The record date for the annual meeting is December 6, 2006. Only stockholders of record at the close of business on that date may vote at the meeting or any adjournment thereof. Our transfer books will not be closed.

PROXY STATEMENT
FOR 2007 ANNUAL MEETING OF STOCKHOLDERS

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We are sending you this proxy statement and the enclosed proxy card because the board of directors of IEC Electronics Corp. ("IEC", the "Company", "we", "our", "us") is soliciting your proxy to vote at the 2007 Annual Meeting of Stockholders. We invite you to attend the annual meeting and request that you vote on the proposals described in this proxy statement. The meeting will be held on Wednesday, January 24, 2007 at 9 a.m. local time at our office, 105 Norton Street, Newark, New York. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, date, sign and return the enclosed proxy card.

We are mailing this proxy statement, the accompanying proxy card, and our Annual Report to Stockholders for the fiscal year ending September 30, 2006 ("Fiscal 2006") on or about December 15, 2006 to all stockholders of record entitled to vote at the annual meeting.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on December 6, 2006, the record date for the meeting, will be entitled to vote at the annual meeting. On November 29, 2006, there were 8,016,920 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on December 6, 2006, your shares of IEC common stock were registered directly in your name with our transfer agent, Mellon Investor Services, LLC, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on December 6, 2006, your shares of IEC common stock were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the

Edgar Filing: IEC ELECTRONICS CORP - Form DEF 14A

stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a signed letter or other valid proxy from your broker or other agent.

What am I voting on?

There is only one matter scheduled for a vote: the election of six directors to serve until the 2008 Annual Meeting of Stockholders. Our board of directors does not intend to bring any other matters before the meeting and is not aware of anyone else who will submit any other matters to be voted on.. However, if any other matters properly come before the meeting, the people named on the proxy card, or their substitutes, will be authorized to vote on those matters in their own judgment.

4

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you owned as of December 6, 2006.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares entitled to vote are present at the meeting. Your shares are counted as present at the meeting if:

- o You are present and vote in person at the meeting; or
- o You have properly submitted a proxy card.

Your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

How do I vote?

The procedures for voting are set forth below:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting or vote by proxy using the enclosed proxy card. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy.

- o To vote in person, come to the annual meeting and we will give you a ballot when you arrive.
- o To vote using the proxy card, simply complete, date and sign the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you hold your shares in "street name" and thus are a beneficial owner

Edgar Filing: IEC ELECTRONICS CORP - Form DEF 14A

of shares registered in the name of your broker, bank or other agent, you must vote your shares in the manner prescribed by your broker or other nominee. Your broker or other nominee has enclosed or otherwise provided a voting instruction card for you to use in directing the broker or nominee how to vote your shares. Check the voting form used by that organization to see if it offers internet or telephone voting. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

How are votes counted?

You may either vote "FOR" or "WITHHOLD" authority to vote for each nominee for the board of directors. You may vote "FOR", "AGAINST" or "ABSTAIN" on any other proposals.

If you submit your proxy but abstain from voting or withhold authority to vote on one of more matters, your shares will be counted as present at the meeting for the purpose of determining a quorum. Your shares also will be counted as present at the meeting for the purpose of calculating the vote on the particular matter with respect to which you abstained from voting or withheld authority to vote.

5

If you abstain from voting on a proposal, your abstention has the same effect as a vote against that proposal, except, however, an abstention has no effect on the election of directors.

If you hold your shares in street name and do not provide voting instructions to your broker or other nominee, your shares will be considered to be "broker non-votes" and will not be voted on any proposal on which your broker or other nominee does not have discretionary authority to vote under the rules applicable to a nominee holder. Shares that constitute broker non-votes will be counted as present at the meeting for the purpose of determining a quorum, but will not be considered entitled to vote on the proposal in question. This effectively reduces the number of shares needed to approve the proposal, making it more likely that the proposal will be approved. Under rules applicable to a nominee holder, if your broker does not receive voting instructions from you, it is permitted to vote your shares on Proposal 1 (election of directors) in its discretion.

