### Prospectus Summary

This summary highlights some information from this prospectus, and it may not contain all of the information that is important to you. It is qualified in its entirety by the more detailed information and consolidated financial statements, including the notes to the consolidated financial statements, included or incorporated by reference in this prospectus. You should read the full text of, and consider carefully, the more specific details contained in or incorporated by reference into this prospectus.

#### Our Business

Versar, Inc. is a leading professional services firm supporting government and industry in homeland defense and counter-terrorism, environmental health and safety and infrastructure revitalization. We have three major business areas as follows:

- o Environmental Services - including pollution prevention, compliance management and the environmental restoration of industrial and commercial facilities sites and military bases;
- o Architectural and Engineering Services - in support of industrial, commercial, and government infrastructure projects, including energy and demilitarization of weapons of mass destruction; and
- o National Security Services - including personal protection equipment and technology development efforts in support of chemical demilitarization and counter-terrorism.

Our executive offices are located 6850 Versar Center, Springfield, Virginia 22151, and our telephone number is (703)750-3000.

#### The Offering

On June 14, 2002, we entered into a securities purchase agreement with one of the selling stockholders, Radyr Investments Limited, whereby we agreed to sell to them shares of our common stock and warrants to purchase our common stock for an aggregate purchase price of \$1,000,000. On June 14, 2002, we issued: (i) 359,183 shares of our common stock; and, (ii) warrants for the purchase of 359,182 shares of our common stock to Radyr, which we collectively refer to in this prospectus as the "private placement." In accordance with the formula set out in the purchase agreement, we sold the shares to Radyr at a price of \$2.78 per share. Their warrants were also priced according to a formula in the securities purchase agreement. Based on this formula, 179,591 of their warrants have an exercise price of \$3.48 per share, and 179,591 of their warrants have an exercise price of \$4.00 per share. Also, as part of the purchase agreement, we agreed to register the shares of common stock, and the shares of common stock underlying the warrants, for resale.

## Edgar Filing: VERSAR INC - Form S-3/A

As a result of the closing of the private placement, we were obligated to issue warrants for 26,939 shares of our common stock to the other selling shareholder, AGE Investments, Inc., an affiliate of our placement agent, A.G. Edwards & Sons, Inc., pursuant to a November 16, 2001 letter of engagement between A.G. Edwards and the company. The warrants were issued to AGE Investments on July 31, 2002, and have an exercise price of \$3.46 a share, as calculated pursuant to a formula set forth in the November 16, 2001 engagement letter. We are obligated to register the shares of common stock underlying the warrants for resale.

This prospectus relates to the resale of up to 745,304 shares of our common stock, including the 386,121 shares of common stock underlying the warrants issued to the selling stockholders described above, if they choose to exercise those warrants. The prices at which the selling stockholders may sell their shares will be determined by the prevailing market for the shares or in negotiated transactions. See "Selling Stockholders."

### Use of Proceeds

The selling stockholders will receive all of the proceeds from the sale of the common stock pursuant to this prospectus. We will not receive any of the proceeds from sales by the selling stockholders of the offered shares of common stock. We will receive cash equal to the amount of the exercise price of the warrants issued to the selling stockholders, if they choose to exercise their warrants.

### Risk Factors

An investment in our common stock is subject to many risks. You should carefully consider the risks described below, together with all of the other information included or incorporated by reference into this prospectus, including the financial statements and the related notes, before you decide whether to purchase shares of our common stock. Our business, operating results and financial condition could be harmed by any of the following risks. The trading price of our common stock could decline due to any of these risks, and you could lose all or part of your investment.

WE ARE DEPENDENT ON GOVERNMENT CONTRACTS FOR THE MAJORITY OF OUR REVENUE, AND A REDUCTION OR DELAY IN SPENDING BY GOVERNMENT AGENCIES COULD ADVERSELY AFFECT OUR BUSINESS AND OPERATING RESULTS.

Contracts with agencies of the United States government and various state and local governments have historically represented approximately 82% of our revenue, with only 18% of our revenue coming from commercial sources. Therefore, the majority of our revenue and the success of our business is materially dependent on contracts with governmental agencies. Companies engaged in government contracting are subject to certain unique business risks not shared by the general commercial sector. Among these risks, are:

- o dependence on congressional appropriations and administrative allotment of funds;
- o policies and regulations that can be changed at any time by Congress or a presidential administration;

## Edgar Filing: VERSAR INC - Form S-3/A

- o government contracts that are usually awarded for relatively short periods of time and are subject to renewal options in favor of the government; and
- o many contracts with Federal government agencies require annual funding and may be terminated at the agency's discretion.

