the final year of the term. Paul Savas, a member of our Board of Directors, is Executive Vice President and Chief Financial Officer of M&F.
- On July 31, 2017, the Company and M&F entered into a Termination of Sublease Agreement (the Old HQ Sublease Termination Agreement), pursuant to which the Company and M&F agreed to terminate the sublease dated January 9, 2013 for 6,676 square feet of rental square footage located at 660 Madison Avenue, Suite 1700, New York, New York (such sublease being the Old HQ Sublease and the location being the Old HQ). Effectiveness of the Old HQ Sublease Termination Agreement was conditioned upon the commencement of a sublease for the Old HQ between M&F and a new subtenant (the Replacement M&F Sublease), which occurred on August 2, 2017. The Old HQ Sublease Termination Agreement obligates the Company to pay, on a monthly basis, an amount equal to the discrepancy (the Rent Discrepancy) between the sum of certain operating expenses and taxes (Additional Rent) and fixed rent under the overlease between M&F and the landlord at 660 Madison Avenue and the sum of Additional Rent and fixed rent under the

Replacement M&F Sublease. Under the Old HQ Sublease Termination Agreement, the Company and M&F release each other from any liability under the Old HQ Sublease. For the time period between August 2, 2017 and August 31, 2020 (the expiration date of the Old HQ Sublease), the Company estimates that it will pay a total of approximately \$1.1 million in Rent Discrepancy under the Old HQ Sublease Termination Agreement.

- On October 13, 2018, the Company entered into a consulting agreement with Eric Rose, Chairman of the Company's Board of Directors. Under the agreement, the consulting services will include assisting the

STOCKHOLDER PROPOSALS

Stockholder proposals submitted for inclusion in our proxy materials for the 2020 Annual Meeting of Stockholders must be received at our principal executive offices, 31 East 62nd Street, New York, New York 10065, Attention: Secretary, not later than January 1, 2020, if the proposal is submitted pursuant to Rule 14a-8 under the Exchange Act, or not earlier than January 22, 2020 and not later than February 21, 2020 if the proposal is submitted pursuant to SIGA's Bylaws. In order to avoid controversy, stockholders should submit proposals by means, including electronic, that permit them to prove the date of delivery. Such proposals must comply with SIGA's Bylaws and the requirements of Regulation 14A under the Exchange Act.

If a stockholder intends to present a proposal for consideration at the next annual meeting outside of the processes of Rule 14a-8 under the Exchange Act, we must receive notice of such proposal at the address given above by March 2, 2020. If not received by such date, such notice will be considered untimely under Rule 14a-4(c) (1) under the Exchange Act, and our proxies will have discretionary voting authority with respect to such proposal, if presented at the annual meeting. We will not be required to include any such proposal in our proxy materials.

The Exchange Act deadlines described above are calculated by reference to the mailing date of the proxy materials for this year's Annual Meeting. If the date of next year's Annual Meeting is more than 30 days earlier or later than the anniversary of this year's meeting, SIGA will, in a timely manner, inform stockholders of such change and the effect of such change on the deadlines given above by including a notice in our Annual Report on Form 10-K, one of our Quarterly Reports on Form 10-Q, a Current Report on Form 8-K or by any other means reasonably calculated to inform stockholders.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires SIGA's officers and directors, and persons who own more than ten percent of a registered class of SIGA's equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish SIGA with copies of all Section 16(a) reports that they file.

Based solely upon review of the copies of such reports furnished to SIGA and written representations from certain of SIGA's executive officers and directors that no other such reports were required, SIGA believes that during the fiscal year ended December 31, 2018, no director and no executive officer failed to file on a timely basis a report relating to a transaction as required by Section 16(a) of the Exchange Act.

AVAILABILITY OF ANNUAL REPORT AND FORM 10-K TO STOCKHOLDERS

SIGA's Annual Report to Stockholders for the year ended December 31, 2018 accompanies this proxy statement. SIGA will provide to any stockholder, upon written request and without charge, a copy of its most recent Annual Report on Form 10-K, including the financial statements, as filed with the SEC. All requests for such reports should be directed to the Chief Financial Officer, 31 East 62nd Street, New York, New York 10065, telephone number (212) 672-9100.

OTHER MATTERS

At the date of this proxy statement, management was not aware that any matters not referred to in this proxy statement would be presented for action at the Annual Meeting. If any other matters should come before the Annual Meeting, the persons named in the accompanying proxy will have discretionary authority to vote all proxies in accordance with

their best judgment, unless otherwise restricted by law.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding", potentially provides extra convenience for stockholders and cost savings for companies. We and some brokers household proxy materials, delivering a single proxy statement or annual report to multiple stockholders sharing an address, unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address,

householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or annual report, please notify us by sending a written request to SIGA Technologies, Inc., 31 East 62nd Street, New York, New York 10065 or by calling us at (212) 672-9100. You may also notify us to request delivery of a single copy of our annual report or proxy statement if you currently share an address with another stockholder and are receiving multiple copies of our annual report or proxy statement.