How many votes are needed to elect directors?

Directors are elected by a plurality of the votes cast at the meeting in person or by proxy.

This means that the six director nominees receiving the greatest number of votes will be elected as directors. Withheld votes, abstentions and broker non-votes will have no effect.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, the persons named as proxy holders on the proxy card will vote in accordance with the recommendation of the board of directors. The board recommends that you vote for election of the nominated state of directors (see Proposal 1).

With respect to any other matter that properly comes before the meeting,

Edgar Filing: IEC ELECTRONICS CORP - Form DEF 14A

the proxy holders will vote as recommended by the board of directors or, if no recommendation is given, in their own discretion.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are a stockholder of record, you may revoke your proxy in any one of three ways:

- o You may submit another properly completed proxy card with a later date.
- o You may send a written notice that you are revoking your proxy to Secretary, IEC Electronics Corp., 105 Norton Street, Newark, NY 14513.
- o You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

If you hold your shares in street name, contact your broker or other nominee regarding how to revoke your proxy and change your vote.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in our quarterly report on Form 10-Q for the second quarter ending March 30, 2007.

6

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, date, sign and return each proxy card to ensure that all of your shares are voted.

Who is paying for this proxy solicitation?

IEC will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors, officers and employees may also solicit proxies in person, by telephone, or by other means of communication. We will not pay our directors, officers and employees any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

When are stockholder proposals due for next year's annual meeting?

At our annual meeting each year, our board of directors submits to stockholders its nominees for election as directors. In addition, the board of directors may submit other matters to the stockholders for action at the annual meeting.

Our stockholders also may submit proposals for inclusion in the proxy material. These proposals must meet the stockholder eligibility and other requirements of the Securities and Exchange Commission (the "Commission"). To be considered for inclusion in next year's proxy materials, you must submit your proposal in writing by August 17, 2007 to our Secretary, IEC Electronics Corp., 105 Norton Street, Newark, NY 14513.

Edgar Filing: IEC ELECTRONICS CORP - Form DEF 14A

In addition, our by-laws provide that a stockholder may present from the floor a proposal that is not included in the proxy statement if the stockholder delivers written notice to our Secretary not less than 90 days prior to the date of the meeting. The notice must set forth your name, address and number of shares of stock you hold, a representation that you intend to appear in person or by proxy at the meeting to make the proposal, a description of the business to be brought before the meeting, the reasons for conducting such business at the annual meeting, any material interest you have in the proposal, and such other information regarding the proposal as would be required to be included in a proxy statement. We have received no such notice for the 2007 annual meeting. For the 2008 Annual Meeting of Stockholders, written notice must be delivered to our Secretary at our principal office, 105 Norton Street, Newark, NY 14513, no later than October 26, 2007.

Our by-laws also provide that if a stockholder intends to nominate a candidate for election as a director, the stockholder must deliver written notice of such intent to our Secretary. The notice must be delivered not less than 90 days before the date of a meeting of stockholders. The notice must set forth your name and address and number of shares of stock you own, the name and address of the person to be nominated, a representation that you intend to appear in person or by proxy at the meeting to nominate the person specified in the notice, a description of all arrangements or understandings between such stockholder and each nominee and any other person (naming such person) pursuant to which the nomination is to be made by such stockholder, the nominee's business address and experience during the past five years, any other directorships held by the nominee, the nominee's involvement in certain legal proceedings during the past five years and such other information concerning the nominee as would be required to be included in a proxy statement soliciting proxies for the election of the nominee. In addition, the notice must include the consent of the nominee to serve as a director if elected. We have received no such notice for the 2007 annual meeting. For the 2008 Annual Meeting of Stockholders, written notice must be delivered to our Secretary at our principal office, 105 Norton Street, Newark, NY 14513, no later than October 26, 2007.