Following the award of a government contract, payment for the work is dependent on congressional appropriations of the funds necessary to complete the task. The Federal government contracting laws also provide that the United States government is to do business only with responsible contractors. Accordingly, Federal agencies have the authority under certain circumstances to suspend or debar a contractor from bidding on government contracts.

A reduction or shift in spending priorities by Federal government agencies could limit or eliminate the continued funding of our existing government contracts. These reductions or shifts in spending, if significant, could have a material adverse effect on our business.

OUR GOVERNMENT CONTRACTS ARE SUBJECT TO AUDIT AND POTENTIAL REDUCTION OF COSTS AND FEES.

Contracts with the Federal government and many other state and local governmental agencies are subject to audit, which could result in the disallowance of certain fees and costs. These audits may be conducted by governmental agencies and can result in the disallowance of significant costs and expenses if the auditing agency determines, in its discretion, that certain costs and expenses were not warranted or were excessive. Disallowance of costs and expenses, if pervasive or significant, could have a material adverse effect on our business.

ROBUST REGULATORY ENFORCEMENT OF ENVIRONMENTAL REGULATIONS IS IMPORTANT TO OUR FINANCIAL SUCCESS.

Our business is materially dependent on the continued enforcement by state and federal governments of various environmental regulations. From time to time, depending on political pressures, state and federal agencies relax environmental clean-up standards to promote economic growth and to discourage industrial businesses from relocating. Any relaxation in clean-up standards impacts our ability to secure additional contracting work with such agencies or with other federal agencies that operate or manage contaminated property. Further, in a period of relaxed environmental standards, private industry may be less willing to allocate funds to consulting services designed to prevent or remediate environmental problems.

4

WE COULD FACE POTENTIAL LIABILITY FOR FAILURE TO PROPERLY DESIGN REMEDIATION.

A part of our business involves the design and implementation of remediation at environmental clean-up sites. If we fail to properly design and build a remediation system or if someone claims that we did, we could face expensive litigation and settlement costs. If we failed to successfully defend against such a lawsuit, it could materially effect our business.

WE OPERATE IN HIGHLY COMPETITIVE INDUSTRIES.

The markets for many of our services are highly competitive. There are

## Edgar Filing: VERSAR INC - Form S-3/A

numerous professional architectural, engineering and environmental consulting firms, and other organizations which offer many of the same services offered by us. We compete with many companies, many of which have greater resources than us and we cannot assure you that such competitors will not substantially increase the resources devoted to their business in a manner competitive with the services provided by us. Competitive factors include reputation, performance, price, geographic location and availability of technically skilled personnel. In addition, we face competition from the use by our clients of in-house environmental, engineering and other staff.

OUR QUARTERLY OPERATING RESULTS MAY FLUCTUATE SIGNIFICANTLY, WHICH COULD HAVE A NEGATIVE EFFECT ON THE PRICE OF OUR COMMON STOCK.

Our quarterly revenues, expenses and operating results have and may continue to fluctuate significantly because of a number of factors, including:

- o The seasonality of the spending cycle of our public sector clients, notably the Federal government and the spending patterns of our private sector clients;
- o Employee hiring and utilization rates;
- o The number and significance of client engagements commenced and completed during a quarter;
- o Delays incurred in connection with an engagement because of weather or other factors;
- o The ability of clients to terminate engagements without penalties;
- o The size and scope of engagements;
- o The ability to perform contracts within budget or contractual limitations;
- o The timing of expenses incurred for corporate initiatives;
- o Reductions in the prices of services offered by our competitors; and
- o Winning rebids of our existing large government contracts.

Variations in any of these factors could cause significant fluctuations in our operating results from quarter to quarter and could result in net losses.

WE ARE HIGHLY DEPENDENT ON KEY PERSONNEL.

Our business is managed by a small number of key management and operating and professional personnel, the loss of certain of whom could have a material adverse effect on us. We believe that our ability to manage

5

planned growth successfully will depend in large part on our continued ability to attract and retain highly skilled and qualified personnel.

Because Arthur Andersen has not consented to the inclusion of its report in this prospectus, your ability to assert claims against Arthur Andersen may be limited. You should not place undue reliance on any forward-looking statements, which reflect our management's view only as of the date of this prospectus. We will not update any forward-looking statements to reflect events or circumstances that occur after the date on which such statement is made.

### SELLING STOCKHOLDERS

The following table sets forth the names of the selling stockholders and the number of shares being registered for sale as of the date of this prospectus and sets forth the number of shares of common stock known by us to be beneficially owned by the selling stockholders. The following table assumes that the selling stockholders will sell all of the shares being offered for their accounts by this prospectus. However, we are unable to determine the exact number of shares that actually will be sold. The shares offered by this prospectus may be offered from time to time by the selling stockholders. This information is based upon information provided by the selling stockholders and public documents filed with the SEC, and is not necessarily indicative of beneficial ownership or for any other purpose. The number of shares of common stock beneficially owned by the selling stockholders is determined in accordance with the rules of the SEC. The term "selling stockholders" includes the stockholders listed below and their transferees, assignees, pledgees, donees or other successors. The percent of beneficial ownership for the selling stockholders is based on 7,206,066 shares of common stock outstanding as of August 5, 2002.