(1) The number and percentage of shares beneficially owned are based on 8,016,920 shares outstanding and entitled to vote on November 29, 2006, adjusted as required by rules promulgated by the Securities and Exchange Commission. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock issuable pursuant to options held by that person that are currently exercisable or exercisable within 60 days of November 29, 2006 ("options currently exercisable") are deemed to be outstanding and beneficially owned by the person holding the options. Such shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person.

(2) Includes 10,000 shares subject to options currently exercisable.

(3) Includes 113,782 shares held by Mr. Gilbert's wife and 210,000 shares subject to options currently exercisable.

(9) Includes 439,167 shares subject to options currently exercisable.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our

Edgar Filing: IEC ELECTRONICS CORP - Form DEF 14A

directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the Commission reports of ownership and changes in ownership of common stock and our other equity securities. Officers, directors and greater than 10% stockholders are required by Commission regulation to furnish the Company with copies of all Section 16(a) forms they file.

SEC regulations require the Company to identify any one who filed a required report late during the most recent fiscal year. Based solely on review of the copies of such reports furnished to the Company and written representations that no other reports were required during the fiscal year ended September 30, 2006, we believe that, during Fiscal 2006, all of our directors and executive officers complied with the reporting requirements of Section 16(a).

ELECTION OF DIRECTORS (Proposal 1)

The number of directors is established by the board and is currently fixed at seven. David J. Beaubien, who currently serves as a director and who has been seriously ill for several months, will retire from the board at the upcoming annual meeting. Mr. Beaubien has served as a director since October 1990 and the Company is indebted to him for his 16 years of dedicated service and support.

At this annual meeting, six persons will be nominated as directors. All the nominees for director, except for Carl E. Sassano, were elected at the last annual meeting. Mr. Sassano was elected by the board on November 16, 2006 to fill a vacancy on the board and Mr. Sassano is being nominated as a director for election by the stockholders for the first time at this annual meeting.

Following the annual meeting, there will remain one vacancy on the board. The board intends to consider potential candidates to fill the vacancy and, accordingly, has not taken any action to reduce the size of the board.

It is intended that the accompanying proxy will be voted in favor of the six persons listed below to serve as directors unless the stockholder indicates to the contrary on the proxy. All nominees have consented to serve if elected. We expect that each of the nominees will be available for election, but if any of them is not a candidate at the time the election occurs, it is intended that such proxy will be voted for the election of another nominee to be designated by the board to fill any such vacancy.

9

For the election of directors, only proxies and ballots marked "FOR all nominees", "WITHHELD for all nominees" or specifying that votes be withheld for one or more designated nominees are counted to determine the total number of votes cast; votes that are withheld are excluded entirely from the vote and will have no effect. Abstentions will have no effect on the vote for the election of directors. Directors are elected by a plurality of the votes cast. This means that the six nominees will be elected if they receive more affirmative votes than any other nominees.

The term of office of each person elected as a director will continue until the next annual meeting or until his successor has been elected and qualified, or until the director's death, resignation or removal.

The Board of Directors unanimously recommends a vote FOR the election as directors the nominees listed below.

Edgar Filing: IEC ELECTRONICS CORP - Form DEF 14A

Information Regarding the Board and its Committees

Board Meeting and Attendance

During Fiscal 2006, our board held four in-person regular meetings and acted by unanimous written consent two times. In addition, the directors considered Company matters and had frequent communication with the chairman of the board and others apart from the formal meetings.

During Fiscal 2006, each incumbent director, except Mr. Beaubien, attended more than 75% of the meetings of the board and the committees upon which such director served. Mr. Beaubien attended 71% of such meetings.

Board Independence

The board of directors has determined that each of our directors, except Mr. Gilbert, who is an executive officer of the Company, is independent as defined in Rule 4200(a)(15) of the National Association of Securities Dealers ("NASD") listing standards.

Board Committees

Our board has an audit committee, a compensation committee and an executive committee. We have no standing nominating committee; its functions are the responsibility of the executive committee.

The audit committee oversees our corporate accounting and financial reporting processes. In Fiscal 2006, the audit committee recommended and the board approved an Amended and Restated Audit Committee Charter (the "Charter"). A copy of the Charter is attached hereto as Appendix A. Pursuant to the Charter, the audit committee is responsible for the appointment, dismissal, compensation and oversight of our independent auditors, including the engagement of our auditors for the next fiscal year, the review with the independent auditors and approval of the plan of the auditing engagement, the review with the independent auditors of the results of their audit, the review of the scope and results of the evaluation of our procedures for internal auditing, the inquiry as to the adequacy of our internal accounting controls and our disclosure controls and procedures, the approval of audit and non-audit services to be provided to us by the independent auditors, and overseeing compliance matters for us. The audit committee also reviews with financial management and the independent auditors our annual report on Form 10-K and the interim financial statements prior to the filing of our quarterly reports on Form 10-Q. The audit committee also monitors compliance with our Code of Business Conduct and Ethics, our conflict of interest policy and our policy concerning trading in our securities. The minutes of audit committee meetings, as well as all of the recommendations of the audit committee, are submitted to the full board. In Fiscal 2006, the audit committee, whose current members are Messrs. Rowe (Chairman) and Zimmerman, held four meetings. The board of directors in its business judgment has determined that each member of the audit committee is "independent" as defined in Rule 4200(a)(15) of the NASD listing standards and that Mr. Rowe qualifies as an audit committee financial expert in accordance with the applicable rules and regulations of the SEC.

The compensation committee reviews and approves our compensation philosophy covering executive officers and other key management employees, reviews the competitiveness of our total compensation practices, reviews and approves the terms and conditions of proposed incentive plans applicable to

Edgar Filing: IEC ELECTRONICS CORP - Form DEF 14A

executive officers and other key employees, approves and administers our stock option plans, reviews and makes recommendations with respect to management compensation, including salaries and bonus awards, examines the impact and effect of various benefits and incentive plans and reviews and recommends changes or amendments to such programs to the board, and reviews and approves hiring and severance arrangements with executive officers. In Fiscal 2006, the compensation committee held three meetings and acted by unanimous written consent once. The current members of the compensation committee are Messrs. Beaubien (Chairman), Moulton, and Zimmerman.

11

The executive committee exercises the powers of the board in the interval between regular meetings of the full board, performs the function of a nominating committee, and performs various corporate governance functions. In Fiscal 2006, the executive committee, whose current members are Messrs. Moulton (Chairman), Gilbert, Rowe and Vigdor, held two regular meetings and several informal telephonic meetings. The executive committee has drafted a written charter which will be submitted to the board for approval. Upon approval, the charter will be added to our website.

Nominating Process

Nominations of persons for election to our board may be made at a meeting of stockholders only (i) by or at the direction of the board or (ii) by any stockholder who has complied with the notice procedures set forth in our bylaws and in the section entitled "Questions and Answers About This Proxy Material and Voting - When are stockholder proposals due for next year's annual meeting?". In addition, stockholders who wish to recommend a prospective nominee for the executive committee's consideration should submit the candidates' name and qualifications to Corporate Secretary, IEC Electronics Corp., 105 Norton St., Newark, NY 14513.

Compensation of Directors

In Fiscal 2006, each incumbent non-employee director received the following compensation:

- o An annual retainer fee of \$8,000, payable quarterly in cash or in stock.
- o A board meeting fee of \$1000 for every board meeting attended, payable in stock; in Fiscal 2006, there were four such meetings; no fees are paid for telephonic board meetings or for committee meetings.
- o Reimbursement for expenses incurred in attending board meetings.

In addition, the chairman of each of the audit and compensation committees (Messrs. Rowe and Beaubien, respectively) received an additional \$3,000.