- (3) 26,939 shares of our common stock are issuable upon exercise of warrants held by AGE Investments, at an exercise price of \$3.46 per share. AGE Investments is an affiliate of A.G. Edwards & Sons, Inc., and both companies are subsidiaries of A.G. Edwards, Inc.

### USE OF PROCEEDS

We will not receive any of the proceeds from the sale of the common stock by the selling stockholders. All proceeds will be received by the selling stockholders. We will receive cash equal to the amount of the exercise price of the warrants issued to the selling stockholders, if they choose to exercise their warrants.

### PLAN OF DISTRIBUTION

The selling stockholders and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of their shares of common stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These sales may be at fixed or negotiated prices. The selling stockholders may use any one or more of the following methods when selling shares:

- o ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- o block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- o purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- o an exchange distribution in accordance with the rules of the applicable

## Edgar Filing: VERSAR INC - Form S-3/A

- exchange;
- o privately negotiated transactions;
  - o short sales;
  - o broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;
  - o a combination of any such methods of sale; and
  - o any other method permitted pursuant to applicable law.

The selling stockholders may also sell shares under Rule 144 of the Securities Act of 1933, if all applicable requirements have been met, rather than under this prospectus.

Broker-dealers or agents may receive compensation in the form of commissions, discounts or concessions from the selling stockholders. Broker-dealers or agents may also receive compensation from the purchasers of the shares for whom they act as agents or to whom they sell as principals, or both. Compensation as to a particular broker-dealer might be in excess of customary commissions and will be in amounts to be negotiated in connection with the sale. Broker-dealers or agents and any other participating broker-dealers or the selling stockholders may be deemed to be "underwriters" within the meaning of Section 2(11) of the Securities Act of 1933, as amended, in connection with sales of the shares. Accordingly, any such commission, discount or concession received by them and any profit on the resale of the shares purchased by them may be deemed to be underwriting discounts or commissions under the Securities Act. Because the selling stockholders may be deemed to be "underwriters" within the meaning of Section 2(11) of the Securities Act, the selling stockholders will be subject to the prospectus delivery requirements of the Securities Act. In addition, any securities covered by this prospectus which qualify for sale in compliance with Rule 144 promulgated under the Securities Act may be sold under Rule 144 rather than under this prospectus. The selling stockholders have advised us that they have not entered into any agreements,

8

understandings or arrangements with any underwriters or broker-dealers regarding the sale of their securities and that there is no underwriter or coordinating broker acting in connection with the proposed sale of shares by the selling stockholders.

AGE Investments is an affiliate of a broker-dealer. AGE Investments purchased its shares in the ordinary course of its business and had no agreements or understanding, directly or indirectly, with any person to distribute the securities at the time it purchased them.

The selling stockholders may from time to time pledge or grant a security interest in some or all of the shares of common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of common stock from time to time under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act of 1933.

The selling stockholders also may transfer the shares of common stock

Edgar Filing: VERSAR INC - Form S-3/A

in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The selling stockholders and any broker-dealers or agents that are involved in selling the shares may be deemed to be "underwriters" within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. The selling stockholders have informed us that they do not have any agreement or understanding, directly or indirectly, with any person to distribute the common stock.

We are required to pay all fees and expenses incurred incident to the registration of the shares. The selling stockholders shall bear their own fees and expenses, including but not limited to, the fees and disbursements of counsel to the selling stockholders. We have agreed to indemnify the selling stockholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

The shares will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states the shares may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

### Item 15. Indemnification of Directors and Officers.

Section 145 of the General Corporation Law of the State of Delaware provides for the indemnification of officers and directors under certain circumstances against expenses incurred in successfully defending against a claim and authorizes Delaware corporations to indemnify their officers and directors under certain circumstances against expenses and liabilities incurred in legal proceedings involving such persons because of their being or having been an officer or director. The Certificate of Incorporation and Bylaws of the Registrant provide for indemnification of its officers and directors to the full extent authorized by such section.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable.

### Item 17. Undertakings.

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement to include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, as amended, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective

amendment any of the securities being registered which remain unsold at the termination of the offering.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, as amended, each filing of the undersigned registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, may be permitted to directors, officers and controlling persons of the undersigned registrant pursuant to the foregoing provisions, or otherwise, the undersigned registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the undersigned registrant of expenses incurred or paid by a director, officer or controlling person of the undersigned registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the undersigned registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