In Fiscal 2006, an aggregate of \$62,000 was paid to the incumbent non-employee directors in cash and shares of common stock. In addition, Robert P.B. Kidd, who retired from the board at the time of the annual meeting on January 25, 2006, received an aggregate of \$5,000 in cash and shares of common stock as director's compensation for that portion of Fiscal 2006 in which he was a director. Also, Mr. Kidd received \$8,000, payable in stock, pursuant to a resolution adapted by the board on October 31, 2000 which provides that if a director retires from the board after having served at least five years as a director, such director is entitled to receive the equivalent of one year's

Edgar Filing: IEC ELECTRONICS CORP - Form DEF 14A

annual retainer fee (\$8,000) in the form of stock.

All of our directors, except Mr. Gilbert, are non-employee directors. Mr. Gilbert is not compensated for his service on the board or on committees of the board.

Our 2001 Stock Option and Incentive Plan (the "2001 Plan") authorizes the granting of non-statutory stock options to the non-employee directors in such amounts and at such times as may be determined by the board of directors. Pursuant to the 2001 Plan, a non-statutory stock option ("NSO") for 5,000 shares was granted to each of the non-employee directors on January 25, 2006 at an exercise price of \$0.60 per share (the fair market value of our shares on the date of grant). Said NSOs vest in three equal installments on July 25, 2006, January 25, 2007 and January 25, 2008, respectively, and terminate on January 24, 2011.

We also provide term life insurance in the amount of \$50,000 for the benefit of each of the non-employee directors.

Except as noted below, no director, officer, or ten percent stockholder, or any affiliates of such persons had in Fiscal 2006 or currently has any material interest, direct or indirect, in any transaction in which the Company was or is involved.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD
 OF DIRECTORS ON EXECUTIVE COMPENSATION

The compensation committee is comprised of Messrs. Beaubien, Moulton and Zimmerman. The committee is responsible for setting and administering policies governing compensation of executive officers.

The goals of our compensation policy are (i) to support the attainment of our long and short-term strategic and financial objectives; (ii) to provide a competitive total compensation program that enables us to attract, motivate and retain the key executives needed to accomplish our goals; (iii) to provide variable compensation opportunities that are directly related to our performance; (iv) to align executive compensation with growth in stockholder value; and (v) to recognize and reward executives for their contributions and commitment to our growth and profitability. We believe this policy is generally best accomplished by providing a competitive total compensation package, a significant portion of which is variable and at risk and related to established performance goals.

To assist us in developing and maintaining a competitive level of compensation, we periodically utilize the services of an independent compensation consultant who provides us with an analysis of compensation information for companies similar in size and in our industry. We engaged such consultants in Fiscal 2006.

Our compensation program for executive officers is comprised of the

Edgar Filing: IEC ELECTRONICS CORP - Form DEF 14A

following key elements: base salary, annual cash incentives and equity based incentives. Salary and annual incentive payments are mainly designed to reward current and past performances. Equity based incentives are primarily designed to provide strong incentives for long-term future performance. The components of the compensation program for executives are described below.

Base Salary

Base salaries and increases for executive officers, other than for the Chief Executive Officer, are determined by the Chief Executive Officer within the guidelines established by the committee and are based upon the officer's current performance, experience, the scope and complexity of his position and the external competitive marketplace for comparable positions at peer companies. Base salaries are normally reviewed annually. In structuring the compensation package, it has been our policy to emphasize bonuses based upon our performance rather than increases in base salary. Accordingly, the base salaries of the executive officers generally remain below the market median. For the compensation paid to the Named Executive Officers in Fiscal 2006, see "EXECUTIVE OFFICER COMPENSATION - SUMMARY COMPENSATION TABLE".

Annual Incentive

A substantial portion of each executive officer's compensation is variable and tied to Company performance. The board adopted a new Management Incentive Plan ("MIP") for Fiscal 2006 which was based upon the achievement of a certain minimum net income and the attainment of certain performance goals based upon certain measurements: On Time Delivery, Net Income, Return on Net Assets, Sales, and Gross Profit. Incentive bonuses are based on a pre-determined percentage of an eligible participant's base salary earned during the fiscal year. A bonus will not be granted if we do not meet the established minimum performance standards. Since the Company did not meet its performance targets for Fiscal 2006, no bonus payments were made under the MIP. In addition, no discretionary bonuses were paid to any of the Named Executive Officers in Fiscal 2006.

Equity Based Incentives

The committee strongly believes that equity ownership by executive officers provides incentives to build stockholder value and align the interests of executive officers with the stockholders. Executive officers and other key employees receive grants of stock options pursuant to our 2001 Stock Option and Incentive Plan. Stock option grants are discretionary and reflect the current performance and continuing contribution of the individual to our success. The committee is responsible for determining, subject to the terms of the Plan, the individuals to whom grants should be made, the time of grants and the number of shares subject to each option. Stock options are granted with an exercise price equal to the fair market value of our shares on the day of grant. Any value received by the executive from an option grant depends completely upon increases in the price of our shares. Consequently, the full value of an executive's compensation package cannot be realized unless an appreciation in the price of the shares occurs over a period of years.

There is no established grant cycle for executive officers; rather, option grants are made on an intermittent basis reflecting a discretionary assessment of future contributions to our longer term growth and the need to provide a competitive retention incentive.

After assessing comparative compensation information and reviewing the recommendations from our independent compensation consultant, the committee and the board, believing it essential to establish a long-term retention policy and to align IEC's executive officers with the interests of IEC's stockholders, granted Challenge Award stock options in Fiscal 2005 to the Named Executive Officers and certain other key employees. The Challenge Award stock options are

Edgar Filing: IEC ELECTRONICS CORP - Form DEF 14A

issued under our 2001 Stock Option and Incentive Plan and are performance-based options that vest upon attainment of certain net sales and net income performance goals, rather than on the basis of time. In addition, shares acquired upon the exercise of a Challenge Award stock option are subject to a restriction on transfer. Since the Company did not meet the performance goals established for Fiscal 2006, no portion of any of the Challenge Award stock options vested in Fiscal 2006.

18

No stock options were granted to any of the Named Executive Officers in Fiscal 2006.

Chief Executive Officer Compensation

W. Barry Gilbert served as the Company's chairman, chief executive officer, and president during Fiscal 2006. Mr. Gilbert and the Company are not parties to an employment agreement and, accordingly, Mr. Gilbert serves as our chairman, chief executive officer and president at the pleasure of the board of directors. In January 2006, Mr. Gilbert's annual base salary was increased to \$200,000. In lieu of receiving all of his compensation in cash, Mr. Gilbert elected to have the Company pay the premiums (\$17,373) on a qualified long-term insurance contract for himself and his wife in accordance with Section 7702B of the Internal Revenue Code. Based on the report from our outside compensation consultant in Fiscal 2006, Mr. Gilbert's salary rate in Fiscal 2006 was significantly below the market median for chief executive officers at comparable companies and in comparable businesses.

Since the Company did not meet the performance targets set forth in the MIP, no bonus was paid to Mr. Gilbert in Fiscal 2006. In July 2005, Mr. Gilbert was granted a Challenge Award stock option for 100,000 shares of common stock at an exercise price of \$0.55, the fair market value of our common stock on the date of grant. The Challenge Award stock option is a performance-based option that vests upon attainment of certain net sales and net income performance goals, rather than on the basis of time. Since the Company did not meet the performance goals established for Fiscal 2006, no portion of Mr. Gilbert's Challenge Award stock option vested in Fiscal 2006. No stock option was granted to Mr. Gilbert in Fiscal 2006.

Mr. Gilbert receives no extra remuneration as a director or as chairman of the board.

Tax Considerations

Section 162(m) of the Internal Revenue Code generally limits the corporate tax deduction for compensation paid to the Named Executive Officers to \$1,000,000 each. However, compensation is exempt from this limit if it qualifies as "performance based compensation." The committee has carefully considered the impact of this tax code provision and our normal practice is to take such action as is necessary to preserve our tax deduction. Our 2001 Stock Option and Incentive Plan complies with the provisions of Section 162(m). Accordingly, any gains realized upon the exercise of stock options granted under the Plan will qualify as "performance - based compensation" and will be fully deductible by us. We believe that all of our compensation expense for Fiscal 2006 will be deductible for federal income tax purposes.

Although we will continue to consider deductibility under Section 162(m) with respect to future compensation arrangements with executive officers, deductibility will not be the sole factor used in determining appropriate levels or methods of compensation. Since our objectives may not always be consistent

Edgar Filing: IEC ELECTRONICS CORP - Form DEF 14A

with the requirements for full deductibility, we may enter into compensation arrangements under which payments are not deductible under Section 162(m). It is not expected that the compensation of any executive officer will exceed \$1,000,000 in Fiscal 2007.

AUDIT COMMITTEE REPORT

Membership and Role of Audit Committee

The audit committee of our board is responsible for providing independent, objective oversight and review of our accounting functions, internal controls and financial reporting process. The audit committee is comprised of Messrs. Rowe and Zimmerman. The Audit Committee operates pursuant to a written charter adopted by the board of directors which was amended and restated in August 2006 and may be found on Appendix A attached hereto and on our public website www.iec-electronics.com under the "Investor Relations-Corporate Governance" section. We believe that each of the members of the audit committee is independent as defined by applicable laws and regulations.

Management has the primary responsibility for the financial statements and the reporting process, including our system of internal controls, and for the preparation of the consolidated financial statements in accordance with generally accepted accounting principles. Our independent accountants are responsible for performing an independent audit of those financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The audit committee's responsibility is to monitor and oversee these processes on behalf of the board. The members of the audit committee are not professional accountants or auditors and their functions are not intended to duplicate or certify the activities of management and the independent auditors.

Review of our Audited Financial Statements

In fulfilling its oversight responsibilities, the audit committee reviewed the audited financial statements in our Annual Report on Form 10-K with management and discussed the quality and acceptability of our accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in our financial statements.

The audit committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their

Edgar Filing: IEC ELECTRONICS CORP - Form DEF 14A

judgments as to the quality and acceptability of our accounting principles and such other matters as are required to be discussed with the committee under generally accepted auditing standards, including the Statement on Auditing Standards No. 61 (Communications with Audit Committees). In addition, the audit committee has discussed with the independent auditors the auditors' independence from management and us, including the matters in the written disclosures required by Independence Standards Board Standard No. 1 (Independent Discussions with Audit Committees), which were submitted to us, and considered the compatibility of non-audit services with the auditors' independence.

The audit committee discussed with our independent auditors the overall scope and plans for their audit. The audit committee met with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of our internal controls, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the audit committee recommended to our board of directors (and our board has approved) that our audited financial statements for the fiscal year ended September 30, 2006 be included in the Annual Report on Form 10-K for the year ended September 30, 2006 for filing with the Securities and Exchange Commission.

INDEPENDENT PUBLIC ACCOUNTANTS

Rotenberg & Co., LLP has been IEC's public accountant since May 2002 and the audit committee has selected Rotenberg & Co., LLP as our independent auditors for Fiscal 2007. A representative of Rotenberg & Co., LLP is expected to attend the annual meeting, will have the opportunity to make a statement if he or she so desires, and will be available to respond to appropriate questions from stockholders.

The audit committee has determined that the rendering of non-audit services by Rotenberg and Co., LLP as described below, is compatible with maintaining the auditor's independence. In accordance with its charter and pursuant to pre-approval policies established by the audit committee, the audit committee approves in advance all audit services and permitted non-audit services to be performed by the Company's independent public accountants before the firm is engaged to render such services. In Fiscal 2006, all services were pre-approved by the audit committee in accordance with this policy.

Fees paid to Rotenberg & Co., LLP

The following table shows the fees that were billed by Rotenberg & Co., LLP for professional services rendered in Fiscal 2006 and Fiscal 2005.
